I am a quadrillionarire chapter 2795-David moved quickly and aimlessly into the void!

He just wanted to get away from where he fought Lu an.

The further away, the better, so that he would not be killed by the opponent.

Although this possibility was slim because Lu an was so seriously injured,

David's injuries would have serious repercussions if he did not treat them in

time.

Moreover, Lu an was very ambitious, so he would never accept this result.

back to defeat David.

Yet, even so, David had to guard against it.

He would not allow that to happen.

As time passed, David felt that he could no longer hold on after he put down his

guard.

So, he sent a message to Sylvio.

[Sylvio, Lu an is seriously injured and has now left Leila. I don't think he will be back in the meantime. I also need to do not a place to recuperate, so don't worry!]

After reporting to Sylvio that he was safe, David closed his eyes. His mind

With his partial Heavenly Overlord body, no one could breach his defense as

The outcome of this battle would not only determine their lives but also the fate of Leila as a whole.

If David won, everything would remain as usual.

Everyone could still live in peace and work happily in Leila.

However, if Lu an won, it would be Leila's nightmare.

No one knew how many living creatures would survive in the end.

Maybe from now on, Leila would no longer exist.

Of course, there was another possibility.

That was, both David and Lu an suffered losses.

This result was not good, but it was not bad either.

At least it would allow everyone to have more time to prepare.

Ding!

The sudden sound pulled the four people back to their senses.

Sylvio took a look and saw that it was his communication device.

When he saw that it was from David, his eyes shrank, and he quickly opened it.

Then, they heard David's voice.

"Sylvio, Lu an is seriously injured and has now left Leila. I don't think he will be

Upon hearing this, Sylvio and the others let out sighs of relief.

"Phew!"

They nally waited for a relatively acceptable result.
