#### Chapter 1001: Hello, demonic school hunk (Part 25)

“Un humph?” Luo Qing Chen could hear the blame in Nan Luo Ze’s voice.

But she didn’t feel angry when he said this, she just said with a chuckle, “Then I’ll have to trouble classmate Nan Luo Ze to take care of our Xiao Xiao, I’ll be going now!”

After saying this, she picked up the bag of mice from the ground and disappeared into the alley.

According to the instructions from the system, she quickly found where Mi Xue Na and Yan Shui Qing were.

It was a high class outdoor cafe. They were chewing out their tongue with their thick makeup.

“Damn! What is wrong with us recently! We kept playing in the hands of those commoners, this really is infuriating!” Mi Xue Na gritted her teeth and had an angry look as her expression twisted.

Yan Shui Qing immediately said, “That’s right! That Su Xiao Xiao is that ugly and her uniform is so old, it’s the sweater the school made last winter and she’s not embarrassed to wear it! I really feel sick when I think about it!”

When she thought of how gentle Nan Luo Ze was towards Su Xiao Xiao, she was filled with rage.

“It’s all that Nan Luo Ze coming out that bag of mice didn’t fall onto Su Xiao Xiao, it really was a waste!” Mi Xue Na clenched her fist and unwillingly slammed the table.

Luo Qing Chen not far away heard this and her lips curled into a faint smile, “It definitely isn’t a waste!”

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze (One time use).]

Luo Qing Chen walked over to Mi Xue Na and pulled on her collar, directly putting the mice inside.

When it reached her neck, she went to her next target, Yan Shui Qing.

She stuffed the mice down her clothes and there were two left when she fully stuffed it. She gave a shrug and stuffed the final two down Yan Shui Qing’s skirt.

After it was finished, she walked out of the cafe and went to a certain corner before giving a snap.

Everything returned to normal and then there was a scream that pierced the sky.

“Ah, ah, ah, ah, ah!”

Her lips curled and she went back the way she came.

With this ability, she had the right to be this arrogant. Since the other side challenged her first, then there was no reason to retreat.

When she came back to the alley, Su Luo Luo was still standing there and Nan Luo Ze was by her side, as his face looked more and more ugly.

He suddenly felt sorry for the girl beside him. He had suggested that he send her back to the dorm or bring her to a hotel to wash up, but she stubbornly said that she would wait for Luo Qing Chen to come back.

It was like she was digging her head into the ground. No matter what Mi Xue Na said, she didn't plan on compromising at all.

It was because she was this stubborn that he wanted to come out and couldn't help interfering.

"Why are you only back now?" Nan Luo Ze narrowed his eyes. Although he didn't feel good, he still made his tone calm.

"You'll know tomorrow." Luo Qing Chen took Su Xiao Xiao's hand and Su Xiao Xiao followed by her. She still lowered her head, but she was no longer trembling.

"Alright! Don't take her to the dorm tonight! Bring her to a hotel to wash up, if you don't have enough money....." Nan Luo Ze suddenly looked stunned when he said this and he swallowed his words before continuing, "You can go to a smaller hotel if you don't have enough money, otherwise there will be rumours if you go back to the school."

#### **Chapter 1002: Hello, demonic school hunk (Part 26)**

At that moment, Luo Qing Chen suddenly changed her view of Nan Luo Ze.

He was different from the other rich second generations (Including the arrogant to the skies Li Si Nai.), he gave people a comforting feel.

A touch of elegance, movements like a gentleman, and a seemingly high EQ.

"Many thanks for your care." Luo Qing Chen nodded before turning to leave.

But Nan Luo Ze actually called out to them.

"I'll send you! She can't walk on the streets like this." Nan Luo Ze's tone became a bit worried.

That girl called Luo Qing Chen had a mysterious feeling to her, he felt like she could see through his disturbed heart under his calm appearance. No matter how he acted, he was a bit weak in front of her.

When you meet your match, the one who lagged behind one.

But unfortunately, he was the one who made their move first.

Su Xiao Xiao pulled on her sleeve and shook her head.

Luo Qing Chen spread her hands as she looked at Nan Luo Ze, "It's a pity that our Xiao Xiao doesn't seem willing."

"No....." Su Xiao Xiao quickly explained, "I will make your car dirty!"

In front of Luo Qing Chen's 'detailed' aggressive strategy, Su Xiao Xiao naturally fell into her trap.

Actually she wasn't entirely sure that Nan Luo Ze was a good person since he was different from Li Si Nai.

For Li Si Nai, as long as she saw that familiar mark, she immediately knew that while his attitude was bad on this plane, but he was definitely also a good person.

But Nan Luo Ze.....She wasn't too clear. This man was called a playboy, he was a rich second generation that never had a girlfriend for more than three days, just what kind of person was he?

But if this was Su Xiao Xiao's fate, she didn't need to stop it.

Before Luo Qing Chen could respond to Nan Luo Ze's words, he decisively came forward. He changed from his gentle style to being filled with domineering as he took Su Xiao Xiao's hand pulling her towards the Ferrari on the side.

Luo Qing Chen was a bit surprised and even had the urge to call Nan Luo Ze great.

Really, he was a bit handsome!

But Su Xiao Xiao.....

She was completely stunned when she was pulled into the car. She carefully sat in the corner and kept wiping her clothes, afraid that it would dirty up Nan Luo Ze's car.

Luo Qing Chen gave him the address of the luxury apartment. She had paid a lump sum of twenty million and bought the apartment.

Of course, what followed was a strict notification from the system.

[Ding, it's a real pity, but the second side mission has failed. 10% of the host's experience will be deducted, this will be calculated after the mission.]

Nan Luo Ze narrowed his eyes and said to Su Xiao Xiao behind him, "Sit properly!"

As soon as his voice fell, he quickly drove off. Su Xiao Xiao sank into the soft seat and her eyes blinked desperately. She said with a bit of fear, "You.....Drive slower."

"Then just sit properly. Don't just sit on the edge, I didn't insure the back seat." Nan Luo Ze revealed a faint smile, not planning to slow down at all.

Luo Qing Chen sitting in the passenger seat had a dark look on her face as she cursed in her heart!

This wild teasing of the little sister, why did she also have to suffer!

She gave a cold laugh and her lips twitched as she said, "Then classmate Nan Luo Ze, how much did you insure your passenger seat for?"

Going at a hundred eighty on a highway, this was going against the heavens, alright?

"Fifty million." Nan Luo Ze was still using the rear view mirror to see Su Xiao Xiao's expression.

That stunned look was really cute!

Luo Qing Chen heard this and was a bit surprised, but then she looked forward and said, "Drive as you wish!"

#### **Chapter 1003: Hello, demonic school hunk (Part 27)**

Nan Luo Ze's race car stopped outside the 'Envy' Apartments and he turned to look at Luo Qing Chen in disbelief, "You live here?"

This was not a place anyone could live in, it was one of the most upscale apartments in A City.

The key thing was, Li Si Hai also lived here.

"I can't?" Luo Qing Chen said to Su Xiao Xiao in the back, "Let's get out."

She asked the agent from before to bring her things over from the hotel, so most of the things were in the apartment, but they hadn't been arranged yet.

They came to the elevator and when Luo Qing Chen pressed the button for the twenty second floor, Nan Luo Ze was stunned. He revealed a grin and his eyes narrowed as he said, "You live on the twenty second floor?"

"Why would I push the button if I didn't?" Luo Qing Chen rolled her eyes at him, "Could it be that I'm going to the twenty second floor for sightseeing!"

Nan Luo Ze had a faint smile in his eyes as he quickly said, "No, it's nothing."

"It isn't that I haven't asked you yet!" When the elevator opened, she turned to look at Nan Luo Ze, "Why are you following us!"

Although he was helping to the end.

He should have just left after sending them here!

"I'm here to see an old friend!" Nan Luo Ze walked to the door opposite hers.

Luo Qing Chen knit her brows as she watched him press the doorbell.

Even Su Xiao Xiao was stunned after that. It can't be that much of a coincidence, did Nan Luo Ze have brothers all over!

The door was slowly opened and Li Si Nai came out in a white bathrobe. He looked very enticing after just coming out of the bath and there was a faint fragrance coming from him.

But when he met Luo Qing Chen's gaze, the slightly narrowed eyes suddenly opened wide.

The door was then slammed shut.

"Pu." Luo Qing Chen couldn't help laughing as she held her stomach, "I'm laughing to death!"

She never thought that Li Si Nai would live next to her, this was simply fate.

"Hee, hee....." Although Su Xiao Xiao had her head lowered, her laugh was quite sweet.

“You just slowly wait for your brother!” Luo Qing Chen pointed at the door behind her, “I’ll go help Xiao Xiao change clothes.”

Nan Luo Ze’s lips twitched into a smile that was a bit awkward.

But when that quiet little lily couldn’t help laughing.

He didn’t know why his heart felt so warm.....

Li Si Nai on the other side of the door was feeling strangely nervous.

He was regretting what he had done while thinking about what to change into before opening the door.

Nan Luo Ze waited by the door for half an hour and he was also stopped by a single WeChat message:  
Don’t leave!

[But you and little sister Luo Qing Chen do have fate, she’s actually living right across from you! ——Nan Luo Ze]

[Renting. ——Li Si Nai]

He didn’t think that an apartment here was someone that idiot commoner could afford.

[You are so concise, I’m leaving. ——Nan Luo Ze]

Actually Nan Luo Ze didn’t want to leave since he still wanted to talk to Su Xiao Xiao before leaving.

He never thought that Li Si Nai would suddenly open the door and would scare him.

He was wearing a black Ossic limited edition sweater and his slightly brown hair had a bit of a curl to it, fully releasing his youthful charm.

“Ze, ze, ze, don’t you really like this outfit? Why are you wearing it at night!” Nan Luo Ze gave a shrug,  
“Could it be that you’re planning to bring me to the bar?”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

**Chapter 1004: Hello, demonic school hunk (Part 28)**

A bar, it was the most frequented entertainment venue for these rich people.

But today, Li Si Nai wasn’t planning on going!

He raised a brow and said, “You.....go knock on the door!”

In this situation, of course he wanted to be a bystander! Only by being passive was he more handsome!

“Me?” Nan Luo Ze looked at Li Si Nai with a stunned look, “I.....Why don’t you go!”

Nan Luo Ze admitted that he wanted to see how that little girl looked when she was sorted out and wanted to give her a few words of comfort, but now it felt like he was being used as a target!

“I heard about everything you did today.....” Li Si Nai looked at him with a deep look and said, “That Su.....whatever!”

“She’s Su Xiao Xiao!”

"Oh, oh." Li Si Nai said with a nod, "Isn't classmate Su Xiao Xiao your young master Nan's new love, there's no problem for you to go see your girlfriend!"

As soon as his voice fell, he looked at him with a serious look like his words were very accurate, there was nothing wrong with them!

"It seems to make sense when you say it like this." Nan Luo Ze's deep eyes lit up. When Li Si Nai said the word 'girlfriend', there was a strange happiness that filled his heart.

But after that, his expression changed, "But it isn't good to go empty handed, they haven't eaten yet."

He had been too rushed earlier and forgot to buy dinner. Thinking about it now, his first impression points should have all been deducted.

"This is simple."

Li Si Nai's call was picked up in three seconds by someone and he said, "Go to Royal Tribute and pick up all the dishes this young master likes to eat, you have ten minutes."

Li Si Nai immediately hung up as soon as he gave his order.

Nan Luo Ze couldn't help giving him a thumbs up, "Young master Li really has his methods!"

During this ten minute waiting period, the two handsome young men stood in the corridor weighing each other's thoughts.

"I've never seen young master Nan care about a girl this much before?" Li Si Nai had a faint sparkle in his eyes, "It can't be that your heart is moved this time, right!"

Nan Luo Ze heard this and his expression became unnatural, but he still said, "I treat girls the same, it isn't that you don't know that!"

He paused before continuing, "How am I like young master Li, don't you normally hate girls approaching you? Then you've met true love! I heard that last time on the courtyard....."

"Nan Luo Ze!" Li Si Nai lowered his voice, "You, be quiet!"

Although the sound insulation was good here, one could still hear it if they listened closely.

"Yo, yo, yo." Although Nan Luo Ze lowered his voice, he didn't stop teasing. He looked at him with sparkling eyes, "Is young master Li admitting that he likes classmate Luo Qing Chen?"

Li Si Nai was taken aback. This question had already been on his mind for a long time.

Actually he had gotten his answer a long time ago.

After a while, he said, "I can't say like, but I don't hate contact."

He, Li Si Nai was not someone who fell in love at first sight and wasn't into nonsense like love, he hated having contact with girls.

But this time, he was very certain that this girl was different.

At least she didn't have luxurious perfume, just a faint grass scent. At least when she kissed him, he had a faint lingering feeling towards her.

Perhaps it was special, perhaps it was love, he wasn't certain, but he knew that if he were to fall in love with a girl in this life.

It was most likely this girl would be her.

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 1005: Hello, demonic school hunk (Part 29)**

"Quite honest!" Nan Luo Ze gave a thoughtful nod as his lips curled.

His good brother, he had always hated girls.

It was so strong that he had thought he liked men!

But with the appearance of a certain person, it seemed like this old iron tree was about to bloom.

"What about you?" Li Si Nai crossed his hands and leaned against the wall, "What do you like about that Su whatever?"

"Please, your memory can't be this bad! She's called Su Xiao Xiao, alright?" Nan Luo Ze kept seriously correcting Li Si Nai before continuing, "I can't say that I like her, but I feel that this girl is very special."

"Special?" Li Si Nai gave a shrug, "Su.....That girl Su Xiao Xiao, you should be able to grab a lot!"

In his eyes, a girl like Luo Qing Chen who could make a person speechless with her words was the one that's special!

After all, in his life as young master Li Si Nai, it was his first time meeting a match like this.

"Ke, ke." Nan Luo Ze cleared his throat, "I know that Luo Qing Chen is special, but Su Xiao Xiao is a different kind of special existence!"

Although this was his first time meeting Su Xiao Xiao today and he had saved her from danger like a hero, he felt that she was a girl that had an aura that made others want to protect her.

Perhaps she wasn't suited for this world, but it was a beautiful scene in his eyes.

At the same time, behind the door.

Luo Qing Chen chose a rather small dress for Su Xiao Xiao. This was bought by her mother during Paris Fashion Week, there were only a few dresses in this world. It was the famous designer Aina Manning's special design.

She had a crystal pink sweater and a moon white dress, as well as a pair of white shoes.

Her hair wasn't blown dry yet. There was a bit of shyness and nervousness in her clear eyes.

But in front of Luo Qing Chen, she bravely raised her head.

"Un! You really are quite cute!" Luo Qing Chen gave a satisfied nod and pulled her in front of the dressing table.

Although there wasn't anything on the table, there was a very clear mirror.

Su Xiao Xiao lowered her head in a bit of a panic when she looked in the mirror, not looking at herself in the mirror.

Luo Qing Chen felt shocked when she saw this. There was a similar feeling that came from the bottom of her heart, like this feeling had been around her before.

She knew that this was the previous host's feeling.

Luo Qing Chen gave a chuckle and took out a large cosmetic bag from her luggage, bringing out bottles of liquids out.

The empty dressing table was filled and at that moment, Su Xiao Xiao slowly raised her head. Her hand was placed on her legs and she was tightly clenching her dress.

Luo Qing Chen knew that she felt inferior and it took all her courage to raise her head since she wanted to get rid of this.

But she couldn't break through the line of defense in her heart.

"Xiao Xiao, do you like pink or green?" Luo Qing Chen tapped the dressing table and used a very strange entry point to start this topic.

"Me?" She was surprised as she looked at her, "I like pink."

It was a very sweet colour, it was the colour she liked the most.

"Then use this one!" Luo Qing Chen picked up a bottle of Lancome skin cleanser for her, "It suits you."

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 1006: Hello, demonic school hunk (Part 30)**

Su Xiao Xiao was stunned. She was still stunned when her small hand took the 400mL bottle of skin cleanser and after giving a nod, she carefully opened it.

Her movements were very cautious and she looked cute with how clumsy she was. She carefully poured it into her palm and even though it was a little, she was still very satisfied.

A pair of small hands carefully patted on her face and those clear eyes finally looked at herself in the mirror.

"Thank you." She gave a slight nod after a while before looking at Luo Qing Chen, "This is my first time using this, it has a cool feeling."

Luo Qing Chen laughed and she looked at her with playful eyes, "There are other good things, I'll go search for them."

As soon as her voice fell, she bent over her large bag and finally found a strawberry hairpin from a bunch of other hairpins.

"This is....." Su Xiao Xiao's eyes trembled as she looked at her in embarrassment, "I can't take it."

"I never said I was giving it to you." Luo Qing Chen picked up a hair dryer and helped her blow her hair as she said, "I'm lending it to you. When you have a new card, you can give it back to me!"

Su Xiao Xiao lowered her head and still seemed very embarrassed. But Luo Qing Chen aggressively put the hairpin in her hand before changing the topic to ask, "Is Xiao Xiao's grades good?"

To be honest, the system only gave her this side mission, but she didn't know anything about Su Xiao Xiao.

Depression came from great mental stress normally, it was a disease that accumulated in one's heart where no one could see.

For Su Xiao Xiao, her introverted personality would have already been the most important reason for her illness.

"Un....." She gave a very soft nod, like she was embarrassed to admit it, but she felt it was too fake if she denied it.

After all, she had entered the Royal Academy with perfect scores and she was exempt from all tuition while receiving a scholarship of ten thousand yuan a year.

"You don't have to talk if it's not convenient for you." Luo Qing Chen gave a chuckle and curled her hair while blowing it.

After a while, Su Xiao Xiao tightened her fist before she suddenly let go, "Can you listen to a story of mine?"

It wasn't a questioning tone, it was a pleading tone.

In the past few years, no one had ever heard her story.

After all, there were some things she couldn't tell others.

Su Xiao Xiao's story was very short, it wasn't as long as Luo Qing Chen had thought.

Of course, it was possible that she had shortened it.

Her family had been poor since she was young. Her father was a small shoe shiner and her mother had a bad habit.

Which was gambling.

Of course, she wasn't just a gambler, she was someone who always changed faces.

Her father was very good, he would always forgive her mother when she broke out in tears.

Until one day when her mother brought home another man who was also a gambler. The two of them were in bed together and were caught by her father who came home early.

Her father couldn't take it anymore.

He took a knife from the kitchen and slashed the man a hundred times, until he was no longer moving in a pool of his own blood.

When he looked at her mother, he couldn't bear to do it. He picked up a can of gasoline they had just bought and charged to the roof.

He poured the gasoline from the top, lit it and jumped down.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

**Chapter 1007: Hello, demonic school hunk (Part 31)**

Everything was seen by Su Xiao Xiao.

She watched her mother bring someone home, she watched her father who she respected the most turn into a wild beast, wildly cutting with his knife.

This was the first knot in her heart.

Later her mother ran away and she was raised by her grandmother.

A very tragic life. At the end of her story, she lowered her head again and let the tears fall.

"Who knows what will be in the future." Luo Qing Chen took the strawberry hairpin from her hand and placed it on her head, "But at least you have your grandmother and now you have me!"

Friendship was a very wonderful thing. It was different from love, it didn't need passionate words to be proven, it only needed a few simple words.

They were friends.

"Ding dong." The sound of the doorbell rang.

Luo Qing Chen knit her brows and couldn't think of who would be here.

But when she looked out the peephole, her lips couldn't help curling into a smile.

"You have a guest?" Su Xiao Xiao came out of the room and put her hands in front of her as her eyes trembled, "Then I'll leave!"

After all, she really had troubled her. For her, if she even caused a bit of trouble for others, she would feel very embarrassed.

Growing up in this bad family environment, she became cautious no matter what she did. She didn't dare talk too loud and didn't dare trouble others.

"Un, it is indeed a guest." Luo Qing Chen looked at her with a faint smile with deep meaning, "But they should be here for you!"

She opened the door and she saw Nan Luo Ze and Li Si Nai carrying two large bags of food.

"You shouldn't have eaten yet, right!" Nan Luo Ze looked at them with the gaze of a gentleman, "We bought some things, how about eating together?"

While saying this, he slightly stretched his neck, like he wanted to see a certain petite figure past Luo Qing Chen."

"I don't mind!" Luo Qing Chen said, "After all, I'm not the one spending money, what can I complain about!"

Li Si Nai said with a proud look, "I'll let you try the delicacies of nobles! Although it might not be as good as that small Japanese shop, the food is of high quality!"

Without knowing why, hearing her talk this seriously to Nan Luo Ze, he felt very uncomfortable!

He felt that he was conflicted. He only wanted him to come and let no one else take this special place.

Perhaps he was very selfish or very overbearing, but this was the truest feeling in his heart at this moment.

"Oh? Classmate Li Si Nai's meaning is that expensive things are better?" Luo Qing Chen let them through, but she didn't forget to complain!

"Of course, it's a status symbol!" Li Si Nai looked around in the hall and the house was the same size as his, while the decoration was quite luxurious, there was a noble atmosphere here.

Luo Qing Chen living in this kind of house made him a bit sad for some reason.

He felt that he became less radiant and felt that he couldn't blind her eyes!

Luo Qing Chen rolled her eyes at him like usual, "It can't be that you eat diamonds right! It's expensive, it fits the status of a rich person!"

"Idiot!" Li Si Nai snarled in his low magnetic voice, "I said it's food! If the food of the world of rich people was the 'diamonds' you mentioned, then wouldn't it be 'stones' in your world!"

Besides, they've even seen smugglers swallowed diamonds, but they've never seen people swallow stones!

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 1008: Hello, demonic school hunk (Part 32)**

"Hey, don't start fighting as soon as you see each other!" Nan Luo Ze looked at them with an awkward expression. It was less than three seconds before they filled the area with the smell of gunpowder!

"Un, don't fight!" Su Xiao Xiao bit her lip on the side and said in a small voice.

Nan Luo Ze's eyes finally fell onto Su Xiao Xiao and his eyes lit up.

Even Li Si Nai who was standing beside Luo Qing Chen had his eyes change.

"Deng, deng, deng, deng." Luo Qing Chen rolled her eyes at Li Si Nai before walking over to Su Xiao Xiao with a sweet smile. She pulled her over a few steps and said to Nan Luo Ze, "How about it, doesn't she feel like a little princess!"

"Un." He narrowed his eyes that had a faint sparkle in them, "It looks very good!"

Really, really good. In Nan Luo Ze's world, he had never seen such a beautiful girl.

She didn't have any makeup on, but the aura she revealed was youthful and clean.

"I....." Su Xiao Xiao lowered her head in embarrassment and said, "I should go back first."

This was her first time being checked out, she used to be the foil for others no matter where she went.

It's said that flowers come with leaves, but to her she couldn't even be the leaves. She was just the dirt under the flower or a spring breeze.

In short, she was small and humble, going into the dirt.

Today, when three pairs of eyes fell onto her, she felt very embarrassed. She was so nervous that she broke out in a cold sweat.

"What are you in a rush for!" Luo Qing Chen chuckled before looking at Li Si Nai, "Since this rich second generation has nothing better to do than to buy us a set of noble dishes, why shouldn't we eat it?"

"But....." Su Xiao Xiao looked at Luo Qing Chen, "The doors to the dorm will be closed if I go back late....."

"Just stay here if it closes." Luo Qing Chen gave a shrug, "Such a big place, is there a need to worry about not enough space!"

"Right, right, don't worry." Nan Luo Ze looked at her and swayed the dishes in front of her, "Go after you finish dinner!"

It had to be said, she really was tired of eating royal cooking!

After all, she grew up eating these things. Although this shop was for rich people, it couldn't even be considered third rate food compared to the royal food she ate in France.

There wasn't anything covering up the flavour of the seafood, so there was a strong fishy taste.

"You look like you're eating poison!" Li Si Nai looked at her with a dark look, "Would you stop pretending it's that bad!"

This restaurant was the top seafood restaurant in A City, it only served ten customers a day.

He was one of the most luxurious VIP members of that restaurant, that was why he could get such fresh dishes.

This idiot in front of him even disdained it!

"Ke, ke." She cleared her throat and said, "Classmate Li Si Nai, I didn't say it was hard to eat, but making these dishes with such expensive ingredients, it can't be considered a delicacy.

Everything had their own way of being made, just like steamed buns and abalone.

You can never expect a steamed bun to be as delicious as an abalone, but as a dish, if the abalone can't even compared to a steamed bun, that abalone would be considered a failure.

[\*\*Quick Transmigration Female Lead: Male God, Never Stopping\*\*](#)

**Chapter 1009: Hello, demonic school hunk (Part 33)**

"You say it like you're some connoisseur." Li Si Nai narrowed his eyes and crossed his arms as he looked at her, "Have you eaten this before?"

It costs over ten thousand yuan for a single meal and he had bought over twenty thousand in food today.

She actually said that this wasn't a delicacy. He wants to know what is considered a delicacy and what isn't.

"This treasure has eaten more salt than you have eaten rice." Luo Qing Chen saw his angry appearance and knew that this situation was bad for the young master.

But she had to tell the truth for these dishes.

"Then why don't you tell me what isn't good about them?" Li Si Nai had felt excited to bring them this big meal, but now he was being looked down on!

His heart felt a bit blocked, but Luo Qing Chen's expression didn't seem like she was joking.

"Then let me ask you, how much did this cost?"

"Twenty thousand."

"Gedeng." Su Xiao Xiao's chopsticks that had been holding a shrimp fell to the ground and she looked at Li Si Nai in shock.

Twenty thousand.....

Twenty thousand.....

Twenty thousand.....

This was two years of living expenses for her, it had even changed her situation in the past two years.

But now she had eaten that amount in a single meal!

Luo Qing Chen quickly said, "Xiao Xiao, don't mind it. Their world is like this, you should be used to it after going to the Royal Academy!"

She was indeed used to this luxurious method of consumption, but she really couldn't eat a meal that had cost twenty thousand yuan.

"I know....." Su Xiao Xiao said with a nod, "But I.....still can't eat it!"

She just sat there and shook her head in a restrained manner.

Luo Qing Chen's mind turned and she said to Li Si Nai like she suddenly thought of something, "How about it, there's a difference here!"

"What does that mean?"

"What I'm trying to say is——" Luo Qing Chen pointed at the dishes in front of her, "If this only cost two thousand yuan, I would give you a thumbs up because it is worth that price whether it is the taste or texture! But if it's twenty thousand.....I feel it isn't worth it."

"Two thousand.....isn't worth it either!" Su Xiao Xiao said in a small voice, "These ingredients are actually very simple."

After she said this, Luo Qing Chen and Li Si Nai stopped their arguing to look at Su Xiao Xiao in surprise.

Of course that included Nan Luo Ze because his eyes had been on Su Xiao Xiao the entire time, had never looked away.

But Su Xiao Xiao had never looked at him. Perhaps she didn't want to, perhaps she didn't dare.

"Xiao Xiao, can you really make it!" Luo Qing Chen asked in surprise, "You don't have a recipe!"

"Eh....." Su Xiao Xiao pointed at the pile of curry nine section shrimp in front of her with an embarrassed smile, "I know every ingredient in this dish, but I didn't know since I never ate it before."

"Salad oil, salt, coconut milk, curry powder, lemon juice, sugar....."

Luo Qing Chen suddenly felt that Su Xiao Xiao was dazzling. It was like she had put down her defenses and it was their first time being this close.

After she said this, Nan Luo Ze was the first to applaud as he said with a gentle smile, "Although there are two things you didn't mention, this really is good. There really is a sense of absolute taste."

"The two things you should be talking about should be foie gras and truffles!" Luo Qing Chen gave a shrug and said with a smile, "After all, these two are too obvious....."

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 1010: Hello, demonic school hunk (Part 34)**

Indeed, this was where this dish was expensive.

After all, foie gras and truffles were super expensive ingredients by themselves, they were even more expensive than the nine section shrimp.

"Sorry....." Su Xiao Xiao lowered her head in embarrassment again. It seemed like the small door to her heart had just closed again.

She really was not in the same world as them, she wasn't even in the same world as Qing Chen beside her.....

"Xiao Xiao, actually I feel....." Luo Qing Chen put more food into her dish as she said, "It would taste better without these two things. Next time, why don't you cook for us!"

"Ah!" Li Si Nai let out a surprised cry.

"Be quiet!" Luo Qing Chen instantly gave him a vicious stare.

Un, he closed his mouth this time.

This also attracted Nan Luo Ze who had wanted to speak at first.

There was no one who could speak to Li Si Nai like this, whether they were man or woman!

Someone that could talk to him like this was no longer in the academy or even A City.

This girl really had fed this proud young master some love potion, she really was powerful!

Su Xiao Xiao raised her eyes with a bit of courage and looked at Li Si Nai. Li Si Nai quickly changed his tone, "Ah, good, good, good!"

"Pu." Nan Luo Ze couldn't help laughing. He touched Li Si Nai's forehead with his right hand, "Did you eat the wrong medicine!"

"Who cares!" Li Si Nai's tone changed and he entered his domineering mode again!

"Then we have to thank Xiao Xiao first." Nan Luo Ze raised his glass of red wine, "I look forward to your work!"

"I....." Su Xiao Xiao pursed her lips as she looked at Luo Qing Chen.

This was a look of needing affirmation, she had never shown this look to anyone before.

Because she knew that no one cared about her performance, no one cared about the results.

She only had herself and her grandmother, it was a good thing she still had her grandmother.

"I feel that is ok!" Luo Qing Chen raised her glass and looked at her, "I'm also looking forward to it!"

As soon as her voice fell, she didn't forget to look at Li Si Nai. He gave a helpless smile as he said, "Un, looking forward to it!"

The night was dark and filled with skies.

After they ate and drank their fill, Nan Luo Ze had a suggestion.

"How about we play truth or dare!" When Nan Luo Ze said this, his eyes couldn't help turning to Su Xiao Xiao.

He wanted to understand this quiet looking girl who defied the heavens and had first class taste buds.

This kind of elegant girl, why was she so humble?

He hoped that this game of truth or dare would give him an answer.

But he didn't know that Luo Qing Chen and Li Si Nai would break his fantasy once they spoke!

"Not playing."

"Naive."

"Hey!" Nan Luo Ze cleared his throat, "Why are you speaking in unison, working together against the same enemy!"

Luo Qing Chen thought: Damn, he's inciting me!

Li Si Nai thought: A real brother, he's actually inciting me!

The two strangely spoke at the same time.

"I'm playing!"

“I’m playing!”

“This is the right attitude!” Nan Luo Ze looked at the two dissatisfied people with a satisfied expression. He clapped his hands and said, “Young master Li has a table for truth or dare at his house, how about we.....change locations?”

“I.....I’m also playing?” Su Xiao Xiao asked in a soft voice.

She wasn’t timid anymore, but she was a bit nervous since she never played this before.
