Chapter 1041: Hello, demonic school hunk (Part 65)

"Ah!" Han Zai Zi called out in surprise!

"Wa (silent surprise)." That came from Su Xiao Xiao!

"This fast!" Luo Qing Chen pursed her lips into a faint smile.

That arrogant young man, he seemed a bit shy now.

After dinner, Han Zai Zi helped Su Xiao Xiao move her stuff in.

Luo Qing Chen and Li Si Nai stood on the balcony on the twenty second floor, seeing the beauty of A City in front of them.

"So your room has a balcony, you can even see the sea." Li Si Nai said with a bit of regret, "If I knew earlier, I would have bought this one!"

"Do you regret it now!" Luo Qing Chen gave a shrug, "There's no medicine for regret in this world!"

"Yes, there's no medicine for regret in this world!" Li Si Nai leaned against the railing as he looked at her, "Then why are you so confident that I would reject Mi Zhi!"

This girl, was she confident in herself or did she have confidence in him!

"Do you know?" She took the coffee from the table on the balcony and sat down on the couch as she said, "If you like me, I can feel it. If I can't feel it, it means you don't like me."

She sipped her coffee before looking at Li Si Nai with a brow raised.

It was her first time seriously looking at him tonight.

They were never alone in the same place before, they were either in public or there would be bright light bulbs.

This atmosphere didn't seem bad.....

Li Si Nai raised a brow and his lips curled into a beautiful and dangerous curve, as he moved towards her step by step.

The breeze on the balcony blew her short hair and the clear eyes had a faint glow to them.

Such a good mood, if they were acting in a movie, there would be a few light bulbs that would break this mood.

It was a pity that this wasn't a movie.

He stood in front of her and gently hugged her, lifting her from the couch.

The domineering eyes now had a bit of pampering in them.

He leaned over and gave a kiss, acting so natural while also feeling a bit strange.

The faint scent of coffee and the faint taste of strawberry.

Time froze with a breeze.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

She always felt that this affection didn't mean anything to her because she knew that the feeling that the other side had for her was more important.

—

At the same time, in a high end villa.

Mi Xue Na was lying on bed talking to her half sister. She looked at her scarred feet and her face pierced by the thumbtacks and her expression became dark.

"Xiao Zhi, you've been in the normal class for a while, how are things going?"

Her tone was a bit anxious. After all, if she hated Luo Qing Chen and Su Xiao Xiao a bit in the beginning, she was now filled with hatred for them.

If it wasn't for them, she wouldn't have ruined her face, she would still be the school beauty of the Royal Academy!

"Big sister, Li Si Nai can be approached by normal people, you wouldn't have lost like this!" Mi Zhi said the truth with a sigh, "It's impossible to shake that commoner's position in his heart."

"No!" Mi Xue Na tightly bit her lip, "We haven't lost yet. I've heard that the old master of the Li Family had already chosen a fiancée for young master Li. As long as the old man knows of that commoner, we won't need to make a move and the Li Family will make her disappear from this world!"

Chapter 1042: Hello, demonic school hunk (Part 66)

"Fiancée?" Mi Zhi narrowed her eyes, "Why haven't I heard of this!"

In order to understand Li Si Nai, she had carefully investigated everything about him before coming to F Class.

She really didn't find out anything about him having a fiancée.

"You've been in France for a long time, so it's impossible for you to know everything in this circle." Mi Xue Na's eyes opened wide as a dark glow appeared in them, "Young master Li's mother used to have a very good friend, her friend's daughter is young master Li's fiancée, the only person the old master has recognized!"

Since she couldn't get Li Si Nai, she couldn't let Luo Qing Chen get him either.

Li Si Nai was still a student in the end, as long as the old master didn't agree, he couldn't do a thing.

Unless he was willing to abandon his status as a young master to elope with a commoner, then she, Mi Xue Na, could only shake her head and laugh: Poor couples really were sad!

That kind of Li Si Nai with no money, no status, no power, she didn't want him!

"God, there's actually such a thing!" Mi Zhi asked in a voice of disbelief, "So where is that girl?"

"Who knows!" Mi Xue Na gave a shrug and took a cigarette from the bedside table, "In short, you just need to tell the old master about young master Li and the commoner Luo Qing Chen, they definitely won't last!"

"I got it, big sister, be assured!" Mi Zhi narrowed her eyes as they filled with a dark look, "Not only will I have the old master of the Li Family take care of them, once my mother knows that you've been bullied here, she will definitely come back from France!"

As the main disciple of the French diplomat, her mother's status at the Royal Academy was no less than Li Si Nai's.

"Ha, ha, ha." Mi Xue Na took a deep puff before laughing, "You really are my good little sister, big sister won't forget your help this time!"

"Hee, hee!" Mi Zhi had a touch of emotion in her eyes as she said with a smile, "Big sister, you don't need to be that polite, I also hate commoners! A good man like young master Li will only become dirty by being with a commoner like her!"

Mi Xue Na could hear something in her tone, something that concerned her little sister's emotions.

But she was too lazy to pierce it.

After all, they had the same enemy!

—

The next morning, the story of Li Si Nai and Luo Qing Chen being together spread through the school.

The domineering school hunk had insisted on holding hands with her as they came to school.

Luo Qing Chen didn't stop him since she already had plenty of rumours about her.

It was just a few more words, she didn't really care when she heard them.

Not to mention, these people didn't matter to her.

As long as the people she cared about were happy, she was satisfied!

Although Han Zai Zi's blessings seemed like 'he had lost something'!

"Aiya, so angry!" Han Zai Zi pursed his lips and lowered his head to mutter, "Whether it is abroad or in the country, you are good at getting the handsome men!"

When they were in France, there were many noble young masters who chased Luo Qing Chen, but she rejected them all!

Among them.....was the man that he had liked!

But to him, a good friend like Luo Qing Chen was much more important than that man!

That trash had almost taken her life from depression. Thinking about it now, there was nothing wrong with coming back.

At least she was better!

“Ah?” Luo Qing Chen couldn’t find the memory of the previous host and was a bit surprised!

“Infinite charm, my prin.....”

“Shut up!”

Chapter 1043: Hello, demonic school hunk (Part 67)

Luo Qing Chen gave him a wink and Han Zai Zi knew he had misspoke. He turned and quickly picked up a book to start reading!

Su Xiao Xiao pushed on her and gave her a drawing book.

The album was very thin and there were only a few drawings, but each one was filled with heart.

She turned and looked at Su Xiao Xiao’s bloodshot eyes, suddenly feeling a bit moved.

In this world, she always stood in the center position. Whether it was praise or insults, she was always glowing.

Su Xiao Xiao was the leaf of her flower, or rather it could be said that she couldn’t even be considered the leaf.

The style of the drawings were cute and each one was a picture of her and Li Si Nai together.

She had even carefully put a glow around her ahead.

“Thank you, Xiao Xiao.” Luo Qing Chen asked her with a naughty smile, “You and Nan Luo Ze.....”

The progress between the two had been fast at first, why did it suddenly slow down?

“We.....weren’t anything to begin with.” Su Xiao Xiao’s eyes sparkled a bit, but she opened her textbook and changed the topic.

Luo Qing Chen wanted to ask something, but she didn’t speak/

After all, she knew what kind of person Su Xiao Xiao was. Once she decided to not speak, it wouldn’t be any use even if she took out the Nine Section Moon Whip.

She secretly took out her phone and sent a text message to her family’s Li Si Nai!

(Yi~Did your Nan Luo Ze fail to chase our Su Xiao Xiao!??? ——Luo Qing Chen)

“Ding ling ding ling.”

With this special ringtone, Li Si Nai who had a lazy look as he leaned in his chair suddenly reveal a faint smile!

Opening his phone and after seeing the text from her, he tapped Nan Luo Ze beside him who had been looking down, "My family's girl has asked a question, are you and Su Xiao Xiao....."

When Nan Luo Ze heard 'my family's girl', his face became more ugly.

He laid down on the table with a depressed look, "I can't do it."

Li Si Nai sent Nan Luo Ze's words to Luo Qing Chen and his phone rang again after ten seconds.

(The dazzling heartthrob of our school can't handle our Su Xiao Xiao, is he even being sincere? ㄟ_ — — Luo Qing Chen)

Li Si Nai tapped Nan Luo Ze again and briefly summarized, "My family's girl is asking, are you being sincere?"

"Aiyo!" Nan Luo Ze looked at him with an angry look, "Can you not say my family's girl to keep provoking me? I confessed and was rejected!"

"Si." Li Si Nai who was used to making others gasp suddenly gave a gasp.

When he told this incident to his family's girl, his family's girl was also stunned!

Yi, yi, the other side is Nan Luo Ze! The Nan Luo Ze who never had a girlfriend for more than three days! He actually wanted to land on Su Xiao Xiao's boat.

The funny thing is.....he was rejected!

Thinking about it, since Nan Luo Ze met Su Xiao Xiao, he never had another girlfriend.

Then Su Xiao Xiao not being with him should be because of his previous 'romances'.

During the lunch break, Luo Qing Chen took advantage of Su Xiao Xiao going to the library to meet Li Si Nai in a cafe near the academy.

Of course, he also brought along the sad Nan Luo Ze.

"Ai." When Nan Luo Ze saw Li Si Nai happily holding Luo Qing Chen's hand, he asked with a sad expression, "Do you think that I'm very much like a light bulb now!"

The two strangely said two different things at once.

"Yes." Li Si Nai said.

"No, no, no, how could that be possible?" Luo Qing Chen said.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 1044: Hello, demonic school hunk (Part 68)

She quickly covered Li Si Nai's mouth and turned to look at Nan Luo Ze with a smile, "Aren't we trying to help you think of a way?"

"Can you not show affection while thinking?" Nan Luo Ze had a sad look that showed that he clearly wasn't willing to eat dog food.

"Sorry, sorry." Luo Qing Chen quickly took her hand back and Li Si Nai didn't forget to rub against her hand with a gentle look in his eyes.

He had never felt a girl that he liked being with him, it was actually such a happy matter.

Being able to take her in his embrace and show her affection at any time, it really was good.

Even if it was ordinary days, he felt very happy.

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

Yi, weren't they here to think of methods for Nan Luo Ze? Why was he increasing her affection!

She was surprised, but then she received an answer!

It should be seeing the misery of others that made him feel more happy.

"Tell me, was it because I used to be.....so casual that she can't accept my love?" He was actually a bit wronged because this matter couldn't be completely blamed on him.

He had grown up in a very elegant household and his family taught him to be elegant.

When he rejected girls in kindergarten, his father had given him a thorough education!

You can't refuse a girl's affections that cruelly, you can decide to try it before hurting the other side.

If you met true love, wouldn't it be bad if you hurt them!?

Although Nan Luo Ze never fully understood what this meant, he didn't feel there was anything wrong with it.

So he told every girl who sincerely confessed to him that he could only be with them for three days.

Three short days, perhaps it didn't mean much to him.

But to these girls, it was a very precious memory.

Therefore he had never been hated. If Su Xiao Xiao didn't believe, he could explain.....

"Un." Luo Qing Chen stroked her chin and slightly knit her brows, "It shouldn't be this reason."

"Then why?" Nan Luo Ze looked at Luo Qing Chen with a confused gaze, wanting an answer.

Why was it that the first time he liked a girl, he was rejected just like this?

Luo Qing Chen pursed her lips and fell into deep thought.

Su Xiao Xiao was a girl with very low self esteem who suffered from depression.

From playing truth or dare at Li Si Nai's house last time, she could see that Nan Luo Ze was like a god in her eyes.

She admired and worshipped him.

In this situation, there was only one reason for her rejecting him.

"She feels that she's not worthy of you." Luo Qing Chen suddenly looked at Nan Luo Ze and said, "If you weren't the school hunk or a rich second generation, perhaps you and Su Xiao Xiao could be together."

"What a bad excuse!" Nan Luo Ze looked at her with a confused gaze, "But young master Li has this status, why don't you think you aren't worthy of him?"

"I have thick skin!" Luo Qing Chen said with a shrug, "Moreover, my situation is different from Xiao Xiao. You know her personality, it is hard to change it."

If it was anyone else, she would feel that Nan Luo Ze's chances of success were very high.

But if it was Su Xiao Xiao, it instantly dropped by 90%.

"Ding ling." A cell phone rang and Li Si Nai's expression became solemn when he looked at it.

Chapter 1045: Hello, demonic school hunk (Part 69)

The phone call didn't last long, but Li Si Nai didn't say a word. Only at the end did he softly say, "Alright, I got it, grandfather."

"What is it?" Nan Luo Ze asked with a frown, "I rarely see you with this expression, did something happen with the old master?"

"Un." He had a faint sparkle in his deep eyes as he looked up and he revealed a ghost of a smile, "The Imperial Court's seven star banquet, does young master Nan want to come together?"

It was the most luxurious restaurant in A City, each item cost at least five figures. The people who went were all rich people.

Li Mo was sitting in the highest room of the Peony Pavilion holding a golden cane.

Beside him were Mi Zhi and Mi Xue Na who had heavy makeup, as well as Mi Xue Na's follower Yan Shui Qing.

The rest of the people were all people whose families had some position in A City. Everyone was decided by Mi Zhi and the old master was responsible for paying the bill.

This was the reward that Mi Zhi got for telling Li Mo about this news.

For Li Mo, there was only one person who was qualified to marry into the Li Family.

Everyone else was impossible no matter who they were!

"Old master Li, this girl is very arrogant at our school. At first young master Li didn't like him, but then she kept bothering him until young master Li had no choice but to accept her."

Mi Zhi said this while not forgetting to wink at the other students.

Everyone was in compliance and all began complaining.

"That's right mister Li, you don't know how arrogant that commoner is, she keeps bullying with young master Li's backing."

“Isn’t that right? Young master Li went from A Class to F Class because of her, he was tricked by this commoner!”

.....

Li Mo heard this and his eyes became very sharp. This woman was bothering his grandson, he had to use a special method to let her know that not anyone is allowed to meddle with the Li Family.

—

In the elevator of the hotel, Nan Luo Ze’s expression became more ugly after a few calls.

He took a deep breath and said, “Don’t show your affection! Haven’t you heard that it causes trouble?”

He could understand most of the situation, which meant that Li Si Nai also knew what would happen next.

In this situation, why would he bring Luo Qing Chen to suffer!

Li Si Nai was wearing a light blue suit that perfectly fit his figure and his right hand was placed in his pocket as his left hand firmly held Luo Qing Chen’s hand. He casually replied, “How do you know the old master won’t like her?”

“Damn, Li Si Nai, did your brain go to waste after dating someone!” Nan Luo Ze anxiously pursed his lips, “You should understand the temper of your family’s old master better than me, could it be that you are planning to elope with Qing Chen?”

“Ding.” The elevator stopped at the eighteenth floor.

Li Si Nai raised a brow and said with a confident smile, “If he wants me to elope with my fiancée, I don’t mind.”

As soon as his voice fell, he walked in while holding Luo Qing Chen’s hand.

This ‘shaming the commoner event’ was different from what these nobles thought.

When the door opened, everyone’s eyes fell onto Luo Qing Chen and Li Si Nai.

Mi Zhi had a confident look in her eyes.

Since she and her big sister can’t get this man, how can that trash commoner get him?

When Luo Qing Chen walked in, Mi Zhi lowered her head and whispered in Li Mo’s ear, “That person is young master Li’s so-called girlfriend, it seems like young master Li really treats her well!”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 1046: Hello, demonic school hunk (Part 70)

Mi Zhi’s words were clearly filled with implications, but it made Li Mo hate Luo Qing Chen even more.

“Since you are here, sit down!” Li Mo tapped his cane before saying to the waiter on the side, “Bring the dishes.”

Li Si Nai took Luo Qing Chen's hand and sat down in front of the old master. Nan Luo Ze also sat down beside him.

Since the table was very big, Luo Qing Chen couldn't clearly see the old master's expression.

But it shouldn't have been.....very good.....

"I invited everyone here because of my grandson. I know that you were all classmates with him before, so I want to hear your opinions of him!" Li Mo's starting point was very good. It was disguised as a classmate meeting, giving everyone the right to speak.

The most important thing was that they could embarrass Luo Qing Chen.

"Young master Li is very good to our classmates, he is eager to help others and never boasts." Classmate A said.

"Un! Young master Li's grades are very good, the teachers all like him." Classmate B said.

"Right, right! Young master Li is no longer in our class, but we all miss him." Classmate C said.

This seemed like it had been rehearsed, it sounded so fake that people felt embarrassed listening to it.

Actually Luo Qing Chen knew why Li Si Nai brought her here, but she didn't tell the old man her identity was because of something.

It was more interesting to slap people's faces until they couldn't stand up.

"Oh?" Li Mo asked in a profound, "Hasn't young master Li always been in Class A? Why don't I know about the fact that he changed classes?"

"Grandfather Li....."

"I changed classes to fulfill the task grandfather gave me. What? Is it related to all of you" Li Si Nai's cold eyes narrowed as he looked at Mi Xue Na.

"Nonsense! When did I ask you to change classes!" Li Mo looked at Luo Qing and cleared his throat, "If you still remember the task I gave you, you should know that you have a fiancée."

When the word fiancée was said, old master Li's voice became more heavy.

Mi Xue Na looked a bit awkward since she was cut off by Li Si Nai. But she felt more confidence when the old master spoke, so she said, "Young master Li should know your identity, you shouldn't let the old master worry!"

"He, he." He gave a cold snort and his eyes narrowed with a dangerous look, "When did you get to care about the matters of our Li Family?"

"Si Nai, you can't be rude to young miss Mi!" Li Mo spoke in a heavy voice with a bit of prestige.

"Rude?" Li Si Nai raised a brow and had a deep look in his eyes, "If you don't even care about this girl bullying your granddaughter in law, then I can't help finish mother's last wish."

When his mother was mentioned, Li Mo was stunned.

The last thing he would mention would usually be his mother because the Li Family knew that his mother was dead.....

Mi Zhi saw that the situation was wrong, so her mind quickly turned. She bit her lip and said, "Old master, you have to be decisive or young master Li will be tricked by this fox. If the old master can't say it, how about Mi Zhi do it for you?"

She really couldn't wait to say those words that would humiliate this commoner.

Li Mo hesitated a bit before he said with a frown, "You say it then!"

Chapter 1047: Hello, demonic school hunk (Part 71)

"Luo Qing Chen, listen well. Young master Li already has a fiancée, so not mentioning a commoner like you, you aren't qualified to marry into the Li Family even if you were a noble!" Mi Zhi's voice lost confidence as she reached the end since she wasn't a member of the Li Family, she was a bit fearful saying these words in front of the young master of the Li Family.

But with old master Li behind her, she had nothing to fear!

"Un humph." Luo Qing Chen took a sip of the orange juice on the table, "I do know about the matter of his fiancée."

Li Si Nai saw that she wasn't nervous or timid at all, so he knew that they had the same idea on this matter.

"You know?" Mi Zhi looked at her in disbelief, even Mi Xue Na beside her looked at her with the same gaze.

They couldn't believe that Luo Qing Chen knew about Li Si Nai's fiancée and still was with him, this meant that she really was shameless!

The old master's face looked more and more ugly when he heard this. It was said that those who knew bore no crime, but if one still did it after knowing, it showed their character.

This was no different from being someone's mistress.

"He, he." Mi Zhi said with a cold snort, "Commoners are commoners in the end, they can shamelessly say these kinds of words."

She crossed her arm and looked like a madame, like she was Li Si Nai's wife. She mocked Luo Qing Chen like she was the mistress.

"The problem is....." Li Si Nai took the cup she drank from which still had the strawberry flavoured lipstick on it and he took a sip, "She is my fiancée."

The room fell into silence at that moment.

Luo Qing Chen raised her hand and pushed back the loose strand of hair on her forehead before saying, "Mister Li, my mother's surname is Luo."

Old master Li heard this and as soon as Luo Qing Chen's voice fell, his eyes popped out as he trembled.

"You.....You....."

Mi Zhi knit her brows and quickly said, "This really is a joke, so what if your mother is surnamed Luo? Could it be that you are young master Li's fiancée just because your mother is surnamed Luo? Please, you are just a commoner, alright?"

Every word was filled with rage! Revenge for her big sister and to take back face for herself.

After all, for a young miss like her who was half a noble, she had never been rejected by any man.

But now that she was back in China, she had lost to a commoner!

No, she wouldn't submit!

"Mi Zhi is right, lowly commoner!"

"Scram, this isn't a place for you!"

"Stop defiling young master Li, trash!"

.....

"Shut up, all of you scram for me!" Old master Li narrowed his eyes as he looked at the ring on Luo Qing Chen's finger. That blue diamond ring that glowed, it could only be 'Fate'.

The 'Fate' designed by his beloved daughter.

Mi Zhi was stunned, feeling a bit strange, but she still said, "Are you death? Didn't you hear grandfather Li telling you to scram?"

"Peng!" The golden cane slammed down, "I'm having you and this mob scram for me!"

Finally his grandson had found the other half of the ring.

Everything had happened too suddenly back then, he didn't even know that girl's name before he lost contact.

He had always been looking for the girl with the other half of the ring, but it seemed like his grandson was better as he found it first.....

Chapter 1048: : Hello, demonic school hunk (Part 72)

He had been focused on his career and he cared very little about Li Si Nai's mother, his daughter.

He didn't know which friends she had and he only regretted it when she had passed away.

Li Si Nai was still young then and his father died from depression after a few years. He was a black bellied and proud young master on the surface, but he had lost much love when he was young.

He almost didn't receive any love.....

“Grandfather Li.....Grandfather Li, you can’t believe me!” Mi Zhi anxiously grabbed Li Mo’s hand, “She is a liar. She is just a commoner, how could she be young master Li’s fiancée?”

“Ke, ke.” Li Mo gave a look at the guard before saying to Mi Zhi, “I never said that Si Nai’s fiancée is a noble. She could be a noble or could be a commoner!”

Li Mo’s simply words made everyone in the hall silent.

Luo Qing Chen narrowed her eyes and slowly stood up. She moved towards Mi Zhi step by step, looking at her with cold eyes, “Mi Zhi, Mi Xue Na’s half sister who normally lives in France. You came back this time to take revenge for your big sister, deliberately joining the commoner’s class and acted as a sweet girl to approach Li Si Nai, what a pity.....”

“You.....” Mi Zhi bit her lip and looked at Luo Qing Chen in disbelief as she muttered, “What nonsense are you saying?”

“Do you still remember what I said to you when we first met?” Luo Qing Chen said with a chuckle, “Whether I’m speaking nonsense or not, you and I both know in our hearts.”

As soon as her voice fell, the guard looked at Mi Zhi and said in a strict voice, “This miss, please.”

“I.”

“Director Li has already said it clearly. If you won’t cooperate, don’t blame us for using forceful methods.”

At that moment, Mi Zhi felt like a clown and everyone was watching her performance.

Li Mi, Li Si Nai, and Li Si Nai’s fiancée. This was clearly a meeting for the Li Family and an outsider like her was pointing fingers.

This really....was too embarrassing!

Mi Zhi took a deep breath and endured all her rage. She revealed an ugly smile as she looked at Li Mo, “Then grandfather Li, we will be leaving first. Please call me if anything goes wrong.”

“Nothing’s wrong with me.....” But a sharp look appeared in old master Ye’s eyes, “But I can’t guarantee if anything will happen to the Mi Group.”

Since she had the ability to bend the truth, she should have the ability to endure the consequences!

As the largest group in A City, the Li Group’s family affairs being dictated by outsiders would be laughable.

Mi Zhi was stunned and wanted to say something, but she fell to the ground after being pushed by the guards and was finally dragged out of the banquet hall.

This was probably the most embarrassing thing in her life, she definitely couldn’t let this revenge go.

So what if she was Li Si Nai’s fiancée, she Mi Zhi was half a noble in France. She wouldn’t lose with the power of a foreign country!

China really was a trash place, the status of commoners and nobles weren't perfect. They let lowly commoners approach nobles, this kind of combination made the children born so dirty!

She was a noble, a true noble! Now that Li Si Nai had been tainted by a lowly commoner.

He was no longer worthy of her in her eyes!

Her mother.....would be back soon, she would let Luo Qing Chen know when the time comes.

What was an elegant noble and what was a lowly commoner!

Chapter 1049: Hello, demonic school hunk (Part 73)

After a night of 'recognizing relatives', old master Li was speechless from how moved he was.

He was not just the director of a large group, he was also an old man.

When they returned to the Li Manor, he brought Luo Qing Chen and Li Si Nai to a dusty room.

The hall was clean and the room was surrounded in fresh flowers.

Old master Ye took out the key from his pocket with trembling hands and his tears came out.

"I always told you this was a forbidden part of the house, but actually it's something that grandfather has never been able to face." Li Mo spoke very slowly.

It was like the memories of the past swelled in his mind.

"I know." His memories of his mother were too vague, he only knew that she was a very powerful designer and the blue diamond ring on her fingers was her final work.

It was named Fate.

"Ai." He gave a sigh and opened the door.

It wasn't darkness, but rather a very warm light.

The room was very big, at least a hundred square meters. In the center there was a comfortable bed and the walls were covered in photos.

Luo Qing Chen recognized her mother in many of those photos.

"Is your mother doing well?" Li Mo suddenly asked, making her heart tremble.

She didn't know what happened back then. She just knew that the French royal family was in turmoil when she was born, so her father had her come back incognito to comfort them.

She was only one years old then and didn't have any memories. Her mother should have met Li Si Nai's mother at that time and became friends.

"Quite good." She said with a bit of melancholy in her voice.

Because when she turned, she saw Li Si Nai with a bit of a sparkle in his eyes. He was standing in front of a wedding picture and in that picture were his parents.

"If you're having a bad time, you can talk to grandfather....." Old master Li's voice was filled with ripples.

From this position, it was already hard for him to walk and his hand holding the cane was trembling.

"My mother is very good." She slowly walked to Li Si Nai's side and patted his shoulder, "With Si Nai here, I'm fine."

"Good.....Good....." Old master Ye saw that they could find each other in the darkness, so he felt comforted.

Although the process was a bit tortuous, it had ended well.

"Grandfather." Li Si Nai turned and there was a darkness that covered him. He looked up slightly and said, "Mother's car accident that year....."

"It wasn't an accident." After a while, old master Li's eyes turned cold and a chill came from him.

"They worked together?" As the young master of the Li Family, he had to take revenge for this evil.

He narrowed his deep eyes and he was very calm on the surface, like he was talking about the past.

But Luo Qing Chen knew that his eyes were serious.

"All dead." Old man Li crossed his hands and looked at him, "Do you remember the turmoil ten years ago! There in only the Li family and the Nan Family in A City, there is no longer the Yuwen and Ning Families."

"It's them?" Li Si Nai was very surprised. He never thought that the matter of the past would be related to them.

"Killing my daughter and forcing my son in law to death....." Old master Li narrowed his cold eyes, "I want their family to pay the price of extermination."

Chapter 1050: Hello, demonic school hunk (Part 74)

Li Mo had never planned on telling Li Si Nai about this, but now the other half of the ring his daughter left behind was here.

The new generation of the Li Family should begin.

"Child, can you let me see your ring?"

Luo Qing Chen nodded and took the ring off her finger.

Li Mo took the ring and didn't speak for a long time. His hand trembled and his tears were flowing when he turned around.

"Grandfather....." Li Si Nai knit his brows, looking a bit worried.

"Don't worry." Li Mo waved his hand, "Now grandfather is assured in handing the Li Group to you, you and Qing Chen will be fine."

Luo Qing Chen thought that when Li Mo said these words, it was him showing concern for them.

But she didn't know that there would be bad news from the Li Family three days later.

The old man who had always been strong never woke up again after falling asleep after a rainy day.

The doctor said that Li Mo had a serious heart illness, but he had always held on for the Li Family and for his daughter's last wish.

When Li Si Nai was in Li Mo's office, the people who had been with the old master for many years told him what happened.

"The old master's situation hasn't been good over the past few years. The doctor said that he wouldn't live more than three months last year, but he said that he couldn't die. There were times where living was more painful than death."

Li Si Nai saw the drawer filled with painkillers and his eyes couldn't help misting over.

He always thought that his grandfather was a strict person who cared about his position.

But he didn't know that in Li Mo's life, he was immersed with helping his daughter find that girl.

After all these years, he used all his resources, but he couldn't find the girl with the other ring.

When he felt it was impossible, his grandson had brought that girl to him.

What an incredible fate to appear at the end of his life.

"Young master, the head disciple of the French foreign affairs minister will be coming tomorrow, I'm afraid—"

"What? Is Mi Zhi planning on using this relationship?" Li Si Nai raised a brow as a deep look appeared in his eyes.

He was the only member of the Li Family left. Because his father had married into the family, he was decided as the Li Family's descendant and took his mother's surname.

As the only successor of the Li Group, Li Si Nai seemed to have become a very calm person overnight.

"Young miss Luo isn't a member of this circle, if they make it hard for her, it will be hard for the Li Family to deal with it."

"No one can bully my fiancée even if my family collapses, not to mention a diplomat's apprentice, it's the same even if it was the diplomat. I still haven't seen anyone trying to cause trouble on my territory yet!" Li Si Nai's eyes turned cold.

The next morning, Li Si Nai sent a text message to Luo Qing Chen to not let her come to school today.

She could also guess what was happening and didn't plan on going.

Because Mi Zhi didn't want to just deal with her, it also included Su Xiao Xiao.

The Royal Academy of A City was currently having an exchange program with a royal school in France.

At this point, the people from France were all distinguished guests of the school.

“This is miss Bai Na, she came from France. It really is an honour for you to come all the way to our school.” The principal gave a bow, speaking in a respectful voice.

“Un, the environment isn’t bad.” Bai Na nodded before deliberately saying, “I heard that your school also enrolls commoners?”
