Chapter 1071: Hello, demonic school hunk (Part 95)

The wedding went very smoothly and Luo Qing Chen was confused the whole time, but Su Xiao Xiao explained it to her later.

Since the day she disappeared, Li Si Nai had been planning this wedding.

Nan Luo Ze had asked him more than once that if she didn't come back, how would the wedding end without a bride.

He just casually said with a smile, "Why can't it end? The bride will always be her, it'll happen sooner or later. At worst, we'll wait until the next life."

He had said these words in such a casual manner that even Su Xiao Xiao had been stunned.

These were the most touching words that a man could say.

I'll just wait for you, don't rush. If you don't come back in this life, there's the next life.

—

Three days later, at noon.

In the same cafe, but there was an 'unusual' feeling.

"Mi Zhi's final verdict comes out this afternoon....." Su Xiao Xiao looked at Luo Qing Chen and said with a bit of worry, "I'm a bit afraid....."

The Mi Group's backing wasn't something casual. Even if they had brought out evidence and with the pressure of the Li Group, they had continued to appeal and drew out the lawsuit for over three years.

Today was the final verdict of the court, so naturally Su Xiao Xiao was nervous.

"Relax, the reason they waited three years was for god to let me see how she looked like being executed." Luo Qing Chen narrowed her eyes and looked at the clock on the wall before slowly saying, "It's about time."

In the court, the Mi Group had used every method of using money to prevent Mi Zhi from receiving the death sentence, but the court had decisively rejected them.

A life for a like, that is something natural. Letting her live three more years was a favour from the heavens.

When she saw Mi Zhi, she completely overturned this idea of receiving a favour.

Mi Zhi standing on the trial bench had very neat and clean clothes and hair.

But her face had doubled in age. Perhaps these three years wasn't a favour for her, rather it was a form of torture.

Luo Qing Chen didn't just see Mi Zhi, she also saw Bai Na. The woman who kept screaming about commoners and nobles, now she looked like an old woman with white hair.

The original hostility was gone and now there was only deathly silence in her eyes.

When the court gave their final verdict, her eyes turned from deathly silence to despair.

"We will uphold the original verdict!"

Mi Zhi's body trembled and she slowly turned. When she saw Luo Qing Chen again, her eyes that were as calm as water once again lit up with the flames of hatred.

"I won't let you go even if I become a ghost!" This rough voice sounded in the courtroom. Bai Na immediately charged and knelt in front of Luo Qing Chen, grabbing her skirt, "Your highness.....I beg you. You can do whatever you want to me, you can take all my money, just give Mi Zhi a chance to live! Anything is fine....."

"Don't beg her!" Mi Zhi also wanted to charge over, but she was firmly detained.

Luo Qing Chen's expression didn't change at all. She turned to help Bai Na up before turning to leave, not stopping at all.

She helped Bai Na not out of sympathy, but because of one phrase——

She pitied the parents of the world.....

Chapter 1072: Hello, demonic school hunk (End)

The next afternoon, Mi Zhi was executed.

Until the last moment, Bai Na kept begging Su Xiao Xiao to drop the charges, but Su Xiao Xiao wouldn't agree!

It wasn't because of Luo Qing Chen, it was because of her own decision.

"Xiao Xiao, I feel that you've changed." Luo Qing Chen narrowed her eyes as she revealed a faint smile.

She was surprised before pursing her lips into a smile, "If I knew that I would meet Nan Luo Ze in this life, I think I definitely would have made myself the best me so I could match him."

In her eyes, Nan Luo Ze's appearance was like the light that had shined right into her heart.

"In my eyes, Su Xiao Xiao is the best girl." Luo Qing Chen looked at her with a smile.

"No....." She shook her head before looking at Nan Luo Ze who was parked not far away. She turned to look at Luo Qing Chen and the sunlight shined down right on her face, looking very good.

She gave a chuckle and looked at her intently, "If there was no Luo Qing Chen, there would be no Su Xiao Xiao. Thank you for saving me....."

The final words had been said very softly, but Luo Qing Chen had heard them.

When she left, Su Xiao Xiao kept having a strange dream. When she jumped off, everything had frozen for three minutes before strangely going back.

That radiant girl had appeared behind her, like a knight to save her from the brink of death.

Over time, she gradually understood that this wasn't a dream. It was perhaps an alternate world.

—

They lived a happy life in this world, until they reached their old age with white hair.

The sun was just right that day. Luo Qing Chen was sitting in the rocking chair when she suddenly thought of something and called Li Si Nai.

"I remember that you put your LV bag in the innermost drawer in the study, take it out."

"LV.....bag?"

"Right, it was at the airport.....was it at the airport....."

"You, I already said that you were old!"

Li Si Nai walked over to the study and took out the big bag from the inside, which was the bag that they had accidentally swapped back then.

After not seeing it for a long time, it was actually hiding here.

This letter came from a person, a person from afar.

Actually this person didn't exist.

Only before he had met her, he would have a strange dream.

He played different roles in those dreams and he always met the same person.

In the dreams, he could completely remember that person's appearance, but he didn't have a single impression after he woke up.

Over the years, the dreams appeared again and again. He felt that it wasn't normal, so he decided to write down the stories and send them to her in the dream.

But Luo Qing Chen never knew about this matter.

She thought that the person Li Si Nai wrote to was a girl that he could never forget.

"These letters.....who did you write them to....." Luo Qing Chen took a letter and asked with a bit of jealousy.

"I don't know." He shook his head as he hugged her before saying in a warm voice, "It's been too long, I almost forgot what I wrote."

"Humph." Luo Qing Chen gave a soft snort and opened the letter.

There were only a few lines in that letter, but she could understand.

[The years pass, but we are still the same. I would like to spend the rest of my life with you living this normal life with hand in hand. —A love letter from a film empress' CP.]

Chapter 1073: Side story: Meeting you, losing my life

I bet that you will fall in love with me, just let me win this time, alright? I can lose to you in the next life.
——Nan Luo Ze

The first time I saw Su Xiao Xiao, I didn't think that she was that dazzling. I just felt that she was a very normal girl.

Standing in the most inconspicuous place. I only noticed her in that dim alley as she was on the ground not saying a word, holding her head with her hands and trembling slightly.

People kept insulting her and splashed mud on her, but she didn't plan on looking up or even agreeing to their requests.

Without knowing why, there was a strange impulse in my mind, which ruled over all the thoughts in my mind. At the same time, I saw a youth standing not far away.

I knew him, F Class' school hunk, Su Jing.

I could even see a different feeling in his eyes, feelings that made me feel uncomfortable.

So right after that, I appeared in front of Su Xiao Xiao.

At that moment, I felt that it was the most dazzling moment in my life.

Because I never thought that for a girl.....I would fall in love at first sight.

She was very careful when she was in my car, like she was afraid that her clothes would make my car dirty.

When I looked in the rearview mirror, I suddenly felt a bit of pain.

The worry in my heart made my brain burn and I stepped on the pedal, showing off various drifts.

She looked panicked and was so scared that she couldn't speak.

Un, I felt a special sense of accomplishment at that time.

When we were playing Truth or Dare, I wanted to ask some straightforward questions, but I couldn't do it.

She was a very good girl and when I met this girl for the first time, I was a bit nervous.

Seeing her fall asleep with just a single glass, I told myself that I would never let her touch alcohol.

Why should a girl drink wine.....

Speaking of my defeat in this life, it would definitely be her!

Her name was, Su Xiao Xiao!

After the opening ceremonies of the relay race, the relationship between me and her was confirmed.

After all, I picked her up in front of everyone, so the entire school knew that I liked her.

When I really liked a person, I didn't want to hide it at all.

It was her, it wouldn't change because of anything. Whether it was money, status, or position.

I always talked to her and we were together because I was Nan Luo Ze and she was Su Xiao Xiao.

Nothing else.....

Until that day when her grandmother passed. I found that I hadn't entered her world at all since the beginning.

Luo Qing Chen said that she had a very special depression, but I didn't believe.

Until I saw her jumping off the building holding her grandmother's ashes, I found that her heart was this fragile.

I thought that she was just timid, I never knew that her world never had any light.

And how I hoped that I could become the light in her heart. No matter how long it took, as long as she could stand by my side in a wedding dress, all my efforts would be worth it.

I thought that the time before told me that there would be a very special girl who would appear in my life. She wasn't dazzling, she wasn't radiant.

But on the day she smiled at you, you would find that you would have the whole world.

Chapter 1074: Side story: Thank you for teaching me the difference between kissing and artificial respiration

March, when the snow turns to rain. It doesn't matter if it's cold, I will be here waiting for you. ——Li Si Nai.

The first moment I saw her, I really had the urge to roll her up in a ball and throw her!

After all, there were many people who liked me and quite a few people who wanted to approach me, but she was the first to approach me like this.

Although I learned that she didn't want to approach me, I felt a bit uncomfortable.

Our story didn't have any large ups and downs. When I fell in love with her, it was in the yard. That kiss that lit up my eyes, it really made my heart skip a beat.

I never thought of what kind of girl would attract a person like me. But when she kissed me, I only had a single thought.

Kiss back, kiss back, kiss back.

These words filled my empty mind and I did what they said.

I liked that feeling of being matched, so I didn't understand why Nan Luo Ze would like Su Xiao Xiao.

In my eyes, only a strong match could attract me.

Even if she wasn't a 'noble', I could feel her strength.

When facing those nobles, she always looked down from above them.

Other than once when she almost lost our couple ring.

Although I was very angry, when I personally helped her, there was a bit of excitement in my heart.

She really was very special, as if she always had confidence in herself. She never retreated no matter what, bravely moving forward.

That three point shot was simply going against the sky, I didn't like how those boys looked at her.

She only belonged to me, it was fine whether she was outstanding or not.

The owner of the ring was actually my destiny.

Of course only in the end did I know that it didn't matter whether she was a match for me or not.

Actually as long as she came back at the agreed time, three years passed by in the blink of an eye.

Our story continued through our lives and we argued until we grew old, but I was always the one who gave up first.

After all, she was my family's cutest daughter in law.

When the four of us gathered together for a meal, Nan Luo Ze said something to me.

She really didn't seem like your family's daughter in law.....

I almost sent a punch in anger from this, but he quickly added something.

She seems like your family's daughter.....

I was silent for a bit after hearing this before nodding.

If two people spend a long time together, the way they get along changed.

For example, she became more and more dependent on me and I became more and more pampering.

She didn't like outsiders, so no matter how big our villa was, it was only the two of us.

She watched TV while I cooked.

She played games while I washed the dishes.

When I was doing the chores, she would be in charge of being two steps behind causing trouble.

However, I would carry her to the sofa and without another word, I would press down.

There were many brothers who asked me how it felt for a young master to become the one doing chores for a 'daughter', would it be boring?

I thought for a long time before giving them the answer in my heart.

I don't know what the future will bring, but at least I enjoy it now and don't feel bored.

Because my intentions hadn't changed, I would be good to her!

Chapter 1075: Little theater side story

Dang, dang, dang, dang, dang, the annual little theater has been activated for this world!

The system is also very excited. This time we will interview the arrogant demonic school hunk male god, Li Si Nai!

[Let's not talk too much, now let's enter the most exciting ten question session! Welcome male god young master Li!]

"Ask!"

[.....] The system silently said in its heart: The system doesn't like this wild young man at all.

"Quickly ask." Li Si Nai impatiently looked at the non-existent system.

Then the system fell!

["First question: What was your first impression of our host?"]

"Cute, gentle, and a considerate beauty."

[Like the system believes your.....]

["Second question: Who do you hate the most in this world?"]

"Mi Zhi."

After all, that so-called noble had made her leave for an entire three years.

It wasn't long or short, but it was a kind of loneliness that no one could understand.

[The system also hates her!]

["Third question: Tell us something that was funny in your life?"]

"We had a cat and I would tell it to come to dad. Then she said to me, whoever has an animal call them dad....."

[And then, and then!]

"And then I told our cat to come to big brother! Or I would say come to auntie Qing Chen!"

[Did the host not hit you?]

"She did! It really hurts....."

["Fourth question: What did you normally do for fun?"]

"We played PUBG!"

[What is that?]

"It's a shooting game! She normally asked me: Who am I? Where am I? Who's shooting me? Why did I die?"

[You're saying that the host is a noob.....]

"Girl's aren't suited to playing those games. Of course I would definitely take the head of whoever killed her with a single headshot."

[Ha, ha, only game god!]

["Fifth question: What do you think the host lacks?"]

"Easily impulsive! I don't know why, but when she was bored, she would write novels! She was very excited whenever she wrote about face slapping! When we were having a meal, there was some white face that came over and she let out a long list of words without pausing.....she was slapped so hard that she forgot everything!"

[Pu, ha, ha, this system is laughing to death!]

["Sixth question: What do you think is the host's best point?"]

"Very handsome when slapping face!"

["Contradictory....."]

["Seventh question: What would you do when a love rival appeared?"]

"Block!"

[The system has a shivering feeling!]

["Eighth question: When were you the most angry in this life?"]

"I was never angry after getting married....." He thought about it before continuing, "I was before marriage, when we were playing Truth or Dare! No matter what I asked, she would never answer and her tolerance was good! So angry....."

[Ha, ha, ha.] The system covered its non-existent mouth and laughed a few times.

["Ninth question: Do you have any wishes?"]

"That this life can be longer and she wouldn't leave....."

["Tenth question: It seems like it's not possible! Then tell her something, you know she can hear it!"]

"Quickly come find me! Don't you dare delay! There's not much time! I'm waiting for you, waiting for you in the same place!"

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 19/100]

Chapter 1076: Good night, sick big brother (Part 1)

[Ding, welcome back, host!]

There was no special feeling coming back this time, rather she felt that she hadn't been back in a long time.

[Has the host missed the system!]

"No!"

[Does the host not want the system in the future?]

"Trash system, what is there to miss!"

[Humph, don't regret it, host! Anyway, it will be a long time before you see the system!]

She was very happy, but the ending had caught her off guard.

Now, everything has gone back again and it seemed like it was repeating itself. She really was a bit afraid.....

[Yes, host!]

“What does it mean? You wouldn’t be telling me that there’s no you in this world, right!” She suddenly regretted complaining about the system just now.

Moreover, she wanted to work hard to take it back!

[Sorry host, you are entering a special world.]

[The system must remind the host that this world has abilities, but you don’t have any.]

“Does the male lead?”

[Yes.]

“What are his abilities?”

[Mind reading! But he can’t read the host.]

“Also?”

[He can create ice and he is several times stronger than normal people, but he normally doesn't use it.]

“Why does it sound strange.....”

[Yes! The male lead has a special personality, the host will understand after receiving the memories.]

“Do the supporting male and female leads have abilities?” She had to ask clearly since she was a normal person entering this world.

[There's no one in this world with abilities other than him.]

[Is the host prepared?]

“No!”

[Currently importing memories, please accept them, host!]

Chapter 1077: Good night, sick big brother (Part 2)

When Luo Qing Chen accepted the previous host's memories, she felt her world views were about to collapse.....

No matter how much she liked slapping face, she at least saw herself as a 'good' person.

What she could do and what would go against her conscience, this was something that she was clear on.

After all, in her eyes, the heavens saw what people did. No matter what, you had to be worthy of your conscience.

But the previous host wasn't.....

This previous host was a bad person, it could be said that she was a bad person who collapsed.

Because she killed many people, including Du Jiu Sheng's little sister, Du Jiu Ling.

This incident was completely covered up by her incredibly powerful stepfather. The Du Family was the strongest family in Qian City.

The previous host's father died early, creating a twisted personality for the previous host. Her mother had married the male lead's father Du Jie.

She officially entered the Du Family. The male lead had been studying abroad and the male lead's little sister lived with her.

Cold words were the skills a young miss had to have and Du Jiu Ling kept causing trouble for the previous host with her status as the first wife's daughter.

The previous host had been in the Du Family for a year when she designed a trap for Du Jiu Ling to 'die in an accident'.

Du Jie didn't feel many emotions after learning of this matter because in his eyes, the previous host was more important than his daughter.

Because he was madly in love with the previous host's mother, Xia Wan.

As for the previous host.

High IQ, high EQ, good face, a good figure, and a delicate voice gave her a very strong charm.

Good looks weren't considered much, but a heaven defying appearance changed many things.

For example: Grabbing plenty of people in the school.

For example: A high IQ not only gave her the admiration of boys, there were many girls that liked her too.

Smart people can live to the end, and stupid people were the first to eat the 'poisoned crabs'.

She was always this smart. No matter who she killed, she always made it seem like an accident.

There was no one who knew that she killed people other than her stepfather Du Jie and.....

Her stepbrother of different parents, Du Jiu Sheng.

Her death was because she fell in love with Du Jiu Sheng, love made people confused. The male lead was the same as her, in order to take revenge for his little sister, he had led the previous host into a soft trap step by step.

As the school hunk, the male lead naturally had many fans. The previous host had used her high intelligence to kill them one by one and Du Jiu Sheng knew everything, but he 'still' treated her well.

When the previous host thought that she would live a happy life with the male lead, the male lead had shattered this dream.

In the world of love, whoever became serious first lost.

Actually the day the previous host and the male lead met, the previous host had said: You mustn't fall in love with me, I am here for revenge.

Perhaps time looped and killing people had a price.

Perhaps this was life, perhaps this was the 'so-called' love that was more important than life.

In the end, the previous host couldn't accept this fact. She had lost, she had lost to the male lead, she had lost to this so-called love.

Actually, the previous host had the same thought as Du Jiu Sheng. She wanted the other side to fall in love with her before cruelly abandoning the other side.

However, this person with high IQ and EQ couldn't beat the male lead's plot.

In the end, she died to the word 'love'. Her personality was her final thing, so she cut several of her arteries and headed to the male lead's room step by step, dying in front of him.....

Chapter 1078: Good night, sick big brother (Part 3)

Now time has returned to a year ago. Du Ling Er had just died and Du Jiu Sheng was about to come back.

Luo Qing Chen sat straight up and took a deep breath as she seriously recalled the story of the previous host.

Her hands weren't stained in blood, other than Du Ling Er's.....

But her death couldn't be completely blamed on the previous host.

A hand can't clap alone and a rabbit would bite if it was forced in a corner, not to mention someone with a somewhat twisted heart.

Luo Qing Chen opened her eyes to look around herself. She had a lace-filled princess room with a luxurious five stage wardrobe that was filled with all kinds of cute loli styled clothes.

It was the day Du Jiu Sheng was coming back and the seventh day after Du Ling Er's death.

She suddenly felt a bit tired, this place really was depressing. She thought that when they met again, it would be a warm and pampering story.

But she didn't know that there would be a depressing feeling that made it hard for her to breathe.

There was a full length mirror in front of her. She chose a pink lace princess dress, a colourful rainbow crystal bracelet, and a hairpin with a bow. She was cute, but also gorgeous.

At that moment, she properly looked over her face. Indeed, it was incredibly beautiful.

With a face like delicate porcelain, clean and clear black eyes that seemed to glow, and cherry red lips that were tender. Her brown gray hair was curled at her shoulder, just like if a comb ran through it, it would come straight down.

Luo Qing Chen took a deep breath. With the high IQ of this body, she could roughly understand the process of this situation without a system and.....

The personality of the male lead.

This was a game of who would fall in love first.....The one who fell in love first would lose.

She didn't know when they returned to that day a year later, would everything begin again or if they could change the ending.

"Young miss, the master and the madame are in the hall. The young master's car has already reached the door." When she opened her door, Xiao Lu came over with a smile.

Xiao Du was a maid of the Du Family, she had been following her since she came to the Du Manor.

As for her character.....there wasn't much to say.

The previous host was very clear who Lu'er belonged to, since she was a very intelligent person.

The Du Family's villa was very big and it took her five minutes to walk to the dining hall.

When the door opened, there was a familiar aura in the air that made her heart unknowingly beat faster.

Looking into the distance, it was like ten thousand years.

"Master, madame, the young miss is here." The butler saw her first and her first sight was that familiar youth.

The same curve on his lips, those eyes like stars, and the skin like snow. He wasn't wearing the same camouflage uniform like last time, rather he was wearing a clean cut black suit, looking incredibly handsome.

Du Jiu Sheng slowly turned after hearing this and his eyes fell onto her as he trembled a bit.

He had long heard his little sister say that the daughter brought by their stepmother looked very good. She also said that she always gets along with her big sister very well. Although there were times her big sister didn't like her, she was very cute and would make her big sister like her.

This was what his good little sister normally said to him, but that so-called 'big sister' was this vicious that he couldn't stand her.

So what if she was beautiful, there will be consequences for killing.

The water in the wine glass on the table gradually turned to ice and the temperature around them dropped.

Luo Qing Chen took a deep breath before walking towards Du Jiu Sheng with her head up high.

It really.....had been a long time.

Chapter 1079: Good night, sick big brother (Part 4)

"You have to be good to your little sister, otherwise I might give the things you want to you even if I enter the grave." Du Jie swayed his wine glass and narrowed his eyes, as he released an irrefutable aura from them.

Du Jiu Sheng narrowed his cold eyes and he revealed a faint smile, "I'm afraid.....that's not up to you."

"Du Jiu Sheng!"

"Father, you can be assured, this little sister....." He paused as an unknown emotion appeared in his eyes. He looked at the perfect face not far away and said, "I will definitely take care of her."

Du Jiu Sheng slowly moved towards her. There was a flicker in his eyes as he slightly curled his lips, slowly moving towards her.

"Hello, I am Du Jiu Sheng." He reached out like a gentleman and took her hand, placing a kiss on the back of it, "I'm very happy to see you."

Luo Qing Chen's hand trembled. When those white fingers slid across her hand, there was a slight throbbing left behind.

Du Jiu Sheng slightly knit his brows at this.

“Long time no see.....” She bit her lip and slowly took back her hand. There was a bit of a sparkle in her eyes as she looked at him, “Mister Du Jiu Sheng.”

“You should call me.....big brother.” He raised a brow, looking at her in an elegant manner.

“Alright.” Her lips curled into a tainting smile, “Big brother.....”

Mister X, base, the Destiny Life Map, the Life Continuation Pool.....

Everything had turned into the past. She remembered the most painful thing, but he forgot.....

Du Jiu Sheng looked at her perfect face and a different emotion appeared in his eyes.

People who looked good were favoured by got, not to mention that she looked this good.

Seeing that she was trembling slightly, Du Jiu Sheng took off his jacket in a gentlemanly fashion and put it on her shoulders, “Don’t catch a cold.”

She closed her eyes and smelled the familiar scent from the coat, as her heart turned a bit cold.

Because she knew what he was thinking and she knew what his play was.....

A play of ‘loving a person and pampering them’, it was all to take revenge for Du Ling Er.

But what role would she play in this?

The Du Family really was a wealthy family, a single lunch felt like a Michelin Star restaurant.

Whether it was the main dishes to the side dishes to the desserts, they were all finely made.

Luo Qing Chen didn’t forget to look at Du Jiu Sheng’s face while eating. Today was the seventh day after Du Ling Er’s death, he could casually chew the beef in his mouth and didn’t look strange at all.

This youth, how strong was his heart.

She knew how powerful he was.

It was the same, but he was no longer the youth who had carried her out of the Life Continuation Pool on his back without hesitation.

He was as cold as his ability, turning water to ice.

“I’m full.” She slowly looked in Du Jiu Sheng’s direction. He was clearly not looking at her and was focused on his food.

Du Jie looked at him, “Anyway, you’re free this afternoon, go shopping with Xiao Qing! School is about to start, so buy some clothes or some school supplies.”

When Du Jie said this, both Luo Qing Chen and Du Jiu Sheng was stunned.

Today was the seventh day after Du Ling Er’s death.....This father not only was not planning to see his daughter, he wasn’t planning on letting Du Jiu Sheng go.

The surrounding temperature dropped as Du Jiu Sheng gave a chuckle, "Alright."

Chapter 1080: Good night, sick big brother (Part 5)

At half past one, she changed into a black and white dress after her shower and put on some MAC strawberry coloured lipstick before slowly walking down.

Du Jiu Sheng was leaning against the stairway. He had also changed, he had changed into a more casual outfit.

Luo Qing Chen took a step forward and looked over his appearance, feeling like it was out of this world.

Her mind filled with memories and they all spread in front of her eyes.

"Silly girl, what are you thinking?" When he spoke with a gentle magnetic voice, her eyes turned red.

"Nothing....." She looked up and said, "Just thinking of a song that suits us."

"What?"

"Actor."

His deep eyes were taken aback and an emotion that people couldn't understand flickered in them.

There were crowds of people on the road. Sitting in Du Jiu Sheng's luxurious Benz, she had a very depressed feeling in her heart.

This person came from the person beside her who seemed calm and overbearing.

She could see through his heart, see through the mist in front of her.

"Where does Xiao Qing want to go? Big brother will take you anywhere." His voice was very gentle. If she didn't know how much this man hated her, she would have fallen for his soft words.

How he hated this person in front of him, only he knew. This girl who seemed innocent, why could she cruelly kill a person and escape the law?

He didn't understand and didn't understand why this person didn't get her retribution.

But with his high IQ and EQ, he couldn't help admit that when this girl looked at him, there was a very strange feeling in the depths of his heart.

It was like at some time, he had seen this bright and cheery smile, a smile that suffocated one with its beauty.

"How about I guess where you want to go." She put her right hand on her cheek and looked out the window. She calmly said, "The Eastern Hill Cemetery, right?"

"Si." With a quick drift, she slightly knit her brows, but she didn't show any panic at all.

Rather Du Jiu Sheng on the side had an ice cold look on his face. His deep eyes kept changing and the bottle of mineral water on the side trembled.

Less than three seconds later, it quickly froze.

Luo Qing Chen looked at it, but she didn't say a thing.

Until Du Jiu Sheng's cold voice slowly came out, "You really dare go there?"

A murderer actually had the courage to go visit the person she killed, could it be that there was another secret to her little sister's death?

Or perhaps this girl sitting beside him was too confident.

"Why wouldn't I dare?" She raised a brow and her lips curled slightly to reveal a taunting smile.

Perhaps people couldn't see it, but he could see everything with his high IQ.

"I mean that for a cute girl like Xiao Qing, isn't it better to go somewhere else?" Du Jiu Sheng drove around another corner as he said, "Big brother can take you to a party, a cosplay party."

This cosplay party was to entertain rich people. Without the system, she didn't know when the supporting male lead and the supporting female lead would appear.

She didn't have a deep impression of these two in the previous host's memories. The supporting male lead was a Leng Yan Si should be a rich young master, the type that didn't give out his attention easily

His motto was: If you didn't wildly love someone, don't waste my time!
