Chapter 11: Deeply pampered by the emperor (Part 10)

After a second, Luo Qing Chen felt a strong force coming from her wrist.

Taking a step back, she fell into Zhao An Yang's embrace.

"Emp....."

"Wife, are you alright!" Zhao An Yang had a jealous look in his eyes as his overbearing aura consumed her bit by bit.

God, he's jealous?

"Wi.....Wife....." Su Li was clearly stunned. He looked up at Zhao An Yang and revealed an awkward smile as he said, "This is....."

"He is my husband." Luo Qing Chen revealed a faint smile, leaning her head against Zhao An Yang's chest as she spoke.

[Ding, affection has increased by five. Mission completion rate is 50%.]

Hu, good thing. Zhao An Yang really liked a small girl that would hide in his embrace and let him protect her.

"This one was blind, I actually didn't know that miss Luo was already married, I have been rude!" After a second, Su Li came back to his senses from his shock. He cupped his hands and politely apologized.

Although he didn't know who the man in front of him was, he could feel a kingly aura coming off this man's body. This definitely wasn't a normal person.

Zhao An Yang's brows slightly relaxed and he looked at Su Li with cold eyes. He said in an ice cold voice, "It's fine. It's already getting late, so we'll be leaving first."

Ancient era women would keep their hair up after they were married, but Luo Qing Chen had her hair down to her waist, so it was no wonder he didn't know she was married.

But why was there such anger in his heart? It was like if any men took an extra glance at her, his heart would be filled with jealousy.

After that, he took Luo Qing Chen's hand and turned to walk in the direction of the palace.

When they entered the palace gates, Zhao An Yang let go of her hand. He walked towards the royal study and didn't look back at all.

Without waiting for Luo Qing Chen's response, he had already disappeared around the corner of the corridor.

Her hand still had his warmth, but her heart was cold.

Thinking about it, it was her fault. After all, Zhao An Yang was the master of the eastern continent.

Seeing his wife talking and smiling with someone else, it was hard for him to not feel discomfort.

Thinking of this, she couldn't help complaining about the system. If it wasn't for it randomly accepting some side quest, her main quest line wouldn't be this bumpy.

[System notification: The male lead likes to eat the female lead's cooking!]

Ai, you've finally found a conscience, right!

You've finally found that your large mistakes had this kind of irreparable serious consequences, right!

[Host, please stop having a vivid imagination.....]

Humph. Luo Qing Chen gave a snort, showing that she didn't care about this broken system.

Cooking, she wasn't very good at that.

But she did think of some good dishes. As the saying goes, eating will fix things!

Not having a child after all these years, it had to be a bad kidney!

The system was very helpless, but wasn't planning on giving the host any hints.

Luo Qing Chen had helped Xiao Qiu and in four hours, she finally made a large table of dishes.

Among them was: Stewed turtle with tripe, lamb meat soup with goji, walnut black rice soup, yam stir fried with dried scallops.....

“Why do I feel like these dishes are usually different from what is served to the emperor.....” Xiao Qiu had a puzzled look, not knowing why her master had her make these.

“Just changing the variety. Help me place these dishes into food boxes, I’m heading to the royal study.” Luo Qing Chen gave a soft laugh, not planning on tell Xiao Qiu too much.

At this time, Zhao An Yang in the royal study was a bit worried.

He had just coldly left her alone, she must be feeling very sad.

It was all his fault. He clearly knew it was a mistake, but because of his jealousy, he still bullied her.

When he was planning to go to the Orchid Pavilion Palace to find her, eunuch Lin outside the door came in. He bowed and said, “Madame Luo is here to see the emperor.”
