Chapter 1131: Good night, sick big brother (End)

After Leng Yan Si left, she sat there alone in Du Jiu Sheng's room.

There was still a faint scent from him in this room, the faint scent filled his mind.

She put the tape into the machine and that familiar voice came from the screen.

It was a party at Leng Yan Si's villa.

Everyone seemed to have been drinking a long time and there were many half empty bottles of red wine on the table.

Du Jiu Sheng was holding a 73 whisky in his hand and his cheeks had a flush to them as his lips revealed a faint smile, making him look incredibly handsome.

"Ai, I say, Jiu Sheng, among the millions of flowers, you don't like a single one?" Leng Yan Si seemed to be a bit drunk as he teased him.

There were two more ice cubes in his red wine.

Du Jiu Sheng casually shook his glass, "In five years, she will appear."

"Aiyo, brother, you can read the future?" Leng Yan Si raised a brow, "Then tell me about it, what will be the person that you like be like?"

"Ah." Mi Tang looked a little depressed and pouted her lips, "Who is it that would only appear after five years....."

"Big brother Jiu Sheng, five years is too long, how about you choose Mi Tang! I feel that Mi Tang is pretty good."

"Right, right!"

A group of people gossiped as they enjoyed the teasing.

But Du Jiu Sheng's cold eyes narrowed and said with a faint smile, "My heart will only have her if she appears, I will never marry if she doesn't appear."

"Damn!"

"God!"

"It can't be that Jiu Sheng is this infatuated, right?!"

"Wait, wait, wait, wait." In order to stop the red wine from being frozen, Leng Yan Si drank it all down before asking him, "Then when will your future girl appear in five years?"

"The 3rd of December." He raised a brow as a sparkle appeared in those deep eyes.

"Really?"

"Un humph." He took a sip of the red wine, "Moreover, only one of use can live."

This was a dream that he had over the years. As someone from the Du Family with powers, he knew what this dream meant for him.

It seemed like he never thought that he would give his life for a girl.

But he became more and more obsessed with this matter.

She couldn't remember what played for the rest of the tape, she just knew that she unknowingly fell asleep.

His proud look, his domineering appearance, it was like she slept for a long time.

When she woke up, she felt like something was calling her.

At three in the morning, she got out of bed and put on a moon white sweater and a black plaid skirt that he used to love the most.

She put on the strawberry coloured Mac lipstick and a touch of Chanel 7 perfume.

She was dressed up carefully.

She drove Du Jiu Sheng's luxury Benz to the graveyard and by herself, she dug up the ashes in the cemetery.

The sky was filled with snowflakes and the gears of the train sounded.....

She hugged hisurn as she walked step by step until there was a soft breeze and there was a long whistle.

There was a strong light in her eyes as she stood on the tracks, closing her eyes and tightly holding the thing in her arms.

There was the first encounter that appeared in her eyes.

The first time, he took out the pistol and aimed it at her head, "I'll give you ten seconds to tell me your purpose in coming here."

She said, "I am your little fan!"

The second time, he was a gentleman as he took her hand, placing a soft and cold kiss on the back of it, "Hello, I am Du Jiu Sheng, I'm very happy to meet you."

She said, "Long time no see, mister Du Jiu Sheng."

[Ding, the host has completed the mission.]

Chapter 1132: Crossing my nine lives, protecting you forever (Part 1)

Kissing you in the morning and I'm satisfied with dying at night. ——Du Jiu Sheng

These words were what I wanted her to hear clearly, if she could still hear this.

At first she and I couldn't fight side by side, but this kind of thing doesn't just not happen if you're not willing.

Thirty thousand years ago, she was the seventh daughter of the king of hell. When she was born, all the flowers on the Chaos Continent bloomed for her, especially the flowers of the other side.

The good and evil factions had been balanced, but there was something that tilted that balance.

When the flowers of the other side bloomed, everyone would die. She was born very strong, but even the strongest people couldn't get past love.....

She was like this and I was the same. Reincarnating through a hundred lives, I'll be with you.

Only nine of those lives didn't just include soul fragments.

—— “The first record · The flowers of the other side bloom”

I was her big brother in this world, it was different from being the commander last time, we grew up in the same family.

When I first met her, it was December 3rd.

The weather was sunny without a single cloud.

I knew that she was the person who killed my little sister in the rumours, but I was strangely attracted to her.

Because she was like the person in my dream. I softly took her cool hand and wanted to know what she was thinking.

But then I realized that no matter how hard I tried, I couldn't read her mind.

I panicked.....

Revenge had already been thrown out of my mind at that moment and the story between us confirmed my thoughts bit by bit.

When I took her to the villa, Leng Yan Si had a different look when he saw her.

I didn't like that expression, but today was my little sister's seventh day after death.

As a big brother, I had to go see her.

Therefore, I left her at the villa.

Actually, I regretted it very much.

When I heard that Leng Yan Si drove out with her, my heart tangled.

When I met this girl for the first time, I actually had this feeling, it really was a bit incredible.

If you asked me, when did I fall in love with her?

It should be that night in the rain. She was wearing a black and white dress and she didn't panic even after falling off a cliff which made my heart tremble.

When she had a fever later, I guarded her. I would always see her slightly knit her brows while sleeping, making people's hearts hurt.

I made the decision then to investigate Du Ling Er's death again. I just wanted one answer, what that answer was wasn't important.

Because when some people walked into your life, they would take away all your love, it really was terrifying.

And she had done this to me.....

I was almost addicted to the role as a big brother. I liked how she called me big brother, I liked how she stuck to me, I liked how she would sometimes act arrogant.

But even if I wanted to hold her in my palms, I couldn't control my possessiveness and almost hurt her.

Because of one phrase: The person she liked was more elegant than me.

Without knowing why, when I heard this, my entire mind burnt like it was on fire and I lost all my reasoning.

It was a good thing that she forgave me.....

It was a good thing that she didn't hate me.....

It was a good thing that she also liked me.....

But I never thought that Mu Xi Nian would find her and would be so unscrupulous.

I hardly had any impressions of this girl, I just knew that she was the young miss of the Mu Group, I didn't know anything else.

But this girl had changed the ending for all of us.

Chapter 1133: Crossing my nine lives, protecting you forever (Part 2)

I thought that I was a person who would never panic, but when she went to save Dai Xiao Pang along, my mind was only filled with her.

Every moment, it took up all of my thoughts.

This was a feeling like my soul was being taken, constantly tearing me in half.

Actually, I should have believed that my father could deal with Mu Lan Feng, I shouldn't have gone to save him.

I should have gone with her to find Dai Xiao Pang, perhaps she wouldn't have been injured.....

Because it hurt me when she bled, I didn't want it to happen, not even a little.....

The traffic jam on the highway and the horns all around made me know that I couldn't wait any longer.

This was the "dumbest" thing that I had done in my life, running on the highway.

Ignoring everything, just hoping to reach her a bit faster.

It was a good thing that I could save her, it was a good thing that she wasn't heavily injured.

And because I used my ability to kill someone, I couldn't use it anymore.

Or it wasn't that I couldn't use it, rather if I were to use my ability to harm another person, I would suffer a rebound.

I hoped that day wouldn't come because I.....really wasn't willing to leave her.

If you asked me, did you regret losing your powers and becoming a normal person for her?

My response would be: What are powers? Even if I gave my life for her, I was ready at any time.

This was my obsession, deeper than anyone else's.

To me, her life was the meaning of my life, so I would always be protecting her.

But I never would have thought that blocking off a Mu Lan Feng, I couldn't stop a Lu Ou who suddenly appeared.

He really was the most powerful opponent in my life, I suddenly felt happy that I had powers.

If I didn't, I might not have been able to save her from Lu Ou.

It was a good thing, it was a good thing.....

But I still hurt her heart in the end. I watched her tears fall drop by drop like pearls and I didn't have the strength to wipe them away, I could only pull her into my arms.

I suddenly felt that I was useless, I couldn't even hug her when I was dying.....

I really liked hugging her, really liked kissing her, really liked firmly keeping her by my side.

If she didn't like it, I could apologize!

Then hug, kiss, and trap her more!

Apologize again after that since she was always my princess.

Actually, I knew my ending. It was like in my dream, only one of us would live.

And my obsession was crazy enough to hope that she lived.

As long as she wasn't hurt, it didn't matter what happened.....

But when I saw her in pain, begging me again and again, I found that I really was a cruel person.

I had let go, leaving her alone in this world.

She said that we met in a previous life! I felt really good because the person I fell in love with this life was also her.

She said that I had died saving her in a previous life! I also felt very good because I didn't let her get hurt.

I don't know if we'll meet again in the future, if the cycle of reincarnation would take care of me and let me see her more.

Actually, I didn't have much to pray for. I just hoped that when we met next time, the person she loved would still be me.

As for me?

I would love her 100%, there was no doubt!

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 20/100]

Chapter 1134: Righteous sect's demon path monster girl (Part 1)

When she opened her eyes again, she was in the Chaos Space. There was a light blue glow coming from the bronze mirror.

She took a deep breath as her face was expressionless and her eyes were empty.

[Host, host.....You're back.]

The system's voice sounded in her mind and she couldn't hold back the silent tears.

She didn't respond as she went to her bed step by step. She turned off the lights and dove into the blankets.

[Host.....Although this is very hard, the system hopes that you can adjust your mood.]

It knew that this kind of life and death separation was too cruel, but it couldn't help her.

When the male lead's soul fragments appeared in a world, the system could control holes in space and time to enter the world.

But if it wasn't just the soul fragment and was the origin as well, the system couldn't take the large energy and could only give the host the best stats.

"Un." She softly replied and didn't say anything else.

Right now it was like she had cast off her armour and was like a trembling cat in the corner, feeling the waves of pain and sadness come over her.

At this time, other than time, nothing else could help her.

She just wanted silence, she just wanted silence.

Twelve hours later, she poured herself a glass of water. The water in the Chaos Space was cool and light, without the slightest bit of impurity. The system said that drinking it could help forget many emotions.

But it didn't.....seem to be any use.

[Does the host need to exchange for a pill?]

"Yes." This time she knew that no matter how strong she was, it would be hard to get past this.

[Ding, 500 exchange points has been taken. Successfully exchanged for a healing pill.]

Luo Qing Chen closed her eyes after eating it. The memories in her mind gradually blurred and there was a feeling of living thousands of years.

As expected, time was the best cure for wounds.

[This one is several times better than the one the host ate last time. How does the host feel now?]

She gave a long sigh, "Continue."

What will come will come, she couldn't escape it.

She had a lot of dreams recently, it was like she could remember the things that happened thirty thousand years ago.

She had to move faster to kick aside the final curtain.

Chapter 1135: Righteous sect's demon path monster girl (Part 2)

The memories kept flowing into her mind or because she was crying too long, she actually felt a bit dizzy this time.....

This was a cultivation world, in other worlds, it was a world of immortals.

The Harmony Continent was split into four races.

Gods, demons, witches, and humans.

The previous host was a demon and the daughter of the Demon Shadow Palace's head, to be pampered since she was young as the first daughter. But because of her strict training, she spent her life in the Land of Profound Flames before the age of sixteen.

She had a strange personality, cold and arrogant.

In the memories of the previous host, she had no impression of the male lead, but she did have a deep impression of the supporting male lead Ye Zhi Han.

Because Ye Zhi Han was the fourth son of the chief of the witch clan. He was very handsome and powerful.

The witch race was neutral, being in between demons and gods, but the witch clan of this world favoured the demons.

The previous host and Ye Zhi Han's story started three years ago. When the previous host was training a high level demon art, she entered the heart of the Land of Profound Flames.

But she didn't know that the flames alarmed a divine beast and they were both injured in the battle. The previous host fell from the Land of Profound Flames and was saved by Ye Zhi Han.

The witch race were good at divination and Ye Zhi Han was the most powerful when it came to divination.

He already calculated the arrival of the previous host and had been waiting for her.

Thanks to Ye Zhi Han's careful care, the previous host's wounds gradually healed and she slowly fell in love with Ye Zhi Han.

When the previous host returned to the Shadow Demon Palace of the upper realm, the elders in the palace urged her to get married.

The Demon Shadow Palace and the witch race had a good relationship, so naturally the previous host's husband would be chosen from there. A row of portraits were placed in front of her and her finger stopped at Ye Zhi Han's portrait. She said in a cold voice, "I'm not willing to get married, but if I have to choose, I'll marry him."

Luo Zhu Xin in the Demon Shadow Palace was very surprised. As far as his daughter's power was concerned, there was no need to choose a son who only had decent aptitude, decent status, and only looked a bit good.

But Luo Qing Chen had passed the tribulation of the Red Demon and in the Demon Shadow Palace, eyes were the main thing.

White, green, blue, purple, red, and gold.

The previous host was a very powerful existence. The people in the Demon Shadow Palace didn't want to go against her, so they agreed to this marriage.

The marriage of the witch clan's chief's fourth son to the proud daughter of the demon race shook the three realms. The heavenly court decided to interfere with this matter as soon as they heard about this.

The supporting female lead Xia Mo Xing was a small immortal of the heavenly court, she fell to the lower realm for her disaster and became a singer.

The two met in the middle of the night and fell in love at first sight. Ye Zhi Han used the power of the witch race to divine that she was an immortal from the heavenly court.

As a powerless person of the witch race, his goal was to marry the previous host of the demon race.

But what would happen if he found true love halfway?

He wanted love and power, what did he have to do to get both?

In the end.....He decided to take a risk and did something very radical.

Because the Demon Shadow Palace was far from the witch race, they had to pass the Blue Sea Realm first.

At that time, Xia Mo Xing broke her soul and she laid in the Blue Sea Realm while being injured.

"Qing'er, this little fairy is about to die on our wedding day. She looks so pitiful, how about we bring her back with us!"

"Alright."

In the end, Ye Zhi Han became the witch king by marrying the golden daughter of the demon race, Luo Qing Chen.

Xia Mo Xing who was brought back by the supporting male lead became the previous host's 'good sister'.

Chapter 1136: Righteous sect's demon path monster girl (Part 3)

Time passed and in just a year, Ye Zhi Han couldn't help meeting Xia Mo Xing.

Even if the previous host didn't see it, she knew about this matter from the fragmented gossip.

She was a cold and arrogant persona, naturally she couldn't take two girls serving one husband, so she decided to confront Xia Mo Xing.

Xia Mo Xing knelt down in front of her and promised that nothing had happened with Ye Zhi Han.

She hoped that the previous host wouldn't chase her out of the witch clan.....

Of course, Xia Mo Xing didn't do this because she was afraid of the previous host, but rather because her second tribulation was coming.

She had to have the protection of the demon race's treasure, she even needed her 'good sister' to protect her to pass this tribulation.

Otherwise she might turn to ashes.

That day, Ye Zhi Han was strangely nervous, even preparing the 'Light Opening Curse' to help Xia Mo Xing block the tribulation.

When the previous host saw this, she knew that Ye Zhi Han had truly fallen in love with Xia Mo Xing.

She confirmed what many people of the demon race said, Ye Zhi Han had only married her to become the king of the witch race.

The previous host shook her head and finally decided to help Xia Mo Xing pass her tribulation.

After all, he was still the one she loved before. Xia Mo Xing didn't do anything to hurt her, she didn't care about a trivial tribulation.

In the end, when Xia Mo Xing couldn't take it anymore, the previous host helped her block it.

Perhaps it was because her heart was restless or because it was a terrifying heavenly tribulation, she was seriously injured.

Xia Mo Xing had apologized to her and was very nice to her.

Three meals a day with various delicacies, even fetching the Heavenly Mountain Snow Lotus for her.....

But because the previous host was injured by the heavenly tribulation, she couldn't get better.

It was not because the previous host as a Red Demon was weak, but because Xia Mo Xing had put a special poison in her food.

It was a poison specially made for demons, it was colourless and tasteless, known as: Stop Seal.

Once it was taken for a long time, a demon's primordial spirit would gradually scatter and finally disappear once it couldn't stop the poison.

The Stop Seal was a treasure of the witch race, only the chief of the witch race could access.

This meant that the one who poisoned her wasn't just Xia Mo Xing, there was also Ye Zhi Han.

Or it should be said that the two worked together to try and kill her.

Un, they had succeeded.

In the end, the previous host was poisoned by their despicable means. Her heart was filled with unwillingness, so the host Luo Qing Chen had appeared.

After she sorted her memories, Luo Qing Chen learned something from the system that the previous host didn't know.

It was that—

The person the supporting male lead always loved wasn't Ye Zhi Han, but rather the male lead Dong Zhi Xin.

She did all this to break the marriage between the witch race and the demon race, making the two races become mortal enemies.

At that point, the god race would take advantage of this, but the male lead was an ascetic and cold male god.

The head of the sect, the final god of the god realm.

He didn't live in the heavenly court, rather he lived in the sect, not caring about anything.

[Host, have you sorted through everything?]

Luo Qing Chen's chest felt bad, but she said, "Pretty much, so what day is it today?"

[Host, tomorrow is Xia Mo Xing and Ye Zhi Han's wedding day.]

She had something to say that wasn't appropriate.....

[Don't say it if it's improper.]

Whenever the system brought her to a world, it really was.....

Chapter 1137: Righteous sect's demon path monster girl (Part 4)

[Ding, due to the needs of the world, the host will receive a Spirit Exchange Pill, will have their primordial spirit returned, and the Stop Seal poison removed from your body.]

This was more like it, otherwise wouldn't she die as soon as she came to this world!?

Her soul had scattered by a half because of the Stop Seal she had taken all year, so the system giving her a Spirit Exchange Pill was like giving her a new life.

[How does the host feel?]

Very good!

In her memories, the previous host wasn't even conscious at this time. Therefore, she didn't know too much about the marriage of the scum man and woman, she just knew that they couldn't wait to get married before the previous host even died.

To be honest, this was an evaluation of her!

The previous host was clearly a demon from an upper realm, how could she live like a person in the lower realm.....

Perhaps, love really made people act humble!

Luo Qing Chen gave a yawn and changed her clothes. She wore a gothic black butterfly brocaded robe and put a golden hairpin with a black jade drop.

At this moment, she was like a flower that bloomed in the dark with an aura that couldn't be stopped as she headed towards Xia Mo Xing and Ye Zhi Han's wedding hall. There was a faint golden glow coming from the Exquisite Ring on her hand.

"Congratulations, congratulations, the chief is finally marrying the one he loves."

"Miss Xia really is beautiful, she is as beautiful as when we saw her in the Blue Sea Realm."

"If it wasn't for the demons being too strong then, our witch clan wouldn't have been forced to give them face and make our chief marry someone he didn't love."

"Elder Tong, you can't say that." Xia Mo Xing shook her head in her red dress, "Big sister has been very good to me, she even took the heavenly tribulation for me."

"That was because she felt guilty towards you, she even tried to force you away back then!"

"Alright." Ye Zhi Han knit his brows, looking at these people with a bit of displeasure since he did feel a bit guilty towards Luo Qing Chen.

Although they were married, they were only husband and wife in name. Then again, he had sacrificed this unrelated woman for power and love, this was indeed unfair to her.

But she must die. Xia Mo Xing said that if she died, she was willing to marry him.

He really spoiled Xia Mo Xing, so much so that he forgot his principles. He smoothed the edges of his heart and did something that went against it.

Xia Mo Xing could feel his discomfort and felt a bit unhappy, but she still revealed a very gentle look, "If Zhi Han doesn't like it, everyone shouldn't talk about it, alright?"

After all, to her, as long as Luo Qing Chen died, she could return to the heavenly court.

The West Queen Mother promised to send her to the Disturbed Love Sect and she would become a disciple as an immortal.

That way, she could stay by Dong Zhi Xin's side. This was her dream, she kept moving forward for that dream.

Ye Zhi Han looked at her with a gentle smile and took her hand, "Let's go in, the ceremony is about to begin."

The wedding ceremonies in the upper realm were different from the lower realm, especially for the witch race, which required the use of star hexagrams for weddings.

Ye Zhi Han closed his eyes and the sky above the witch race was filled with stars. Countless meteors created beautiful arcs in the sky, creating a beautiful river of stars.

But there was a cool as water voice that suddenly made everyone at the wedding tremble.

"The star hexagram technique relies on believing in god, but there is only one god on the Harmony Continent. He is too busy even if he comes, so how about I make a hexagram for you instead?"

Chapter 1138: Righteous sect's demon path monster girl (Part 5)

After that, the sky and earth changed. The bright starry sky was stained with a dark red and a powerful demonic power rolled forth.

"This.....Impossible....." Xia Mo Xing pursed her lips as her eyes filled with panic.

This intense demonic power was familiar. In the Shadow Demon Sect, only Red Demons and above could release this kind of pressure.

Then this person.....

Luo Qing Chen appeared in front of her with a wave of her sleeve, "You seem very surprised?"

"Luo.....Luo Qing Chen....." Xia Mo Xing took a step back and looked at her in disbelief.

How was this possible, her primordial spirit had half scattered from the Stop Seal! She was already dying, so how could she stand here looking fine!

"Ai, why aren't you calling me sister like usual?" She looked at her with absolute confidence, "Does the little heavenly immortal thing that she can stand firm here?"

When Luo Qing Chen's voice fell, the surrounding witch race elders rebutted her. It seemed like Xia Mo Xing had won quite a few people's heart during her coma.

Adding in Ye Zhi Han's firm stance, this kind of felt like 'everyone pushing against a wall'.

It was a pity that she as a wall wouldn't fall.

“So it was young miss Luo, it seems like you have had enough sleep and came out to stretch your bones?” Elder Tong narrowed his eyes which were filled with disdain.

After all, he didn't fear the demon race. At least this was the witch clan, she wouldn't dare mess around here.

But what he didn't know was——

Luo Qing Chen didn't hesitate to raise her right hand and the Exquisite Ring exploded with golden light, knocking elder Tong to the ground.

She used only 50% of her power, no more, no less.

Elder Tong spat out a mouthful of blood and his cultivation scattered.....

“What are you doing?!” Ye Zhi Han was stunned as he looked at Luo Qing Chen with wide eyes.

Luo Qing Chen was cold to outsiders, but she was obedient in front of him.

So when he couldn't block the heavenly tribulation for Xia Mo Xing, she had agreed when he begged Luo Qing Chen.

This kind of girl that followed him, why did she suddenly become like this.....

Could it be a side effect of the Stop Seal? Did she really take care of the Stop Seal poison? How was that possible.....

“Witch race?” Luo Qing Chen had cold eyes as her lips curled into a faint smile, “The witch race can't kill me with their treasure, how could you be qualified to fight me? With a weak little immortal?”

When this was said, everyone took a cold breath.

Her meaning was that Ye Zhi Han used the Stop Seal on her.....

“Demon.....Demon, don't you speak nonsense. How could our chief and miss Xia use the Stop Seal on you, stop speaking nonsense!”

“Un humph.” Luo Qing Chen waved her right hand and took out the Nine Section Moon Whip to hit his neck. With another 50% of her strength, that person fell to the ground.

No one dared to say another word.

As a Red Rank Demon, Luo Qing Chen's power was always above them. Then Ye Zhi Han had driven away his big brothers to claim power.

Even if all the witch race fought together, they might not be Luo Qing Chen's match.

Not to mention, if they injured each other, one side was one person and the other side was an entire race.

“Qing'er, let's talk.”

“Please call me with my surname.” Luo Qing Chen gave a cold snort as she looked at Ye Zhi Han with cold eyes, “We aren't close.”

Chapter 1139: Righteous sect's demon path monster girl (Part 6)

"Big sister Qing'er." Xia Mo Xing knew the situation and when she was about to kneel on the ground.

Ye Zhi Han firmly took her hand and said, "You are my bride, you don't need to kneel to anyone."

There was a determination in his eyes. Even if he wasn't Luo Qing Chen's match, he didn't want Xia Mo Xing to be hurt at all.

Actually, Luo Qing Chen still thought he was a man.

But his eyes really were lacking.

"Pa, pa, pa." She gave a soft clap, "We can talk, I'm not completely unreasonable."

Ye Zhi Han put Xia Mo Xing behind him and tightly knit his brows as he looked at her, "Speak, what do you want?"

"I want....." Luo Qing Chen's eyes fell onto Xia Mo Xing and she said, "Cripple your entire cultivation."

"No....." Xia Mo Xing hissed out, "You can't do this! I am an immortal, you are a demon, you will start a war like this!"

Xia Mo Xing's eyes filled with panic. She finally passed two tribulations, her power had finally increased.

That way it would be easier for her when she entered the Disturbed Love Sect. After all, she was more confident in herself being a little immortal than normal cultivators!

But if Luo Qing Chen crippled her, it meant that even with the recommendation of the Western Queen Mother, she wouldn't even pass the simplest test without a bit of power.

She couldn't join the Disturbed Love Sect, she couldn't stay by Dong Zhi Xin's side.....

"Why do you want her cultivation....." Ye Zhi Han pursed his lips. He wanted to compromise, but he wanted to help Xia Mo Xing as much as possible, "It was me who wronged you, everything was my fault, you shouldn't put the punishment on Xing'er."

He did feel guilty towards Luo Qing Chen, but Xia Mo Xing was the one he loved and he had to protect her.....

"So, you're not willing?" Luo Qing Chen had a dark look in her eyes that froze everyone, so cold that it made them all tremble.

"I....."

"Since you're not willing, then I'll just use my second plan." Luo Qing Chen released a dark red glow around her in layers that made people shudder.

With a soft snort, her lips curled, "I want her life."

She wanted to leave Xia Mo Xing alive since the male lead was from the heavenly court. Her identity was already a bit awkward, but she would become an enemy if she killed a little immortal.

Moreover, slowly torturing a person was better than killing her, right?

After all, the previous host had been tortured by her for so long, wasn't it too biased to let her die?

"Xiu." The golden light on her right hand mixed with the dark red glow, creating a powerful energy attack that headed towards Xia Mo Xing.

"Wait!" Ye Zhi Han stood in front of her and used all his power to open a barrier. He struggled to defend against only half of her strength.

"Just cripple yourself....." He bit his lip as sweat rolled down his face and pain filled his eyes.

After all, cultivation wasn't that important, it was more important that she was alive.....

Luo Qing Chen was like a demon that had suddenly appeared under the moon. She had suddenly become this powerful, it was completely different from the results of his divination.

Not only would Xia Mo Xing die if they fought, their entire race might be destroyed.....

Chapter 1140: Righteous sect's demon path monster girl (Part 7)

"What did you say?" Xia Mo Xing tightly held Ye Zhi Han's sleeve as she looked at him with eyes filled with tears, "I don't want to, don't let her cripple me.....Big brother Zhi Han, you said that you would protect me....."

How could she be crippled? If she was crippled, she could never return to the heavens and could never join the Disturbed Love Sect.

That man that she missed her entire life, she had worked so hard just to reach his side, how could she give up here!

"Relax, even if you have no cultivation, I won't leave you....." Ye Zhi Han looked at her eyes and patted her head in pain, "I will protect you.....We will no longer owe her anything....."

There was no other way, Luo Qing Chen was just too terrifying now. It was like she could kill anyone with a single look.

"Me cripple you?" Luo Qing Chen gave a cold laugh when she heard this, "I'm afraid of getting my hands dirty? How about you do it then."

As soon as her voice fell, her smile became wider like she was watching a show as she looked at them.

"You....." Ye Zhi Han was clearly stunned. He never thought that Luo Qing Chen would make him do it, how cruel of a thing this was.

This was supposed to be his day of happiness, but now he had to personally cripple her in a place where red ribbons were hanging.....

"No.....Big brother Zhi Han, don't do this....." Xia Mo Xing couldn't stop her trembling as she took a step back, "I.....I can leave the witch clan, I can go wherever.....Just don't cripple me, alright?"

Actually she wanted to say the most: I can not be with you.....Can you not cripple my cultivation since the person I really like isn't you.....

But she swallowed those words, she knew that she couldn't say them.

If she said them, it wasn't Luo Qing Chen who she would be facing, she would be facing the entire witch race.....

"Don't be afraid, don't be afraid, my Xing'er....." There was a white glow around Ye Zhi Xing's right hand as he moved it towards Xia Mo Xing's heavenly spirit.

His eyes were filled with unwillingness as he looked at Xia Mo Ling's eyes filled with pain, but there was no other way.

There was a 'peng' sound as the white light hit Xia Mo Xing's heavenly spirit. She spat out a large mouthful of blood.

Xia Mo Xing's immortal mark on her forehead disappeared and she covered her chest in pain, but she looked at Luo Qing Chen with eyes of hatred.

This was the first time she wanted to kill her, but she couldn't do it.....

Why did she suddenly recover her primordial spirit when she was close to dying, just what had happened?

But everything was something that she had no strength to investigate. She was no longer an immortal, she was no different from a mortal.

Ye Zhi Han tightly held her as he gritted his teeth, "Are you satisfied with this!"

Although this was to redeem their sins, seeing his beloved fall in his arms in pain, his heart couldn't take it.

"Ye Zhi Han, I advise you not to talk to me like this....." Luo Qing Chen gave a shrug as the red light in her eyes flashed, "I have a bad temper, I can change my mind at any moment."

"You....." Ye Zhi Han didn't have the ability to refute her at all.

Not being as good, this was the best way to describe it.....

Her left hand was covered in a red glow and a white piece of paper was in the air, as the gold glow in her right hand wrote a few words on the paper.

The paper fell down to the ground and there were two large words written on them: Divorce papers.
