### Chapter 1141: Righteous sect's demon path monster girl (Part 8)

Ye Zhi Han clearly never thought that Luo Qing Chen would give him divorce papers. It was clearly that girl who cared about him before, why was it now that....

“Ye Zhi Han, you and Xia Mo Xing used the witch clan’s treasure Stop Seal to poison me and wanted to scatter my primordial spirit, it was a good thing that god didn’t let despicable people like you succeed.” Luo Qing Chen gave a cold snort. Her dark eyes had a dark red glow as she looked at them and said, “But.....My demon race and your witch race can no longer co-exist. If we meet again, what I want will not be Xia Mo Xing’s cultivation, but rather your and her life.”

As soon as her voice fell, she waved her hand and the dark night suddenly became bright. There was a blood red glow that filled it, looking very dark and sinister.

“Peng.” With a strong sound that cut through the sky, there was a deep gap that was left on the grounds of the witch race. A single slip would make them fall into the lower realm.

She disappeared into the dark red sky, leaving behind the stunned elders.

They never saw what kind of ability the demon Luo Qing Chen used on the witch race, but now they knew that the gap between the demon race and the witch race was deeper than this gap.....

The previous host rarely showed her abilities because Ye Zhi Han had always said: You are my wife, if you are stronger than me, I have no face.

The deep love of the original host listened to his words and if Ye Zhi Han was there, she never showed her abilities.

She would rather let herself become the foil to bring out the radiance of Ye Zhi Han.

She had been cold to everyone, but she had only been gentle to Ye Zhi Han.

This was probably the worst part of the previous host for Luo Qing Chen, she was so good, so she clearly had better choices.

But she had to stay with this scum.....

Or perhaps, a man who fell in love with another woman.

But.....

Their love was their business, but to pull her down with them and make her die, that was not something she could easily forgive.

—

The previous host’s demon power were very strong. She didn’t feel tired after flying on her sword for several hours. She was very excited, so excited that she spoke to the system.

System, system! The previous host’s sword is so powerful, it’s covered in this deep dark glow. It seems to be called.....Drunken Dreams Sword.

[Yes! So why didn't the host use the Drunken Dream Sword now? Although it isn't as strong as the Exquisite Ring, it was more than enough to deal with the witch race.]

I'm not proficient with it, creating a mess halfway through face slapping isn't good! (\*—^—)

[Why doesn't the host kill Xia Mo Xing to avoid future troubles?]

Don't you feel that letting her live like this is worse than death? If I didn't know that she was doing this for the male lead, I would have killed her already.

[What does the host want to do?]

Do you have a way to hide my demonic power? Also help me change my appearance?

[Yes!]

[Ding, 500 exchange points has been taken. Successfully exchanged for Cherry Blossom Cream.]

[Ding, 500 exchange points has been taken. Successfully exchanged for Face Changing Pills.]

I understand the Face Changing Pill should be eaten, but how do I use the Cherry Blossom Cream?

[Host, it's also eaten! But why does the host want these things?]

.....

Luo Qing Chen calmly replied to the system after eating one of both: I want to go to the Disturbed Love Sect!

After all, she could only complete the mission by meeting the male lead!

But the Cherry Blossom Cream was a bit hard to eat. It was like eating a Cherry Blossom Tree and the scent of cherry blossoms came from her body.

#### Chapter 1142: Righteous sect's demon path monster girl (Part 9)

The Disturbed Love Cliff was far from the witch race. Luo Qing Chen changed into a cherry blossom coloured begonia embroidered robe and walked into the Land of Forgotten Rivers.

This place was very close to the lower realm.

She stopped on a floating cloud. There was a strong demonic power in front, it should be someone from the Demon Shadow Palace in the lower realm.

But in her memories, although the Demon Shadow Palace were demons, they didn't kill innocent people.

Even if they did murder people, it was normally the gods they killed. Their pride made them disdain killing people who couldn't resist at all.

But to make such a powerful demon energy barrier, other than the head and mistress of the Demon Shadow Palace, there were only two others.

Her little sister Luo Yao Yue and her childhood friend Feng Wu Ji.

When the previous host was going to marry Ye Zhi Han, Feng Wu Ji charged to the Blue Sea Realm to steal the bride. In the end, his primordial spirit was scattered and he was heavily injured.

It was a good thing that the palace head personally healed his injuries since he felt sorry for him and he slowly recovered his demonic power.

But.....Not long had passed, so it shouldn't have recovered to this point.

So the person who set this barrier in the lower realm should be her little sister, Luo Yao Yue.

Speaking of this little sister.....It was a bit hard to talk about.

They were sisters of the same blood, but their fates were completely different. The previous host was the golden daughter of the demon race and was heavily favoured.

But although Luo Yao Yue was born from the palace head and mistress, she was treated completely differently.

This made the gap between the two sisters become bigger. Then Luo Yao Yue liked Feng Wu Ji and Feng Wu Ji liked the previous host.

This was a love triangle that made Luo Yao Yue gradually hate the previous host, becoming like fire and water.....

She slightly knit her brows, planning to meet her so-called little sister. After all, when she was in the Demon Shadow Palace, she relied on the love of the previous host, but she also plotted against her.

The previous host could forgive this little sister, but she couldn't.....

She waved her right hand and the black feathers turned into pink cherry blossoms, as her nation collapsing face became normal looking.

This was the Face Changing Pill the system gave her. Not only could it change her face, it could also change the colour of her spiritual energy.

But to be honest, this face was a bit too normal!

When she had no expression, it felt like she had face paralysis.....

She was complaining about her face while landing on the Land of Forgotten Rivers.

She didn't know what it originally looked like, but now it looked no different from the profound flames of the Demon Shadow Palace.

With black smoke and dark demon energy all around, the air was filled with the smell of blood.

Since the Drunken Dreams Sword was too noticeable, she didn't take it out. Her current equipment was——

The Exquisite Ring on her hand!

“Miss Yao Yue, someone is here. It seems like she’s of the righteous path and has a bit of cultivation.....”  
A black clothed man pushed back his red hair as his lips curled into a demonic smile.

Luo Yao Yue closed her eyes and pursed her red lips, “You’re saying that I could reach the Red Demon Realm if I swallow her cultivation!”

No one in the Demon Shadow Palace cared about her all these years. She worked hard to break through, but she couldn’t compare to her big sister staying in the Profound Fire Land all those years.

From the beginning, she had been stuck as a Purple Demon. Now that Luo Qing Chen had married into the witch clan, she had to take her place.

That way, she would be qualified to stand by Feng Wu Ji’s side.....

#### Chapter 1143: Righteous sect’s demon path monster girl (Part 10)

“This person’s cultivation doesn’t seem high, so you might become a Red Demon.” Bu Ying narrowed his eyes, “But it should improve your cultivation a bit.”

“Big brother Ying, it’s been hard on you today.” Luo Yao Yue gave him a charming look, “Watch my performance now!”

As soon as her voice fell, she waved her sleeve and the black smoke became thicker, as a powerful demon power attacked her.

Luo Qing Chen narrowed her eyes and her brows slightly knitted. She jumped back to avoid Luo Yao Yue’s attack.

“Ai, not bad? It seems like your cultivation will be delicious, your blood must definitely taste good.” Luo Yao Yue was wearing a black semi transparent satin skirt as she fell out of the sky, being surrounded by blood crows.

Luo Qing Chen looked up with narrowed eyes. Luo Yao Yue who was standing in front of her looked exactly like a demon.

There was a trace of blood on the corner of her mouth and her eyes were filled with hunger.

“Just with you?” Luo Qing Chen narrowed her cold eyes and a faint glow appeared on the Exquisite Ring on her right hand, as she planned on making a move.

There was a cold blue glow that appeared around her, completely trapping her.

When she was planning on using the Exquisite Ring to break out, the powerful spiritual energy pulled her towards a direction behind her.

In an instant, she fell into a cool embrace.

Looking up, the face in front of her made her stunned.

This was a nearly perfect face and with the cold glow of the moon, the chiseled features became even more beautiful.

Dong Zhi Xin was wearing a moon white robe and there was a shimmering starlight over the Nine Star Sword in his right hand. He looked like he was prepared to fight at any moment.

[System notification: This is the male lead.]

Nonsense, of course I know! I can see the mark behind his ear.....

In the same position, the ancient black mark let her see who the other side was with a single glance.

Damn! This was the first time letting the male lead see this normal face! The matter of love at first sight should be far away.....

[Ding, affection has increased by five. Mission completion rate is now 5%.]

Ah?! What was this situation?

Dong Zhi Xin looked at the girl in his embrace. She looked very normal, but he didn't know why his heart was beating fast.

It should be the thick smell of cherry blossoms coming from her that made him stunned.

Or perhaps it was that simple 'just with you' that made him admire the girl in front of him.

In short, there was a feeling that he had never felt before that he rejected, but also wanted to accept.

"A trivial cultivator of the lower realm wanting to deal with a demon, you really aren't afraid of death." Dong Zhi Xin raised the Nine Star Sword and blue light came from all around him as he looked at Luo Yao Yue, "Hand over my disciple nephew and cripple your own demonic cultivation, or I will make your primordial spirit scatter!"

"Damn, Dong Zhi Xin." Luo Yao Yue pursed her red lips as she couldn't help taking a step back.

Bu An appeared behind her and he tightly held his item as he knit his brows.

There was a cultivator from the Disturbed Love Sect that came here that wanted to interfere, so they grabbed him and were waiting for the array to suck away his primordial spirit. But before the array could finish, the sect master of the Disturbed Love Sect Dong Zhi Xin had appeared.....

Actually they had never seen Dong Zhi Xin before, but they could recognize his divine weapon, the Nine Star Sword.

The only god of the Harmony Continent never left the Disturbed Love Sect, just what had happened today for this person to appear here today.....

Could it be the person they captured from the Disturbed Love Sect was very important to him?

#### **Chapter 1144: Righteous sect's demon path monster girl (Part 11)**

Time went back twelve hours ago.....

"Sect master, the disciple of sixth master uncle has vanished in the Land of Forgotten Rivers, they might already be dead."

“What is the situation?” Dong Zhi Xin narrowed his eyes and calculated with his right hand, “Demons.”

“Yes, the heavens have changed recently.” The little disciple replied, “The marriage contract between the demons and the witch race has changed, but it doesn’t seem related to the Land of Forgotten Rivers.....”

“It isn’t related.” Dong Zhi Xin narrowed his cold eyes and slightly knit his brows, “It’s another demon race person.”

“Sixth uncle master is planning on heading out to the Land of Forgotten Rivers to save his disciple.”

“Un.....” He softly replied, “Sixth junior brother has been busy with the new matters for the Disturbed Love Sect, so he doesn’t have time. I’ll go instead.”

“Ah?” The little disciple was stunned as he looked at Dong Zhi Xin in disbelief, “Sect master, you.....you want to go?”

The little disciple was stunned, he never thought that Dong Zhi Xin would go for his sixth uncle master.

Because since Dong Zhi Xin had taken over as the sect master, he had never left the Disturbed Love Sect.....

“Un.” He softly replied. With a wisp of blue smoke, he disappeared from the Ash Blue Hall.

As a god, although he didn’t have the same divination abilities as the witch race, he could calculate some things.

For example, an important person would appear, so he.....would want to go.

—

With the dark moon and strong winds, Luo Yao Yue felt a bit uncomfortable but she had to admit that this person was Dong Zhi Xin.

Not mentioning the Nine Star Sword, just the spiritual energy he released was not something that normal people could resist.

She finally had a chance to become a Red Demon.....how could she give it up?

The Land of Forgotten Rivers was covered in a demon race barrier. Whether it was god or witch, as long as this barrier wasn’t broken, the power of their skills would be reduced by half.

If she and Bu Ying were to deal with Dong Zhi Xin and a trash cultivator, it wasn’t like they had no chance.

“Yue’er, we should withdraw.....” Bu Ying narrowed his eyes as his entire body began trembling.

After all, he was very clear on what kind of person Dong Zhi Xin was.....He definitely wasn’t someone the two of them could deal with.....

“Why?” Luo Yao Yue pursed her lips in an unwilling manner, “Demons and gods were already equal and the power of gods are reduced by half here, why should we leave!”

She would soon have ninety nine dead and would use the demon altar to become a Gold Demon. Now that she was almost there, how could she give up?

As long as she became a Gold Demon, she could replace Luo Qing Chen in the Demon Shadow Palace, she would become the strongest younger generation of the demon race.

Other than her father, she would be the only Gold Demon.

Just a single step, how could she give it up!

“It seems like you don’t want to go?” Dong Zhi Xin narrowed his cold eyes. The Nine Star Sword exploded with blue light and created illusions of stars, as his spiritual energy directly lit up the dark sky.

There was just “pa, pa” sounds as the surrounding barrier collapsed, only leaving a few Dark Night Barriers that were over ten miles away.

“Xiu.” A powerful spiritual energy flew out at Luo Yao Yue. She gritted her teeth and was covered in blood as a blade formed from the blood of her mouth appeared.

“Peng!” There was a loud collision sound and Dong Zhi Xin returned to the center of the Nine Star Sword Formation.

Luo Yao Yue spat out a large mouthful of blood.

Her eyes revealed a look of disbelief. There was actually a person who could destroy her Dark Night Barrier in a few seconds in this world.

Moreover, he had seriously injured her without any effort.....

#### Chapter 1145: Righteous sect’s demon path monster girl (Part 12)

“Yue’er.” Bu Ying came to her side as quickly as possible. When he wanted to pick her up, there was a strong spiritual energy that pushed him away.

The Nine Star Sword was pointed at Luo Yao Yue’s throat and flew out at her.

“Ding.” There was the sound of weapons clashing. A man wearing a white robe and with silver hair fell down beside Luo Yao Yue with a Silver Phoenix Zither in his hand that sparkled in the light of the moon.

“Feng Wu Ji.” Luo Qing Chen pursed her lips as memories appeared in her mind.

This evil charming face that dazzled people under the moonlight was the young man who didn’t hesitate to let his primordial spirit scatter for the previous host.

This was her first time seeing him herself, but that face really made one’s eyes light up.

“What? You’re moved?” Dong Zhi Xin turned over and seeing her surprised look, there was a bit of discomfort in his heart.

He had never felt this feeling before. Since leaving the heavenly court to become the sect master of the Disturbed Love Sect, in order to become immortal, he had cut his seven emotions and six desires at the Three Life Stone near Magpie Bridge.

Familial love, love, and friendship, he didn't need a single one.

Only like this could he be immortal, just like the phoenix being reborn from the ashes. He had been immortal for millions of years, but now there was a bit of throbbing in his heart.

[Ding, affection has increased by five. Mission completion rate is now 10%.]

"I'm not moved." Hearing the system's voice, Luo Qing Chen's lips curled into a faint smile, "If I had to be moved, I'm moved by you!"

Since the other side strangely gave her affection, if she didn't attack, would she be missing this chance?

"What are you saying?" He narrowed his cold eyes, but his white as snow ears had a blush to them.

He wasn't aware, but she could see it.

"Good words aren't said twice." She turned away and looked at Feng Wu Ji in front.

He really was a beautiful young man, but his beauty was different from Dong Zhi Xin's.

She suddenly felt that there was something wrong with the previous host's eyes, she might have been hit by a truck.

Luo Yao Yue was delighted to see Feng Wu Ji beside her. Her red lips pursed in aggrievement and she pretended to be shy as she said, "Why are you here.....I.....I'm fine."

"Don't force yourself." He narrowed his eyes to look at her waist and there was a faint glow in his blue eyes, "I promised your big sister that I would take care of you."

The Nine Star Sword was covered in white light as it flew out.

There were just the demonic sounds of the zither that filled the sky.

Dong Zhi Xin knit his brows and Luo Qing Chen calmly listened to the sounds of the zither.

Feng Wu Zi was a master of playing the zither, this God Executing Heart was played with all his demon power, any person of the god race would be disturbed by this.

When they were young, when the previous host was bored, Feng Wu Ji would always play for her.

The head of the Demon Shadow Palace thought that the previous host would marry Feng Wu Ji. But no one knew that when the witch race offered the marriage alliance, she didn't reject.

Moreover, she decisively chose Ye Zhi Han. Luo Zhu Xin said that if his daughter wasn't willing, he wouldn't force her.

After all, the demons were much stronger than the witch race.

In the end, Feng Wu Ji's eyes fell onto Luo Qing Chen and there was an unclear emotion in his eyes.

When the Nine Star Sword reached their position, mist appeared and an array was formed with a thought.

This was Feng Wu Ji's strongest technique: Blood Demon Illusion Array.

To use this illusion array, it cost him three hundred years of cultivation.

But if he didn't do this now, they wouldn't be able to leave.

### **Chapter 1146: Righteous sect's demon path monster girl (Part 13)**

"Where is this place?" There was a flash of light around them before snowflakes slowly fell down, it was completely different from the Land of Forgotten Rivers just now.

"This should be.....your dream." Dong Zhi Xin narrowed his eyes. The Nine Star Sword came back to his hand and he said in a cool voice, "This can also be considered your obsession."

Luo Qing Chen knit her brows, she was completely unfamiliar with the scene in front of her.

Almost nothing appeared in her dream, it just kept snowing. The snow never melted until a shy flower bloomed on the cliff of the other side, opening bit by bit.

Wherever it went, it brought misery and disaster.

"Your obsession is very boring." Dong Zhi Xin's lips curled into a faint smile.

Without knowing why, he was a bit nervous when he saw her dream. He was afraid that he would see someone who shouldn't appear.

But it seemed like.....that didn't happen.

He raised the sword in his right hand and a nine sided star with a white glow appeared from the Nine Star Sword.

The sky was filled with golden light and the illusion was scattered!

"You.....You could actually break the Blood Demon Illusion Array so easily!" Luo Qing Chen looked at Dong Zhi Xin in disbelief. After all, the previous host knew how powerful the Blood Demon Illusion Array was.

Although she had never entered Feng Wu Ji's Blood Demon Illusion Array, she knew that Feng Wu Ji had become one of Luo Zhu Xin's hands with this array and became one that stood above ten thousand in the Demon Shadow Palace.

In the war between gods and demons a thousand years ago, it was unknown how many righteous path cultivators he killed with this array.

But Dong Zhi Xin hadn't participated in that war.

Everything around them returned to normal and the sky gradually opened, as the demon power dissipated.

There was only a small dark area covered in the barrier. It seemed like the people Luo Yao Yue locked up were in there.

“The Nine Star Sword is the nemesis of illusions, the star can be drawn into an array and the illusion will break.” He walked over a transparent sword in front of them which protected them.

“Then why didn’t you break it a bit sooner?” Luo Qing Chen asked in a confused voice.

He could clearly break the array as soon as he entered, so why did he wait?

Dong Zhi Xin’s eyes had a faint sparkle as he looked at her, “The snow was very beautiful.”

Actually, he was just a bit selfish and wanted to see what her obsession was.

At the same time, in the Stone Valley.

This was the only place with a barrier left.

Feng Wu Ji sat down to reinforce Luo Yao Yue’s barriers while Bu Ying came over to help Luo Yao Yue recover.

“Yue’er, the cultivators can’t be touched!” Bu Ying healed her as he said this.

“Why, now that big brother Wu Ji is here.....Ke, ke, ke.....We have the ability to fight them! Not to mention, aren’t they still in the array? How could the Blood Magic Illusion Array be broken so easily!” Luo Yao Yue didn’t want to give up. Although Dong Zhi Xin had easily defeated her just now, it was because she wasn’t familiar with the enemy and was caught off guard.....

“Impossible.” Feng Wu Ji slowly came in with knitted brows, “Dong Zhi Xin is the only person in the cultivator world who has crossed the tribulation to become a god, it would take him less than a minute to break my array.”

“But.....”

“Yue’er, why are you doing this?” Feng Wu Ji looked up with a bit of dissatisfaction, “Do you know that if I didn’t happen to pass by, you and Bu Ying might have had your primordial spirits scattered!”

Feng Wu Ji definitely wasn’t scaring them, he was very clear on how terrifying the sect master of the Disturbed Love Sect Dong Zhi Xin was!

### **Chapter 1147: Righteous sect’s demon path monster girl (Part 14)**

“Then.....Then what do we do now?” Luo Yao Yue heard this and since it came from Feng Wu Ji, she believed most of it.....

It seemed like it was impossible for her to reach the Gold Demon grade this time.....But she wasn’t that far from being a Red Demon, she just needed to heal for a few months and then she would succeed!

Damn! That ugly little immortal, she looks that ugly and is that weak! If she didn’t appear first, Dong Zhi Xin wouldn’t have found her position so quickly!

“You and Bu Ying are hurt and I spent three hundred years of cultivation to lay down that Blood Demon Illusion Array.....” Feng Wu Ji narrowed his eyes and his silver hair fell over his blue eyes. He softly said, “If we want to run, it might be a bit difficult.....”

Dong Zhi Xing’s sword control ability was above everyone, they couldn’t run at all.

Unless he stopped chasing them, but his disciple nephew’s soul was about to disperse.

He definitely would take revenge and right now they could only use their wit since they couldn’t beat him.

—

In the dark Stone Valley, Dong Zhi Xin was in front and the sparkle of the Nine Star Sword surrounded Luo Qing Chen.

She knew that he really wanted to protect her.....

But she wasn’t afraid of Luo Yao Yue and Feng Wu Ji. Although Feng Wu Ji’s Silver Phoenix Zither was strong, it wasn’t as good as the Drunken Dreams Sword, not to mention the Exquisite Ring.

As for Luo Yao Yue, they weren’t demons of the same grade.....

“They should have left, right?” Luo Qing Chen slightly knit her brows. Although there was demon power around them, it was already very faint.

Then it was silent around them. There was a cage at the end and locked inside were the trapped people.....including Dong Zhi Xin’s disciple nephew.

“No, they are still here.”

“Ding ling.” With the sound of the zither, the people in the cage all looked up after hearing this sound and their eyes turned red.

“Damn, they are controlling the living corpses.” Dong Zhi Xin’s cold eyes narrowed and it was the first time those incredibly handsome eyes knit their brows.

Feng Wu Ji really was ruthless. They wanted to leave peacefully, but he actually used this method.

“Can these people be saved?” Luo Qing Chen saw that the cage that was trapping them was about to collapse.

These people had to be killed if they couldn’t be saved, but if they could be saved.....

“Yes.” Dong Zhi Xin’s deep eyes sparkled as his cold voice said, “But I need some time.”

“How long?”

“Half an hour.”

“What do you need me to do?”

“You can’t do it.” Dong Zhi Xin shook his head, “Just stay by my side, I’m afraid the sound of his zither will hurt you.”

Actually, Dong Zhi Xin didn't need that much time to save them, but it was because he was affected by the sound of the Silver Phoenix Zither.

"This zither won't stop, it will be an obstacle to you saving them!" Luo Qing Chen narrowed her eyes, naturally she could see the worry in Dong Zhi Xin's eyes.

He had to stay here, otherwise the people would kill themselves and there wouldn't be a single one left.

"It's fine, it just takes a bit longer.....Where are you going?"

"You take care of saving them, leave the zither to me."

Feng Wu Zi's Silver Phoenix Zither was an ancient zither, it was very powerful and had a strong penetrating power.

The zither sound seemed close, but they were already very far away.

He just wanted to buy more time for the injured Luo Yao Yue and Bu Ying to escape.....

#### **Chapter 1148: Righteous sect's demon path monster girl (Part 15)**

Luo Qing Chen stood on the cliff of the valley with a faint curl in her lips as a piano appeared in front of her.

[Ding, 500 exchange points has been taken. Successfully exchanged for one piano and a chair has been given for free.]

Although the piano didn't exist in this world, this was a world of cultivation and there were plenty of divine items, so why couldn't there be a piano?

She couldn't be more familiar with the music Feng Wu Ji played with the Silver Phoenix Zither, then there was her own knowledge towards the piano.

She was 99% confident in winning this fight.

Of course other than winning in terms of melody, one had to fight in terms of technique.

"Deng, deng, deng, deng, deng, deng, deng, deng." The powerful piano sound rang out and with a sound that was unique in this world, it fought against the power of the Silver Phoenix Zither.

There were many cherry blossoms that appeared around the piano and there was a strong cherry blossom scent that filled the air.

Feng Wu Ji who was ten kilometers away was surprised. The other side had used a melody he had never heard of to cover his zither.

With an absolute aura, it suppressed him bit by bit.

The most terrifying thing was that this power wasn't weaker than Dong Zhi Xin, it was even.....

Feng Wu Ji's eyes suddenly filled with a bit of hostility. The other side was clearly declaring war on him, why shouldn't he accept.

At the same time, the Nine Star Array opened in the valley. The living dead calmed down and a dark red aura came from above their heads.

This dark energy was what Luo Yao Yue planned on using to sacrifice them, using a different method to become a Gold Demon.

But this demonic thing went against the heavens, so if there was an accident during the sacrifice, she would suffer the rebound and her primordial spirit would scatter.

It was impossible for Luo Yao Yue not to know this, but she really wanted to surpass Luo Qing Chen.....

When Dong Zhi Xin heard Luo Qing Chen's piano, there was a surprised look that flashed in his eyes.

This normal looking girl seemed like a weak cultivator, but she could release this powerful playing.

The tone of this music had never been heard of before. Something inexplicable touched his heart and this feeling couldn't help making his lips curl slightly.

[Ding, affection has increased by five. Mission completion rate is now 15%.]

Ya, playing a tune can increase my affection, this really is a pie falling from the sky.....

At this time, the melody of the piano suppressed Feng Wu Ji's Silver Phoenix Zither. But with the next song, Feng Wu Ji poured his blood into the Silver Phoenix Zither, causing his power to suppress Luo Qing Chen's piano.

Her cold eyes narrowed as the Exquisite Ring on her right hand released a faint golden light, with a red mark that appeared on her forehead.

Her face changed and the nation collapsing beauty returned to her face.

The cherry blossom petals that surrounded her turned into black feathers.

She bit her lip and her slender fingers danced across the black and white keys, as a unstoppable power appeared in the music.

When her piano was about to overshadow the Silver Phoenix Zither, the Silver Phoenix Zither stopped.

She was a bit surprised. With a wave of her right hand, her face returned to that normal face and the black feathers gradually changed back to cherry blossom petals.

Feng Wu Ji ten kilometers away revealed a helpless smile.

He slowly shook his head as he softly said, "Qing Chen."

### **Chapter 1149: Righteous sect's demon path monster girl (Part 16)**

Luo Qing Chen narrowed her eyes. With a wave of her right hand, the piano entered her storage space.

The barrier above the cliffs slowly vanished, it seemed like Luo Yao Yue and Bu Ying should be long gone.

She came down from the cliff and bumped into Dong Zhi Xin coming out. The two looked at each other and were surprised.

“Is your disciple nephew alright?” Luo Qing Chen pursed her lips and interrupted the silence.

Dong Zhi Xin slightly shook his head, “He isn’t good. I’ve already put his scattered primordial spirit and his body into Immortal Sulfur and he needs to return to the sect.”

Immortal Sulfur was a treasure of the god race. It had a powerful spiritual energy and it was rumoured to be able to revive the dead, but it was unknown if that was true.

His deep eyes looked at Luo Qing Chen and those ink like eyes had an emotion that no one could understand.

“Then you should go back first.” Luo Qing Chen gave a shrug and her eyes that sparkled like stars looked at him, “You can leave the rest to me.”

[Ding, affection has increased by five. Mission completion rate is now 20%.]

Un, as expected!

Righteous people liked good girls. Although this increase in affection couldn’t be linked to her status!

If she gained affection with her skills, why would she return it?

“Un.” He gave a slight nod. When he turned to leave, he still couldn’t help asking, “Can this miss tell me your name?”

These words had been in his heart for a long time and he finally asked it.

“Xiao Qing.” She looked at him with a faint smile, “Sect master Dong, we will meet again.”

“Really?”

“Of course.”

—

Three days had passed when she took care of the Land of Forgotten Rivers matter.

There was a new generation of cultivators when she came to the Disturbed Love Sect, looking to enter the peaks.

Luo Qing Chen met an old acquaintance when she arrived, Xia Mo Xing.

But it wasn’t like she didn’t have spiritual energy at all, only this spiritual energy didn’t belong to her.

It should be the Western Queen Mother who praised her efforts in breaking up the marriage between the witch race and demon race, giving her a bit of immortal power.

But this power wasn’t even a tenth of the power she had previously.

“Xiao Qing, please come this way.” A disciple in white clothes called to her, leading her to the hall of the final assessment.

Since her spiritual energy illusion technique was exquisite, people of all the peaks wanted her.

There were a total of six peaks in the Disturbed Love Sect and each peak had many experts, so there were large and small competitions each year.

The sect master Dong Zhi Xin had two disciples who were both males. These two were geniuses of cultivation, whether it was in spiritual skills or divination, they were very strong. Cultivators of the lower realm couldn't beat them at all.

Above the hall, Gu Liu looked down from above at the cultivators on the ground, "Being able to pass the first assessment of the Disturbed Love Sect means you are all the most outstanding juniors. But you must know that by coming here, no matter how dazzling you were before, you must pull that back because every person here is more powerful than you!"

Luo Qing Chen narrowed her eyes and looked around.

There were fifty people who passed the first round and other than Xia Mo Xing, each person's level wasn't lower.

There were some cultivators who could become immortals after passing a single heavenly tribulation, but they came to the Disturbed Love Sect.

The most incredible thing was that most of these people were women.

No, it should be said that they were all women.

### **Chapter 1150: Righteous sect's demon path monster girl (Part 17)**

"Next we will undergo some serious training and then the treasure of the Disturbed Love Sect, the Destiny Stone will decide where you will go." Gu Liu said these final words before having the disciples lead them out.

Luo Qing Chen was very lucky that she didn't share a room with Xia Mo Xing, the one who she shared a room with was a girl who really liked to talk.

She looked very cute with big clear eyes, but she just liked talking a bit too much.....It made one's head hurt!

"Xiao Qing, what do you think I should wear tomorrow?"

"Xiao Qing, do you like my red coral saffron hairpin?"

"Xiao Qing, don't you think the Disturbed Love Sect is cold and the blankets are too thin?"

"Xiao Qing, do you think the Destiny Stone will assign me to the Disturbed Love Hall! I might become sect master Dong's disciple!"

"Xiao Qing, I'm hungry?"

.....

“Mu Hua Hua!”

“Here!”

Luo Qing Chen rubbed her temples and threw a pillow at her, “Why do you ask so many questions!”

“Because I don’t know!” Mu Hua Hua pursed her lips in an aggrieved manner, “Master often said that I should ask if I don’t know!”

“.....”

Mu Hua Hua was the young miss of a large mortal family, her parents were both mortals.

The day she was born, the flowers in the yard bloomed and she was destined to become a cultivator.

Therefore, she was different from people whose parents were cultivators. These cultivators in the eyes of those proud people didn’t have pure bloodlines.

“You have already entered the Disturbed Love Sect, don’t listen to your master anymore!” Luo Qing Chen laid down on the bed and turned over to say, “Because you are more powerful than your master.”

“Ah!” Mu Hua Hua looked a bit confused as she said, “Then who should I listen to?”

Mu Hua Hua had been a special existence since she was young, everyone was afraid of her when she went to school.

The orthodox cultivators looked down on her, so she was in a middle of the road position.

She was very bright and cheerful, but no one was willing to play with her.

Actually, she was very lonely! Only her master would take to her, so she listened very much to her master.

“Listen to me!” Luo Qing Chen said with a chuckle, “You can listen to me, I’ll treat you to chicken legs!”

“Ah? Really?” Mu Hua Hua said with an excited look, “Can we eat it now?”

She was really hungry! Her stomach was gurgling and she felt like she was about to faint!”

“Of course not now.” Luo Qing Chen shook her head, “Tomorrow!”

“What do we do now!” Mu Hua Hua looked at her with a confused look as she asked this!

“Sleep!” Luo Qing Chen closed her eyes as she gave a very concise answer!

“Oh, alright!”

Three seconds later, Mu Hua Hua’s loud snoring came from inside the room.

The next morning, there was the sound of arguing that came from outside.

She slightly knit her brows when she heard Xia Mo Xing’s voice.....As well as those people who could become immortals just by passing a single tribulation.

“This is my first time seeing someone with such weak spiritual energy. If you said you didn’t enter the sect through the back door.....I wouldn’t believe it!”

“That’s right! This really isn’t fair. A person like this can enter the Disturbed Love Sect, doesn’t that mean that anyone can join?”

“This is simply the biggest joke! How many spiritual skill tests can you pass after this?”

.....

Xia Mo Xing looked at the person in front of her with a look of rage.

If Luo Qing Chen didn’t cripple her cultivation, she would have entered the Disturbed Love Sect as an immortal.

It was all her, it was all because of her.....
