### Chapter 1201: Sea emperor: Lifting up the hostage princess (Part 12)

Her slender fingers slowly strummed the strings of the pipa. She looked up at the white clothed young man, moving the small boat steady through the large waves.

The great sea wind blue, blowing his dark blue hair.

The colour of his hair was very special, it was like the deep blue sea with ripples running through it, looking very good.

When Luo Qing Chen still hadn't come back to her senses yet, Chu Xi Mo made a sound as his deep eyes with a faint gloom in them looked at her, "You used the firework quite casually."

Suddenly, he felt that the girl in front of him was different. Those clear water eyes, that slightly curled lip, and that strangely wonderful aura around her made people want to take a few more looks.

"Un humph." She gave a snort and looked into his star like eyes, "I won't use it in the future anyway."

Chu Xi Mo was stunned as his deep eyes sunk even more. At that moment, the conversation he had with her on the Blood Blue Island when she had been caught appeared in his mind.

—

"Are you sure that Lin Ruo Jing would come for you?"

"Of course. He is my fiance and I am the person that he loves the most!"

"He, he! If he doesn't come, what will you do?"

"You.....What do you want to do!"

"My Blood Blue Island is surrounded by a natural barrier. Unless he uses the signal firework that we gave him, the government won't be able to find their way here."

"You.....Let me go! I am a princess, my dad won't care about this bit of gold!"

"That won't work, the people of Black City are waiting for this money to save their lives!"

When he said this, there was a faint smile on his white as snow face. He slightly pursed his lips and revealed a strong evil charm.

"What do you want to do?"

"If you stay here as my hostage wife, I can spare your life!"

"Dirty! Shameless! Despicable! In your dreams!"

"I say, princess Luo, you're overestimating yourself!" He gave a chuckle as a teasing look appeared in his eyes, "Hostage wife is just a phrase among us pirates, after all, Ji Yu has always been alone!"

Ji Yu on the side: "....."

—

Luo Qing Chen came back to her senses first. She grabbed the edge of the boat in an unsteady manner and said with bright eyes, "I suddenly feel that robbing the rich to help the poor isn't bad, how about I join you?"

The waves kept hitting the small boat. He stood there with his hand crossed and the bumpy boat didn't affect him at all. He was like the emperor of the sea, firmly walking towards her step by step.

She took a step back with a bit of panic. When she looked up, she met his eyes that were like the stars in the sky.

"You....."

"Hua la!"

In an instant, his eyes turned to a giant wave on the side.

He narrowed his eyes and reached out his right hand to take her into his chest.

The small boat finally couldn't take the waves and was smashed into the endless sea!

In an instant, the slightly salty sea water poured into her face. She held her breath immediately and was planning on using the space and time freeze.

A pair of lips kissed her and she was in a daze as she watched his dark blue hair spread in the water.

This beautiful boy who seemed like a painting, how suffocatingly beautiful that scene was.....

"We can let you join....." He paused before his bewitching voice sounded again while looking at her, "But you must be my wife."

### **Chapter 1202: Sea emperor: Lifting up the hostage princess (Part 13)**

Those were the last words Chu Xi Mo said before he princess carried her onto the deck of the large ship, saying it softly right by her ear.

She closed her eyes and softly bit her lip.

Actually, she wasn't asleep. It was just that in front of everyone, the blush on her face had already spread to her ears.

Most of the whispers around came from other girls.

"Isn't this the woman who the emperor let go two days ago?"

"I heard that the emperor gave his firework to her! She released that firework just now, so we went out to sea on such a dangerous rainy day!"

"Humph, truly detestable! She looks like a spy sent by the government!"

"I really do envy her....." Qing Wei narrowed her eyes as a slight chill appeared in her. Watching Luo Qing Chen in Chu Xi Mo's embrace, she muttered, "This is my first time seeing big brother Xi Mo treat a girl like this."

She never called him emperor, she called him big brother Xi Mo.

Because the two of them met far before the pirate emperor.

It was because of her existence that this empire that robbed the rich to help the poor didn't just take men.

Even if they were girls.....It was fine if they had the skills.

"Qing Wei, this is the conch that the sea suddenly pushed in front of me." Ji Yu had been following Chu Xi Mo, but seeing Qing Wei in the crowd, he immediately came forward and gave the conch to her.

Qing Wei, Qing Wei, Qing Wei.

That name was his two favourite words.

Everyone knew that he liked Qing Wei, but only Qing Wei didn't know.

Or.....Qing Wei did know.

"I don't want it." She waved her hand in disgust and pushed away the conch in Ji Yu's hands, "Can you not do such naive things, we are pirates! Our mission is to rob the rich to help the poor, we're not going out to sea to hunt conches, alright?"

As soon as her voice fell, she looked at Chu Xi Mo who had walked far away with a mist in her eyes.

Her liking Chu Xi Mo was something that everyone knew.

It was already morning when they returned to Blood Blue Island. Luo Qing Chen was in the same room and it was the same girl who took care of her.

Her name was: Er Xi.

Luo Qing Chen had had a good impression of this girl. It was probably because she had two small dimples when she smiled, looking very cute.

"Er Xi, why do you want to be a maid here!" Luo Qing Chen changed into a green dress with plum coloured gauze on it. Washing her face as she asked this.

"Me!" Er Xi gave a laugh, "I was abducted and sold to another pirate group, they would beat me whenever I was in a bad mood. Later the emperor defeated them and I became a maid of Blood Blue Island!"

"You don't want to go back home?"

"I went home." After saying this, Er Xi revealed a bitter smile as she said, "After going back, I found that my parents had been killed by corrupt officials!"

Luo Qing Chen gave a sigh when she heard this.

She had grown up in the king's palace, so naturally she knew about political disputes.

The emperor was a dedicated and infatuated emperor, so there was only one concubine other than the empress.

That was concubine He!

Of course, there were a few other concubines in the beginning. Even if the emperor wasn't interested in them, at least he let them and their close relatives live a life without worry.

But over time, those concubines had inexplicably died.

The empress was very clear that the person responsible was concubine He.

### **Chapter 1203: Sea emperor: Lifting up the hostage princess (Part 14)**

Concubine He's father was the regent in court, holding half of the current power in court.

His name was He Hong Jie.

With He Hong Jie's position in court, even the emperor had to be polite to him.

Many important positions in court belonged to his relatives, so just with the position of the He Family in court, they could abuse the citizens.

There were many innocent people who died in the hands of these relatives. The emperor was clear on this, but there was nothing he could do.

This matter goes back to twenty years ago. When the emperor gave birth, she gave birth to a son and daughter, but the son had disappeared.

The emperor was furious and he caught everyone related, even the imperial doctor.

But they all insisted that the empress only gave birth to a princess and there was no prince.

But the emperor.....believed his wife.

After investigating, although he didn't find his son, he knew from the clues that the person who was involved was the current prime minister, He Hong Jie.

At that time, He Hong Jie's daughter He Can Can was already a concubine in the harem.

After entering the harem for half a year, her belly didn't swell at all. Afterwards he learned that the emperor didn't touch her at all.

In He Hong Jie's eyes, the successor could only come from the daughter of the He Family.

Since the emperor wasn't willing to touch his daughter, the empress' prince didn't need to live in this world.

In the end, the emperor had killed everyone in a rage and even stated in court, the prince that would inherit the throne could only come from the empress.

But no one thought that the queen had never been pregnant since.

“Young miss Luo, young miss Luo.” Er Xi cut through her thoughts and she said, “What’s wrong?”

“The emperor wants you to go over, he said that there was something that would make you happy.”

Luo Qing Chen slightly knit her brows as a sparkle appeared in her eyes. The Moon Glass Fan in her right hand tapped on her left hand as she headed to Chu Xi Mo’s room.

It had to be said, the houses on Blood Blue Island were like an imperial palace. There were blue and white patterns, the workmanship here was comparable to the imperial palace.

Chu Xi Mo loved at the top most room, with the plaque “Emperor Pavilion” on it.

Luo Qing Chen couldn’t help sighing, the pirate’s life really wasn’t poor.

Although there was danger, you really enjoyed life when you were resting.

“Hey, you are the one surnamed Luo, right!”

When she was praising the architecture of Blood Blue Island, there was a cold voice from behind that disturbed her.

When she turned around, she saw three people.

Among them was Qing Wei who had glared at her from the deck that day.

The three of them were dressed in neat black robes while she was dressed in a skirt dotted in plum blossoms.

This scene made her look like a little white flower that was seducing the male lead.

And Qing Wei was the person that didn’t care about appearance, she used her own abilities to take the male lead’s heart!

.....

[Host, please stop the romance novel stories there!]

Alright!

“What? What do you three want?” Luo Qing Chen waved her hand and there was a faint mint scent that came from the Moon Glass Fan in her hand.

Just by lazily standing there, she had an aura that normal people didn’t have, putting pressure on the people in front of her.

#### **Chapter 1204: Sea emperor: Lifting up the hostage princess (Part 15)**

Qing Wei looked at her with cold eyes filled with absolute hostility, “The sixth king’s daughter has suddenly appeared in a pirate’s group, do you think that we wouldn’t know what goals you have?”

Luo Qing Chen wasn't surprised that Qing Wei knew who she was. After all, the person who had kidnapped her a few days ago was uncle Liu, so everyone should know her identity.

"Oh?" She revealed a faint smile as she said, "Even if I have bad intentions, what can you do to me?"

She never liked explaining herself to unimportant people. After all, there was the old phrase, why waste words if you can fight!

She could clearly explain this matter to this love rival, but her words were absolutely imposing.

This seemed more like her style.

"You....." Qing Wei without saying a thing took the sword from the scabbard at her waist, "Since you are an enemy, there is no need to keep you alive!"

She wanted to kill her, but she needed a reason to kill her.

She never thought that she would actually give her the reason herself.

"You want to kill me?" Luo Qing Chen gave a chuckle. She slowly closed the fan as a sparkle appeared in her eyes, "Just with you?"

"You....." Follower A looked at her and said, "Don't go too far! Qing Wei is the strongest woman in our pirate group! If she wants to kill you, you won't even have a chance to speak!"

Seeing that her big sister was being bullied, follower A naturally couldn't help reprimanding Luo Qing Chen.

Her eyes turned cold as she said, "When did I want to explain?"

"Qing Wei, there's no need for you to make a move for this kind of person." Follower B took out her sabre and angrily said, "Just leave it to me."

As soon as her voice fell, the sabre in her hand flew out at Luo Qing Chen.

The girl in the green plum flower dress jumped forward.

With a 'kuang dang' sound, the Moon Glass Fan hit the sabre.

Luo Qing Chen used a bit of strength and the Moon Glass Fan cut the sabre in half. She jumped forward and knocked follower B to the ground.

"Ah, ah, ah!" Follower B called out in a pitiful voice.

Qing Wei looked at her in fury and her lips trembled. When she was about to say something——

Luo Qing Chen gave a cold laugh. She slowly raised the Moon Glass Fan in her right hand and said to her, "Come together!"

She liked fighting gang fights the most!

Qing Wei and follower A looked at each other. They didn't care about the code of the martial world at all, they wanted to desperately attack her.

But she had been in twenty one planes now, she didn't put their martial arts in her eyes at all.

In less than twenty rounds, she had knocked Qing Wei and follower A to the ground with her Moon Glass Fan.

Follower A had been crying the entire time.

Qing Wei had one knee on the ground and held her chest without saying a thing, glaring at Luo Qing Chen.

She just lazily spread her hand and waved it twice as she said, "Don't overestimate yourself if you can't compare."

As soon as her voice fell, she turned to leave.

The surrounding leaves trembled and a person in blue clothes attacked her.

They moved very quickly, being more skilled than Qing Wei.

"Humph!" She gave a cold snort and was about to turn and fight.

A moon white figure landed in front of her with their dark blue hair neatly pulled back.

Ji Yu was stunned before quickly lowered his head, "Emperor....."

### **Chapter 1205: Sea emperor: Lifting up the hostage princess (Part 16)**

Chu Xi Mo looked at Ji Yu in front of him with deep eyes that were filled with a sparkle, "Are you tired of living?"

Just those five short words were filled with majesty. It was like there was a lion shaking the clouds, looking down on everyone in front of him.

"Emperor, she first....." Qing Wei stood up holding her chest and looked at Chu Xi Mo as she said, "She was the one who first....."

She felt a little uneasy in her heart, not daring to look directly in Chu Xi Mo's eyes. Because she knew that if she looked into his eyes, she couldn't keep lying to him.

"Ze, ze, ze." Luo Qing Chen said with a soft laugh, "So what if I made a move first?"

Ji Yu never expected Luo Qing Chen to admit this so easily, even in front of Chu Xi Mo.

He knew who moved first, but.....he couldn't accept Qing Wei being bullied by others.

"Emperor." Ji Yu tightly knit his brows as he looked at Chu Xi Mo, "This girl is the sixth king's daughter and now she's even attacked.....even attacked.....Qing Wei, we should....."

This was Ji Yu's first time lying in his life, it was for Qing Wei.

But when he lied.....it really was too strange. Not to mention that he looked down, he even stammered when he spoke. One could see through him with one glance.

Luo Qing Chen thought that Chu Xi Mo would say something that would fit her reasoning.

For example——

“This is Blood Blue Island and young miss Luo is a guest, how can she attack you for no reason?”

Or perhaps——

“Ji Yu, we’ve known each other for so many years, can you raise your head when you speak?”

Or——

“Although they don’t agree, you can’t just infer from the surface.’

Or——

“If your skills aren’t good enough, you should keep practicing so that a little girl can’t beat you.”

But Luo Qing Chen never thought that Chu Xi Mo would say something she would never expect.

“She is right, so what if she attacked first?”

At that moment, the five people present including Luo Qing Chen were stunned by Chu Xi Mo’s words.

No one thought that he would say these words as the leader of a pirate band or as the emperor of the sea.

No matter what, he wouldn’t protect a woman he had only met twice.

Not to mention Qing Wei, even Ji Yu didn’t believe it.

“Emperor……” Qing Wei suddenly looked up, wanting to say something, but when she saw Chu Xi Mo taking Luo Qing Chen’s hand without another word, she suddenly swallowed the words that came to her mouth.

Ji Yu trembled and immediately kneeled down, “Emperor, it was my fault for discriminating and almost hurting miss Luo. Please punish me alone!”

In the end, he still wanted to protect Qing Wei.

Qing Wei, Qing Wei, Qing Wei.

He hoped that Qing Wei would forever belong to him alone.

It was a pity that the girl named Qing Wei never belonged to him for even a second.

Chu Xi Mo turned over to see her eyes before saying, “Your move just now, it was almost perfect.”

Luo Qing Chen had been surprised, but then she reacted. The things that happened between her and Qing Wei, he had from the beginning……

Been watching her?!

Her lips curled into a faint smile as she looked into his deep eyes, “Your hero saving the beauty timing really is not bad.”

The conversation between them was like a match.

But he tightly held her hand without letting go.

### **Chapter 1206: Sea emperor: Lifting up the hostage princess (Part 17)**

Qing Wei watched them leave and disappear from her sight. Her eyes turned red and tears came down.

She had always thought that no matter how many new people came to the pirate organization, no matter how those women wanted to approach him.

He would never spare a single glance for them. He wasn't stingy with the gold and silver they robbed, but he had never given them anything else.

She always thought that she was the closest one to him. As long as he looked back, he would see her standing behind him.

But there was this girl who had suddenly appeared that could stand side by side with him. She.....She refused to believe this.....

Ji Yu was at a loss at that moment. He quickly tore off the corner of his robe and gave it to her, "Don't.....Don't cry!"

Qing Wei had always been strong in his eyes, this was his first time seeing her cry.

Ji Yu's heart was tangled at that moment, feeling sad.

"Scram!" Qing Wei forcefully slapped his hand away before angrily reprimanding, "What does it matter to you! Can you scram, I don't want to see you at all!"

As soon as her voice fell, she held her face as she ran towards her room.

There were people watching from the side already.

Their evaluation of Qing Wei was mixed, but most of them were negative.

After all, Qing Wei was always hostile towards the new female pirates, rarely showing them a good face.

"Qing Wei's boat has been flipped into the gutter, there's no hope at all!"

"You say it like there was hope before. The emperor has always treated us the same as her, she was just thinking too much."

"Ai, ai, ai, you can't say this. Qing Wei could at least enter the 'Emperor Pavilion', we couldn't go in."

"Qing Wei could only enter because Ji Yu let her in, the emperor never let her in!"

"You....."

.....

Everyone talked like this until Ji Yu angrily roared at them, "All of you shut up for me! You think that this is a restaurant in Long Peace City where you can all sit there and gossip? This is Blood Blue Island, we are pirates!"

Everyone took a cold breath. After all, Ji Yu had always been like a big brother in their eyes and some girls quite liked him, but they didn't have a chance to be with him.

After all, Ji Yu always loved Qing Wei.

Everyone knew this.

—

At the same time, Luo Qing Chen followed Chu Xi Mo step by step into his fortress.

It was also the most exquisite 'Emperor Pavilion' built on Blood Blue Island.

"I never thought you could build such a fine nest." Luo Qing Chen looked up and couldn't help giving an emotional sigh.

"Being able to receive your praise is the blessing of three lifetimes." Chu Xi Mo narrowed his eyes and looked over her, "Did you think that all pirates lived on boats?"

"They don't?"

He gave a soft laugh before looking at her, "Most pirates are orphans without parents, they have nowhere to go, so we took them in."

Luo Qing Chen heard this and gave a nod of slight understanding, "So arrays of Blood Blue Island are all gossip, so the buildings in the night look this good."

"Un." He saw her faint smile and he couldn't help feeling a few palpitations.

He suddenly didn't know what to say next, but he had to say something.

Because he wanted to know her response.

"This morning, Lin Ruo Jing used the smoke signal we gave him." He turned and looked right at her, "He is here for you."

### **Chapter 1207: Sea emperor: Lifting up the hostage princess (Part 18)**

Luo Qing Chen's expression changed a bit. Lin Ruo Jing was here for her, it did make her a bit surprised.

But thinking about it, it wasn't unreasonable.

Sure enough, Lin Ruo Jing was a person with deep thoughts.

After all, the matter between him and Liang Ji was considered a complete mess!

"It seems like you're not surprised?" Chu Xi Mo's deep eyes looking at her turned a bit dim.

At that moment, he was thinking about how she had insisted that Lin Ruo Jing would definitely come for her.

Her eyes filled with tears and there was a bit of.....stupidity in her strength.

Could it be that he didn't know whether Lin Ruo Jing wanted her to live or die?

"I'm not surprised." Luo Qing Chen casually found a place to sit. She prepared a cup of tea and there was the faint scent of white tea in the air.

She took a sip from the tea before saying, "But for someone like him, we'll treat him as a guest since he is coming here."

Luo Qing Chen's actions were very casual, like she was in her own home, not caring at all.

It was because she was too familiar with the man in front of her.....

Chu Xi Mo's deep eyes looked at her as he sat in front of her, "There's naturally no problem with treating him as a guest, but you have to be the host."

She revealed a faint smile as she said, "Choose a good day!"

Chu Xi Mo felt like this was a strange duel between masters and what the two said wasn't exactly on topic.

It was like a tacit understanding where it didn't matter what he said.

A kind of understanding that didn't need words.

"Any day is fine." His deep eyes suddenly flickered with a sparkle as he looked at her, "We can even invite him for some wine."

She put down her tea cup and when she looked up, she met his dark eyes.

At that moment, she found that a certain person had set a large prison and had invited her into it.

The news of Chu Xi Mo spread all over Blood Blue Island in less than an hour.

There were people who were happy and sad. The men were happy and the women were sad.

The saddest one was Qing Wei.

This news personally came from Ji Yu and she couldn't stand firm. If Ji Yu hadn't caught her, she would have fallen to the ground.

"Qing Wei, now that things are like this, don't keep causing trouble for miss Luo." Ji Yu looked at her with a concerned look as he tightly knit his brows, "After all, she will soon become the emperor's wife."

"No." She pushed Ji Yu aside and the tears fell from her eyes like broken pearls. She said in a choked voice, "Impossible.....You.....You're lying to me, right!"

She didn't believe it, she knew what kind of person Chu Xi Mo was.

He never spared a glance for the women who approached him.

How could.....This time be an exception!

“Qing Wei, why do you.....like the emperor so much!” Ji Yu saw how hurt she was and with her red eyes, he asked the question that he had always wanted to ask.

But the answer Qing Wei gave shattered his heart on the ground.

“He, he.” Qing Wei had a taunting smile as she looked at him with a face covered in tears, saying word for word, “Then why do you like me so much!”

### **Chapter 1208: Sea emperor: Lifting up the hostage princess (Part 19)**

These words for Ji Yu were like poisonous arrows piercing his heart.

Qing Wei knew that he liked her, but she had never looked at him directly.

Just like how Chu Xi Mo had never looked at her.....

After a while, Ji Yu slowly let go of her shaking body and said to her, “There are some miracles in this world. The emperor is a person, he would like someone. I’ll go and help prepare his wedding, I’ll be leaving first.....”

“Ah!”

Qing Wei’s pitiful wail came from behind him, being filled with pain.

Ji Yu closed his eyes and didn’t turn back.

At the same time, in the Emperor Pavilion.

In just a short hour, the entire pavilion was covered in red silk.

Luo Qing Chen was wearing a large red dress with a beautiful butterfly hairpin that had a trace of silver in it.

Her eyes were like water and her lips were flaming red.

Er Xi on the side looked at her as she praised, “It’s no wonder the emperor likes the miss, the miss really is beautiful.”

At least in Er Xi’s eyes, Luo Qing Chen’s beauty surpassed all the female pirates on the entire Blood Blue Island.

“Un.” She looked at herself in the mirror and her eyes trembled, “You really think the emperor fell in love with me at first sight?”

“Yes!” Er Xi said with a smile, “The emperor has never remembered a person like this, even cooking for that person!”

Luo Qing Chen revealed a faint smile as bits of sparkles appeared in her eyes, “Perhaps we have already met before.”

As the sea emperor who caused storms, his wedding naturally had to be luxurious.

Luo Qing Chen never thought that the pirates could make a wedding this meticulous.

There were waves of red silk and the entire 'Emperor Pavilion' was filled with the scent of wine.

At the same time, Ji Yu went out to sea to pick up Lin Ruo Jing.

"Although I'm late, you can't have done anything to Qing'er!" Lin Ruo Jing's eyes had a trace of worry as he said, "It can't be that you....."

Lin Ruo Jing naturally knew what kind of people most pirates were, when there wasn't ransom that was brought.....

The men were chopped up to feed the fishes while the women were used for fun by everyone.

Even if he gave it his all, he had to ensure that Luo Qing Chen was clean and wasn't sullied at all!

After all, he hated dirty women the most.

In his eyes, he was a clean man, so his wife had to be clean!

"It might be.....possible!" Ji Yu turned to look at Lin Ruo Jing's empty hands, "But you don't seem like you're here to pay the ransom!"

Lin Ruo Jing's face turned pale when he heard this.

The sixth king had already expelled him and he naturally had no money, so it was impossible for him to ransom for Luo Qing Chen.

But he wanted to make a bet that Luo Qing Chen still loved him, letting him become the son in law of the sixth king again.

Then he could continue his path into the government and this time he could safely marry her!

After all, he hated unclean women like Liang Ji the most right now.

"I.....I naturally need to know that Qing'er is alive before bringing the ransom over!" Lin Ruo Jing's eyes flickered, but he still said word for word, "Our Qing'er is the sixth king's daughter. The gold you want is nothing more than small money!"

"Humph!" Ji Yu gave a cold snort before his lips curled into a smile, "Miss Luo is naturally still alive, but as for whether she is yours.....I'm not certain on that."

## **Chapter 1209: Sea emperor: Lifting up the hostage princess (Part 20)**

Above the clouds with the heavens as proof.

The four seas based on the ground.

Although their wedding was very grand, it was also very simple.

Without the noisy relatives, there were only friends here. It seemed more like a wedding that belonged just to the two of them.

Luo Qing Chen looked at the handsome youth in front of her. Those eyes that were as deep as the sea had a dazzling golden glow. Just by casually standing there, he had a noble look.

He raised his hand and pushed the stray strand of hair on her face behind her ear. Then he softly whispered, "One heart together, never separating even in death."

[Ding, affection has increased by twenty. Mission completion rate is now 60%.]

She never thought that he would say something like this.

After all, in her eyes, pirates seemed like they should be rough. But from head to toe, he looked like he had been painted.

The dark blue hair blew in the wind, giving off an evil charm that made people unable to look away.,

"Then what should I say?" She pursed her lips into a smile that was hard to hide, looking into his eyes.

Without another word, he raised her red veil and softly kissed her.

"Woah!"

"Pa, pa, pa, pa, pa!"

Everyone became agitated, although a few female pirates still had unwilling looks.

But the emperor was too far from them. Although these unknown girls were jealous, there was no hatred.

Other than.....Qing Wei.

At that moment, when Chu Xi Mo kissed Luo Qing Chen.

Ji Yu had brought Lin Ruo Jing over who had seen this scene.

Lin Ruo Jing's face turned from black to green, green to black, and finally between the two.

He tightly clenched his fists and had an ugly look.

"Ze, ze, ze." Ji Yu had a taunting smile as he looked at him, "Since young master Lin is here, how about drinking our emperor's wedding wine? The emperor and the madame have said we could afford to invite you for this wine!"

"You....." Lin Ruo Jing's face turned blue and he almost burst out in response.

His eyes were glaring at Chu Xi Mo and Luo Qing Chen not far away as the veins burst out on his neck.

This dirty woman! He had only been a few days late to redeem her and she actually was with this shameless pirate!

Pei, truly dirty!

Lin Ruo Jing still had a bit of guilt in his heart, but now it had completely disappeared!

After all, this kind of dirty girl, how could she be qualified to be his, Lin Ruo Jing's wife!

"It seems like young master Lin isn't willing to drink this wedding wine!" Ji Yu raised a brow and said, "Then the way to the sea is this way, please."

"I don't need you to push me, I'll go myself." Lin Ruo Jing gave a cold snort, looking at them with a look of rage, "You pirates, there will be a day."

"Ze, ze." Ji Yu directly cut him off, "I'm sorry young master Lin, I don't mean to interrupt you. But if you keep talking like this, I have quite the bad temper as a pirate, I might.....not let you leave!"

Lin Ruo Jing was stunned as he suddenly realized that he was on someone else's territory.

To put it more bluntly, these people licked blood off their blades. Having him leave or killing him made no difference to them.

Since Luo Qing Chen's path couldn't be walked down, it was better to leave as soon as possible!

"I.....I'll leave. I won't have young master Ji send me off....." Lin Ruo Jing lowered his head in a scared manner and turned to leave.

### **Chapter 1210: Sea emperor: Lifting up the hostage princess (Part 21)**

The night sea breeze had a different aura, it was destined to change heaven and earth.

At the harbour, when Lin Ruo Jing was planning to leave, Qing Wei stopped him.

"You're leaving like this? You don't feel unwilling?"

She was wearing different clothes today. The dark robe was gone and she was wearing a feather blue moon embroidered shirt with a gold and green hairpin inserted in her hair, looking quite delicate.

To her, all her thoughts had already ended.

Since it was no longer possible to have what she wanted the most, she would ruin it all.....

Lin Ruo Jing slowly turned and his eyes lit up. The strong scent of perfume made his heart palpitate!

"I never thought that there would be such a beauty on Blood Blue Island." He had a deep meaning in his eyes as he looked at her, "So what if I'm not willing? I have no power, how could I fight you pirates!"

He naturally wanted revenge, but Ji Yu was right. With his status, how could he fight against them.

"You want.....them all to die?" Qing Wei pursed her red lips, speaking every word in a tone filled with hatred.

Lin Ruo Jing was surprised, looking at her in disbelief, "You.....You want to kill people!"

"What, you're afraid?" Qing Wei looked over him before saying, "Uncle Liu has already told me your status. If you return to Long Peace City now, in less than a month without the sixth king, you'll become a beggar. You're about to get something and you suddenly lost everyone, are you really willing?"

Qing Wei's every word shook Lin Ruo Jing's heart, he indeed already had nothing.

The sixth king had chased him out, Liang Ji had betrayed him, and even Luo Qing Chen who always said she loved him had betrayed him.

If he didn't do anything, he would be too useless.

Qing Wei's words were his motivation for revenge.....

"I'm not afraid, but I can't kill them all alone." He gritted his teeth and said in a voice filled with hate, "Isn't your pirate group invincible?"

"It was before!" Qing Wei's eyes had a deep hatred as she said, "Now it's no longer the same!"

For her, the seas had been too calm for too long, there should be some blood!

"You.....What do you want to do?"

"Do you think you would have some status in court if you destroyed a pirate group?"

"You?" Lin Ruo Jing looked at her in disbelief, "You're willing to help me?"

"Right.....Right.....Right." She repeated three times. Her eyes were filled with killing intent as she said, "I'm willing to help you."

At the same time, the wedding ceremony ended.

Luo Qing Chen had drunk quite a bit, squinting her eyes created a different kind of beauty. Her white face had a slight flush to it and her right hand holding her face looked especially cute.

"You've drunk too much....." He softly touched her forehead and said with a bit of worry, "The night is cold, let's go in."

Suddenly he felt that Luo Qing Chen really did look good, he would never get tired of it.....

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

At this moment, the wedding had a very wonderful feeling in her eyes.

Leaning in the sea breeze with a lover.

He helplessly shook his head.

"Un....." She obediently nodded before looking into his black eyes, "Alright! Let's go back!"
