Chapter 1211: Sea emperor: Lifting up the hostage princess (Part 22)

He reached out his hands and gently took her in a princess carry.

Her soft breathing fell onto his neck and his restless heart began to burn even more.

Actually, she wasn't drunk, she was just happy.

This was a very normal love, without any big waves. Just with a bit of thought, she could peacefully stay by his side.

Perhaps many people thought that they became close too fast.

But for them, they waited many lives, many reincarnations.

"Chu Xi Mo, why do you like me?" She wrapped her arms around his neck. He was walking carefully step by step, but when he heard her question, he was suddenly stunned.

After a while, he softly placed a kiss on her forehead, "I like the song you sang and the lyrics."

He vaguely remembered that day, the waves rolled and the sky was filled with thunder.

The girl in her dress with the pipa in her hand. Her sound gently rang out, with each other being filled with strength.

It was like she was telling her feelings, like she was waiting for a certain person to come.

"Which lyrics?"

"Searching for drunken dreams of death." He gently placed her on the bed when he came in. He looked deeply at her and asked, "You were waiting for me, right?"

This feeling was completely different from when he first saw her. It was like they were two different people that suddenly messed up his mind.

"Right." She pursed her lips with a sparkle in her clear eyes, "I'm waiting for you."

Always, always, waiting for you.

There will be a day when we meet and you look at me, knowing that I'm waiting for you.

That feeling really was.....too great!

He looked at her as if he wanted to see right through her with his gaze.

He slowly raised his hand and softly touched her forehead before moving down to her flushed face.

Finally it moved to her red lips.....

His slender fingers touched her lips twice before he stopped to look at her, "Are you prepared?"

The wedding night was truly worth a lot.

She didn't say anything, she just shyly hid in the large red blanket, giving a soft laugh.

His right hand waved and extinguished the candle by the bed. He brought down the gauze around the bed and gently took her in his embrace.

A lingering night filled with dreams.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

The next morning, when Luo Qing Chen opened her eyes, Chu Xi Mo was no longer by her side.

Er Xi gave her a towel and said, "Hee, hee, miss Gu really looks tired!"

Her face turned red before she revealed a faint smile, "Un.....It's alright."

She washed her face before thinking of something and asking Er Xi, "Where's the emperor?"

"He went to prepare lunch for the miss!" Er Xi looked at Luo Qing Chen with an envious look, "As expected, the emperor will always only cook for the miss!"

Luo Qing Chen slightly knit his brows. She vaguely remembered the question he asked her when he kissed her this morning.

"What does the madame want to eat for lunch today?"

"I want.....crab!"

She had answered 'crab' in a daze, she never thought could make such a rich lunch!

But when she walked into the dining room, her face was slapped.

Chu Xi Mo was much stronger than she thought.....

No, he was simply a god!

Chapter 1212: Sea emperor: Lifting up the hostage princess (Part 23)

There were nine dishes placed in front of her, each one was a dish that was made with crab, but each dish was different.

Ji Yu was a bit stunned as he quickly introduced them to her, "Madame, these are dishes that the emperor personally caught and cooked. They are fried crab with ginger and spring onions, curry crab, baked spicy crab, stir fry crab with rice cakes, crab and tofu soup, crab with tomato sauce, baked fry crab, crab with radish, and steamed crab."

"This.....Where did these names come from!" Luo Qing Chen pursed her lips, suddenly feeling that Ji Yu was a bit cute.

"Eh....." Ji Yu thought about it before saying, "When I was eating at a restaurant, I got the name from the chef!"

Luo Qing Chen gave a soft laugh as Chu Xi Mo came out of the kitchen.

She watched his slender fingers covered in rice, oil, and salt, suddenly feeling very warm.

Because she just casually said she wanted to eat crab, this man that loved her had spent this much effort to make this much for her.

This kind of warmth came from the blood in her heart, making her reveal a faint smile.

“What are you sitting there for, come and eat.” Chu Xi Mo wiped his hands on a cloth before asking her, “See if my skills have improved, is it better than your.....”

“The emperor’s cooking skills are invincible!” Luo Qing Chen didn’t want to hear Lin Ruo Jing’s name in this situation.

After all, in her eyes, Chu Xi Mo and Lin Ruo Jing were simply like heaven and earth!

He looked into her clear eyes before saying with a smile, “You shouldn’t call me emperor.”

“Oh.” After thinking about it, she said in an understanding voice, “Then I’ll call you Xi Mo!”

“Shouldn’t you call me.....”

“Xi Mo, Xi Mo, Xi Mo!”

They were just smiling at each other. It was like there was only them in this world, it was enough to be alone on this island.

“Ke, ke.” Ji Yu standing on the side awkwardly cleared his throat, “How about the emperor and the madame eat first, I’ll go outside and enjoy the sea breeze!”

“Pu.” Luo Qing Chen couldn’t help laughing.

Chu Xi Mo seriously replied, “Alright, go then!”

“.....” Ji Yu revealed a very heartbroken expression. He touched his gurgling stomach before walking out in a depressed manner.

Luo Qing Chen had a faint smile as she watched him leave, while picking up the crab dishes on the table.

It had to be said, it really was a pity that Chu Xi Mo didn’t become a chef.

This was definitely at the standard of the imperial chefs.

When she ate half of it, Ji Yu came back with a serious expression. Luo Qing Chen thought that he was hungry, but she never thought that he brought back a serious piece of news.

“Emperor.”

“Speak.”

“The first grade imperial censor Su Yuan is here to see you.”

Chu Xi Mo slightly knit his brows and narrowed his eyes, “How did he get in?”

“He broke the emperor’s five element array and found Blood Blue Island based on the direction of the tide.” Ji Yu was very worried about this person and he looked at Luo Qing Chen.

“Don’t look at me. If the imperial censor is here to catch you all, he wouldn’t be asking to see Chu Xi Mo.” Luo Qing Chen narrowed her eyes to ask, “How many people came?”

“Only him.”

Luo Qing Chen fell into thought. She had heard about this imperial censor Su Yuan from her father and Chu Jun Ting. He was a confidant of the previous emperor and had been increasing his strength in court recently, sending his people into the court.

At least he was a loyal minister to the emperor

Chapter 1213: Sea emperor: Lifting up the hostage princess (Part 24)

In the end, Luo Qing Chen still decided to avoid this.

After all, as the sixth king’s daughter, Su Yuan had seen her a few times.

But she couldn’t think it through in the end, why would Su Yuan come looking for Chu Xi Mo?

He was just a pirate, how could a first grade minister of the court come to a place like this?

—

At the beginning of the night, there was a bright moon that hung over the Emperor Pavilion.

When Chu Xi Mo came back, she was already asleep. In her sleep, she heard him give a sigh.

If should mean: How great it would be if he could stay here his entire life.

But a pirate was a pirate in the end, he had things that he needed to do.

Qing Wei received news that there would be an official’s ship that would pass through Imperial Dawn Bay. This ship was carrying the relief funds from the court to the flood victims.

This large amount was worth stealing.

As usual, Ji Yu planned the route and tried to take the relief funds with as few losses as possible.

But Luo Qing Chen felt a bit unsettled and this unsettled feeling grew stronger.

“What is it?” Chu Xi Mo slowly raised his right hand to place on her tightly knit brows as she looked at her, “You look pensive.”

“Does everybody need to go on this mission?”

“No.” Chu Xi Mo softly grabbed her from behind, “Normally speaking, this kind of relief fund belongs to a large official ship, so Ji Yu and I have to go. Ji Yu is the master of navigating, so we can leave as soon as possible with him.”

“So you’re going this time?”

“What is it?” He hugged her tighter as he said with a faint smile, “You’ll be much safer here.”

"I'm not afraid of danger." She pursed her lips and said, "I'm a bit worried about you."

"Relax." There was a faint smile in his deep eyes as he pulled on her heartstrings, "Without you, I don't have anything to worry about, but with you, I enjoy this kind of worry!"

"Such a bad mouth." Although she said this, there was a hard to conceal smile on her face.

They had a good sleep, although a certain person still unscrupulously disturbed her, but she felt a kind of warmth in his arms.

The next morning, she was brought by Chu Xi Mo to a secret room in the Emperor Pavilion along with her maid Er Xi.

Although it was a secret room, it was finely decorated, with each detail being finely tuned.

A sea blue hall, just like the first Emperor Pavilion.

"Why did you bring me here?" Luo Qing Chen looked at him with a bit of worry.

"I thought about it. Someone from the court just came a few days ago and then Qing Wei received this news. It might be to lure the tiger away from the mountain, so you and Er Xi will stay here while I'm gone."

"What did that Su Yuan come looking for you for?" Luo Qing Chen pursed her lips, "He doesn't seem like someone who wants to harm us."

"He said that it was related to the royal palace and he also knows our identity as pirates." He knit his brows as he looked at her, "As for whether he is friend or enemy, that will have to wait after we steal these relief funds."

"You mean that if you don't smash your heads this time, Su Yuan is a good person."

"No, not just that." Chu Xi Mo's beautiful eyes had a sparkle in them as he looked at her, "If nothing happens, it means that his words to me were true."

Actually, Chu Xi Mo had still played another hand.

He put Luo Qing Chen's name on the list of people going out this time, he wanted everyone to know that Luo Qing Chen was coming out to sea with them this time.

Chapter 1214: Sea emperor: Lifting up the hostage princess (Part 25)

Not only did uncle Liu believe this, even Qing Wei believed this.

The waves were calm tonight and the visibility on the sea was very high, they found the official ship as soon as they approached.

Qing Wei was the same as usual, but she slowly moved back when they were about to rob the official ship.

The official ship was robbed, but they were surrounded.

The ones that were responsible for this were Qing Wei and uncle Liu.

“Catch them all, don’t let a single one escape!” The one who said this was Lin Ruo Jing.

He recommended himself to the prime minister He Hong Jie, on the condition that he would catch the pirates that had terrorized the Blood Blue Seas for this long.

He Hong Jie had been feeling a headache from Su Yuan’s matters, so if he could take down the pirate organization, he would be able to take the credit. After a bloody fight, not one put down their swords to surrender.

From night to day, from the sea to the shore.

Even if Chu Xi Mo was the sea god, facing this planned blockade and numbers that were several times his own, he couldn’t do a thing.

At this time, Qing Wei came to his side and said, “Emperor, do you still believe that girl? It was her who informed them. If you use her to threaten the sixth king, we might still survive!”

She never wanted to hurt Chu Xi Mo, since Chu Xi Mo was a god in her mind.

The reason she did all this was to let Luo Qing Chen die!

Even if she didn’t die, she didn’t want him to be by her side.

“Ha, ha!” His cold eyes slowly looked up and his right hand wiped the blood on his face, “She never came to begin with.”

“What?”

It was like Qing Wei had been struck by lightning at that moment.

Wasn’t her name on the list? How could she possibly.....How could she possibly not be here?

Chu Xi Mo heard this and gave a cold snort. Although he was covered in blood, his lips curled into an evil charming smile, “How could I be willing to let her take such risks?” Just these words made Qing Wei’s plans completely collapse.

She had two plans. If Luo Qing Chen didn’t come out, she would let a large group of imperial soldiers storm Blood Blue Island.

If she did come to sea, she could encourage Chu Xi Mo to use Luo Qing Chen as a hostage to exchange to everyone’s safety.

After all, she was the sixth king’s daughter.

But she didn’t harm Luo Qing Chen, rather.....she had harmed her own brothers and sisters.

“Emperor? Ha, ha, ha, ha, ha!” Lin Ruo Jing’s laughter filled the air.

He looked at him with a gaze filled with hatred and contempt, “You are already turtles trapped in a jar, you can’t escape. I suggest you obediently surrender, otherwise I will have all you dirty pirates die here today!”

“If you want my life, you have to see if you can take it!” Chu Xi Mo narrowed his cold eyes and his slender fingers picked up an arrow from the ground.

With just one hand and one arrow, he threw it in Lin Ruo Jing’s direction and it landed firmly in his arm.

“All of you fire and kill him for me!” Lin Ruo Jing roared in a voice filled with rage and pain, “This group of beasts without parents would die sooner or later, don’t let a single one off for me!” The sky was filled with arrows that flew at them in an instant.

Qing Wei wasn’t paying attention and there was an arrow already aimed at a fatal part of her.

She already couldn’t dodge.

At the moment of life and death, a young figure appeared in front of her.....

Chapter 1215: Sea emperor: Lifting up the hostage princess (Part 26)

With a ‘xiu’ sound, the arrow pierced right into Ji Yu’s body.

Chu Xi Mo raised his right hand and grabbed the two arrows that followed.

At that moment, Qing Wei was frozen in place with dumbfoundedness.

Ji Yu used his last bit of strength to raise his hands, only then did she charge forward.

“Qing Wei, Qing Wei, Qing Wei.....” He called out without any sound, but when she took him in her arms, his lips curled.

“You.....What are you doing! I.....Even if you do this, I won’t.....won’t like you! You.....” Seeing Ji Yu who was covered in blood, her words were a bit incoherent.

At that moment, the figure of Ji Yu who she had ignored for many years suddenly appeared in front of her.

Each scene like broken fragments flashed in front of her eyes.

—

“Qing Wei, I found a big crab when I was out on the sea today. I know that you like eating crab, so I went out to catch a few for you.”

She had looked at the blood at Ji Yu’s waist and coldly said, “Take it away, I won’t compliment you even if you do this.”

—

“Qing Wei, are you in a bad mood? Do you see this small straw doll I made for you, isn’t it cute!”

She looked at his bloody fingers and said without a trace of emotion, “It truly is ugly, don’t be so naive in the future.”

—

“Qing Wei, this is the conch that the sea suddenly pushed in front of me.”

“I don’t want it.” She waved her hand in disgust and pushed away the conch in Ji Yu’s hands, “Can you not do such naive things, we are pirates! Our mission is to rob the rich to help the poor, we’re not going out to sea to hunt conches, alright?”

.....

“It’s.....It’s fine.” Ji Yu slightly raised his hand and seeing her panicked appearance, he said, “I like.....I like you, that’s enough.”

For Ji Yu was a kind of luxury, her not liking him was something natural.

“You.....Stop speaking.” Qing Wei shook her head. Only at that minute did she know that some people were this good to her and it was impossible for her to repay it in this life.

“You.....You have to be well in the future. I might.....not be able to be with you.” Ji Yu spat out a large mouthful of blood. He weakly looked at her and said, “Fool.....Don’t love if you can’t receive love in the future.”

His hand suddenly felt to the ground and his eyes unwillingly closed.

Qing Wei, Qing Wei, Qing Wei.....

He wouldn’t be able to see his favourite Qing Wei again in this life.....

“Hong long!” There was a boom of thunder in the air and Chu Xi Mo looked down before saying in a mutter, “Brother, be assured. I will let all of them be buried with you!”

As soon as his voice fell, he tightly clenched his blood soaked sword and chopped at Lin Ruo Jing through all the countless arrows.

Lin Ruo Jing thought that he had won, so he arrogantly stood in the front.

Chu Xi Mo’s sword went to his throat and everyone held their breath,

“You.....You, you, you, you.....Don’t mess around.....” Lin Ruo Jing’s legs suddenly turned soft in fear and he said in a trembling voice, “I.....I am the lord prime minister’s.....”

“I’ll only say it once and you best listen well.” There was a cold look in Chu Xi Mo’s eyes as he looked at him, “I want to see Su Yuan.”

“Su.....Su.....Su Yuan?”

Chapter 1216: Sea emperor: Lifting up the hostage princess (Part 27)

The losses in the fight against the pirates had been too severe and once Chu Xi Mo took Lin Ruo Jing, no one dared to move rashly.

In the end, Lin Ruo Jing agreed to let him meet Su Yuan, but he had to return to the Great Truth Temple with him first.

Otherwise, even if he died, all the remaining soldiers would kill them all!

Chu Xi Mo who had been through countless waves hesitated at this moment.....

Behind him were the brothers and sisters who had been with him through life and death, even if he died, he couldn't let them all die with him.

"Alright, I'll go with you, but I'll go alone." His eyes were cold and his sharp sword was about to cut his skin.

"No....." Lin Ruo Jing wanted to refute, but a layer of skin on his neck had been cut and his blood came out drop by drop.

He tightly gritted his teeth, "I don't believe they will come save you. Not to mention.....I want you to die the most."

—

Blood Blue Island.

Less than a quarter of the people who went returned and they were all seriously injured when they came back.

When Qing Wei saw Luo Qing Chen, she desperately charged forward to knock her to the ground.

But she jumped away and perfectly avoided her.

"Luo Qing Chen, tell me, why was your name on the list, but you didn't go out!" Qing Wei bit her lip and her eyes were filled with hatred as she looked at her, "You still won't admit that you were a spy?"

She gave a cold snort and her eyes were as sharp as arrows as she looked at her, saying word for word, "You don't know in your heart who was the spy?"

She threw a letter in front of her and said, "I found this in uncle Liu's room, all the details were written on there."

Everyone heard this and were stunned. They looked at each other and didn't see uncle Liu at all.

"You.....You were working with uncle Liu!" Qing Wei looked aside and said with a bit of hesitation, "The emperor was caught because of us and you're not embarrassed to stand here unscathed? Why aren't you the one who is dead!"

"Who was working with them, don't you know in your heart?" Luo Qing Chen narrowed her eyes to reveal a faint killing intent, "As for Chu Xi Mo, he is my husband, so I will save him."

As soon as her voice fell, she waved her hand and left the hall.

Everyone moved away from Qing Wei, looking at her cautiously.

"You.....You all believe the words of a woman who's only been here a few days?" Qing Wei's eyes had a bit of panic, she looked around at the people in disbelief and angrily said, "We are brothers and sisters who have fought together."

“It is because of this that we’ve never doubted you.” One of the logistics personnel looked back with a hurt look, “But the one in charge of the safety were you and uncle Liu.”

“Qing Wei, I’ve been telling myself that you wouldn’t betray us.” Follower A who had followed her bit her lip and said, “But I saw it with my own eyes, when we met the official ship, you moved to the back. I don’t like the emperor’s wife myself, but I believe what she said this time.”

“Ji Yu is dead, what do you still want to do?”

After a while, Qing Wei’s legs lost all strength and she fell to the ground.

She hugged Ji Yu’s ice cold corpse and shouted with all her strength, “I just want her to die!”

Chapter 1217: Sea emperor: Lifting up the hostage princess (Part 28)

Qing Wei never thought that it would end like this.

If she knew that it would end like this, she didn’t know if she would do this.....

She still might have because she hated Luo Qing Chen too much.....

At the same time, Luo Qing Chen changed into male clothing and had Er Xi prepare a boat, as she planned on returning to Long Peace City.

Chu Xi Mo had been arrested by Lin Ruo Jing.

Whether it was their new or old hatred, he definitely wouldn’t let him go.

At the dark Great Truth Temple, all the damp corners were filled with mold.

Chu Xi Mo was tightly wrapped up in iron chains and his moon white robe was already dark red.

It was the colour of blood.....

“Sea emperor? Ha, ha, ha, ha!” Lin Ruo Jing held the red whip in his hand, hitting him again and again as he said with a smile, “Chu Xi Mo, you are a thief, don’t you know that?”

The man locked up in the chains didn’t say a thing, there was a dark look in his deep eyes.

This was a big game and he was waiting for his chance.

“Ai, you’re a mute!” Lin Ruo Jing looked at him with disdain, but the whip in his hand never stopped. He kept mocking him, “Do you know what kind of person you are? A thief, understand? You had some little brothers calling you emperor and you think you really were an emperor?”

“Pa, pa, pa!”

The clear sounds of the whip rang out, Chu Xi Mo deeply remembered every lash.

Because he was tired of hitting or because Chu Xi Mo never made a sound, Lin Ruo Jing felt it was boring and sat down on the side, brewing a pot of tea for himself.

He crossed his leg and casually looked at him, "Do you know? There is a heaven and earth gap between someone like me who works for the prime minister and someone like you. My blind eye fell for that girl Luo Qing Chen before, but I didn't think that she was so easy. She only saw you a few times before climbing into your bed....."

"Ka, ka." There was the sound of the chain breaking.

Chu Xi Mo tightly clenched his fists like he couldn't take the flames burning in his heart, wanting to kill Lin Ruo Jing in front of him.

He could endure anything, but if someone said anything bad about Luo Qing Chen, he couldn't endure it.....

"You, you.....What do you want to do?" Lin Ruo Jing cautiously stood up and took a step back, "You thief.....Just wait until you're executed!"

As soon as his voice fell, he left the cell in a panic, fearing that Chu Xi Mo might really knock him to the ground.

After a while, a black figure appeared in front of his eyes and there was a familiar mint scent that filled the air.

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation.]

He was a bit surprised, but he didn't look up.

Why would that person appear here at this moment?

Impossible.....

His lips couldn't help curling as he muttered to himself, "I really miss you....."

"Then why do you put yourself in such danger!" Luo Qing Chen shook the torch in her hand and looking at his wounded face, her eyes turned red.

"You....." Chu Xi Mo suddenly looked up at her in disbelief.

This Great Truth Temple, even if she was good, it was impossible for her to get past the walls.

"I don't care, I'll save you." She pursed her lips and her eyes were filled with determination.

There was a time when she was in a cage, watching him falling under ten thousand arrows. Now it felt like that had been worlds away.

"Qing Chen....."

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

Chapter 1218: Sea emperor: Lifting up the hostage princess (Part 29)

It was probably too hard to imagine a princess who had been pampered since she was young to say something like this.

“Let’s go, I’ll protect you.....” Luo Qing Chen pursed her lips as a faint mist appeared in her eyes. It was like she couldn’t see what Chu Xi Mo wanted to do.

With her identity, if she asked the sixth king for help, she couldn’t definitely protect him! Why was there a need to come here to bleed and get hurt!

After a while, he looked up and her figure was reflected in his dark eyes.

He looked down a bit and his cool lips softly pressed down on her forehead. Even after bleeding so much, his voice was gentle as he slowly said, “I don’t want others to see you as the pirate’s wife.....”

Even if he was willing to come this far, this was the reason why he could endure being insulted by Lin Ruo Jing and gritting his teeth.

He had been the emperor of the sea, with a honourable identity, robbing the rich for the poor.

But now he wanted to be a normal commoner, that way he could at least not be that far away from her who was a princess.

He wasn’t willing to let anyone say anything bad about her, in his heart.....he wanted to proudly stand by her side.

He didn’t believe Su Yuan’s words before, but he hoped they were true.....

“Pirate? Wife?” Luo Qing Chen’s eyes trembled before a determined look appeared in them, “I like you, Chu Xi Mo. Whether you are a pirate or a commoner, whether you are good or evil, I will like you!”

He suddenly trembled when he heard this as his eyes were filled with emotion.

Was she confessing to him? So gentle.....

“Fool.” Chu Xi Mo looked at her as his cool as water voice sounded, “Believe me.”

“Pa, pa, pa, pa, pa.” There was the sound of clapping that came from the door.

Lin Ruo Jing was wearing a red and green robe with a jade green fan in his hand. He was waving it like a rich young master, while having a spirit that didn’t belong to one.

He seemed very out of place, like a monkey wrapped up in tiger skin acting like a tiger.

“Lin Ruo Jing, for you to come in and out of the Great Truth Temple like this, I wonder what official rank you have?” Luo Qing Chen suddenly turned and tightly held the Moon Glass Fan in her hand. She stood in front of Chu Xi Mo and looked at him with a face covered in hostility.”

“Ze, ze, ze.” Lin Ruo Jing gave a shrug before giving two dark laughs, “The princess is joking, I’m doing things on behalf of prime minister He, I have his personal token.”

He suddenly felt jealous when he saw Luo Qing Chen. This girl was clearly supposed to be his wife, but she was dirtied by a pirate that everyone spurned.

She used to say that she loved him, but now he felt disgusted thinking about it.

But everything changed in this world. He thought that his path into government would end after being chased out of the sixth king's manor.

But everyone had their path. The heavens gave him a good chance to work for the one that was below one and above all others.

"Prime minister He's jurisdiction shouldn't include the Great Truth Temple, right!" Luo Qing Chen narrowed her cold eyes as she released a chill.

Not killing this Lin Ruo Jing before really left the consequences.

"Princess Luo." Lin Ruo Jing gritted his teeth as he looked at her, "Although you are the sixth king's daughter, you should know that trespassing in the Great Truth Temple and taking the prisoners is a crime punishable by execution of nine generations!"

Chapter 1219: Sea emperor: Lifting up the hostage princess (Part 30)

"I'm afraid you won't be able to see that." As soon as her voice fell, Luo Qing Chen was planning on making a move when she heard a whisper come from Chu Xi Mo.

Lin Ruo Jing was clearly scared by Luo Qing Chen's action. He swallowed a mouthful of saliva before angrily saying, "Prime minister He has decreed that all pirates are evil. Today at noon, in the square of Long Peace City, he will be executed!"

As soon as his voice fell, there were two strong guards that came forward to take Chu Xi Mo.

Luo Qing Chen heard Chu Xi Mo softly say something when he moved past her, "Be good~"

She didn't even think as she followed him.

But Lin Ruo Jing stopped her, looking at her with an arrogant look, "The execution will be too bloody, princess Luo shouldn't go there or it will affect your mood when you're eating lunch."

Luo Qing Chen gave a cold snort and she looked at him with eyes filled with disdain, "If I talk to you even for an extra sentence, I won't be able to eat lunch for a year."

"You....." Lin Ruo Jing choked on his words and angrily looked at her, "I urge you to not be rash. The sixth king's position in court can't compare to the prime minister's position now!"

He had been crushed by Luo Qing Chen's identity before, but now that he had become close with the prime minister, this girl still dared to be arrogant in front of him!

He simply couldn't take it!

"He, he." Luo Qing Chen gave a cold snort. Her face turned dark as she looked at him with a strong aura, "Lin Ruo Jing, don't you know? If I were to kill you, my father is as king and I can easily get away with it. But if you killed me, your family will be executed down to nine generations!"

Lin Ruo Jing's back was covered in cold sweat.

He knew that he had been beaten into a fatty, but he enjoyed the feeling of being in power too much. He enjoyed being high above and pressing his enemies down into the ground.

No, he wanted to have this feeling for his entire life.

He definitely, he definitely couldn't lose!

Luo Qing Chen was the daughter of the sixth king, she was not only a relative of the royal family, she was also a princess. He naturally couldn't offend her.

But that Chu Xi Mo, that pirate, that thief!

It would be easy for him to kill him, he was the messenger of justice that brought down peace on the one who harmed the citizens.

"Good, good, good! I can't offend you as the princess." Lin Ruo Jing pointed at her with a dark look, "It's a pity that your husband isn't as lucky! I can't wait to see him being pulled apart!"

As soon as his voice fell, he walked out of the Great Truth Temple, leaving Luo Qing Chen the back of a victor.

"Che." She gave a snort of disdain. There was a sparkle in her clear eyes as she bit her lips, "If I, Luo Qing Chen let you kill Chu Xi Mo under my eyes, I might as well go back to the Chaos Space and restart!"

—

Long Peace City was very lively today, there were many people in the square before it was even noon.

These people were not only the local citizens, there were many citizens that had come from the surrounding villages.

They were carrying weapons as they surrounded the square.

Three hours ago, news came from Blood Blue Island. The emperor was in danger and they hoped that those who had been helped by the pirate group would help as much as possible.

This news was spread by Qing Wei, she couldn't watch Chu Xi Mo die.

Even if she didn't want Luo Qing Chen to live.

But so what, obsession came from the heart.

Luo Qing Chen couldn't die because she had Chu Xi Mo.

She couldn't die because she had Ji Yu.

No.....She no longer had Ji Yu.....

Chapter 1220: Sea emperor: Lifting up the hostage princess (Part 31)

When Luo Qing Chen rushed to the square, Chu Xi Mo was high on stage. The executioner took a sip of wine before spitting it on the blade.

“Brother, can you die a bit slower? If you die right away, I will be buried with you!”

As the executioner, they were all the best ‘swordsmen’. The time for his death by a thousand cuts was set for two months later.

If the prisoner died during these two months, the executioner would also be executed.

Chu Xi Mo didn’t reply, his slender fingers softly slid across the floor.

The crowd was abuzz and Luo Qing Chen was standing in a high place, prepared to steal the prisoner at any time.

It wasn’t that she didn’t believe in Chu Xi Mo, rather she didn’t want to see him being hurt at all.

“Ke, ke.” Lin Ruo Jing on the side sat down in an official’s chair, the fifth grade official that came to this execution even gave his spot to him.

After all, it was the prime minister beside him, a trivial fifth grade official couldn’t offend him.

“The time is here, begin.” He took the token off the table and threw it on the ground as his eyes filled with joy.

Luo Qing Chen was planning to use the space and time freeze to take Chu Xi Mo away.

The commoners had moved before she could.

“Let the emperor go, I’m willing to exchange my life for his!”

“The emperor gave us gold to treat my seriously ill son, I am willing to exchange my life for his!”

“The water of grace will be returned in a spring. Not to mention that the emperor gave us a spring and my life isn’t even worth the water of grace.”

“Let the emperor go, let the emperor go, let the emperor go!”

.....

Waves of voices chanted out. The bags of silver marked with ‘emperor’ had received the reward it deserved.

Even Luo Qing Chen’s eyes couldn’t help turning red at this.

The sea emperor, stealing from the rich to help the poor. Millions of citizens were grateful to him.

This was a scene that even a pirate would be happy to see! There is a day when he was in danger that those he helped would be willing to exchange their lives for his.

Luo Qing Chen’s heart was filled with waves. The blood in her body burned with these cries and there was an immersive feeling that made her feel willing to exchange her life for his.

Of course, she could have done that already.....

“You, you.....What are you all doing? Do you want to rebel!” Lin Ruo Jing jumped out of his seat. He clearly never thought that the citizens would actually do this instead of just watching!

He was a pirate, shouldn't everyone hate him?

Why did all these people love him!

"The corrupt officials make it so the citizens can't make a living, if it wasn't for the emperor, we would already have starved to death!" One of the young men with a scarf over their head stood on the stage and shouted, "Let the emperor go. We are willing to bleed together, just so the court can give us a path of life!"

"Audacious!" There was a powerful voice that came from the southeast of the square.

Luo Qing Chen narrowed her eyes and recognized this golden sedan.

She knit her brows, narrowing her eyes as she looked at He Hong Jie who came out of the sedan.

This was a figure that was only below one person, why would He Hong Jie personally come to Chu Xi Mo's execution?

This was something that she was very surprised by.
