Chapter 1251: E-Sports god: Nation's strongest ADC's only couple (Part 19)

Thanks to them taking baron and adding in Ye Qian Hun's explosive damage, the winner of the game was clear.

They ended it with a score of 12-0, pushing down the enemy base.

Although it was different from last time and they had less kills, it was still a complete sweep and a handsome victory!

Three minutes later, the door to VIP room B opened and Ye Qian Hun walked in against the light with his hands in his pockets.

She turned and looked at him, feeling that he was that dazzling. It completely suited his title as the nation's strongest ADC!

"God qian, you weren't like you at the baron!" Fatty looked at him with a happy look and teased, "Normally you wouldn't be the first one in if there isn't a jungler or a support! If you don't take care of the enemy ADC immediately, you would just be giving them a kill."

Ye Qian Hun raised his brow and looked at Luo Qing Chen with a bit of a proud look before saying, "There's no other way, mid lane already sent themselves in, so I can only go in as well."

Actually, the facts were that he couldn't stand seeing their mid laner being bullied.

Although it was impulsive, it had to be done.

"Ah?" Fatty looked stunned.

"What?" Sacrificing Gods looked at him with a look of disbelief, "God Qian, I really can't believe that such words were said by such a stable ADC like you!"

"Ke, ke." Fatty couldn't help coughing before saying, "What is this situation! A powerful couple going in together?"

"Pu." Luo Qing Chen gave an innocent shrug, "I went in to take the baron, alright!"

Anyone who played league understood the importance of baron!

"That, the competition is over! Let's go on stage to take our photos!" When they were chatting, the person in charge of the competition came over.

Fatty couldn't take it and directly charged forward to grab his collar, "You dare play tricks on this fat master!"

"Calm.....Calm down....." The person who was picked up by fatty was terrified, as he said in a trembling voice, "It.....It really doesn't concern me! You.....Don't hit me!"

"Forget it, fatty....." Sacrificing Gods waved his hand, "This clearly came from above, there's no meaning if you make it hard for him."

“Right, right, right, right, right.” That person saw that someone was helping him, so he immediately nodded along.

“Forget about the pictures!” Ye Qian Zi’s eyes were a bit cold as he said, “Our mid laner doesn’t like taking pictures.”

“This.....”

“This your sister.” Fatty pushed out and let go of his collar, “Send us the prize properly or I will definitely expose you this time.”

That person’s face turned white out of fear of fatty, “Yes, yes, yes, yes, yes.....”

It had to be said, You Yu Lin’s group really were shameless. They were already standing on stage with wide smiles for a small competition like this, they acted like they had already won the game.

Especially.....He Miao Ling.

She was posing showing her thighs and giving kisses one after another, people really thought that she was making an XX film!

Simply! Too! Eye! Piercing!

“Ai, we’re already standing here, let them stand behind us.” He Miao Ling saw that they came out of the room and said to You Yu Lin beside her, “Otherwise they’ll steal our spotlight.”

“The problem is that they are the winners.” Little Beast came online.

Chapter 1252: E-Sports god: Nation’s strongest ADC’s only couple (Part 20)

But He Miao Ling never thought that Ye Qian Hun’s group wouldn’t step on stage at all, directly leaving the internet cafe.

The fans who had been watching the game followed as they shouted their name: Congratulations W, congratulations W, congratulations W!

Ye Qian Hun put his hands in his pocket and stopped for a second. He narrowed his dark as ink eyes and looked at You Yu Lin on stage.

That look determined that they would be enemies.

He Miao Ling was stunned. When Ye Qian Hun was looking in their direction, her heart strangely skipped a beat and there was a very wonderful throb.

This was her first time seeing Ye Qian Hun, she had only heard the name ‘god Qian’ before.

He really was handsome! It was unknown how many times more handsome he was compared to You Yu Lin.

The most important thing was that she was so good at playing support, she should be playing bot lane with this outstanding ADC!

Then they would be absolutely unparalleled.....

When she was lost in her own fantasy, Ye Qian Hun only let her with the view of his back.

Everyone thought that this matter was over, but they never thought that all kinds of news would flood the forums that night, it was a great shock to them.

At the same time, it gave the enemy a great shock!

«Soaring Flame Internet Cafe Event: Blazing Flame unwilling to lose!»

«Soaring Flame Internet Cafe cut off W's voice comms, but it was a pity they still won!»

«Blazing Flames owes W an apology: Is getting Korean aid that good?»

.....

The posts related to today's competition were all on the forums. After all, Ye Qian Hun had been playing the game in the main hall.

Although there was a separation line, the fans could all understand just by watching for such a large matter.

Frog at the Bottom of the Well: Is Soaring Flames joking? They had a bit of fame after working as an internet cafe, but this time they really did stink!

Withered Leaves on the Ground: It more than stinks! I feel sick as soon as I think about how they cut off the voice comms! They really can only act as an internet cafe for life!

Ran Ran Likes Eating Grapes: Can W not participate in these kinds of competitions in the future, they were too wronged! (T_T ^ T_T)

Messenger of Peace: God Qian just took off his headset, you fans are playing too much!

A Cute Rabbit: @Messenger of Peace, you really know how to talk BS based on your name. Taking off the headset when you're about to take baron, there's no need to communicate?

Fragments of Broken Glass: @Messenger of Peace, I feel that you should check your hearing. I was close to god Qian and I could hear the static from his headsets.

.....

Luo Qing Chen flipped through the posts on the web and she had to admit that W really had quite a few fans.

Basically there were many fangirls for Ye Qian Hun or Sacrificing Gods, they could even compare to professional teams!

Although most of the posts were about the voice comm issues, there were a few posts about how she and Ye Qian Hun fought at baron.

Beating Heart: Did anyone notice that god Qian was very handsome when they were at baron! (* ^ - ^ *)

Small Highness: Yes, yes! This old woman's young heart! Where did this new mid laner come from, god Qian was very powerful when he saved him!

Brocaded Zither Night: +1 above! God Qian definitely wouldn't do this, he would have sold out the mid laner or waited for the support before saving them!

Hooking My Heart: +2 above!

Danish Flower: +10086 above!

.....

Luo Qing Chen found that it was very warm having fans after reading these posts.

Although....these didn't seem to be her fans!

But she felt very happy that they supported their team. After all, when the previous host was in Blazing Flame, she never had any fans.....

Chapter 1253: E-Sports god: Nation's strongest ADC's only couple (Part 21)

This matter was quite big in the small e-sports circle. The owner of the Soaring Flame Internet Cafe requested Ye Qian Hun to speak out that there was no problem and that the fans were thinking too much, or he wouldn't give them their prize.

Ye Qian Hun not only directly refused it, he even posted the chat history to the internet.

It wasn't just the fans of W, all the players who loved league exploded!

After all, this matter was too evil and couldn't be forgiven at all!

In the end, the Soaring Flame Internet Cafe had to close their doors under these negative comments and the Blazing Flame Team became infamous overnight. "God Qian, how did you do it!" The fatty was shocked when he received the pay report, "The Soaring Flame Internet Cafe owner actually gave us our prize money!"

Properly speaking, the internet cafe closing meant that there wouldn't be any prize money.

"Soaring Flame is a rather well known company, so they don't only just have a single internet cafe." Ye Qian Hun's slender fingers clicked the mouse a few times before saying, "Other than their internet care, they also have restaurants and arcades."

"It can't be....." Sacrificing Gods looked at him and guessed that he was acting black bellied. His lips twitched as he said, "You complained to the entire company....."

"Un humph." Ye Qian Hun revealed a faint smile as he said, "Why not?"

"There's nothing wrong with it!" Sacrificing Gods played with his silver hair, "But Blazing Flame is gone now, they won't be able to survive in the circle any longer after this."

Luo Qing Chen heard this and couldn't help thinking of the abuse on the internet.

According to the previous host's impression of You Yu Lin, he was a man with a glass heart and a passion for gaming.

This time he hired foreign help and used all his means, but now he suffered this kind of fate.

In a silent room, there was just the sounds of He Miao Ling eating her apple while she hummed a song.

Her mood was quite good. She searched up Ye Qian Hun on her browser, he really was so handsome that he dazzled her.

"Jade Tree, the two Korean helpers are gone and our team has been blocked." Small Beast's voice came from YY and You Yu Lin's mood sank.

He was once at the top and he vaguely remembered his mid laner called Dust Floating in the World, remembering that she became his support.

As long as she was by his side, he was invincible and didn't need to worry about being killed by the enemy.

But when he went to the bot lane now, he always felt that he was fighting and killing the enemies alone. That so-called support rarely gave him a single protection skill, it really was a joke.....

"Un." He softly replied, "Let's break up then!"

"Ah, why!" He Miao Ling's shrill voice came from YY as she pursed her lips, "Won't I not be able to buy the newest season's LV bag!"

"He, he....." He gave a cold laugh, "Is that bag that important to you?"

"Of course it's important!" He Miao Ling blew her newly done nails as she said, "Right, how will we divide the second place prize! The two Korean helpers are gone, so let's divide it by three, or we can divide it by two. Small Beast didn't really help that much, so what prize should he get?"

Chapter 1254: E-Sports god: Nation's strongest ADC's only couple (Part 22)

"The prize can be divided in two." You Yu Lin gave a cold laugh that was ice cold.

Small Beast could naturally tell that his mood wasn't good, so he didn't say anything.

After all, he had been with him all these years, fighting on the path of the game, it wasn't just for this bit of prize money.

"That is right!" He Miao Ling said with a grin, "That way I can buy a LV bag and a bottle of Chanel perfume."

"It's a pity....."

"What's a pity? Oh, right!" He Miao Ling suddenly interrupted You Yu Lin, "I feel that since the prize money belongs to the two of us, we don't need to divide it, you can just give it to me. Look at how hard I worked to support you, my skin is getting worse!"

“It’s a pity that there isn’t a portion for you.” You Yu Lin said word for word in YY through gritted teeth. Every person’s heart had a limit and he was clear that he had reached his limit.

He didn’t have a single trace of patience for He Miao Ling.

“You.....What do you mean!” He Miao Ling was a bit anxious when she heard this since today’s You Yu Lin was a bit strange.

Normally he would talk to her gently as long as she cried, but why did he suddenly change today?

“You don’t understand these words?” You Yu Lin’s eyes were extremely cold as he continued, “Our previous jungler and top laner were right, do you not have an idea of what skills you have?”

“You Yu Lin, you.....You’re breaking the bridge here!” He Miao Ling’s sharp voice filled the YY room as she angrily shouted, “If it wasn’t for me, how could you get this prize money? You’re not embarrassed!”

“Without you, we really would have gotten this much prize money.” You Yu Lin didn’t give her any face and said in a taunting voice, “No, it shouldn’t be said like this.”

“You finally understand how important I am!”

“Without you, we could go even further.”

There was a familiar ‘ding’ sound.

The host had asked Exquisite Beauty to leave the YY room.

At the same time, there was a message that appeared in the game.

[Notification] Team captain Jade Tree Facing the Wind has asked Exquisite Beauty to leave the team.

Luo Qing Chen didn’t know about this shocking matter until a few days afterwards because He Miao Ling had posted this on the web.

The post was called «Blazing Flame’s captain wanted to take the prize money for himself, so he kicked everyone out of the team after the competition!»

There were two screenshots of her being kicked out of the YY group and the team.

At this time, the fire that had been burnt out once again burnt, as posts kept appearing on the internet.

Missing Your City: Damn! How could there be someone like this, I heard that the original poster is a girl!

Too Handsome to Have Friends: That’s right, feel bad for the girl! Come to my team next time, big brother will carry you away!

Summer Firefly: Please, anyone who watched the competition would understand! Is this support any good? I don’t know she even deserves to receive the prize money!

Dumb Dumb: And I heard that she chased out Dust Floating in the World, who was that super amazing mid laner beauty.

Snowman in Winter: I also heard that Dust Floating in the World disappeared after that, she must have lost interest in this game!

.....

Luo Qing Chen had always watched and never replied on the forums.

But today, she suddenly wanted to reply.

Chapter 1255: E-Sports god: Nation's strongest ADC's only couple (Part 23)

Only Play Support Without Explaining (V Certified: Team W Mid Laner): Going out without caring and keep giving up kills. The support will never count how many times they've died. I want to ask, are you qualified to play?

Luo Qing Chen used her main account to post because Ye Qian Hun had registered her so she could use the V Certification of the team.

To be reasonable, You Yu Lin didn't talk to the previous host about V Certification at all.

Thinking about it now, he might have been planning on using the previous host in the first place.

Half World Held Soul(V Certified: Team W ADC): Un! My mid laner is right!

Luo Qing Chen was surprised when she refreshed and the team chat immediately rang.

[Team] Death God Priest: What is with god Qian, you're actually posting with Qing Chen!

[Team] Half World Held Soul: This is just providing the truth.

[Team] Unparalleled Fatty: Damn, damn, damn, I've completely changed my mind about god Qian. Didn't you say that it was better to play ranked instead of having time to look at the forums?

[Team] Half World Held Soul: It's different now.

Pu! Luo Qing Chen couldn't stop her lips from curling into a faint smile as she felt a warm feeling fill her heart.

[Team] Death God Priest: But it has to be said, Qing Chen's reply is just too awesome! It's fine to rhyme, but why doesn't it seem normal when you say it?

[Team] Half World Held Soul: Did you use to go mid lane or bottom lane before?

[Team] Death God Priest: Of course it's bottom lane! After all, there's you in the bottom lane, raising you is equal to winning! (?。 ?)

[Team] Half World Held Soul: But now you're going mid more than bot.

[Team] Death God Priest: Is that so~? Oh, it seems like it! It's because going mid lane also leads to victory.....

[Team] Half World Held Soul: So it's different now.

[Team] Death God Priest:

Because of Luo Qing Chen and Ye Qian Hun's reply, the rather popular forum posts suddenly exploded.

A bunch of fans gradually became more excited while posting!

Milk Candy: Ah, ah, ah, ah! God Qian said that the mid laner is his mid laner, my heart is a bit excited when hearing this!

Cool Green: W's carries are so passionate! Did god Qian give up on Sacrificing Gods and choose the new mid laner?

Light Blue Blue Blue: I think that since the new mid laner and god Qian are saying this, there must be a problem with this mid laner!

Buy One Get Two: This whole posts give me the feel of a little white flower!

Exquisite Beauty: (V Certification: Blazing Flame Support): What does the W mid laner mean by this? I have no grudge against you, why are you coming out to attack me?

He Miao Ling sitting on the other side felt a bit anxious. She wanted to use the pressure of the public opinion to make You Yu Lin give her the prize, but she never thought W's group would appear!

Only Play Support Without Explaining (V Certified: Team W Mid Laner): Interesting! Don't you hate the girl named Dust Floating in the World the most? How about I change her name to light up your eyes?

Exquisite Beauty: Are you crazy? You know Dust Floating in the World? Do you know what kind of person she is! You don't know anything and you're standing on her side to bully me! (ㄟ ^ ㄟ)

He Miao Ling's certification was suddenly lost. It seemed like You Yu Lin was also watching this forum.

But she did a good job getting sympathy. She said that she was wronged in between the lines and even used an emoticon!

Dust Floating in the World (V Certified: Team W Mid Laner): It's not important if I know or not, the more important thing is.....Do you like this name?

Chapter 1256: E-Sports god: Nation's strongest ADC's only couple (Part 24)

When Luo Qing Chen changed her name from 'Only Play Support Without Explaining' to 'Dust Floating in the World', the entire forum blew up.

Actually, she just used this chance to change back to her original name.

Mister Lu's Little Fangirl: My god! W's mid laner changing names to Dust Floating in the World really is face slapping!

Stray Cat: Who is Dust Floating in the World?

That Year's Flower Half Bloomed: I also want to ask.....

Buy One Get Two: She used to be the mid laner for Blazing Flame for a while and she also played support, playing incredibly well. I don't know what she looks like, but I do know that she was a girl and was squeezed out by this little white flower! (*—m—)

Exquisite Beauty: He, he! What a joke! What does it matter if you change your name, this old lady can't be bothered to argue with someone as mentally challenged as you!

He Miao Ling deleted her post the moment she sent this reply.

After that, there were many W fans that opened posts attacking her.

Other than the fans, there was someone else who Luo Qing Chen never would have thought would join in, it was You Yu Lin.

He sent a post which said «You are the best support that I've ever seen, there is no other!»

The content of the post was very simple, there were only a few words. It explained the matter of the prize money and that he would find a team!

When everyone gathered at the base the next day, they all gave their views.

“Actually, although this Jade Tree Facing the Wind's character is that good, his skills are decent.” Sacrificing Gods looked at his profile and said, “He even reached eighteen on the Challenger rankings.”

Di da, di da, di da.....

Most afraid of it suddenly becoming silent!

“What are you doing?” Sacrificing Gods played with his silver hair out of habit, “Didn't the pros say that there are never permanent enemies in the e-sports world?”

“You want to recruit him?” Ye Qian Hun lazily leaned back in his chair and a trace of coldness appeared in his starry eyes.

“Ke, ke.” Sacrificing Gods cleared his throat, “My meaning is that if possible.....”

“You will lose me.” Ye Qian Hun looked up with absolute power in his eyes.

These four short words made Sacrificing Gods completely throw out his ideas.

“Did I say something just now?” Sacrificing Gods looked over at Luo Qing Chen before turning to fatty.

“No.”

“No.”

This time, she and fatty were strangely unanimous.

After all, this kind of Ye Qian Hun really gave a cold feeling!

“I had you all come here to discuss our next plans.” Ye Qian Hun looked at Luo Qing Chen who was in a slight daze as she said 'no' and his lips couldn't help curling into a faint smile.

He suddenly felt that this kind of Luo Qing Chen was a bit cute.....

[Ding, affection has increased by ten. Mission completion rate is now 40%.]

“What plan?” Sacrificing Gods looked at him, “Aren’t we just playing at internet cafes for the first half of the year?”

“I’ve changed my mind.” He slowly stood up and handed four pieces of papers by his right hand to them, “I’ve already signed up for the provincial tournament for the first half of the year, I’ll be going to S City in three days to enter the competition.”

“What?”

“Ha?”

“My god.”

“Ah.....”

All four of them looked at him in shock.

After all, they never thought that Ye Qian Hun would make such a large decision and what shocked them more was that——

He was only telling them about this decision now!

Chapter 1257: E-Sports god: Nation’s strongest ADC’s only couple (Part 25)

A City wasn’t that far from S City, but it was the distance between two cities, so it definitely wasn’t close.

It took over three hours by bus and the provincial tournament would take around a week, so they couldn’t go back and forth.

Luo Qing Chen told her grandmother that she was going to winter camp. Her grandmother wasn’t used to her short hair, so she pushed up her reading glasses before revealing a surprised look, “So it’s Xiao Qing!”

Her lips curled into an awkward smile and didn’t know what to say!

Her suitcase was big and she put in many things. There were water bottles, underwear, a few handsome male clothing, and other things. It completely filled up her suitcase.

So early next morning, the other four male gods were only carrying a single bag.

And she had a bag and a very large suitcase.

“Brother, are you going to winter camp?” Fatty looked right at her small and large bag.

“What do you care!” Luo Qing Chen said, “I call it living life well!”

Actually she wanted to say that this was the biggest difference between men and women, but she held back when these words came to her mouth.

“It’s more like troublesome.” Sacrificing Gods didn’t forget to add as the end to this topic.

Long distance journeys were always tiring. The bus was very quiet and everyone had their own space to enjoy with their headphones.

Luo Qing Chen had a window seat as she put her cheek on her right hand and looked out the window.

Ye Qian Hun was sitting beside her with a light blue sweater, looking at Luo Qing Chen out of the corner of his eyes from time to time.

It was very cloudy outside, like it was suddenly about to rain.

Facts proved that the storm came earlier than imagined. With a boom, everyone who had been asleep was woken up.

The large bus suddenly stopped as a mudslide appeared in front of them. The driver quickly turned the steering wheel and they fell into a large ditch.

Luo Qing Chen felt like she was rolling between life and death. The person sitting beside her took her into his embrace with his left hand and firmly protected her.

“Aiyo!” The fatty behind fell to the ground and angrily roared out, “This fat master is going to die!”

“Are you alright!” Ye Qian Hun slightly knit his brows and his breathing was a bit fast.

Her eyes trembled a bit as she smelled a good scent. This was her first time smelling this light fragrance.

“No.....Nothing.” Luo Qing Chen forcefully controlled her breathing and knit her brows, “What happened?”

“There’s probably a landslide ahead.” Ye Qian Hun slowly took back his hand before standing up to look out the window.

“It’s not just a landslide, the entire bus fell into a large ditch!” The fatty behind them reached out his neck, “It’ll probably be very hard to get out.”

As soon as the fatty’s voice fell, the driver yelled out in the rain, “Everyone, I’m sorry. Could everyone get out of the car first? If the people who are strong can help me push the bus, I really would be grateful!”

Luo Qing Chen slightly knit her brows. It was raining very hard outside and there was a bit of chill coming from the window.

Ye Qian Hun took an umbrella and a raincoat out of his bag for her, “Wear this and get out, it’s almost freezing outside.”

She was surprised as a faint sparkle appeared in her eyes. She could even hear a bit of concern in his voice, as well as wanting to take care of her.

“Thank you.” She took the raincoat and umbrella and her lips curled into a faint smile.

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

Chapter 1258: E-Sports god: Nation's strongest ADC's only couple (Part 26)

He couldn't resist this smile. It was like a scorching sun that with the background of the storm entered his heart without any warning.

She followed behind him and slowly got out.

The sound of the rain crashed against the umbrella and her snow boots felt cold standing in the water.

Luo Qing Chen held the umbrella and trembled standing there as Ye Qian Hun's group were already pushing the car in the rain.

With the shouts of 1, 2, 3, and the rain mixing, this was Luo Qing Chen's first time seeing Ye Qian Hun in the rain.

The ice cold rain hit his face and the hands that could click four times every second were pushing against the bus.

At this moment, he wasn't Ye Qian Hun who could do precise plays in front of the computer, he seemed more like a hero in her mind.

Although it seemed like a small matter, her lips couldn't help curling.

When the bus came out of the ditch, the rain in the sky gradually turned to snow.

The surrounding temperature.....had already dropped below zero.

"Achoo." Luo Qing Chen standing on the side who wasn't helping gave a sneeze. She shivered and her teeth couldn't help chattering.

It seems like the physiques of men and women were too different in the end.

When their group arrived in S City, it was already seven hours later than they expected.

But the bad luck didn't end there as there was a problem with the hotel. Fatty had booked three rooms, two normal rooms and one double room.

After all, Luo Qing Chen strongly requested a single room and she would pay for it.

But when they arrived at the front desk, the receptionist told them that they had only booked two rooms.

"Miss, is there a mistake!" Fatty scratched his head and said, "I really booked three rooms."

He said this while taking out his phone, but there were the words written on his phone: Two normal rooms.

"This sir, it's impossible for use to make a mistake, you booked two normal rooms." The receptionist had a smile as she looked at him with a helpless look.

"Ke, ke.....Ke....." Luo Qing Chen cleared her slightly hoarse throat before saying, "Then do you have any free rooms now?"

If she could take out the Nine Section Moon Whip, she would definitely whip the fatty's face without a single word!

"I'm sorry, because of the weather today, our hotel is completely booked....." The receptionist shook her head apologetically, "Perhaps we can help you add a bed, do you think that would work?"

Sacrificing Gods looked at the clock on the wall before saying, "We're all men anyway, we can just squeeze in together."

Luo Qing Chen thought that there was nothing wrong with this on the surface, but the important thing was that she was a girl!

"I'll be with Qing Chen!" Ye Qian Hun had a faint glow in his deep eyes as he said with a grin, "After all, I can't sleep with fatty."

"What?" Luo Qing Chen pursed her lips and she couldn't stop a blush from appearing on her face.

"Why?" Sacrificing Gods was a bit confused because this was his first time going on a trip with fatty.

"That.....I....." Fatty awkwardly scratched his head as he said with a deep smile, "I will....."

"Forget it." Sacrificing Gods waved his hand, "Anyway, I brought earplugs. It doesn't matter if you snore or grind your teeth, I can accept it. We'll just set it as this then!"

Chapter 1259: E-Sports god: Nation's strongest ADC's only couple (Part 27)

"Un, that's decided then!" Ye Qian Hun looked at fatty with a smile that was hard to conceal.

Luo Qing Chen couldn't help secretly taking a look at him, that smile really did look good.....

Their room was A2101, Luo Qing Chen poked her head in to take a look.

There seemed to be an ambiguous feeling that was coming from the room.

Looking in from the outside, it looked like a deluxe standard room. There were two very large beds, a sofa, a computer, and a large TV.

"What are you looking at, go in." Ye Qian Hun looked at her and said, "You have more things to organize! I'm going out first."

Luo Qing Chen saw that it was already close to dinner before casually asking, "Where are you going?"

"To see a friend." His reply was very simple, but she felt strangely disappointed.

After all, a girl's sixth sense was very accurate. The person Ye Qian Hun was going to see had to be a girl.

But this was fine, at least she could take a quick shower and change clothes while he wasn't here.

She felt that her head.....was a bit heavy.

S City was the venue for the provincial competition and was the capital city of the S Province. The night view in the city was naturally very beautiful, with many bright lights and neon lights.

At the entrance of Lolita Park, there was a woman wearing a large red blazer, a coffee coloured hat, and a large pair of sunglasses.

Her long hair was slightly curled, she was tall, had flaming red lips, and her perfume hit one's nose hard.

Ye Qian Hun had his hands in his pocket and in the dark night, his deep eyes looked that good.

"Ye Qian Hun!" Feng Wu Yue waved her hand at the center of attention not far away, "Here, here!"

"Long time no see." He revealed a faint smile, they seemed to be old friends.

But they had actually known each other for many years.

"What do you want to eat?" She looked behind him twice before putting away her look of disappointment and saying with a smile, "As the host, I'll treat you!"

"I'm afraid it's not me who you want to invite!" Ye Qian Hun gave a shrug with a sparkle in his eyes, "Is there a pharmacy nearby? Bring me there."

"He's sick?" Feng Wu Yue's eyes trembled and she pursed her red lips, "Speak!"

"Why aren't you asking if I'm sick first?" Ye Qian Hun said with a charming look in that darkness, "Since you're that unwilling, why did you leave in the first place?"

Feng Wu Yue used to be a part of their W Team, but she was taken away by Q Team and became their starting support.

Of course, she had another identity, which was Sacrificing Gods' former girlfriend.

"It's already been this many years, I don't put it in my heart anymore." She twirled her hair in an unnatural manner, "Let's go, I'll take you to the pharmacy."

On the way, they didn't talk about that much.

As long as they said anything, it would involve Sacrificing Gods. Ye Qian Hun naturally knew that Feng Wu Yue just wanted to know about how Sacrificing Gods had been doing lately.

Walking around the pharmacy, he bought two packs of cold medicine, a box of fever medicine, and a box of lozenges before Ye Qian Hun planned on heading back.

"I heard that you're here to play in the provincial match this time?" When they were parting, Feng Wu Yue didn't forget to add, "You aren't a match for Q Team now."

"Un humph?" Ye Qian Hun narrowed his eyes and lazily put his hands back into his pocket, "They are also planning on playing offline?"

Team Q always played in online leagues, they never played offline, but this time seemed to be an exception.

Chapter 1260: E-Sports god: Nation's strongest ADC's only couple (Part 28)

It was already past seven thirty when he came back. Luo Qing Chen had already showered and changed clothes, as well as applying a mask.

The three men next door were shouting they wanted to eat, but Ye Qian Hun wasn't back yet and Luo Qing Chen didn't know how to respond to their roars!

[Challenger] Unparalleled Fatty: Damn! Are the two next door girls, how long do you need to shower and unpack? This fatty is about to become skinny from how hungry I am.

[Silver] Death God Priest: Fatty, you're so loud!

[Challenger] Unparalleled Fatty: You're trash silver and you're this arrogant, when will you become challenger!?

[Silver] Death God Priest: When I can talk as much as you.

[Bronze] Forever:

[Challenger] Unparalleled Fatty: Pu, there's one with an even lower level!

.....

[Gold] Half World Held Soul: What do you want to eat?

[Challenger] Unparalleled Fatty: Yaya, finally a response! I want to eat meat!

[Gold] Half World Held Soul: Gather in the lobby in ten minutes!

[Challenger] Unparalleled Fatty: Damn! So slow.....

Actually, Ye Qian Hun was already at the door of the room and he knocked twice. Luo Qing Chen patted off her clothes and opened the door for him.

There was a faint scent of perfume coming from him. It seemed like a girl's sixth sense was right, Ye Qian Hun had gone to see a girl.

"Here....." He gave the cold medicine to her, "Drink this first, you'll be a bit better."

She was surprised, but her chest that was stuffed became much more comfortable.

Not mentioning him giving her cold medicine, just the fact that he noticed that she had a cold was a very warming thing.

Because of this small matter, she could feel the charm of Ye Qian Hun.

"Un." She took the cold medicine and said, "Thank you."

As soon as her voice fell, he took the kettle into the bathroom.

Ten minutes later, she finished drinking the cold medicine, sticking out her tongue with a bitter look. He raised his hand and put the lozenges in her hand, "Here....."

"Kou, kou, kou." As soon as his voice fell, the three people next door who couldn't take the cries of their stomachs anymore knocked on their door.

Ye Qian Hun opened the door and the fatty clutched his stomach, pretending to feel 'faint', "God Qian, god Qian, god Qian Qian! Please have mercy on this fatty, I'll faint if I don't get a meal soon!"

Sacrificing Gods standing beside him was about to say something to help the fatty, but his nose twitched and he knit his brows. He said in a low voice, "Did you go see her?"

Just those short five words made the atmosphere very awkward. Even Bai Yong whose expression never changed revealed a different expression.

"Un." Ye Qian Hun softly replied with a slight nod.

"Traitor." Sacrificing Gods gave a cold snort and without another word, he turned to leave.

The fatty looked at him leaving with an awkward look before turning to Ye Qian Hun and scratched his head, "The she he's talking about, could it be.....Feng Wu Yue!"

"Un." It was the same calm reply, but this time his eyes couldn't help turning to Luo Qing Chen.

Luo Qing Chen was stunned, as she suddenly remembered the words 'cannon fodder' from the bronze mirror.

Feng Wu Yue, Feng Wu Yue, Feng Wu Yue!

It was her, she was the side mission! She was wondering why the side mission's character never appeared.

It seemed like this girl and this group.....knew each other!
