Chapter 1281: E-Sports god: Nation's strongest ADC's only couple (Part 49)

"God damn!" The fatty cursed on the side as he angrily said, "This Six Sauce really is something, he really can't say a single decent word? He's bragging into the skies!"

"The winners are the kings." Luo Qing Chen narrowed her cold eyes and gave a soft snort, "What do they care about if their victory wasn't fair!"

"Father can't stand his face." Fatty angry slammed his phone down and looked at Xiao Wu, "Little sister, how could you.....like someone like this!"

Fatty was impulsive, but everyone was stunned when he said these words.

Sacrificing Gods' face was very ugly and there was an awkward feeling in the air.

Feng Wu Yue tilted her head with a confused look and said, "When did I like him?"

"You didn't....." Sacrificing Gods looked over at her in surprised and asked, "You weren't together with him?"

"Who said that I was with him!"

"He said....."

"Do you believe it if he said it!" Feng Wu Yue curled her lips with a bit of pride and said, "You're still the Sacrificing Gods of the fans' hearts!"

"It seems like that whatever Six Sauce only knows how to talk!" Fatty rolled up his sleeves and said, "Let's see how we beat them this time!"

The LSPL competition was more compact than they thought. Because of the time issue, their first game was in three days.

Luo Qing Chen's group came to D City ahead of time and prepared for this new round.

Q Team had been very active on the web during this time, pulling in quite a few fans.

They even filmed a few MVs and advertisements, being quite active on the big screen.

Luo Qing Chen's group spent most of their time practicing in their hotel. After all, the champion of this competition not only got a ticket into the LPL, they could even enter IPL5 and the world stage.

[TL Note: IPL5 was a tournament held in 2011, so this arc is based around that time. For people who actually knows league, you know that a lot of the league terms in this arc aren't accurate at all...]

They only had a single thought at this time.

The night before the game, when Luo Qing Chen was about to sleep, she received a message from Ye Qian Hun.

(If we win, I'll take you to a place. ——Ye Qian Hun)

This was the first time that he had messaged her in private.

She suddenly felt a bit excited from this first message from Ye Qian Hun.

There were many times she couldn't understand what kind of a person he was.

He was always invincible no matter how strong the storm was. As long as he was there, there was hope in the late game of every game.

He was invincible in the game, being called the nation's best ADC. However, in real life, he was cold with a bit of loneliness.

When the affection appeared again and again in real life, she couldn't help wondering if he knew that she was a girl or if he just appreciated her skills.....

Perhaps, she should find some time to properly discuss this.

(Alright! ——Luo Qing Chen)

Without knowing why, she felt that night's sky was very bright, as if there was the light of victory shining down on them.

The next morning, everyone arrived at the site of the competition early.

Team W's first stop was AG, which was Tang You You's team.

It was the girl who wanted to play as their mid laner at the provincial tournament!

This team was quite popular, it wasn't just because they had a girl, the other reason was because they liked using dark techniques.

In other words, they liked playing unpopular champs and rejected the popular champs, so the effects were quite good.

Chapter 1282: E-Sports god: Nation's strongest ADC's only couple (Part 50)

"Their strategy is indeed quite good." Sacrificing Gods watched a few recordings of their games and said, "Their jungler almost lives in their bot lane, creating an advantage there."

"Then you can go bot lane more!" Feng Wu Yue pursed her lips into a smile, "Protect god Qian, we will definitely win team fights!"

"Help mid lane more." Ye Qian Hun's cool voice rang through the headphones, "The other side's bans are clearly aimed at mid lane."

Luo Qing Chen naturally knew that the other side was targeting her.

In the end, she took LeBlanc and prepared to roam.

After all, mid laners with dashes weren't that afraid of being targeted and Luo Qing Chen wanted to work with the jungler to give an advantage to Ye Qian Hun.

There was no live broadcast during the qualifiers, but Team Q were sighing in the crowd.

“Ai, ai, ai, the losers can actually compete in the LSPL, they must have talked to the event hosts!”

Six Sauce’s voice was rather loud, but the people wearing headphones on stage weren’t that affected.

This match wasn’t that difficult. Although AG liked using dark techniques, their understanding of team fights were rather lacking, so they would always lose if they fought together.

At thirty minutes into the game, Luo Qing Chen made a beautiful play to become legendary.

The other side could no longer stop their offense and could only give up their base.

Team Q’s ADC Caesar under the stage couldn’t help knitting his brows as he muttered, “They really are strong.”

“Caesar, aren’t you supposed to be ambitious!” Six Sauce rolled his eyes at him, “We haven’t even fought yet, what are you nervous for!”

The last thing Six Sauce wanted to hear was people saying that W was powerful since in their eyes, he was completely confident in crushing them.

“He, he.” Caesar gave a cold laugh, “Did you ever suppress Qing Chen in mid lane?”

After all, he had been the support for Team W for some time even if he had ripped off his face now.

But when he was still on W, he naturally understood their play styles.

To use a few ugly words, the current strength of Team Q couldn’t surpass theirs.

“Hey, hey, hey, this is a team game!” Six Sauce didn’t give up as he said, “What does being behind in CS have to do with me, that is the problem with the jungler.”

“.....” Team Q’s jungler silently rolled his eyes at him, “This is my first time seeing a mid laner saying something this shameless.”

“You!”

“Don’t argue.” You Yu Lin tightly knit his brows as he looked at Luo Qing Chen with a slight chill in his eyes, “We haven’t lost yet, there are still things that you don’t know yet.”

No, it should be said that even the members of Team W didn’t know about this.

But he knew that although they were very different, You Yu Lin knew that the person playing on the stage was Blazing Flame’s former mid laner.

Dust Floating in the World will always be Dust Floating in the World, it was just a different gender and identity.

“What is it?” Six Sauce saw the dark look in his eyes and was excited as he asked, “Could it be that you have some new trick?”

You Yu Lin looked up to revealed a beautiful arc, “It’s not a new trick, rather.....it’s a super move.”

If this super move was used, Team W would suffer from a threat they've never seen before.

And he would leave this big move until the end, it was a killer move, one that could pierce their hearts!

Chapter 1283: E-Sports god: Nation's strongest ADC's only couple (Part 51)

After beating AG, there were many posts on the forum.

One of them was: «Without reaching your peak, you will never leave your rock bottom. ——Everyone on Team W»

This was posted by a fan and Luo Qing Chen was completely moved after reading it.

After all, they were not fighting for themselves, but rather for the fans who supported them.

On an afternoon where they didn't have a game, everyone went off to do their own things.

Sacrificing Gods went to watch Team Q's previous matches and Feng Wu Yue went with him, quietly holding a small notebook to analyze the matches.

They didn't explain what had happened before. In Sacrificing Gods' heart, as long as Feng Wu Yue was back, he could forgive her.

He had always wanted to stand at the peak that belonged to him, proving that Team W was the strongest team.

Ye Qian Hun knit his brows when he saw a post, it was from the replacement ADC of Team Q.

To put it in other words, it was You Yu Lin.

(V Certification: Chosen by Team Q's mid laner) You Yu Lin had made a very typical post.

It was called: «The Team W you don't know!»

The contents of the post was very short, it was just a few words: Want to know? Ha, ha, it is related to the popular mid laner for Team W.

Stay tuned!

With just a few words, there were many fans and lurkers gathered.

God: What is this?!

The Girl Chasing After Those Years: Isn't Team Q trying to sow discord!

Cold Cold: I don't care! Whoever says that my god Qing Chen isn't good, we will fight them!

That Cloud: I've really had enough of this Jade Tree Facing the Wind, going from Blazing Flame to Team Q's sub. There is nothing to say about his skills, but there's nothing to say about his character.

White Dandelion: +1 to above! Just with him and that Exquisite Beauty from before, my god! They are the cancers of the e-sports world!

.....

Everyone was happy with their discussions, but Ye Qian Hun couldn't help knitting his brows even deeper as he scrolled down.

Luo Qing Chen got up to pour some coffee and she saw Ye Qian Hun's browser on that page. She slowly came over and her fingers accidentally touched Ye Qian Hun's cool fingers.

He was stunned and turned to say something, but she interrupted him, "The enemy is in front, what gossip are you looking at!"

"This is gossip related to you." His lips curled slightly. Seeing how relaxed she was, his brows slowly began to relax.

"We can't stop him from saying what he wants to say." Luo Qing Chen slightly pursed her lips, "The most important thing is to win now."

After the experience of 'disconnecting' from the provincial tournament, it was them and Team Q who entered the finals this time as well.

The game was broadcasted and there were many fans that came, so they wouldn't be able to do anything at this glorious competition.

If they lose again, the ones they would be letting down the most were the fans who came to support them.

"Don't worry, with Team Q's current condition, they definitely aren't this fat master's match!" Fatty said while wildly killing people in the game, "I want them to brag and to spit it out all at the finals!"

The day of the finals, it was snowing. It was very cold and sitting on the stage, one's fingers were a bit numb.

Ye Qian Hun gave her a hand warmer as a sparkle appeared in his deep eyes, "Don't catch a cold, mid lane killing god."

Chapter 1284: E-Sports god: Nation's strongest ADC's only couple (Part 52)

Luo Qing Chen was stunned before saying, "The world's best ADC, can you carry me?"

Although it felt a bit exaggerated, it made the feeling of the game very relaxed.

The LSPL was without a doubt a golden competition. The winner of this competition not only got to enter the LPL, they even had a chance to participate in IPL 5.

Before the game, the host played the interview footage for both sides.

First it was the interview with Six Sauce, focusing on the question: What do you think will happen if you meet Team W in the finals?

He gave a smile of disdain, but since the camera was still rolling, he gave a shrug, "I can only say that they are lucky."

The video changed to Team W's Ye Qian Hun and the fans all roared out: God Qian, god Qian, god Qian!

The question was the same: How do you feel about meeting Team Q in the finals this time?

Ye Qian Hun casually said, "In a gaming competition, strength speaks for itself."

A short eight words, but it created a stir under the state.

The competition format was best of five, whoever won three games first won.

In the first two games, Team W defeated them with absolute power. The mid laner Six Sauce didn't even dare to defend the tower and could only give it up.

When he gave up his tower, Luo Qing Chen kept solo killing him.

Six Sauce's face was very ugly. Although he had been lacking training because he was filming all those commercials, he had never thought that Luo Qing Chen would suppress him this much.

The two games went by and You Yu Lin asked the coach to be put in, saying that he had an absolute killing move. The coach hesitated a bit before finally agreeing.

When the third game came, Caesar was swapped out and You Yu Lin came onto the stage.

"Why would they change to Jade Tree Facing the Wind at this life and death moment?" The fatty said with a confused look, "Although Caesar isn't that good, he's still better than Jade Tree, alright?"

Ye Qian Hun couldn't help knitting his brows as his mind was filled with the post about Luo Qing Chen.

His eyes turned to look in Luo Qing Chen's direction and she also slightly knit her brows, looking a bit unsettled.

Actually, Luo Qing Chen was a bit nervous.

She wasn't nervous because of herself, but rather because of her teammates struggling with her.

If You Yu Lin said what shouldn't be said, she was afraid that it would affect the performance of her teammates.

This competition was very important to them and if her 'so-called' deception was revealed here.

Although she didn't have a choice but to enter Team W dressed as a man, she did lie to them in the end. It was only natural if they didn't forgive her.

The third game was about to begin and Luo Qing Chen had chosen Annie, a little girl with a teddy bear.

She looked very cute, but she was very powerful after level six.

"Come!" The fatty loudly shouted, "Let's get that trophy that belongs to us!"

As soon as his voice fell, You Yu Lin spoke in all chat, sending a sentence that completely shook their momentum.

[All] Jade Tree Facing the Wind: I think that you don't know who your mid laner is!

"Woah!" The crowd stirred when they saw these words and there was the smell of gunpowder in the air.

“What does this mean?” Fatty said with a cold smile, “It can’t be that he was beaten silly by us, right!”

Chapter 1285: E-Sports god: Nation’s strongest ADC’s only couple (Part 53)

[All] Jade Tree Facing the Wind: Could it be that you don’t know that your mid laner isn’t a man at all?”

When You Yu Lin sent these words, the entire crowd exploded. It was at that moment, all the gossip overwhelmed them.

“Damn! Jade Tree Facing the Wind wouldn’t mean that god Qing Chen is a woman, right!”

“Actually, I always felt that god Qing Chen was quite slender!”

“What does that mean, a girl?”

“That would be funny. Team W’s mid laner is a girl and they didn’t even know it?”

“The funnier thing is why would Jade Tree Facing the Wind know?”

[All] Jade Tree Facing the Wind: You must be very curious why I know that she’s a girl, right! It’s because she used to be our Blazing Flame’s mid laner! The rest of Team W, are you shocked to hear this?

You Yu Lin’s words were filled with taunting, not giving people a chance to breathe at all.

The voice comms were silent since the IGN Dust Floating in the World used to belong to Blazing Flame’s mid laner.

When You Yu Lin said this, everything seemed to have connected.

She was surprised for three seconds. When she was about to say something in the in game chat, Ye Qian Hun sent a message faster than her.

[All] Half World Held Soul: When did we say that she was a man?

Just these words made Luo Qing Chen’s hand tightly holding the mouse unconsciously tremble.

Then the fatty was the next one to write in all chat.

[All] Unparalleled Fatty: Are you a fool, are you jealous of our girls?

[All] Death God Priest: He’s not jealous of our girls, rather how bad his girls are.

[All] Dance Dance Dance Dance Dance: I don’t care, I don’t care, god Qing Chen is the most handsome little fairy! ㄟ?ㄟ

.....

It seemed like everyone was resolute at this moment, they had all chosen to stand by her side.

“You all.....” Luo Qing Chen’s voice was a bit choked up. The words she wanted to say were choked in her throat and she couldn’t say a single word.

“Focus on CSing.” Ye Qian Hun’s gentle voice slowly sounded. At this moment, it calmed her heart.

“I’m very sorry……”

“Mid lane killing god, you have to carry this round!” Feng Wu Yue cut her off at the same time, “After all, our bot lane’s ADC has already missed at least ten CS!”

“Ha, ha. The fatty had a simple and honest smile, “Qing Chen, it seems like god Qian was more nervous than you.”

“Yes.” Ye Qian Hun’s star like eyes sparkled as he revealed a faint smile, “I’m more nervous than her.”

This was his first time being this nervous on stage. Actually, he already knew about the fact that she was a girl.

But since she didn’t say anything, he didn’t reveal it.

At this moment, when she was on the edge of the storm, as the person who had been silently guarding over her, there was a feeling that made him more nervous than her.

“I say, god Qian, if you miss another wave, we won’t get far.” Feng Wu Yue said in a pretentious tone, “It’s almost twenty minutes, you have to give us a team fight we can’t lose.”

As soon as her voice fell, Luo Qing Chen came from mid lane to see a You Yu Lin who was very forward farming minions.

Luo Qing Chen flashed without another word and used a RQWE combo to take his life.

This momentum had a bit of anger, as if it was punishment for a villain!

He wanted to use this method to shake their minds, it was a putty that the trust was much deeper than he imagined!

Chapter 1286: E-Sports god: Nation’s strongest ADC’s only couple (Part 53)

The enemy’s You Yu Lin was a bit agitated seeing this, after all, this was his final big move and they wouldn’t be able to win if it didn’t work.

[All] Jade Tree Facing the Wind: You can lie to yourselves all you want, but is it good to lie to the fans?”

Luo Qing Chen’s hands holding the mouse suddenly trembled.

The crowd fell silent for five seconds before there was a clear voice, it was AG’s Tang You You.

“When did god Qing Chen say that she was a man? You keep saying lie, lie, but who are you!”

When she was being targeted by everyone, this clear voice was like a jade spring that watered her restless heart.

“CS properly.” Ye Qian Hun’s gentle voice sounded in her ears, “Leave the rest to me.”

These words didn’t just mean the game, but rather everything in real life.

“Un.” She softly replied before entering a state of high concentration.

Since the enemy wasn't strong, she had no reason to give a single kill.

In the mid game team fight, Luo Qing Chen pushed bot lane while the other three gathered at the baron.

"God Qian, come here, we're getting baron." Sacrificing Gods looked at Luo Qing Chen's position and said, "Qing Chen's already surrounded, there's no need to go over."

The five people on the enemy team knew they were getting baron, so in this bad situation, they had to kill Luo Qing Chen who had the highest score to have a chance to breathe.

"Un, I can't leave, just exchange for it." Luo Qing Chen narrowed her eyes. She moved to the brush while moving towards her tower.

There were two in front of her and three behind her.

She was playing a mid laner without a dash this time, but she still had her flash.

If she could take out someone important like the mid laner or the ADC, it wasn't a loss for the team.

But she never thought that Ye Qian Hun wasn't moving in the direction of baron, but rather moving towards her.

"God Qian." Sacrificing Gods called out in an anxious voice.

"Aiya, you just take the baron, what are you talking so much for!" Feng Wu Yue probably knew what Ye Qian Hun wanted to do without a single word, since this was the finals.

No matter what, he couldn't leave any regrets.

Luo Qing Chen watched as Ye Qian Hun headed towards her. She bit her lip and said in a low voice, "I'll stun the ADC, you kill him."

"Alright."

As soon as his voice fell, the five players of the enemy team surrounded her.

Luo Qing Chen used a flash to appear in front of the ADC from the bush, using a R ult to firmly stun the two carries before using a EQW combo to take the ADC's life.

Ye Qian Hun came forward with his autos and his Q to take the mid laner, but they were five people. Luo Qing Chen killed the enemy jungler with a sliver of HP, but she was also killed by him.

Ye Qian Hun was in a 1 v 2 and after killing the top laner, he skillfully dodged a CC skill while also exchanging with their support.

Their 2 v 5 with only carries caused cheers to come from the crowd.

At the same time, even Luo Qing Chen revealed a sweet smile. This feeling of extreme killing was very wonderful and it was even more wonderful that she had an ADC who charged in with her.

He turned just in time to see her smile and it tugged at his heartstrings.

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

Chapter 1287: E-Sports god: Nation's strongest ADC's only couple (Part 55)

"God Qian, god Qian, god Qian!"

"W, W, W!"

When they pushed down the enemy base, the entire crowd stood up to clap and cheer for them!

She took a deep breath and slowly took the microphone beside her to say to everyone, "Thank you for your support. It has nothing to do with status, I will do my best to win a championship for China on the world stage."

"Woah!"

"Pa, pa, pa, pa!"

There were roaring claps and cheers that rang in her ears. The excitement in her heart wouldn't calm down for a long time.

When she looked at You Yu Lin again, there were inexplicable complex emotions in those eyes.

It should be.....loneliness.

After all, he used many despicable methods to reach this spot, he had already violated his original love for the game.

If you loved a game, you should do anything to insult it!

—

After the competition, they took a bus back to the hotel.

The fatty was excited for a long time before bringing the topic back to Luo Qing Chen, "Qing Chen, you really are too much! You're clearly a girl, why are you dressed up like a boy!"

"You can't blame her." A gentle voice came from the side. Ye Qian Hun narrowed his eyes as he looked at her, "It's because of the recruitment conditions."

"Oh!" The fatty suddenly understood, "I remember, we had a condition that we wouldn't take girls!"

That way, it was reasonable for Luo Qing Chen to dress up as a boy to enter Team W!

"Why don't you take girls?" Feng Wu Yue on the side said in a confused voice, "Girls are powerful too, alright!"

She hated people who looked down on girls the most. E-sports didn't distinguish between gender, talent was something that you either had or didn't have!

"Because girls are prone to betrayal!" Sacrificing Gods softly pinched her nose, "So god Qian and I decided that we wouldn't take girls when we were recruiting, otherwise....."

"Otherwise what?" She shyly touched her nose with a faint smile on her lips.

“Messing up people’s minds.”

When Sacrificing Gods said these four words, he didn’t forget to look in Ye Qian Hun’s direction with a slight sparkle in his eyes.

“Nonsense!” Feng Wu Yue puffed up her cheeks and turned to Luo Qing Chen, “Qing Chen, come to the Starlight Internet Cafe’s anniversary celebration with me tonight!”

“Anniversary celebration?” Luo Qing Chen asked in a confused voice, “Do you know them?”

“The Starlight Internet Cafe.....” Sacrificing Gods revealed a thoughtful look before saying, “It’s your cousin’s husband’s internet cafe, right?”

“Cousin’s husband.....” Feng Wu Yue said with a soft laugh, “It sounds so ugly, but it is my cousin in law’s internet cafe!”

“Weren’t you always at odds with your cousin?”

“I’m only going because of that!” Feng Wu Yue said with an angry look, “My cousin is always laughing at me for having no friends and only having a computer as my companion!”

Actually, Feng Wu Yue wanted to quit since she really didn’t have any female friends.

She had given half her life to this game. After League of Legends came out, she was playing it other than when she was eating and sleeping.

While other girls were shopping, she was playing ranked, while other girls were singing karaoke, she was playing ranked, while other girls went on dates with their boyfriends, she was playing ranked.

She never had a boyfriend and just played ranked alone.

So after her cousin got a husband, she began taunting her in various ways!

Chapter 1288: E-Sports god: Nation’s strongest ADC’s only couple (Part 56)

When Sacrificing Gods heard this, he looked over Luo Qing Chen and slightly knit his brows, “But Qing Chen doesn’t look like a girl!”

“Who says so!” Feng Wu Yue saw that there was a princess store outside and said, “Stop, stop.”

Luo Qing Chen was surprised. She wanted to say something, but Feng Wu Yue already pulled her off.

This was a stylish store for young ladies. Most of the clothes were cute and had soft colours, as well as having some wigs and accessories.

“You can go to the Phoenix Building next door to grab a spot, I want to eat hot pot tonight!”

As soon as her voice fell, Feng Wu Yue dragged Luo Qing Chen towards the specialty store.

The three in the bus looked at each other as they all revealed helpless smiles.

However, the fatty's smile could be considered the most helpless because he didn't forget to say, "I wouldn't become the 'loner' of the group in the future, right!"

—

The princess store was filled with dream like outfits.

After Feng Wu Yue chose a few pink and white clothes for her, she went to try them on.

The service lady awkwardly looked at Luo Qing Chen before saying to Feng Wu Yue, "This handsome brother!"

"Oh." Feng Wu Yue was a bit surprised before saying with a smile, "She is a miss! Right, where are the wigs?"

"Sorry, sorry." The service lady quickly apologized, "Please come this way."

In the end, Luo Qing Chen chose a college style pullover v-neck wool sweater with a pink and white wool jacket with a plaid pleated skirt underneath.

Hanging on the hooks of the changing room was her white sweater and black coat, which looked cool to wear.

She suddenly felt that she had entered another world by changing into these cute clothes.

"Qing Chen, are you alright?" Feng Wu Yue softly knocked on the door, "I've chosen a shoulder length wig for you, see if it suits you....."

Before Feng Wu Yue finished, Luo Qing Chen had already walked out.

Although she had short hair now, wearing these pink clothes made her look like a school flower class beauty!

With her small round face, her white skin, her red lips, and the most beautiful clear eyes.

"Wa....." Feng Wu Yue was a bit stunned, even the service lady on the side looked stunned.

"Where's the wig?" Luo Qing Chen shook her right hand in front of her, "What are you in a daze for!"

"This.....Here, here." Feng Wu Yue quickly gave it to her, not forgetting to saying with an idiotic look, "Qing Chen is super beautiful....."

She never thought that she would be this cute after changing into girl clothes, she didn't look like the mid lane killing god at all!

After putting on the wig, Feng Wu Yue was stunned for ten seconds before stuttering, "God Qian might not let you go to IPL5 after he sees you!"

"He....."

"Ding ling."

Luo Qing Chen wanted to say something, but Feng Wu Yue's cell phone cut her off.

Her tone wasn't good, it was clear she didn't want to talk to the other side.

"My cousin said that the anniversary party has already begun and she wants me to head over." Feng Wu Yue puffed out her cheeks, "She said that she even invited an expert to give me a few pointers!"

"Pu....." Luo Qing Chen gave a laugh, "Did you tell her that you're a professional?"

"There's no use in telling her." Feng Wu Yue gave a shrug, "For a person as self centered as her, she wouldn't believe my words!"

Chapter 1289: E-Sports god: Nation's strongest ADC's only couple (Part 57)

As soon as her voice fell, she slowly turned to the service lady and said, "Help me wrap up all the clothes that this miss is wearing, how much does it cost in total?"

"Alright, it's a total of twelve thousand."

"Ah?" Feng Wu Yue was stunned as she couldn't believe it.

Although this was a princess style, it shouldn't be this expensive!

She.....She didn't have this much money!

When she wanted to call Sacrificing Gods, Luo Qing Chen took out a black card from her bag, "Use mine!"

Anyway, she exchanged for the money from the system, other than buying the male clothes in the beginning, she hadn't used it at all.

Feng Wu Yue looked at her in surprise, "Qing Chen, you.....you really do have money!"

"Eh....." Luo Qing Chen revealed an awkward look, "It's not much, it's just enough to use!"

"I.....I'll give it back in a few days....." Feng Wu Yue scratched her head, "I'm really sorry....."

Feng Wu Yue's words were funny to Luo Qing Chen. Girls that played games were not only full of character, their thoughts were a bit stubborn.

"I'm buying the clothes, what are you embarrassed about and saying that you want to return the money?"

Feng Wu Yue was in a daze as if Luo Qing Chen's words.....did make a bit of sense.

—

Since the Starlight Internet Cafe was nearby, they just quickly sent a text to Ye Qian Hun's group before heading over.

Based on Feng Wu Yue's story, Luo Qing Chen could pretty much guess what kind of person her cousin Chen Huan Huan was.

She should be someone who was like He Miao Ling, her cousin's husband must have liked Feng Wu Yue first.

But since Feng Wu Yue didn't like him at all and with Chen Huan Huan's soft words as his time of love, finally their 'love' had blossomed.

This had nothing to do with Feng Wu Yue, but when Chen Huan Huan knew that Xiao Kai Gu Han used to like Feng Wu Yue, her heart felt very unhappy.

She used cold words from time to time to make her heart fill with anger.

Not only did she say that she had no boyfriend or any girl friends, she acted very pitifully in front of Gu Hang.

This anniversary banquet had some people who loved games, so she wanted her to come to make friends!

But even someone like Luo Qing Chen knew that this was a trap.

Facts proved that her thoughts were correct.

When they entered the Starlight Internet Cafe, they saw two teams in a fierce game.

It had to be said, the friend that Chen Huan Huan wanted to introduce Feng Wu Yue to, their face could be described with one word: Uglu.

If it was with a more descriptive word, it would be: Loser!

Of course, as a new generation and one that loved playing games, one couldn't judge based on appearance!

But based on their words and behaviour, one would know that they weren't anything good.

"Huan Huan, is this your cousin!" A man whose face was covered in acne stood up and gave Feng Wu Yue a wretched smile, "She really is cute!"

His gaze turned and fell right onto Luo Qing Chen.

His mouth opened wide and his drool couldn't help coming out as he muttered, "Damn, such a beautiful girl!"

Luo Qing Chen gave a cold laugh as she took out her phone and sent Ye Qian Hun a text.

(God Qian, requesting a save. Location: Starlight Internet Cafe. —Luo Qing Chen)

Chapter 1290: E-Sports god: Nation's strongest ADC's only couple (Part 58)

There were times when feelings were elevated that really needed a bit of 'seasoning'.

After Chen Huan Huan saw Feng Wu Yue, she quickly took Gu Hang's hand and came over step by step, "Cousin, you're finally here."

Gu Hang seemed to unintentionally look at Feng Wu Yue and reached out his hand like a gentleman, "Long time no see."

That hand was slapped back by Chen Huan Huan right after.

The atmosphere became very awkward, but when her eyes fell onto Luo Qing Chen, she said in a displeased voice, "This is?"

"My friend, Luo Qing Chen." Feng Wu Yue gently took Luo Qing Chen's hand as she revealed a proud look.

After all, there was a real beauty that was beside her!

"Really?" Chen Huan Huan looked her over before rubbing her chin, "Cousin, didn't you like League of Legends? Your friend should also play, right!"

She didn't believe that her cousin who was addicted to games would have a friend! She wanted to use this so-called anniversary party to show off her best friends and her husband who loved her.

"Huan Huan." Gu Hang couldn't keep listening, so he wanted to stop her from being unreasonable.

She said with a soft proud snort, "You don't need to care."

"Ke, ke." Chen Huan Huan cleared her throat before continuing, "Some of my best friends are on the VIP couch over there, they also play League of Legends. How about we have a 2 v 2?"

Ze, ze, ze, Luo Qing Chen couldn't help feeling sorry for Feng Wu Yue. She really must have had bad luck for eight generations to have this kind of cousin!

"Don't you have two friends?" Luo Qing Chen looked at the sofa on the right and narrowed her eyes. Her lips curled into a faint arc as she said, "It isn't good to pull just one over!"

As soon as her voice fell, the two girls with heavy makeup on who were sitting on the couch both stared at Luo Qing Chen.

"You.....What do you mean?" Chen Huan Huan clearly didn't understand what Luo Qing Chen meant.

Or it could be said she understood, but she didn't believe it.

"It means what it means." Luo Qing Chen gave a shrug as she said with a smile, "2 v 3, you can come together."

"You....." Chen Hua Huan never thought that this petite girl would say such things.

Since she insisted on fighting, then she would go all out! Anyway, she remembered that Feng Wu Yue only knew how to play support, she wasn't good at playing DPS at all.

"Quickly! Otherwise it won't be us torturing you later." Luo Qing Chen looked at her phone and her smile became even wider.

(Be there soon. —Ye Qian Hun)

Feng Wu Yue came to her side as she said with a smile, "Mid lane killing god, don't show any mercy later."

"Relax, I'll use more force than when we play in the LSPL!" She said with a faint smile and a sparkle in her eyes.

When the 2 v 3 was prepared, they entered the selection screen.

Chen Huan Huan had the absolute look of a victor since her friends were both diamond in League of Legends.

There was a higher ratio of male to female in this game, so girls in diamond were very rare.

Both of them were very excellent, it was more than enough for them to deal with this girl who only had beauty and no skills!

Gu Hang didn't have a good look on his face as he stood on the side, he felt that Chen Huan Huan was a bit too much of a bully.

But it was his wife, so he couldn't do anything.
