Chapter 1321: Paranoid emperor: Let's go to hell together, alright? (Part 22)

"Cha, cha." There was a harsh sound that hit her ears.

It was like porcelain fragments were being stomped to pieces and that sound was getting closer.

Suddenly, there was a bloody breath that hit her nose when she was pulled into a warm embrace.

This was a suffocating hug that used all his strength to hold her.

So suffocating that even in death.....he wasn't willing to let go.

Luo Qing Chen closed her eyes and felt her breath stop. Her nose became stuffy as she began to cry.

"Sorry....." She bit her lip and took a deep breath, "Sorry, sorry, sorry....."

She should apologize, whether it was her or the previous host.

Feng Si Zui trembled and his heart seemed to stop. His deep voice sounded by her ear as he said, "What did you say?"

"Feng Si Zui, I won't leave, I'll never leave." She bit her lip as she said the words in the bottom of her heart.

[Ding, hatred has decreased by twenty (Currently zero). Mission completion rate is now 70%.]

It seemed like.....he didn't hate her. Was it that as long as she didn't leave, he wouldn't hate her?

Why was his request.....so small!

Silence, silence, a deathly silence.

When the maid said from outside, "Empress, the alcohol relieving medicine and the porridge are here."

"Un....." Luo Qing Chen said in a soft voice, "Come it! Bring a lantern over."

When the cool candlelight swayed in her eyes, she was about to raised her hand when a shrill voice made her open her eyes wide.

"Ah!"

"Ding dong."

After a sharp cry, the medicine and porridge fell to the ground, scattering everywhere.

Luo Qing Chen knit her brows and followed their gazes, seeing a pair of feet covered in blood.

There were large glass jar fragments in front of her and there were completely deep red, covered in blood.....

"Feng Si Zui!" Luo Qing Chen almost blurted out these three words, however the man tightly holding her didn't care about the commotion around him. He just softly said two words by her ear, "I'm here."

She really wanted to cry and throw herself in his embrace, telling him to stop hurting!

Really, really, he couldn't keep hurting!

—

An hour later, the imperial doctors had finished bandaging his feet. He had bled too much, so his face was a bit pale.

"Although it didn't reach the bone, there was a lot of blood, so please don't touch the wounds over the next few days!"

"Un." He softly replied with a faint smile that was hard to hide.

There was a joy that couldn't be contained in his heart at this moment.

"This old minister will be leaving first!" The imperial doctor didn't forget to say to Luo Qing Chen, "Empress, please take care of the emperor!"

There was nothing impenetrable in this world. It seemed like many people in the palace knew about her meeting with Feng Xing Yue today.

The imperial doctor felt pained for Feng Si Zui, but she could understand.

"Relax, this one will." She gave a slight nod with a serious look on her face.

The maids brought some freshly cooked porridge over and cleaned up all the broken fragments on the ground.

Feng Si Zui waved his hand, "You can all leave."

Everyone looked at each other before saying with a bow, "This servant will leave now."

The gates of the Endless Hall were gently closed and there was only her and Feng Si Zui left.

It was very silent.....she could almost hear the sound of her own heart beating.

Chapter 1322: Paranoid emperor: Let's go to hell together, alright? (Part 23)

Luo Qing Chen looked at his feet that were wrapped up like chicken legs and pursed her lips, "Does it hurt?"

Walking on ceramic shards on bare feet, it must really hurt!

He slowly raised his right hand and tightly took her wrist to pull her to his side, "This kind of pain isn't considered pain for this one."

After all, he had experienced a kind of pain that was like a thousand arrows piercing his heart, a pain that made him clutch his chest and become unable to breathe.

Luo Qing Chen blinked in a daze as she felt her heart suddenly skipping a beat while a faint blush appeared on her white face.

“Do.....Do you want to eat something?”

“Alright.” His voice wasn’t ice cold, rather there was a pampering gentleness that invaded her heart.

She pursed her lips and slightly knit her brows, “In the future.....you can’t drink that much, it’s not good for your body!”

“Don’t leave me in the future because that’s bad for my health.”

When he said this, he didn’t say this one, but rather me.

It was a kind of request, a request that came from ‘me’.

“I won’t leave you.” She looked up as her lips curled into a beautiful arc, “I went back to the Luo Manor today because.....”

“Don’t say it.” His slender finger softly touched her lip and his deep eyes looked away in a panic, “Just don’t leave this one in the future, don’t say it this time.....”

He didn’t want to hear, he didn’t want to listen to anything between her and Feng Xing Yue.

As long as she stayed by his side in the future, everything before could be forgotten.

After all, he really, really.....loved her too much.....

At that moment, he wanted to love her more than any time before.....

“No.” She slowly raised her hand and tightly held his. A pair of clear eyes took a deep look at him, “I have to say it.”

Whether it was a fact or a mistake, she wanted to see that pained Feng Si Zui.

She had to admit, she really loved him, this paranoid emperor very, very much.

Feng Si Zui tightly knit his brows and his fingers slightly trembled in her grip.

He took a deep breath before deeply looking at her, saying in a soft voice, “Speak, I’ll listen.”

Luo Qing Chen revealed a smile and placed a kiss on his cheek before saying, “Eat while we talk.”

He was stunned and it took him a long time to come back to his senses. Only when Luo Qing Chen brought a spoonful of porridge to his mouth did he suddenly take her in his arms.

Suddenly, there was a pair of slightly cool lips that domineeringly kissed her. The porridge in her hand fell to the ground and before she could react, he came forward and gave her a passionate kiss.

It was unknown how long he lasted, but when he heard her fast breathing, he finally slowly let her go.

She lowered her head and touched her ears in embarrassment, “I.....I still haven’t said anything yet!”

“You can say it slowly, there’s plenty of time.” His gentle voice rang in her ear, as if it was a warm current that filled her.

He softly took her in his embrace, “Don’t go back tonight.”

He had embraced her like this once upon a time, that was when she was focused on taking revenge on him.

Once upon a time, when he thought that he could finally be with her forever, she killed his and her child.

At that time, she smiled at him with that crazy smile.

That smile was one that he could never forget.

But.....at this moment, his feelings was different from any moment in the past.

Chapter 1323: Paranoid emperor: Let's go to hell together, alright? (Part 24)

It was a very strange feeling. It was like this person in front of him was Luo Qing Chen, but also not Luo Qing Chen.

There was a special cuteness that was always there when she smiled and her eyes were as clear as water. When she looked at him, there wasn't any hatred at all.

Now, it was like he was being scammed.....

He would rather die than leave this scam. He would rather be lied to his entire life as long as he could stay by her side, staying there until death.

"Why do you look like dying right now!" Luo Qing Chen raised her right hand to smooth his brows, "Don't show that kind of pained impression from now on because I'll be with you forever."

She said it very slowly, word for word in an incomparably clear voice. She wanted to give him reassurance to let him trust her.....

After all, she would never lie to him.....

"Alright." He slowly raised his hand and gently stroked her cheek, "This one.....I really.....love you too much. You can not love me, but can you not leave me?"

He put down his status, he put down his respect, he put down everything, using his already riddled heart to exchange for a promise.

She didn't need to love him, as long as she promised not to leave.

"I will love you, I will love you very, very much." She couldn't control her feelings as tears came out.

She used her hands to wipe her eyes, but the hot tears still came out.

Feng Si Zui lovingly patted her head, as he kissed her tears. He slowly said in a deep voice, "Don't cry.....This one doesn't want you to cry at all."

"But what I said is true!"

"Ah?"

"I said.....I said that I would love you very, very much, it was true!" She couldn't control her emotions as she said while biting her lip, "Feng Si Zui, you believe me, right!"

She always felt that he would talk to her in a pampering tone, but he didn't believe one phrase: She loved him very much.....

She felt a bit aggrieved and this strange aggrieved feeling attacked her.

"I believe you....." Seeing how sad she looked while crying, he suddenly didn't know what to do. He softly patted her back, "Fool, don't cry.....This one believe, this one believes....."

"Luo Qing Chen, I believe you!"

He suddenly felt strange calling himself this one in front of her. He wanted to talk to her like a normal husband, listening to her and talking about vows.

He even felt that as long as she was there, even the throne wasn't worth anything to him. He wanted to take her to an uninhabited mountain and just work at sunrise and rest at sunset with her.

But he didn't seem.....to have that time!

"I told you, I had you call Feng Xing Yue back for a reason." She pursed her lips in an aggrieved manner and there were a few tears in the corner of her eyes. There was a layer of mist over her eyes as she honestly looked at him and seriously said word for word, "He had already been gathering his forces in the barren north, if he continued to develop like this, he would have attacked Long Peace City in a year."

Feng Si Zui's body stiffened when he heard this, he didn't even dare breathe.

"Why aren't you saying anything!" Seeing the stunned Feng Si Zui, her nose became stuffed up, "I'm telling the truth.....You.....You can investigate it! I'm not lying to you! I.....Wu....."

She was tightly held by the man in front of her as an overwhelming kiss mixed with her tears fell on her lips. It took all her thoughts and contained the authority of the emperor.

She didn't know that he had gone wild with happiness.....

Chapter 1324: Paranoid emperor: Let's go to hell together, alright? (Part 25)

That night, Feng Si Zui didn't sleep a single wink. He didn't dare close his eyes, afraid that if he fell asleep while hugging her, he might find that it was only a dream when he woke up.

She slept very well, feeling very safe sleeping by his side.

No matter what, she should protect him from any more harm. After all, he really suffered too much, it even hurt her heart!

The next morning, Feng Si Zui was no longer by her side when she opened her eyes.

It seemed to be her first night in the Endless Hall. She vaguely remembered that when the previous host was with Feng Si Zui, she was always in the Splendid Hall.

Moreover, she only slept with him once. In the previous host's world, it was an accident.

The rest of the time, she had a special incense that made people fall asleep.

Luo Qing Chen slightly knit her brows and she didn't want to think about the past. No matter what, the one standing by Feng Si Zui's side now was her, Luo Qing Chen, it wasn't the Luo Qing Chen that loved Feng Xing Yue.

"Empress, you're awake!" Xiao Cui slowly came in and wrung out a towel before giving it to her, "The emperor was afraid the servants wouldn't know how to wait on the empress, so he specially brought Xiao Cui over."

"The emperor.....is in court?" Luo Qing Chen took the towel to wipe her face, "Look at how late it is, he should be back from court!"

After all, based on the position of the sun, it should already be past nine.

"Empress, did you forget?" Xiao Cui hesitantly said, "Today.....Today is the Hundred Flowers Blossoming!"

Gedeng!

She could feel her heart skipping a beat, which felt a bit unpleasant.

It should be because there were too many things lately that there were still things that she couldn't remember.

It seemed he was planning on choosing the concubines himself and didn't need her to send them to the Endless Hall?

Thinking of this, she felt a bit unpleasant in her heart and it was a very strong unpleasant feeling.

"Xiao Cui, find me a 'luxurious' dress, I want to go and enjoy this Hundred Flowers Blossoming!" She gave a soft snort, preparing to start some 'harem drama'!

"Yes, empress!" Xiao Cui revealed a smile, suddenly feeling like she really liked this kind of empress.

No longer treating herself or the emperor cruelly.

The Hundred Flowers Blossoming began at new and other than the girls who were in the palace other than the previous host, there were also the rich young misses from various families who had just turned of age.

Among them were the daughters of the ministers of the court, with a few of them being very talented women.

There was a minister who was in charge of this matter in the palace and they made it very big this time.

Feng Si Zui didn't have time to cancel it when it had already begun.

Sitting on the high platform, Feng Si Zui's face didn't look good. His sharp eyes were slightly narrowed and there was a strong chill that came from him.

How could he have forgotten this matter! These people must be paid to much and want to do something for him?

"The next performance is from a commoner girl in the barren north with extraordinary dancing skills, miss Qian Si Yu." The host's voice was very clear, even Luo Qing Chen who wasn't far away could clearly hear it.

And she couldn't help stop moving at this moment.

"Empress, what is it?"

Luo Qing Chen narrowed her eyes as a slight chill filled them, "Nothing."

Since these people wanted to do things, they shouldn't blame her for being merciless. After all, she didn't want to be merciless to them in the first place.

Chapter 1325: Paranoid emperor: Let's go to hell together, alright? (Part 26)

There was the exotic sound of the pipa that slowly rang out. Qian Si Yu was dressed in a smoky peach blossom dress with a pair of hibiscus threaded shoes. She had a graceful posture and dance. There was a transparent veil over her head embellished with a few golden beads.

Luo Qing Chen was wearing an azure dress with a pair of phoenix embroidered shoes. She stood not far away, looking at Qian Si Yu in front of her.

Although she had a veil, she couldn't hide the fact that she was a beauty.

It seemed like Feng Xing Yue had changed his strategy because of her cold attitude at the Luo Manor last time.

That man really was funny, he wanted Qian Si Yu to enter the palace?

It wasn't that she looked down on Qian Si Yu, she was just certain that no one else could enter Feng Si Zui's heart.

Other than her!

She looked at Feng Si Zui high up on the platform.

He had slightly knit brows and his eyes were looking to the upper right, looking distracted.

That was where the Endless Hall she had just left was.

The sound of the pipa stopped and the song ended.

Feng Si Zui casually waved his hand, motioning for the next one. After all, he wanted to see her after not seeing her for several hours.

He was even a bit worried. Would he be unhappy after she learned that he went to this Hundred Flowers Blossoming?

But as the emperor, since he had agreed to this back then, there was no reason to take that back.

Even if the one who was the most worried was him.....

The host's expression was a bit awkward since after all these performances, not only had the emperor not been satisfied by a single one, he didn't seem to have any thoughts of appointing a concubine.

"Pa, pa, pa." Luo Qing Chen gave an applause as she slowly came to the platform.

She could clearly see Qian Si Yu's eyes opening wide and looking a bit helpless.

"Qing.....Qing'er.....Why are you here?" Feng Si Zui was stunned, looking visibly nervous.

It felt like doing something wrong and being caught by your wife, but he had to admit that he felt very happy since she had appeared.

After all, he really missed her.....very, very much.....

"Why can't I come?" Luo Qing Chen pursed her lips and said, "I promised someone that I would pick a few concubines to send to his Endless Hall!"

Her voice was very soft and her expression was calm, but everyone standing by Feng Si Zui could hear it.

Feng Si Zui raised his right hand and took her wrist, pulling her to his side and tightly holding her, "You.....Do you know what you are saying?"

Whether it was when she was cold or when she was acting, she had never said something like this. There was a bit of pride, like she really was angry at him.

Angry because he was looking at other girls.....This feeling.....It really was good.....

"I do!" Luo Qing Chen looked at him with her clear eyes, "Isn't this the deal that the emperor made with me before?"

"So you're here....." Feng Si Zui's right hand pulled in and he hugged her even tighter as he whispered in a gentle voice, "To help this one pick concubines?"

Seeing her slightly proud look and her pursed lips, he couldn't help wanting to tease her.

He had never teased her before.....This was probably the first time, so he was a bit nervous. He didn't know if she would be angry.

If she was angry, would she ignore him.....

"Nonsense!" Luo Qing Chen gave a soft snort, "Our deal was broken, so I'm here.....to end this deal!"

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

Chapter 1326: Paranoid emperor: Let's go to hell together, alright? (Part 27)

The system clear sound slowly rang out and her lips curled as she felt very happy.

She looked at Feng Si Zui's deep gaze and felt that this moment really was beautiful.

After all, everyone's eyes were on her right now, including Qian Si Yu under the platform.

The host said in a trembling voice, "Since the empress is here, the people selected from this Hundred Flowers Blossoming will be even more elite....."

"Si." The eunuchs and the maids standing behind Feng Si Zui all took a cold breath.

Being by the ruler is being with a lion, they couldn't be more clear on Feng Si Zui's personality.

Was the host stupid or stupid? They actually dared to say something like this in front of the empress.

Could it be they wanted their head to be separated from their body?

As expected, Luo Qing Chen could feel a change from Feng Si Zui's eyes.

The surrounding area filled with a chill and there was even a bit of snow that came from the sky.

The host suddenly knelt down and said, "This minister deserves death, this minister deserves death!"

After all, they were still a court official and they could understand the basics of the palace.

Feng Si Zui took her hand and said in a cold voice, "From this day forth, there will be no more flower competitions in this one's palace."

As soon as his voice fell, he wanted to take her by the waist.

But she quickly took a step back as she looked at his feet. She pointed at the sedan on the side and softly said, "It's about to snow, we should take the sedan!"

The snow that was like feathers as they fell over her lashes. The way she stood there with a faint smile couldn't help stunning him.

This kind of Luo Qing Chen really looked good, she was like a fairy that had descended to the earth.

When they came back to the Endless Hall, the snow was getting heavier.

Eunuch Li made a pot of tea and Xiao Cui had already prepared snacks before the two of them retreated.

Luo Qing Chen leaned on Feng Si Zui's shoulder near the stove, watching him read the documents as she said, "Emperor, I feel that you should choose two people to enter the palace."

Feng Si Zui was stunned when he heard this. He didn't know what the girl leaning on him meant by this!

Seeing that he didn't speak, Luo Qing Chen's lips curled slightly, "That Qian Si Yu is Feng Xing Yue's."

He took the pen in his hand and softly tapped her face, "What? Do you feel sad!"

His tone when saying this was different from before, there was no longer the tone of despair. There was a warm feeling in his voice, although.....he was a bit jealous.

Luo Qing Chen wiped her face and there was a bit of ink on her hand. She deliberately looked angry as she said, "What sad, I've never felt sad over him."

She didn't lie, she wasn't the previous host, naturally she wasn't interested in Feng Xing Yue at all.

Whether he believed it or not, this was the truth!

"Then why do you want this woman in the palace?" He put down the pen and gently wiped her face as he said, "This one doesn't want to see her."

"Think about it, Feng Xing Yue is acting, so we can't just sit and wait." Luo Qing Chen was slightly surprised before raising her hand to touch the ancient mark behind his ear, "It's better to let her enter the palace, that way we can see what they want to do!"

After all, before she could find the antidote to Feng Si Zui's poison, she had to do things carefully.

Chapter 1327: Paranoid emperor: Let's go to hell together, alright? (Part 28)

The next morning, Jun Si Yi had a happy look on their face as they led the two girls to the rooms of the harem girls.

One was Qian Si Yu who danced yesterday and the other was Liu Xiao who played the pipa.

Why there was an extra pipa player, the process went like this.

Endless Hall, last night.

"If the emperor only lets Qian Si Yu into the palace, isn't this a little too obvious!"

"It's alright!"

"It's better to pick another one! After all, Feng Xing Yue is a cautious person, it's better to avoid him being suspicious."

"Un....." He was silent for three seconds before saying, "Then bring the pipa player as well!"

"....."

After the Hundred Flowers Blossoming, there were many people in the court that discussed it. Most of the talk was about Feng Si Zui's harem only having one person and that person was the girl who killed her own child.

But it was all talk in the end.

After all, the emperor who was above all or the imperial censor who was only under one, they were all people no one could offend.

A few days later, in a courtyard in the city's west.

Feng Xing Yue was pacing back and forth with a serious look, several of his confidants from the barren north were standing on the side.

"Master Feng, miss Qian has been in the palace for several days, has she found chance to act yet?" One of the men with a beard named Liu Meng couldn't sit still.

Feng Xing Yue stopped and his sharp eyes suddenly looked up, "She hasn't had a chance to see the emperor at all."

He was a bit confused, just what had gone wrong? Since Feng Si Zui had chosen Qian Si Yu to enter the palace, why wasn't he willing to take a single look at her?

That really was weird!

"Could it be that miss Qian is trapped in the palace?"

Liu Meng's words made Feng Xing Yue tightly knit his brows, his words weren't that unreasonable.

Could it be that Feng Si Zui had an expert helping him that knew their every move?

"If he won't work with me, then it doesn't matter." After a while, Feng Si Zui narrowed his eyes, "We'll be worshipping the ancestors at Purple Phoenix Mountain in seven days, it will be an excellent opportunity for us then."

He didn't know why he had been suddenly called back from the barren north when everything was going smoothly, but this was a chance.

After all, whether it was Luo Qing Chen or Qian Si Yu, they were all people he could use.

But he never thought that there was a force that was blocking him at every turn, collapsing his barren north forces.

Now he could only make a desperate bet, putting everything on the ancestor worshipping ceremony at the Purple Phoenix Mountain.

Fate never stopped turning. He had been put in a dangerous situation at the Purple Phoenix Mountain several years ago, but several years later, he would take his life there!

"Peng!" There was a fist that slammed onto the table.

This time, he couldn't retreat.

—

At the same time, in the royal gardens of the palace.

Qian Si Yu and Liu Sang were singing a small tune in the gardens, there was a touch of sadness in their soft song.

Feng Si Zui had passed by and stopped when he heard this song. Qian Si Yu revealed a faint smile at this.

Jun Si Yi had said that the emperor liked to take this path, so she came to test her luck with Liu Xiao.

She never thought that they would meet.

This scene was very beautiful, covered in snow with white all over. Qian Si Yu was wearing thin clothes and the snow fell on her lashes. With her graceful dancing and crisp voice, everyone who heard this would stop.

Naturally that included Feng Si Zui.

But the reason he stopped was different from normal people.....

Chapter 1328: Paranoid emperor: Let's go to hell together, alright? (Part 29)

His cold eyes narrowed and his brows slightly knit as he headed over to the gazebo.

Qian Si Yu seemed to have calculated Feng Si Zui's position and she deliberately let her foot slip while turning, falling down towards him.

Feng Si Zui's lips curled into a faint curve as his eyes saw everything narrowed, unconsciously taking a step back.

Qian Si Yu fell right to the ground.

Liu Xiao on the side was surprised before quickly bowing, "Liu Xiao greets the emperor."

Qian Si Yu's delicate hands were red from being frozen by the snow and her twisted foot's skin had been torn.

She was a bit annoyed as she gripped her fists. She bit her lip softly before suddenly looking up to say, "Si Yu greets the emperor."

Actually, she was very pleased with her current appearance. Her clear eyes were filled with tears and that slight mole under her eye made her look even more pitiful.

She was very confident that she would catch the emperor's eyes like this.

After all, all men wanted to protect the weak and Feng Si Zui as the emperor would want this even more.

He gave a slight nod before a sparkle appeared in his deep eyes, "What are you doing here?"

Qian Si Yu was surprised, completely frozen by Feng Si Zui's ice cold tone.

Before coming, she had heard Feng Xing Yue describe this person. He was a violent and paranoid emperor, he wasn't easy to approach.

But this was her task since she promised Feng Xing Yue she would definitely do this.

After all.....She was already pregnant with his child.

She had seen this man who was called the ice cold emperor being gentle to his empress.

Although she might not be as beautiful as Luo Qing Chen, as long as she acted pitifully enough, she could definitely enter his heart.

"Reporting to the emperor." She gave a weak bow before saying in a soft voice, "Si Yu saw the pleasant scene in the garden and thought that the snow shouldn't have passed, so Liu Xiao and I came to enjoy the snow."

"Did Jun Si Yi tell you that this garden isn't a place you can come whenever you want?" He gave a cold snort as his deep eyes flashed with hostility.

He suddenly remembered what Luo Qing Chen had told him, that Qian Si Yu belonged to Feng Xing Yue.

Without knowing why, the hostility filled his heart. It should be a feeling of hating even the dogs!

Qian Si Yu was surprised and looked up in a panic as crystal like tears fell from her eyes. She just bit her lips as she said, "Reporting to the emperor, it was all Si Yu's fault! Si Yu only wanted.....to see the emperor!"

How aggrieved her voice was, how direct the confession was.

She kneeled on the ground in the snow as tears fell down drop by drop, just.....to tug at Feng Si Zui's heartstrings.

But she.....never would have known.

No one in this world could move this man's heart because it was already completely filled, there wasn't a single gap left.

"He, he." Feng Si Zui narrowed his sharp eyes and said in a sharp voice, "Could it be that you don't know that playing and singing songs here will affect the empress' rest?"

Actually, this was the main reason why he had stopped!

Didn't they know that these back gardens were very close to the Splendid Hall and their chatting would affect his empress?

The news that he frequently took this path was probably revealed to them by Jun Si Yi.....

What a joke, the only reason he walked by here was because it was close to the Splendid Hall.

Chapter 1329: Paranoid emperor: Let's go to hell together, alright? (Part 30)

Qian Si Yu was stunned, but when she came back to her senses, all she saw was Feng Si Zui's back.

At that moment, there was an inexplicable feeling in her heart.

She felt that this emperor.....was completely different from the one Feng Xing Yue described.

Feng Xing Yue had told her that this emperor was narrow minded. Even with three thousand beauties in his harem, he took away the girl he loved the most and separated them.

She had admired Feng Xing Yue's love that she unknowingly fell in love with him, starting with the appearance and falling for the loyalty.

Feng Xing Yue gradually forgot about Luo Qing Chen and the two of them finally came together.

She asked herself did her love move the infatuated Feng Xing Yue, but in this royal harem, she had met a man even more infatuated than Feng Xing Yue.

That person was the emperor.

Splendid Hall.

Luo Qing Chen was sitting in front of a desk with tightly knit brows, looking over a map of the Purple Phoenix Mountains.

She always felt a bit unsettled by Feng Si Zui having to go to the Purple Phoenix Mountains in a few days.

This feeling of hers had always been accurate, it had always caused a 'life or death' situation! She felt that she had to go to the ancestor worshipping ceremony!

"Don't think too much, this one won't take you." There was a cool voice that came from behind her. She was pulled by a pair of arms into a warm embrace.

She pursed her lips into a smile and felt warmth fill her heart.

Feng Si Zui really was special. There was an inexplicable desire to protect, always following her without stopping.

"No." She shook her head before looking up, "I want to go!"

"Why are you going there when it's this cold?" Feng Si Zui knit his brows, but his voice had a slight pampering tone to it. He softly patted her head and said, "Just be good and wait for this one to come back."

"You have decided that you definitely won't bring me!" Luo Qing Chen began using her plan B.

After all, she knew that position she had in Feng Si Zui's heart. If he didn't want her to go since it wasn't safe, no matter how she asked, he wouldn't agree.

"Un....." Feng Si Zui heard her sad tone and gave a helpless smile, "That place.....isn't safe."

?

He actually knew Purple Phoenix Mountain wasn't safe? Could it be that he also had the sixth sense?

Why.....isn't it safe?" Luo Qing Chen pursed her lips and looked at him as she asked this.

The ancestor worshipping ceremony happened at the Purple Phoenix Mountain once a year, this was because the previous emperor and his empress weren't buried in the royal tombs, but rather at Purple Phoenix Mountain.

It was because they had met at Purple Phoenix Mountain and wanted to sleep there peacefully forever.

After all, even with three thousand beauties in the harem, the previous emperor only loved the empress.

It was that even with so many sons, he had given the throne to the poisoned prince who didn't have long to live.

Feng Si Zui had inherited his father's personality in some ways, which was his obsessive love.

And his love was even more terrifying than his father's!

"Because....." After a while, his eyes seemed to drift as he slowly said, "There are more poisonous insects and beasts at Purple Phoenix Mountain, it isn't good for you to go as a girl."

The memories of the past filled his mind, there were some fates that were quite similar.

For example, his and her meeting had also been at the Purple Phoenix Mountain.

At that time, neither of them were married. He was useless not being able to make her fall in love, but if time were to repeat itself, he would definitely make the same choice.

He would definitely protect her!

Chapter 1330: Paranoid emperor: Let's go to hell together, alright? (Part 31)

"Poisonous insects and beasts?" Luo Qing Chen knit her brows as a trace of doubt filled her eyes, "Have you seen poisonous insects on Purple Phoenix Mountain before? Or could it be.....that you.....that you were poisoned on Purple Phoenix Mountain?"

Luo Qing Chen was scared by the inference in the latter half of her words, after all, there was some basis to what Feng Si Zui said.

He was a bit surprised before his right hand slowly came up to tap her on her forehead, "Nonsense!"

"Isn't it?"

"Of course.....not."

Feng Si Zui had a sparkle in his eyes. This was a lie, but it was a white lie for her.

There were some things that as long as he didn't talk about, no one would dare say a word!

The daoist had once told him that he knew very clearly in his heart.

He knew exactly where the antidote to his Blood Bone Snake poison was, but he didn't take it.

Luo Qing Chen didn't keep asking because she knew that there would be no answer no matter what she asked. Although she could tell that Feng Si Zui might not be telling the truth.

She slept very deeply that night, so deep that she dreamed about the woods.

This time she could see the stone stele at the foot of the mountain and there were three clear words written on them, Purple Phoenix Mountain.

"Ah!" When she opened her eyes, her back was covered in cold sweat.

She reached out beside her, but Feng Si Zui was no longer there. Looking out the window, she saw that it was already noon.

Xiao Cui heard this and quickly came in, "Empress, did you have another nightmare?"

Luo Qing Chen rubbed her eyebrows, "Where's the emperor?"

She had a vague feeling of uneasiness in her heart, feeling quite upset.

"The empress doesn't know?" Xiao Cui blinked in a daze as she said, "The Purple Phoenix Mountain ancestral worshipping ceremony has been moved ahead to today."

“What?”

Luo Qing Chen threw off the blanket and her hands couldn't help being covered in a cold sweat.

“Empress.....Your face doesn't look good, Xiao Cui will call the imperial doctor!”

“No need.” Luo Qing Chen waved her hand as she deeply knit her brows, “When did the emperor set off!”

“He went out early this morning.” Xiao Cui honestly replied.

Luo Qing Chen looked at the incense by the bed and gave a deep sigh.

It seemed like Feng Si Zui had already planned this yesterday, he definitely wouldn't let her come.

Why? Just what was the reason? Feng Si Zui's pampering tone had said that he didn't want her to go because of the bad weather and environment.

But there would be a group of elite guards when the emperor went out, nothing major would happen.....

“Help me prepare a set of male clothing, I'm leaving the palace.” Luo Qing Chen narrowed her eyes and quickly curled her up her long hair with a look of determination in her eyes.

Xiao Cui's words were like a basin of cold water that fell on her.

“Empress, the emperor has already sealed off the Endless Hall. There are people all around, not even a fly can get out.....” Xiao Cui said in a daze, “The emperor had this servant take care of the empress. Three days later, you'll definitely be able to see him.”

Hearing Xiao Cui's final words, her nose stuffed up as her eyes couldn't help turning red.

Feng Si Zui, ah, Feng Si Zui, you're this good to someone.....even reaching this level.....

“Prepare the male clothing for me still.” She looked up and tried to recall the position of the Purple Phoenix Mountain as best as she could.

She said that no matter what, she definitely wouldn't leave him alone!

“Yes, empress.....” Xiao Cui asked in a confused voice, “But empress.....How will you leave the palace?”

“I naturally have a way.” She waved her right hand and the Exquisite Ring in her storage space appeared on her ring finger.
