Chapter 1351: Paranoid emperor: Let's go to hell together, alright? (Part 52)

In less than half an hour, eunuch Li had quickly come back to report, "There were some maids who reported that miss Mu Tian Tian was walking towards concubine Xi's Willful Hall....."

"Concubine Xi....." Mu Ying Ying knit her brows before shaking her head and muttering, "Impossible.....Tian Tian doesn't know about concubine Xi at all, how could she....."

"Then let's go to the Willful Palace." Feng Si Zui narrowed his cold eyes and walked out into the snow.

Mu Ying Ying followed behind him as she calculated the time. She looked down slowly to look at the powder between the fingers of her right hand and her lips curled into a beautiful curve.

Inside the Willful Hall.

Tao Zi saw that she didn't look good, so she made a pot of tea for her.

After all, she had just received cold looks from her big sister a few days ago and now the fool had come. Although she didn't neglect her, she also didn't curry favour with her.

"Our concubine consort is sleeping." Tao Zi looked at her and softly said, "Our concubine consort has been on a diet recently, so you can take them back!"

Although she didn't know why this fool suddenly came here, she wanted to ask for forgiveness from her concubine consort with just some pastry, it really was too shabby.

Didn't the emperor give her many things? She doesn't even understand to give it to others.

But she couldn't blame her since she was a fool, it was normal that she didn't understand.

Thinking of this, Tao Zi looked at her sad expression and said, "If miss Mu is willing to wait, this servant will report to the concubine consort."

"Alright, alright!" Mu Tian Tian revealed a sweet smile, but her face was already a bit pale.

After a while, Xu Jin came out. When she saw Mu Tian Tian, she couldn't help trembling.

People said that Mu Tian Tian looked like her, but seeing her now, she could tell that she was the same.

But her smile was very bright and that deceased person.....had never had such a bright smile.....

"Does the tea taste good?" When Xi Jin was about to move towards Mu Tian Tian, Mu Tian Tian's expression turned stiff and her face turned pale as she clutched her chest in pain, "It hurts.....It hurts.....Tian Tian hurts.....It feels bad....."

"Hong long." She suddenly fell off the chair and created a large sound. It caused Feng Si Zui's group who had been walking slowly to pick up their pace as they headed towards the Willful Hall.

Xu Jin was stunned and took a step back in a bit of a panic. She looked at Tao Zi who shook her head with a panicked look, "Concubine.....This servant doesn't know....."

"Peng!"

Everything lined up perfectly. The Willful Hall's doors were opened and as eunuch Li called out in surprise, Mu Ying Ying had charged forward to hug Mu Tian Tian, "Little sister, little sister....."

When she was holding Mu Tian Tian, she gently put the powder under her nail into one of the teacups on the table.

It was always easier to kill someone than to save someone because it only took one chance to kill people!

"Big sister.....Big sister.....It hurts for Tian Tian....." She started convulsing while she said this, bleeding from all seven orifices, looking very awful.

Her heart was a bit caught and her tears couldn't help falling. These tears were real.....

But she didn't have any regrets.

"Don't be afraid, don't be afraid.....Big sister is here!" She patted her head as she bit her lip, "Big sister definitely won't let off the person who hurt you....."

As soon as her voice fell, she looked up at Xi Jin with a fierce gaze, "Concubine Xi, you really are ruthless."

Chapter 1352: Paranoid emperor: Let's go to hell together, alright? (Part 53)

"Quickly, call the imperial doctor." Feng Si Zui didn't come forward. He just looked at that pale face covered in fear and there was a feeling of suffocation.

Why was god so cruel to him? Even his final little thought was taken away from him.

He didn't charge forward because he knew that this person in front of him looked like Luo Qing Chen, but it wasn't her.

Because it wasn't her, he would only ever look and admire that face, but he would never touch her.

An hour later, the imperial doctor shook his head, kneeling down as he reported, "Reporting to the emperor, miss Mu's situation is already hopeless!"

"No!" There was a pained scream that filled the entire Cherry Blossom Hall. Mu Ying Ying almost went crazy and wanted to charge at Xi Jin, but eunuch Li stopped her.

Feng Si Zui tightly knit his brows and there wasn't a bit of light in those dark eyes. He just slowly turned around and asked Xi Jin in a cold voice, "What did you feed her?"

"You....." Xi Jin took a step back as she looked at Feng Si Zui, "The emperor doesn't believe this consort....."

"Something happened to her in your palace, shouldn't you give an explanation?" Feng Si Zui narrowed his cold eyes although he hadn't made his final conclusion yet.

But right now his temper didn't allow him to think about anything, he just needed an ending.

“You killed my little sister.....” Mu Ying Ying’s eyes were filled with tears that fell one by one, although she was becoming more and more excited in her heart by the minute.

Like a flower in the dark, as the hidden root began to spread.

“This concubine didn’t!” Xi Jin bit her lip as a faint mist filled her eyes, “Why would this concubine hurt her!”

“Because you were jealous of my little sister!” Mu Ying Ying angrily roared out, “Although she was a fool, she was a kind girl. When I told her that I offended you, she must have put it in her heart.....”

“Stop slandering people!” Tao Zi suddenly knelt down and hit her head to the ground, “Emperor, you mustn’t misunderstand the concubine consort. The concubine consort didn’t invite the Mu sisters to the Willful Hall, there must be some hidden plot!”

“My little sister died in your palace, what plot could there be?” Mu Ying Ying directly said as a determined look appeared in her eyes.

Two birds with one stone, since she had done this, she had to finish it.

“You said that your little sister was poisoned in our palace, what evidence do you have?” Tao Zi bit her lip, replying without fear of death.

“I.....”

“Reporting to the emperor.” Feng Si Zui’s personal guard guard Fan came in and cupped his hands, “This servant has given the tea miss Mu drank to the imperial doctors.....”

After pausing, he turned to look at Xi Jin, “According to the analysis, the poison in the tea is the same one miss Mu ingested.”

“How is this possible?” Tao Zi was frozen and she couldn’t help trembling, “Impossible.....Impossible.....”

“He, he.” Mu Ying Ying gave a cold laugh and said in a voice that didn’t have a trace of warmth, “Now that there’s solid evidence, I wonder what else concubine Xi has to say.”

She suddenly knelt down and slammed her head towards Feng Si Zui, “I plead the emperor, you must make a decision for Tian Tian!”

At that moment, the corners of her lips couldn’t help curving up.

Her plan had been complete and she had achieved all her goals. Now there wasn’t a single person that Feng Si Zui liked in the harem, she was the only one and she was the only one left!

She was confident that she could use time to get Feng Si Zui’s attention, no one could steal from her!

Chapter 1353: Paranoid emperor: Let’s go to hell together, alright? (Part 54)

“Someone!” Feng Si Zui’s cold eyes slowly fell down onto Xi Jin, the coldness in his eyes almost froze her.

He said in a soft voice, "Take concubine Xi away and lock her up. The rest will be handled by the hall of justice."

Guard Fan turned to look at Xi Jin, "Concubine consort, please forgive me."

"Don't touch me." Xi Jin's eyes trembled as her mouth opened and closed. Then she said with a tearful look, "Ten years as friends! If I wanted to harm someone, I would have killed Luo Qing Chen back then, not a substitute!"

As soon as her voice fell, she turned to leave the Cherry Blossom Hall.

What was right and wrong didn't seem that important at this moment.

The current Feng Si Zui had already blinded his eyes and his heart.

It had to be said, when the three words 'Luo Qing Chen' came from Xi Jin, his breath stopped and his heart had skipped a beat.

Xi Jin was right, that face was the only supporting pillar in his will to live.

He.....He couldn't lose it.

Thinking of this, Feng Si Zui turned around and said to the imperial doctor on the side, "Wash her clean and put on makeup, then seal her in an ice coffin."

The imperial doctor was stunned. He thought that this woman was the one that the emperor loved, he loved her so much that he even sent concubine Xi to be tried by the hall of justice.

But he never thought that this obsessed emperor's 'love' wouldn't let this girl go in peace.

Rather.....Rather, he wanted to preserve her face.....

—

At the same time, Luo Qing Chen had finally arrived in Long Peace City!

It had to be said, the distance between Clear Jade Mountain and Long Peace City couldn't just be described by the word 'far'.

It was clearly very, very far. Of course, this was mainly because of the ancient era that didn't have any means of transportation.

If she had been given a Maserati a few days ago, she would have been able to reach Long Peace City in a day!

Long Peace City didn't change. The hawkers had their small stands, the children with candied hawthorns in their hands ran around laughing.

Luo Qing Chen found a good inn to stay at. Yan Xiu hadn't been stingy with her, he had given her enough.

"Waiter."

"This guest, what do you need?"

“Give me a pot of tea, a few side dishes, and then some fruit.”

“Alright! Please wait a minute!”

She took out the Moon Glass Fan to play with while listening to the people gossiping at the next table.

Actually, she didn't care about this matter, but when she heard the words concubine Xi, she couldn't help perking her ears up.

“Did you hear about this? There's something that happened to concubine Xi.”

“Keep your voice down, do you not want your head anymore!”

“Aren't I talking very softly? I heard that even the prime minister couldn't protect concubine Xi this time.”

“Is it true that she killed the Mu Family's fool daughter?”

“It's true! I heard from people in the palace say that the evidence is conclusive!”

“Ze, ze, I never would have thought it! She really is a vicious person!”

There were two voices that sounded at the same time. One was from Luo Qing Chen and the other.....was from a cute little boy?

“What nonsense is this?”

“What nonsense are you saying?”

Although they weren't word for word, the meaning was the same.

The people who were sitting at the next table were stunned, throwing down two silvers before even they finished eating.

Luo Qing Chen looked in the direction of the cute little boy and raised a brow to ask, “Who are you? Why are you speaking up for Xi Jin?”

Looking carefully, he didn't seem like a cute little boy, rather he was a handsome young man!

Chapter 1354: Paranoid emperor: Let's go to hell together, alright? (Part 55)

“She is my big sister, naturally I would speak up for her!” Xi Li didn't hide anything. He walked over to the table and poured a cup of tea for himself without any politeness, “Who are you? Why are you speaking up for my big sister?”

Luo Qing Chen looked a bit awkward this time.

There was a feeling of 'being out of place'. Although this feeling was a bit awkward, she could still express her state of mind.

After all, she and Xi Jin were just chance acquaintances and the person in front of her was her little brother.

"I....." Luo Qing Chen awkwardly said, "Acquaintances.....Acquaintances....."

Actually she felt that she and Xi Jin could be considered rivals of love. Since that day she had kneeled down to beg her to see Feng Si Zui, she could tell from those eyes that she didn't seem them simply as old friends.

"Acquaintance?" Xi Li looked over her, completely in disbelief.

"So what if we're acquaintances?" Luo Qing Chen gave a shrug, "What did they mean just now?"

"You don't know even though you are my big sister's acquaintance?" Xi Li pursed his lips and said, "You might as well have watched the fun earlier!"

"You....." Luo Qing Chen rolled her eyes at him, "Speak if you want."

After all, she didn't come back this time to find Xi Ji, so she wasn't that interested in what had happened!

When she was about to leave, Xi Li called out to her, "You haven't finished your dishes yet!"

"I'm afraid that I won't be able to eat dinner if I take a few more looks at you!" Luo Qing Chen was clearly on his big sister's side, how could this little brat not understand how to be grateful!"

"Don't, don't!" Xi Li pulled her sleeve, "I.....I'll apologize to you."

After all, when those people had spoken about his big sister, this girl had stood up for her.

Luo Qing Chen waved her Moon Glass Fan and slowly sat down, "Cause, events, results!"

"Ah?"

"For your big sister."

"Oh, oh." Xi Li thought about it before saying, "I'm not clear on the cause or the events, but I heard that she killed a girl that the emperor cared very much about....."

"What!" A high decibel voice suddenly attracted everyone's gaze. Even Xi Li looked at her in a daze, not understanding why she had been so excited.

God! Was there a mistake! She had only been gone for a year and Feng Si Zui had found another girl?

Wasn't this too fast!

Oh, no, perhaps it should be.....isn't this too much!

"You.....Don't be excited!" Xi Li quickly explained, "My big sister definitely didn't kill that girl, don't be worried."

"Ke, ke." Luo Qing Chen cleared her throat and looked up, "What do you mean by the girl the emperor liked?"

"Ah?" Xi Li was surprised before telling Luo Qing Chen everything about Mu Tian Tian.

After hearing this, she fell silent. She looked down and her long lashes trembled, as an indescribable feeling filled her heart.

“You.....seem like you’re very sad.” Xi Li was a bit confused as he looked at her. He suddenly felt that she was very special after she calmed down, it was completely different from the arrogant appearance she had before.

Luo Qing Chen had finished adjusting her emotions once she looked up.

She gave a shrug and played with the Moon Glass Fan in her right hand as she said, “It’s nothing, there must be some plot related to you big sister!”

Chapter 1355: Paranoid emperor: Let’s go to hell together, alright? (Part 56)

“Thank you for believing my big sister.”

“No, it isn’t that I believe her.” Luo Qing Chen’s lips slightly curled, “It’s that your big sister clearly understands what meaning that Mu Tian Tian had to the emperor.”

It was just a face, she didn’t need to do anything.

If she was jealous of that face, she wouldn’t have kneeled down in the snow and said those words to her.

No matter how Xi Jin felt towards Feng Si Zui, she was certain that she was framed in the matter of Mu Tian Tian!

“You.....”

“Customer, your dishes are here!” The waiter put down the dish one by one, “This is your fruit.”

“Thank you.” Luo Qing Chen politely thanked him before picking up a chopstick to taste the food while asking, “Right, what is your name?”

He picked up a pear from the table before saying, “This one is Xi Li.”

“Pear?”

Luo Qing Chen looked at the pear in his hand and she revealed a cold smile.

Xi Li was stunned by Luo Qing Chen’s smile, but he still politely asked back with a smile, “What is this miss’ name?”

Luo Qing Chen pointed at another fruit in the plate beside him, “Chen Zi.”

“Orange?”

“Un humph?” She pursed her lips into a smile, “Aren’t you called pear? So what if I’m called orange?”

Chen Zi, orange, was there a problem!

Can’t Luo Qing Chen’s nickname be Chen Zi?

“.....” Xi Li was a bit speechless, but he quickly said, “I’m very happy to meet you.”

“Me too.....” She ate as she said, “But we can’t save people with polite words, right?”

“Eh.....”

“The most important thing now should be to save your big sister.” Luo Qing Chen put a piece of braised pork in her mouth as she said, “After all, she grew up pampered, so she shouldn’t be able to handle being locked up now.”

“Actually, I won’t hide it, I came this time because of this matter!” Xi Li tightened his fists and said, “I’ll enter the palace tomorrow to see the emperor and help plead for my big sister.”

He had been guarding the border. If it wasn’t for his father being sick in bed because of his old age, his big sister wouldn’t have suffered this grievance!

“You want to enter the palace?” Luo Qing Chen had a bit of a sparkle in her clear eyes.

Actually, she wanted to enter the palace to find Feng Si Zui. The most direct way was to use the teleport.

But.....this was a bit risky.

Not to mention that she could be beaten to death before seeing Feng Si Zui. The other part was that collapsing the world was more terrifying than being beaten to death.

The system had mentioned before that she shouldn’t abuse powers in any world (especially worlds without powers) because this would cause the worlds to collapse, which had consequences that would be hard to imagine.

So before she was forced to, Luo Qing Chen would never use her powers.

Whether it was the powers that she bought or the powers that she had.

Since Xi Li could take her into the palace, it would save her from plenty of unnecessary risks.

“Yes.” Xi Li said with a nod, “I’ll go to see my locked up big sister this afternoon.”

After all, only by knowing the cause and effect could he plead for Xi Jin after entering the palace.

“I’ll go with you.” Luo Qing Chen took a sip of her tea before narrowing her eyes, “But before this.....you must trust me.”

“Naturally I trust you.” Xi Li was surprised, never thinking that the girl in front of him would come with him.

After all, no one wanted to be associated with their Xi Family now.

Suddenly, he felt that this girl in front of him was dazzling, as if she was covered in a dazzling light from head to toe.

Chapter 1356: Paranoid emperor: Let’s go to hell together, alright? (Part 57)

In the hall of justice, there was a mold scent in the air. Although Xi Li had asked around, the guards were still easy to handle.

“You want to see the felon who killed the beloved of the emperor, time is limited so go in and out quickly.” The guard took the silver before looking at the man beside him, “Let them in.”

Hearing the word ‘beloved’, Luo Qing Chen couldn’t help rolling her eyes at him.

Xi Jin was locked up in the deepest cell, covered in mold and cobwebs.

Luo Qing Chen knit her brows and her heart couldn’t help trembling. What had happened in this year to make Feng Si Zui this obsessed with a face?

He was so obsessed that he had imprisoned his old friend of ten years Xi Jin. Just what.....was he thinking?

“Tyrant!” Xi Li muttered as he quickly walked forward.

“What?” Luo Qing Chen followed him as she said with pursed lips, “The evidence against your big sister is quite solid, how is the emperor a tyrant?”

Every person had something they wanted to protect in their hearts, she wasn’t an exception.

Even if the most important thing was to clear Xi Jin of her charges, she still couldn’t take anyone saying anything bad about Feng Si Zui.

“How is he not a tyrant?” Xi Li heard this and he turned around to say, “He would rather believe two sisters who had just entered the palace and wouldn’t believe my big sister who had been with him for ten years. His eyes are completely blind, how is he not a tyrant?”

Xi Li was clearly very angry. After all, his big sister who had been pampered since she was young was locked up in this dark and cold dungeon, he was very unwilling.

“What a joke!” Luo Qing Chen narrowed her cold eyes and said word for word, “If it wasn’t for the emperor back then, your big sister would have been buried with that Far General!”

“You.....” Xi Li was a bit speechless as he could see a trace of anger in her eyes.

But he didn’t understand why she was this angry.

“Me, what about me?” Luo Qing Chen looked up with her clear eyes, “With the evidence being placed in front of everyone, why do you think that the emperor would favour your big sister, the murderer?”

“My big sister didn’t kill anyone!” Xi Li bit his lip and said in a firm voice.

“Did you see it?” Luo Qing Chen gave a shrug, “There was no one who saw the poisoning and your big sister was the only target. Feng.....The emperor didn’t do anything wrong, do you think that the ruler would protect a concubine in front of all his ministers?”

There was silence around them for a bit.

Her powerful words made Xi Li unable to refute with a single word, he just turned around and softly said, “You really are speaking up for him.”

“Sorry.” She let out a long breath, “I might not have taken your feelings into consideration.”

“No, you’re right.” Xi Li moved forward without turning back.

Luo Qing Chen seemed to have heard a soft word, “I just don’t like hearing you praise him like this.”

One was his big sister and the other was a person he had just met and appreciated, but they were both speaking up for that violent emperor.

“Big sister.....” Xi Li who had been in front came to the iron door and softly called out.

Xi Jin in the prison was surprised before slowly turning around and tentatively speaking, “Yes, is it Xiao Li?”

“It’s me, it’s me, big sister.....”

Xi Jin’s nose became stuffy and her tears came out. She couldn’t say a single word.

Chapter 1357: Paranoid emperor: Let’s go to hell together, alright? (Part 58)

“It wasn’t me.....It wasn’t me.....It really wasn’t me.....” She said while crying from time to time. Her calm had completely disappeared the moment she saw her relative.

Xi Jin thought that if she stayed calm, she would feel no shame even if she died.

But when she saw Xi Li, she felt the grievances fill her heart.

“I know, I know.....” Xi Li reached out his hand and his slender fingers wiped the tears from her face, “Big sister, don’t cry, I definitely won’t let you suffer this grievance.”

“Alright, alright.” Luo Qing Chen rubbed her temple while waving her hand, “It isn’t time to cry right now anyway!”

Xi Jin heard this and saw Luo Qing Chen’s figure in the dim light.

She was wearing a moon white brocaded robe, looking very elegant, giving off a strange feeling.

“This one is.....” Xi Jin immediately calmed herself and slightly knit her brows, “I lost control just now.”

“You don’t know each other?” Xi Li was stunned before looking at Luo Qing Chen in disbelief, “Didn’t you say that you were my big sister’s acquaintance?”

Luo Qing Chen felt a bit awkward, but she cleared her throat, “This matter can’t be explained right away, in short.....I’m here to help you.”

“Help me?” Xi Jin said with misty eyes, “The person who can help me in this world is already dead.”

Other than Luo Qing Chen, there was no one who could influence Feng Si Zui’s decision!

That man had reached a ‘terrifying’ level of obsessiveness.

There was only that face left in his heart, that face that was like a puppet.....

“Don’t be so pessimistic.” She softly bit her lip and tapped the Moon Glass Fan in her right hand in her left hand a few times, “There is always a road. We will go into the palace tomorrow, you can just simply explain this matter to us.”

Xi Jin knit her brows as she looked over at Xi Li.

Xi Li nodded and only then did she narrate what had happened.

The basic details were the same as the rumours, the only difference was.....Xi Jin hadn’t been in the palace for the past few days, so how could Mu Tian Tian have gone to the Willful Hall the day that she came back.

—

After leaving, Luo Qing Chen never said a thing and Xi Li seemed like he was in a very bad mood. When dusk came, there were less people on the streets of Long Peace City.

Luo Qing Chen stopped and said to Xi Li beside her, “How about getting a drink?”

He was surprised, but seeing her bright eyes, although he was a bit upset, he didn’t refuse.

After a while, he said with a slight nod, “Alright.”

At a small inn, in a private room, Luo Qing Chen took a sip of the wine, “I can already guess that your big sister was framed, but.....”

“Really?” Xi Li was stunned. He quickly took her hand before awkwardly letting go and saying, “Stop hiding it, quickly tell me.....”

“I’m afraid the victim never thought that the person closest to her would harm her.” She tapped her right index finger on the table out of habit, “I suspect Mu Ying Ying, but there’s no evidence.”

This definitely wasn’t a suspicion without reason. Perhaps others wouldn’t understand Feng Si Zui’s harem, but she couldn’t be more clear on it.

When she was still in the harem, whether she was in the cold palace or the Splendid Hall, no one tried to harm her.

Chapter 1358: Paranoid emperor: Let’s go to hell together, alright? (Part 59)

At the same time, Xi Jin had never been harmed in all her years in the Willful Hall. Those two sisters had just entered the palace and one of them died. Putting aside family love and based on logic, Mu Ying Ying was the most likely culprit.

Xi Li was taken aback as he looked at her in disbelief, “But that.....that is her little sister!”

“So what if it’s her little sister?” Luo Qing Chen narrowed her eyes and slowly took a drink, “When trying to find the truth, you have to first know the personality of the two Mu sisters.”

“Personality?”

"When we came out of the hall of justice and were wandering the streets, didn't you hear all the talk about this matter?" Luo Qing Chen looked at Xi Li's stunned appearance and really wanted to smash the wine on the table.....

This kid, why was he so.....brainless!

"How could I be in the mood....."

"The more critical the timing, the more cautious you need to be." Luo Qing Chen waved her fan, "Could it be that when you went to see Feng.....the emperor tomorrow, you were just planning on hugging his leg and crying, my sister was wronged!"

"I....." When Xi Li heard Luo Qing Chen's words, he suddenly felt a bit wronged. He scratched his head and said, "Then what do I do?"

"When we were on the streets of Long Peace City, I learned some important things from the gossip I heard." Luo Qing Chen raised a brow and said, "Do you want to hear it?"

"Of course!"

"Ke, ke." She cleared her throat and said, "Fill up my wine and I'll tell you."

Xi Li filled up Luo Qing Chen's wine glass like a follower while looking at her with a respectful gaze.

"The Mu sisters were looking for a husband in the arena. The two sisters are both beauties, but the little sister with a bad head was an accessory." Luo Qing Chen looked at him and asked, "The accessory is supposed to be married along with her, as for whether she would be a concubine or a maid.....I didn't hear any rumours about this."

"You mean....."

"Mu Ying Ying who was the star suddenly became the accessory for her dumb little sister, don't you think that her proud heart would become twisted?"

"That is the reason why she killed her little sister?"

"Two birds with one stone, her mind really is sharp. It has to be said, if there was a fight in the harem, Mu Ying Ying would be quite successful and Xi Jin wouldn't have a chance to fight back at all."

This girl, even if she wasn't 100% certain that she would win, she had already reached an abnormal level since she could even kill her little sister.

"Then what do we do now?"

"How to say this?" Luo Qing Chen had a faint sparkle in her clear eyes as she looked at him, "You shouldn't do something if you don't want anyone to know. Since we have no evidence, we'll make her reveal herself."

As the saying goes, the closer you are to succeeding, the more likely you'll lose everything.

Mu Ying Ying was definitely very excited in the palace, she must be thinking of ways to stabilize her position in the palace.

The next morning, Luo Qing Chen and Xi Li entered the palace to see the emperor.

When she was standing in front of the gates, she was a bit nervous. As time flew by, it already seemed like a dream to her.

There was a touch of familiarity in the unfamiliarity, this matter should have an ending.

Because she already wanted to hug him.....

Luo Qing Chen changed into a light floral print dress with a bit of lipstick, looking pure and beautiful.

She was entering the palace as Xi Li's cousin. Eunuch Li didn't stop her since Xi Li had military merits at the border, being a hero in the Feng Dynasty.

"You might not be able to go in later, you can just wait outside for me." Xi Li whispered in her ear and Luo Qing Chen nodded in response.

The emperor was the emperor, but this feeling of being cast aside was very unpleasant.

Eunuch Li arranged for her to sit at the Awakening Pavilion in the gardens, which was the closest place to the Splendid Hall.

She waved the Moon Glass Fan in her hand before heading towards the Splendid Hall.

This was the forbidden place of the palace, few maids came here, but there wasn't a single leaf in the long halls of the Splendid Hall.

It was so clean like someone had been cleaning it the entire time, this scene made her heart feel a bit sad.

There was a figure slowly coming from not far away. Luo Qing Chen looked at it and it seemed similar to her original appearance.

Mu Ying Ying had two maids behind her, they had been given to her and Mu Tian Tian by Feng Si Zui when they came to the Cherry Blossom Hall.

Now that Mu Tian Tian was dead, these two naturally followed her.

Luo Qing Chen narrowed her eyes and casually moved past her, opening the doors to the Splendid Hall.

"Stop!" One of the maids behind Mu Ying Ying shouted, "How bold, you dare not bow when meeting miss Mu!"

This girl's voice was a bit sharp and it was uncomfortable when it was heard.

There was a saying that said that those that were alike gathered. Masters had the same kind of servants and based on the personality of the servant, one could guess the personality of the master.

For example: Mu Ying Ying.

Luo Qing Chen heard this and slowly stopped. She turned to say, "Since you call her 'miss Mu', why should I bow?"

“You.....” That girl looked at her with an arrogant look, “There is no difference between our master and a concubine consort, you should bow.”

Luo Qing Chen heard this and she couldn't help revealing a faint smile. She could guess why Mu Ying Ying's servant was acting this arrogant. Even eunuch Li who followed the emperor would bow when he saw her!

“Then when miss Mu becomes a concubine, she can act in front of me, alright?” She narrowed her eyes and her ice cold voice was filled with a trace of disdain.

Mu Ying Ying couldn't take it this time.

“Who are you? You are the first one who dared to talk to me in this palace.” She lifted her cloud print dressed and came towards her, “You might be able to enter this place, but that doesn't mean you can leave.”

Splendid Hall, this was a forbidden place in the palace. Even if her restless heart wanted to destroy it, she didn't even dare open the door.

Because she knew that it would touch the bottom line of the ice cold emperor.

But the person in front of her dared to open the door so boldly and she dared to act this arrogantly in front of her, she couldn't take it.

“Peng.” Luo Qing Chen slowly closed the doors of the Splendid Hall before coming back to the corridor, “Did I open it? Do you have proof?”

“You.....” The maid behind her called out, “I can testify, you really are despicable..”

“Despicable?” Luo Qing Chen's lips curled as she said, “I can't compare to miss Mu when it comes to that since she can even kill her own relative.....”

Chapter 1360: Paranoid emperor: Let's go to hell together, alright? (Part 61)

“Xiu, xiu, xiu.”

Before Luo Qing Chen's voice fell, Mu Ying Ying charged at her with a face covered in killing intent.

When people were nervous, they were easily agitated and when they were agitated, they easily revealed themselves.

Luo Qing Chen jumped back and pulled the Moon Glass Fan out of her sleeve to block her attack.

Even in a fight, Luo Qing Chen didn't forget to raise a brow as her lips curled slightly, “What? Are you afraid that I'll say something from your heart that you aren't willing to face?”

After all, she had killed her little sister. Even if Mu Ying Ying's heart was twisted, when she heard this from someone else, she would still be agitated.

“Someone inferior like you, shut up for me!” She bit her lip. The other side easily avoided her moves and there were a few beads of anxious sweat that appeared on her forehead.

Just who was this person? Why did she feel a kind of inexplicable worry when she looked into her eyes.

It was as if she couldn't hide her evil deeds at all in front of her, like the defenses of her heart were being destroyed layer by layer, making her feel very uncomfortable.

"If I don't, are you planning on killing me?" Luo Qing Chen easily subdued her, placing the Moon Glass Fan on her neck, "But you have to know, with just a single slash, you'll be seeing the king of hell."

"Un.....Hu....." She was panting hard as she swallowed her saliva, "Don't mess around, the emperor won't let you off if you kill me!"

Now that there wasn't Mu Tian Tian and Xi Jin, she was the one who was the most like the empress who had died in the Splendid Hall, she was most qualified to be the one he favoured!

"You're saying that I'm a lowly person?" She narrowed her eyes which had a sparkle in them, "Then exchanging my life for your and letting all your hard work pop like a bubble, wouldn't that be worth it?"

Luo Qing Chen could feel Mu Ying Ying's body trembling, shaking unconsciously as she was filled with fear.....

"Don't mess around....." Mu Ying Ying took a deep breath, "You.....Who are you?"

"Ke, ke." Luo Qing Chen cleared her throat as she pressed the Moon Glass Fan in her hand even harder, "I am here to reverse the case for concubine Xi.....the divine detective!"

When Luo Qing Chen's voice fell, a eunuch ran over. He was surprised when he saw the battle in front of him and stuttered, "This....."

"Stop stuttering, go and tell this miss Mu what you have to say." Luo Qing Chen's lips curled as a look of victory appeared in her eyes.

Everything was going to plan.

"Miss Mu, concubine Xi is already.....in the palace.," His voice continued to tremble and stuttered to a finish, "The emperor.....is planning on investigating the case again!"

"What!" Mu Ying Ying's eyes opened wide as her face was covered in disbelief.

She had already sent Xi Jin away, how could she just come out like this!

No.....Impossible!

"It seems like there's a bit of a change in your plan." Luo Qing Chen took back the Moon Glass Fan and gave a shrug, "It seems like you don't have time to stay with me, isn't that right? Miss Mu?"

"You.....Ke, ke....." She held her neck and viciously glared at her before quickly turning to leave.

She didn't have any real power to deal with this person. She would do it if she could defeat her, but she couldn't beat her.
