Chapter 1361: Paranoid emperor: Let's go to hell together, alright? (Part 62)

But what was most important to her now was Xi Jin. She had to go to the Endless Hall and stop Xi Jin from reversing this case!

The two maids who followed her looked at Luo Qing Chen before quickly following Mu Ying Ying.

Luo Qing Chen stood there as her lips curled into a beautiful arc.

This plan had to go back an hour, she had taught Xi Li what to say to the emperor to reverse this case.

—

“You just need to say three things when you see the emperor. First, why did Mu Tian Tian bring the pastries? Second, Xi Jin had just come back to the palace, how could she have time to make an appointment with Mu Tian Tian? Third, why would someone be dumb enough to kill someone in the palace?”

“The emperor will let me reverse the case?”

“It's a bit hard.” Luo Qing Chen slightly knit her brows, “After all, these are all only inferences.”

“Then what if.....What if the emperor is indifferent?”

After a while, Luo Qing Chen said, “Just tell him that when it snowed that year, Xi Jin once kneeled in the snow and begged the empress to see him.”

Luo Qing Chen wasn't certain that Feng Si Zui would reverse the case for Xi Jin, but she was certain that he would definitely remember the matter of the past.

It was time to pay back what she owed Xi Jin.

—

In the Endless Hall, Xi Jin was dressed in a prisoner's uniform and had wooden handcuffs around her wrists, looking a bit haggard.

Although Xi Jin looked quite bad, it was a good thing that Xi Jin was out of that dark place.

He had to admit that the girl named Chen Zi really was powerful.

At first the emperor was indifferent to those first three things, but when he said the final words, he could tell there was a change in those eyes.

Those eyes that were like dark ink had a bit of glow in them.

“Your little brother wants to reverse the case for you, do you believe this one?” Feng Si Zui was like thousand year old ice that couldn't be melted, it was so cold that it could freeze someone's heart.

Xi Jin slightly looked up as she pursed her lips, “Emperor, Xi Jin has known you for ten years, being able to talk without care for status.....”

After saying this, she paused before letting out tears from her bloodshot eyes, "In these years in the palace, I've seen the emperor fall in love with someone. There were no extra feelings in the beginning, but I felt very uncomfortable later on. But even like this, Xi Jin hoped that the person the emperor liked could see your sincerity and like you....."

Feng Si Zui's fingers trembled and his eyes were sparkling as he looked at Xi Jin kneeling in front of him.

He remembered the scene of the pasts. He had thought that he already had no heart, like he was a corpse already.

But he could feel emotions in his heart.

"Emperor!" Xi Li immediately kneeled down, "Big sister was wronged!"

As soon as his voice fell, there was the voice of a certain girl in his mind. He suddenly felt he was a bit dumb and shouldn't have said anything.....

He changed his tone, "Big sister, she.....she can't even harm an ant! It's impossible she killed someone!"

"Nonsense!" A sharp voice came from the entrance of the Endless Hall and everyone heard it.

Mu Ying Ying quickly ran in and kneeled down to say, "Emperor, Tian Tian's seven day death anniversary has just passed. If you can allow this murderer off with a few words, how can you say anything to my little sister's spirit in the sky!"

Mu Ying Ying's tears fell as she said this. As if it really was for her little sister, not willing to let this 'murderer' go.

Chapter 1362: Paranoid emperor: Let's go to hell together, alright? (Part 63)

"You're the murderer!" Xi Li gave a cold snort and directly stated the conclusion Luo Qing Chen had told him.

"Si!" Everyone around them took a cold breath.

Not only the maids, eunuchs, and guards, even the officials from the hall of justice who were reviewing this case.

Xi Li had reversed the case for Xi Jin which had already created a stir. After all, Xi Jin was the previous prime minister's daughter and although he didn't have power now, it was still a big case.

"What nonsense are you talking about?" Mu Ying Ying was stunned as her face turned pale.

After all, no one had suspected her in Mu Tian Tian's death.

But now there was someone who was uttering these words in front of everyone which made her panic.

"You know better than anyone in your heart what I mean." Xi Li was even more certain of Luo Qing Chen's inference when he saw her appearance.

To be honest, that girl named Chen Zi really was smart.

After all, no one would have thought that Mu Ying Ying would kill her own sister and blame someone else.

Xi Li's words made the ministers from the hall of justice in the Endless Hall begin to whisper to each other.

"If the killer really is Mu Ying Ying, it can explain why the 'Poison Beads' had acted so quickly!"

"Yes! The imperial doctors said that this poison would usually take a while to act."

"But Mu Tian Tian had been in the Willful Palace for a bit, but the timing was too short."

"It is because of this that there's no way to use this as evidence."

.....

The people in the Endless Hall discussed in small voices and the words seemed unfavourable for Mu Ying Ying.

This 'two birds with one stone' plan that had already succeeded was derailing at the last second!

"I really don't understand what you mean." Mu Ying Ying gritted her teeth before looking at Feng Si Zui with a pitiful look, "Emperor, Tian Tian is my little sister, how could I kill her? Why would I do that? The Mu Family's wealth and prosperity came from Tian Tian, if Tian Tian died and the Mu Family declined, how could I do something like this?"

"You would do this because.....you wanted to replace her." Xi Li crossed his arms and stated the topic word for word, not wasting any time at all.

Of course this was what Luo Qing Chen had told him to do!

"You slanderer!" Mu Ying Ying pointed at Xi Li, clearly looking a bit agitated as she said in a trembling voice, "You also have a big sister, would you kill your big sister? You can even say this for your big sister, do you even have a conscience?"

Xi Jin heard this and gritted her teeth before she kneeled down.

"I'm not the same as you!"

"Ha, ha, ha!" Mu Ying Ying's sharp eyes had a sparkle in them as she suddenly came up with a smile, "Since you think I did this, then I'll die with your big sister!"

As soon as her voice fell, she quickly pulled a sword from the waist of the guard beside her and charged at Xi Jin.

This was her only chance now. She was betting that if Xi Jin died, Feng Si Zui wouldn't kill her.

Because her face was very similar to her little sister's and if she didn't do this, Xi Jin would very likely reverse this case!

Then she would be finished.

"Big sister!" Xi Li called out in surprise.

“Guang dang.” There were two different objects that flew at her from different directions, knocking Mu Ying Ying’s sword out of her hand.

One was Luo Qing Chen’s Moon Glass Fan and the other was the pen from Feng Si Zui’s desk.

Chapter 1363: Paranoid emperor: Let’s go to hell together, alright? (Part 64)

Everyone was surprised as they all looked at Luo Qing Chen.

The Moon Glass Fan fell at Xi Jin’s feet and she was surprised as a strange feeling filled her heart.

Luo Qing Chen stood in the Endless Hall in the night breeze, causing her hair to fly up with a faint scent of cherry blossoms.

The person sitting on the high platform trembled as his deep eyes fell onto the girl in front of him.

She was dressed in very plain clothing and looked graceful, but there was a special aura around her.

There was a different aura that felt familiar.

“It’s you again?” Mu Ying Ying gritted her teeth and pointed the sword in her hand at Luo Qing Chen, “Someone, take away this assassin.”

Luo Qing Chen narrowed her eyes and revealed a smile of disdain as she casually looked at Mu Ying Ying.

Everyone was stunned as they looked at each other before slowly taking out their sword, moving to surround Luo Qing Chen.

Luo Qing Chen didn’t think that their heads were useless, just they were too forward.

After all, the two Mu sisters had received the emperor’s ‘favour’ after entering the palace, so she had more rights to speak than a stranger who had suddenly appeared at the entrance of the Endless Hall.

Although Feng Si Zui didn’t respond, he was already knitting his brows. This feeling of uneasiness and expectation, he hadn’t felt it in a long time.

This feeling kept tugging at his heart that was frantically beating, making him take a deep breath and he forgot to breathe.

His breath stopped and his heart stuck a beat.

Luo Qing Chen jumped out and grabbed the sword of the guard closest to her. She narrowed her cold eyes as she released a chill while softly saying, “All of you come. I’ll kill any who come.”

Feng Si Zui’s world stood still. It was as if all the voices around him no longer existed and there was only that day on Purple Phoenix Mountain. As the python approached, there were only the words of the girl with those clear eyes.

Uneasiness, trembling, and fear.....

Expectation, expectation, expectation.....

That was probably all....the feelings currently in his heart.

His slender fingers kept trembling and those eyes that didn't have a bottom.

There was actually a faint sparkle in them.....

His heart was beating so fast.....so fast.....

"Did everyone see it!" Mu Ying Ying pointed at her and said in a sharp voice, "She is an assassin, quickly, quickly protect the emperor."

"Nonsense!" Xi Li came forward, but he was stopped by a guard who looked at him seriously, "Young master Xi, the other side's identity isn't clear....."

"I brought her with me." Xi Li had a bit of worry in his eyes, even his voice was a bit flustered.

"As expected!" Mu Ying Ying turned around and looked at Feng Si Zui with a pitiful look, "Emperor, you must make a decision for my little sister! They.....They are working together!"

"Ai." Luo Qing Chen gave a cold snort, looking at her with a cold look as she said, "You really aren't suited for acting weak."

Xi Li knelt down and cupped his hands, "Emperor, miss Chen came with me, she is not an assassin! She is.....She is just here to help my big sister reverse her case, please don't blame her!"

"Reverse the case?" Mu Ying Ying coldly glared at her, "It is called a conviction when there's enough evidence, not a reversal!"

She gritted her teeth. Every word was filled with sorrow as if Mu Tian Tian really was killed by Xi Jin!

Chapter 1364: Paranoid emperor: Let's go to hell together, alright? (Part 65)

"Who told you the evidence is conclusive?" Luo Qing Chen gave a shrug as her lips curled with a unique aura. She looked up at Mu Ying Ying and said, "Someone like you, in the palace that was filled with plots, how could you throw away the weapons that unsettle you the most?"

Mu Ying Ying's face turned pale. Her tears no longer fell and her face had instantly froze.

"You.....You're speaking nonsense!" Mu Ying Ying wildly shook her head like she was afraid that the truth was being pierced. She could only tremble and weakly deny this.

Why? Why could this person in front of her see through her heart?

Why was it that she didn't dare look into her eyes. She was standing in the Endless Hall with a sword in her hand, being surrounded by guards, but she could let out such a confident glow.

"You know better than anyone if I'm speaking nonsense!" She revealed a faint smile as she looked up slightly.

"Miss Chen.....don't say it....." Xi Li slowly shook his head.

Feng Si Zui looked at Luo Qing Chen intently as his slender fingers gripped even tighter.

There was an uncomfortable feeling, like something that had belonged to him had been taken by someone else.

Why, why, why.....”

“You.....What are you all in a daze for! Quickly take this unknown person away!” Mu Ying Ying was completely filled with panic at this time.

She only had Luo Qing Chen in her eyes. Those clear eyes seemed like they could completely see through her.

The guards with their blades unsheathed looked at each other and couldn't help retreating.

After all, the emperor high up hadn't said anything in a while, so they were unsure whether they should take Luo Qing Chen away or not.

But in reality, the emperor's mind was completely blank at this moment.

“Are you all deaf?” Mu Ying Ying's breathing had become much faster. Seeing that the guards didn't react, she gritted her teeth and raised the sword in her hand, charging out in Luo Qing Chen's direction.

She had to bet everything, she had a strong hunch that she was about to run out of chances.....

“Overestimating yourself.” Luo Qing Chen gave a cold snort. She gave a beautiful turn and jumped into the Endless Hall. She bent down and picked up her Moon Glass Fan from the ground while the sword in her right hand was placed at the neck of Mu Ying Ying who charged at her.

“I heard you went to the stage to fight for a husband?” Luo Qing Chen gave a shrug before saying with a lazy smile, “With your bit of skills, you really couldn't be married right away?”

She had to admit that when Luo Qing Chen taunted her, Mu Ying Ying's lips trembled.

But at this time, she couldn't give up.

She had used all her thoughts to kill her little sister, how could she give up.....

She wasn't willing, she really wasn't willing.....

“Emperor.....Emperor.....” She looked at Feng Si Zui with her last bit of hope as she bit her lip and said, “Save me, save me.”

“Miss Chen, I am grateful for everything you have done for Xi Jin.” After a bit of silence, Xi Jin kneeling on the ground slowly said, “But this matter is unrelated to you, miss doesn't need to concern yourself.”

“You're right, I've never concerned myself.” Luo Qing Chen said with a faint smile, “But leaving a bit of fragrance after giving a rose is something that I'm willing to do.”

[TL Note: Idiom meaning good for everyone.]

The emperor on the high platform said in a voice as cold as ice, “Just who are you?”

Chapter 1365: Paranoid emperor: Let's go to hell together, alright? (Part 66)

“An acquaintance.” She turned before saying, “The most important thing is to prove concubine Xi’s innocence.”

“Innocence?” Mu Ying Ying roared at, “She killed my little sister, how can she talk about innocence.”

“I’ve already said it.” She paused before looking at her with a serious gaze, “The one who killed Mu Tian Tian is you.”

“Good, good, good!” She bit her lips and held her head high, “If you say it’s me, take out the evidence! Take it out!”

Although Mu Ying Ying acted calm looking at her, she was already panicking in her heart.

She firmly believed that Luo Qing Chen didn’t have evidence, it was impossible for her to have evidence.

“Isn’t it simple to take out evidence?” Luo Qing Chen just gave a soft snort, “If you search through the Cherry Blossom Hall, you’ll naturally find the answer.”

Mu Ying Ying looked at Luo Qing Chen in shock. This expression made Luo Qing Chen who wasn’t 100% certain even more certain.

No, it could be said that she was certain that she had guessed the ending.

“Nonsense, nonsense.....It must be you.....Even if there is evidence, you must have put it there ahead of time to help Xi Jin!” Mu Ying Ying wildly shook her head, moving back step by step towards Feng Si Zui.

She could see her failure. She had a look of fear and a look of willingness, just like a loser.

“Whether I’m helping Xi Jin or not, I think eunuch Li knows best.” Luo Qing Chen’s expression slightly changed as she said, “After all, eunuch Li was the one who searched me when I entered the palace.”

Eunuch Li was taken aback. He never thought that he would be named at such a serious moment, he suddenly felt quite flattered.

“I guarantee that she didn’t bring anything in.” Eunuch Li cupped his hands and said, “This servant can guarantee that when this miss came in, she didn’t have any poisons or weapons.”

Eunuch Li said this without any change to his face, just telling the facts.

After all, not just anyone could enter the palace. Even if they were summoned by the emperor, they needed to be searched before coming in.

Eunuch Li had a deep impression of this person in front of him. This was his first time having this kind of impression since the emperor’s favoured empress.

She didn’t seem as beautiful as Luo Qing Chen, but her features were delicate and beautiful.

If one looked closely, they might become addicted to this beauty.

Mu Ying Ying wanted to say something, but she found that she couldn’t say a single word.

It was like she had no words to defend herself. At this moment, as long as she looked up, she would be seen through.

“You two, go and search the Cherry Blossom Hall.” After a while, Feng Si Zui looked up. He had calmed himself and said to the guards that surrounded this girl, “The rest of you can retreat.”

He had to admit that he cared about every move of this girl.

No matter how he resisted his heart, he couldn't stop the care that was like raging waves.

He looked at her and softly said, “Miss Chen, since you want to reverse the case for Xi Jin, this one wants to hear your thoughts.”

His voice was very deep like he was deliberately lowering it, trying to suppress his strange nervousness.

But even so, she could still hear it.....

This feeling was quite good.....

Chapter 1366: Paranoid emperor: Let's go to hell together, alright? (Part 67)

“If you can see through a person's character, you will know everything she's done.” Luo Qing Chen gave a shrug before waving the Moon Glass Fan in her hand. Her lips curled into a faint smile as she said, “She was planning on killing since the beginning.”

“What?” Xi Jin was stunned as she couldn't help saying this.

“First, suppose that Mu Ying Ying is the killer, she didn't have any contact with the outside world after coming into the palace. So when she poisoned Mu Tian Tian, it meant that the poison was brought into the palace a long time ago by her with a special method.” Luo Qing Chen revealed the truth bit by bit with a smile.

There were some things that were done. Since you didn't regret it when you did them, you shouldn't be afraid when they were exposed.

“Continue.” Feng Si Zui looked up with a questioning look in his eyes.

Seeing her clear as water eyes, it was like being led away by her thoughts.

The mind that was blank began to turn and the heart that had stopped recovered its normal beating.

Only there was a strange feeling in his heart because of it.

Was she her, was she her, was she her.....?

They had two completely different faces and she had died for him, but she had come now.....

It was impossible for these two to interact, but their figures became one in his mind.

“Ask the person who did this. If after she killed her little sister, if all the poison was gone, wouldn't she be unable to stop another woman who could threaten her from appearing in the royal harem?”

“Wa!” Xi Li looked at her with a face covered in admiration, “Miss Chen really is too smart, you can actually use inference to trap Mu Ying Ying!”

It had to be said, he really admired this girl who had helped his big sister reverse her crime.

From being arrogant in the beginning to how calm she was now, it was like she had control of everything.

Of course, when she said her inferences, he even felt that there was a glow around her that seemed so dazzling.....

After a while, the two guards sent came back with results.

“Reporting to the emperor, this subordinate found this bottle of white powder in the miss Mu’s bamboo box in the Cherry Blossom Palace.” The guard raised the bottle with both hands and said, “But this subordinate does not know what it is.”

“Imperial doctor He.”

“Yes, emperor.”

The imperial doctor came forward and slowly took the bottle. When he opened it, there was a pungent smell that came out.

Imperial doctor He knit his brows before coming forward to kneel, “Reporting to the emperor, this was the poison that killed miss Mu Tian Tian.”

“Are you certain?”

“Absolutely!”

Mu Ying Ying completely collapsed at this moment. Her eyes had turned blank when she heard this.

Actually, when Luo Qing Chen said that she was the murderer, she had already guessed that she had lost.

After all, she thought that she was the victim from the beginning. She was the righteous Mu Ying Ying, the big sister who was avenging her little sister.

“Miss Chen really is smart.....” Feng Si Zui looked up with his sharp eyes and narrowed them as he looked at Luo Qing Chen, “May I ask what miss’ full name is?”

Luo Qing Chen heard this and her eyes couldn’t help turning a bit red.

“Reporting to the emperor.....Miss Chen’s name is Chen.....”

“There’s no need for you to speak.” Before Xi Li could finish, Feng Si Zui cut him off.

He narrowed his eyes as a sparkle appeared in those deep eyes. He was waiting for a miracle, waiting for an answer.

From beginning to end, he had been waiting, always waiting.....

Small flakes of snow slowly fell from the sky. She looked at the door with a faint sparkle in her eyes before she pursed her lips to say, “Luo Qing Chen.”

Chapter 1367: Paranoid emperor: Let's go to hell together, alright? (Part 68)

Everyone held their breath at that moment.

Those three words were forbidden in the palace, but they had been said from this unfamiliar face which shocked everyone.

"Does the emperor not believe?" Luo Qing Chen looked up at his eyes with a faint smile on her lips.

Xi Li anxiously looked at her and softly said, "You....Don't say it....."

If he let an outsider fall into a deep trap to save his big sister, he would never forgive himself.

Xi Jin's hand trembled as she had the same thoughts as Xi Li.

The two siblings wouldn't let others die for them, Feng Si Zui was no longer the same Feng Si Zui.

His eyes had already been blinded, he couldn't see good or evil, he could only see hatred.

At this time, if an unknown girl said the three words 'Luo Qing Chen', there was only one ending.

That was.....Death.

"Emperor.....Everything is Xi Jin's fault, it's unrelated to this miss....."

"I believe."

Everything went back to the beginning, when she wanted him to believe, he believed!

And now he also believed.

He believed in his obsession. Even if it was a completely different face that appeared in front of him, he firmly believed the answer in his heart.

With a 'guang dang' sound, the guards all dropped their swords and fell to the ground.

They all kneeled down at the same time, "This subordinate deserves death."

Mu Ying Ying who had fallen to the ground had wide open eyes and stared right at her. Her mouth dropped and she desperately shook her head, "No.....Impossible, how can this be possible....."

Actually there was nothing wrong with her words since everyone here was very shocked by this.

They didn't know why Feng Si Zui who had been as cold as ice for a year would say these words. When they heard it.....it sounded like he was fooling someone?

It isn't like they hadn't seen what former empress Luo Qing Chen looked like, people would believe it if Mu Tian Tian said she was Luo Qing Chen.

But this person.....based on what could she say this?

"The problem is that it's no use even if you think it's impossible!" Luo Qing Chen walked up to Feng Si Zui on the high platform. There were many people around, but not a single person stopped her.

One was because of the emperor and two was because of the inexplicable aura that she had.

This aura, it had existed since the beginning!

Suddenly, Luo Qing Chen was standing beside Feng Si Zui as she took his wrist, "After all, as long as the emperor thinks it's possible, there's nothing for you here....."

Luo Qing Chen could feel the person beside her tremble as his hand that she held slowly shook.

"Miss Chen....."

"Ke, ke." Luo Qing Chen cut him off, "Please call me.....Miss Luo Qing Chen!"

Her eyes fell onto Xu Jin and she said, "Can the emperor let off concubine Xi?"

Feng Si Zui slowly looked to the side with a faint sparkle in his deep eyes as he looked at her. After a while, he slowly raised his hand and pushed the loose strand of hair behind her ear, as he said with a faint smile, "If you say so."

It was like nothing mattered to him at that moment. He didn't even need to verify whether this person was Luo Qing Chen or not because the person who could make his heart beat this fast.....

There was only one who existed in this world.

Chapter 1368: Paranoid emperor: Let's go to hell together, alright? (Part 69)

An hour later, only Feng Si Zui, Luo Qing Chen, and the Xi siblings were left in the Endless Hall.

Luo Qing Chen thought that Feng Si Zui would only have her stay, but now there were four of them here.

What was this situation?

"Xi Jin....." He gently took the hand of Luo Qing Chen beside him as he looked at Xi Jin, "This one has wronged you in this matter, this one apologizes."

Just a few short words, but Xi Li couldn't help taking a step back.

Everyone said that the emperor was cruel, violent, and as cold as ice. An emperor that only cared about himself was actually.....apologizing to someone?

This matter was too incredulous. What kind of charm did the woman beside him have to make Feng Si Zui change this much.

Xu Jin was also taken aback, but her expression was different from her little brother's.

She bit her lip and without a word, hot tears began falling down.

Actually, she had been wronged in the end!

Friends of ten years were as light as water.

The man in front of her was not just the emperor, but the only person she relied on in this world.

But for a single face, he didn't hesitate to imprison her.

She had even felt before that while her position in Feng Si Zui's heart couldn't compare to Luo Qing Chen, it wouldn't be that much lower.

But after this, she was completely sure in her heart.

In Feng Si Zui's heart, there was only Luo Qing Chen. Everyone else was the same, anything that concerned her was a crime that couldn't be forgiven.

After a while, she slowly stopped crying and wiped the tears from the corner of her eyes, "Although Xi Jin is wronged, I don't blame you."

She wouldn't blame him, she would never blame him.

Even if he never knew the thoughts in her mind, she would never blame him.

"Un." He said with a nod, "Since Xi Li is back, then just enter the court. After prime minister Xi retired, the Xi Family's power has been weakening the entire time. This way you won't have to worry about your big sister being bullied in the future."

His tone was very calm, but this was a great gift for Xi Li.

"Thank you.....emperor!"

"Ke, ke....." Feng Si Zui cleared his throat and said with a sparkle in his deep eyes, "But this one has a request."

"....." He was surprised before quickly kneeling on the ground, "Emperor please! As long as you give an order to this subordinate, this subordinate will do everything he can to fulfil it!"

The emperor actually used the word 'request', this really terrified him.

"Stay away from Qing Chen in the future." He said in a deep voice. Although his voice wasn't ice cold, one could feel his determination.

After not seeing each other for a year, she actually met another man.

He was a man and as long as he looked at Xi Li, he knew that the way he looked at her was different.

That kind of look was beyond a friend, but it wasn't a lover yet.

Even if it wasn't love, it was admiration from the heart.

"Pu." Luo Qing Chen couldn't help giving a laugh. She covered her mouth and said, "The emperor saying this, it really makes me feel out of touch with the world."

It was like time had never passed and she had never left his side.

But in the days that came, she could clearly feel that she had left.

Because Feng Si Zui was worried about gaining and losing, he was very afraid.....very afraid that if he ever turned or even blinked, she would disappear from his side again.

As a result, Feng Si Zui would almost always be by her side.

Chapter 1369: Paranoid emperor: Let's go to hell together, alright? (Part 70)

At midnight, they were playing chess in the Endless Hall and Luo Qing Chen's skills had already greatly improved.

But she still completely lost to Feng Si Zui! The words losing no matter what completely matched her!

"Aiya, so angry!" Luo Qing Chen saw the scene of death in front of her and angrily looked at Feng Si Zui, "Feng Si Zui, I have something to tell you!"

Luo Qing Chen didn't call her this concubine in private, she didn't even call him emperor and just called him Feng Si Zui.

"I can let you win." He raised a brow as his eyes filled with gentleness.

"Who wants you to let me win!" Luo Qing Chen pursed her lips, "I want to talk to you about something else, but you have to agree first that you will agree!"

"I can give you everything you want." His deep eyes were particularly beautiful, looking at her seriously with a faint sparkle in them.

He liked this time the most, when he could give up his duties and just play chess with her while having some tea.

"Can you not keep following me each day!" Luo Qing Chen said, "For example, when I went to visit Xi Jin, it's very strange if you follow me!"

Feng Si Zui heard this and asked in a somewhat confused voice, "What is strange?"

"Xi Jin and I are both girls, we need to talk about things between girls." She put her right hand on her cheek and said in a casual manner, "There aren't girls other than maids in the palace, Xi Jin won't welcome me if you keep going!"

After all, whenever Feng Si Zui was here, it was a good thing that Xi Jin understood her personality, otherwise she might think that she was bringing Feng Si Zui along to show off!

"Oh....." He thoughtfully said as he used a black piece to end the game before looking up to her, "You think that I have too few concubines?"

Actually he was just teasing her with this. After all, other than her, any woman in his eyes was just a creature.....A living beast.

"Hey, hey, hey!" Luo Qing Chen heard this and her eyes opened wide as she stared at him, "How can you bully people! I.....I am seriously asking you!"

"So you want to hear a serious answer?"

"Of course!"

His right hand came out and softly tapped her forehead, "In your dreams!"

After saying this, he gave a shrug and said with a faint smile, "Luo Qing Chen, I will never give you a chance to leave me in this life, until death do us part."

When he said those final words, his expression was very serious.

It was like an oath as he deeply looked at her with an aura that couldn't be resisted.

For him, the girl in front of him had become a weight that he couldn't take in this life.

For an emperor, there were countless ways that he could look after her.

But he chose the dumbest way.....following her.

Because he would only feel relieved when she was in front of him.

"You....." Luo Qing Chen angrily pursed her lips, "You're too much!"

"Qing Chen....." He took her hand and pulled her to his side. He looked at her with an affectionate gaze as he said, "I'm afraid, afraid that there will be a day that when I open my eyes, everything will seem like a dream. I don't have any desires, I just want to be by your side, by your side, and by your side."

She was taken aback and as long as she remembered the words he said, her eyes would turn red.

Chapter 1370: Paranoid emperor: Let's go to hell together, alright? (Part 71)

"Alright....." Luo Qing Chen gave him a nod. When she wanted to say something else, she felt a rending pain from her heart.

Then everything went black.

She suddenly remembered what Yan Xiu had told her before leaving.....remember to eat your medicine.

She had been too busy in the past few days, so she didn't take a single pill.

—

When she opened her eyes, she was surrounded by people.

Among them was Yan Xiu. Luo Qing Chen didn't know why Yan Xiu appeared, but his expression didn't look good.

A panicked Feng Si Zui was standing beside him, deeply knitting his brows. When he saw her wake up, he immediately came forward to hug her, "How is it, do you feel any discomfort?"

She shook her head and said, "I should have forgotten to eat my medicine."

"You do know why you fainted." Yan Xiu said with a faint smile, "It's a good thing that I was passing by Long Peace City and received news about you, otherwise you would have wasted my year of hard work."

"Several days?"

"You've already been unconscious for half a month!"

She slightly knit her brows. The first thing she did was tightly hold Feng Si Zui's hand.

Half a month, half a month, half a month.....

This half a month for Feng Si Zui should have been as dark as hell!

In this world, the thing she wanted to do the most was properly protect him, but she had made him fall into a bottomless abyss again and again. This kind of bottomless abyss was terrifying!

"The imperial doctors can leave." Yan Xiu softly said, "There's nothing they can do here."

"All of you leave!" Feng Si Zui waved his hand, "Everyone else can leave too!"

Feng Si Zui naturally knew that Yan Xiu had something he wanted to tell them.

Moreover, it was to be said alone.

"Yes, emperor!"

"Yan Xiu, you are a genius....."

"Emperor." He gave a bitter smile before putting a bottle of medicine on the table beside the bed, "Although I am happy to hear your praise.....I didn't fully succeed in saving Qing Chen."

She won't die, she'll just gradually fade away.

After all, medicine was three parts poison. What he did was delay the time of her death, this time could be a day or two, or it could be a lifetime.

Luo Qing Chen could naturally hear the meaning of the words. If it wasn't something serious, she wouldn't have been in a coma for half a month.

"Tell me....." She took a deep breath before looking at him, "No matter what the result, I can take it."

Because if it wasn't for Yan Xiu, she might not even have this time.

"You don't need to be that pessimistic, Qing Chen won't die right away." Yan Xiu pointed at the medicine, "There's only five pieces of medicine in this world, they were all made by me with special ingredients. I'm certain that there's no longer this medicine in this world."

Feng Si Zui looked at her with an unsettled look as he said in a trembling voice, "And then?"

"Qing Chen just needs to take the noral medicine day to day." Yan Xiu said with a nod, "One a day, you can't use more. I've already told the imperial doctors how to make this medicine, so they will take care of it."

"Then these five?" Luo Qing Chen's right hand picked up the bottle and she slowly guessed it, "They're used to save my life?"

"Yes." Yan Xiu replied honestly, "If you don't want to be in a coma again, with weak breathing and no pulse, you can eat one right away. It will protect your life."

She said with a helpless smile, "So, I should be poisoned, right!"

Yan Xiu had told her, medicine was three parts poison.

In order to save her, he had to use special poison and he even mixed poison!
