Chapter 1411: Sir school hunk with personality disorders (Part 37)

Su Nian's mother was called Su Qiang Wei, she was a singer.

Her career wasn't very good, but she had an innocent personality.

But she never thought that in this glamorous world, she would move the heart of An Yu Sheng's father An Yang and would become pregnant.

When Su Qiang Wei told An Yang about this, he actually asked back in disbelief, "How could it be mine?"

In An Yang's mind, the profession of a singer wasn't too clean!

Since then, Su Qiang Wei never looked for An Yang. She left the singing industry and using all her years of savings, she went back to her hometown.

After being pregnant for ten months, she gave birth to a son and named him 'Nian'.

Thoughts, thoughts.....

The thoughts hidden in her heart, representing her longing.

This was Su Nian's story. He had told Luo Qing Chen this before letting her go. He didn't want Liang Bing Bing to hurt her, he just wanted those photos to hurt An Yu Sheng.

Based on what? Why could they have the same father, but he could have everything when he was born.

And he.....had nothing at all.

"After hearing this story, do you still want to take Luo Qing Chen from me?" Su Nian gently closed the door as he played with the knife in his hand.

An Yu Sheng narrowed his eyes, not doubting the story Su Nian told him.

But Luo Qing Chen.....he couldn't give her up.

"Your experience has nothing to do with me. Qing Chen likes me, not you." After a while, he looked up at Su Nian as he slowly spoke in a cold as water voice.

"Ha, ha, ha, ha!" Su Nian laughed into the sky before looking back at An Yu Sheng with a look of grief, "A person who killed his own big brother, you're not worthy of Luo Qing Chen."

"You.....What do you want to say?"

"Do you think those little gangsters dare kill someone?" Su Nian gave a cold smile without any warmth in his eyes.

"You killed my big brother!?"

An Yu Sheng stood up like he was mad as he grabbed his collar and slammed him into the wall.

Su Nian looked up with a wild smile, "So what? What will you do to me?"

He raised the knife and said in a provoking voice, "I'll give you this knife, do you dare kill me?"

"Su Nian, you think that I'm the same as the way you see me in school?" There was a dark glow in his deep eyes as he spoke in an ice cold voice without any warmth.

"Of course I know that you're not that kind of person." An Yu Sheng gave a shrug before continuing, "But you should know that if you kill me, it's impossible for you to be with Luo Qing Chen."

An Yu Sheng's heart skipped a beat. He who didn't fear death at all suddenly hesitated.

He made an appointment with the girl he loved, he said that they would always be together.

No matter what the grudge in his heart was, he couldn't kill someone. He was not afraid of death, but he was afraid of what that girl would do after he died.

If she stayed by him, he would feel uneasy, but if she went with someone else, he would be unwilling.

"An Yu Sheng, you're actually hesitating!" Su Nian's lips curled even wider as he said word for word with a strange laugh, "Since you can't kill me, I can only kill you."

"Si!" The sharp blade pierced his body without any warning.

Su Nian gritted his teeth as he said by his ear, "I don't mind dying with you because I can't obtain my love, so you shouldn't get it either."

Whether it was family love or love love.

If Su Nian didn't have it, An Yu Sheng wouldn't either.

Chapter 1412: Sir school hunk with personality disorders (Part 38)

The bright red blood spread across the white hospital robe. An Yu Sheng desperately held his wound as he took two steps back.

The wound was very painful, but he had to stay awake.

"Don't struggle. I put a sign up at the end of the hall." Su Nian licked the knife covered in blood before saying with a smile, "No one will be coming for a while."

An Yu Sheng slightly knit his brows. He was planning on calling the nurse with the button by his bed, but Su Nian rushed forward to stab the knife in the back of his hand that was pressing the reaching for the button.

The sharp tip stabbed into An Yu Sheng's hand.

Drops of blood dripped down and the flesh on the back of An Yu Sheng's hand was torn apart. The blood vessels and the bone underneath were revealed.

His face was a bit pale, but he didn't knit his brows. Rather he revealed a bright smile.

Because he had pressed the button.

“Ding ling.” There was a clear sound that rang by his ears that made his eyes shine like the stars.

“You think that they will have time to save you?” Su Nian’s expression changed and his voice became anxious.

“You think you can kill me?” An Yu Sheng gave a soft snort. His eyes had no fear even when he was covered in blood!

“Then I’ll give it a try!”

When his voice fell, Su Nian’s knife stabbed at An Yu Sheng again. An Yu Sheng raised his right hand and grabbed his wrist, letting the knife stab right into his shoulder.

The pain hit him, but his eyes were much clearer compared to before.

Su Nian never thought that An Yu Sheng would do this, he actually let the knife stab him.

But An Yu Sheng was clear that he had one reason for this.

He couldn’t keep being stabbed. He wanted to live, he had to live.

“An Yu Sheng, die!”

Su Nian pulled out the knife and wildly stabbed at the artery on An Yu Sheng’s neck.

At the same time, the room was opened and Luo Qing Chen who had just arrived rushed in.

In an instant, time froze for her. The blood spurted out from his artery as that boy who seemed like he came from a painting was standing there covered in blood.

His eyes were very firm, but they turned a bit soft when he saw her.

He wasn’t afraid to use any method that hurt himself to get her care and attention before, but now in order to be with her, he used any method he could to stay alive.

How could he die? Wouldn’t there be no one to be good to her if he died? What if there was and he was jealous then?

This ice cold world, he didn’t want to live in it at first, but if this world had her, he wanted to stay with all his might.

“An Yu Sheng!” She called out his name and charged forward to hold him, who was covered in blood.

At that moment, her heart kept trembling, shaking without stopping.

She was afraid, very, very afraid. Tears kept dripping down and mixing with his blood, carrying all her emotions.

“Don’t cry.....” His right hand tightly held the artery that had been cut, his breathing was very heavy, and his eyes were no longer focused, but each word clearly rang out by her ears, “I won’t die.....because I won’t give you to anyone else.”

As soon as his voice fell, the youth silently laid in her arms as he slowly closed his eyes.

Chapter 1413: Sir school hunk with personality disorders (Part 39)

“The patient has already entered deep cardiogenic shock!”

“Blood pressure and blood oxygen keep falling!”

“There’s no light in his eyes anymore!”

“But his heart is still beating at a regular rate.....”

“Quickly administer one milligram of adrenaline!”

.....

There were many people in the hospital and all kinds of sounds hit her ears, but there was no one by her, only Xia Qing Rou.

Xia Qing Rou gently patted her back and kept saying by her ear, “It’s fine, it’ll be fine.”

But she kept thinking of Su Nian’s desperate look and An Yu Sheng’s calm smile when he closed his eyes.

She couldn’t help thinking that if she didn’t appear, it wouldn’t have reached this point.

Brothers of the same father and different mother, one would be imprisoned for life for murder and the other was in critical state, with the chance of losing his life at any second.

But Luo Qing Chen knew that even if she didn’t appear, the ending would be the same.

It was likely it would have been even worse.

It had to be said, An Yang for both Su Nian and An Yu Sheng was a large hindrance to both their personalities.

Their thinking was different from normal people, they started things and ended things in extreme fashion.

Sitting in the hall outside the emergency room, there were many medical staff that went in and out. She didn’t even dare breathe too loudly as her clear eyes watched the light outside the emergency room lighting up and turning off.

Until it finally went dark forever.

The doctor came out with a very serious look. Before she could come forward, An Yu Sheng’s parents had already rushed forward to take the doctor’s hands like maniacs.

“The patient is out of danger for now, but with the duration of the cardiogenic shock, it will depend on luck whether he wakes up or not.”

As soon as his voice fell, there was the sound of crying.

“Don’t be too pessimistic.” The doctor saw that Mrs An couldn’t keep standing and continued, “After all, the patient has a strong will to live. I’ve been a doctor for many years and I’ve never seen many people who can come back from losing two thousand CCs of blood.

Normally speaking, normal people would go into shock just from losing a thousand CCs of blood.

An Yu Sheng’s case was a miracle.

Mrs An had a bit of light on her look of despair before her expression became fierce again.

She wildly hit An Yang who had already been reduced to tears beside him, hitting him while crying, “It’s all because of you, it’s all because of you.....That crazy person already hurt one of our sons and now she wants to hurt the second one!”

An Yang , who could go unhindered in the business world, was filled with regret at that moment. He could only keep apologizing and begging for forgiveness.

“What kind of thing is that singer girl, she’s this ruthless! A singer is a singer, she’s too low class!” Mrs An said this, but then she had no power left in her voice after saying the last word.

Many people watching heard her ugly words, some agreed and some felt disdain.

But who could truly understand her pain, the pain of losing two sons, the pain that could turn one’s hair white.

Luo Qing Chen sitting not far away wasn’t crying as she bit her lip and said to Xia Qing Rou beside her in a soft voice, “Thank you.”

Thanking her for not blaming her, thanking her for staying by her side.

Xia Qing Rou had been the best girl she had seen in this world!

She was a bit surprised as she said in a daze, “Don’t thank me, you are the girl that my big brother loves, so I know you’re more anxious than me.”

Xia Qing Rou’s voice was very gentle and in this ice cold hospital, it was like a spring breeze that entered her heart.

Chapter 1414: Sir school hunk with personality disorders (Part 40)

The next morning, Luo Qing Chen went to school like normal.

After all those things, some people really couldn’t stay.

Xia Qing Rou wasn’t relieved as she wanted to go with her, but she softly said, “There needs to be one of us here, only then can I feel assured.”

She was surprised, never thinking that Luo Qing Chen would say this.

She felt that even if she wasn’t considered a love rival, she definitely couldn’t be a good friend.

“Don’t worry, I’ll call you if anything happens to big brother.” Xia Qing Rou nodded as she said this in a firm voice.

This was a promise, a guarantee.

She didn’t know when she stopped calling An Yu Sheng big brother Yu Sheng and just called him big brother.

Perhaps for her, on the day An Yu Sheng fell in love with someone, she would always be his little sister.

At eight in the morning, at the affiliate school.

She was wearing a new school uniform. She had a red and black plaid coat with a white sweater, a black bag, and no makeup on, giving her a youthful feel.

When she walked through the gates, there were people who pointed at her and most of them didn’t say any kind words.

“Look, isn’t that the transfer student Bing Bing told us about yesterday? She hurt the two school hunks and she’s still coming to school?”

“That’s right! She really is scum, so what if she looks good! She has a toxic heart!”

“Who knows what she gave the two school hunks, almost making them lose their lives.”

.....

She didn’t care at all about those unpleasant words that fell onto her ears.

This was something between gods, how could those humans have any intelligent things to say?

Luo Qing Chen didn’t go to class seven and went directly to class one.

Of course she did two things before going. One was using the status of Mister L in the business circle to make the reporters of all the major news sources wait outside the school. Two.....she used her identity as Mister L to call the principal.

When he should appear, he must appear.

Otherwise, it would be hard to say if this school could still exist here.

After all, the affiliated school was in the golden triangle, which meant that she was the boss behind it.

“Ai, big sister Bing Bing, look who it is.”

A follower wearing a large red jacket who had deliberately shortened the length of her skirt came out. She was the follower who followed Liang Bing Bing who always came out first.

Liang Bing Bing turned over and her eyes fell onto Luo Qing Chen with the attitude of a winner.

Now that she no longer had Su Nian or An Yu Sheng’s protection, she was just a little punk girl with nothing.

Entering the affiliated school as a pure student, it was simply a dream!

She was just a punk in the end, she could never dream of becoming a phoenix!

As long as she cut off all the branches, even if she could become the princess in the hearts of the male gods.

Without any branches, she could only fall even if she flew up.

“Scram, you little punk.” One of the girls sitting in the front row picked up her book and threw it at her.

Luo Qing Chen easily caught the book in her right hand and revealed a faint smile, “The truth of the matter depends on what others say, is this your attitude to life?”

Her voice was soft with a trace of disdain, but she didn’t hurt this girl.

Because she could tell that she was doing this under Liang Bing Bing’s orders. She should be a fan of An Yu Sheng’s.

“I say, Luo Qing Chen, you’re not embarrassed to say these things?” Liang Bing Bing crossed her arms, acting like a young miss, looking at her like she was the absolute winner.

Chapter 1415: Sir school hunk with personality disorders (Part 41)

The surrounding people all exploded when they heard Liang Bing Bing’s words.

“Bing Bing, we support you!”

“This girl must be the punk Bing Bing was talking about, how could someone like this be with our school hunk An!”

“Right, it really is the prince and the commoner, it makes people feel sick watching it!”

“Isn’t that true! She’s not embarrassed to come to our class one, I don’t know what gave her this courage!”

.....

“Commoner?” Luo Qing Chen narrowed her eyes and revealed an ice cold smile as she looked at Liang Bing Bing, “Then this commoner will ask you to scram.”

Her voice wasn’t loud or soft, but it was filled with power.

Everyone had shocked looks, but Liang Bing Bing trembled at these words.

“You.....You want me to scram?” Liang Bing Bing came back to her senses after three seconds and looked at her with a sharp laugh, “Is your brain broken! You want me to scram?”

She curled her lips as her voice filled with sarcasm. Not to mention a small punk like Luo Qing Chen, even if it was An Yu Sheng, he couldn’t say these words to her!

How could a punk like Luo Qing Chen who had nothing?

“Liang Bing Bing, you really won’t give up until you die.” Luo Qing Chen gave a shrug. Her clear eyes became incomparably deep and she had a different aura as she moved towards her step by step.

“You.....What do you want to do!” Liang Bing Bing swallowed her saliva with a bit of worry as she couldn’t help taking a step back.

“Don’t come here! Our Bing Bing is weak, but I’ve trained before and I won’t let you off if you bully her!” The follower in the red jacket had an arrogant look as she came forth, not looking afraid at all.

After all, the girl in front of her looked very weak! She wasn’t her match at all, since she was a yellow belt in Taekwondo!

But Liang Bing Bing’s expression was different. She had seen Luo Qing Chen fight and it was as Zhao Jin Xuan had said, even a hundred Liang Bing Bing couldn’t beat a single Luo Qing Chen.

“Do you know how to be afraid now, what happened to the arrogance from before?”

“Don’t mess around.....I.....will call the police.”

“Do you think that I would give you that chance? Could it be that after following people with personality disorders for this long, the words ‘dying together’ is a major thing!”

She stood by Liang Bing Bing’s desk after she said this. With a flip of her hand, the desk slammed into the wall and it shattered to pieces.

Everyone in the class took a cold breath, looking at Luo Qing Chen with disbelief.

The people who had insulted her before shrank their necks back, afraid that disaster would befall them.

Liang Bing Bing staggered back again and almost fell to the ground.

“Don’t come over here, this is a society with laws.....Even if you’re a.....Even if you don’t have a higher education, you should know the laws.....” Seeing Luo Qing Chen’s expression, Liang Bing Bing was a bit afraid.

She was afraid that she would lose her life with a single move.

The girl in the red jacket standing by her had already run away. The ‘friendship that surpassed love’ that she mentioned was this weak.

“Wait a minute.”

When Liang Bing Bing was covering her head with eyes closed in fear, the voice of the principal came from the door.

He was panting and covered in sweat. It could be seen that he had rushed over when he received Luo Qing Chen’s email.

The contents were very simple: Expel Liang Bing Bing and I won’t touch the affiliated school. — — Mister L.

Chapter 1416: Sir school hunk with personality disorders (Part 42)

When the principal saw this, he didn't feel displeased at all, rather he was quite happy.

He heard long ago that Mister L wanted to build a giant shopping mall in the golden triangle land, which included the land that the affiliate school was on.

According to the land division system, the owner had the right to demolish the school.

After all, those with land were the biggest. Since the government had allocated this land for auction, it meant that even if Luo Qing Chen razed the affiliated school to the ground, it was expected.

However, there was suddenly a chance with this expectation.

When the principal appeared, the one who was most excited was Liang Bing Bing.

It was like seeing a last straw to grasp and she desperately wanted to live, so she ignored her own appearance and rushed towards the principal.

"Principal, look at this little punk, she actually came to our class to run wild! Shouldn't you expel her for this?"

"This....."

Right, look at that table over there! If I didn't dodge quickly enough, I might have ended up the same! This person is the biggest threat to the safety of us outstanding students!"

Her words were filled with rage as if Luo Qing Chen had committed a great crime and she was the pillar of the country.

"I'm saying....."

"Principal, you shouldn't underestimate the personality of this inferior person! Expel! The school must expel her!" Liang Bing Bing cut the principal off again, shouting as loud as possible to expose all of Luo Qing Chen's 'crimes'.

"Student Liang Bing Bing!" The principal shouted in an angry voice as he strictly looked at her, "Tidy up your things and leave this school immediately!"

He was already dissatisfied with how Liang Bing Bing did things, but he didn't feel any discomfort now.

This person who could only report others was the shame of the school.

"Right, make her leave!" Liang Bing Bing angrily roared! It was like she had won as she angrily looked at Luo Qing Chen!

"I'm making you leave!" The principal's calm voice rang through the classroom. Everyone looked at Liang Bing Bing with bated breath, not daring to make a sound.

Because this scene was just too embarrassing!

Liang Bing Bing thought that principal was here to save her, but he had actually chased her out.

"Principal, what did you say?" She turned to look at him with wide open eyes filled with disbelief.

“I think that I said it very clearly.” The principal angrily threw a pile of photocopied documents on the podium. This was all sent from Luo Qing Chen’s email, it was all filled with Liang Bing Bing’s crimes!

Liang Bing Bing looked at it and saw that there was Su Nian’s confession that connected her to the kidnapping!

“Principal, how can you expel me for these kinds of rumours!”

“That is right!” The principal cleared his throat and continued, “The affiliated school board has officially announced that because of student Liang Bing Bing’s involvement in this kidnapping, she will be expelled and forever erased from the records of this school!”

The crowd that were still talking about Luo Qing Chen all looked at Liang Bing Bing with contempt at this moment.

“What are you looking at! Do you believe what he says! Who knows if this little punk girl is sleeping with this principal who doesn’t know anything!”

“Pa!” There was a crisp slap that fell onto Liang Bing Bing’s face.

The principal was flushed with rage as he raised his voice to angrily shout, “Such a despicable student is daring to show off in my school, scram for me!”

Chapter 1417: Sir school hunk with personality disorders (Part 43)

“Si!” Everyone took a cold breath and watched on like they were watching a play.

Liang Bing Bing held her red face and her eyes were completely red as tears came out.

She tightly bit her lip and said, “You dare hit me.....”

“As a teacher, I shouldn’t do something like this.” The principal bowed to everyone in the class before turning back to Liang Bing Bing, “But for a junior who has no respect for their elders, this slap was still soft!”

Some classmates didn’t feel that they were ‘justified’ at this moment.

Luo Qing Chen put her hands in her pockets and walked past the angry Liang Bing Bing to softly say, “You can’t beat me!”

She took a few steps before Liang Bing Bing’s answer came from behind her.

“Luo Qing Chen, you just wait! I definitely won’t let you off!”

She didn’t know if it was because she lost her fear from her rage or if it was because Luo Qing Chen wouldn’t kill anyone with the principal here.

When she said this, she was filled with rage and unwillingness!

The shame that Liang Bing Bing suffered today, she would definitely pay it back.

After the Liang Bing Bing matter was taken care of, she wanted to find Zhao Jin Xuan since this man was an eyesore for her.

But she never thought that Zhao Jin Xuan had already been caught.

After Su Nian had been caught for attempted murder, he had told them everything about what Zhao Jin Xuan had done.

Robbery, rape, drug trafficking, arson.....

Zhao Jin Xuan had committed all these crimes. It was clear that people who opened bars were more social, but after these layers were peeled away, there were more and more dark things that came up.

So Zhao Jin Xuan cursed Su Nian as he was dragged away.

“This thing, father will kill you right away if I go in!”

Su Nian gave a shrug, still having the same evil charming smile.

Him failing to kill An Yu Sheng was his own fault, or perhaps his life wasn't fated to end.

But that didn't mean that he would put Luo Qing Chen in danger.

There was no need to fear Liang Bing Bing, she couldn't pose a threat to Luo Qing Chen without Zhao Jin Xuan.

Then he would lock Zhao Jin Xuan up so she could be protected.

Actually, in Su Nian's heart, he felt that he had wronged Luo Qing Chen.

Perhaps the apology to her was more than just his so-called love.

After all, he and the An Family had a deep grudge, but that wasn't related to Luo Qing Chen. He couldn't put her in danger just because she liked An Yu Sheng.

After Luo Qing Chen learned about this, she went to jail and spent a bit of money to see Su Nian.

He looked a bit tired, which was probably because his beard hadn't been shaved in a long time and his clothes weren't neat.

But when he spoke, he seemed quite energetic.

“I never thought that you would come see me.” When Su Nian saw Luo Qing Chen, he spread his hand a bit, “Do you have a smoke?”

Luo Qing Chen's face was very calm and she took out a cigarette and lighter for him.

He looked at the brand and his lips curled into a beautiful curve, “Does he like this brand?”

“He doesn't smoke.”

“I quite like this brand.” Su Nian took a deep puff of the cigarette before saying with a smile, “It's just too strong.”

He let out his breath and slightly raised his beautiful eyes, “Did he die?”

Chapter 1418: Sir school hunk with personality disorders (Part 44)

Luo Qing Chen wasn't surprised by Su Nian's question at all when she heard this. She sat in front of him with her hands in her pocket as she calmly replied, "He won't die."

"You are very optimistic." Su Nian's expression had a bit of despair as he took another puff of his cigarette before saying, "I cut his artery!"

How could he live after his artery was cut! As long as ten seconds passed, he would go into cardiogenic shock.

Medically speaking, if this large blood vessel was accidentally cut during an operation, they might lose their life. Not to mention.....

"Do you think that if he died, I would come see you?" Luo Qing Chen's calm voice had a slight chill to it.

She really didn't hate Su Nian, but she couldn't like him since he hurt An Yu Sheng like that.

"Ha, ha." He was a bit surprised before giving a self-deprecating smile, "That's right, that's right."

In the end, he spent his life in prison. He had his life, but he couldn't die together with the person he hated the most.

He and An Yu Sheng had no deep grudge, but there was a deep hatred.

"Since he's still alive, why did you come see me instead of staying by his side?"

"Zhao Jin Xuan was sent in by you.....right!"

"You came to thank me?" He felt a bit sad and found it a bit funny when he looked into her eyes.

"Thank you." She sincerely thanked him, but there wasn't any emotion beyond that.

"No need." Su Nian gave a chuckle and waved his hand with the cigarette box in it, "We have grudges and favours between us."

"You and I have no grudge between us." Luo Qing Chen slowly stood up and said in an ice cold voice, "The person who owes you in this world is An Yang, not An Yu Sheng."

"If An Yu Sheng dies and I'm not caught, I would definitely kill An Yang." He looked at her with hostility in his eyes.

But Luo Qing Chen said with a chuckle, "No, you won't."

He was surprised, but he didn't say a thing. He just looked at Luo Qing Chen with a bit of surprise like a small secret in his heart had been revealed.

"You never thought of revenge on An Yang even if you knew in your heart that he is the one you should take revenge on."

"Stop talking." Su Nian's voice was a bit agitated as he cut her off."

“Because all you wanted was his love, not to ruin him.”

“I said stop!” Su Nian heard this and slammed his hand into the table. He looked at her with a sad gaze and said, “You wouldn’t understand this feeling! You would never understand!”

He had been laughed at since growing up, he didn’t have anyone to rely on to protect him since he didn’t have a father. He just wanted that shoulder and if An Yang only had a single son left in this world, wouldn’t he look for him?

“If you weren’t that extreme, you might have had a father and a big brother.” She paused before saying, “No, two.”

These were the last words she said to him before leaving, hoping that they never met again.

[Ding, affection has decreased by one hundred. Mission completion rate is now 0%.]

“Ding ling.”

She felt her heart skip a beat as an indescribable suffocation filled her heart.

The ringing of her cell phone filled her mind again and again before she suddenly trembled, picking up the call from Xia Qing Rou.

“Hello, Qing Chen?” Xia Qing Rou’s voice excitedly came from the other side, “Big brother is awake!”

“.....” After a bit of silence, she pursed her lips and her eyes couldn’t help turning red as she said, “I know.”

Chapter 1419: Sir school hunk with personality disorders (Part 45)

She called a taxi and returned to the hospital. It was snowing today, so feather like snowflakes fell down one by one.

Her eyes couldn’t help turning red.....

She slightly raised her head to keep the tears from falling.

The taxi driver was an uncle in his forties. He looked at her in the front view mirror and slowly said with the tone of an adult, “Little sister, did you fail an exam?”

She slightly knit her brows and shook her head.

“Then did you have a fight with your parents?”

She lowered her head and shook it again.

The driver uncle seemed like he understood as he said with an ‘understanding’ look, “Then you must have had a fight with your boyfriend, right?”

“Wa!” Luo Qing Chen couldn’t take it as she broke out in tears.

The tears that she held back fell down drop by drop like pearls.

The driver uncle panicked and said in an anxious voice, "Little sister, don't cry! This.....You're still young, the best part is still coming, so don't worry!"

"But I like him!"

The snow outside the window fell onto her face through the crack in the window, bringing a bone chilling cold.

In this small space, listening to the driver uncle's voice, she put down all her strength and cried like a child.

An Yu Sheng.....An Yu Sheng.....An Yu Sheng.....

Those three words kept repeating in her mind, the youth who didn't care about life and death to stay by her side.

How could he forget? It was the 'love test' and they had finally gotten a perfect score after everything, so how could they change the questions!

"Aiya, I say, little girl, why are you so stubborn!" The driver uncle said with his world view, "There are millions of men in this world, you can just change them every day! Look at this uncle, I've already changed seven or eight times!"

"Why change!" He said with a sigh, "Because I'm poor!"

"Wa!"

Hearing the story of the driver uncle, she cried even more.

In this world, she and An Yu Sheng were like a stream that had a pure love.

But now.....there wasn't any love.

When they arrived, the driver uncle didn't take her money. Rather he handed her a tissue and seriously said, "What I said was nonsense. You're this cute, you definitely won't change."

"Don't say it." She took the tissue and blew her nose and wiped her tears before saying, "You don't know how to comfort people at all!"

She still gave him money after saying this because she had already seen the picture of his wife and son in the front seat.

He didn't tell the ending of this story, so it meant that it wasn't good.

Taking the elevator to the fourth floor, Xia Qing Rou was in the hall waiting for her, but her expression didn't look good.

She said in a soft voice, "Don't worry, I already know."

"You know?" Xia Qing Rou looked at her in disbelief.

The red eyes and her slightly stuffy nose.

Although she didn't know how she knew, she could tell from her expression that she did know.

“The doctor said that big brother still has the will to live, but his memories.....are completely gone.”

Xia Qing Rou softly pulled at her hand and said, “But the doctor said that big brother’s mental problem has become better. It should be that he forgot big brother Liang Sheng, so he no longer has a personality disorder.”

“This is considered a good thing.” She said with a nod, “Let’s go in and see.”

Chapter 1420: Sir school hunk with personality disorders (Part 46)

An Yu Sheng had a magazine in his hand, his mental state was much better.

His face was still a bit pale, but he didn’t look very tired.

“Big brother.” Xia Qing Rou softly called to him. He was in a bit of daze, only slowly looking up after three seconds. When he looked at her, he revealed a faint smile.

“This is big brother’s previous.....”

“Classmate.” Luo Qing Chen said these words the exact moment Xia Qing Rou was about to speak.

“Hello.” He gave a slight nod. There was a bit of gentle look in his bright eyes, but they were unfamiliar.

Luo Qing Chen felt her heart skip a beat and a kind of sadness that couldn’t be described appeared.

That gaze that had been that passionate before had suddenly become this unfamiliar.

That unfamiliar feeling made her not dare look into his eyes. Every time she looked, she felt like she was about to suffocate.

But she had to maintain a smile. She looked at him and said, “Do you feel better?”

Her tone was calm, but her hands in her pockets were clenched.

Xia Qing Rou standing on the side slightly knit her brows and she almost couldn’t help letting her tears fall.

She understood the love between the two of them, no one knew that sadness and pain better than her.

“Un.” An Yu Sheng politely put down the magazine in his hands and looked into her clear eyes, “Your eyes are truly beautiful.”

Such familiar eyes, it was like at some time that he had been deeply fascinated by them.

“You used to say something like that.” She leaned over slightly and looked into his clear eyes as she said with a faint curve of her lips, “An Yu Sheng, I am Luo Qing Chen.”

The fragmented sunlight slowly came in through the window as feather like snowflakes slowly fell down.

The young man and woman looked at each other with a smile.

To an outsider, this was the best side of youth.

With a “kacha” sound, the door was suddenly opened.

Who appeared was someone that Luo Qing Chen never imagined, Liang Bing Bing.

As well as her parents.

Behind them was the An couple.

Liang Bing Bing looked at her with eyes filled with pride.

She said something beside her father Liang Zhi Wei’s ear and Liang Zhi Wei gave a thoughtful nod.

Then Liang Bing Bing charged forward, pushing Luo Qing Chen to the side. She fell in An Yu Sheng’s arms and said in a coquettish voice, “Ah Sheng, you really scared us.”

An Yu Sheng tightly knit his brows. He wanted to push her away, but this world was unfamiliar to him, so he stopped.

His eyes unconsciously fell onto Luo Qing Chen on the side with a complicated look in them.

“Bing Bing, uncle and auntie are all here, how can you be this rude?” Liang Zhi Wei turned with a smile and said to An Yang, “She was spoiled by me, she is a bit rude.”

An Yang quickly shook his head, “Brother Liang, you’re too polite. We’ll be a family in the future, how can you say this?”

An Yu Sheng’s amnesia was great news for the An and Liang Families.

After all, it was impossible for him to accept this marriage before., but now his life had turned blank and it was equal to starting from the beginning again.

As for his previous story, they could arrange it however they wanted.

“Ah Sheng, she is your fiancée, Liang Bing Bing.” An Yang’s voice rang strongly through the room, shaking every cell in Luo Qing Chen’s body.
