Chapter 1421: Sir school hunk with personality disorders (Part 47)

“Fiancee?” An Yu Sheng slightly pursed his lips as a flash appeared in his beautiful eyes.

He unconsciously leaned back and lowered his eyes, “Hello, I’m feeling a bit uncomfortable.”

“Bing Bing, why aren’t you getting off Ah Sheng?” Liang Zhi Wei looked at her with a frown, “A girl doesn’t know how to be ashamed!”

“Aiya, I’m just too excited.” She reluctantly got off An Yu Sheng and looked over at Luo Qing Chen before turning back to An Yu Sheng with an aggrieved look, “Ah Sheng, sorry. It was my fault, I made you feel uncomfortable.”

Although her face looked aggrieved, her heart was filled with excitement.

There was finally a day where she could be the brilliant female lead, standing in front of Luo Qing Chen, looking down at her.

It was like she was saying: You are just a little punk, no matter what you have, you’re dreaming if you want to steal An Yu Sheng from me!

“Big brother has just recovered, you shouldn’t move him too much.” Xia Qing Rou pursed her lips and slowly came forward. She took Luo Qing Chen’s hand and brought her to her side.

Xia Qing Rou already didn’t have a good impression of Liang Bing Bing. What personality this girl had, others might not know, but she was more than clear on.

“So it’s classmate Xia.” Liang Bing Bing saw her standing with Luo Qing Chen and she couldn’t help taunting, “I never thought that you would be this close to this punk girl.”

“Punk girl?” Mrs An knit her brows as she looked at Luo Qing Chen with a strange gaze.

These eyes were the ‘unbearable look of an elder’.

“Auntie, Qing Chen is my friend.” Xia Qing Rou seriously said word for word, “It’s just that her parents are gone, so her family situation isn’t too good.”

“Che.” Liang Bing Bing gave a soft snort, “Whether she is a mule or a horse, doesn’t she know in her heart?”

Liang Bing Bing’s voice was full of mockery since she had been bullied by Luo Qing Chen before.

Now An Yu Sheng didn’t remember her and she had her elders behind her.

How would Luo Qing Chen act arrogantly?!

Luo Qing Chen took a deep breath.

Liang Bing Bing was right, every girl wanted to behave well in front of the parents of the one she loved, she was the same.

But because of her unyielding personality, she looked up at Liang Bing Bing with an aloof look and said, "The great philosopher Maslow once said that an educated person will listen if you point out something, an uneducated person will become aggressive if you lose your temper."

Luo Qing Chen easily said something that had a bit of depth to it.

Quoting a foreign philosopher, there wasn't a single mistake.

Doing this, she could easily prevent Liang Bing Bing from taking the upper hand and easily resolve the title of 'punk girl'.

After all, how could a punk girl use the words of a philosopher like this!

When Luo Qing Chen looked at Mrs An again, she found that her expression was clearly different.

But Liang Bing Bing was different, her proud look had turned dark. She wanted to say some ugly words, but she couldn't say a single thing.

After all, Luo Qing Chen's philosophical words were there. If she were to say anything, she would fulfill her words and become an uneducated person.

No one noticed that the youth lying in bed couldn't help curling his lips into a faint smile.

Chapter 1422: Sir school hunk with personality disorders (Part 48)

An Yu Sheng recovered very quickly and other than his memory, everything else recovered smoothly.

Luo Qing Chen sat in the cafe downstairs most of the time, ordering a cappuccino while using the name "Mister L" to make some large real estate investments online.

As for school, she didn't go back.

She chose to give up the side mission.

After all, she had 0% completion for the main mission.

Moreover, it was a bit troublesome.

The troublesome thing was that she didn't know where to start with the blank An Yu Sheng.

"Ding ling."

There was a text, it was from Xia Qing Rou.

(Qing Chen, quickly come up! —Xia Qing Rou)

After being called by Xia Qing Rou, she could guess that Liang Bing Bing's group was already gone.

It wasn't that she was afraid of them, but she didn't want to see this kind of person.

As for the Liang Family's ending, she had already written it down in her notebook.

If people don't offend me, I won't offend them, but if they offend me, she had to hit where it hurts.

In the corridor of the hospital, she couldn't help thinking back.

If nothing happened to An Yu Sheng, they would already be closed to getting married!

After all, with An Yu Sheng's personality, he would ignore his family and make her his bride.

"Qing Chen." When she walked in, Xia Qing Rou waved her hand at her, "Over here."

An Yu Sheng and Xia Qing Rou were both sitting on the bed.

There were many white sheets of A4 paper in front of them. Luo Qing Chen was a bit confused as she knit her brows and asked, "What are you doing!"

"Filming!"

Xia Qing Rou said with an excited look, "I put my voice clip on the internet before and they said that I was very suitable. They gave me a thousand dollars to collect my voice."

"This powerful." She was surprised as she said with a smile, "Our Qing Rou is great! But I don't really understand the dubbing circle....."

"It's fine, I'll teach you." An Yu Sheng smiled at her with his polite and gentlemanly appearance. It filled her heart with very complicated emotions.

Slightly cold and slightly warm.

"Humph, big brother is good." Xia Qing Rou gave a snort and deliberately revealed a proud look, "Clearly I was the one who taught you!"

"Don't expose me....."

"Puchi!"

She gave a soft laugh, "Alright! I won't expose you."

She gave a piece of A4 paper to Luo Qing Chen, "Xiao Chen will be acting as Ling Meng, big brother will be Xi Feng, and I will be Ling Meng's big sister Ling Ji."

[Xi Feng]: You can't catch me!

Luo Qing Chen was surprised as she was deeply attracted by how this seriously fitted An Yu Sheng's voice. His voice gave a dreamy feeling, but there was also a clear sound in that mist.

[Ling Meng]: Whether I can catch you or not, how do I know without trying first?

As for her voice, it was a bit jerky!

[Xi Feng]: I've already killed many people, I won't be afraid of one more.

.....

[Xi Feng]: In the name of faith, exchanging eighteen years for world peace. At life and death, with morality on the line.

[Ling Meng]: How lucky I am. Looking back at the past, it's like a hopeless light, a dream that I never want to wake up from.

[Ling Ji]: Everything will come from the beginning.

The curtain fell and the words stopped.

An Yu Sheng's eyes kept flashing and after a few seconds, he said something she never would have thought.

"We shouldn't have just been classmates before, right!"

He looked up slightly and that look against the light made others unwilling to look away. He looked right at Luo Qing Chen, looking so handsome.

Chapter 1423: Sir school hunk with personality disorders (Part 49)

"Ah, ah, ah, ah, ah, ah!"

Xia Qing Rou jumped on the bed a few times, "Big brother, did you remember?"

Luo Qing Chen wasn't scared by An Yu Sheng, but she was scared by Xia Qing Rou.

This girl wouldn't have taken stimulants, right! It's clear by how An Yu Sheng looked that he didn't remember.....

"That....." An Yu Sheng was surprised, unconsciously pulling Luo Qing Chen by the hand and pulling her behind him.

When it was determined that Xia Qing Rou wasn't taking any 'killing actions', he slowly said, "Qing Rou.....This is a hospital."

"Si!" Xia Qing Rou covered her mouth and awkwardly got out of bed as she quickly apologized, "Sorry, sorry!"

She had a sweet smile as she looked at Luo Qing Chen and An Yu Sheng, "You really are a match for voice acting."

"I won't do."

"Your voice is very clean." An Yu Sheng looked at her seriously with his beautiful eyes, sparing no efforts to praise her.

She felt very embarrassed in front of An Yu Sheng at this moment.

This was a very strange feeling, it was like the other side was a stranger she was most familiar with.

Every word he said made you feel at ease.

Half a month later, An Yu Sheng left the hospital.

Actually, he was already pretty much recovered, but because of the care of the An and Liang Families, he stayed in much longer.

An Yu Sheng didn't go back to school, rather he was accepted into An Yang's company.

But when it came to Liang Bing Bing, his so called fiancée, he had always gently rejected the arrangements of his parents.

At the dinner table.

I've already settled this matter with your uncle Liang, so you don't need to say anything!" An Yang was very determined, not giving him a chance to concede at all.

An Yu Sheng put down his utensils and like a youth who had just come out of a painting, he softly said, "But I don't love her....."

Although he had lost his past memories, he deeply felt that this girl called Liang Bing Bing definitely wasn't the one he loved.

"Nonsense!" An Yang heavily put down his chopsticks and firmly said, "In short, you will have your engagement ceremony on the 10th of next month. You can't just bully her because you've lost your memories."

After his voice fell, he angrily stood up and headed to his study on the second floor.

An Yu Sheng tightly knit his brows and he felt a bit flustered.

There was a clear voice that filled his mind that was like a clean pool, extinguishing the restlessness in his heart.

"Just listen to your father!" Mrs An saw An Yu Sheng's unwilling look and felt a bit of pain as she said, "Although this marriage is political, Bing Bing's appearance isn't that bad....."

Mrs An naturally knew about Liang Bing Bing's princess like pride and a mother in law didn't want her daughter in law to be too prideful.

But there was no other way since the An Family relied on the Liang Family many times in the business circle.

Now An Yu Sheng was the only heir to the An Family.

"In short, I will never love what I don't love." He softly put down his bowl and felt a bit of a headache.

The terrifying thing was this pain didn't bring him pain, but a strange feeling.

It was like as the pain became worse, the fuzzy memories in his mind appeared.

That girl who loved to wear the yellow goose feather sweater, that sweet smile looking at him.

He couldn't see the face or hear the voice.

But when he saw this vague figure, he would feel at peace.

Chapter 1424: Sir school hunk with personality disorders (Part 50)

After returning to his room, An Yu Sheng locked it.

This was an act of self protection. For someone with amnesia, a confined space gave him a strange sense of security.

His mind was a bit messy and he was a bit anxious.

He unconsciously picked up his phone and his gaze stopped on the name 'Luo Qing Chen'.

Three seconds later, he sent her a message on QQ.

(Long time no see, have you been busy recently?)

He looked at the words and after thinking about it, he hit the backspace button.....

(Qing Rou said that she misses you a bit, do you have time to meet?)

He looked at the words for another while before hitting the backspace button again.....

(I really miss you.....)

This time he looked at these words for a full five minutes.

However.....he didn't believe that he would actually send it.

His heart was wildly beating and his breathing became a bit fast.

Then he made his next move.

(You have withdrawn a message.)

But then the other side gave him a response.

(I miss you too!)

Luo Qing Chen's words seemed very casual, but it wasn't.

When she was sitting in front of the computer and saw An Yu Sheng's 'I really miss you', she thought that he had recovered his memories.

But this 'expectation' was ended by herself.

One: The system didn't restore his affection.

Two: If An Yu Sheng recovered his memories, he wouldn't just send her a message on QQ saying he wanted to see her.

So the one that was thinking about her was the empty An Yu Sheng who was like a blank piece of paper?

Un, she suddenly felt a bit excited!

(Do you want to see a movie tomorrow?)

(That, if you don't have time, we can change it.)

(No, let's go whenever you have time!)

.....

Time passed second by second.

After forty two seconds, Luo Qing Chen gave him his response.

(Tomorrow!)

When she typed that word, Luo Qing Chen's lips revealed a faint smile.

This was a very strange feeling. They almost never dated and they returned to the time where they were getting to know each other.

The dating period they didn't have seemed to have come back.

But he was already no longer An Yu Sheng with the same personality disorder.

The next morning, she stood in front of her closet for a long time. Finally she chose to wear a goose yellow sweater, a plaid skirt, and a navy blue coat.

Everything seemed to have gone back to the beginning.

Before this, although Luo Qing Chen knew that An Yu Sheng had amnesia, he was no longer that youth with the personality disorder.

It was like a blessing, a blessing in disguise.

But when she stood in front of the mirror, her eyes couldn't help turning red.

He was no longer that paranoid youth, not someone who would prove that he would live and die for her.....

Suddenly.....feeling lost.....

It turned out that the feeling of being pampered without care for life and death was that good. It turned out that kind of paranoid love would be missed.

"Ding ling." There was the sound of a text that cut through her thoughts.

(Send me your location, I'll come pick you up. ——An Yu Sheng)

Luo Qing Chen was surprised before she sent her location to him on QQ.

When she opened QQ, she found that there was a bunch of messages that An Yu Sheng sent her last night.

Chapter 1425: Sir school hunk with personality disorders (Part 51)

(I've always had a dream, there was a girl in that dream. I went to the doctor and he said that was the only memory left after my life and death situation. My parents said that it was Liang Bing Bing, but I

don't believe it. I asked Qing Rou, but she didn't tell me directly, she just told me to follow my heart. Then I think.....that girl is you.)

(I can't take it back, sorry! Don't mind it, let's go watch a movie tomorrow, alright?)

Seeing An Yu Sheng's message, she had an impulse to tightly hug him.

"Ding ling——"

(I'm here. ——An Yu Sheng)

Luo Qing Chen had just walked out to see his car waiting outside.

She slowly waved her hand at the security guard who finally let the car in.

"You're so fast!" Luo Qing Chen sat in the passenger seat and looked at An Yu Sheng beside her before her eyes trembled.

"You....."

She was so surprised that she couldn't say anything. An Yu Sheng was wearing the same set of clothes as the E God concert.

They had actually worn the same clothes without knowing it.

This feeling was very good, it warmed her heart.

"What is it?"

He drove down a slope while looking around, "Your house....."

"It's different from what you imagined, right?" Luo Qing Chen revealed a faint smile.

An Yu Sheng was the first.....friend who came to her house.

"Un."

Liang Bing Bing had told him many things about Luo Qing Chen, most of them were bad.

Although he didn't believe it, he never thought she lived in such a place.

They talked quite a bit on the way, most of it was about what happened in school before.

At the entrance of the movie theater, he bought the tickets and the popcorn before coming to her side.

Many people turned their eyes over when they walked past since beautiful things were pleasing to the eye.

But they never thought that they would bump into Liang Bing Bing and a group of her "sisters" in this movie theater.

The world was very big, but there were times when it was small.

"Luo Qing Chen, you fox!" When she saw Luo Qing Chen beside An Yu Sheng, her sharp voice came from the entrance to the movie theater.

Everyone looked at Liang Bing Bing, looking at her red face.

She looked like her husband had been taken by a mistress with her hands at her waist and her red face.

Luo Qing Chen and An Yu Sheng who had their backs to Liang Bing Bing knit their brows at the same time. An Yu Sheng looked down at Luo Qing Chen and suddenly had a thought.

When Luo Qing Chen was about to turn around and teach Liang Bing Bing a lesson.

An Yu Sheng reached out his right hand and took her in his embrace.

“Gedeng.” Her heart skipped a beat.

He used to domineeringly take her shoulder like this before, with a stubborn heart and a personality that couldn't be changed under his faint smile.

“You are?” An Yu Sheng slightly knit his brows as he looked at Liang Bing Bing with his confused deep eyes, “Do we know you?”

Without knowing why, when he heard everyone calling the girl beside him a fox, he became angry for her.

There was a strange flame in his heart that kept rising.

“Ah Sheng.....” Liang Bing Bing's eyes opened wide as her face filled with disbelief, “I am Bing Bing! I am your fiancée!”

“Si!” When she said this, the crowd took a cold breath.

This love triangle really was eye catching.

“Fiancée?” An Yu Sheng had an unfamiliar look before bringing the girl beside him closer, “My wife and I have already been married for two years now.”

Chapter 1426: Sir school hunk with personality disorders (Part 52)

Everyone looked at Liang Bing Bing with eyes that seemed like they suddenly understood.

It was like their eyes were saying: Oh! So it's a fool.....

Liang Bing Bing's so-called sisters stood by her side without saying a word.

In front of them was An Yu Sheng, the male god in the eyes of everyone at their school.

Even if you couldn't become the male god's lover, you couldn't become someone the male god hated.

Not to mention that Liang Bing Bing relied on her good family backing to act a bit arrogantly at school.

Now that she was suffering, they felt a bit of schadenfreude.

“You.....You all!” Liang Bing Bing angrily threw the bag in her hand and roared, “You just wait for me!”

An Yu Sheng directly shielded Luo Qing Chen when he saw this and lowered his head to mutter, "Wife, let's go in. This person doesn't seem stable."

"Puchi." Luo Qing Chen couldn't help laughing.

Although An Yu Sheng had said it nicely, he was suggesting: This person seems crazy.

In the last row, Luo Qing Chen hugged the popcorn in her hands and only then could she see the screen.

.....

It was a bit strange because it was called "Ear of Rice in Spring"!

This was a literary film and the female lead was called Fang Dao Sui.

Whether it was the name of the film or the female lead, it had the aura of a rural film.

But this fit the theme of a literary film because it was love during the revolution.

To be honest, the plot wasn't bad, but it was a bit hypocritical.

At this time, a comb, a poem, a painting, a pen, or even a ribbon could become tokens of love.

Love was pure during those times, it wasn't about material goods or having mistresses.

But the male and female lead that couldn't love, people couldn't help feeling sorry for them.

There were many girls crying in the theater, leaning on the shoulders of the boys beside them.

An Yu Sheng looked over at Luo Qing Chen and it was a bit scary how calm she was.

Not only was she not cry, even her eyes weren't red.

Un! He felt a bit unwilling. He had read the comments on the forums that said that this film was very tear jerking, which was why he brought her here.

He never thought that he would fail.

When the film ended, when the male lead closed his eyes and died, the entire audience was filled with crying.

When the lights came on and the faint light fell onto Luo Qing Chen's face, she turned over with a faint smile, "It's over.

"Un....." He asked in a slightly annoyed voice, "Was it not good?"

"It was good!"

"Then.....you didn't seem....."

He pointed at the girls in the arms of the boys.

Luo Qing Chen immediately understood and gave a soft laugh, "It you're experience, you won't be moved to tears that easily."

Whether it was love or friendship.

When they came out of the theater, Luo Qing Chen pointed at a dessert shop not far away, "Anyway, it's still early. You invited me to a movie, so I'll invite you to have a drink!"

An Yu Sheng watched as the soft light in the street fell onto her face and there was a strange and familiar memory that appeared in his mind.

That night, that light, that street.

That.....girl.

This scene was exactly like the scene in his dream.

He nodded without hesitation before shaking his head.

"What is it?" Luo Qing Chen didn't understand what he meant and asked this.

"We do have to eat dinner, but I don't want to drink regular drinks."

"What do you want to drink?"

"Alcohol."

Chapter 1427: Sir school hunk with personality disorders (Part 53)

At the food stand, people came and went.

An Yu Sheng ordered a case of beers and a few dishes.

"Kacha." There was the sound of the can being opened.

Luo Qing Chen took two sips before saying with a helpless smile, "Alcohol really is good."

"Kacha."

An Yu Sheng opened another can, but Luo Qing Chen stopped him, "But you can't drink."

"Why?" When her soft palms touched his fingers, he felt his heart suddenly tremble.

This was a feeling that came from the bottom of his heart, he couldn't lie to himself.

"Because you are sick!"

Luo Qing Chen took her hand back and drank all the beer in front of him, "Sick people can't drink!"

"Amnesia isn't considered an illness." He picked up the can with a bit of stubbornness and took a sip, "But they were all hesitant when I asked them why I lost my memory, only Qing Rou told me."

"What did she say?"

She felt a bit more nervous at that moment.

"She wanted me to find you for the answer."

He took a deep look at her and there were complicated emotions behind each word. That gentle voice that was very magnetic, her eyes couldn't help turning red.

"Without memories, there are no answers." Luo Qing Chen looked at him and said, "Most of your guesses are true, but.....the things of the past, if only one person has their memories, it can't be considered a complete story."

Memories were the best collection of feelings.

If there weren't memories, it didn't matter if you knew the answer.

It was like a movie, it was just a story that you heard from others.

"Yes, it is a complete story." After a while, his cool voice slowly said, "I know that I liked you before."

This love never left, it was only she remembered and he forgot.

"Right, the past you loved me." Luo Qing Chen gave a bitter laugh, "But that was the past you, what about now?"

An empty life without memories, can you talk about love with the feelings of a few days?

This love, would he believe it?

If he believed it, why would he ask her this?

Silence, silence, silence.

Until there was a sharp cry from beside them that cut through the silence.

"Ah!"

There was another sharp cry and An Yu Sheng almost instantly pulled her behind him, looking in the direction of this cry with vigilance.

A five year old little girl was kidnapped by a man with a knife. Her mother was on the ground with a pale look on her face.

"Don't hurt my daughter, I beg you.....don't hurt my daughter."

"Your daughter.....Your daughter....." The man with the knife muttered with a look of despair, "Why can your daughter live, but my daughter is dead! Why, why!"

"Mom, save me, mom, save me....." The child collar was being held by the knife wielding man and they were being held in the air while crying and struggling.

"Don't cry!" The knife wielding man said in a sharp voice before roaring in a hoarse voice, "My daughter didn't cry when she took her last breath, how can you cry!"

As he said this, he slid his knife across the arm of the little girl.

Blood instantly began flowing.

“Don’t, don’t hurt my child!” Her mother cried out, “She is only five years old! She is only a five year old child.....”

“Five years old, so what?” His terrifying eyes glowed with the darkness of the devil in the night as he said, “My child was only five years old, but she still died! That cold winter, she froze to death!”

Chapter 1428: Sir school hunk with personality disorders (Part 54)

Luo Qing Chen narrowed her eyes and looked at the man filled with despair. She couldn’t help feeling a bit of sadness.

He should be a beggar and his daughter most likely.....starved to death.

But even so, it didn’t mean that he could kill an innocent child.

“Are you planning on killing all the five year old girls in this world?” Luo Qing Chen’s cold voice sounded. In this cold winter, there was no warmth added at all.

“Right, I want to kill, kill them all!” The man’s expression was very fierce and his dark eyes had a determination to destroy the world.

“The cycle of reincarnation.” Luo Qing Chen gave a shrug before looking up with a beautiful smile, “If you have the same aspirations in another five years, you might personally kill your reborn daughter.”

This was a deep phrase that made everyone present hold their breath.

Among them naturally included An Yu Sheng who was standing in front of her.

This feeling was very strange. It was like the person behind him was a treasure that he wanted to have and be proud of.

The man was stunned as his rough hands began to tremble.

Was this true? His daughter would be reborn? Would his daughter appear in the same world as him?

Im, impossible!

His daughter was dead, she was already dead.....Her ice cold corpse was still in the alley the beggar lived in. She just caught a cold, but because she couldn’t be treated, she had died.....

“I don’t believe!” He angrily roared out as he stabbed the knife at the girl.

While stabbing, he shouted, “You can all die with my daughter!”

“Ah!” The girl’s mother called out before fainting on the spot.

Luo Qing Chen knit her brows. She quickly charged forward and jumped out.

She took the child from the hands of the man, but the blade of the knife had also stabbed her arm.

The blood fell drop by drop towards her fingers. An Yu Sheng saw various different memories appear in his mind when he saw this kind of Luo Qing Chen.

Although they were very fuzzy, he could see Luo Qing Chen's face, feeling the story that had belonged to them.

Thirty days of waiting for each of them before proposing love.

A kind of suffocated feeling filled his chest. When he saw Luo Qing Chen bleed, it was like the door to his memories was opening.

His life was no longer as blank.

He wildly charged forward and tightly held Luo Qing Chen, saying in a trembling voice by her ear, "The current An Yu Sheng also likes you."

[Ding, affection has been restored by 50%.]

The long past system notification sounded and Luo Qing Chen couldn't stop the tears that appeared in her eyes.

"Di du di du di du." The sound of the police rang in their ears.

The police really came right on time.....

They caught the knife wielding man and put handcuffs on him while he was crying.

He took two steps before turning back to ask Luo Qing Chen, "Do you think my daughter will really reincarnate?"

His voice was no longer hostile, it was a father in despair asking with a bit of prayer.

"Of course." Luo Qing Chen slowly said, "This is the call of love."

"Call.....of.....love....."

"If there is a day that she returns to this world, you will feel it."

Those that were bound by love were the ones favoured by luck.

Chapter 1429: Sir school hunk with personality disorders (Part 55)

That night was destined to be a sleepless night.

At 3:30 in the morning, Luo Qing Chen's cell phone vibrated.

(The engagement has been arranged for next week, let's discuss some countermeasures. ——An Yu Sheng)

Although he lost all his memories of his life, he at least remembered Luo Qing Chen.

He remembered that he loved her and some other trivial things.

This An Yu Sheng couldn't marry Liang Bing Bing.

Luo Qing Chen saw An Yu Sheng's text and couldn't help laughing.

She quickly sent a line of words.

(There are two options: 1. Steal the groom, 2. Elope. ——Luo Qing Chen)

“Ding dong.”

The next text came very quickly, the other side had sent a question.

(Then can you come steal me? ——An Yu Sheng)

She should stay by his side, brightly staying by his side!

(Ok! ——Luo Qing Chen)

Lying in bed, she closed her eyes peacefully with a faint smile on her lips.

She could imagine what kind of gentle tone An Yu Sheng would use if he said this.

The next morning, Luo Qing Chen woke up early. The net that she had cast in the business world was slowly paying her back.

During this time, she bought most of the Liang Family’s real estate in the north part of the city and also let go of the real estate in the south.

Like this, there was a change in the property value. The Liang Family’s stable stocks gradually became turbulent.

While this was just a slow tactic, Luo Qing Chen’s real goal was to acquire shares of the Liang Group.

Liang Zhi Wei as the chairman of the board had held 35% of the shares of the Liang Group.

For a listed company, that is already a large share. For Luo Qing Chen, she needed to gain more than 35% of the shares to become the new owner of the Liang Group.

This wasn’t an easy task, a large sale of shares would be easily noticed by Liang Zhi Wei.

Therefore, Luo Qing Chen could only use close to a month to shake the stock market so that Liang Zhi Wei wouldn’t notice this problem.

On the contrary, he felt happy and sold 5% of his shares to get some cash.

When Luo Qing Chen bought Liang Zhi Wei’s 5%, she wasn’t in a rush, rather she bought it bit by bit with each passing day.

When she had 40% of the shares in hand, Liang Zhi Wei still hadn’t found a problem.

Because she had opened twelve different overseas accounts and shared the shares evenly.

As it suggested, the one who owned the most shares in the Liang Group was not the chairman Liang Zhi Wei, but rather her.

After preparing everything, the next step was stealing the groom with luxurious clothes and cars.

She had to be a queen, she had to be imposing.

At the same time, Liang Bing Bing who was getting dressed up as a bride had the look of a winner. She had her eyes narrowed as her lips curled.

There were her 'sisters and bridesmaids' behind her. After getting their red packets, they all began flattering her.

"Bing Bing, you're so beautiful! Just like a princess."

"You really are our school's school flower, the princess! I just saw many celebrities arriving!"

"So envious! The perfect love between the school flower and school hunk. Our princess Bing Bing is countless times more beautiful than that little punk!"

"Peng!" A gorgeous comb was slammed onto the dressing table.

Liang Bing Bing had a dark look in her eyes as she angrily said, "You're not allowed to mention that shameless sl*t at my engagement ceremony!"

Chapter 1430: Sir school hunk with personality disorders (Part 56)

"Bing Bing, sorry, sorry." The chubby girl in the bridesmaid dress quickly apologized, "It was all my fault mentioning that cheap girl. Bing Bing, don't be angry....."

Liang Bing Bing gave a soft snort and pursed her lips, "Let me tell you, you have to be qualified. Without any status, position, or money, how could that little punk girl be qualified to fight me!"

So what if she won the spotlight? With the relationship of the An and Liang Family, she wasn't qualified to become An Yu Sheng's fiancée.

This person deserved it!

Who told her parents to die when she was born? Without a family or backing, she was nothing more than a peasant!

Yes! What Liang Bing Bing hated the most in this world were farmers. Being poor all day, they dressed just like that little punk girl Luo Qing Chen.

"Bing Bing is right!" The fat girl had a bright smile as she quickly praised her, "Look at this elegant engagement ceremony! She isn't even qualified to come here!"

.....

The whole dressing room was filled with sarcasm.

This so-called 'new bride' never would have thought that this would be her final day as a princess!

"Deng, deng, deng, deng, deng, deng." The familiar wedding march resonated.

The engagement between the Liang and An family was being held in the Imperial San Paulo Hotel. The people who came were all very rich.

Every person had to come in with their ID card. Without this ID card, other those who had been invited to this wedding, only those that were VIPs of the Imperial San Paulo Hotel could enter.

Mister L who became the ruler of A City's business world was naturally one of those people.

Luo Qing Chen arrived at the hotel a day earlier than An Yu Sheng's engagement party, she was staying at the luxury suite at the very top of the hotel.

Food and wine was all included.

There was a black lace dress that was hanging in the room. It was Givenchy's limited edition black wedding dress called: Queen's Pride.

This design came from the queen in Snow White. Luo Qing Chen couldn't help feeling that this dress was tailor made for her to wear tonight.

"Honourable Mister L, there's still thirty minutes before the play."

This wasn't a person who spoke, it was the AI robot that she bought for a sky high price a few days ago.

[The system can't feel any intelligence from it at all!]

The system, which had been pretending to be dead for a long time, popped out when this robot appeared.

This sour tone.....It was filled with condescension and sarcasm.....

When it heard the robot talking again, it jumped out again.....

Luo Qing Chen was too lazy to care about it, although the robot couldn't compare to the system.

But at least in this world, it was still an amazing thing!

"Got it." Luo Qing Chen's lips curled and she put on the Queen's Pride.

Snow white skin, red lips, and a black crown.

No matter what it was, it showed her pride and dominance.

At the same time, the engagement ceremony began. The light in the hall instantly became dazzling.

An Yu Sheng was wearing a white tuxedo with a black bow tie, complimenting the face that made girls scream whenever they saw it.

At that moment, the shining lights in the audience weren't as dazzling as this youth who seemed like he came from a painting.

Everyone thought that he was an elegant prince who was waiting to take the beautiful princess' hand, just like a fairy tale love story.

But that wasn't the case.

Only he knew that he wasn't a prince.

He wasn't waiting for a princess, but the girl who belonged to him.

No matter who she was, he could only be her foil.
