Chapter 1441: Side story: As long as this world has you, I can live (Part 3)

I felt my heart skip a beat, like I had heard the sound of redemption.

I opened my eyes and saw everyone's shocked gaze, vaguely hearing her clear voice come from the phone.

She said: Wait for her to come back.

I said: Alright.

This was a kind of promise. Even if all my blood was gone, I would firmly hold onto this promise.

Therefore, when Su Nian appeared in front of me to kill me, I wasn't afraid at all.

Because I knew that he couldn't kill me.....

I could feel the blood flowing out of me bit by bit, but the strong will to live drove me to press the button calling the nurse even with something sharp stabbing my hand.

Su Nian never would have thought that a person who lost two thousand CCs of blood would still be able to live.

Of course, not only him, everyone had thought the same. Only I knew why she knew.....

When I closed my eyes, I was in her arms.

I once told myself that if she didn't want me, if there was a day that she walked down the aisle in a wedding hall with another man.

I would definitely cause a big mess and then use a knife to stab my heart, dying in her embrace.

This was the script for if she didn't love me, but the script in real life was.....

Luo Qing Chen only loved me!

Whether it was me with my memories or me without them.

Actually, on the first day I lost my memories, when she came into my sight, I knew that my relationship with her wasn't normal.

That feeling created a sweet scent in the air and I felt a bit nervous.

I thought that I could still tell who I liked.

At least.....it wasn't Liang Bing Bing.

Although I can only accept this passively without my memories.

I accepted the arrangements of my parents and accepted this so-called engagement ceremony.

But passive acceptance didn't mean you couldn't take the initiative to attack.

I used all kinds of methods to keep testing, testing to see if she liked me, testing to see what the relationship between us was.

Until she accidentally had her hand cut by the beggar while saving a little girl in front of me.

When the blood came out, I heard a voice fill my mind.

The memories came back and filled my mind bit by bit.

I was certain that she was the one I wanted to spend my life with.

But she was even more domineering than I imagined. I thought that she would choose to elope, but I never thought that she would choose to steal the groom.

Thinking about it afterwards, I felt it was fine since I could at least introduce her to everyone.

There was only one wife for me in this life, it was Luo Qing Chen!

I thought that the protagonist at the engagement ceremony would be me. I would take her hand in a handsome fashion and protect her, telling everyone that she was the one I loved.

But I never thought that she would be so dazzling.

At that moment, she was the center of attention for everyone. Every word she said had an aura that no one else had.

She had fought a beautiful battle against the Liang Group.

From beginning to end, she had never lost once.

Suddenly, she was no longer the girl I wanted to protect, but rather the girl I felt proud of.

All the memories overlapped at that moment and those things related to her played in my mind like a movie.

The first time we met, the first time we held hands, the first time we kissed, the first time we said goodbye.....

So we had experienced that much together.

So I liked her that much.

So, so.

So we will never be apart again!

Chapter 1442: Long lost little theater side story

[Ke, ke.....]

An Yu Sheng: “.....”

[The long lost little theater is back again, the little theater will update from time to time! Everyone, please wave the glow sticks in your hands and let the system see your enthusiasm, alright?]

There was pitch black without any glow sticks waving.

System.....felt a bit awkward!

An Yu Sheng: “.....”

[Yo, yo, check it out! Everyone really is enthusiastic, filling this system with excitement! Now let’s enter today’s main topic, an interview with classmate An Yu Sheng who has a ‘personality disorder’!]

“There is no personality disorder now.” An Yu Sheng truthfully replied!

[“First question: Use a simple phrase to describe yourself!”]

“.....” After three seconds of silence, he said, “Personality disorder!”

[“.....”] The system felt like it had dug a hole for itself!

[“Second question: When were you the saddest in this life?”]

“Seeing the picture that Su Nian sent!” He knit his brows and touched his chest as his face turned a bit pale.

[“Ah! The system won’t ask these extreme questions!”] Although it didn’t know this question was this extreme!

“Thank you.”

[“Third question: Who do you hate the most in this world?”]

“Su Nian.”

[“It seems like sir school hunk didn’t hesitate at all!”]

“Un, I almost lost her twice because of Su Nian.” He didn’t even dare think about it, what would she do if his heart had stopped then?

[“Fourth question: How did you feel seeing her for the first time after losing your memories?”]

“.....”

School hunk An thought for a long time for this question, but he still gave a domineering answer.

“Love at first sight.”

In his empty life, he fell in love at first sight with this girl.

That feeling was the feeling of falling in love!

[“Fifth question: What comments do you have on her black wedding dress?”]

“Beautiful, queen, powerful!”

[“A brief and concise summary of everything!”]

[“Sixth question: What do you think of Su Nian as a love rival?”]

“He understood me well, but for Mrs An, if there was any hatred in his love, that would be a shame to the word love. He wasn’t qualified to love her.”

[Handsome! Handsome! Handsome!]

[“Seventh question: What was the ugliest thing you’ve done?”]

“When we took a vacation abroad, Mrs An was having a happy conversation with a foreigner. When the foreigner went to take a swim, I took his underwear by the cliff and angrily cut it to pieces!”

[“.....”] The system felt that this ‘personality disorder’ was a bit terrifying!

[“Eighth question: What kind of girl did you think Xia Qing Rou was?”]

“My best little sister, a very, very, good girl! But her story of Cinderella and the prince at the end was just terrible!”

[System notification: Xia Qing Rou’s story is already perfect, alright!]

[“Ninth question: When you met Liang Bing Bing at the end of the story and you called her wife.....”]

“Deliberate!” His lips curled, “I felt very proud and wanted to show off my wife!”

[“Ke, ke, truly amazing!”] The system felt that Liang Bing Bing not being angered to death was already quite lucky!

[“Tenth question: Say something you want her to hear!”]

“If I can die by your side, my life wasn’t in vain.”

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 25/100]

Chapter 1443: Cold voice actor: The old enemy is the top queen (Part 1)

Blinking and blinking again, she never thought that she would be back like this!

God! How did she die?

[Does the host want to see what happens after you died?]

“Of course!” Luo Qing Chen knit her brows and said, “Can I see what happened before I died?”

[A period before death will be repeated.....]

She silently said ‘oh’ in her heart, feeling like she was watching a drama series!

But she really didn’t understand! She was thirty three and in the prime of her life, how did she die!

In her memories, she was traveling with An Yu Sheng. She had fallen asleep on the plane, could it be.....

The bronze mirror filled with scattered blue light and the scene gradually cleared.

At ten thousand feet in the air, she was covered in a blanket as she slept in An Yu Sheng's arms.

Suddenly, the water on the table shook and the plane suddenly fell at a 90 degree angle.

In an instant, An Yu Sheng beside her opened his eyes. He tightly held her and he had a loving look in his eyes as he softly patted her head, "Don't be afraid."

"Peng!" There was a loud sound and the bronze mirror turned to darkness.

When it lit up again, there was a wreckage that appeared.

Emergency crew were everywhere and there were reporters present.

"This is a major airplane crash. After the plane fell in the Pacific Ocean, it landed right on a deserted island. Unfortunately, there were no survivors."

As soon as the voice fell, the bronze mirror gradually dimmed and went back to being a broken mirror.

"Ai, this is the legendary not knowing how you died!" Luo Qing Chen was in a daze, "Dying in your sleep!"

But An Yu Sheng's actions at the last minute were quite warming!

[Doesn't the host think this is quite good? Dying a painless death with your lover! (* ^ - ^ *)]

"....." Luo Qing Chen rolled her eyes, "If I could live to ninety nine instead of thirty three, I would think it would be great....."

[The following is a summary of the previous mission. Host, please properly look over it.]

But she was rather happy because she could be with someone and experience love stories.

It was a wonderful symphony that was played note by note.

The system completely ignored her complaints and continued announcing her next mission!

Chapter 1444: Cold voice actor: The old enemy is the top queen (Part 2)

Ah! CV, voice acting!

This was Luo Qing Chen's first reaction, wasn't this the play that Xia Qing Rou had taught her?

As expected, there was an inevitable connection between worlds.

The previous host grew up in a scholar's family. Her father was a university professor and her mother was a violinist.

She had a big sister named Luo Yin Ge.

When Luo Yin Ge was born, she inherited all the positives of their parents, being a cold and arrogant young miss.

She had an absolute height, with long slender legs that allowed her to tiptoe like a ballerina.

But.....the previous host wasn't as lucky.

With a gap of fifteen centimeters, not only did she not have the qualification to be a big girl, her parents and her big sister all pampered her like a little lolita.

This had annoyed her, but she discovered a new world that belonged to her when she discovered voice dubbing on the web.

She didn't have the height advantage, but she had the voice advantage. She could freely change her pitch and change her voice.

She could become a singer, a cross talker, or a sketch actor with this kind of voice.

But she finally chose to do online voice dubbing!

Why?

Because she felt like.....she would die from seeing the light!

So the only job where she could only show her voice without showing her face was voice acting!

The previous host polished her voice at home for half a month before finally settling on the big sister voice.

Since the voice that she normally spoke with was a bit cold, it wasn't related to the voice of a big sister at all.

Therefore, she liked using her big sister voice, which was considered a 'top' voice in the circle.

The previous host's voice acting career was very smooth. When she wasn't popular, she could only send her voice clips to some agencies and apply for some roles.

She never thought that many people would look for her.

Until she made "Soul Sacrifice" which gave her the title of the strongest 'top' voice in the circle.

She was invited by King's Landing, the most popular agency on the web. A year later, she became one of the top stars.

There were many people who praised her, but there were also many who criticized her.

As much praise she received, she would only receive more and not less criticism.

But.....the trolls on the web weren't terrifying, the most terrifying things were sisters in real life.

As winter came, King's Landing accepted a production called "Sword Dance Clear Song".

The female lead Feng Wu was cast as the previous host and they couldn't find anyone suitable to play the supporting female lead.

At that time, the previous host's boyfriend was He Yu Yan (No Words).

One of the top stars of King's Landing asked her help to recommend someone for the supporting female lead role.

When she received this memory, Luo Qing Chen couldn't help cursing. Was the previous host's eyes ruined?

The previous host particularly liked He Yu Yan probably because they had been working together for a long time.

The two stars of King's Landing became the best couple in the hearts of the fans.

The previous host agreed to He Yu Yan's request and explained the situation to the president.

The president agreed to let her audition, but.....

The supporting female lead Fang Qian Meng didn't want to be the supporting female lead, she wanted the female lead role of Feng Wu.

She had some fame in the voice acting world, being called the 'number one voice acting beauty'. There were many pictures of her online and she had countless otaku fans!

She didn't look bad, but her makeup was a bit too heavy.

Fang Qian Meng's voice clip wasn't bad, but it sounded too immature. After the president heard this dry voice, she felt that she wasn't suited for the female lead Feng Wu and explained this to the previous host.

It was at this time that the previous host learned that Feng Qian Meng wanted to use her as a springboard to get the female lead role!

Chapter 1445: Cold voice actor: The old enemy is the top queen (Part 3)

She angrily went looking for He Yu Yan, but she never expected his response.

"I feel that Meng Meng is suited for this role." After saying this, he passed for a bit before saying, "After all, she is pretty!"

The previous host was filled with rage after hearing this. This was the dubbing circle, not the acting circle, the face didn't matter, alright?

The previous host went to find the president Yue Yue and told her that she shouldn't use her since this person wasn't suitable.

She never thought that after Fang Qian Meng learned of this, she directly attacked with a live broadcast!

She pointed every word at the previous host, saying that the previous host had bullied her as the number one female star of King's Landing.

She diligently recorded her voice clip according to the script and even the male lead No Words said that she was more suited for this role.

But she never thought that this number one star would actually be unwilling to hand the role over for her own gains.

Fang Qian Meng's broadcast room exploded.

The otaku boys all became keyboard warriors to express the grievances of the girl crying on screen!

The previous host's Weibo that was almost never used was conquered by trolls in a single night.

Actually, there were many people who liked the previous host's voice, but the previous host had never done anything like broadcasting.

Both business and fans needed to be managed, there was no cohesion if they weren't managed.

This was something that the previous host didn't do enough.

So with the pressure of the public, she couldn't do a thing as she could only watch as the crowd toppled the wall.

It wasn't only this, because of the terrifying pressure, she was temporarily replaced by King's Landing.

The role of Feng Wu fell into Fang Qian Meng's hands and she became an on screen coupling with He Yu Yan!

When "Sword Dance Clear Song" was broadcasted, the response wasn't very good.

It was because normal people had ears and Fang Qian Meng couldn't show the domineering nature of Feng Wu.

But since there was no comparison, people couldn't say a thing and many of them showed support for the show.

King's Landing held a special offline conference in order to keep the enthusiasm for this show high.

At the press conference, He Yu Yan announced that Fang Qian Meng was his girlfriend, pushing the topic to a new level.

The previous host who was watching it on the computer exploded with rage and even had a heart attack.

She hated her own voice a bit since she thought that this voice had made her lose everything.

Although her family sent her to the hospital, she couldn't be saved.

The previous host didn't know that when everyone was pushing down the wall, there was an invitation from the Drunken Bliss Group in her inbox.

The person who invited her was no one other than the number one cold god of the voice acting circle, Half Warm Cup

This person never posted on Weibo, but had close to six million fans.

All his works were popular and he was known as the person with an unparalleled cold voice in this world!

But it was a pity the previous host never saw this email, or she wouldn't have died from anger.

Perhaps there might have been a day where she could turn it all around!

After the previous host died, Fang Qian Meng and He Yu Yan became the best couple online.

But there were some people who started with their face and couldn't reach the peak since they didn't have the talent.

Since then, there was only one name when it came to the best in the voice acting world.

It was: Half Warm Cup.

There were many girls shipped with him, but they all disappeared into the annals of time.

Chapter 1446: Cold voice actor: The old enemy is the top queen (Part 4)

Ten years later, he finally appeared at an awards ceremony.

He took the trophy and said something that no one predicted, "Ten years of life and death, not thinking and hard to forget."

—

System, was Half Warm Cup talking about the previous host?

[No one knows the answer to this question, but the host can ask him yourself.]

So the male lead has affection for the previous host?

[No, he just appreciates the previous host's voice, it can't be considered affection.]

Luo Qing Chen thought about it and felt that it was right. After all, the previous host had never even met Half Warm Cup, one couldn't talk about love just when it came to voices.

"Di, di, di!"

Sitting in front of the computer, QQ flashed, it was a message from He Yu Yan.

Damn!

She didn't find him to settle accounts but this scum came looking for her!

Actually, according to the memories of the previous host, He Yu Yan had been very ambiguous with the previous host. He had also said that he wanted the previous host as his girlfriend before.

The previous host had happily agreed!

She.

Had.

Agreed.

!

But their relationship was only on the web. With just a web relationship, one of them didn't really have that kind of love.

Actually.....They couldn't be considered boyfriend and girlfriend.

Luo Qing Chen gave a shrug and went to the kitchen to get herself a cup of warm milk.

During this time, her QQ kept pinging without stopping.

When she came back to the room with a cup of milk in her left hand, her right hand casually opened the chat with He Yu Yan.

A total of six messages and the tone of the following messages.....were bad, bad, bad!

No Words: I heard that they haven't set the supporting female lead for "Sword Dance Clear Song" yet, I have a choice here. She is popular and good enough, you should talk to Yue Yue tomorrow.

"Ze, ze, ze." Luo Qing Chen sitting in front of the computer couldn't help shaking her head, feeling sorry for the previous host's eyes.

He Yu Yan was clearly using a 'commanding' tone. If you looked at the meaning between the lines, one would really want to slap the other side.

But.....she didn't have the impulse, the other side seemed more impulsive.

No Words: Are you there?

No Words: What are you doing?

No Words: Quickly reply to father, she's still waiting! Are you knitting a sweater!

No Words: Hey, hey, I say, can you not log on if you're not there! Don't cause misunderstandings for other people!

No Words: Damn!

Luo Qing Chen pulled the chat to the bottom and couldn't help admiring the patience of the previous host! She could even take being pushed down by everyone!

If you don't love yourself, why would other people love you?

Based on He Yu Yan's tone, she had ten thousand reasons to believe that this man was definitely scum in real life!

She took a sip of her milk before slowly typing a single word in the chat.

Scram!

Then she right clicked on No Words with her mouse and chose to block him!

After doing this, she didn't forget to open up her signature and type a paragraph!

For people who go out without any brains, please use the following method to contact me: Message in a bottle or coincidence cards!

After she finished her signature, the symbol for the King's Landing chat suddenly jumped.

It seemed like He Yu Yan who had suddenly been treated differently couldn't take the raging flames in his heart!

VA·No Words: @Thinking of Clear Dust, what is the meaning of this?

President·Yue Yue: What's wrong?

Production·Gently: What is going on?

Chapter 1447: Cold voice actor: The old enemy is the top queen (Part 5)

.....

More and more people came online, but Luo Qing Chen never said anything.

VA·No Words: Speak! What do you mean by blocking me? @Thinking of Clear Dust.

VA·Thinking of Clear Dust: It means what it means.

President·Yue Yue: Why are you so angry!

VA·Movie King: The big brother and big sister are fighting! ㄟ(^^)ㄏ

Production·Gently: Right, right! Harmony, harmony!

VA·Thinking of Clear Dust: For those who want the truth, see my signature.

No one talked in the group for the next three seconds, they should have gone to see her signature.

He Yu Yan exploded when he saw this, what kind of medicine did Luo Qing Chen take?

She listened to him a few days ago, why did she suddenly change!

He didn't have any regrets in his relationship with her. After all, for Thinking of Clear Dust, based on her domineering female voice, one could tell what she was like in real life.

Unkempt, half male half woman, fat!

He definitely didn't like this kind of person!

But for his own popularity, he felt that he was being shameless!

He was still the top male star of King's Landing, how could he be blocked just like this!

Half a minute later, Yue Yue directly opened a private chat with her to ask the situation.

Yue Yue: You were pretty good before! Why did you suddenly.....

Yue Yue was one of the few people in King's Landing who knew about their relationship. On one hand, this was for the group and on the other hand, it was for their personal relationship.

Thinking of Clear Dust: There's no reason to see scum.

Yue Yue: You know about No Words and Cute Little Fairy?

Thinking of Clear Dust: You already knew?

When she typed these words, Luo Qing Chen in front of the computer felt her lips twitch.

It seems that as the president, the benefits of the group were more important than friendship.

After all, No Words was the top male star of King's Landing. His voice was good and he looked quite good, so Yue Yue as the president naturally didn't want to offend him.

Yue Yue: Not really! I just casually saw Cute Little Fairy's broadcast and heard her talking about No Words.

Thinking of Clear Dust: Un, got it.

After saying this, she directly changed herself to invisible on QQ.

The group exploded, but she wasn't interested at all.

Luo Qing Chen felt she was already polite enough since Yue Yue's words had revealed everything.

She cared about Fang Qian Meng and she wanted to bring her into King's Landing.

Although Fang Qian Meng's voice wasn't that good, her acting cute had quite a few otaku fans.

This was something that the previous host had never done!

After all, the world was sinister. If you don't hurt people, it didn't mean people wouldn't hurt you.

Before turning off her computer, Luo Qing Chen looked at her inbox, which was filled with invitations from various groups or advertisements.

Even if an online voice actor had a group, they could still take on their own projects.

They weren't considered professional voice actors, most of them were just doing it as a hobby.

But hobbies were interesting, that was something that made sense.

After half an hour, she didn't find the email that came from Half Warm Cup.

Could it be that the system was wrong? After all, the previous host didn't personally see the email!

[There's nothing wrong with the system, the time hasn't arrived yet!]

Luo Qing Chen thought about it and realized that it was indeed a bit early.

Since the email hadn't arrived yet, she did something that the previous host didn't do and it was something important.

Maintaining fans that would support her, or at least she couldn't keep acting as cold.

After washing up, she laid in the bed and found it 'difficult' to log onto the previous host's Weibo.

Chapter 1448: Cold voice actor: The old enemy is the top queen (Part 6)

Because she had to think for half an hour just for the password.

After trying several times, it was all wrong, wrong, wrong!

It was a good thing that she finally logged in.

The previous host's Weibo name was very simple, it was Thinking of Clear Dust.

The last time she logged in was when she registered. This Weibo should be a community for gathering people, but it had no meaning for the previous host.

When she had just logged in, there were many pinging sounds that had hit her ears.

All the @s and private message notifications came.

Her phone was stuck for ten minutes before finally letting out a sigh of relief.

This was the newest iPhone X! The previous host's family didn't lack money, she had bought it when it first came out.

The silver gray colour, it was a very cool colour.

If it was her, she would have definitely bought the tyrant gold!

It had to be said, the previous host really had many fans.

A total of 3.27 million fans, these should all be people who liked her voice.

Actually, the reason why those people could push down the walls wasn't just her not maintaining relationships with her fans, the most important thing was that she never gave any explanations.

The previous host was just too innocent when it came to fighting.

Her lips curled as she typed a sentence on Weibo.

[Thinking of Clear Dust V: Let's broadcast next Friday! But the broadcast room hasn't been decided yet, what do you guys think?]

Giving the decision to the fans was definitely the best method.

Once it was sent, the words 'Thinking of Clear Dust' was a hot topic on Weibo.

#Thinking of Clear Dust has posted#

As this topic rose on the boards, a girl who was delicately putting on makeup in front of the computer couldn't help trembling.

This face, it was Cute Little Fairy who had won as the 'most beautiful voice actor'.

Her goal was to join the most popular club. Her first goal was naturally the number one ranked Drunken Bliss, but she never heard back from them no matter how many voice clips she sent.

Therefore, she had to retreat and choose King's Landing.

As a girl, if she went to King's Landing, naturally she wanted to defeat the 'strongest sister' voice actress.

After all, she was the most beautiful girl among the voice actresses!

Before this, she chose to hook He Yu Yan. It went very smoothly and He Yu Yan fell under her dress in just two days, planning to help her win a role in "Sword Dance Clear Song".

She didn't want anything else, she just wanted the female lead Feng Wu.

But she panicked a bit at this moment because after the person called Thinking of Clear Dust posted, her fame was much higher than she imagined.

When an actor didn't interact with fans, she was just an actor and people only followed her because they liked her acting.

But once she started interacting with fans, she was a star and became the 'idol' that fans loved!

Fang Qian Meng was always selling herself as an 'idol', so even if she had a poor voice and wasn't qualified, she had swept all the gods of the voice acting world and became the most beautiful voice actress.

But.....this kind of lucky win, if there was something substantial that came out, she definitely couldn't hold onto this!

Fang Qian Meng naturally knew this, so she had He Yu Yan make sure that she would take the role of Feng Wu in "Sword Dance Clear Song".

It was a pity, in this world, Luo Qing Chen was no longer the previous Luo Qing Chen.

After slowly eating her chocolate cake, when she picked up her phone, she found that her Weibo.....exploded!

Chapter 1449: Cold voice actor: The old enemy is the top queen (Part 7)

Big Sister Peach's Spring: Damn, damn, great god Clear Dust has posted! My young girl's heart, when that notification popped out, I was completely shocked!

Others All Call Me Little Cutie: @Thinking of Clear Dust, lining up to confess to god Clear Dust! o(=ω=)m

Floating in Chaos: I thought that it would be impossible to see god Clear Dust to make a post!

Not Caring About Wang Lun's Love: Excited, excited! It's like finding a hundred dollars! ㄟ[????]ㄟ

.....

Seeing all the messages the fans sent her, her lips couldn't help curl into a beautiful smile.

As expected, one wouldn't be tired of praise no matter how you read it.

She scrolled down and found some replies that were beneficial to her.

Monkey TV: God Clear Dust! My boss is your fan, do you want to come to our broadcast platform! ㄟ?ㄟ

Fighting Shrimp TV: Great god, great god! Fighting Shrimp TV welcomes you!

Grapefruit TV: The number one live broadcast platform sincerely invites the great god @Thinking of Clear Dust.

Luo Qing Chen slightly knit her brows as she focused on the words Grapefruit TV.

If she remembered correctly, Fang Qian Meng should be live on this platform.

Thinking of this, she couldn't help giving a secret laugh.

Since the other side wanted to come to King's Landing to steal her place, why shouldn't she cause some trouble with Fang Qian Meng's broadcast platform!

She opened the private chat and the person from Grapefruit TV already greeted her.

Her hands quickly typed on the screen of the iPhone X.

Thinking of Clear Dust: Hello! I want to join your broadcast platform.

Grapefruit TV: (((//Д//))) We're flattered! My boss is going to buy me more chicken drumsticks!

Thinking of Clear Dust: It's also my honour!

In the end, Luo Qing Chen signed a contract with Grapefruit TV and the online world on Weibo exploded!

Grapefruit TV didn't forget to put an advertisement on their official blog which earned quite a bit of views.

[Grapefruit TV V: Our big family welcomes a voice acting god!]

Weaver Girl, Where Are You: What does Grapefruit TV's official post mean?

Not Caring About Wang Lun's Love: Ah, ah, ah, could it be great god Clear Dust went to Grapefruit TV!

God Clear Dust's Little Fan: Is that true! I'm uninstalling Monkey TV now, I'll only use Grapefruit TV from now on!

A Small Flower: It feels like a long time since we heard god Clear Dust's voice, I felt that she really was suited for "Soul Sacrifice"!

A Few Degrees Off: I also fell in love with her voice because of "Soul Sacrifice".

Big Sister Peach's Spring: I also fell in love with her because of the "Demon World's Flowers"! When I think of the demon empress' voice now, I still feel numb!

.....

Of course, there were criticism that followed the praise.

Porcelain World's Myth: A aloof and cold god can be a normal person once in a while too! (=_, =)
[Disdain].

My Heart's Cute Love: Half boy half girl, how disgusting! I hate this kind of voice the most, it's so hard to listen to. [Barf]

.....

Of course, these remarks were squashed by Thinking of Clear Dust's powerful fan army. People with glass hearts even deleted their comments to avoid being scolded.

But to Luo Qing Chen, this Weibo test was a success.

The previous host's fans were like grains of sand, but she had gathered all those grains together.

Without knowing why, she suddenly wanted to see what kind of mood Fang Qian Meng was in.

Aiya, as long as she thought about it, she would laugh in her dreams.

It was a coincidence that she was right.

Fang Qian Meng sitting in front of the computer screen gritted her teeth. She directly went onto QQ and message He Yu Yan in a commanding tone.

Little Cute Fairy: What is that Thinking of Clear Dust doing? Is she not planning on giving up the role of Feng Wu and playing tricks?

Chapter 1450: Cold voice actor: The old enemy is the top queen (Part 8)

He Yu Yan was still in shock at this moment. Thinking of Clear Dust had decisively blocked him and then suddenly changed her style.

She actually posted on Weibo!

Moreover, there were many replies and reposts. In just half an hour, the number of replies and reposts had passed ten thousand.

This fame, why was it almost at the same level as a certain god from Drunken Bliss.....

He felt that it was a bit of a pity, if he didn't get together with Little Cute Fairy, he could use this fellow to raise his own fame.

But if he went along with this fame now, Little Cute Fairy would definitely be unhappy.

After all, his girlfriend did look quite good. Although her makeup was a bit thick, at least she was pleasing to the eye.

Even if her voice.....wasn't that good.

After being in this circle for a bit, he could naturally see through things like this.

King's Landing's big brother title wasn't in vain, only after getting a girlfriend, he became a bit worse.

For example: Now.

No Words: She already blocked me, I haven't even talked to her about the "Sword Dance Clear Song" matter. [Little annoyed].

Little Cute Fairy: What? You didn't talk about it?

No Words: She didn't give me a chance to speak.

Little Cute Fairy: What a joke! Who was it that said that one shouldn't look at how cold her image was, she was actually a little girl who listened to you?

Fang Qian Meng's words had ridicule in between the lines which made He Yu Yan a bit uncomfortable.

It was like turning from a man with a girlfriend to a man who obeyed his girlfriend.

This feeling was quite bad!

No Words: Meng Meng, I've decided to be with you, so I don't want any interaction with her, do you understand?

Although he didn't feel good, he still patiently explained it to Fang Qian Meng.

After all.....she did look quite good!

Cute Little Fairy: I don't care, she's already on Grapefruit TV! This is her declaration of stealing my territory! If you don't steal the role of Feng Wu back for me, we will break up!

He Yu Yan was surprised when he saw the last two words. He hated girls who talked about break ups the most.

Although he himself was a man who talked about break ups!

No Words: I got it! I'm trying my best, alright? Come, come, give me a kiss! ?(ε `)

[Your friend Cute Little Fairy has logged off.]

"Damn!"

Because he cared about Fang Qian Meng, he would get a notification whenever she logged on or logged off.

When he said these words with great enthusiasm, the other side had slapped his face. It really was as uncomfortable as eating shit!

The next morning, Luo Qing Chen headed off to school on time.

The previous host was a freshman at High End University, she had only enrolled for a month.

Of course, there were thirty days of military training in the first month, so today was the first day that she was actually reporting to school.

“Ding, ding, dang, ding, ding, dang, ling, er, xiang, ding, dang!” The ringtone that was like Christmas bells rang out.

The caller ID: Mo Ran.

It was her best friend in this world, they had been at the same school from junior high to high school!

Of course, university wasn't an exception!

“Hey!”

“Quick, quick, quick! Let's set out quickly, there's many good clubs to choose from!” Mo Ran's high pitched voice came from the phone.

There was a picture that appeared in her mind.....

“Relax, there's no one in the animation club now.....”

Having known each other for so long, Luo Qing Chen naturally knew that she loved animation the most!

The 2D world was her destiny!
