

## Quick T 151

### Chapter 151: Game god's explosive agreement (Part 26)

But she didn't think that much about it. She charged out beside Thousand Snow Flowing Cloud as soon as her cooldowns came off and wildly started attacking. The commander's voice in YY deafened her ears, making her operating even more sharp and causing her blood to boil.

"Good, very beautiful! We win this wave! Everyone left charge into [Central State] to take the flag and the remaining people will gather in the Imperial Capital to fight the next wave."

Hearing the final summary of the commander, Luo Qing Chen let out a long sigh of relief. When she was prepared to use the [Godly Thousand Miles] to fly away, there was a notification that appeared on her screen.

[Action] Player Thousand Snow Flowing Cloud has used the princess carry on you!

After that, the man holding her using one of the only three [Heavenly Angel Wings] in the server and flew off in the direction of the Imperial Capital.

It was reasonable since there was no one around before, but now they were surrounded by people. With those large white and blue wings coming down, it attracted the shocked 'eyes' of many players!

The number one great god of the server was princess carrying the number two great god of the server, this itself was considered an amazing story!

After all, this was not the story of a great god and a little girl, rather it was the strong confrontation between two great gods!

How novel was this! How exciting was this! How intriguing was this!

But why were both of them men?!

[Team] Cold Moon Heaven Light: Ze, ze! Thousand Snow, you holding Eastern Painted in a princess carrying is just too piercing for my eyes!

[Team] Life Written in Water: I feel it's quite good!

[Team] Cold Moon Heaven Light: @Life Written in Water, did you seriously heal brother just now!

[Team] Life Written in Water: Nonsense! I almost died myself and still used the instant heal [Moon Rain] skill on you!

.....

Of course, other than the team channel, there were many watchers who were chatting in the world channel.

[World] The Teasing Breeze From Once Upon a Time: Did you all see Great God Thousand Snow princess carrying Great God Eastern Painted just now? I've taken pictures and I'll PM them for free.

[World] Candy Consort: Where, where? I want to see too!

[World] Lemon Heart: You even took a screenshot of something this eye piercing? Is there something wrong with your heads!

[World] Rain God: @Lemon Heart, what does it matter do you! Little dog that wants love from Young Master!

[World] Demonic Year Young Master: Rain God, he, he! After this Territory Battle, young master will use the [Thousand Mile Chasing Wind] to make you cry.

The [Thousand Mile Chasing Wind] was an item in the market used to track someone. After finding them, one could directly go to that place and turn on red name to kill them.

As the name suggests, it was a tool used for chasing people down!

[World] Rain God: Ai, ai, ai, come! I waiting in my guild hall for you, come to my guild if you have the skills! No face Young Master!

[World] Only Love Young Master: Young Master, don't argue with them. I really am glad that I am with you and not with some transvestite.

[World] Demonic Year Young Master: Un, dear wife.

What was this? Transvestite? Daring to say that she was a transvestite!

She simply couldn't accept this!

[Host, they aren't completely incorrect, you are indeed using a male character right now!] The system's cold voice said something that she wasn't prepared for.

Damn! Broken system, has Demonic Year Young Master been feeding you! You're actually speaking up for him!

[.....]

Luo Qing Chen calmed the anger in her heart and heavily typed a few words on her keyboard!

[Contract] Eastern Painted Brocaded Dust: I'm logging off for a bit, I'll be back soon.

[Contract] Thousand Snow Flowing Cloud: Alright.

After saying this, she opened the market and quickly bought a 'Gender Changing Card'. She right clicked the item and immediately exited, returning to the character selection screen.

If they said she was a transvestite, she wasn't worthy of this title if she continued using a male character!

Come, let's make it!

## **Chapter 152: Game god's explosive agreement (Part 27)**

Returning to the character selection screen, Luo Qing Chen went on Moubao to buy a face pinching software (Large scale 3D games allow you to pinch your face). She changed herself into a female loli and pinched out a cute face!

[TL Note: Moubao is a reference to Taobao, which is an online shop in China.]

Little loli, round head, large eyes, long lashes, white skin, and pink blush.

This was a little lively loli beauty, this cuteness was even enough to excite her little girl's heart.

She nodded in satisfaction and clicked the login button, as she returned to the game.

The first thing she did after logging on was open her inventory and put on the Christmas Elk Coat Thousand Snow Flowing Cloud gave her.

It was a large cloak with a green dress, two cute antlers on her head, as well as a string of bells on her waist.

She knew that she was very cute, but she didn't know she would light up someone's world the instant she logged on.

He never thought that the incomparably arrogant her in the game would actually buy a 'Gender Changing Card'. He just felt that the moment he saw her, it touched the softest part of his heart.

Mu Qian Liu in front of the computer didn't think at all before he used the princess carry on her.....

Princess carry kiss!

Un, not bad. This scene was much more harmonious.

A young swordsman in fire red clothes hugging an adorable little loli. Could words describe something this beautiful?

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

Powerful, my little loli!

Luo Qing Chen looked at her cute appearance in the game as she heard the system's notification! She deeply realized that the 100 RMB for the 'Gender Changing Card' was not spent in vain.

[Horn] Eastern Painted Brocaded Dust: Right click my image and see last year's Christmas set, none will be cheated! (O(n\_n)O) .

Without knowing why, she just wanted to act cute. She wanted to see Demonic Year Young Master's reaction, she wanted to see all the onlookers' expressions.

Her heart was beating like a little deer running. Without knowing why, she was suddenly looking forward to it.

[World] White Windmill: Damn! Damn! Damn! What is this situation? Great God Eastern Painted changed characters?

[World] Star in the Night: (Stunned look), turned into a loli?

[World] Little Bunny in the Zoo: So cute! This loli is so cute and her clothes are so pretty! Ying, ying, ying, bunny loves it so much!

[World] Little Bean: Didn't Great God Eastern Painted say that he loved men!

[World] Candy Consort: I always thought it was casually said! God, this is breaking it?

Pu—Luo Qing Chen: The words of those onlookers are still quite sharp!

[Horn] Demonic Year Young Master: So disgusting, I really want to puke!

[Horn] Listen to the Wind Blowing: What? Young Master Shameless, you're pregnant? Ha, ha, who is it from?

[Horn] Demonic Year Young Master: Are you even a man? Don't talk about my wife or father will cut you up.

[Horn] Cold Moon Heaven Light: A guild that can't even keep a single [Central State], you're not embarrassed to talk about cutting people down!

[Horn] Flashy Wind Reliant Sword: The Territory Battle isn't over yet, Cold Moon, aren't you saying this a little too early?

The Flashy Wind Reliant Sword from the horn was the Light Blade who was fourth on the battle rankings, who had first class skills. Other than losing to Thousand Snow Flowing Cloud in terms of battle strength, he wasn't inferior in other aspects.

He was the commander of «Sword World». He wasn't arrogant at all and was a rather lowkey person.

[Horn] Cold Moon Heaven Light: I am at [Ancestral Dragon] waiting for you.

Ancestral Dragon was where his guild's flap was inserted, which was also the center of [Central State]

There were only five minutes left before the Territory Battle ended. But when «Drunken Dream Land» thought they had won, Flashy Wind Reliant Sword used the [Team Summon] Skill and opened a hidden portal in [Central State]

In that instant, three large teams from «Sword World» of one hundred and fifty people appeared in [Central State Ancestral Dragon].

### **Chapter 153: Game god's explosive agreement (Part 28)**

[Team] Eastern Painted Brocaded Dust: Quickly summon the party.

The Party Summon was as the name suggested, it was the ability to summon one's party members in one's team. At this time, the first team's Sweet Smile and the second team's Cold Moon Heaven Light were in the [Central State Ancestral Dragon], as long as one of them made the summon, the person called summon the next person.

Each person's summon cooldown was fifteen minutes.

[Team] Thousand Snow Flowing Cloud: Sweet, summon me.

After that——

[System] Thousand Snow Flow Cloud has used the [Party Summon] skill to call you to his side. Yes/no?

The instant Luo Qing Chen pressed yes, she found that they were standing on the roof of the Ancestral Dragon roof, with a dense crowd of red named enemies under them.

The «Drunken Dream Land» flag had already been inserted into [Central State Ancestral Dragon], so there was a protective function. When the «Drunken Dream Land» guild turned on this protective function, [Central State Ancestral Dragon] couldn't be attacked for a minute.

[Team] Cold Moon Heaven Light: We have less than twenty people now, how will we fight?

[Team] Thousand Snow Flowing Cloud: There is still thirty seconds left of the protection time.

[Team] Sweet Smile: The team needs at least two minutes to fly from the Imperial Capital to Ancestral Dragon, this means we need to hold here for a minute and a half.

[Team] Warm Glowing Flower Wall: So difficult!

[Team] Eastern Painted Brocaded Dust: There is no harm in trying.

As soon as her voice fell, Luo Qing Chen calculated that the [Ancestral Dragon] protection time was over. She directly cast [Void Flow] at the most prominent Flashy Wind Reliant Sword to switch places with him.

Thousand Snow Flowing Cloud understood her thoughts, exploding Flashy Wind Reliant Sword as soon as he appeared. Cold Moon Heaven Light and Sweet Smile quickly joined the battle.

In less than ten seconds, with the use of various CC skills and the fact that there were no enemy Nurses, Flashy Wind Reliant Sword didn't make a single move before he was knocked to the ground.

Luo Qing Chen's eyes were quite sharp. Killing the enemy commander first, not letting the commander see the situation and being unable to make the most accurate decisions.

For example, at this time.....

The instant she appeared with the [Void Flow], she opened the formation outside [Ancestral Dragon]. She never thought that when the enemy experts saw a red dressed loli appear, they would chase her like they had gone crazy.

Half of them stopped after chasing off the platform and the other half didn't let Luo Qing Chen off.

Since the other side's people had high battle power, although she had already used many dodge skills, she was still accidentally hit by several slow skills of the enemy.

She saw a group of people using Three Star Unparalleled skills on her, like they were afraid they couldn't kill her. They were being this ruthless, they didn't hold back because she was a fire red loli at all!

Luo Qing Chen knew that she couldn't run, so she instantly cast [Invincible Nirvana] to stall this group of experts for a while.

After the skill ended, she took two big moves in a row. After using the [Soul Mirror] to remove the CC on her, she took a step back. There was only around a thousand HP left in the HP bar above her head.

She felt that even if Thousand Snow Flowing Cloud appeared by her side, she would definitely die.

A system notification gave her hope!

[System] Thousand Snow Flowing Cloud has used the [Life and Death] Skill to summon you to his side. Yes/no?

The moment she pressed yes, the experts surrounding her had disappeared!

As soon as Thousand Snow Flowing Cloud summoned her to his side, her HP was instantly healed up by Warm Glowing Flower Wall.

She felt her scalp itch because there was a dense pile of corpses under her feet. In front were seventy-eighty red names and the group of experts that chased her just now were probably on their way back.

This really was being snatched from the jaws of death from an army of ten thousand. Without knowing why, she was actually a bit nervous.

[Contract] Thousand Snow Flowing Cloud: I will protect you.

In a long time in the future, she would remember the first time Thousand Snow Flowing Cloud said this to her. She just felt a feeling of being deeply moved.

### **Chapter 154: Game god's explosive agreement (Part 29)**

Luo Qing Chen didn't have time to type anything in response, the enemies was already charging at them.

Their first target were still the Nurses.

Sweet Smile, Warm Glowing Flower Wall, as well as Life Written in Water.

If they focused mainly on attacking, in less than thirty seconds, they would have all been beaten. However, if they defended with the Nurses protecting them, they could stall for a minute.

But if it was like this, it was very easy for the enemies to stop them from inserting their guild flag into the Ancestral Dragon.

The method of taking points in Territory Battles was like in the battlefield. The person taking the point couldn't use any skills and they needed to stay there for five minutes.

When she saw that Ancestral Dragon was about to change colours, Luo Qing Chen's fingers quickly pressed down on [Void Flow] on her keyboard. She locked onto the person taking the point among several dozen people and changed positions.

It didn't matter how long it was, taking back five seconds was still five seconds!

A group of people who wanted her head surrounded her and the rest of her team were protecting the three Nurses. Only Thousand Snow Flowing Cloud was charging to her side.

He was stuffed with Rage Pills and firmly stood in the center of Ancestral Dragon, as he released a golden red glow from all over his body.

It was like saying, as long as anyone dared to take a step forward, he would instantly release the [Thousand Flashy Scattered Blades]. He would only leave a pile of corpses and a single back.

[Nearby] Demonic Year Young Master: Kill your way in for me.

After that, Demonic Year Young Master sent a Heavenly Flame Profound Ice Fall. The two of them immediately disappeared and they were only heading in one direction, which was at Demonic Year Young Master.

After all, Demonic Year Young Master was standing there without moving, so he should probably be typing?

Thousand Snow Flowing Cloud didn't even think as he sent a large move at him, sending him flying without a single bit of mercy.

Luo Qing Chen in front of the computer slightly raised a brow. She could feel a kind of killing intent that was coming from Thousand Snow Flowing Cloud, it was absolutely terrifying.

[Nearby] Demonic Year Young Master: I'm going to fuck your mom!

Life Written in Water not far away noticed that they were both at a sliver of health, so she directly used a [Thousand Lotus Leaf Dance]. It was like there were two skates under her feet as she charged at the two of them.

There was a green light that surrounded them, healing them to full. But the enemy were not fools and a group of people went forward to lock her with CC. They cut off her skill and sent large moves into her face, killing her.

This entire process took less than two minutes and even Luo Qing Chen didn't have time to react.

After that, Cold Moon Heaven Light charged into this group of people to release the [Heavenly Flame Profound Ice Fall]. There were only two 'peng, peng' sounds as the scene became vivid. Countless icicles fell down in the direction Life Written in Water fell and the people who killed her all fell to the ground.

Although Cold Moon Heaven Light was playing the same class as Demonic Year Young Master, both being Void Jades, their point distribution was different.

Demonic Year Young Master purely increased his attack power, while Cold Moon Heaven Light focused on crit damage and defense penetration.

This meant that Demonic Year Young Master's small skills hurt quite a bit, but his big moves were quite weak.

As for this [Heavenly Flame Profound Ice Fall] from Cold Moon Heaven Light, it had 100% crit chance and adding in the defense penetration, its might was simply terrifying.

[Horn] Cold Moon Heaven Light: Daring to hit my Nurse, you don't want to live? Come all together!

When the enemies were prepared to charge at him, the large team from «Drunken Dream Land» arrived.

Because they didn't deal with Thousand Snow Flowing Cloud's group from before, once they arrived, they were completely crushed. Everyone was killed and they kept [Central State Ancestral Dragon].

After three minutes, the Territory Battle ended. «Drunken Dream Land» had taken the two large points [Central State] and [Rock Hammer]

At that point, tonight's «Like Summer Flowers» server lit up for them.

### **Chapter 155: Game god's explosive agreement (Part 30)**

In that moment, the world exploded.

[World] Star in the Night: Congratulations «Drunken Dream Land».

[World] Listen to the Wind Blowing: Congratulations «Drunken Dream Land» +10086.

[World] Normally Love Dreaming: Great God Eastern Painted is so strong! This is her first Territory Battle with «Drunken Dream Land» and «Drunken Dream Land» took two large points.

[World] Demonic Year Young Master: Why are you so excited? If it wasn't for the fact father was busy with a goddess, could this transvestite have taken the point? You really are making this young master lose his teeth from laughing.

Pu. Luo Qing Chen thought: These words from Bai Yan Nian must be crazy words!

If one day he knew that the goddess he mentioned was the same person as the transvestite, his face would probably go green from rage!

[The system thinks so too!]

System, weren't you eating his rice?

[This system does not eat rice!] The system thought that if it wasn't turned into a pile of scraps by a certain person one day, it would be angered to death by its host!

Oh!

Luo Qing Chen deliberately gave a casual nod, giving her system the cold shoulder.

She just sat there, looking over the high rewards of the Territory Battle while watching «Sword World»'s commander's words in the horn channel.

[Horn] Flashy Wind Reliant Sword: Selling this account. A Light Blade with four hundred and eighty five thousand battle power and three empty character slots. Now for sale.

[World] Sure Death King: Yi? «Sword World»'s commander wants to sell his account?

[World] Different Firework: For shame! Great God Flashy Wind is considered an expert and I think there is no problem with his command. There has to be a problem with «Sword World»!

[Horn] Demonic Year Young Master: Flashy Wind, what is the meaning of this?

[Horn] Flashy Wind Reliant Sword: I just don't want to play anymore.

[Horn] Demonic Year Young Master: He, he, truly laughable. You only have this bit of skill.

[World] Flashy Wind Reliant Sword: Because it's a bit long, I'm sending this message in the world chat. Everyone knows that I joined «Sword World» earlier than you. Everyone also knows that being the commander has a salary and that salary isn't low. The last guild master gave me a salary of ten thousand each month, but after he sold his account, I didn't want to stay either. But I am an old member of «Sword World» and had some affection for the guild, so I still stayed. Moreover, this time wasn't short, it was an entire half a year. During this time, Demonic Year Young Master, of the commander salary you promised me, you haven't given me a single cent.

[World] Rain God: Damn! Flashy Wind hasn't been paid?

[World] Candy Consort: Doesn't Demonic Year Young Master keep saying that he's a rich second generation? How can you skimp on your commander's pay! Shameless! ( ͡° ͜ʖ ͡° )

[Horn] Flashy Wind Reliant Sword: Many thanks to all the old members of «Sword World», after all, this is still partly my fault. The reason why the previous guild master sold his account, everyone should know already.

[World] Only Loving Beautiful Legs: My god! So that means Demonic Year Young Master really stole the contracted of «Sword World»'s previous guild master Song of Adoration, so Song of Adoration quite the game?

[Horn] Demonic Year Young Master: You only know how to frame people.

[Horn] Flashy Wind Reliant Sword: Everyone already knows about this matter.

The crowd in the world and horn chat were all shocked by this matter. Luo Qing Chen was secretly laughing in front of her computer.

Simply! Deserving!

If she was at the company now, she would definitely charge to Bai Yan Nian and ask, how did it feel to be targeted by everyone?

[Contract] Thousand Snow Flowing Cloud: Have you received invitation for «Heavenly Sword»'s one year anniversary?

Mu Qian Liu on the other side of the computer had his assistant check this over. «Heavenly Sword» was holding an one year anniversary meeting for experts and Luo Qing Chen was on the list.

Luo Qing Chen saw this sentence and her lips couldn't help curling. This great god was asking her out?

[Contract] Eastern Painted Brocaded Dust: I got it! I'm going!

## Chapter 156: Game god's explosive agreement (Part 31)

«Heavenly Sword»'s anniversary celebration invited the top three player from each server and each player could bring a friend with them.

Luo Qing Chen was of course planning to bring Ye Qing Mo, so who was Thousand Snow Flowing Cloud planning to bring?

Thinking of this, she couldn't help thinking of the side mission the system gave her. This mission without a single lead.

[Contract] Eastern Painted Brocaded Dust: That, can't you bring someone? Who are you bringing?

[Contract] Thousand Snow Flowing Cloud: Who do you want me to bring?

Ya! This great god's words were a bit interesting!

Luo Qing Chen thought about it and decided not to play around, directly typing a few words on the keyboard.

[Contract] Eastern Painted Brocaded Dust: Bring Cold Moon, alright?

[Contract] Thousand Snow Flowing Cloud: Alright.

[Contract] Eastern Painted Brocaded Dust: Great god, you're agreeing just like this. Don't you need to ask Cold Moon first?

[Contract] Thousand Snow Flowing Cloud: No need, he was begging me to bring him before.

Pu! Seeing these words from Thousand Snow Flowing Cloud, Luo Qing Chen couldn't help laughing.

It seemed like it seemed like they were thinking of going together.

Although her mission completion rate was only 50%, the feeling she received in this plane was not the same.

At least it was very warm.

When this feeling filled her heart, Warm Glowing Flower Wall's message in the guild chat made her flustered.

[Guild] Warm Glowing Flower Wall: Thousand Snow, are you there? Why didn't you respond at all when I messaged you!

[Guild] Thousand Snow Flowing Cloud: Un, what happened?

[Guild] Warm Glowing Flower Wall: Sweet doesn't seem too happy, she was crying in YY.....

For a wild, there was a deathly silence in the guild chat.

Only until Thousand Snow Flowing Cloud sent a message.

[Guild] Thousand Snow Flowing Cloud: Un, understood.

Luo Qing Chen was not a fool, naturally she could see that Sweet Smile was interested in Thousand Snow Flowing Cloud.

But she really was sorry about this, since she had come first.

But she never thought that the person who looked for her a few minutes later was not Thousand Snow Flowing Cloud, but rather Sweet Smile.

[PM] Sweet Smile: Great God Eastern Painted, are you there?

Then again, she didn't feel anything against this Nurse to begin with. It wasn't like she was a girl who had the local tyrants buy her everything, rather she was a girl that had first rate skills and was a bit aloof.

[PM] Eastern Painted Brocaded Dust: Un, I'm here.

[PM] Sweet Smile: I'm very sorry for bothering you, it seems like I said something wrong just now that made Thousand Snow unhappy. He should like you very much, so help me say something to him later on. What I just said to him was all empty talk, please don't put it in your heart.

Luo Qing Chen heard these words that couldn't be more roundabout and was a bit confused. She was really glad that she was a girl and her thoughts were mostly like that of Sweet Smile, or she wouldn't have understood most of what she had said!

[PM] Eastern Painted Brocaded Dust: Un! So, what did you want to talk about? Ha, ha, it wouldn't be.....

[PM] Sweet Smile: .....Don't say it! I already feel very embarrassed.....That, Great God Eastern Painted, your loli is very cute.

Luo Qing Chen raised a brow in front of her computer. She suddenly felt that the feeling Sweet Smile gave people was really good!

[PM] Eastern Painted Brocaded Dust, Un, thank you. Also, I will convey what you want me to convey.

[PM] Sweet Smile: Thank you Great God Eastern Painted! Then.....There is still something else I want to say.....

[PM] Eastern Painted Brocaded Dust: What is it?

[PM] Sweet Smile: That.....I am also a fujoshi. Couple pairing between men are pretty good!

Pu——Luo Qing Chen: This really is a direct girl!

### **Chapter 157: Game god's explosive agreement (Part 32)**

After exhausting herself with the Territory Battle, Luo Qing Chen didn't even want to do her dailies. After saying good night to the great god, she crawled into her bed and went to sleep.

When she went to the office the next morning, when she was standing in the elevator, she saw a man and a woman running towards her.

The two seemed to enter the elevator at the same time and then there was a "Ding——" sound.

It was overloaded!

“Don’t you understand the old should care for the young?” Bai Yan Nian saw Ye Ying Ge with rolling long hair, her long red dress, and her peach blossom pink high heels and he spoke in a voice filled with disdain.

“Don’t you understand ladies first?” Ye Ying Ge had already learned to deal with Bai Yan Nian’s tone. She rolled her eyes and crossed her arms across her chest, not planning to get out at all.

“Hey, one of you get out!”

“What is going on!?”

The other people in the elevator were impatient hearing their words, after all, they were all people rushing to work. If they were delayed by a few minutes, they would probably be late.

Luo Qing Chen was standing in the back and she held back a laugh. She watched this embarrassing display like it didn’t matter to her at all.

“You really are a vulgar woman!” Bai Yan Nian spat out. He deliberately tilted his body and spilled the coffee he had just bought onto Ye Ying Ge before walking out of the elevator.

“Ah——” Ye Ying Ge jumped back before she angrily cursed Bai Yan Nian while pointing her finger at him, “Little brat, you just wait!”

Bai Yan Nian just stuffed his hands into his pocket before looking back at her. He disdainfully shrugged his shoulders and said, “A cup of fragrant coffee was spilled in such a dirty place, it really is a waste.”

“You.....” Ye Ying Ge wanted to say something else, but the doors to the elevator had already closed.

After two-three minutes, the people in the elevator continued walking out. There was only Luo Qing Chen and Ye Ying Ge left in the elevator, they seemed to be heading to the same floor.

“Hey, are you from the design department?” Ye Ying Ge was wiping the coffee off herself while snappily saying to Luo Qing Chen, “Go to the general department to change into my spare clothes and leave your coat for me, quickly.”

Luo Qing Chen immediately revealed a confused look, alright? Was this mentally handicapped person talking to her?

“Hey, are you deaf? Can you not hear me?”

She just saw Luo Qing Chen reveal an awkward expression the second time around. She turned her head and her lips curled slightly as she said, “Alright!”

After saying this, she had a cute smile as she pulled down the zipper on Ye Ying Ge’s back. Her dress came down and she was down to her underwear.

She picked up the dress and her smile became even wider.

After that, she pressed the button to open the elevator door. Without saying a thing, she jumped out of the elevator.

When Ye Ying Ge inside the elevator saw the door open, she took a step back like she was afraid of the light.

“You.....What are you doing?” Ye Ying Ge never thought that an intern from the design department dared do this to her. She pointed right at her and said, “Leave the clothes!”

“No, no, no!” Luo Qing Chen made a petty face at her before saying, “If you have the skills, chase me!”

She planned on not doing anything and acting aloof, but the supporting female lead came to her own death, so there was no blaming her.

“You just wait for this old lady!” Ye Ying Ge said through gritted teeth, “You should plan on packing up and leaving by tomorrow!”

“Oh?” Luo Qing Chen slightly raised a brow and looked at the embarrassed Ye Ying Ge with a smile as she said, “I’m waiting for you.”

Her heart could only be described with one word.

### **Chapter 158: Game god’s explosive agreement (Part 33)**

Luo Qing Chen hung Ye Ying Ge’s dress in a random hallway before heading towards her office.

Who would have thought that as soon as she arrived, she would see the person she blew off last night.

He dared to come early in the morning to block her!

Xiao Chun from the same department quickly ran over when she saw her. She looked at her with a worried expression and said, “That Bai Yan Nian who asked you out yesterday seems quite angry. Later, have a proper talk with him.”

Hearing the tone Xiao Chun was speaking to her in, she really wanted to laugh. It was like she was a couple with Bai Yan Nian! She had stood him up and she had to ask for forgiveness!

Please! She was the one being chased alright? Did she need to apologize to the one who loved her?

In Bai Yan Nian’s heart, she wasn’t someone that he truly loved. At most, she was just a pretty vase that he brought out to give himself face.

“Morning!” She just uncaringly went to her desk and opened her KFC breakfast while turning on her computer. She didn’t even spare a glance for Bai Yan Nian beside her.

Bai Yan Nian had come to the design department filled with anger looking for Luo Qing Chen, wanting to see how she pitifully apologized to him.

But reality was completely different from what he imagined. Luo Qing Chen not only didn’t mention last night’s matters, she looked like she didn’t care at all.

Being ignored like this, his words were choked back into his throat and he swallowed them down. After a few seconds, his words changed into——

“Luo Qing Chen, did you have something last night, so you didn’t come?”

Hearing what Bai Yan Nian said, Luo Qing Chen’s heart was filled with indescribable pleasure!

“Ke, ke—” She slightly looked up and a pair of clear eyes looked at Bai Yan Nian as she said with two coughs, “I wasn’t feeling well yesterday, so I took time off from yesterday’s overtime. I went fell asleep on the sofa after going home to showed. I’m sorry, I caused you to wait in vain.”

By normal logic, she normally wouldn’t have acted weak! After all, she felt that she was very strong! But acting weak in this scenario was the normal route.

#When the other side is filled with anger, they still need to apologize to you#

Bai Yan Nian was stunned. Looking at her somewhat pale face, he felt he had gone a bit overboard. When he had just came over, he seemed to have heard Xiao Chun mention that she took last night off because she was sick.

Ai, it was all his fault! If he didn’t ask her out, she wouldn’t have had to go eat while her body was sick.

“It was all my fault, I was too careless!” Bai Yan Nian scratched his golden hair as he said with a smile, “I wonder if I can have another chance to have a meal with Qing Chen in the future.....”

“Of course.....”

[System notification: The bystander is nearby.] When she wanted to keep standing him up, the system’s notification rang in her head and cut her off!

God, you scared this treasure to death, alright?

The system helplessly made a non-existent bitter look. It had reminded her this time because the host had always reprimanded her for not reminding her beforehand, so it decided to be a good system and remind her so she doesn’t lose affection!

Luo Qing Chen knew that Mu Qian Liu was near, so she sat up straight. She sat in a daze for a bit and acted like she was in thought before saying with a nod, “Of course not. It’s mainly because the design department has been very busy lately and everyone has to work overtime, I’m afraid I don’t have time.”

“That’s right, I’ve heard that your department’s «Heavenly Sword» is releasing a new job!” Luo Qing Chen could clearly tell that when mentioning «Heavenly Sword», there was a glow in Bai Yan Nian’s eyes.

It was a glow of self confidence!

But Luo Qing Chen really didn’t know where that confidence came from, alright!?

## **Chapter 159: Game god’s explosive agreement (Part 34)**

“Ding dong—” An email was sent into their mailboxes at the same time.

When Luo Qing Chen opened the email, her eyes lit up and her lips curled into a smile.

To all V Group employees: In order to better develop the game «Heavenly Sword», the development department will be calling a meeting today at two and will be holding an internal competition for players of the company. The champion will win five thousand RMB, second place will receive three thousand RMB, and third place will receive one thousand RMB. The registration deadline will be today at noon and we hope that everyone will participate.

“Ha, ha——” Bai Yan Nian looked at the email he had received at the same time on his phone and he couldn’t help feeling excited and wanting to laugh into the sky.

This was simply a competition made for him. Although he didn’t dare say his skills were the best in the server, at least he was number one in the V Group. This champion bonus was like a sure thing, it was too simple!

It could be that he was laughing too much and it attracted the curious gazes of everyone around him.

“Qing Chen, are you busy this afternoon?” This place to show off, naturally he had to let his goddess watch.

The bonus and the goddess were all his, it was like the heavens were helping him!

“You want me to watch the competition?” Luo Qing Chen slightly looked up with a faint smile on her lips.

Luo Qing Chen was holding back the smile on her face when she saw his confident look, pretending to be calm.

“Qing Chen is smart.” Bai Yan Nian said with a confident smile, “If you come and watch me compete, perhaps you’ll see a different me.”

She couldn’t help laughing in her heart, after all, the different him that Bai Yan Nian, she had already seen it many times, alright?

“As the designer for the new job, I also want to sign up and watch.” Luo Qing Chen slightly moved her finger, tapping on the reply button on the email.

When she said this, Bai Yan Nian was stunned. He never thought that Luo Qing Chen would actually participate in this kind of gaming activity.

Didn’t goddesses like to shop, watch movies, and buy clothes?

“Alright!” Bai Yan Nian nodded with a faint smile as he said, “If anyone bullies you, I’ll help you destroy them!”

Pu, this treasure doesn’t need a cripple like you, alright?

But naturally she silently kept these words in her heart, as she smiled at Bai Yan Nian and said, “We’ll see!”

Less than an hour after Bai Yan Nian left, Ye Ying Ge angrily ran to the design department to get even with Luo Qing Chen.

At the same time, Mu Qian Liu saw Ye Ying Ge in the hallway, so he followed her to the design department.

“Luo Qing Chen is it. You just wait for this old lady.....” Before she could finish her words, she was frozen on the spot.

She saw Mu Qian Liu standing behind Luo Qing Chen, looking right at her.

Luo Qing Chen wasn't even aware in that moment. Only when she turned in the direction of Ye Ying Ge's voice did she see Mu Qian Liu standing behind her.

Her heart skipped a beat. When she took a deep breath, she could smell the faint fragrance coming from him.

“Mu.....Director Mu!” Ye Ying Ge had a very awkward look on her face since everyone from the design department was looking at her with knitted brows.

Mu Qian Liu's hands were in his pockets. Standing in front of Luo Qing Chen, there was a faint glow in his eyes, as a cold aura that made people afraid to approach was released from him.

“That.....That Bai Yan Nian dirtied my clothes today! The one surnamed Luo actually.....my clothes.....” She didn't speak in complete sentences and couldn't explain the situation at all. She was just standing there alone, like a little clown.

“Un.” Mu Qian Liu's dangerous glowing eyes narrowed and like a horn of death, he said, “You don't need to come in tomorrow.”

!

Everyone in the design department was instantly stunned, including Luo Qing Chen behind him!

### **Chapter 160: Game god's explosive agreement (Part 35)**

“Mu.....Director Mu.” Ye Ying Ge wanted to say something, but she had already been asked to leave by Mu Qian Liu's beautiful secretary.

After Ye Ying Ge left, the leader of the design department quickly came over to give a polite nod and said with a smile, “Is director Mu here today to see the design for the new job?”

“No, I'm here to see someone.” His lips slightly curled, forming an elegant smile. He walked to the door and left a confident back behind him.

Luo Qing Chen looked at this back for a while before her lips curled into a sweet smile.

“It can't be that we did something wrong, right?” Xiao Chun was a bit nervous seeing this. This was her first time seeing director Mu coming to the design department, normally it would be very hard to see him.

The design department manager also had a confused look and their face was a bit pale. They quickly said to everyone, “Our supervisor is out on a trip right now, so the design department is being managed

by the big boss. Everyone needs to be a bit more attentive, otherwise today's Ye Ying Ge will be you tomorrow."

Without knowing why, when she heard the leader's serious words, she felt.....

It was funny!

This was because she knew that Mu Qian Liu had fired Ye Ying Ge for her.

That's right! This was confidence.

At noon, she and Xiao Chun bought some sandwiches and headed to company rest area. It had to be said, the V Group was quite good in how they treated their employees.

The [Internet Rest Room] had everything. Computers, sofas, and sodas and beverages, it was no different from a high class internet cafe.

As expected, the people who entered this company didn't want to leave it!

The competition started at two and it's said that there were over a hundred people who were participating. In the end, the matches were being decided by draws.

Luo Qing Chen had been drawn to face Huo Yan from the audio department. She didn't know what kind of person this was, but she wasn't afraid at all.

"Qing Chen——" From not far away, a familiar voice that she didn't want to hear rang in her ears. She slightly knit her brows and very unwillingly turned around.

"Un." She gave a nod and her smile was a bit awkward. Bai Yan Nian in front of her didn't see it at all, rather he was enraptured in his own words.

"Although you are an original designer of the game, this game is not that simple! Whether it is your own skills or how you link your skills, it is very important." Bai Yan Nian had a serious face like he was a great god. If she didn't know what kind of person he was, she might have really been fooled by him.

"So?" She slightly raised her brow as her lips curled into a smile, looking like she didn't care at all.

Bai Yan Nian was stunned. He couldn't react at all to Luo Qing Chen's uncaring word at all.

In his heart, shouldn't have Luo Qing Chen said that she just casually played a bit because she thought it was fun? Or it's good that you can play well, I'm just having fun? Or even, I just want to see your performance.....

But no matter what the response was, she shouldn't have answered with this contemptuous 'so'!

After a while, he said with an awkward smile, "I will protect you, don't worry."

"Thank you, but I really don't need it." After saying this, Luo Qing Chen walked towards the competition stage without even turning back.

She had a faint smile of contempt as she walked away, as well as leaving a cold and indifferent back.

Bai Yan Nian shouted in rage in his heart! He secretly gritted his teeth as he thought, you'll see how handsome this brother is later!

She sat beneath the stage and was surrounded by men. There were only duels on the stage. This kind of battle wasn't like a team battle, there weren't any Nurses, so the fights went by quite quickly.

A single duel took less than three minutes and the winner advanced.
