Chapter 1521: Foolish ruler in the way: How many times do you want to be assassinated? (Part 5)

"Have you already thought of the route?" Luo Qing Chen narrowed her eyes, "It's impossible to take the official roads."

"No, we didn't organize our troops when we assassinated that damn emperor. Now it is different, the people are panicking, so there is a large chance for us to fill this void!" Yan Yu Meng look up to say, "Qing'er, you have the greatest merit this time, you must take the lead when the time comes!"

Luo Qing Chen heard this and couldn't help giving a soft snort as she said with a faint smile, "Alright!"

In the three days of preparation, she studied the map from the Northern Wilderness to Long Peace.

The people of the court would definitely be able to find them once they went past the Mountain Sea Pass. Yan Yu Meng wanted her to take the lead while he wrapped around to the south.

Luo Qing Chen couldn't help feeling emotional over how heavy this person's mind was. Once they failed, there was a way to escape to the south, but she could only die on the battlefield.

This scene not only made her think of the brothers of the great khan and how they had killed their khan.

Of course, the memories that she had were the memories the previous host had in another world.

After a while, she had a high awareness of these interconnected world.

System, the male lead's poison should be called the Forgotten River Flower, what is the antidote?

According to the previous host's memories, she thought that there was no antidote.

Thinking about it now, it really.....is ruthless.

[There is no antidote.]

?

Are you teasing me?

[But the system has it!]

.....

[This antidote was a gift for when the host came to this world.]

Then why didn't you give it to me?

[You never asked the system before!]

.....

[Ding, the Heavenly Branch Pill has been put in the host's storage space.]

It was a good thing that system wasn't too cruel to her.

If the male lead died in just a month, she really would be wronged!

Three days later, the Northern Wilderness sent out twenty thousand troops to the court in the name of restoring the country.

General Wen De's hundred thousand troops were behind the Mountain Sea Pass and Yan Yu Meng planned on escaping.

It was a pity that that escape route had been blown up by Luo Qing Chen with explosives.

So the princes of those small countries were all caught and the twenty thousand soldiers surrendered.

In the cell, Luo Qing Chen tapped her right finger on the table out of habit.

Yan Yu Meng roared out in the opposite cell, "There must be a traitor among us, who is it? If you let me find out, I will definitely make sure that they'll be buried with me!"

"It was me." Luo Qing Chen said with a faint smile, "But I think that there's no chance of letting me die with you."

"You?" Yan Yu Meng looked at her in disbelief as his eyes almost popped out!

How could that be possible? That person had poisoned Lin Nan Yi, why would she do this!

"I wrote the secret letter and I destroyed the escape path, I can tell you why if you want to ask." She narrowed her cold eyes and said with a faint smile, "I wanted to do it."

"Luo Qing Chen! You ungrateful villain! If it wasn't for me, you would have been locked in the palace! How can you be this despicable!" Yan Yu Meng roared out as his body trembled with rage.

"Ungrateful?" Luo Qing Chen narrowed her eyes and said with a cold smile, "You all worked together to surround our Glazed Glass Country, did I owe you anything? Then again, I was living quite well in the palace, having all my needs met!"

Chapter 1522: Foolish ruler in the way: How many times do you want to be assassinated? (Part 6)

A certain person standing in the corner of the prison had their hand crossed as a faint sparkle appeared in their deep eyes.

Half an hour later, Wen De came to the prison.

"Your highness....." He cupped his hands and said, "King Pacifying West invites you for a visit."

Wen De had spoken to her with respect. Even in the prison, there wasn't a single trace of disrespect.

The reason was very simple. When the previous host had been in the palace, there was nothing that she couldn't get.

As long as she didn't like someone, there was no life for them.

Wen De had suffered this loss for failing to deliver fresh grapes to this captive princess and had been locked up for three months.

There was one thought that he had: Foolish ruler, ah foolish ruler!

Of course, it wasn't only Wen De who had this thought, there were many who had the same thought.

After suffering from this captive princess, everyone didn't know what made the emperor this enamoured other than her nation collapsing beauty.

In the Cold West Hall, there was a faint fragrance in the air.

The one sitting above was a man in a blue robe. He had very delicate features which made him look like an immortal.

"Just what do you want to do?" He looked at her with a confused look in his dark eyes.

She had poisoned him, she was the one who killed his big brother.

But she also wrote the secret letter and blocked the escape path, so he couldn't understand just what she wanted.

"I want to see your big brother." She pursed her lips, speaking in a cold tone.

Lin Dong Xue was surprised. He had seen this girl many times and her pride was even greater than his.

It was as if this world would follow her.

But right now, there was a dark look that he couldn't see through in her eyes. Those narrowed eyes felt like it could see through everything in this world.

"He doesn't want to see you." Lin Dong Xue narrowed his brows as his voice was filled with a cold tone.

When she heard this, she could feel her fingers tremble.

Lin Dong Xue had a strange hostility towards her, like he wanted to know something about her.

For example, her thoughts.

"He knows I'm here?" She narrowed her eyes without a single ripple in her voice.

Perhaps Lin Nan Yi was only gradually fading under the poison, he wasn't completely in a coma.

Then why would he send her to the prison after knowing she was back.....

It can't be that he gave up on her, right!

"Yes." Lin Dong Xue narrowed his cold eyes, saying without a single bit of warmth in his eyes, "Do you think that he should see you."

"Not should." She suddenly looked up and said, "It's must see me."

—

An hour later, she was wearing a light coloured phoenix dress and a purple flower pin was inserted in her long hair.

A pair of cloud embroidered shoes walked across the snow and with the cold wind, her face was a bit pale.

No one knew the ingredients of the antidote the system gave her, but there was only one.

But with her current status, no one would give her the chance and no one would think that she would have this antidote.

Lin Dong Xue knew that there was no cure for his big brother, he would definitely die in a month.

As his little brother, he knew what he wanted the most. He was afraid of being alone in the underworld, so he wanted all the women in the harem to be buried with him.

But if the most suitable person appeared and wanted to die with him, wasn't that for the best?

Chapter 1523: Foolish ruler in the way: How many times do you want to be assassinated? (Part 7)

Luo Qing Chen lowered her head, seeing a purple line at her pulse which was the poison Lin Dong Xue gave her.

Otherwise, she wouldn't have a chance to see Lin Nan Yi.

She knew what Lin Dong Xue was thinking, but she didn't have time.

In the Supreme Harmony Hall, his sleeping quarters.

She had the gold token that Lin Dong Xue gave her. The guards all stopped her with a terrified look and even when she took out the gold token, the imperial guards didn't immediately let her through.

"You should know very clearly that your emperor won't last long." She looked up and said, "I poisoned him, so how do you know I don't have the antidote?"

It had to be said, Lin Nan Yi's imperial guards were indeed very loyal. She was holding the next emperor's personal token, but the guards still stopped her.

"You will save our emperor?" Gu Feng gave a cold snort, "Would you do it?"

"I said it again, only I have the antidote to the Forgotten River Flower." Her eyes didn't have a trace of warmth as she looked at Gu Feng in front of her.

Gu Feng was surprised as he knitted his brows, feeling a bit strange.

He had met this hostage princess before, since he and Wen De suffered the most at her hands.

He still remembered when Lin Nan Yi had a meeting with an envoy, she only used a single sentence.

An imperial guard like him ran around the capital all day with a girl like her.

She even complained to Lin Nan Yi when they came back, saying that he didn't smile when he was with her.

His salary had been cut in half and it still hadn't recovered now.

Her appearance made him feel like the cold emperor was showing his 'foolish ruler' side for the first time.

For a hostage princess.....

This girl had never been moved. After she entered the palace, she only had a single goal, to kill the 'foolish ruler' who indulged her.

"The emperor is already very tired from the poison, you should be satisfied." Gu Feng pulled out his blade and put it on Luo Qing Chen's shoulder, "Please leave, or I can't guarantee that I won't be able to stop myself from killing you."

Luo Qing Chen narrowed her eyes and slowly put her right hand behind her as she said, "Then I'm sorry, I have to see him tonight."

When she was about to pull the Phoenix Dance Sword out, the hall of the Supreme Harmony Hall suddenly opened.

"Guard Gu, the emperor wants you to leave first." The maid gave Luo Qing Chen a bow, "Your highness, please come with me....."

"Don't bring her in." Gu Feng gritted his teeth as his heart filled with unwillingness.

He had been with Lin Nan Yi since he was ten years old, he could be considered an old friend of his.

That aloof emperor had been tortured so much by this girl in front of him.....

He couldn't take it, so even if she had the gold token in her hand, he went against his orders and stopped her.

"Guard Gu." The maid looked at him and said, "As subordinates, don't forget our place."

As soon as her voice fell, she looked at Luo Qing Chen, "Although it is like this, I ask your highness to be merciful. Even if you don't care, we all care about him."

Luo Qing Chen didn't say a single thing as she walked in.

The door closed and the surroundings were very quiet, there was the scent of medicinal wine in the air.

"You shouldn't have come." There was a cold voice that slowly sounded, being very soft.

Chapter 1524: Foolish ruler in the way: How many times do you want to be assassinated? (Part 8)

She narrowed her eyes and slowly came forward.

The purple line was already spreading at her wrist and she could feel her breathing becoming faster as her heart began beating faster as well.

"Lin Nan Yi, I will save you." Just these short seven words stated her goal.

"Si." He pulled open the curtain and looked at the woman in front of him with crossed hands.

The four eyes looked at each other and there was an indescribable emotion in his deep eyes.

Her face was a bit pale and the way her lips were pursed looked pitiful. Sure enough, with this nation collapsing beauty, it was fine to do anything.

Because she knew that he wouldn't kill her.

"You don't need to show this face, didn't you already achieve your goal?" He narrowed his cold eyes and there was no warmth in his voice.

He was already destined to die, she didn't need to use this pale face to make him let down his guard.

In the past, she had many hidden weapons on her, poison needles, daggers, poison powder.....

Why? Wasn't it just to take his life?

The times he was injured for her was far less than the times he was harmed by her.

But he still.....wasn't willing to kill her.

Once upon a time, she had shown this expression again and again, just to make him let down his guard.

He knew, but he still couldn't stand the way she looked at him.

"Yes, I've achieved my goal." She took a deep breath as her eyes trembled slightly.

There was a thin mist in the eyes of the person in front of her, as well as a natural domination. That smooth white face was perfectly carved.

He looked very good, looking even better in person, especially that face that seemed like it was carved of jade.

She really couldn't imagine that this face, those eyes would be forever closed in a month.

The surrounding air was restrictive which made it hard for her to breathe.

There were beads of sweat on her forehead and the poison in her body attacked bit by bit.

"So you wanted to see if I died?" He gave a cold laugh. He slowly came forward and stopped in front of her. His slender fingers came up and made a graceful arc across her white cheeks before he softly said, "Relax, I'll die very soon."

"I....." She bit her lip. When she heard Lin Nan Yi's words, she felt a strange pain in her heart.

It wasn't because his words were decisive, but rather she felt pain for him.

He bore this kind of pain, knowing that the person beside him had wanted to see him die.

But he still kept her by his side despite the protests of everyone, facing all the times that she wanted to kill him, but still not hurting her.

Clearly knowing that she was using herself as bait to kill him, but he still blocked it for her.....

What kind of emotion was this that could make someone do all this?

He was clearly loved by the people, but he didn't care about becoming a 'foolish ruler' in the eyes of his subjects.

This Lin Nan Yi, he shouldn't have this kind of an ending.

"I regret it." She raised her right hand and took the Heavenly Branch Pill out her sleeve, "This is the antidote, you won't die if you eat this."

"He, he....." He gave a cold laugh as he looked at her. The hand that was sliding across her face suddenly grabbed her throat and his eyes turned cold, as if they wanted to freeze her. Looking at her, he said, "You really think this one won't kill you?"

Chapter 1525: Foolish ruler in the way: How many times do you want to be assassinated? (Part 9)

Her fingers trembled as she felt a bit of fear.

After all, this was different from her memories. Feeling this strong aura, it was hard not to feel a bit of fear.

But why was the previous host so confident that the other side wouldn't kill her?

The hatred was that high, it was like balancing on a knife's edge!

"I really have the antidote. If you don't believe me, you can ask Lin Dong Xue." With a slight move of her throat, she put the Heavenly Branch Pill in his sleeve.

He gave a cold laugh, not speaking for a while.

She could only see one thing in his eyes, he didn't believe, not one bit.

"Someone!"

"Yes, emperor!" Gu Feng immediately charged in and kneeled down, "This servant is here!"

"Lock this woman in the Fierce Spirit Hall. Without this one's orders, she isn't to take a single step out and no one is allowed to enter." He narrowed his eyes, which didn't have a single bit of warmth.

Luo QingChen was still worried about the antidote. If the imperial doctors were to check it, it was impossible for them to see through it.

At that time, the ministers would take away this pill.

"You have to eat it, promise me you will....."

These were her final words when Gu Feng took her away.

She couldn't see any emotions in Lin Nan Yi's eyes and couldn't hear any prompt from the system.

But she didn't blame Lin Nan Yi for treating her like this, she just cursed the previous host on her way to the Fierce Spirit Hall.

Damn, damn, damn! She only had a path of death!

"This is the Fierce Spirit Hall, your highness, please take care of yourself." Gu Feng coldly looked at her before revealing a look of joy.

As soon as his voice fell, he left without turning back.

When he came to the entrance, his conversation with the guards could be heard.

"You two guard the front door and you two guard the back door, no one is allowed to come out!"

"Yes."

Luo Qing Chen narrowed her eyes. Standing in the Fierce Spirit Hall, she felt quite cold.

The heavy snow already reached her knees and it gave a bone chilling cold.

The Fierce Spirit Hall's plaque was hanging sideways, there were cobwebs in the rafters, and everything was dark. She couldn't see a thing.

[Ding, congratulations to the host for getting a side mission. If you complete it, you will get a pet mushroom.]

?!

This treasure can't even finish the main mission and you're making me do a side mission?

[The appearance of a side mission is based on the development of the host's mission.]

I want to ask, what happens if my hatred reaches 100%?

[The mission will fail, the host will return to the Chaos Space and loss all her experience points!]

Damn!

Damn!

Damn!

To be honest, it wasn't that she wanted to curse. After all, once she came to this world, she received this unfair treatment which was just.....

Too! Much!

But in reality, if she changed her thinking, being locked up in the cold palace was a way that Lin Nan Yi was protecting her.

Now she had to worry about finishing some side mission, but.....

Lin Nan Yi wouldn't eat the Heavenly Branch Pill she gave her. She was just taking a bet, betting on that 10% affection.

At the same time, in the Supreme Harmony Hall.

Lin Nan Yi leaned back in his bed as he slowly picked up the clear pill, looking at it with narrowed eyes for a long time without saying a thing.

A person who did all they could to kill him, a person who even used her own life as bait to achieve her goal.

Would she save him?

“Reporting to the emperor, the imperial tutor’s daughter Yue Cai Zhi is asking for an audience.”

The current imperial tutor’s daughter, imperial tutor Yue wanted her to enter the palace half a year ago and become the empress.

Chapter 1526: Foolish ruler in the way: How many times do you want to be assassinated? (Part 10)

But he had politely refused him then, but now the imperial tutor had learned some news.

His life was coming to an end, so why was she still here?

“Let her come in.” He put the Heavenly Branch Pill in his sleeve before saying this to Wen De.

“This lowly girl Yue Cai Zhi greets the emperor.

“No need.” He narrowed his eyes as he said, “What do you need?”

Yue Cai Zhi was a very delicate looking girl, with large eyes that were pure and simple. She wasn’t like the girls in the harem who fought for his favour and position, she was someone who chased after love.

Yue Cai Zhi looked down a bit before taking a box from her sleeve, “This is made from a formula that Cai Zhi obtained from a Northern Wilderness doctor. I’ve asked the imperial doctor and he’s prepared it for the emperor.....”

“But Cai Zhi wanted to come and took the credit of the imperial doctor.” She looked down as she told the truth.

Wen De on the side said with a nod, “The imperial doctor is outside right now, does the emperor wish to let him in to explain the situation?”

“No need.” As soon as his voice fell, he opened the box Yue Cai Zhi gave him and ate the pill.

Wen De, Yue Cai Zhi, and all the other girls around were surprised. The emperor trusted Yue Cai Zhi this much, treating her this special.

“Emperor.....” There was a faint glow in Yue Cai Zhi’s eyes as she pursed her lips and said, “Emperor, you must get better!”

“I will.” He looked up with his sharp eyes and suddenly looked at Yue Cai Zhi with a trace of energy that no one could detect, “Is it your idea to get this medicine for this one or is it your father’s?”

Yue Cai Zhi was surprised before quickly saying, “Father also wishes the emperor will get better.”

“Then it seems to be your idea.”

“I.....” Yue Cai Zhi looked into his deep eyes before gritting her teeth and kneeling down, “This lowly girl Yue Cai Zhi loves the emperor.....I don’t ask for status, I just ask to stay by your side.”

“Even if this one’s life is coming to an end?” He stared at her with a sparkle in his beautiful eyes.

Who was imperial tutor Ye? He naturally knew about the situation of his body, so it was impossible for him to give him his one and only precious daughter at this time.

If he wanted to curry favour, it should be with Lin Dong Xue.

“Deng!” Yue Cai Zhi knelt down and her clear eyes were filled with determination as she said word for word, “Even if that is the case, Cai Zhi is willing to go with the emperor to the yellow springs.”

“Si!” Everyone took a cold breath. They never thought that a sixteen year old girl would actually say such powerful words in front of the ruler who only had a month left.

“Does Dong Xue know that you’re in the palace?” He narrowed his eyes, with a bit of emotion in them.

Yue Cai Zhi heard this and her fingers trembled as a bit of panic appeared in her eyes.

Lin Dong Xue, Lin Dong Xue, Lin Dong Xue.

A very good man, but it was a pity.

She didn’t love him.....Even if she had been surprised by his excellence in the past, when she first saw Lin Nan Yi, she knew what was love at first sight.

It was a pity there was always a Luo Qing Chen by Lin Nan Yi. A girl that wanted him to die, but could easily obtain his companionship.

For her, even getting close was a luxury.

Now that the emperor didn’t have long to live with his poison, she finally had a chance to approach him with sincerity.

“Stay.....over there then.”

Chapter 1527: Foolish ruler in the way: How many times do you want to be assassinated? (Part 11)

The next morning, Yue Cai Zhi entered the palace and moved into the Mirror Moon Hall.

This was the hall that was the closest to the Supreme Harmony Hall. It was originally built for that girl to be closer to him.

It was a pity.....

In her eyes, it only helped with her assassination plan.

Lin Nan Yi’s harem had two concubines, they were concubine Zhi and concubine Sha.

The two were the daughters of powerful ministers in the court, looking to gain position by entering the palace.

The court and the harem were connected, there were many people who did all kinds of things for power.

Other than the night of the wedding that Lin Nan Yi stayed for a night, he never went to the palaces of the concubines.

There were even more harem girls and more harem girls entered the palace each year, but they never moved up any further.

Why was that?

It was because there was a girl in the harem named Luo Qing Chen.

At the same time, Luo Qing Chen didn't sleep that night as she tried to work out her road to fortune.

Or perhaps the side mission the system gave her was a bit hard.

[Become a rich person, earn one million taels of gold.]

She didn't know if the system's brain was broken, it always liked to give her these side missions in the worlds with difficult missions.

After thinking for a night, she decided that she had to take care of three things before making money, which were food, clothes, and shelter!

First was shelter.....

The Fierce Spirit Palace, it was clear that this was a cold palace based on this name. The ground was covered in dead leaves, there were spider webs hanging all over, and there was no clean place.

There was a large open space in front of the hall that was covered in weeds and there was no lighting in the hall at all.

It was a good thing that the previous host's body was good or she might have froze to death!

Opening the store, she had a total of eight thousand points to exchange. She bought all kinds of things she needed and only spent three thousand points.

It was like the system said, the things of this world compared to divine artifacts really weren't mentioning.

Standing in the center of the Fierce Spirit Hall, she closed her eyes and divided the palace into three parts.

The space in front was the main hall and the small side building.

The side building was very very tall, being three floors. She immediately thought of what she would use it for.

But before doing this, the most important thing was.....the decoration of the main hall and the use of the open space.

Looking at the things she exchanged for, she first took a plaque which had two words written on it "Golden Palace"!

She wanted to call it "Money Palace", but the system told her that the name wasn't suitable.....

[Does the host think that this name is very elegant?] The system spread its hands with a sad look,

Luo Qing Chen felt it was suitable since what she wanted to earn was gold, so what about it?

Taking a sack, she came to the main hall. The main hall had been empty for a long time, so the dust in the air sank down and it accumulated in a thick layer on the ground.

Although this was the cold palace, there was a well, so there was no need to worry about a source of water.

She took a deep breath and looked around, deciding to call for the help of her system.

System, do you have something like a robot for me to use?

[Five hundred exchange points for a robot that has no fighting abilities, five thousand for a robot that has fighting abilities.]

.....That was a large difference in price!

I just need something to clean, it doesn't need to be able to kill!

[Ding, 500 exchange points has been taken. Successfully exchanged for one Xiao Hei Robot (Limited to this world).]

Chapter 1528: Foolish ruler in the way: How many times do you want to be assassinated? (Part 12)

Xiao Hei was very cute and as the name suggested, he was covered in fur, not like those tough robots from the world of steel.

"Xiao Hei, help me clean up everything in the main hall, starting from the hall from the south. Call me after you finish cleaning up and I'll take care of the arranging!"

"Yes, master!" Xiao Hei's voice was very cute, it sounded very comfortable with how cute it was.

Xiao Hei didn't clean very quickly, but it was very clean. It finished cleaning the main hall three hours later.

Luo Qing Chen hung up all the decorations and of course there was a giant bed.

Standing in front of the window and opening it, there was the smell of snow that filled her nose with a bit of a chill.

She slightly turned to look at her new sleeping area and couldn't help revealing a faint smile.

It was a good thing that there was a place like home that comforted her slightly chilled heart.

There was a black lacquered plaque that hung over the red gates, with two big words written in calligraphy 'Golden Palace'. The night sky was cold and the red candles flickered in the window, as the snow flew by outside. This looked very good.

"Master, the task is already complete. Do you have any other orders?"

Xiao Hei was in a good mood as the two fluffy balls on its head shook.

The beauty of the snow, if only the flowers could bloom in this snow, how incredible of a scene that would be.

But in the eyes of the system, that was a very simple matter.

The seeds that Luo Qing Chen got were different from others, so the things they grew were also different.

“Xiao Hei, there are three thousand different kinds of seeds here, you can plant them on the open ground on the left side.” She took out a box with fifty different compartments, all filled with different seeds.

“Yes, master.”

Luo Qing Chen nodded before walking.

Her stomach grumbled showing that she was hungry.

After taking care of a place to live, what should she do about food? She couldn't just starve to death!

“Kacha.” When she was thinking about this, the front door was opened.

Luo Qing Chen was surprised and quickly shouted to Xiao Hei, “Xiao Hei, quickly come back.”

Xiao Hei wasn't slow as it immediately ran into the hall.

Luo Qing Chen closed the door and crossed her to walk over.

“Servant Wen De greets her highness.” Wen De was very respectful. He was still afraid of when he lost three months of salary because of her.

“Ke, ke.” Luo Qing Chen cleared her throat, “Do you need something?”

Wen De looked around, seeing that the yard covered in leaves was much cleaner and the thick snow seemed like it had been swept.

He was a bit surprised. Luo Qing Chen had been here for less than a day, how did it change already?

“This plaque.....” When he saw that the ‘Fierce Spirit Hall’ had been changed into the ‘Golden Palace’, he was a bit stunned.

This plaque was new and the words were powerful, it seemed like the work of a master.

“What did you come looking for me for?” Luo Qing Chen immediately changed the topic.

Wen De immediately looked back and gave the tray in his hand to her, “This servant is here to deliver food to your highness.”

As soon as his voice fell, the maid behind him came forward, “In the future, this maid will be the one who will deliver food to you.”

"This servant Xiao Lan greets your highness." Xiao Lan gave a faint smile and she looked very cute with her dimples.

Chapter 1529: Foolish ruler in the way: How many times do you want to be assassinated? (Part 13)

Luo Qing Chen narrowed her eyes to look at Xiao Lan before finally turning to Wen De, "No need, you don't need to send food to me."

"This....."

"How could someone who lives in the cold palace have someone important in the palace deliver food to me."

The previous host's memories of Xiao Lan weren't deep, but Xiao Lan looked good and when she was in the Supreme Harmony Hall, she had some impressions of her.

She definitely wasn't a normal maid, she should be Lin Nan Yi's personal maid.

"But your highness....."

"There's no buts, you just need to send some words for me."

"Please tell me....."

"Ask him to believe.....believe what I told him yesterday."

—

When Wen De returned to the Supreme Harmony Hall, he was faced with a dark look on Lin Nan Yi's face.

His complexion didn't seem bad today, his pale face had a bit of blood in it.

"She won't eat?" Lin Nan Yi knitted his brows. No matter what the situation was before, she wouldn't treat herself poorly.

No matter how forced she was, she would eat or drink what she should, she wouldn't play a joke with her body.

But what did she want to do now?

"Help me watch over her, report to me if anything happens." He narrowed his eyes as a glint appeared in it, "Don't let her die."

"Yes. Right emperor, miss Yue is here for an audience."

"Let her come in."

He narrowed his eyes as he looked at the empty porcelain vase on the table, feeling a feeling that he couldn't describe.

He wasn't willing to throw away the things he gave her. He couldn't tell the imperial doctor, he couldn't tell anyone.

They had met alone yesterday, if something were to happen to him, he wouldn't be able to make sure she would be safe.

Therefore, he accepted Yue Cai Zhi's medicine. The imperial doctor said that this medicine was only good for nourishing his body and wouldn't help the poison in his body.

But when he got up this morning, he felt like his body was as light as a swallow.

All his blood was no longer suppressed and the qi in dantian was very smooth.

There was only one reason, the medicine she gave him was the real antidote.

At the same time, Lin Dong Xue in the Cold West Hall clenched his fists with an unwilling look in his eyes.

"Your highness....."

"Don't say anything." He gave a soft sigh, "She finally received what she wanted, I should be happy for her."

"But your highness is clearly.....the one who is sincere towards miss Yue!" The maid Ying Ying standing on the side slightly knitted her brows, "And the emperor.....is about to....."

"You can't speak nonsense!" Lin Nan Yi coldly looked at her, "Without reaching the final moment, I will not give up on big brother. She should.....feel the same!"

Lin Dong Xue liked Yue Cai Zhi, Yue Cai Zhi liked Lin Nan Yi, Lin Nan Yi liked Luo Qing Chen.....

This was the endless cycle over the years, never ending and never being able to end.

"Yes, your highness." Ying Ying quickly knelt down, "This servant deserves death."

"Rise." He let out a long breath, "Luo Qing Chen is locked in the Fierce Spirit Hall?"

"Yes, Wen De already sent breakfast over, but he was rejected."

"Rejected?" Lin Dong Xue knitted his brows as he said in a confused voice, "It can't be that she can't think this through....."

The early spring before winter ended was especially cold and Luo Qing Chen was shivering even with two quilts over her.

This kind of world without heating, so there was a bit of helplessness when it came to nature.

"Save me, save me, save me!"

"Stop making noise!"

When she was planning on taking a nap, she never thought that she would be woken up by sounds that came from outside.

She put on a robe and walked out.

Chapter 1530: Foolish ruler in the way: How many times do you want to be assassinated? (Part 14)

"What happened?" When she opened the door, a girl who was covered in blood hugged her feet and said, "Save me.....Save me.....I can't die.....I can't die....."

Luo Qing Chen thought that this wasn't related to her, wanting to watch this 'court conflict' from the side.

But then she changed her mind because this little girl said 'I can't die'.

She didn't say don't want to, she said can't.

"Your.....Your highness." The guards clearly still respected her very much. After all, she was personally brought here by Gu Feng and Wen De personally sent her meals.

After being in the palace for many years, they naturally knew that this person in the 'cold palace' could never be offended!

"Who are you? Don't be nosy, I am a new girl in the harem!"

Luo Qing Chen narrowed her eyes to look at the girl in front of her. She looked to be around sixteen with white skin, dressed in a soft smoky dress, looking quite beautiful and delicate.

"Harem girl?" Luo Qing Chen heard this and gave a cold snort, "What a joke."

"You....." That person was clearly angry and wanted to jump forward, but she didn't expect.....

"Ah!"

There was only a 'shua' sound as the guard beside her took out his sword and put it to her neck. He said in a voice without any warmth, "The emperor has ordered that if anyone dares to intrude, this servant can punish them on the spot!"

"So, so, so.....Sorry, sorry....." That person was clearly panicking as her legs turned soft, falling to the ground. Her clear eyes turned numb as she could tell that if the guard had run his sword across her neck, she wouldn't even know who she had offended.

Lin Dong Xue standing not far away seriously looked over this scene as a complicated emotion filled his eyes.

Just what kind of person was worth him sending his four strongest guards beside Gu Feng to protect?

He really was very curious.....

But he didn't know that a man's curiosity about a woman could fall to a point that was hard to control.....

"Alright, alright, don't scare her." Luo Qing Chen leaned over to look at the 'harem girl' in the snow, "I want this girl, if you don't accept it, you can challenge me at any time!"

As soon as her voice fell, she looked at the girl covered in snow holding her leg and asked, "What is your name?"

"This servant is Xiao Tian."

"Your name is quite cute." She pulled her up and said, "Come in with me!"

"Your highness." The guard stopped Xiao Tian and respectfully said, "The emperor's orders were that no one was allowed in. Your highness, please don't make it hard on this servant."

"It's fine, it's fine." A clear and beautiful voice came from not far away. He just waved his jade fan as he said with a faint smile, "I will report this matter to the emperor."

"Yes, your highness!"

"A rare guest!" Luo Qing Chen gave a shrug, "Does King Pacifying West need something with this cold palace?"

"I don't recognize a cold palace called the 'Golden Palace'." He put away his fan and looked at her, "Your highness isn't inviting me in for some tea?"

"I only have water, I have no tea."

"It's fine if you have water." He took out a bag of tea from his sleeves to wave, "I have tea."

Luo Qing Chen slightly knitted her brows. She had planned on finding a reason to dismiss him, but she couldn't find any reason.
