

Quick T 1531

Chapter 1531: Foolish ruler in the way: How many times do you want to be assassinated? (Part 15)

It had to be said, the careful construction of her palace made that person who was a king unable to say a word for a long time. It really was satisfying!

“This.....This was done by you?” Lin Dong Xue blinked and blinked again in a daze, as he looked at the unbelievable scene in front of him.

He didn't expect to see such a beautiful place and he never thought that it could be done in just a single day. This place was a place where not even mice were willing to come, but now it's become such a paradise.

He saw the sandalwood on the beams, the crystals being used as lamps, pearls being used as curtains, and gold being used as foundations. There was a six inch wide agarwood bed that had a curtain hanging over it, embroidered with beads and silver thread begonias. It was like the clouds falling from the sky.

The couch was covered with sapphire pillows that were made of silkworm silk, as well as a soft jade blanket.

There was a huge moon pearl that was hanging above the hall like a bright moon. The ground was covered in white jade that had golden beads, creating a lotus in the ground, taking the shape of a five petal lotus. The petals were delicate and it even formed stamens. One could feel the warmth if they stepped on it with their bare feet, it was just like stepping on a jade lotus.

“Otherwise?” She spread her hand and said, “Give me the tea.”

“This servant.....This servant will.....” Xiao Tian who was covered in blood standing on the side reached out her hand.

But when she saw her hand covered in blood, she awkwardly brought it back and lowered her head.

“No need, go and wash yourself!” Luo Qing Chen pointed at the bath behind her, “There's no one else here and the water is hot, so just go and wash up.”

After all, with two strangers here, naturally she had put away Xiao Hei.

Otherwise before the crime of assassinating the emperor passed, she would be called a witch who created monsters!

A cup of tea and a game of chess. The ancient tea cups were especially elegant.

This place didn't feel like a cold palace at all, rather it felt like a summer resort.

“It's just missing a few dishes.” She sipped her tea while gently putting down a white piece, “What do you think?”

“Xiao Yi, go to the imperial kitchen and get two snacks.”

“Yes, your highness.”

“A highness is a highness. The emperor doesn’t let anyone enter, but you aren’t included.” Luo Qing Chen took a sip of her tea, “So what did you come looking for me for?”

Lin Dong Xue looked around. It seemed that it took him a while to recover from his shock and he still kept looking around, especially looking at the moon pearl up top.

This thing was similar to the one in Tianzhu, it was called the Bright Night Pearl. This was a treasure in the world and even if he had a high status, the locals were unwilling to sell it to him. They said that it was a sign of auspiciousness.

But where did Luo Qing Chen find one in a single night?

“Before I answer your question, can you answer one of mine first?”

“Ask.”

“Your.....How did your palace become like this in a single night?” He had a puzzled expression as his beautiful eyes sparkled.

“This question!” Luo Qing Chen seemed like she understood something as she drank all her tea at once, “I’ve changed!”

.....

The handsome face in front of her suddenly became cold, as if it was speechless.

Luo Qing Chen saw that he wasn’t speaking, so she added, “Xiu, xiu, xiu, xiu, xiu, just a few spells and it can be solved in minutes!”

Chapter 1532: Foolish ruler in the way: How many times do you want to be assassinated? (Part 16)

Lin Dong Xue’s speechless expression was even.....

“I thought that you didn’t eat or drink because you wanted him to compromise.” Lin Dong Xue looked over Luo Qing Chen, “So it seems.....like you’re not doing this for that.”

“Un humph?” She raised her head and looked at him with a slight curve to her lips, “Don’t change the subject, what did you come looking for me for?”

Lin Dong Xue narrowed his eyes. Seeing Luo Qing Chen who was this calm after being locked up in a cold palace, there was a feeling that he couldn’t describe in his heart.

This calm expression was completely different from the ruthless and domineering princess of the Glazed Glass Country.

The woman in front of him was wearing this emerald green dress, looking elegant with every move. She really was beautiful, this nation collapsing face and that pair of peach eyes.

He suddenly understood why Lin Nan Yi felt that way towards her.

[Ding, the supporting male lead has developed affection for the host.]

?

What was this?

What did the other side develop affection for her, was it because she could decorate the room?

“Ke, ke.”

Luo Qing Chen gave two coughs and Lin Dong Xue came back to his senses.

He deliberately turned away as he said, “I heard that you were on a hunger strike, so I came to take a look.”

“Oh.” She acted like she suddenly understood, “I’ve already been imprisoned in the cold palace, how could I eat?”

As she said this, Ying Ying came back with the desserts.

Lin Dong Xue gave her the desserts, “Is this considered the same?”

Luo Qing Chen took it without another word to take a bit before saying, “Of course not, this is what your highness owes me.”

“I owe you what?”

I saved your emperor.”

Although she felt a bit shameless saying this since Lin Nan Yi was poisoned by the previous host.

Now she was her and the previous host was the previous host!

She didn’t poison him, but gave him the antidote. In her heart, she was considered a hero.

“You?” Lin Dong Xue gave a bitter laugh, “Big brother is better, but it isn’t related to you.”

“What?! Ke, ke, ke, ke.....Ke, ke, ke.....” Luo Qing Chen choked on the dessert when she heard this.

Lin Dong Xue saw this and quickly got up to pat her back, giving her a cup of tea, “What? If he gets someone to replace you, do you feel bad?”

“I.....” Luo Qing Chen swallowed the pastry and cleared her throat, “I didn’t care that much. You said that he was better, but what did you mean by it wasn’t related to me?”

She gave the antidote, how was it not related to her!

Of course, only she knew that the Heavenly Branch Pill was the antidote to the Forgotten River Flower.

She didn’t say a single thing about this to others, she just gave the antidote to Lin Nan Yi.

Her thoughts were a bit messy and needed to be sorted out.

“Because someone else found the antidote to your poison and gave it to big brother.” He gave a bitter laugh before taking a sip of tea, “This person is already living in the Mirror Moon Hall.”

“Who?” She suddenly felt a bit wronged.

She did poison him, she admitted it.

But she gave him the antidote, how did it become someone else saving his life?

“She is a very, very beautiful girl.” Lin Dong Xue narrowed his eyes as he looked into the distance, as if he was thinking of the past.

“Based on your expression, I don’t need to guess.....” Luo Qing Chen softly tapped her right hand on the table, “It’s the one you like?”

“Un, the one I used to like.” He honestly said, “Imperial tutor Yue’s only daughter Yue Cai Zhi, the number beauty of Long Peace City.”

Damn! The supporting female lead?!

Chapter 1533: Foolish ruler in the way: How many times do you want to be assassinated? (Part 17)

She was no stranger to the name Yue Cai Zhi since this was a name that had appeared on the system’s information screen.

Now that it came from Lin Dong Xue’s mouth, she felt a strange unsettled feeling.

“I wonder if your highness is interested in hearing my story?” Lin Dong Xue saw her surprised expression and felt that it was cute.

For the first time, he felt that a girl could be this beautiful other than Yue Cai Zhi.

He had seen Luo Qing Chen many times, but she would always be dressed in the queen like clothes of the Glazed Glass Country, she was never dressed casually.

He had thought that she looked good, but he never thought that she was beautiful.

But now that she was wearing this brocaded dress that was an emerald green colour, it even moved him.

But when they were alone like this, the girl in front of him said, “I’m not interested!”

Luo Qing Chen could tell that when she said these words, Lin Dong Xue’s eyes turned dark as he said in a domineering voice, “You have to listen even if you don’t want to.”

Xiao Yi had also taken out two bottles of alcohol and Lin Dong Xue had her look over Xiao Tian’s wounds.

In this Golden Hall, there were only the two of them.

In the silent night, there was the faint scent of alcohol in the air and she felt that Lin Dong Xue.....was an infatuated person!

He and Yue Cai Zhi could be considered childhood friends. They were taught by the same master and they spent most of their time together in their youth.

He thought that he was special in Yue Cai Zhi’s heart.

At least other than him, Yue Cai Zhi wasn't close to anyone else. Until his big brother came back from the Glazed Glass Country and everything changed.

Yue Cai Zhi said one thing when she saw Lin Nan Yi, "I will marry him when I grow up."

Love made people bold, but it also made them meek, while making even more people cruel....

Lin Dong Xue and Yue Cai Zhi's story was very long, but Luo Qing Chen summed it up: You and I are still childhood friends, but you became someone else's wife. On your wedding day, I can't congratulate you.

She told this to Lin Dong Xue and he gave a laugh. Then he nodded as he looked at her, "I think....I should give up."

"No, no, no." Luo Qing Chen quickly said with a flushed face, "I think that you mustn't give up!"

"Why?" Lin Dong Xue narrowed his eyes before his lips curled into a smile, "Could it be that you're worried that Cai Zhi is too excellent and you can't return to big brother's side?"

.....

Luo Qing Chen gave a soft snort before giving a soft laugh, "Do you think that if he liked her, he would wait until now?"

Although she didn't know why Lin Nan Yi let her into the Mirror Moon Hall, she didn't think that....Lin Nan Yi would fall in love with someone else this quickly.

"Luo Qing Chen, you couldn't go back a long time ago." He even called her by her full name, as if he was talking about her, while also talking about himself.

She heard this and took a deep breath as her eyes couldn't help turning red.

There was a strange feeling of sadness in her heart that she couldn't describe, but there was no one to blame.

"So you are planning....." She wanted to respond with something, but her heart skipped a beat as her face turned pale.

Lin Dong Xue knitted his brows as his right hand took her wrist.

There was a purple red line that kept spreading up, heading towards her heart.

Damn, he forgot to give her the antidote.

Chapter 1534: Foolish ruler in the way: How many times do you want to be assassinated? (Part 18)

Luo Qing Chen felt a sweet taste in her mouth as her hand came to her chest, while a mouthful of blood came out.

Damn! She forgot to get the antidote from him!"

"Don't worry, nothing will happen." Lin Dong Xue suddenly picked her up by the waist and headed towards the Cold West Hall.

The guard at the gate stopped him, "Your highness.....What's wrong with her highness? Do you need this servant to report to the emperor?"

He knitted his brows and said, "No need."

Xiao Yi who followed Lin Dong Xue had a flash of surprise appear in her eyes.

After many years, she had never seen Lin Dong Xue this nervous before.

The Cold West Hall, there was a faint scent of medicine in the air. Lin Dong Xue had his hands crossed as he looked at the person in the bed with a strange inexplicable throbbing in his heart.

"How is she?" Lin Dong Xue looked at the imperial doctor and tried to keep his voice as calm as possible.

"Reporting to the Pacifying West King, her highness' pulse has already stabilized and there are no problems."

"Un, you can leave."

"Yes."

After the doctor left, Lin Dong Xue said to the two maids behind him, "Go to the imperial kitchen and get some porridge, just in case we need it."

Ying Ying and Xiao Yi looked at each other before saying with bows, "Yes."

—

At the same time, in the Supreme Harmony Hall.

Another imperial doctor was taking Lin Nan Yi's pulse as his expression changed from confusion to shock. Finally he said in an excited voice, "Emperor.....The poison in the emperor.....has already been completely removed."

"Really?" Yue Cai Zhi on the side excitedly jumped up as she looked at Lin Nan Yi with a happy look, "Great, the antidote worked."

However, there was a faint sparkle in his eyes.

Sure enough, she really did give him the antidote.

Why did she give him the antidote after he finally fell in her trap?

Why.....

Could it be that she didn't hate him?

Not hating him for destroying her country and turning her into a prisoner?

"Un, this is great." The imperial doctor said with a nod, "All thanks to miss Yue, the heavens didn't let us down!"

He nodded with a feeling of joy and anxiety crossing in his heart.

He was happy that she saved him, but he was anxious because.....why did she save him?

“Reporting to the emperor.” Wen De’s anxious voice sounded that made him knit his brows.

“You can all leave.” He waved his hand and ordered everyone to leave.

Wen De looked at Yue Cai Zhi and Lin Nan Yi waved his hand, “It’s fine.”

Since he had her enter the Mirror Moon Hall, this showed everyone that she was the one he favoured in the harem.

He needed her to have this title to accomplish some things.....

“The West Pacifying King has taken her high.....the former her highness from the cold palace.” When Wen De said this, he could see the emperor suddenly tremble in front of him.

“Bring her where?” He tightly knit his brows as a chill came from all over him.

Yue Cai Zhi standing beside him was also surprised. When she heard the names Lin Dong Xue and Luo Qing Chen together, she felt a bit of dissatisfaction in her heart.

The one who loved her before was now bringing other people to his bedroom.

“The Cold West Hall, her highness’ expression didn’t look good. The West Pacifying King has already summoned the imperial doctor.....” Wen De paused before saying, “This servant heard the imperial doctor say that the former highness is already better.”

“Just now? How long ago was this and why did you only now report this one?” Lin Nan Yi’s face turned cold, looking at Wen De who was kneeling on the ground like a storm was about to come.

Chapter 1535: Foolish ruler in the way: How many times do you want to be assassinated? (Part 19)

“Reporting to the emperor, it was an hour ago. The guards didn’t know if they should report to the emperor, but this servant finally decided.....”

“You can’t understand this one’s words? This one asked you, why did you only report it now?” He felt like his heart was stuffed, as the joy from before completely disappeared without a trace, as the feeling of anxiety spread through his heart.

“The West Pacifying King had us not report for now.....”

Lin Nan Yi’s right hand trembled and a sad smile appeared on his lips.

Yue Cai Zhi didn’t understand the meaning of this smile, but Wen De did.

After all, he had been with him for many years, so he deeply understood the emperor.

“This one is tired, all of you leave.” He crossed his hands and turned around, with a bit of despair in his deep eyes.

She gave him the medicine not because she didn’t hate him, but rather because she loved someone else?

So she wasn't even willing to hate anymore and there was no hatred between them, so what could tie them together?

Yue Cai Zhi lowered her eyes as different emotions mixed in her heart. Hearing about Lin Dong Xue and Luo Qing Chen, seeing Lin Nan Yi's cold back.

She almost felt like she lost something, but she didn't get something else.

After Yue Cai Zhi left, he looked at Wen De still standing there and raised a brow to ask, "Why aren't you leaving?"

"This old servant wants to go with the emperor to where the emperor wants to go." His voice was soft, but every word could be heard.

Lin Nan Yi looked at him before giving a sigh. He then shook his head and said with a bitter smile, "You understand this one."

At the same time, in the Cold West Hall.

Luo Qing Chen felt sore all over, like she had wandered around the entire palace in a single day.

When she opened her eyes, she felt that she had no power in her body.

"Your highness, her highness is awake." Ying Ying had been by her bed the entire time and Xiao Yi was heating the porridge for her, so she could eat as soon as she woke up.

Lin Dong Xue's back trembled. He nervously turned to see her slightly knitted brows like she was dissatisfied as he asked, "Are you feeling a bit better?"

Such a pain!

There was even the taste of medicine and blood mixed in her throat which made it dry and a bit painful.

"I say.....Ke, ke.....Your highness! Can you remember when you've poisoned someone!" Luo Qing Chen sat up with Ying Ying's help and said with a gloomy look, "I almost became a permanent resident of the underworld, alright?"

If she had died like this, she would have been the most aggrieved host in this world.....

"You really can't blame me for this....." Lin Dong Xue took the porridge from Xi Yi before coming in front of her, "When we were drinking tea, you didn't remind me!"

"You're avoiding the responsibility....." Luo Qing Chen took the porridge from his hand and ate it as she said, "Like it isn't because the poison you gave me only felt uncomfortable in the beginning and didn't have any other feelings at all. If it wasn't for that sudden heart attack, I would have forgotten I was poisoned....."

"Accident, accident!" Lin Dong Xue deliberately looked at her with a serious look, "There are unavoidable accidents in this world."

The two were no longer enemies, the accident was.....she was cuter than he imagined.

"The porridge isn't bad." Luo Qing Chen looked at the maid beside her, "Thank you Xiao Yi."

Xiao Yi suddenly blushed when she was praised by her. She quickly said, "This is what this servant should do."

"Your servant is so cute! And she's even shy." She took a few sips and then Xiao Yi respectfully handed her a small handkerchief.

Chapter 1536: Foolish ruler in the way: How many times do you want to be assassinated? (Part 20)

"You can leave first." Lin Dong Xue waved his hand and Xiao Yi and Ying Ying looked at each other, with completely different looks compared to before.

This time there was a trace of joy.

"What are you having them leave for? Do you have a secret to tell me?" Luo Qing Chen looked out the window and the faint moonlight sprinkled down on her.

In the sky, it seemed like it was snowing again.

"In the night, with a man and woman alone in a room, what do you think I want to do?" Lin Dong Xue came closer step by step, with a bit of playfulness in his eyes.

Luo Qing Chen gave a disapproving laugh, "Is there a problem with your highness' brain....."

He still wanted to kill her the day before last and now he was saying a man and a woman in a room alone.....

It would be strange if she believed him!

"Peng!" He put his right hand against the wall behind the bed and looked at her with a smile, "Now that Cai Zhi is in the Mirror Moon Hall and she took care of the poison in big brother, I think.....I think that I should give up."

Damn! The poison was solved by this treasure, how is it related to the supporting female lead!

"Give up if you want, what are you wall pressing me for?" Although Luo Qing Chen wasn't afraid, with Lin Dong Xue coming closer to him, she could hear his breathing and the sound of.....his heart beating.

It was beating.....quite fast.

"Ke, ke." He cleared his throat and looked away. He couldn't help revealing a blush as he said, "Since those two are together, why do we have to wait....."

"Ah?"

"How about we get together?"

Luo Qing Chen gave two cold laughs and said directly, "I don't like you."

"I also don't like you!" Ling Dong Xue immediately replied with a bit of loss in his eyes.

"So....." Luo Qing Chen summarized it, "What kind of getting together is this! Getting together can only work if.....one person likes the other and forces it!"

“Dong.” He suddenly moved forward and his cool lips were only a few centimeters away from her as he looked right at her, “If I kiss you, what will you do? Will you.....be with me?”

[Ding, hatred has increased by five. Hatred is now at 95%.]

When the system sounded, she felt a buzzing in her brain as she felt a bit suffocated.

At the same time, someone was standing in the snow watching this scene happen in the Cold West Hall.

With her emerald green dress and her hair hanging down, she looked so cute.

When she looked up at Lin Dong Xue, the corners of her lips couldn't help curling into a faint smile.

The way they talked, the little maid creating the warm atmosphere, she couldn't even help covering her mouth to smile.

She had an arrogant look as she blamed Lin Dong Xue and Lin Dong Xue quickly came over to apologize, with a smile on his face, like he was apologizing for pampering her.....

All of this was something that he could never have.....

He tightly clutched his heart with his right hand and he muttered with a look of despair, “I wanted to know what kind of person you would love, but now.....I don't want to see it.”

“Emperor, your body!” Wen De couldn't take seeing his eyes filled with despair, not showing a single bit of light in them.

Chapter 1537: Foolish ruler in the way: How many times do you want to be assassinated? (Part 21)

He looked up at the snow when he heard this and softly said, “Let's go.”

Luo Qing Chen who had been in bed pushed Lin Dong Xue away without another word and stood up, running outside.

There was a thick layer of snow under her feet which stung them.

Her face was pale from just recovering and her lashes trembled as she looked up to say, “Why didn't you wait for me.....”

“What is it?” Lin Dong Xue also quickly came out and put a light white robe over her, “What did you come out for?”

“It's nothing.” She bit her lip and exhaled in the snow. There was a soft mist that filled her eyes, “I feel that.....you were right.”

“What?”

“We might not be able to go back!”

She took the umbrella from him with her right hand and looked up at Lin Dong Xue, “I'm going back first, thank you for the antidote.”

"It's this late....." He was a bit unwilling to let go of the umbrella as he said in a heavy voice, "I have many rooms here, you can go tomorrow morning....."

"No need." She pursed her lips and said, "When I don't feel good, I want to be alone."

As soon as her voice fell, she walked towards the gate in the darkness.

Lin Dong Xue just stood there. He wanted to go forward, but he found that his feet were frozen in place by ten thousand ice chains, unable to move at all.

"Just what happened to her....."

Xiao Yi and Ying Ying who had left hesitantly came out and said, "The emperor came."

Lin Dong Xue was surprised as a flash of disbelief appeared in his eyes, "How does she know that he came?"

—

In the long halls of the palace, there was no one around.

When she came out, she saw a clear and transparent jade pendant on the ground.

She leaned over to pick it up to see a 'Nan' character written on it.

It was this cold and he didn't go back?

[Ding, hatred has decreased by ten. Hatred is now at 85%.]

Hearing the notification from the system, she felt her heart skip a beat.

He was still here, he was still here, he was still here.....

He was hiding in an unseen corner, watching her.....

With a cold gust, her feet in the snow were completely red. Her green robe fluttered in the wind as the jade pendant in her hand made a jingling sound.

She raised the umbrella and headed towards her hall step by step.

With each set distance, there was a notification from the system.

[Ding, hatred has decreased by five.....]

[Ding, hatred has decreased by ten.....]

.....

Until the hatred fell down to only 30% and when Luo Qing Chen stopped in front of her palace.

The two guards in front of her immediately kneeled, "Greetings, your highness."

She took a deep breath and didn't speak for a long time.

She felt a numb sensation on her back. She wanted to turn, but she was afraid to see an empty hallway.

Although she knew that man had been following her in the dark palace this night.

Step by step, never leaving.....

“Stand up.” When she softly replied, she suddenly looked back.

As expected.....it was the empty hall.

“Leaving without even sending a greeting, does he like doing these kinds of silent things?” She muttered before walking in.

When she closed the door, it really did feel a bit like a cold palace.

“Your highness, you.....You’re back.” Xiao Tian heard this sound and quickly came out. Seeing that her feet were bare, she quickly took over her shoes for her, “Why didn’t you wear any shoes back.”

Luo Qing Chen was in a bit of a daze before revealing a faint smile, “I almost forgot about you.....”

Chapter 1538: Foolish ruler in the way: How many times do you want to be assassinated? (Part 22)

A small stove, Luo Qing Chen was beside it with a big quilt, drinking tea and having dessert while listening to Xiao Tian’s story.

As expected, most people were born to suffer.

Xiao Tian’s parents ran a pharmacy and even if their family background wasn’t good, they weren’t stingy about helping people.

Then because he was tricked, he became bankrupt and lost his home.

Xiao Tian’s mother ran away with another man and her father was bedridden from this blow, finally he couldn’t save his own life.

Then Xiao Tian sold herself to bury her father, selling herself into a rich family as a maid. She didn’t know that the lady she served was savage and liked to beat people!

She was hit at random times and almost all the maids in the mansion were covered in wounds.

Luo Qing Chen looked at the bruises on her body and knitted her brows.

“Follow me from now on!” Luo Qing Chen suddenly gave her a cup of warm tea, “Remember to call me big sister Xiao Qing!”

“.....” Xiao Tian quickly shook her head, “This servant knows you are her highness, this servant doesn’t dare!”

“So you want to go against my orders?”

“I.....”

“Alright, it’s decided.” Luo Qing Chen took care of her own tea as she asked, “Your parents were doctors, then you.....”

Xiao Tian was surprised before she understood Luo Qing Chen's meaning and gave a nod, "I know a bit of medicine!"

Luo Qing Chen gave a snap, "Very good!"

—

When she slept that night, Luo Qing Chen took Xiao Hei out of her personal space and asked it to plant the rare medicine on the right half of the open land during the night.

The seeds for these herbs were exchanged for from the system. The price of the shop was cheap, but these were all extremely rare herbs in this world.

Even the imperial doctors had only seen these herbs in books and had never personally seen them before.

She didn't plant it at first because she only knew a bit about medicine and although she exchanged for it, she didn't want to waste it.

Now that Xiao Tian was here, she felt like her plan would come true!

The next morning, Luo Qing Chen was woken up by the scent of flowers and a few pink petals floated in through the door.

She slowly opened her eyes and she saw a garden in full bloom. The scattered sunlight shone down on the small sprouts and even though it was winter, they were full of life.

The system's seeds were different from normal seeds, they grew several times faster than normal seeds.

The fastest growing ones were the peach blossoms. There were more than ten of them already in bloom and although they weren't tall, they were fully blooming.

"Wa!" Xiao Tian looked at this scene in disbelief as her eyes almost popped out.

Luo Qing Chen said with a laugh, "It's time to open our doors for business."

In winter, most of the flowers in the royal garden had withered. The only thing left were the winter plum, but just using its leaves for tea was just too simple.

Most people who worked in the imperial palace were smart, so high risks gave high rewards and their salaries weren't low.

Then there were the concubines and harem girls. Although Lin Nan Yi never favoured them, he did give them quite a bit.

After all, they spent their youth in the palace without love, Lin Nan Yi at least felt that he shouldn't let them worry about their livelihoods.

Although this was her guess, she felt that it was 90% correct.

Chapter 1539: Foolish ruler in the way: How many times do you want to be assassinated? (Part 23)

“Your highness.....you, this.....”

When they opened the door, the two guards rubbed their eyes and rubbed it again.

The petals were slowly falling and there was a faint peach blossom fragrance.

“How is it!” Luo Qing Chen gave a chuckle as her lips curled.

“Your highness, your highness.....” Wen De’s voice came from not far away and he had a box in his hand.

But that box looked quite well made.

“What is this?” She took the box and shook it, it seemed like there wasn’t only one thing in there.

“This is what the emperor wanted this old servant to give to your highness.....”

Luo Qing Chen waved her hand and slowly opened the box. There was a pair of soft soled pearl shoes inside that looked very warm. There was also a small box beside it that also had ointment.

Although she didn’t know about medicine, she knew about the effect of this ointment which helped promote blood circulation.

Last night.....he knew that she didn’t wear any shoes.

“Ke, ke.” Luo Qing Chen cleared her throat, “I’ve received the items. As a courtesy, I have something I want you to take back.”

-

Supreme Harmony Hall.

Yue Cai Zhi was at his side grinding ink while Wen De slowly came in with a pot of tea.

Lin Nan Yi looked up slightly, he had come back quite fast.

He suddenly felt a bit envious of Wen De, being able to see her everyday.

“So fragrant, the scent of cherry blossoms.” Yue Cai Zhi took a sniff, “I haven’t smelled this refreshing scent in so long. It’s the middle of winter now, where did you get peach blossoms?”

“Reporting to miss Yue, her highness at the Golden Palace had this old servant bring it back.” Wen De didn’t forget to look at Lin Nan Yi when he said this. As expected, his brows relaxed and a trace of emotion flashed in his eyes.

“Golden Palace.....” Yue Cai Zhi looked down and muttered in a dissatisfied voice, “Wasn’t that place a cold palace?”

“This old servant feels that place.....really can’t be considered a cold palace.....” Wen De didn’t forget to add.

After all, the scene of the flowers blooming, it really was hard for him to forget in a short period of time!

If that place were called a cold palace, the entire palace would be filled with cold palaces.

Lin Nan Yi took a sip and revealed a faint smile. He softly said, “The tea isn’t bad.”

Several days later, the 'Fierce Spirit Hall' that no one was willing to approach had become one of the most beautiful places in the palace.

Since the emperor had decreed that no one could approach, they could only watch from a distance. The gossiping harem girls gathered together to whisper to each other.

"I heard that the princess of the Glazed Glass Country is imprisoned there."

"It can't be, right? Still living after assassinating the emperor, this really is heaven's grace!"

"But the current emperor doesn't like her anymore, so he left her to live in the cold.....Eh.....But why did this place become like this!"

"I really want to go and take a look! It's a pity that there are guards there!"

"Kacha." The door slowly opened and the guard stopped her, "Your highness....."

After all, there was the emperor's orders. Even if they were used to drinking tea and eating with Luo Qing Chen from time to time, in front of everyone, they couldn't disobey the emperor's orders!"

"Relax, I'm just putting down something!"

As soon as her voice fell, Xiao Tian came out with two large plaques. She put them in front of the palace and said to everyone, "Everyone can come and have a look. If you need anything, just shake the bell beside the plaque."

Everyone was surprised when they saw the contents. These things.....why would they be in a cold palace?

Chapter 1540: Foolish ruler in the way: How many times do you want to be assassinated? (Part 24)

Caterpillar fungus – 100 silvers per root (30 in stock).

Snow lotus – 200 silvers per flower (20 in stock).

Knotweed – 300 silvers per root (10 in stock).

.....

Broken Star Real Water – 500 taels of gold (5 in stock).

Battle Dragon Spirit Lotus – 1000 taels of gold (5 in stock).

Eight Divine Ginseng – 5000 taels of gold (5 in stock).

.....

They knew about the first few herbs, but they had only seen the latter in medicine books before.

These rare and exotic herbs really were available here?

The plaque on the left side was mainly scented teas that were out of season!

"I want an Eight Divine Ginseng. If there really is one, I'll immediately bring the five thousand teals of gold over." The one who spoke was a harem girl in a red robe. She was the daughter of a second class minister, but she hadn't seen the emperor once since entering the palace three years ago.

Even if she came from a prominent family, it was a pity that the emperor treated everyone in the harem the same, not letting them enter the Supreme Harmony Hall.

Of course there was the exception of Luo Qing Chen from before and Yue Cai Zhi now.

"Greetings to the miss. Our princess recognizes money and not people, but since you are a noble guest, we can take out the Eight Divine Ginseng for you first." Xiao Tian replied skillfully, but most of it was taught to her by Luo Qing Chen.

If you opened a business and didn't know how to talk, no matter how good your things are, no one would want to buy it and you wouldn't have any income.

Taking out an exquisite box, Xiao Tian handed over the Eight Diving Ginseng, "Miss, please take a look."

The red robed harem girl took it and slowly opened the box before revealing a look of shock, "It really is the Eight Divine Ginseng. This was grown in a foreign land three hundred years ago, but after that land was destroyed, there were few left that existed."

This place.....it really could take out the Eight Divine Ginseng.....

"Is the miss satisfied?" Xiao Tian gave a soft laugh, while feeling particularly proud.

She had felt this feeling when she wandered the world with her father.

But she never felt it again after her father passed.....

Now that she was following Luo Qing Chen, she could feel it again.....It was like she found her meaning of existence.

"Very good." She waved her hand at her maid, "Go to my room and take out five thousand taels of gold."

"Yes, miss."

"Si!" Everyone was very surprised. Not only because of the rare herb, but also because of the peach blossoms blooming in this heavy snow.

After a while, everyone took out their silvers and gold and came forward.

"I want a bag of peach blossoms."

"I want a box of caterpillar fungus."

"Give me a Broken Star Real Water. If you drink a cup of this before sleeping, you'll feel warm all night....."

.....

In less than two hours, there was only one line of words left on the two plaques in front of the Golden Palace: All out of stock today, please come earlier in seven days!

Although the things the system gave grew faster than normal.....

It took time for things to grow, this was true for herbs and flowers.

In front of all this gold and items like silk, satin, and jade bracelets used to replace gold, Luo Qing Chen suddenly felt that the attic beside her had a use.

In this ancient style attic, she would make a luxurious.....closet!

—

In less than three days, the prestige of the Golden Palace spread through the entire palace. Sitting in the Supreme Harmony Hall, when Lin Nan Yi heard this news, his eyes changed a bit, but he didn't say a thing.

Yue Cai Zhi on the side couldn't take it and she pursed her lips, "What previous herbs.....she couldn't cure the emperor's poison."

Lin Nan Yi didn't even look at her as he said to Wen De, "The envoys from Tian Zhu are coming in seven days. Help this one draw up a document and arrange for the country to welcome them."
