Chapter 1541: Foolish ruler in the way: How many times do you want to be assassinated? (Part 25)

In the windy night, Yue Cai Zhi stayed up in the Mirror Moon Hall for a long time.

It had been ten days since she cured the emperor's poison. Although Lin Nan Yi had let her stay in the palace, he had never taken her to bed.

After dinner each night, he had Wen De send her back and never had her stay.

Not to mention the title of empress, he didn't even give her the title of concubine.....

Could it be that he still didn't forget that witch who tried to poison him?

She thought that since Luo Qing Chen was locked in the cold palace, she was already forgotten. Since she had saved the emperor's life, she would become the one in his heart.

But she never thought that witch would rise up in the cold palace.....

Based on what? Based on what? Based on what?

Love made people brave, love made people compromise, love made people cruel.

No matter whether she could become the lord of the harem or not, the witch Luo Qing Chen had to be eliminated.

In seven days when the envoys of Tian Zhu came, the guards of the palace would be in the Supreme Harmony Hall to protect the emperor.

That cold palace.....definitely wouldn't have anyone!

It was a good chance to make a move and she.....definitely wouldn't miss it.

—

Seven days later, Golden Palace.

Luo Qing Chen felt that she made quite a good reputation since in just a few days, she had earned quite a bit of money and jewelry.

But she was a bit busy, so she suddenly felt that taking in Xiao Tian wasn't the right decision!

Because with Xiao Tian, she couldn't have Xiao Hei!

The time of the blooming was different, so she had Xiao Tian stay in the open ground while she went to the attic.

Every step in the attic was covered in crystal and every palace was decorated in glaze glass lanterns.

The first floor was filled with jewelry, bracelets, gold hairpins, ribbons, and other items.

The second floor was filled with brocaded robes, satin dresses, floral dresses.....

The colour of the cloth was arranged from light to dark, just looking at it felt very comfortable.

The third floor had some paintings and calligraphy, so it was rather empty. She never knew what to put there.

She learned later that some things were destined.....

“Dong qiang dong qiang!”

As soon as she came down from the attic, she heard the sounds of drums and gongs. She knitted her brows as she asked Xiao Tian beside him, “What is going on today?”

“I heard that the envoys were coming today, so the whole country is celebrating!”

“Un.” She gave a slight nod, “There must be many good things to eat.”

She worried most about eating after coming to this cold palace. The Golden Palace had everything except for delicacies.

There were some harem girls who he was rather close to that brought her some desserts to exchange for flower petals.

After all, beauties liked to bathe in flower petals, so they have a chance to catch a certain someone’s eyes with their fragrance.

At the same time, in the Mirror Moon Hall.

“Big sister, I will definitely complete this task beautifully!” Yue Ying narrowed her eyes and said, “The people who bully big sister, I definitely won’t let them off.”

Yue Ying was her only little brother and imperial tutor Yue’s only son.

He only had a single son and daughter, it was a pity that his son wasn’t a good thing, acting unruly all day.

Yue Cai Zhi had called her little brother who wandered the Jianghu to help her out.

After all, these people were wanderers, they wouldn’t confess to a mastermind if they were caught.

“There’s four outstanding imperial guards there, you have to be careful.” Yue Cai Zhi seriously told them before having them leave.

She went into her bedroom to carefully dress herself up.

Such a grand ceremony, finally.....finally she could stand firm by Lin Nan Yi’s side....

Chapter 1542: Foolish ruler in the way: How many times do you want to be assassinated? (Part 26)

“Such a lively palace, it’s a pity that big sister Xiao Qing is banished.” Xiao Tian held her cheek while eating some roasted sweet potatoes the maid sent and whispering her complaints.

“Actually if it wasn’t for you, I should still be able to watch the fun.”

“Big sister, what did you say?”

“Ah!” Luo Qing Chen shook her head and said with a faint smile, “I just had a bad idea, Xiao Tian, help me dress up.”

She remembered that during the celebration, she had used herself as bait to poison him.

“But we can’t go out.....”

“I can still admire it even if I can’t go out!”

That nation collapsing face, that skin as white as snow, those long lashes, those lips with a tint of red, and those brows that were like painted flowers.

Her hair hung down with a plum blossom hairpin inserted up top. She wore a large red robe, as well as the pair of pearled soft sole shoes he gave her.

“The Glazed Glass Country’s princess really, really, really is beautiful.....” Xiao Tian couldn’t help being stunned.

Because she always wore casual clothes, being dressed up like this, she couldn’t get used to it.

“I also feel the same.” She pursed her lips and said, “If I can go to the celebration, perhaps there would be many things.....”

“Peng, peng!” Before her voice fell, there were the sounds of fighting that came from outside.

At this time, the ceremony in the Supreme Harmony Hall should have just begun.....

“Damn.”

Luo Qing Chen knitted her brows and quickly went out. When she rounded the corner, she directly took out the Phoenix Dance Sword from her storage space.

When this ‘peerless divine sword’ appeared in her hand for the first time, she suddenly felt a bit excited.

It was like this sword had always belonged to her!

“Shua, shua, shua!” Three guards covered in blood collapsed in front of her.

“Stop resisting, there’s no reason to sacrifice your own life for a captured princess.” The person who spoke was dressed in pure black clothes.

As soon as that voice fell, over twenty people surrounded them.

There was snow in the sky and with a cold breeze, peach blossoms filled the air.

The bright moonlight sprinkled down on her snow white skin and everything seemed to be announcing that a fierce battle was about to come.

“Xiao Qing.....Xiao.....Qing Qing.....Big sister.....” Xiao Tian’s voice was trembling and each word was shaky.

But her legs that trembled kept moving towards her.

This scene, anyone who saw this would be moved from the bottom of their heart.

Unless it was someone who didn't have a soul.....

"Ze, ze, ze." Yue Ying curled his lips and gave a few disdainful laughs, "Then you will accompany your master.....to hell!"

The guards covered their wounds and quickly stood up, "Your highness, these servants will protect you to death.....Pu!"

Before he could finish, he tasted something sweet and spat out a mouthful of blood, falling to the ground.

They had been too heavily injured and they couldn't even stand, so how could they swear to die together.

These loyal guards, it couldn't help making people feel moved.

"Yo, yo, yo, what a pity. No matter how strong you are, you can't protect her." Yue Ying gave a loud laugh, "After all, you only have a few people, right?"

With the cold wind blowing, the scent of blood in the air became stronger.

"He, he." She gave two cold laughs. Her clear eyes turned ice cold as she looked at Yue Ying in the black clothes, "If you want to kill me, you have to have the skills!"

Chapter 1543: Foolish ruler in the way: How many times do you want to be assassinated? (Part 27)

She brandished the Phoenix Dance Sword. She was dressed in red as the snowflakes danced around her, falling onto her long hair.

Under the moonlight, it was like there was a flower that appeared on her forehead.

Yue Ying narrowed his cold eyes and felt a strange sense of pressure.

This feeling was very deep, but he didn't know where it came from.

The young girl in red was holding an unknown sword in her hand with eyes as cold as ice. At first glance, it didn't seem like she knew any martial arts.

"Do you think that words before dying have any use?" Yue Ying gave a cold laugh before saying to the twenty people around her, "Brothers, go!"

Snowflakes fell and petals rose into the sky with the sword.

The Phoenix Dance Sword came out of its sheath and battled against the world!

At the same time, in the Supreme Harmony Hall.

The Tian Zhu envoys arrived and there was singing and dancing all around, looking very lively.

Yue Cai Zhi was wearing a golden robe with a blue jasmine brocaded pattern, with a magpie plum hairpin atop her head. She was holding a translucent fan in her hand, looking very elegant and dignified.

There were two rows of harem girls who had never seen the emperor and Yue Cai Zhi felt like she was full of charm at this moment.

Everyone around were jealous of her, jealous that she was the one in Lin Nan Yi's heart.

But she never thought that these harem girls.....would look down on her.

"I heard that she was the new favoured one of the emperor, she really is far from being able to compare to the previous princess in the Golden Palace!"

"I agree! Last time when I bought some lavender petals from her, she gave me all kinds of different petals."

"Right, right, right, that miss Yue isn't even considered a harem girl and she even called out to me....."

"You were called!"

"Right, to take down a kite stuck in the tree for her. After all, she is an important person by the emperor's side and I've only seen the emperor's true face today, so how could I offend her?"

"But really, the emperor is so handsome....."

.....

Although their voices were small, there were still a few lines that came into Yue Cai Zhi's ears.

Her expression changed and her sharp eyes swept over the faces of those concubine girls.

When they saw this, they immediately lowered their heads.

But at this moment, there was a guard covered in blood that rushed into the Supreme Harmony Hall. He fell down in front of Gu Feng and stuttered, "There's.....assassins.....many of them.....Her.....Her highness....."

Before he could finish, he fainted from a loss of blood.

Lin Dong Xue who was sitting in the back saw this and got out of his seat while everyone was focused on the dancing.

"Did something happen?" He saw Gu Feng about to head in Lin Nan Yi's direction and stopped him.

"There are assassins in her highness' palace, this servant is about to report to the emperor."

"No need." Lin Dong Xue looked up at the platform before saying to the nervous Gu Feng, "The envoys can see this, don't disturb the emperor. Bring some guards, I'll go with you."

"This....."

"What, Gu Feng, are you doubting this king's martial arts?"

"How could this servant dare? The Pacifying West King can fight a hundred alone, everyone in the royal palace knows this." He knitted his brows and cupped his hands, "This servant will go with your highness."

Lin Dong Xue didn't know that when he left his seat, there were two people in the Supreme Harmony Hall who noticed him.

One was Yue Cai Zhi and the other was Lin Nan Yi.

Chapter 1544: Foolish ruler in the way: How many times do you want to be assassinated? (Part 28)

“Emperor, Cai Zhi just drank a bit of wine and is feeling a bit uncomfortable. I want to go back to rest first.” Yue Cai Zhi rubbed her temples. There was a smile that bloomed on her face and she felt a bit nervous.

Just now, she had seen someone covered in blood in the crowd.

There was only one possibility that an injured guard would appear.

That guard came from Luo Qing Chen’s cold palace.

Lin Dong Xue.....was going to save her?

That childhood friend who said that he would only love her in this life was really about to save someone she wanted to kill?

Suddenly there was unwillingness that filled her heart.

“Alright.” Lin Nan Yi gave a nod and said nothing else.

His heart was a bit restless. Everyone in the palace was gathered here, was Lin Nan Yi going to see her?

Just by thinking this, there was a very dissatisfied feeling in his heart.

After the song finished, he waved his hand, “This one is a bit tired, the feast can continue.”

Everyone looked at each other and the scene became awkward. The harem girls who had been making comments towards Yue Cai Zhi became a bit flustered.

Could it be that the emperor was going to look for Yue Cai Zhi who just left?”

“The emperor is heading back!” Wen De’s voice sounded and the music stopped as everyone said, “Respectfully sending off the emperor.”

When he came off the platform and entered the sedan, Wen De said in a small voice, “This old servant just heard that her highness met with assassins.”

“What?”

“The Pacifying West King already brought Gu Feng and the others to help, the imperial guard who reported this is already dead.....”

Lin Nan Yi gritted his teeth as he said in a voice without any warmth, “If there is anything related to her in the future and I’m not the first to know, there will be the possibility that your head will be lower than your neck.”

“This old servant should die.” He quickly kneeled and said, “The emperor wants.....”

He jumped right out and ran in the direction of Luo Qing Chen’s cold palace.

The sky was filled with snowflakes which made his heart tremble, as a feeling of fear and unsettlement filled his heart.

At the same time, in a quiet hallway.

Yue Cai Zhi was panting as she stopped Lin Dong Xue.

This was her first time seeing him since entering the palace, he was still as handsome as he was in their youth.

She vaguely remembered that he would always be by her side at that time and she was the dazzling miss that attracted everyone's jealousy.

But now.....when they met again, there was an unfamiliar feeling.

"Where are you going?" She pursed her lips as her dark as ink eyes seriously looked at him.

"Your highness." Gu Feng knitted his brows as sweat appeared on his forehead.

After being with the emperor for so long, he was as understanding as Wen De. The person in the cold palace couldn't die because if she died, countless people in the palace would be buried with her.

"You go first....." Lin Dong Xue crossed his hands as his heart was still a bit moved when he looked at her.

This feeling was as heavy as the snow in the sky.

"Yes."

Yue Cai Zhi knitted her brows and covered her chest as she took a step back, spitting out blood.

Lin Dong Xue was stunned. He quickly reached his hand out to hold her as he asked with a nervous expression, "What is it? How could this be....."

He never knew that in order to stop him and buy Yue Ying time, she swallowed a small amount of Red Crane Peak.

She did this for one reason.

Even if the one she loved was Lin Nan Yi, she still wanted to know who was more important in Lin Dong Xue's mind, her or Luo Qing Chen?

Chapter 1545: Foolish ruler in the way: How many times do you want to be assassinated? (Part 29)

"Miss Yue....." Gu Feng was surprised, standing in place, finding it hard to make a decision.

Something was happening to the emperor's old love and new love at the same time. Should he bring Yue Cai Zhi back to the Supreme Harmony Hall or go to the cold palace to save Luo Qing Chen?

He felt like he was in a conflict and was unable to reach a decision.

“What are you standing around for, go do what you should do!” Lin Dong Xue angrily roared out with bloodshot eyes.

There was the girl in the emerald brocaded robe that appeared in his mind.

They drank wine together and talked about life.....

Yue Cai Zhi’s body in his embrace trembled, he was shaking.....

She could feel his shaking.....

They had known each other for all those years and she had never seen him this irritated. His angry roar was filled with anxiety and fear.

“Yes, your highness.”

At the same time, the red clothed girl stood among the black clothed men with the Phoenix Dance Sword in hand. She looked over them with eyes filled with an ice cold chill.

She was covered in blood with an arrogant look in her hands, as drops of blood dripped down the Phoenix Dance Sword in her hand.

It wasn’t her blood, it was the blood of the black clothed people she beat.

She narrowed her eyes and the sword with a cold glow had pierced into Yue Ying’s chest. She gave a cold snort, “It seems like your boss isn’t that good!”

Her voice was very cold, so cold that the snow around them was a foil.

“You.....You.....” When everyone saw Yue Ying taking his last breath, everyone took a step back while holding out their swords.

They would never believe what they had just experienced. The girl in front of them was only around sixteen years old, but she was that terrifyingly powerful. When the blood splattered on her cheeks, she didn’t even blink.

Just like this, she had defeated everyone alone.

“We.....We’re leaving.” Two black clothed men stepped forward to help Yue Ying up, quickly trying to escape to the back door.

“Did I agree with you leaving?” Luo Qing Chen narrowed her cold eyes as she revealed a cold smile. Her right hand slowly raised the Phoenix Dance Sword, “There’s no need to ask because I.....definitely won’t agree.”

If they were able to live after challenging her, wouldn’t that be a joke?

But then Gu Feng charged forward with his sword drawn as he came in front of her, “This servant is late to help!”

.....

Luo Qing Chen was very confused by his word 'help' since she felt that this person was here to stop her from slaughtering!

The remaining few people looked at each other and the two in front said, "You take boss away first!"

The two standing in front charged forward with their swords and Gu Feng led two guards to fight them while the other few guarding Yue Ying left.

Luo Qing Chen wanted to chase, but she didn't want to use her martial arts in front of Gu Feng.

After all, this martial arts was just too different from the previous host.

Although the more than ten corpses in front of her.....caused her a bit of headache.....

It wasn't that she was fierce, the other side's moves were fatal, so she couldn't back down at all.

In that kind of confrontation, as long as she was slightly distracted, she might lose her life.

After a while Gu Feng charged forward to take care of the two black clothed people.

He wanted to catch them, but they followed the principle of the Jianghu, so they killed themselves once they knew that they couldn't escape.

Gu Feng saw the bodies covering the ground and looked at Luo Qing Chen in a daze, "Your.....Your highness, are you hurt? This servant will call the imperial doctor now."

Chapter 1546: Foolish ruler in the way: How many times do you want to be assassinated? (Part 30)

Luo Qing Chen heard this and waved her hand, "No need."

Gu Feng looked at her in disbelief. She was covered in blood, but her face didn't seem pale at all.

Was she really not injured? How could that be possible?

But seeing the corpses that covered the ground, he had to believe that this person in front of him was strong, unbelievably strong.....

"I'm not injured, but your people are." Luo Qing Chen leaned down slightly and pointed at their necks, "They're still breathing, go and call the imperial doctor and have your men carry the three of them there."

"This....."

"Stop that, any later and they'll die."

As soon as her voice fell, she looked at Xiao Tian kneeling on the ground, "You go with them!"

"Yes.....Yes....."

She closed her eyes and the area around her suddenly became silent. After a while, there was only her left in the yard.

The snow fell onto her and she felt a bit aggrieved.

Her right hand came to her waist before her eyes trembled.

The jade pendant.....The jade pendant that she found was from him was gone.....

It should have fallen during the fight.

She leaned over and pushed aside the blood stained snow, looking for that jade pendant.

Not far away, there were very faint footsteps that came in her direction.

The footsteps were soft, but the heart was heavy.

When he saw that girl's back, his heart suddenly twisted. He saw that she was wearing that red dress standing in the blood covered snow with her hair dancing in the wind, with the strong scent of blood and cherry blossoms in the air.

She seemed to be looking for something, very desperately.....

In the corridor, he had seen Gu Feng coming out from the corpses.

There was only Gu Feng and no one else.

Ling Dong Xue didn't come.....

When Gu Feng said that she wasn't injured, his heart in his throat slowly fell down.

On the way, he had rushed over here. His mind had been blank, as if all his thoughts had stopped.

Other than being afraid, he was afraid.....

He was afraid that he would see a cold corpse when he opened the door, afraid that he wouldn't be able to take the pain of loss.....

It was a good thing that she was fine!

At that moment, Luo Qing Chen felt a chill from her back. It was clear that someone was coming from behind her.

The person had soft footsteps, but there was a familiar feeling along with this unfamiliarity.

She slightly knitted her brows and tightly held the Phoenix Dance Sword in her right hand. Her ears perked and after calculating the distance, she suddenly stood up.

She looked up while raising the sword.

But when she saw who it was, her right hand suddenly trembled.

The sword had accidentally pierced a layer of skin on Lin Nan Yi's neck and blood flowed out.

"What, you still want to kill me?"

His voice sounded very good, it was cold, but it also flowed like water as it entered her ears word for word.

Luo Qing Chen didn't say anything and just pursed her lips. Her brows knitted slightly as her eyes turned a bit red.

She really.....was a bit aggrieved.

She had been here for a while now and she didn't receive any affection at all. Even without knowing what she did, the hatred would keep increasing.

There were no hugs, there was no care, there even was no....protection.

After a while, she slowly put down her sword as her eyes froze on a certain spot under his feet.

He followed her eyes to look under his feet to where there was a pendant in the snow, with a trace of blood on it.

Chapter 1547: Foolish ruler in the way: How many times do you want to be assassinated? (Part 31)

Lin Nan Yi slowly leaned down and picked up the jade pendant. There were peach blossoms that fell onto his clothes and his deep eyes with complicated emotions took a deep gaze at her.

After a while, he moved in her direction and put the pendant in his hands onto her waist.

The snow fell and the ground was covered in blood. The pendant shook, giving a crisp ringing sound.

He looked at her for a long time. The blood on his neck had already dried, but the sadness in his eyes made one's heart tremble.

"This one always wanted to know, what were you thinking when you tried to kill me each time?"

"I....."

"This one doesn't want to know. If this one really dies, would your smile look good....."

When she heard this, her fingers covered in blood trembled. It was like her chest was suddenly hit and it was filled with pain.

Just what kind of despair could make a person say these kinds of words?

This kind of suffocation was even worse than fighting the black clothed men just now.

"I....."

"It's good that you're fine."

When Lin Nan Yi said this, it was clear that he had let out a long sigh of relief.

But Luo Qing Chen felt like there were words that were blocked at her lips.

This person.....he liked to interrupt people!

"Does the emperor know what I'm thinking?" She raised her right hand and placed the handkerchief in her pocket at his neck wound, "If you don't know, don't speculate what others are thinking."

“This one.....”

“Because this is very painful!”

An eye for an eye was something that Luo Qing Chen did the most.

Lin Nan Yi narrowed his eyes and those starry eyes took a deep look at the person in front of him. Her eyes looked so good, but she looked a bit aggrieved the way she pursed her lips.

Without knowing why, he felt his heart tremble when he saw the girl in front of him being covered in blood, it was like every part of her white skin was covered in blood.

But even so, she still looked that good in his eyes! Why did he feel that she looked so good!

His left hand came up and suddenly took her right hand at his neck.

Luo Qing Chen was surprised. The warmth of Lin Nan Yi's hand made her ice cold hand tremble.

He turned her hand and took her handkerchief, using it to wipe her face with the handkerchief covered in his blood, “Go and wash up, you're a bit dirty.....”

Her face that was covered in blood had a blush appear on it. Her eyes sparkled as she knitted her brows, looking a bit annoyed.

He narrowed his eyes. This was his first time seeing her act shy like this, it really was cute.

But he didn't know if she was cute like this or if she was acting this way.

In order to make him let down his guard to kill him? But didn't she give him the antidote?

[Ding, hatred has decreased by ten. Hatred is now at 20%.]

The system's notification made her feel even more aggrieved, but she pushed her emotions back down.

It seemed like there would only be affection in Lin Nan Yi's heart when there was no more hatred.

Each person had a different personality, his stubbornness was a bit scary.

“Da, da, da.” Wen De quickly ran over and seeing that Luo Qing Chen was fine, he let out a long sigh of relief.

He didn't dare think that he would be able to live to see the sunrise tomorrow if anything happened to her.

“What is it?”

“Miss Yue was poisoned, the Pacifying West King has already taken her to the Supreme Harmony Hall.”

He slightly knitted his brows as a trace of displeasure appeared in them.

Chapter 1548: Foolish ruler in the way: How many times do you want to be assassinated? (Part 32)

Why was it the Supreme Harmony Hall and not the Cold West Hall?

When Luo Qing Chen was hurt that day, he brought her to the Cold West Hall without another word.

But now it was the Yue Cai Zhi that he never forgot, he brought her to the Supreme Harmony Hall.

Why.....

Could it be.....

He slightly knitted his brows and a terrible emotion filled his heart. It made people feel that the woman that wasn't worth loving had attracted....someone else.

"Un." He softly replied without looking away from her.

The silence in the air was terrifying and it seemed a bit awkward.

Wen De swallowed his saliva, "The imperial doctor has already removed the poison from miss Yue, so there is no danger to her life."

"Un." He continued in a voice without any ripples.

Without knowing why, Luo Qing Chen had an urge to laugh. It was probably because Lin Nan Yi was so indifferent to Yue Cai Zhi, making her feel that at least.....he never loved her.

"That....." Wen De felt like he would suffer if he continued, but he still said it in the end.

"The Pacifying West King wanted this old servant to ask the emperor to come back to the Supreme Harmony Hall....."

"Un humph?" He narrowed his cold eyes and instantly gave off a chill around him.

It wasn't just a single 'un', there was also a prideful 'humph'.

Wen De immediately fell to the ground, "This old servant deserves death.....This old servant deserves death....."

Lin Nan Yi said, "Gather all the first grade guards to be on guard in turns, surround the Supreme Harmony Hall."

"Yes....." Wen De cupped his hands as his voice trembled a bit.

Lin Nan Yi said nothing else about how the guards should protect him as the emperor or protect Luo Qing Chen in the cold palace.

Sure enough, once could offend anyone in the palace except for this former princess.

He looked at her with a bit of unwillingness and coldness in his eyes.

There were no warm words, no explanations, just calmly looking at her with an indescribable emotion.

It seemed like those calculated assassinations had made this man cold and emotionless.

No longer.....loving.

"As for your poor work this time, you'll be fined half a year's salary. Do you have any objections?"

.....

“Yes.....” He answered in a sad voice while not forgetting to say in his heart: Whenever it involves this former princess, even if the emperor is loved by the citizens, he still becomes one thing!

Foolish ruler!

—

When he returned to the Supreme Harmony Hall, Yue Cai Zhi was on a sofa with a pale look on her face. Lin Dong Xue had his hands crossed in front of a window while feeling anxious.

He wanted to go to a place, very, very much.

“The emperor has arrived.” Wen De said in a loud voice.

Lin Dong Xue quickly cupped his greetings, “Greetings royal brother.”

“No need for this.” He looked into the eyes of his little brother and suddenly felt a bit displeased.

As long as he looked at him, he would remember the scene of him talking to Luo Qing Chen in the Cold West Hall.

It really just.....lingered in his mind.

“Since royal brother is back, your little brother will leave now.” He slightly knitted his brows. Although his expression was very calm, there was a bit of anxiety in his voice.

Lin Nan Yi could hear it.

“What has little royal brother this anxious?” Lin Nan Yi narrowed his cold eyes and even his voice became a bit cold.

Lin Dong Xue cupped his hands, “Your little brother has a friend who is in a bit of trouble.....”

“She’s fine.” Lin Nan Yi said.

Chapter 1549: Foolish ruler in the way: How many times do you want to be assassinated? (Part 33)

Lin Dong Xue suddenly looked at Lin Nan Yi with a bit of confusion.

How did he know that something happened to Luo Qing Chen?

He looked at the wound at Lin Nan Yi’s neck where there was a sword wound.

Could it be.....He went to the cold palace?

“Ah, ah!” There was a shout that suddenly disrupted the silence between the two brothers.

Yue Cai Zhi opened her eyes and bit her lip in pain, “Emperor.....Emperor.....”

Three seconds later, Lin Nan Yi slowly turned around and walked over to Yue Cai Zhi.

At this moment, he felt his heart being filled with unwillingness. He knew that Lin Dong Xue would go to her, but he couldn't find a reason to stop him.

Yue Cai Zhi watched Lin Dong Xue moving away and her heart filled with a bit of sadness.

She knew that she would never get Lin Nan Yi's love and now Lin Dong Xue's love was also gone.

The next morning, Xiao Tian still hadn't woke up from her shock, like a piece of grass being blown in the wind.

So when Lin Dong Xue came in, Xiao Tian said in a very loud voice, "Who!"

Then she hesitantly said, "Greetings, your highness....."

"Un." He nodded with a chuckle, "There are first class imperial guards outside these gates, you don't need to be that worried....."

Xiao Tian pouted her lips, "It was like that last time.....but big sister Xiao Qing protected everyone....."

Even now Xiao Tian couldn't forget what had happened last time, her master who normally didn't even seem like she had enough strength to kill a chicken.

She was dressed in red with the sword in her hand, as a cold killing intent filled her eyes.....

Lin Dong Xue gave a nod of deep meaning before looking over Luo Qing Chen.

She was wearing a lotus green robe today that was elegant while plain. Her expression didn't look bad, she shouldn't have been injured.

"As expected of the Glazed Glass Country's princess, she's slightly better at the sword compared to the other women in the palace."

"You're certain it's just a little?"

Lin Dong Xue wanted to praise her, but his words were a bit.....weak!

"It seems like your highness is quite confident in your martial arts." Lin Dong Xue's brows slightly relaxed, "How about we have a match?"

"I'm afraid you won't have any more face to lose." She gave a shrug before saying to Xiao Tian on the side, "Prepare to open business."

As soon as her voice fell, he took a fan out of his sleeve and attacked her.

Luo Qing Chen knitted her brows and jumped back, evading Lin Dong Xue's attack.

Her right hand quickly pulled out the Moon Glass Fan and waved it, "A sudden attack is not the work of a gentleman."

"I never thought that you had the same hobby as me."

"What?"

"Always carrying a fan with you."

.....

Luo Qing Chen wanted to tell him that her Moon Glass Fan existed in her storage space and she didn't carry it.

"What, does your highness want to compete?"

"Your highness is provoking me this much, if I don't accept, it would be too shameful."

Luo Qing Chen folded her Moon Glass Fan and attacked in Lin Dong Xue's direction.

Of course, she didn't use all her strength.

There was a 'guang dang' sound as the two fans met in midair. With a breeze, the yard was filled with petals and their fragrance.

Lin Dong Xue narrowed his eyes to look at the girl fighting with him. She was dressed in plain clothes and light makeup.

He unconsciously.....was dazzled.

There was the sound of a fan falling.

The Moon Glass Fan in Luo Qing Chen's right hand was at his neck, "Your highness, you've lost!"

Chapter 1550: Foolish ruler in the way: How many times do you want to be assassinated? (Part 34)

Lin Dong Xue gave a soft laugh and his brows relaxed, "Although you've won, it isn't a righteous victory."

"Why?" Luo Qing Chen looked at him with a confused expression.

A loss was a loss, a win was a win, why did he have to act like this.....

"Because you used a strategy!" His lips curled as a sparkle filled his eyes.

"What?"

His eyes focused as he seriously looked at her, saying word for word, "Using beauty as a distraction!"

There were some people who had accidents happen to them, beautiful and surprising accidents.

When he carried Yue Cai Zhi to the Supreme Harmony Hall last night, he couldn't help thinking.

If in this world, the first person he met was Luo Qing Chen and not Yue Cai Zhi, would the person he fell in love with change?

Big brother.....would he be the same?

If it was Yue Cai Zhi he met first instead of Luo Qing Chen, he wouldn't need to suffer that much.....

"Right, I'll take you somewhere tomorrow night." Lin Dong Xue slowly looked away, not looking in her eyes.

Luo Qing Chen didn't seriously look at him. If she did look at him, she would know that for certain people, love was always above friendship.

Early in the morning, before he came to Luo Qing Chen's place, Yue Cai Zhi invited him to the Mirror Moon Hall first.

After all this time, he couldn't help thinking, if he didn't go to the Mirror Moon Hall back then, would the ending between him and Luo Qing Chen be different?

But there were no ifs in this world.....

In one of the rooms of Mirror Moon Hall, Yue Cai Zhi was in a white dress, looking at him with tearful eyes as she questioned, "Why did you help her, why? Could it be that you don't know that she killed my little brother?"

Although Yue Ying had escaped, he still died from his heavy wounds.

He was covered in blood when he died and many parts of his skin were cut open, showing the terrifying bone beneath.

"As expected, you wanted to kill her." Lin Dong Xue knitted his brows and lowered his voice to ask, "Why do you want to kill her? She's an assassin, she would protect herself!"

"Ha, ha, ha!" Yue Cai Zhi looked up at the sky and laughed, "Everyone in the world can not understand why I want to kill her, but you, Lin Dong Xue can't!"

Every single one of her words hit his heart.

In the past, when they were studying together, Yue Cai Zhi was a girl who couldn't even bear to kill an ant. Now she wanted to kill a person and she didn't even blink when doing so.

"So you stopped me yesterday to stall for the killers.....right?" His voice clearly trembled when he said these words.

Yue Cai Zhi was no longer the Yue Cai Zhi he knew in the past.

Love made her jealous, which made her cruel.....

"Yes, yes, yes!" She turned and grabbed Lin Dong Xue's hand, "If you didn't bring people to save her, Xiao Ying wouldn't have died."

The warm tears fell down like broken pearls.....

That was her only little brother, he had died in the hands of the person she hated the most.

How could she be willing.....She couldn't accept this.....

"You're wrong." Lin Dong Xue raised his right hand and gently wiped her tears as he said in a pained voice, "Even if I didn't go, they wouldn't have been able to kill her."

He had personally experienced her swordsmanship, it definitely wasn't below his.

“I don’t believe it. Lin Dong Xue, you owe me, you have to help me!” She bit her lip as determination filled her teary eyes.

“What do you want me to do?”
