Chapter 1551: Foolish ruler in the way: How many times do you want to be assassinated? (Part 35)

"It's the emperor's birthday the day after tomorrow, I accidentally heard Wen De mention it. He might go and see her....." Yue Cai Zhi's eyes trembled a bit, "Help me trap her, I already chose the place.....It's the Hidden Book Pavilion! Whether it's the cold palace or the Supreme Harmony Hall, it is far away....."

"Hidden Book Pavilion?" Lin Dong Xue knitted his brows and looked at her with a bit of doubt as he asked, "You don't want to kill her?"

She suddenly began crying like a child as she said, "Didn't you say that I can't kill her? Can't I trap her with you for a day? Would you feel hurt? Wu, wu, wu....."

"Don't cry....." Seeing her cry like this, Lin Dong Xue felt a feeling that he couldn't describe.

This feeling was different from before.....It was more like.....taking responsibility.

"I just want to spend a birthday that belongs to me and the emperor alone, is that wrong?" Yue Cai Zhi bit her lip and gently pulled at his sleeve, "Xiao Ying is already dead.....is this too much?"

"I know....." Lin Dong Xue gave a deep sigh, "I promise you that I definitely won't let her appear tomorrow."

Seeing her cry like that, his heart couldn't take it in the end.

But when he thought of the girl in the red robe being surrounded in snow and killing with her sword, if she took a step back, not only would she die, the people behind her would die as well.

The blood stained her white face, but not a single tear came out of those clear eyes.

Yue Cai Zhi's crying made him feel pity.

And Luo Qing Chen was too strong.....

It made him feel strangely distressed.

He suddenly felt that he was despicable, but he agreed to Yue Cai Zhi in the end. It wasn't just because of his own selfishness, it was also.....

Because he didn't want her to spend Lin Nan Yi's birthday with him.

Jealousy made people lose their minds and make the wrong decision.

The next evening, Xiao Yi took Lin Dong Xue's token to find her. The guards in front of the cold palace looked at each other, but the most important thing was that they didn't stop her, but one of the guards did secretly go to the Supreme Harmony Hall to report.

It just so happened that Lin Nan Yi wasn't in the Supreme Harmony Hall, rather he was at the military camp.

The court was divided in three, one was his power, one third was imperial tutor Yue's power, and the other half was great general Meng Hun's power.

Great general Meng Hun was like a god in the army. He focused on his duty and never interfered in the court.

Even if imperial tutor Yue tried to pull him over several times, it never succeeded.

This time, it was Lin Nan Yi's turn.

"Why is the emperor at the military camp?"

Lin Nan Yi gave a soft laugh, "General Meng cares about the people of the world and fights wars all over, so you must be coming up with new tactics every day and night."

"Emperor, you're thinking too much." Meng Hun's expression was a bit strange, but he still knelt down and cupped his hands, "This minister can't be calm if there isn't a war each month."

"Meng Hun, ah, Meng Hun." Lin Nan Yi gently brought him up and said, "Your wife and child were caught by him, right!"

"Emperor."

"Give them what they want, first we make sure that the general's wife and child are safe." Lin Nan Yi patted his shoulder, "My court cares for the citizens, one or two cities is nothing for me."?

"But emperor." Meng Hun suddenly knelt down, "How could this general....."

"Everyone says that the country comes first and family second, but this one doesn't think so....." There was a soft voice that rang in his mind as his lips curled, "If you can't even protect your family, how can you protect a country?"

Chapter 1552: Foolish ruler in the way: How many times do you want to be assassinated? (Part 36)

"But the court ministers....."

"If you don't talk about this and this one doesn't, who in court would know?" He spread his hands and narrowed his eyes, "As for the small country, they just want two cities from our territory. With the great general's prestige in the military, who would dare say a thing? As for the court, if this one is supporting you, who would dare say a thing?"

After a while, Meng Hun banged his head on the ground towards Lin Nan Yi, "The emperor's grace can never be repaid. From this day forth, this servant will serve him with his life."

"That's no need for that, if you can show up when this one needs you the most, that is enough." Lin Nan Yi's lips curled into a smile that no one could see through.

He had done too much for this day, many things that went against the laws of heaven and earth, but he didn't care.

At the same time, after going around the palace, Xiao Yi brought her to the Hidden Book Pavilion.

This was a place near the West Gate Palace with thick snow, so very few people came here normally.

“Your highness, please come with this servant.” Xiao Yi lit up the Hidden Book Pavilion with her lamp, “His highness has already sent the one on duty away. He wanted me to tell your highness that you can look at the books on rare herbs here first, he will be here shortly.”

Luo Qing Chen had a bit of doubt in her eyes. Although she had been saying that she wanted to know the effects of the herbs planted in her yard, she felt that something was off.....

“The books on rare herbs have already been placed on the table by his highness. Your highness can take a look first, this servant will be helping with the imperial kitchen and will be leaving first.”

“Imperial kitchen, what are you going there for?” Luo Qing Chen looked out the door. She saw the bright moon in the sky, shouldn’t one have finished their dinner already?

“Reporting to your highness, it’s the emperor’s birthday today. Miss Yue is holding a banquet in the Mirror Moon Hall to celebrate the emperor.”

Xiao Yi revealed an innocent smile, like she didn’t see her displeased expression at all.

“Ah, got it.” Luo Qing Chen waved her hand, “You can go busy yourself.”

“This servant will leave.”

The doors softly closed, but there was a cold breeze and since Xiao Yi didn’t close it well, the door was blown open.

She slowly came forward and closed them again.

The medical books Lin Dong Xue prepared for her really were useful, they had detailed explanations for some rare herbs.

There were also small notes on the side written in beautiful and powerful writing.

A genius doctor needs to read more books. ——Lin Dong Xue.

“Puchi.” She gave a soft laugh before saying with a smile, “After getting to know each other, this highness quite likes to make jokes.

At the same time, in the Cold West Hall.

There were several bottles of wine and no one was around under the moonlight.

He had sent all the servants away to help with the Mirror Moon Hall, drowning himself in wine.

There were a few plum blossoms in the yard of the Cold West Hall that had a faint fragrance, but it instantly overpowered the scent of the wine.

He wanted to get drunk, but he also quickly sobered up. His mind was filled with the image of that girl.

The two fans clashed in the air and her eyes were as clear as water.

Actually, he could go with this agreement, but he didn’t have the face to go.

Lin Dong Xue disdained this method, but he had still used it on her.

Chapter 1553: Foolish ruler in the way: How many times do you want to be assassinated? (Part 37)

And at another corner of the palace, the Mirror Moon Hall was very festive.

It was filled with tables covered in delicacies and wine, as well as various performance troupes invited from outside the palace.

Yue Cai Zhi was sitting on the high platform and around it were the various harem girls who kept whispering about her.

"Today is the emperor's birthday and he ordered Wen De to not make it extravagant, but I feel that we should spend this important day with the emperor, right?"

She had invited these people for only one reason: To show off.

Show off her status in Lin Nan Yi's heart and show off everything she had.

After this banquet, she wouldn't need to worry about Lin Nan Yi liking some harem girl.

Because she knew that other than the captured princess, there was no one that had a higher status in Lin Nan Yi's heart.

"Miss Yue is absolutely right.

"Yes, yes, yes."

Everyone looked at each other and nodded.

The emperor wasn't here yet, so this banquet felt like a trap for them.

"The emperor still isn't back yet?" Yue Cai Zhi knitted her brows and asked the maid beside her.

"This servant went to the Supreme Harmony Hall and Wen De said that the emperor left the palace in the morning, he still hasn't come back yet."

"Go again."

"Yes....."

She knitted her brows and revealed a dark look in her eyes. She had made all these preparations, if Lin Nan Yi didn't come to the Mirror Moon Hall today, it would all be wasted!

"Right, you can start the Pacifying West King plan." She said to her confidant behind her in a low voice, "Be fast, don't let people be suspicious."

"But miss, the Pacifying West King.....didn't go to the Hidden Book Pavilion....."

"What?" She said in a surprise as everyone turned to look at her.

She revealed a smile, but she quickly adjusted her voice to say, "What is going on?"

“The Pacifying West King has returned to the Cold West Hall, he didn’t go to the Hidden Book Pavilion.” The maid also lowered her voice to say, “I’ve heard that the Pacifying West King had people bring a large amount of wine and went drinking alone in the Cold West Hall.”

When Yue Cai Zhi heard this, her heart trembled and there was an indescribable feeling in her heart.

There were some things that she never owned and there were some things that she always lost.

Since Lin Dong Xue didn’t want to take her ‘good intentions’, she would.....give it to someone else to enjoy!

“Find two other men now, they can’t be eunuhs. No matter what methods you use, do it quickly.....” She bit her lip and said, “The rest will follow the original plan.”

—

Hidden Book Pavilion.

“Ah!” Luo Qing Chen gave a yawn and rubbed her eyes.

It’s been an hour and Lin Dong Xue still wasn’t here, could it be that he had forgotten!

Luo Qing Chen put her cheek on her left hand and tapped the table out of habit with her right as she muttered to herself, “This ancient era isn’t good. If it was the modern era, I would have already called him and scolded him!”

The people who didn’t keep their promises were the most hateful!

“Si.” There was a soft sound and she seemed to have heard something.

Three seconds later, she suddenly looked up and covered her mouth with her right hand, taking out the Phoenix Dance Sword.

There was only a ‘kacha’ sound as all the doors and windows were instantly locked.

Some unknown smoke came in and the entire Hidden Book Pavilion was filled with this smoke.

Chapter 1554: Foolish ruler in the way: How many times do you want to be assassinated? (Part 38)

She looked around and put away the Phoenix Dance Sword, changing out for a dagger.

[Ding, 500 exchange points has been taken. Successfully exchanged for a jade dagger(Forever).]

It sounded good, but it just looked like a normal dagger.....

[The host is very right.....]

She shook her head and made herself focus.

At first she wanted to use her ability to escape, she really hadn’t used the teleport in a long time.

But when she wanted to use this, she found that she was still in the same place.

There was only one possibility.....people could still see her.

The smoke kept filling the Hidden Book Pavilion and the visibility was very low.

She looked up with her cold eyes and wanted to break the door.

But the candles in the room instantly dimmed.

She turned around and found a pillar for cover, blocking her position.

It seemed like this plan had been carefully laid out, with many layers without a single flaw.

She shook her head again and thought: Lin Dong Xue, ah, Lin Dong Xue, it seems like Yue Cai Zhi really is important enough for you to do such a despicable thing?

What was funny was that they wanted to kill her, Luo Qing Chen just like this?

“Dang, dang, dang.” The sound of swords hitting the door came out.

In just a few seconds, there were only two cries before it fell silent.

There was a ‘su, su, su’ sound like someone was being dragged across the snow.

Then with a ‘kacha’ sound, the Hidden Book Pavilion was opened, but the smoke in the air was still very thick.

Luo Qing Chen felt the heat in her body and the blush came over her face, reaching her ears.

She closed her eyes and gathered all her focus on her ears, as if she could hear someone open the door and softly close the door.

The person walked very softly and breathed softly, which showed that he was an expert.

It seemed like Yue Cai Zhi had put in quite a bit to kill her, but it was a pity that she believed Lin Dong Xue.

After all, without Lin Dong Xue, it was impossible for Yue Cai Zhi to bring her here.

But she really wanted to know, the friend that she drank wine with, how could he use this trust to hurt her.....

She took a deep breath and slowly exhaled.

The room was not only filled with smoke, it was also filled with poison. She could feel that her physical body was overdrawn and she was only running on mental fortitude.

One step, two step, three step.....

She placed her left hand to her ear and her right hand held the jade dagger, waiting for someone to approach.....

“Peng, peng!” She instantly leapt forward and attacked the person who came.

That person knitted their brows and jumped out of the way, avoiding her attack.

Luo Qing Chen gritted her teeth. When she was about to fight to her death, the bookcase behind her lost its balance from the fight and fell towards her.....

The person in the dark suddenly charged out in her direction.

She turned and calculated the distance, she stabbed the dagger into his chest.

“Humph.” There was a cold grunt as the person suddenly took her by the waist, tightly holding her.

There was a ‘peng’ sound as the bookcase fell onto his back.

Chapter 1555: Foolish ruler in the way: How many times do you want to be assassinated? (Part 39)

A warm hug with a cold breath and trembling fingers.

There was a faint scent of blood in the air as her right hand holding the jade dagger couldn’t help trembling.

She was very close to him and with the faint moonlight, she could see the black mark on his ear.

That familiar feeling was imprinted on her heart.

“Lin.....Lin Nan Yi.....”

But then there was the sound of a eunuch that came from outside the Hidden Book Pavilion.

Lin Nan Yi raised his right hand and covered her mouth.

“Why is this door unlocked, is there someone inside?”

“How could there be anyone inside with no light? The eunuch in charge must have forgotten to lock it!”

With a “kacha” sound, the doors of the Hidden Book Pavilion were locked.

When the two left, Lin Nan Yi’s deep as ink voice slowly sounded with a bit of a chill, “It seems like the matter of killing this one.....was always in your heart.”

Luo Qing Chen was stunned and took a step back, but the jade dagger was still stuck in Lin Nan Yi’s chest.

She wanted to say something, but the words were stuck in her throat and she couldn’t say them.

There was always the feeling of not being able to wash it clean even if she jumped into the Yellow River when the word ‘assassination’ was mentioned.

“You.....Hold on.....I’ll go lift the bookshelf first.” She took a deep breath and pushed up the bookshelf.

The man standing to the side had a hand on the dagger and his other hand was on her hands, pushing as well.

The air was still turbid and she softly bit her lips. She controlled her rapid breathing to say to Lin Nan Yi, “Don’t move around, I’ll look at your wound.”

“Un.” He softly replied as his lips couldn’t help curling into a faint smile.

Wen De’s head didn’t need to be separated from his body this time. At least he knew to tell him immediately about her matters when he entered the palace this time.

[Ding, hatred has reset.]

The system’s notification made her look up, looking deeply into Lin Nan Yi’s dark eyes.

“The wound is a bit deep, let’s call someone.” She knitted her brows and said, “Pulling the dagger out here.....is too dangerous.”

She knew why he covered her mouth when that eunuch passed by.

The emperor was stabbed by a dagger and there was only the captured princess who attacked him countless times before, she would definitely be pushed into the spotlight again.

“Just do it here.” His face was a bit pale. Perhaps it was the effect of the smoke, but his breathing was a bit fast and there were beads of sweat on his forehead.

“But.....” Luo Qing Chen tightly knitted her brows. Seeing his calm look, she said, “There’s no gauze here either.....”

“Si!” He decisively tore the skirt that she had as he looked at her with sparkling eyes, “Just use this.”

“But.....” Luo Qing Chen looked at him in disbelief, still unable to make up her mind.

It was like he would see the worry in her eyes, the knitting of her brows, and her pursed lips. It was like.....she was worried about him.

This kind of feeling.....really.....wasn’t bad!

[Ding, affection has increased by ten. Mission completion rate is now 20%.]

“Ah?” This strange increase in affection didn’t make her feel happy since her hands were covered in his blood.

She had to admit that she was panicking a bit.

“What? Where did the decisiveness you had when you assassinated me go?” Lin Nan Yi suddenly raised his right hand and tightly grabbed the dagger she had been holding.

His lips curled as he pulled out the dagger without any hesitation.

Chapter 1556: Foolish ruler in the way: How many times do you want to be assassinated? (Part 40)

“Ah!” There was a scream, but it didn’t come from Lin Nan Yi, rather it came from Luo Qing Chen.

The blood splattered out of the wound and fell onto her blue dress.

Her face immediately turned white.

Because she knew that the other side was trying to kill her. She didn't show any mercy when she stabbed out with this dagger.

"Stop shaking....." Lin Nan Yi slightly knitted his brows. His cold sweat was like snow on his perfect face as his lips curled into a faint smile, "You are quite cute like this."

She felt like she was being played and in this situation, she couldn't guard against it.

The dagger fell to the ground. She took a deep breath and used the rag from her skirt to block the wound.

System, exchange for a medical box.

[Ding, 500 exchange points has been taken. Successfully exchanged for a medical box (Forever).]

The night was dark and the room was dim. She used this chance to spread the hemostatic powder and the gauze on his wound before putting it back in her storage space.

When she raised the hemostatic powder, there was a bit of sadness that appeared in Lin Nan Yi's eyes.

He suddenly took a deep look at her, "Luo Qing Chen."

Her hand trembled and half the bottle of powder fell on his wound. She said, "Endure it."

"This one wants to say....." He suddenly came closer as he narrowed his eyes to look at her, "If you aren't using poison this time, you won't have another chance to kill this one."

Luo Qing Chen knitted her brows. Looking at that pale and beautiful face that was only a few centimeters away, her eyes turned red and tears almost came out.

Even when surrounded, she didn't act weak. Even when locked in the Hidden Book Pavilion, she wasn't afraid.

Even if she died, she wouldn't ever feel any grievance.

But at this moment, all the grievances came together. She bit her lip and her eyes misted over as she said, "No matter what happened before, at least I won't try to kill you now."

[Ding, affection has increased by ten. Mission completion rate is now 30%.]

Lin Nan Yi looked at her like this, with her pursed lips, her clothes soaked in his blood, and her eyes that were a bit sad.

She took a deep breath and wrapped up his wound with the gauze before saying, "Your wound is very deep, get the imperial doctor to look at it after you go back."

"This one doesn't want to." He narrowed his eyes. As the bleeding stopped, his face was no longer as pale.

He raised his right hand and gently pushed her scattered hair behind her ear, "This one will come looking for you when it's time to change the bandages."

His voice was very soft, but it was no longer as cold. Rather it had a bit of warmth.

"Ke, ke....." Luo Qing Chen cleared her throat. She felt that she had breathed too much of the smoke and even her voice was a bit hoarse.

"You.....came looking for me?"

"Un." Lin Nan Yi saw her expression and said in a teasing tone, "What is your face red for?"

Did he not know why his face was red? In this situation, even if her willpower was strong, a 'red face' was considered the normal reaction, alright?

"Your face is also red!" Luo Qing Chen raised her red hand and gently touched his face, "It's.....It's even warm!"

But to be honest, Lin Nan Yi's willpower really was good.

If she hadn't experienced all those things before and had some immunity to this scent, she couldn't guarantee that she would be this calm with a member of the opposite gender in the same room.

"Dong." Lin Nan Yi suddenly grabbed the hand she was taking back and there was a pair of eyes filled with a different emotion that looked at her, "Shouldn't we do something?"

Chapter 1557: Foolish ruler in the way: How many times do you want to be assassinated? (Part 41)

Luo Qing Chen was stunned. Her bright eyes opened wide as she looked at him in disbelief.

Without knowing why, there was a phrase that suddenly appeared in her mind, "As the sun comes up, chaos comes to sight....."

"It's night right now, there's no one around." Lin Nan Yi revealed a faint smile as he looked at her, "This one feels that it's very suitable."

Perhaps she had really breathed in too much smoke, when Lin Nan Yi came close, she could feel her heart beating fast.

Her throat was dry, her breathing was fast, and her heart was burning.....

Seeing that face coming closer and closer, there was only one action done on reflex.

It was to.....close her eyes.

The long lashes fell over her white cheeks and she slightly pursed her lips.

Lin Nan Yi looked at her with those deep eyes for a long time.

He had never been this close to her before and each time they did come close, he would be injured.

By blades, swords, or poison.....

This time, she was within his reach and the fast breathing filled his ears, making his heart throb.

But.....now was not the time.

"Dong." He raised his hand to tap on her forehead, "What you're thinking about is all coming out."

“.....”

Luo Qing Chen listened to this very seriously, with its soft laughter and gentle tone.

But there was a feeling.....of being embarrassed.

Three seconds later, she touched her ear out of habit and pretended to give a yawn. Her eyes flickered as she said, “So tired! I was about to fall asleep just now.”

Lin Nan Yi sitting beside her saw her acting this cute and his brows couldn't help relaxing as he revealed a smile.

She didn't forget to lean on a bookshelf as she said this, “Good night, good night!”

“Come here.” He softly pulled at her hand.

The other side was already in a ‘deep sleep’.

There was a kind of sleep that one never woke up from, it was called.....pretending to sleep.

Lin Nan Yi held his wound and changed his position, pulling her so that she fell onto his shoulder that wasn't wounded.

She ‘seriously’ closed her eyes, revealed a smile, and silently enjoyed this.

The first person who should find her and Lin Nan Yi first was Wen De, but they never thought that after an hour, the person who opened the doors to the Hidden Book Pavilion would be Lin Dong Xue.

“Kacha.” The sound of the wooden doors being opened woke Luo Qing Chen and Lin Nan Yi at the same time.

The bright moonlight came through with a few snowflakes in the air.

When Lin Dong Xue saw the two of them, his nervous expression filled with shock.

The shock came from Lin Nan Yi who was unexpectedly in the Hidden Book Pavilion.....

“Greetings to royal brother.” Lin Dong Xue cupped his hands with a complex feeling that was hard to hide in his eyes.

Lin Dong Xue narrowed his eyes as she looked at him, looking at his right hand that helped Luo Qing Chen up.

When he wanted to speak, Luo Qing Chen spoke first.

“It really is surprising that the Pacifying West King appeared at this time.” There wasn't any emotion on her face that was as white as snow as she coldly said, “Could it be that your conscience was disturbed or your plans had changed?”

What she hated most in her life was being lied to, not to mention being lied to by a trusted friend.

Chapter 1558: Foolish ruler in the way: How many times do you want to be assassinated? (Part 42)

Lin Dong Xue bit his lip as a pained look appeared in his eyes.

At this moment, his heart hurt like it was being pulled apart.

This kind of uncomfortable feeling didn't come from Luo Qing Chen, but rather himself.

Because he had done a despicable thing that he couldn't forgive himself for.

—

It was already the middle of the night when Lin Dong Xue sent her back to the Golden Palace. Lin Nan Yi was already escorted back to the Supreme Harmony Hall by Wen De who came after.

"Qing Chen."

Standing at the gates of the Golden Palace, Lin Dong Xue calmly looked at her and said, "I still owe you an apology."

After a while, she revealed a faint smile and calmly said, "No need, only friends need to apologize to me and we are not that."

As soon as her voice fell, she gave a bow, "Then I won't send off your highness."

The cold wind blue and snow fell to the ground.

Since there were many things that had already been chosen, there was nothing to say.

After a while, his eyes gradually dimmed and he tightly knitted his brows as he looked at her, "Rest well."

A night without sleep with many thoughts in mind.

But the one she worried about most was Lin Nan Yi, she clearly knew that stab wasn't shallow.

Outside the Supreme Harmony Hall.

Yue Cai Zhi was kneeling in a long golden dress in the snow, begging to see Lin Nan Yi.

She was strangely nervous. Lin Nan Yi didn't show up all night, but her people had learned that he had long returned to the palace, only they didn't know where he went.

The banquet in the Mirror Moon Hall ended and the looks those harem girls aimed at her were different.

Disdain, taunting, cold laughter.....

Damn! Why? Why did all her preparations fail in making her most loved man spend his birthday with her?

When he came back, he went right to the Supreme Harmony Hall and didn't meet anyone.

"Miss Yue, the emperor has already gone to bed since he's tired." Wen De opened an umbrella for her, "You don't need to wait, it isn't too late to see the emperor tomorrow."

"Can you announce me, I just need to see the emperor for a second....." She bit her lip as tears came down drop by drop.

“Miss Yue, please don’t make it hard for this old servant.”

“Da, da, da.” When Yue Cai Zhi wanted to say something, there were slowly footsteps that came from not far away in front of her. They belonged to Lin Dong Xue.

He ignored Wen De and his right hand pulled Yue Cai Zhi out of the cold snow as he angrily shouted, “What are you doing here?”

It was freezing cold and her face was completely red. Her hands couldn’t help shaking as her teeth were shivering.

“What are you doing!” She forcefully waved her hand and she changed her tone once she saw Wen De was still here, “What is your highness doing, why not say it directly?”

“Humph!” Lin Dong Xue gave a cold snort and pulled her away in the opposite direction.

Yue Cai Zhi desperately struggled, but it wasn’t any use. After all, how could she fight back against a strong man with her strength.

“Lin Dong Xue!” Yue Cai Zhi looked at him with an angry roar, “What do you want to do? Forget the fact that you gave up halfway when I wanted you to help me, I took care of everything afterwards myself and now you want to ruin my good things?”

Her words were as cold as ice, hitting Lin Dong Xue’s heart with an ice cold chill.

He had lost everything he had felt before.

He curled his lips and gave a bitter laugh, “You think I don’t know what you did in the Hidden Book Pavilion?”

Yue Cai Zhi was stunned. She knitted her brows and looked at him in disbelief, “You....Didn’t you not go?”

Chapter 1559: Foolish ruler in the way: How many times do you want to be assassinated? (Part 43)

She didn’t plan on letting Luo Qing Chen off that easily. Since she no longer had anyone who could help her kill her, she would ruin her innocence.

The first candidate she had was Lin Dong Xue.

She had her confidant use a large amount of smoke, to fuel the fire. When she and Lin Dong Xue lost their reasoning, they would do a certain thing.

But she never thought that Lin Dong Xue wouldn’t go.

If there was only Luo Qing Chen in the Hidden Book Pavilion, her plan wouldn’t succeed.

Therefore, she ordered her servants in secret to find some men.

As long as Luo Qing Chen was defiled, her plan wouldn’t be considered a complete failure.

But Lin Dong Xue was the most suitable choice. After all, he had been childhood friends with her for all those years, she knew that he was a man who took responsibility.

If he had a relationship with a girl, he would definitely take responsibility for her.

"Of course I know." He gave a cold laugh. He narrowed his eyes and said in an ice cold voice, "Because I just came back from there."

The words were like drops of ice without any warmth.

"You went?" Yue Cai Zhi was surprised. Her cheeks that had been frozen red turned pale and she looked at him as she asked in a stuttering voice, "You.....Did you see anything?"

"What do you think I should have seen?" Lin Dong Xue's eyes were red as he looked at Yue Cai Zhi and said word for word, "Do you want to hear about what I really saw?"

When Yue Cai Zhi heard this, there was a trace of happiness in her heart and she couldn't help smiling.

This meant that Luo Qing Chen was already.....

"This is my first time thinking that your smile....." Lin Dong Xue took a step back as he looked at her, "Was so ugly."

"That was what she deserved!" She gritted her teeth and said, "Dong Xue, don't you forget! She killed my little brother. What kind of relationships do we have, what kind of relationship do you have with her? How can you blame me for her?"

Yue Cai Zhi pursed her lips in an aggrieved manner as tears came out.

Shouldn't Lin Dong Xue be standing by her side at this time? No matter who she chose, shouldn't Lin Dong Xue's love belong to her alone forever?

Why? Why was it that in just a few days, he had changed? He had become unfamiliar, so unpredictable.

"You and I.....no longer have a relationship." After a while, he looked at her with incomparably deep eyes in a daze, without a single sparkle in them.

"You....."

"As for me and her....." He paused as his eyes filled with a bit of pain and he muttered, "She is my friend, I won't do anything to hurt her in the future."

Doing this despicable thing was something that he could never forget, if there was a second time, there was no meaning in existing in this world.

He wasn't willing to become that kind of person, he wasn't willing to go against his own heart, and he wasn't willing.....to hurt such a strong person.

"Lin Dong Xue!" Yue Cai Zhi looked at him in surprise and knitted her brows, "You.....What did you say?"

She never would have believed that someone who would go through flames for her, someone who used their own life for her would say something like this.

"I think that I was clear enough....." Lin Dong Xue crossed his arms and he didn't forget to add something when he turned to leave, "Also, do you want to know who I saw when I left the Hidden Book Pavilion?"

He paused before walking forward while saying, "I saw the emperor."

Chapter 1560: Foolish ruler in the way: How many times do you want to be assassinated? (Part 44)

Mirror Moon Hall.

Yue Cai Zhi didn't know how she came back, she just knew that when Lin Dong Xue told her that Lin Nan Yi was the one in the Hidden Book Pavilion.....

She felt like her world was about to collapse.....

These days, she always thought that she had already replaced Luo Qing Chen as the one in Lin Nan Yi's heart.

But reality had slapped her in the face. Lin Nan Yi didn't forget her?

He even.....still loved her.

"Ah!" With a scream, there were the sounds of porcelain smashing on the ground.

She gritted her teeth and her eyes were bloodshot with a venomous look as she angrily muttered, "Luo Qing Chen, I can't kill you, but that doesn't mean I can't kill the people by your side!"

—

The next morning, there was a clear sky after the snow.

Although it was still cold, with the warm sun shining down, one could feel a bit warm.

Xiao Tian was tending to the garden as usual.

"Kacha." The door suddenly opened.

The one who came in was no one else, it was the Pacifying West King Lin Dong Xue.

He brought a piece of calligraphy and an anxious look as he walked towards her.

"Greetings, your highness."

"Un." He waved his hand, "You can leave first."

"Yes."

"Wait!"

Luo Qing Chen and Xiao Tian spoke at the same time. She looked at Lin Dong Xue and said, "If the Pacifying West King has something to say, you can say it in front of my maid. After all, if I see your highness alone, I will be a bit afraid."

Lin Dong Xue could naturally hear the ridicule in her words and he said with a sigh, "I'm here to apologize. Really.....I'm very sorry."

"Is it because you don't understand what I said last night or is there a problem with the understanding ability of the Pacifying West King?" Luo Qing Chen gave a cold snort. She took out the Moon Glass Fan from her sleeve and tapped it on her palm a few times as she said, "If they succeeded last night, don't you think that your apology is meaningless?"

It wasn't that Luo Qing Chen wasn't willing to forgive Lin Dong Xue, rather it would be very easy to forgive if this matter didn't succeed.

Because if she was fine, she might actually forgive him.

But what if something happened to her?

If it wasn't Luo Qing Chen last night and she was just the previous host, she would have died a long time ago!

Lin Dong Xue trembled. Hearing her powerful words, he didn't know what to say.

Because.....there was nothing to say.

"I know that there is no meaning in apologizing." He looked up slightly with a bit of pleading in his voice as he looked at her and said, "But I swear that in the future.....I will definitely protect you."

"Thank you!" Luo Qing Chen gave a shrug, "But.....I no longer trust you."

The friendship between people was fragile, he could ignore her life just for the one that he loved.

It was too hard to forgive him just because he wanted to be forgiven.....

"I know." He nodded with a bit of disappointment. His black eyes didn't dare look at her and in his low voice, he said some moving words.

"I know that you won't believe me.....But if I know that she wants to do something bad to you, I will not put you in danger and will come find you."

Luo Qing Chen closed her eyes. Hearing these sincere words, she couldn't help being a bit moved.

Lin Dong Xue was probably a good person, but the one he loved really wasn't that good.....
