Chapter 1631: Being a popular singer: Hello sir major! (Part 45)

After showering once she came home, the first thing Luo Qing Chen did was tell everyone who cared about her that she was safe.

Luo Qing Chen V: Safely at home, thank you for everyone's concerns. After experiencing everything, I've learned that everything I have now is a blessing.

Spring Under the Apple Tree: Ah, ah, ah! God Luo finally posted, so moved! It's good that you're back safely! [Prayer] [Prayer]. 9999 Likes.

Little Fox: Those things that you don't know, you have what you want! 5878 Likes.

Loving Qing For a Long Time: It's good you're back, we can do anything as long as you're back! (* ^ - ^ *) 6589 Likes.

Fleeting Past: Welcome home, god Luo! You can't do this kind of show in the future. I know that it is for public service, but our hearts can't take it! (〒) ^ (〒) 2235 Likes.

.....

Seeing the comments from the fans, Luo Qing Chen couldn't help revealing a faint smile.

She suddenly felt that it was a very warm feeling being with them.

Sharing all joys and sorrows, being with her for a long time.

"Ding dong."

There was a QQ message, but the previous host didn't have that many friends who normally contacted her.

Who was the one who contacted her this time?

Opening QQ, she found Tian Xin's icon popped out. Her QQ name was very strange, it was called Candy in the Snow.

Luo Qing Chen looked at it twice before realizing it was Tian Xin.

Candy in the Snow: Come out, come out! I have something to tell you!

The previous host's username was quite normal, it was just two words: God Luo!

God Luo: ???

Candy in the Snow: Why are you so cold?

God Luo: Why are you so excited?

Candy in the Snow: Actually, I was helping you film the entire time in Rock City.

Tian Xin on the other side was wearing a green and white plush pyjama, looking like she was in quite a good mood.

She didn't have many friends growing up and she didn't have many people she could be close to.

She never thought that she would meet Luo Qing Chen in this military show.

From White Cliff Base to Rock City, she could remember everything. As long as she thought of it, she would be excited.

Luo Qing Chen was her first friend, so she felt that she should do something for her.

Guo Luo: I know! Didn't you have your phone the entire time? (☹o☹)

Luo Qing Chen: She could still film with her phone even when she was scared, she really has potential to become a reporter!

Candy in the Snow: Alright! Are you going to watch the True Love Show? Your ex boyfriend.....

God Luo: Ke, ke!

Candy in the Snow: Sorry! That Jiang Si Zhe and Qiao Na really are too much in the show, but the effects don't seem that good.

Luo Qing Chen typed something on her keyboard.

God Luo: Wait a bit, let me take a look.

She opened up the True Love Show Weibo page and the comments below were quite sharp.

Blue Mountain Coffee: I thought that although the True Love Show was fake, there would be a bit of truth still. After seeing the Si Qiao couple, I've found that everything is the truth! 9999 Likes

Under the Cherry Blossoms: +1! They hugged as soon as they came on, were they really not lovers before?

Aiya Hey: Feeling sorry for God Luo! The paparazzi found out that she broke up with Jiang Si Zhe two weeks ago!

Heartless Falling Flowers: To be honest, it really is awkward! It feels like they're acting like this, just to make it more exciting! 8585 Likes.

I Only Like the Front Row: +1 to the above. The other two pairs feel fake too, this show really is a failure! Also God Luo didn't participate, they'll be losing fans! 2357 Likes.

Chapter 1632: Being a popular singer: Hello sir major! (Part 46)

Of course, there were also compliments, but they were in the minority.

Little Beauty: I feel that the Si Qiao CP is quite good! You are all water armies for Luo Qing Chen! 225 Likes.

-Finally Meeting You: Please don't say something like that about someone who came back from a battlefield, have some decency. 9999 Likes.

-Only Loving Xiao Qing: If you can invite a water army in a place without wireless internet, you really are incredible. 9999 Likes.

-Are you joking? Didn't you see the news? The helicopter from the White Cliff United Nations only arrived a few hours ago! 8989 Likes.

.....

Seeing this, Luo Qing Chen didn't keep scrolling down.

But she muttered in her heart: Seeing all these people scolding you, I'm relieved!

She opened up QQ to chat with Tian Xin.

God Luo: I saw it, thank you for telling me this! I feel much better! ㄟ(ˊωˋ)ㄎ

Candy in the Snow: It's now this that I wanted to tell you about!

Luo Qing Chen sitting in front of the computer was surprised and quickly typed on her keyboard.

God Luo: ? What is it!?

Candy in the Snow: Look at the hot search, I edited a video for you! Of course I already talked to Xiao Jiu about this beforehand! (* ^ - ^ *)

Video?

Damn!

It can't be.....

Luo Qing Chen opened Weibo again and found a video posted by Tian Xin twenty minutes ago which had also tagged her!

To be precise, it was a post and a video.

Tian Xin V: You are the person I admire the most in this world, no one else. Take note, this isn't acting!
Video link ByGhqlqc! @Luo Qing Chen.

In just twenty minutes, it had been reposted twenty thousand times and had over fifty thousand comments.

She completely wiped out all the previous hot topics with absolute momentum.

She took a deep breath and clicked on the video.

The first thing to catch the eye was a pure black screen with a line of words written on it.

(Do you know? You are like a god and we are all your believers. ——Tian Xin)

(I've never known that a singer could become a first class sniper. ——Shirley)

(An absolute goddess, please take my knee. ——Xiao Xiao)

(You are dazzling, no one can match your brilliance. ——Xiao Jiu)

Highly skilled ahead: Attention, this is not an exercise.

Highly skilled ahead: Attention, this is not an exercise.

Highly skilled ahead: Attention, this is not an exercise.

Then what caught her eyes was a revolver that fired five shots.

The BGM quickly sped up and she was dressed in a green military uniform with a pistol in her hand, having the handsomeness of a female lead!

The picture was very well connected and there was another black screen that wrote: A challenge from a female soldier.

Then she unleashed a full mag of the M16.

“Peng, peng, peng, peng, peng.”

The gunshots rang out and all the soldiers in the scene were all stunned.

Then there was another warning with another black screen.

The picture wasn't clear, but one could tell that she was in the clock tower with a Kar 98K, aimed at the roof of the church across.

The video also captured Yu Xing Fan on the ground covered in blood.

The entire Rock City was filled with gunpowder.

Then there was another black screen that wrote: You thought that a godly sniper can only shoot, but she can also save people.

She was wearing that same green military uniform as she kept saving various wounded people. Tian Xin would help when there was a need and the camera kept shooting the dark red sky.

This was a city that was hit by a bomb, covered in smoke.

Finally it was the hospital that was completely dark. Suddenly, starting from her, the lights on the roof lit up one by one.....

Chapter 1633: Being a popular singer: Hello sir major! (Part 47)

It had to be said, this clip really was good. A short six minute video was like a trailer for a blockbuster movie, it really was exciting to watch.

The comments underneath were all filled with surprise. Even if the video had emphasized three times that it wasn't scripted, there were still many people who thought it was.

After all, it was just too exaggerated.

Milk Isn't Milk: My god, this is the White Cliff United Nations? 9999 Likes.

Loving Qing For a Long Time: Ah, ah, ah, ah! This is my god Luo? Too handsome! 9999 Likes.

Little Fox: Is it only me who feels like it's a trailer for a movie? 9999 Likes.

Fleeting Years: So handsome it blew up my eyes! 9999 Likes.

Falling Autumn Leaves: Is it just me who thinks this is hype? 1257 Likes.

-Time Passes Slowly: I also think so, this is just too impossible!

-Yogurt Sauce: This is hype? Isn't this too much?

.....

Luo Qing Chen didn't keep reading since there were too many comments.

It was like a monstrous wave that couldn't stop everyone's enthusiasm in the night.

She also wanted to know, was it legal to release this kind of video?

This was a video about a battle, they should be arrested!

Luo Qing Chen was about to open up the chat again and Tian Xin's icon suddenly flashed.

Candy in the Snow: So angry!

God Luo: ???

God Luo: What are you angry about! Did you and Xiao Jiu ask me before sending out this video? You really aren't afraid of death! It's fine to film this, but how could you really release it!

Candy in the Snow: So angry, so angry!

God Luo: What are you angry about!?

Candy in the Snow: There's still many things I didn't get, I'm very frustrated thinking about it now!

.....

Luo Qing Chen took a deep breath to calm herself down.

She quickly picked up her phone and wanted to call Shi Yi Bei, but it was a pity that his phone was turned off the entire time.

Could it be that something had happened in the White Cliff United Nations?

The next morning, she was woken up by a series of calls from Xiao Jiu. Her anxious voice came out from the phone, "What to do, what to do? The leader of Prosper informed me this morning that there is a meeting for everyone this morning."

Luo Qing Chen rubbed her temple and knitted her brows as she said, "Un."

She was probably still a bit jet lagged, so her head felt heavy.

"Qing Chen, what do you think the director is calling a meeting for!" Xiao Jiu was a bit nervous since this was her first time being in a meeting as her agent.

"Ke, ke....." Luo Qing Chen cleared her throat, "Don't you have an idea of what the director wants to talk to us about?"

After all, the two of them released the video that Tian Xin edited, with this kind of hype on it, don't you think that the director wants to talk to you?"

"....." Xiao Jiu's whimpering came from the phone, as if if she said another thing, she would begin to cry.

"In short, it's already come this far, so just go with it."

As soon as her voice fell, she hung up and got out of bed. She had a brown sweater with a white coat, along with a fringed scarf and a large pair of sunglasses that blocked two thirds of her face.

When she got in Xiao Jiu's car, Luo Qing Chen had time to open Weibo and see the aftermath of the video.

She was certain that it would have been deleted, but she never thought it would be on the front page.

Seven hundred and eighty thousand reposts and three million comments. This treatment was simply amazing!

But this matter was very strange. She tapped her right hand out of habit and could only reach one possible conclusion.;

Someone had suppressed this matter.

Chapter 1634: Being a popular singer: Hello sir major! (Part 48)

The first person who came to mind was Shi Yi Bei, but then she quickly denied this.

Even a major in the army couldn't keep this video here since it was related to the fame of a company like Prosper.

Only the leaders of prosper could decide to keep this video.

Luo Qing Chen thought for a long time and she couldn't remember who was the leader of Prosper from her memories.

"Qing Chen, what to do, I'm still a little panicked right now." Xiao Jiu looked at her with a face that was like a bitter melon, "It can't be that I'll be fired, right!"

Luo Qing Chen rolled her eyes and her lips twitched, "Shouldn't you be worried about being arrested?"

"Ah.....It can't be.....It can't be!" Xiao Jiu suddenly stepped on the break and was so nervous that she was covered in sweat. She looked at her with a sad look, "Qing Chen, how about we delete the video!"

Seeing her pale face without a trace of blood, Luo Qing Chen pursed her lips, "I thought that there was a high chance that you and Tian Xin would be arrested and of course.....that would include me."

Luo Qing Chen opened her laptop to type 'Prosper Group' in the search bar before calmly saying, "But this video wasn't blocked after a day and it is still in the hot searches, so it must mean something."

"What....."

She steadily pressed the enter key, looking for useful information while saying to Xiao Jiu, "There's someone helping us."

The largest shareholder in Prosper was called Shi Ze, the richest man in the A City who twenty years ago founded.....

"Wait."

"Ah, what is it?" Xiao Jiu was scared by her and her pale face became even more ugly to look at.

Luo Qing Chen narrowed her eyes and said, "The world is this small, it can't be....."

"Tell me, is the surname Shi considered common?" Luo Qing Chen looked at the terrified Xiao Jiu and asked this.

Xiao Jiu thought about it before shaking her head, "No.....It isn't considered that."

"I've been in Prosper all these years and I've never seen the chairman of the group, I suddenly am a bit curious about.....who this person is." Luo Qing Chen looked in front of them, "Green light!"

"Oh, oh!" Xiao Jiu was clearly flustered and when she was flustered, Luo Qing Chen was acting this mysterious which made her heart jump to her throat.

—

When they arrived at the company's conference room, it was already filled with people. That included Qiao Na, Jiang Si Ze, and her previous agent big sister Gu.

When she first saw Jiang Si Zhe, she was a bit surprised, but then she remembered the hot search.

This person came to Prosper.

"Since the protagonist is here, let's begin!"

This person was called Da Bing, he was the one in charge of public relations at Prosper.

Luo Qing Chen nodded and casually found a place to sit. Xiao Jiu nervously sat down beside her with an ugly look on her face.

"First, let's welcome Qing Chen back on a safe journey. The reality show in the White Cliff base was a mistake on the company's part, which caused you to be in all that danger....."

"Big brother Da Bing." Luo Qing Chen leaned back in her chair with her hands cross and she raised a brow as she said, "Since there's so many people at the meeting, let's not waste everyone's time and get to the main point!"

There was an awkward atmosphere in the air before a sharp voice suddenly entered her ears.

"Ai, big sister Qing Chen, it can't be that you don't know how much the video you made yourself has affected the company, right!" Qiao Na's eyes were displeased, but she didn't dare make her tone too bad.

After all, Luo Qing Chen was still the big sister of Prosper.

Chapter 1635: Being a popular singer: Hello sir major! (Part 49)

“Affect?” Luo Qing Chen gave a cold snort and replied, “Does the company’s stock price increasing count as affecting it?”

When she had been in Xiao Jiu’s car, she had looked at the company’s stocks which had already soared before the market even opened.

It seemed like her video not being deleted was a bit related.

Jiang Xi Zhe was sitting beside Qiao Na with his hands crossed on his leg. He was wearing a navy blue jacket, which the previous host had said that he looked very handsome in.

Luo Qing Chen couldn’t help smiling, the previous host’s eyes and brain really needed to be improved!

“You.....” Qiao Na worked hard to control her emotions as she said through gritted teeth, “Big sister Qing Chen, you know that how many times the video is reposted will affect the image of our company.”

Qiao Na being this unhappy was mainly because of the high expectations she had.

The higher the expectations, the greater the disappointment.

She thought that when the militants attacked the White Cliff United Nations, none of them would come back.

If Luo Qing Chen died like this, the position of big sister at Prosper would open and then.....she would have a chance!

It was a pity that everything had been for nothing. When she was filled with excitement, she received the news that they had returned safely.

Not only that, the news about her was firmly sitting in the first hot search spot and all the news about her were being firmly stepped on.

“Oh? Affect the company’s image?” Luo Qing Chen’s lips curled into a cold smile, “If you say that our company’s image has plummeted, why has our stock price risen?”

The people who wanted to go against her couldn’t say a thing after she said this.

Da Bing could smell a strong smell of gunpowder in the air, so he quickly said, “Actually, the purpose of today’s meeting is that director Chen wanted to see everyone’s opinion to see if there are any suggestions on the video.”

Director Chen was the leader that was most frequently seen at Prosper, he was the chief for most events.

“It’s fine if you just delete it.” Qiao Qiao who was a certain artist with heavy makeup casually said, “This kind of video is edited anyway, does the big sister need this to be popular?”

As soon as her voice fell, she didn’t forget to look at Qiao Na beside her with a confident look.

Luo Qing Chen narrowed her cold eyes and said in a tone as powerful as the mountain rain, "If this video wasn't edited, would you eat the computer playing this video?"

"Pu." The artists in the room couldn't help laughing at this when such funny words were said in such a cold voice.

"You....." Qiao Qiao became more anxious and didn't want Qiao Na to think badly of her.

She rolled her eyes in disdain, "Doesn't big sister already know if it's edited or not?"

"Then do you want to test my shooting skills or my medical skills after being shot by me?" Luo Qing Chen replied in a voice that was unwilling to seem weak.

For this kind of matter, she was very experienced after encountering all those scum men and women.

Da Bing looked at Qiao Qiao and stated the facts, "The company's workers have already determined that it wasn't edited. The attack by the militants in the White Cliff United Nations is a real thing, there's no need to argue this any further."

Qiao Qiao heard this and her angry expression turned stiff. Her eyes popped out as they filled with disbelief.

This video, how could it not be edited?

A singer like Luo Qing Chen, she knew how to shoot? She knew medicine? What a joke.....

Chapter 1636: Being a popular singer: Hello sir major! (Part 50)

"Ke, ke." Jiang Si Zhe who had been thinking of a way to get Luo Qing Chen's attention cleared his throat, "I've seen the video and I think that it is a positive thing for the company. The company's stock price being increased should be related."

After all, in a place that was raining bullets, only someone who wasn't normal would be able to shine so brilliantly.

Then again, since he came to Prosper and Luo Qing Chen always had an ambiguous relationship with him, it wasn't impossible for him to speak up for her.

This girl was so obsessed with him before. He knew that this meeting had something to do with her, so he wore the clothes that she thought suited him best.

The breakup last time was too hasty, it would be good if they could reconcile. It wasn't like he couldn't have one foot in both boats.

"Jiang Si Zhe." Qiao Na didn't forget to squeeze his thigh when she looked at him.

Luo Qing Chen revealed a smile and looked at Jiang Si Zhe without any care, "This is related to Prosper, a newcomer like you doesn't need to give any opinions!"

"Luo Qing Chen.....You....." Jiang Si Zhe immediately felt like he had lost all face.

He thought that Luo Qing Chen would look at him with a grateful look, but in the end, she even looked down on him.

Qiao Na saw this and said to Da Bing, "Big brother Da Bing, how about we take a vote? That is the most fair. Whether the video is real or fake, it's not a good thing to have this much public discussion."

When it came to voting, Qiao Na was 80% sure that she would win.

After all, the downfall of the big sister of Prosper was good for everyone that wanted to get ahead.

"Qiao Na, it seems like in your heart, things like the Olympics, the military parade, and the people's nation isn't a good thing!" Luo Qing Chen said with a smile of disdain, "If you didn't say the final part, it could still be considered human words."

Luo Qing Chen naturally knew that if they voted, the results wouldn't be good for her.

If this vote passed, her position in Prosper would definitely fall.

With her position, even if those third rate artists couldn't catch up, they would at least get a bit more resources.

But she really couldn't find a valid reason to refute Qiao Na's vote.

Da Bing knitted his brows and thought for a bit, "I don't think that this vote is completely fair."

As a person in charge of public relations, he naturally knew that a vote about this video wasn't fair to Luo Qing Chen.

Qiao Na making this request was clearly trying to get Luo Qing Chen to step down.

"Big brother Da Bing, this isn't right." Qiao Na said with an unhappy look, "People who don't know better might think that you have a private relationship with her!"

"Qiao Na, you....."

"Ding ling." When Da Bing was about to say something, Luo Qing Chen's phone ringing cut him off.

The caller ID was three familiar words: Shi Yi Bei.

"Ai, you don't know something as simple as turning off your phone during a meeting?" Qiao Na looked at Luo Qing Chen with an arrogant gaze, not even calling her big sister.

"Kacha." The door of the conference room slowly opened.

Everyone looked at the door, but Luo Qing Chen heard a prompt from the system at that moment.

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Then there was an incredibly beautiful figure that appeared before her eyes, speaking in a gentle voice that was filled with absolute power.

"What things that can't be said about my fiancée?"

"Why does my fiancée need to turn off her phone?"

“Why should I delete my fiancée’s video?”

After these three sentences, he didn’t forget to add, “This is Prosper, I have the final say.”

Chapter 1637: Being a popular singer: Hello sir major! (Part 51)

Luo Qing Chen felt a buzz fill her head as it went empty.

She thought that Shi Yi Bei would be related to Shi Ze, but she never expected him to suddenly appear.

It was no wonder his phone was turned off when she called him, it was because he was on an airplane.

Everyone looked at the door in a daze with confused looks on their faces.

After all, Shi Yi Bei seemed to be a stranger in their memories.

But director Chen, who had been sitting there like a robot, directly stood up and fixed the suit he was wearing before saying, “Young master Shi.....”

It was chairman Shi’s only son, the so called CEO that he had only seen a few times before. He didn’t even know what the other side did, but he had a deep impression of him.

After all, his handsomeness was just too shocking.

“Young master?” Qiao Na’s eyes popped out on the side as her face twisted with disbelief.

Qiao Qiao acted like she lost her mind and loudly said, “Such a sharp tone and saying it’s his Prosper.....”

Her voice gradually became smaller as she kept talking. Without knowing why, even though the other side didn’t say a thing, there was a strange pressure that came from him.

“You shut your mouth!” Director Chen glared at Qiao Qiao, “Do you still want to stay here?”

Shi Yi Bei narrowed his eyes with a faint cold trace in them before he started walking towards Luo Qing Chen.

She was still there with a relaxed look in her eyes and a smile that was hard to hide on her lips.

He really was dazzling and radiant no matter where he went.

Since he came in, Jiang Si Zhe’s eyes had been on him the entire time.

Now that he was firmly standing by Luo Qing Chen’s side and holding her hands, there was an indescribable feeling in his heart.

Director Chen immediately came forward with a smile, “What wind has brought young master Shi in today?”

“Didn’t you hear what I just said?” Shi Yi Bei’s eyes filled with absolute power looked at him, “Do you need me to repeat it?”

In the army, as long as he said something, he never needed to repeat it!

Soldiers only had to follow orders, that way they could make the most accurate decisions in a short period of time.

And in this place, naturally he had the last say.

So his fiancée couldn't be bullied by others.

Director Chen was stunned as he tried to remember what Shi Yi Bei had just said.

Three years later, he took a cold breath with a shocked look on his face.

Luo Qing Chen was.....his fiancée?

What was this situation? The big sister of Prosper was about to become the owner?

"Why are you back? Did you take care of things over there?" Luo Qing Chen looked at him with a faint smile as she asked this.

"No." He shook his head. When he looked in her eyes, there was a gentle look in his eyes.

"Ah?"

"I missed you."

The conference room was very silent. Although he didn't speak too loudly, everyone had clearly heard it.

Qiao Na's expression looked very ugly. She had just mentioned the vote and if she changed her tone now, she would become a joke to everyone.

But seeing the look on director Chen's face, there was a 90% chance that this incredibly handsome young man was the young master of Prosper.

If she offended him, it wouldn't be easy to stay in Prosper in the future.

But.....She was Qiao Na!

Once upon a time, Jiang Si Zhe standing beside her had also been easily stolen from Luo Qing Chen's hands.

Now that Luo Qing Chen had exchanged for an even better man.

Then what if she stole him again?

Chapter 1638: Being a popular singer: Hello sir major! (Part 52)

Once Qiao Na had this thought, she immediately changed from an aggressive manner to a righteous manner, looking like a white flower.

"So it's young master Shi." Qiao Na pursed her lips into a faint smile, "Although it is as you said, Prosper is yours, we have been here for a long time and all have some feelings, so we want it to do well. It's not like a certain person who doesn't care about the company for their own image."

After she said this, Qiao Na looked at Luo Qing Chen with a proud look in her eyes.

As if she was saying: Your Luo Qing Chen's man, I will steal them all!

Qiao Na spoke this politely to Shi Yi Bei because she knew what kind of women men loved.

She was bravely standing up for the benefits of the company, so she must be dazzling to Shi Yi Bei.

He would definitely look at her with admiration and she would have a chance to climb up this leg.

She acted like she didn't see director Chen's looks to tell her to stop. She wanted to use this righteous act to conquer the man called Shi Yi Bei in front of her.

But she didn't know——

"Hype?" Shi Yi Bei narrowed his cold eyes as he looked at Qiao Na before turning to director Chen on the side, "Director Chen, help this artist book a flight to the White Cliff United Nations, the company will reimburse the cost."

Director Chen was covered in a cold sweat as he gave a nod, "Al.....Alright."

Qiao Na's expression instantly turned stiff.

Qiao Na who had been confident suddenly had a pale look as her heart kept beating faster and faster, as her breathing even became faster.

White Cliff United Nations! That was where the militants had just bombed.....

He actually.....wanted her to go there.....

Seeing Qiao Na's pale expression, Shi Yi Bei didn't feel any pity at all.

He held Luo Qing Chen's hand tighter and looked at Qiao Na as he said, "Didn't you say that this video was edited to generate fame? Then I will let you go and see what real hell is like."

His words were filled with a unique power as he held Luo Qing Chen's hand even tighter.

A few days ago, they were in a foreign country without any support.

They had experienced a darkness before dawn that no one could understand and each step contained the possibility of death.

Thinking of how she stood on the clock tower with the Kar 98K fighting with the other sniper, his heart couldn't help becoming tense.

His chest was tight and his breathing was heavy.

That was a place like hell and she had personally killed the sniper, saved him, and caught the traitor.

However, this was all described as creating fame by a frog in the bottom of the well!

This really was ridiculous.

Qiao Na's face didn't have any blood to it at all. She raised her right hand and grabbed for Jiang Si Zhe's hand beside her, but she never thought that he would move aside without any hesitation.

She glared at him before taking a step back and looking at Shi Yi Bei as she said, "I never thought that the young master of Prosper would be this selfish!"

A person with backbone didn't back down. The White Cliff United Nations was such a dangerous place, but Shi Yi Bei wanted her to go there! Was there a mistake!

"If you didn't mention it, I wouldn't have realized it." Shi Yi Bei looked at her with a faint smile as he said, "Since you are already calling me selfish, it seems that my Prosper would be too petty if we didn't go all out with you."

"You.....I....." Qiao Na wanted to say something, but Shi Yi Bei cut her off.

"This miss Qiao Na doesn't need to come tomorrow."

Chapter 1639: Being a popular singer: Hello sir major! (Part 53)

When Shi Yi Bei said this, everyone in the conference room had shocked looks.

That naturally included Luo Qing Chen.

But her shock was different from everyone else's because she knew Shi Yi Bei better than anyone here.

The Flying Dragon Platoon's major, the Silver Soul Troop's captain, a person with absolute conviction actually said "selfish", this really was hard to believe.

"I.....Young master Shi, I didn't mean this." Qiao Na, who still wanted to fight back, completely panicked when Shi Yi Bei said to let her go.

She never thought that the other side would say this. To let her go would mean that they would have to pay compensation, alright? They had a contract!

"I think that I should have said it clearly." As soon as his voice fell, Shi Yi Bei turned to director Chen, "I'll leave this to you, I'm leaving with Qing Chen."

It was a very normal sentence, but it felt so warm in Luo Qing Chen's heart.

She always felt that Shi Yi Bei was a cold and decisive person on the battlefield, but now that he was here, he gave her such a warm feeling.

She felt like she was being protected, although she was more than enough to deal with people like Qiao Na.

But this feeling of being protected by Shi Yi Bei made her feel happy.

"Young master Shi, wait a minute."

When Shi Yi Bei took her hand and turned, Qiao Na called out from behind him.

Shi Yi Bei didn't turn as he continued holding her hands and walking forward.

Qiao Qiao standing beside Qiao Na couldn't help shouting, "Can't you just wait?"

Although she knew that she was speaking up for Qiao Na, the other side was Prosper's young master, so even if her voice was a bit impatient, there was a bit of pleading in it.

Shi Yi Bei narrowed his cold eyes and stopped to say, "You, don't need to come tomorrow either."

He didn't turn when he said this and then he softly patted Luo Qing Chen's head as he said with a gentle smile, "Do you want Chinese food or Western food for lunch?"

This kind of uncaring action made Qiao Na feel a shame that she had never felt before.

She was already filled with rage as she tightly clenched her fists to roar, "Young master Shi might not know this, but my contract with Prosper hasn't expired yet. You can't just drive me away like this."

"Things like contracts....." Shi Yi Bei gave a shrug before saying with a faint smile, "Can be broken."

"You.....You....." Qiao Na's face was completely red like she was about to cry.

She wanted to look for Jiang Si Zhe, but he had already moved away from her, wanting to get rid of any relationship with her.

Qiao Na felt helpless as she stood there as her expression changed many times.

Nervousness, awkwardness, worry, fear, and regret.....

She opened her mouth to say something, but Shi Yi Bei had already led Luo Qing Chen out of the room.

When the door to the conference room was closed, everyone began whispering to each other.

"Qiao Na, I don't want to talk about you, but you actually dared to say these kinds of things. Isn't this....."

These friends were rather more kind.

"Che, wanting to climb up by pretending, but you were defeated without saying a thing. This is the male lead's way of teaching little white flowers."

These were the people who were more hostile.

Director Chen on the side came back to his senses. He fixed his tie and cleared his throat before turning to Qiao Na and Qiao Qiao, "Go down to the financial department to settle up. The lawyers will come by later to take care of everything, your shows with Prosper will end now."

Chapter 1640: Being a popular singer: Hello sir major! (Part 54)

When they came out, Luo Qing Chen could feel her heart beating fast like a little deer.

Shi Yi Bei was just like usual, but the universal card in his hand allowed him to go anywhere in Prosper.

An elegant Western restaurant with romantic lighting and a faint scent in the air.

Luo Qing Chen looked at Shi Yi Bei in the white dress shirt and black suit sitting in front of her and her lips couldn't help raising.

She felt that he was handsome, always glowing whether he was in uniform or normal clothes.

“If you keep looking at me, your steak will get cold.” Shi Yi Bei raised his right hand and touched her head, “Be good and quickly eat.”

“Hai, hai.” Luo Qing Chen ate the steak that he had finished cutting while saying with a smile, “The Flying Dragon Regiment’s Silver Soul Squad’s major Shi is the young master of Prosper, this really is unbelievable. I’m still a bit excited even now.”

After all, Shi Yi Bei was a major and the aura that he had used against the supporting female lead was very exciting.

There were few men who could directly face the supporting female lead since most men were those that liked to look at beauties. If they were facing the supporting female lead, it was impossible for them to be this domineering!

Of course, for a man like Shi Yi Bei, other than the person they liked, all the other girls were nothing more than wooden blocks in his eyes.

“Is that so?” Shi Yi Bei looked at her with a loving gaze before peeling the lobster in her hand for her, “Actually, I was more excited when you came to the base.”

When she came to the base?

Luo Qing Chen bit the lobster which was tender and juicy. Shi Yi Bei didn’t forget to wipe the corners of her mouth, “I still remember when you sent the post of the White Cliff snowy scene.”

Luo Qing Chen suddenly thought of something as she looked at him with a bit of excitement.

When she wanted to say something, Shi Yi Bei said with a gentle smile, “I wanted to see you that night, but I never thought that I’d be caught by you.”

“See me?”

“Un.” He gave a slight nod, “God Luo’s songs have always been on loop for me.”

“Ah?”

“Your singing is very good.”

When everything came together, Luo Qing Chen understood why Shi Yi Bei had that sparkle in his eyes when he had first seen her.

It seems like Shi Yi Bei already knew about her.

She suddenly felt a bit of indescribable happiness.

After lunch, Shi Yi Bei bought two movie tickets.

It wasn’t a romance, it wasn’t science fiction, it wasn’t a military movie, but rather.....it was a horror movie!

It had to be said, if they didn't watch this movie, Luo Qing Chen wouldn't have found major Shi's weakness.

He! Was! Actually! Afraid! Of! Ghosts!

When a scare came, there were screams that came from the theater, but Luo Qing Chen could tell that the scream of the person beside her was louder than anyone else in the theater.

That gentle scream with the tone of a soldier was very eye catching.

Luo Qing Chen didn't see much of the movie, she had been held by Shi Yi Bei the entire time. If his fear was ranked with the levels of the military training, it would S rank.

"Major Shi, you....." When they came out, Luo Qing Chen looked at him with a helpless look and seriously reprimanded, "A major like you who is constantly dodging bullets is actually afraid of a horror movie! Why don't you have some self awareness if you're scared, why did you buy tickets for this movie!"

Shi Yi Bei took her by the waist with a gentle smile, "That way, I can openly hug you for a long time."
