Chapter 1661: Side story: I want to grow old with you once I become careless (Part 3)

Su Cheng Yin said that this was the first time she's seen me this tenacious.

For me, it really was the first time.

Because I would definitely keep the three promises I made to you.

When I returned to the 'human realm' again, I couldn't help crying standing under the sun.

This was probably the happiest I had ever been, I was finally back.

And you standing in the most dazzling position looked so good.

At first, I was worried. On the way to the concert, I always struggled with whether to see you in front of everyone.

But when I thought of how you looked at me, I would strangely believe that you loved me and I believed that I had an important position in your heart.

Because in the thousand mile journey through the snowy mountain, I kept dreaming of seeing you. I dreamed of you holding a doll in a daze, dreamed of you being alone in a lit house and then hiding yourself under the bed.

My heart hurt from this and I would wake up in the cold night when I wanted to hold you.

There was only snow around me and you weren't there.

Facing this despair, I suddenly felt like all of us were forgotten by everyone in this world, forgotten by god.

It was a good thing that I could come back.

A bouquet of dandelions is probably best for our reunion.

No one could understand how excited I was when I saw you.

She stood there hesitantly with red eyes and I rushed towards you with everything, wanting to hold you!

At a concert with a hundred thousand people, you stood in front of me with a white dress that was like a wedding dress.

This illusion made me think that this was our wedding and each fan was here to witness our happiness.

As I slowly walked towards her, there was someone that flew off the stage.

Thousands of thoughts filled my mind that covered my heart layer by layer.

It was a good thing that I persevered, it was a good thing that I came back.

The days after coming back, she would call me in the middle of the night to make sure that I was back.

During this time, I could feel the anxiety, but she pressed it down so I wouldn't see it.

That was when I realized that I wasn't the only one in pain in the past year.

She was the same.....

I would turn my phone as long as I could while sleeping and put it as close as possible so I could pick up as soon as I heard her call.

I fulfilled all three of my promises to her, working hard for our future.

Many of my comrades came to my wedding and she threw the bouquet to Su Cheng Yin. Yu Xing Fan not far away scratched his head with his remaining arm and when he was about to say something, Su Cheng Yin rushed up to hug him.

At that moment, she was very happy smiling beside me in that white wedding dress.

When making toasts, her agent Xiao Jiu told me something that left a deep impression on me.

"Since you left, I've never seen her smile so happily. I feel that this is what life should be about."

I took a long vacation and went on vacation with her. She was more excited than I thought and she talked about my heroic deeds the entire way.

Actually, she never would have known that since that time, she was already a dazzling star in my heart.

I used to think that the best thing in life was meeting.

Only later did I realize that the rarest thing was reuniting.

Chapter 1662: Major Shi's little theater side story

[Welcome everyone to the beloved little theater. At the request of the fans, we will be holding another little theater for everyone.]

[First, we will be interviewing major Shi. Does the master feel excited about being chosen for the ten questions?]

"Excited! My Qing's system is too cute."

["Ying, ying, ying, the system likes this male lead, there's no other."]

"Thank you!"

[Getting to the topic! First question: Use two words to describe the first feeling she gave you!]

"Complete shock."

["Second question: What was the scariest time for you?"]

"At the clock tower in Rock Town. Even now I still have lingering fears, that was the most terrifying time in my life."

["Third question: Who do you hate the most in this world?"]

“There are quite a few.”

[“If only one can be selected!”]

“No! There really are a lot!”

[“Then just choose more!”]

“Those damn local soldiers, if it wasn’t for them retreating like that, we wouldn’t have been surrounded and wouldn’t have been trapped by the avalanche! Then I wouldn’t have left her for that long!”

[“That really is too much!”]

[“Fourth question: What do you think of Jiang Si Zhe as the supporting male lead?”]

“I never understood how my Qing’s eyes could be that good! How could she fall in love with this little gigolo, he isn’t even worthy of the words ‘love rival’!”

[“Ah, ah, the system feels that major Shi is very handsome!”]

[“Fifth question: Did you know that Su Cheng Yin like you?”]

“I did! Although I learned of it by accident, I was excited for a long time because I knew that she went to a certain temple for a divination and learned that I would meet my destined lover that year! I never told her about this, but I made sure to look very good that year, waiting for my destined lover.”

[“Damn! The system suddenly feels that major Shi is very black bellied!”] Silently patting its little chest, not feeling that he was this kind of person!

[“Sixth question: What was the most difficult part of traveling through the mountains?”]

“Un……” Major Shj hesitated for a long time before saying, “You couldn’t sleep soundly anywhere because once you did, you might now wake up.”

[“That must have been a very hard journey if the most painful thing wasn’t being able to sleep for a year.”]

“It’s alright! Compared to her pain, it isn’t worth mentioning, it was just very hard.”

[“Seventh question: You should have heard the song at her concert, right! Was it very moving?”]

“It was very, very moving because when I heard that song, I knew that Shi Yi Bei was still qualified to appear in Luo Qing Chen’s live, not being replaced by others.”

[“Eighth question: Did you plan on being a soldier after getting married?”]

“I hesitated on this for a long time, but I still decided to be a soldier. I discussed this with her and I was only discharged after ten years. I focused more on protecting myself so she wouldn’t worry.”

[“Ninth question: Why did you take her back to the White Cliff base in the end?”]

“She raised this.”

[“Could it be that you didn’t ask her why?”]

“No, I’m afraid of my wife!”

[“”]

[“Tenth question: Say something you want her to hear!”]

“Because I don’t know if I can see you again in my next life, I will work hard in this life to give you the best.”

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 28/100]

Chapter 1663: Stunned! I am the evil female lead (Part 1)

When she opened her eyes, she was back in the Chaos Space.

She had been in the last world for a long time. After ten years of worrying, Shi Yi Bei finally retired to become the successor of the rice Prosper Group.

And she was the rich wife who slept on top of this money.

Actually, Shi Yi Bei didn’t stay in the army for ten years, it was more roughly around eight years.

Because Luo Qing Chen would always appear on the battlefield with a Kar 98K and cleared everything.

Major Shi understood his wife’s fears and immediately arranged his retirement.

After all, bullets didn’t have eyes on the battlefield and his heart couldn’t take this kind of shock!

After retiring, Shi Yi Bei and Luo Qing Chen spent most of their time on the Shi Family property. They became the biggest philanthropists in A City, specializing in helping poor children.

Shi Ze approved of this since Shi Yi Bei’s mother had been serious about this before.

It seemed that after receiving the blessing of the heavens after their despair, nothing big happened to them afterwards.

They lived a happy and warm life together.

[Welcome back host. Does the host want to see what happened before you died?]

“No need, dying of old age is acceptable!” She felt that she was not as hypocritical as before. She knew about the cycle of life and knew that people were destined to meet or move forward.

"I suddenly feel the system is so bad! There's nothing but experience for finishing this mission!"

[The special world is about to come, the host will receive a special bag and a permanent ability.]

"The problem is.....I don't want to experience it."

[Sorry, the host doesn't have a choice.]

[Currently importing memories, please accept them, host!]

The overwhelming memories filled her mind. The previous host's regret, unwillingness, and persistent love filled her mind.

To be honest, the previous host wasn't a good person in this world. She was even a villain who schemed against the supporting male lead and the supporting female lead.

The previous host had been able to choose Luo Qing Chen through the bronze mirror because of her persistent love and regret.

For the previous host, if she could redo her life, she wouldn't have fallen in love with Jiang Yi Liang and wished that she never fell in love.

Loving a person to become a dark and cruel version of yourself that wasn't like you.

But Luo Qing Chen doubted the word 'return', is ten days before death considered return?

It can't be that a strange mess would be thrown at her, right!

Chapter 1664: Stunned! I am the evil female lead (Part 2)

Accepting the memories of the previous host, there was love and hatred.

Love because half her personality resembled her.

Loving someone, being persistent.

Hating her.....It wasn't considered hate, but she didn't approve of her methods.

But in the end, she got the retribution she deserved. Everyone betrayed her and went against her.

The previous host was a second year in high school and also a very popular streamer on Big Pineapple TV because she was talented at playing games.

From one of the four big families of A City, the supporting male lead Jiang Yi Liang was her childhood friend. As a righteous person, Jiang Yi Liang was someone with status in the Jiang Family.

But the supporting male lead didn't love her. He never loved her since they were kids.

Actually, when Jiang Yi Liang first appeared in her mind, she almost thought that he was the male lead.

Because he was just too dazzling.

The Luo Family and Jiang Family had always been friends and the engagement between the previous host and Jiang Yi Liang had been set a long time ago.

This was something the previous host looked forward to, but Jiang Yi Liang hated it very much.

In his eyes, someone he didn't love wasn't qualified to be his wife.

Actually, this wasn't wrong.

But it hurt too much for the one who was willing.

She was drawn into a prison of her own making and couldn't leave without Jiang Yi Liang's love.

She always thought that she had a chance and worked hard to make Jiang Yi Liang look at her.

But she was wrong.....

When Jiang Yi Liang met Pei Dan Dan, he learned the meaning of true love.

It was a pity that in the eyes of the previous host, this Pei Dan Dan wasn't worth mentioning. She was born in a normal family and had entered the Star Royal Academy as a student.

To the previous host, the supporting female lead wasn't worth competing with her.

It was a pity that in the eyes of the person who never had his eyes on her, she became the only one in his heart.

Pei Dan Dan was a super supporting female lead. In Jiang Yi Liang's eyes, she was a strong, kind, smart, and beautiful girl.

In the Star Royal Academy, Pei Dan Dan was always alone because getting into this school just based on academics wasn't enough to make everyone recognize her.

Of course, the one who targeted her the most was the previous host.

After all, the hatred of a love rival was the greatest.

But this smart, kind, and beautiful girl always had a protector by her side. The previous host harassed her again and again, angering her again and again, but she couldn't get Jiang Yi Liang to feel her love.

Rather, he was filled with hatred.

As the saying goes, evil people will have their retribution. After the previous host framed Pei Dan Dan again and again, it was finally revealed.

Because Jiang Yi Liang stood up for Pei Dan Dan, the previous host was targeted by everyone.

Those sisters that had been with her again and again desperately tried to flatter the Jiang Family.

The supporting female lead naturally let them go and said she didn't blame them.

But Jiang Yi Liang didn't do this. He didn't let any people who bullied Pei Dan Dan off.

Among them naturally included the previous host.

In the last time, the previous host tried to die with Pei Dan Dan, forcing her into her car.

Then she stepped on the pedal and crashed into a truck.

She died, but Pei Dan Dan didn't die.

Although she was heavily injured, with the careful care of Jiang Yi Liang, she recovered in the end.

The two of them lived a happy life together!

Chapter 1665: Stunned! I am the evil female lead (Part 3)

Luo Qing Chen rubbed her temple, feeling a bit of pain.

Now that she was ten days before the death of the previous host, it meant that she was about to be turned on by everyone.

In her memories, she had been exposed because her computer had been hacked and her chat history had been taken.

Then the most important thing was to go home to format her computer to avoid being exposed by Jiang Yi Liang, it really would go bad in two days.....

It was math class right now, which was her favourite class. After all those worlds, it was inevitable that she would be able to write the answers without writing down the process.

She had gained attainments in medical skills and shooting in the last world, so she could be outstanding even without exchanging for them.

After all, she didn't use a single life to study, she used several lifetimes.

"Ding ling." The bell rang and she quickly packed up to go home.

Su Man sitting behind her tapped her and said in a low voice, "I heard that commoner is going to the library this afternoon and school hunk Jiang has a basketball game, so he can't go with her! This is our chance!"

Luo Qing Chen couldn't help giving a shudder.

She had never had this kind of identity before, it felt uncomfortable having it for the first time!

Su Man was one of the people who went against her in a few days. To be honest, it wasn't an exaggeration to say that Su Man was one of the ones who caused it.

Because most of the plans to bully Pei Dan Dan came from her.

Although the previous host hated Pei Dan Dan, she was from a wealthy family and disdained these kinds of tricks at first.

Later when she found that Pei Dan Dan was mocked by mothers, she started doing this.

Only as long as there was a Jiang Yi Liang, it didn't work no matter how she hurt Pei Dan Dan.

Because this would only make Jiang Yi Liang like her more. Boys like Jiang Yi Liang liked girls who were strong that they could protect.

Damn!

Thinking of this, Luo Qing Chen couldn't help calling the previous host dumb. She really was weak in luring in the male god.

"I can't go today, I have something to do at home." Luo Qing Chen took her LV custom bag and walked out of the door of the classroom.

In her memories, today was the day that the previous host became everyone's target.

And the library.....

Jiang Yi Liang would definitely be there!

Because Jiang Yi Liang had been there in the previous world. He had pushed aside the previous host in front of everyone and then picked up Pei Dan Dan on the ground in a princess carry, leaving the library with a gentle look on his face.

That night, chat history from the previous host's computer on bullying Pei Dan Dan was spread all over the Star Royal Academy's forums.

The previous host had no chance of turning it around.

Although the previous host didn't know how that hacker had hacked her computer, she guessed that it should have been Jiang Yi Liang.

[The previous host and the host are both wrong.]

The system's voice suddenly rang in her mind, scaring her.

It wasn't Jiang Yi Liang? It can't be! With the status of the previous host in A City, no one would dare to hack her computer!

Not to mention, other than Pei Dan Dan, she didn't have any grudge with anyone else!

Wait! Could it be.....

[The host is correct, the one who hacked the previous host's computer is Pei Dan Dan. Did the host forget that she is at the top of the school?]

Damn! It seems like the previous host isn't a good person and the supporting female lead isn't 100% a good person either!

Chapter 1666: Stunned! I am the evil female lead (Part 4)

Su Man was a bit confused as she stared at her back. She narrowed her eyes and muttered, "This person must have eaten the wrong medicine today!"

She was in a somewhat bad mood. Luo Qing Chen always cared about Pei Dan Dan's matters before, what was wrong with her today!

She was feeling a bit annoyed, she wasn't willing to see Pei Dan Dan appear in front of Jiang Yi Liang at all.

School hunk Jiang was that beautiful, so dazzling, so excellent, how could he be with that commoner!

Even his childhood friend Luo Qing Chen, she only felt jealousy and didn't feel hatred.

After all, she was still from a wealthy family and could be considered a good match with Jiang Yi Liang. She couldn't say anything about that, but that commoner Jiang Yi Liang, she felt disgust from the bottom of her heart.

During lunch, Luo Qing Chen took a small path to leave the campus through the back exit.

She never thought that when she went through the library, she would run into Jiang Yi Liang and Pei Dan Dan.

As expected, enemies always meet on a narrow path in this world.

Under the cherry blossoms, there was a soft breeze. The girl looked at the boy with a faint smile, like the prince and Cinderella from the fairy tales.

Only when Jiang Yi Liang saw Luo Qing Chen, his beautiful face suddenly turned dark.

Pei Dan Dan beside him was surprised before pulling at his sleeve, "Let's go to the library!"

Actually, Pei Dan Dan knew that Luo Qing Chen was Jiang Yi Liang's fiancée in name no matter what.

She knew her own identity and knew that she should avoid suspicion.

"What are you afraid of, could it be that this road was paved by her family?" Jiang Yi Liang gave a cold snort as his eyes filled with hostility.

Luo Qing Chen gave a shrug. She held her head high and walked past them with her hands in her pocket.

Jiang Yi Liang was surprised as his black eyes filled with a trace of confusion.

He looked at Luo Qing Chen and when she was about to pass, he said, "What are you doing here? Don't think that I don't know your tricks. Stay away from Dan Dan or else....."

"Ai, I say, this classmate." Luo Qing Chen coldly looked at him, "Could it be that this path was paved by your family?"

After experiencing so much, she had grown quite a bit. At least in terms of dealing with people, she never fell behind.

She didn't approve of what the previous host did, but that didn't mean that this idiot man and trash woman were qualified to comment on her being here!

This treasure just came here and experienced this kind of hatred, this treasure also knows how to be angry!

As expected, when she said this, the two of them were stunned.

Normally the previous host said something else.

"Yi Liang, let's go watch a movie tonight! When are you coming home....."

"Yi Liang, I miss you.....Don't be with her, she can't match you!"

"You.....You commoner fox, you're trying to take Yi Liang! I will beat you to death!"

However she would always be the one who fell to the ground. She was like a little clown, trading love for continuous humiliation!

With this contrast, just based on their expressions, Luo Qing Chen knew that her words had made them completely lost.

Because neither Jiang Yi Liang or Pei Dan Dan said a word.

She left their view just like this, walking out the back entrance.

“She seems.....a bit strange today!” Pei Dan Dan said in a soft voice, “Did you say something to her?”

She felt that this was the first time Luo Qing Chen wasn’t reprimanded by Jiang Yi Liang. There was a strange feeling that spread through her heart.....

Chapter 1667: Stunned! I am the evil female lead (Part 5)

“I don’t have time to speak to her.” Jiang Yi Liang narrowed his eyes and a faint emotion appeared in them.

She really had never spoken to him like this in their seventeen years together.

This was the first time.....

He suddenly felt that this feeling was a bit strange.....

Un, very strange.

—

Luo Qing Chen didn’t go to her afternoon classes because she was seriously going through her computer at home.

The previous host really was a careless person, she had left all this evidence on the table and didn’t bother hiding it at all.

She couldn’t help thinking that if Jiang Yi Liang had fallen in love with her instead of Pei Dan Dan, she would have been a very kind person.

Because she could tell from the memories that she really wasn’t a bad person.

Even when she had no choice but to force Pei Dan Dan to death, she planned on dying with her.

If she really was an evil person, she would care about her own life and not about other people.

The previous host....loved that man too much.

Loving him to the point of losing her pride, losing her smile, losing everything that she had.

“Ai, do what you want.” Luo Qing Chen couldn’t help giving a sigh. She took out a silver USB drive from her school uniform and stored everything on it before formatting the computer.

She used her coding skills to set up some complex operations, since she was very good at setting up things like firewalls.

If someone attacked her computer, it would automatically steal the attacker’s ID and all their information.

Following the attitude of only harming people when they attacked her.

There were some things that should be done and Luo Qing Chen followed the principle of: If idiots didn't bother her, she wouldn't stop their love in this world.

After all, the previous host did bad things to Pei Dan Dan and even if she was kind, she would let them develop naturally.

But.....if Jiang Yi Liang strangely came at her like this afternoon, then don't blame her for being rude!

People couldn't stand firm if they weren't ruthless! She didn't come to this world to be bullied!

She turned off her computer and saw that it was three in the afternoon. The previous host had a stream tonight and it was a stream without showing her face.

She was called Little Fairy Qing Qing on Big Pineapple TV. She played team games and focused on competitive games.

Although the previous host was very talented, she had too little time to play with classes, so she wasn't considered top class.

She wanted to directly go live with a few games, but then she called her teacher to take the day off after thinking about it.

After all, skipping class was a very bad thing.

At the same time, in the second grade A Class.

Jiang Yi Liang couldn't help knitting his brows as he looked at Luo Qing Chen's empty spot, it can't be that she went to cause trouble for Pei Dan Dan, right!

Thinking this, he quickly sent a text to Pei Dan Dan. The other side replied instantly and there was nothing strange.

Then Jiang Yi Liang knitted his brows even more.

Luo Qing Chen never skipped class before because she said that she had very little time with him, she didn't want to miss even a single class.

Without knowing why, Jiang Yi Liang's stomach had turned when she had said this. He really did dislike her very much and he didn't know when it started.

He just knew that this person was very annoying, appearing by his side to bother him all the time like a big fly.

Of course, what he couldn't tolerate the most was her bullying the one he loved!

Chapter 1668: Stunned! I am the evil female lead (Part 6)

But today, why did she suddenly not come to class? Could it be that something happened?。

Jiang Yi Liang's lips coldly curled when he thought of this. He thought: How was it related to him if something happened to her?

At this moment, Luo Qing Chen who was strangely remembered by him was having a nap at him.

It had to be said, she rarely got up early.

Being a student really was hard, especially those that were about to face the university exams.

Sleep was simply a luxury for her!

At half past seven at night, after eating the food prepared by the nanny, she prepared to go onto Big Pineapple TV!

The previous host streamed mainly five people competitive games. There was only one other girl other than her whose IGN was Ling Luo.

The other three were all boys. One of them had a very good voice whose IGN was Shen Zhe.

But he rarely spoke, still his technique was first class.

Everyone on the team was busy, so they only had time to play on Fridays.

After entering the stream, there were already many fans waiting for her.

Her fans were called Qing House and most of them were girls gathered together.

“Hello, have you all eaten yet?” Luo Qing Chen started with this as soon as she started the stream.

Her phone rang.....

She turned off her mic and took a look.

It wasn't a call or a text, it was a reminder that said: Big brother Yi Liang's birthday countdown, three days left.

.....

“Your big brother Yi Liang is already taken by another beauty, please give him up!” Luo Qing Chen said to herself before deleting this reminder without any hesitation.

Damn! Why was there only the supporting male lead in this world, could someone tell her where the male lead who the previous host never met before was?

It was as if the system heard the call deep in her head and replied.

[The male lead is on the way, please be patient, host!]

Damn! The male lead was on the way. System, why did you send me to ten days before, why not five days before?

[Host, are you dumb? If you hadn't formatted your computer, you would have been exposed in front of everyone. Before the male lead appeared, you would have been pushed down by everyone!] The system held its non-existent waist as it angrily scolded her.

This.....That.....Un! You're very right, sorry to disturb you!

Why did Luo Qing Chen feel that while she didn't do anything wrong in this world and was still being scolded, now even the system was openly complaining about her!

So angry!

"Di, di, di, di." There were more and more people coming into the stream. Everyone saw that she had turned off her mic and didn't know what happened.

Little Apple Loves Qing Qing (Gold Member): Where's my Qing? Why can't I hear her?

Only Love Qing Qing (Mod): I seemed to have heard the sound of a phone just now, she should have gone to take the call!

Big Wolf's Pan (Normal Member): Un, she should have gone to take the call.

.....

She deleted the reminder and went to the main screen. At this time, Ling Luo invited her to their team.

After getting no response several times, she began messaging her!

Ling Luo: Fight! Fight! I want to get to Challenger today!

Ling Luo: Where are you? Where are you? Qing Qing, where did you throw your phone!?

Ling Luo: Ying, ying, ying! Poor phone, it was thrown away by its owner!

Luo Qing Chen looked at the chat screen with Ling Luo before typing a few words.

Little Fairy Qing Qing: Invite me.

In this world, the previous host mainly played support and this was the position that could listen to the beautiful voice of the ADC Shen Zhe!

As the name suggested, the two of them were in the bot lane together.

Chapter 1669: Stunned! I am the evil female lead (Part 7)

Shen Zhe: Will Ling Luo reach Challenger today?

Fatty AAA: Yo, yo, yo! Our little sister Ling Long is about to become a Challenger!

Little Fairy Qing Qing: Fatty, aren't you embarrassed only being Master?

Fatty AAA: This fatty is being humble, at least I'm not getting carried up by the god!

Little Fairy Qing Qing: I don't need the great god, I am the great god!

When Luo Qing Chen typed this, there were cheers from the fans in her stream.

The fatty made a face at her with an emoji before typing——

Fatty AAA: Then change with Shen Zhe. Let's see if you can carry little sister Ling Luo to Challenger!

Ze, ze, ze, there was another one coming to offend her. Although this group of friends were considered the previous host's only friends in this world, she didn't feel that way and she wasn't afraid to fight back!

The game was in the selection phase, so Luo Qing Chen chose ADC without another word and locked in.

The youth with the IGN Shen Zhe was clearly stunned, not knowing why this other person felt different today.

Ling Luo: Qing Qing, are you playing me? It can't be that you're here to ruin my promotion match, right! (=?Δ?=?)

Little Fairy Qing Qing: Remember to give me a Christmas gift if I'm the MVP, I want a Christmas Tree!

The youth in front of the computer slightly relaxed his eyes when he saw this and couldn't help giving a laugh as he silently chose a support champ.

This kind of position swap felt quite good!

For the full five games, Luo Qing Chen played five rounds of ADC, with her dealing over 40% of the damage and getting MVP each time.

This kind of data made the fatty who complained about her and Ling Luo who had doubted her before were stunned.

Shen Zhe, who had played support for her five times, silently praised her as he couldn't help revealing a faint smile in front of the computer.

He thought that she was good at support, but he never thought that she was also this good at ADC.

Fatty AAA: Damn! Are you Qing Qing? Quickly say something?

Little Fairy Qing Qing: Don't you know the room number of my stream? Won't you know if you come and look!

Ling Luo: Great god! Please take my kowtow! It turns out that we had been dragging down your talent the entire time!

Gu Gu: I finally believe something now!

Gu Gu who rarely spoke in their team had finally spoken!

Little Fairy Qing Qing: What is it?

Gu Gu: When it comes to reincarnation of the heavens, gold will always shine, but it just isn't time yet!

Actually, Luo Qing Chen's stream was already being filled with gifts and her popularity was also increasing.

Even in the last game, she had reached the recommended spot on the front page.

It had to be said, Luo Qing Chen was more experienced than the previous host when it came to streaming!

After streaming for two and a half hours, Ling Luo was too excited from becoming Challenger and the fans were also very excited.

But Luo Qing Chen didn't choose to keep streaming and bid everyone a good night!

After, only with enough strength could you give a better stream!

When she was about to turn off her computer, there was a private message that appeared on her screen.

It was a message from Shen Zhe!

Shen Zhe: I heard you say that you were in A City on your stream last time?

Little Fairy Qing Qing: Yes! You are too?

She suddenly felt that this Shen Zhe seemed familiar, but she couldn't remember where it seemed familiar from. She just felt that it was a bit smooth to read!

Shen Zhe: I'm not, I'm in America right now!

.....

Little Fairy Qing Qing: You really are tens of thousands of miles away!

Shen Zhe: I'm coming back the day after tomorrow, I'll be in A City.

???

Chapter 1670: Stunned! I am the evil female lead (Part 8)

It should be that she was used to the system, so this Shen Zhe should be a very important person.

Could it be.....

A bulb suddenly lit up over Luo Qing Chen's head and she felt that she had linked something together.

Mo Ze Chen! Shen Zhe!

No wonder! She felt that this name sounded nice to the ear, it turned out it was the male lead!

Little Fairy Qing Qing: Alright! I'll invite you out for a meal after you come back. Ling Luo is also in A City.

Since it was the male lead, naturally she had to entertain him. After all, this character named Mo Ze Chen had never appeared in the previous host's world!

Shen Zhe: I'll invite you to a meal.

When Mo Ze Chen was typing this, he felt like he was flirting with a girl on the web.

Although he didn't feel any shame from this at all.

Luo Qing Chen went to turn off the computer after saying goodbye. She never thought that the firewall she set up would stop an attack the moment she wanted to turn it off.

She ate an apple while narrowing her eyes, admiring her own work.

The other side was clearly a novice and although they wrote a hacking program, it was clearly crudely made.

It only took a few seconds to reveal them, it showed a place that was outside the fifth ring.

The internet seemed unstable and after searching the name, the name that came up was Pei Dan Dan.

Luo Qing Chen couldn't help intercepting the camera and taking a ten second video to avoid future problems.

At the same time, Pei Dan Dan sitting in front of the computer knitted her brows as she watched her codes fail again and again in disbelief.

After several failures, she was a bit anxious.

Although doing this made her feel anxious, as long as she thought of how she was attacked first, she felt that this was natural.

Only she seemed to have.....failed.

Pei Dan Dan couldn't help feeling surprised. Why did Luo Qing Chen's computer have such a high level firewall? It was like she knew that someone was about to attack her computer.

Moreover, she had acted strangely at school today. Normally she would be very excited to see Jiang Yi Liang, but she had suddenly changed.

And this.....completely puzzled her.

That night, she was going to lose sleep.

On the other side, Luo Qing Chen's computer slowly dimmed and the other side stopped attacking her computer.

It seemed like she gave up.

To be reasonable, although Pei Dan Dan was the top of the school, she wasn't enough to deal with her.

At ten in the evening, she finished off her homework before soaking her feet while eating yogurt and then going to sleep.

But that night, Jiang Yi Liang was also losing sleep.

He kept thinking of how Luo Qing Chen had spoken to him at school and he knitted his brows more and more.

Adding in the fact that she wasn't at school this afternoon, he felt it was a bit strange.

No, it should be very strange.

There were only two possibilities. One, she was playing coy and trying to get his attention. Two, she had been disheartened and given up.

Without knowing why, he had a strange feeling when he thought of the second option.

He didn't like this feeling at all. It was like he had something stolen from him even though he was a man.

Jiang Yi Liang shook his head and gave a smile of self ridicule.

If it was the latter, it was god's blessing to him since he was already tired of his childhood friend Luo Qing Chen
