### Chapter 1701: Stunned! I am the evil female lead (Part 39)

After ten seconds, Luo Qing Chen pressed the submit button, but the blue answer board behind her didn't show her results.

In order to keep things fair, the results would be shown at the same time in one minute.

At this time, Jiang Yi Liang was a bit nervous.

He didn't know if Luo Qing Chen's answers were right or wrong, but he knew that he knew that he had lost in terms of time.

If he didn't finish in a minute, his odds of winning were rather low.

Of course, that was if Luo Qing Chen had all the right answers.

Since they were young, although he didn't understand Luo Qing Chen well, her bad grades were a fact.

It was probably because of her family's status that it didn't matter if her grades were good or not.

"Time is up!" One second before the host spoke, Jiang Yi Liang pressed submit, right at fifty nine seconds.

"Alright! Now let's announce the correct ratio and the answers!" The host said with a smile, "Classmate Luo and classmate Jiang both answered within a minute....."

After saying this, the two boards behind them lit up and she paused before saying, "And they are both correct!"

"Si!" Everyone took a cold breath.

Even Pei Dan Dan stood up from the sofa looking at the answers behind her in disbelief.

How was that possible? Luo Qing Chen was someone at the mid or bottom of the exams, how could she get it right in such a short time?

No, it was definitely impossible.

She must have randomly chosen.

Jiang Yi Liang looked over at the calm Luo Qing Chen, not seeing any excitement or happiness in her eyes.

It was as if answering these questions was like normal homework for her, there wasn't any difficulty at all.

"Next let's use warm applause to congratulate both of them on passing."

"Pa, pa, pa, pa, pa, pa."

With the strong applause, Luo Qing Chen walked over to Mo Ze Chen. His eyes had been on her the entire time, he had never looked away.

It was a look of praise and pampering.

"How is it? Isn't it too handsome!" When she came back to Mo Ze Chen's side, she raised a brow as she revealed a faint smile.

For her to get full marks like this, she wanted to be praised by the people she cared about.

Mo Ze Chen took out some chestnuts from the bag behind him and quickly put them in her mouth, "Very good!"

"Just this?" Luo Qing Chen pursed her lips. She ate the chestnuts as she looked at him with a proud look, "Shouldn't a professor from overseas have even more noble words to describe my excellence?"

"Eh....." Mo Ze Chen was silent for three seconds. He put another peeled chestnut in her mouth before saying, "There are chestnuts in winter, mangos in summer, but you shine brightly in all four seasons."

.....

Why didn't it sound like praise, but rather flirting!

"Alright! It's considered a pass!"

"Want another?"

"Un, un."

"Drink some water."

.....

The interaction between Luo Qing Chen and Mo Ze Chen was seen by everyone. It was clearly a normal action, but everyone felt it was strangely sweet.

But one person was different!

Jiang Yi Liang who wasn't sitting far away narrowed his eyes with a bit of unwillingness in them.

It clearly belonged to him, how could it be stolen away?

And this thing didn't even enter his eyes before, but now it was the center of attention wherever it went.

She had broken through her cocoon and become dazzling.

Chapter 1702: Stunned! I am the evil female lead (Part 40)

At this time Pei Dan Dan on stage checked the answers again and again.

She gritted her teeth and her heart was filled with unhappiness.

Even she might not be able to calculate these six questions in a short period of time, how had Luo Qing Chen done it?

She must have blindly guessed, she must have! She said to herself again and again. After passing this stage, she would reach the final duel.

And it was not anyone else, it was Luo Qing Chen who faced her.

There were more and more people who gathered in the audience and everyone came with the attitude of watching the fun as they poured in.

At this time, the stairs of the stadium were already filled with people.

All of them were waiting for the final victor!

The voices of the people gossiping became louder as they kept talking to each other, entering lively conversations.

"Damn! How did Luo Qing Chen suddenly become this powerful! It can't be that she knew that answers in advance, right!"

"It's possible! After all, Tom is school hunk Mo's student and Luo Qing Chen is his girlfriend, it isn't strange if she had the answers!"

"I feel that isn't too possible! How long would it take to memorize it even if she had the answers? Although they are mainly multiple choice, it's still easy to make mistakes! Luo Qing Chen didn't miss a single question!"

"It's strange because she didn't miss a single question! With her grades.....how could it be possible!"

"Don't say grapes are sour without eating them first. Maybe she's a genius, but she doesn't care about her grades at all."

.....

There was a lot of discussion among the students, some were doubtful and some were certain.

Luo Qing Chen didn't mind since it was normal to question this, the grades of the previous host weren't that good before.

"Next let's invite the dark horse classmate Luo Qing Chen to enter the ring for the final showdown with classmate Pei Dan Dan!"

"Hua!" The lights in the entire stadium suddenly became brighter.

Pei Dan Dan took advantage of this gap to whisper in Luo Qing Chen's ear, "You can't beat me, go and die!"

Luo Qing Chen heard this and narrowed her eyes as she replied, "You only know how to taunt people after turning dark? Too weak!"

"You....."

"Alright! Let's count down from ten and then let's see the big questions mister Tom has made for our competition!"

Whether it was multiple choice or big calculation questions, it was the same for Luo Qing Chen.

After all, she was a lazy person who liked to only write her answer without writing the process.

There were twelve main questions and Luo Qing Chen took less than three minutes to finish them. When she pressed the submit button, she turned to look at Pei Dan Dan and gave a cold snort, "You've lost."

The panel behind Luo Qing Chen lit up and there was a large number, one hundred points!

The system of the competition was based on score and time.

If you answered the question the fastest and all your answers were correct, the result would be announced and it would be over!

Pei Dan Dan bit her lip as her face turned red and her lips kept trembling.

Professor Tom's questions really were hard, she had to use all her strength just to calculate up to the third question.

Luo Qing Chen had answered them all in this short amount of time. She didn't show her process at all, she only wrote the answers!

She didn't believe, she definitely didn't believe!

"You're cheating!"

When Luo Qing Chen was about to walk off the stage, there was a sharp voice that came from behind her.

She put her hands in her pocket and a cold look appeared in her eyes.

Pei Dan Dan continued, "People who follow gossip know that classmate Mo Ze Chen is professor Tom's teacher and with your relationship, you must have gotten the answers ahead of time!"

Luo Qing Chen suddenly turned around and looked at her with a chill that came from her, "You're not qualified to mention him, not to mention slander him."

Chapter 1703: Stunned! I am the evil female lead (Part 41)

If she insulted her, she wouldn't accept it.

If she insulted Mo Ze Chen, she accepted it even less.

Pei Dan Dan seemed to be taken aback by Luo Qing Chen's suddenly attitude change and couldn't help taking a step back.

The host looked even more awkward, "These twelve questions were randomly chosen from the thirty thousand questions mister Tom provided, there should be no such thing as cheating!"

"Humph, who knows!" Pei Dan Dan looked at Luo Qing Chen with a sharp gaze, "There are some people who like to do small things like this!"

Her voice was very soft, so only the host and Luo Qing Chen could hear it.

Luo Qing Chen gave a shrug, "What can you do?"

Pei Dan Dan was about to be angered to death when she heard these four words. Her face alternated from red and white, as she felt like she was about to spit out blood.

She angrily took a USB drive from her bag and loudly said to everyone, "There is the question bank from the past years on here, there are tens of thousands of questions that I haven't done before. I want to use this to compete, this should be more fair!"

As soon as her voice fell, there was someone who said, "Using your own USB drive and saying that it's fair, you should have gone crazy thinking about the money!"

"That's right! This is the prize money mister Tom took out, to use your question bank?"

"I don't know why. I thought that Luo Qing Chen's answer was too simple, but hearing your words, I really don't want to see you win!"

.....

As the saying goes, a single wrong word will lose the game. Pei Dan Dan had fallen into this dilemma.

She probably wanted the hundred thousand prize too much that she was forced to make this move.

But perhaps she didn't know that talking about Mo Ze Chen instead of her made her even angrier.

Perhaps that only going to the end would let her know that offending people like this was the wrong way.

"Alright, I don't care." Luo Qing Chen narrowed her eyes and revealed a faint smile, "How about one hundred questions in thirty minutes?"

"You.....What did you say?"

"I want you to know what it means to lose completely!"

Pei Dan Dan was taken aback as she didn't know what to say. She felt that her victory suddenly wasn't as certain.

Luo Qing Chen had a confident and relaxed look which made her very uncomfortable.

"Alright! Since classmate Luo agrees, then I'll follow along with another final duel."

"Qing Chen, you can do it!" Ling Luo called out her name from under the stage with an excited look!

Three seconds later, the students in the stadium all shouted out, "Qing Chen, you can do it! Qing Chen, you can do it! Qing Chen, you can do it!"

Pei Dan Dan gave a cold laugh as a sinister look appeared in her eyes, "Foolish people, it really is boring!"

"Let's take fifteen seconds to prepare." The host said with an awkward smile, "The two of you, both of you work hard!"

Fifteen seconds later, the question bank in Pei Dan Dan's USB drive was loaded onto the screen and they were all filled with large questions that took up three to four lines!

But Luo Qing Chen still used the stylus to write out all the answers in one flowing motion with beautiful letters.

There was only the answer, there was no calculation process.

As time passed, although Pei Dan Dan had some impression of many questions, there were over a hundred questions and it was a large question back, so she didn't have enough mind power.

Rather, Luo Qing Chen wrote all the answers without even thinking, without any hesitation.

After two minutes and thirteen seconds, she had finished all one hundred questions. She put her hands in her pocket and walked off the stage without even looking back.

She was met with that youth who had a gentle and pampering look in his eyes!

Chapter 1704: Stunned! I am the evil female lead (Part 42)

"Ah!" When she was about to get off stage, Pei Dan Dan's wild roar came from the stage.

Mo Ze Chen knitted his brows. He suddenly pulled Luo Qing Chen who was casually walking over to him, putting her behind him.

The host was scared by Pei Dan Dan's beast like roar and suddenly took a few steps back.

She never thought that the red faced Pei Dan Dan with bloodshot eyes would grab at her, asking through gritted teeth, "Tell me, tell me clearly! Did she randomly guess, was everything she wrote wrong, tell me"!

She angrily roared out like she had gone mad. The security guards in the venue were already coming forward to control her as mister Tom seriously revealed Luo Qing Chen's answers on the screen.

Two minutes later, he said in broken Chinese, "God! This is too amazing! She is simply a genius!"

"What do you mean?!" When Pei Dan Dan heard this, she struggled as she roared out at mister Tom, as her heart had already been swallowed by the flames of rage!

"The questions that this classmate Luo answered are all right!" Mister Tom was as excited as a child, bouncing up and down, not caring about the enraged Pei Dan Dan.

All the students of Star Royal Academy looked down on her. A person without any status and didn't have the title of 'top of school', how could she stay in Star Royal!

"Pei Dan Dan, scam out of Star Royal!"

"Pei Dan Dan, scam out of Star Royal!"

"Pei Dan Dan, scam out of Star Royal!"

The waves of shouting entered her ear and at that moment, all her thoughts were swallowed by darkness.

Luo Qing Chen standing off stage looked at with deadly silence, suddenly feeling an uneasy feeling.

There was a sea of flames that flashed in front of her eyes as a pitiful scream filled her ears.

“Un.....” She gritted her teeth as her right hand came to her chest, as beads of sweat appeared on her forehead.

Mo Ze Chen noticed that something was off and softly touched her head, “What is it?”

Luo Qing Chen took a deep breath and shook her head, “No.....It’s nothing.”

She knew that he cared and worried about her, but she also knew that this ability to ‘see the future’ would be considered nonsense in anyone’s eyes.

There was no need to worry about it. It seemed like the impact of the plane’s collapse was more terrifying than she thought.....

“If you have anything to tell me, you can tell me. I’m more powerful than you think.” His soft voice rang in her ear, giving her a bit of comfort.

“Un, it’s good that you’re here.”

“I will always be here.”

—

After the competition, she rested at home for two days. Ling Luo wanted her to go back if there was nothing special because she was very bored.

Mo Ze Chen reminded her to wake up, eat, and sleep on time.....

Actually, these days were very relaxing, but she became more worried.

But since the day she saw that fire, she hadn’t seen anything else in these two days. She didn’t know if she wasn’t strong enough or if there was something else.

After all, her mission was about to end and even if Pei Dan Dan made any small moves, she could deal with it with her abilities.

But why was she this worried?

Chapter 1705: Stunned! I am the evil female lead (Part 43)

At noon the next day, at an elegant Western restaurant.

Ling Luo said that she had to treat her to a meal since she had won honour for all of Star Royal’s students.

After all, the commoner students basically dominated the math competition before, so it didn’t have anything to do with them.

But it was different this time! Luo Qing Chen from one of the four great families had taken first place and killed the commoner's top student!

This big news spread all over the school in just three days.

There were some people who talked about the love triangle, but now they just said that Jiang Yi Liang's eyes really weren't good.

"Thank you Ling Luo for your hospitality!" Luo Qing Chen raised her cup as her lips curled.

"Cheers!" Ling Luo took a sigh of her red wine, "It's been a while since we've plate games and now that the three of us have met in real life, it feels even more amazing!"

"Moreover, we all go to the same school." Mo Ze Chen said, "I heard that there will be a school celebration the day after tomorrow, are you going?"

"School celebration, the day after tomorrow?" Luo Qing Chen blinked in a daze, she didn't know about this at all!

Without knowing why, she felt nervous when hearing about the school celebration and it was a very strong feeling.

"Right! You don't know since you've been off for two days!" Ling Luo thought about it before saying, "I'm participating in a play, it'll be a good performance!"

When she said this, Ling Luo looked very excited like she wanted to dance!

It seemed like she liked doing things like acting.

"What are you playing?" Luo Qing Chen looked over Ling Luo, "The handsome social queen?"

"....." Ling Luo helplessly looked at her, "Isn't this acting what I already am? How is that fun!"

"Ah?" Luo Qing Chen looked at her with a confused look, "Then what are you playing!"

"Ancient drama!"

"Oh." Luo Qing Chen suddenly understood, "A female constable? A female assassin?"

"No, no, no." Ling Luo said no three times before standing up with a serious look, "I am playing the part of the princess!"

?!

Mo Ze Chen sitting beside her couldn't hold back as he looked at her with a shocked look, "Are you certain?"

"Of course! I've already picked out the outfit, it'll be a long red silk dress, it looks super good!"

Luo Qing Chen once again saw the scene of the sea of fire in front of her eyes.

Her face turned pale and her breathing became a bit quick!

"You.....Did you see a ghost!" Ling Luo was surprised seeing her face turn from a healthy red to white.

"Don't talk." Luo Qing Chen knitted her brows. She saw a person in red struggling in the sea of flames, but she couldn't see that face since the flames were too strong.

"Un." She gave a grunt before looking at Ling Luo, "Don't go, don't act in the play."

"Why.....Why not?" Ling Luo saw her serious expression and her face also turned solemn.

"Don't ask! Even if you must go, don't wear red clothing!" Luo Qing Chen let out a sigh of relief, "It's a good thing, it's a good thing I saw it!"

"Saw what?" Ling Luo saw her expression which hooked her curiosity.

"I saw your hall go black before a disaster happened!" Luo Qing Chen revealed a smile that hadn't appeared in a long time, "In short, listen to me!"

Ling Luo looked at her. She didn't believe in divinations at all, but she was convinced this time.

However, what should happen would still happen, it couldn't be changed.

#### Chapter 1706: Stunned! I am the evil female lead (Part 44)

Two days later, at the school celebration.

Ling Luo gave up on the play and wore an all gold dress to ward off evil spirits.

Luo Qing Chen saw her golden appearance and couldn't help laughing.

"You are really like.....a buddha?" Luo Qing Chen touched the material of her clothes, it was really sewn with golden threads!

"I am more expensive than a buddha!" Ling Luo pointed at her clothes, "These clothes cost at least over seven figures, alright?"

Mo Ze Chen looked at her outfit and didn't forget to add, "You definitely will be the center of attention today!"

"Humph, humph, humph." Ling Luo gave three proud snorts, "I was planning to be the center of attention dressed in red, now I've given it to someone else, alright?"

Then Luo Qing Chen seemed to have thought of something as she said, "Who was the one that replaced you as the princess?"

"How would I know!" Ling Luo shook her head with a puzzled look!

After a while, someone wearing a red dress with heavy makeup came out, attracting everyone's attention.

"Damn, it's actually her!" Ling Luo looked at Pei Dan Dan standing not far away with a displeased look, angrily stomping her foot.

Luo Qing Chen narrowed her eyes as she looked at Pei Dan Dan not far away.

She had very thick makeup, which was thick eyeliner and bright red lips. Her lips were curled into a smile that no one could understand and when she inadvertently looked at Luo Qing Chen, her eyes filled with hatred.

Actually, instead of hating Luo Qing Chen, she hated this unfair world more.

How can some people be born with gold spoons in their mouths and some people be born with nothing.

She studied twice as hard as everyone else since she was young and she gritted her teeth no matter how dark it was.

She used her own strength to win the heart of the school hunk.

She worked so hard in life, so how could she be ruined by a rich young miss like Luo Qing Chen.

How could she take all this shame, how could they laugh at her.

No, she wasn't willing.

Luo Qing Chen narrowed her eyes to look at her, as if she could see the deadly gaze in her eyes.

"Xiao Qing Qing, quickly come over, I got three seats in the front row." Ling Luo waved her hand at her.

Luo Qing Chen knitted her brows and walked towards Ling Luo, pulling her out of the chair, "Let's sit in the back row near the door."

Although she was relieved that she had changed Ling Luo's ending, things in the future might change.

In order to feel more assured, she decided to sit in the back row.

"Why?" Ling Luo looked at her with a proud look, "It was hard to get this seat."

"The front row is too crowded and the air isn't good." Luo Qing Chen said this as she pulled her to the back row.

Their young master Mo Ze Chen had already picked a spot in the back, not letting her worry at all.

"Forget it, forget it!" Ling Luo pursed her lips, "I don't want to see that woman acting at all!"

Luo Qing Chen looked at her aggrieved look and softly patted her head, "You are always the princess in our hearts!"

"Humph~"

"Next time! You'll be the princess next time!"

"I'm already in my third year!" Ling Luo proudly said, "I don't have that much time to waste!"

"Shh, it's starting!" Luo Qing Chen saw that her coaxing wasn't effective, so she used another trick.

Ling Luo fell quiet in the end and seriously watched the play.

“Da, da.” The light on stage dimmed.

The first person in the play wasn’t someone unfamiliar to them, it was Jiang Yi Liang.

“Next let’s hand it over to our school hunk, to listen to this “Writing Poems For You”.”

Writing poems for you, waiting for you, doing the impossible for you.

I learned how to play and write piano songs for you, I lost my mind because of you. Writing poems for you, waiting for you, doing the impossible for you.

Learning how to play all the love songs for you, I forgot to say that the most beautiful thing is your name.

It had to be said Jiang Yi Liang’s voice was quite good, it was a clear voice that sounded smooth.

This love song really suited him.

Mo Ze Chen on the side softly held her hand as he said with a bit of pride in his voice, “Your boyfriend sings better than him.”

Feeling him hold her hand and hearing the slightly pride in his voice, she watched as he raised his hand to touch her head.

It really.....was so warm.

“Pa, pa, pa, pa, pa.”

There was an applause that came after the song. Since Jiang Yi Liang broke up with Pei Dan Dan, his popularity came back.

Although it was a bit worse than Mo Ze Chen’s, it was much better compared to before!

“It really is a beautiful song.” The host didn’t hold back their praise, “You really are the school hunk of Star Royal.”

Jiang Yi Liang took the mic and said with a faint smile, “I want to give this song to a very important person.”

When Jiang Yi Liang said these words, his eyes had been on Luo Qing Chen.

The memories of the previous host flashed in her mind.

It wasn’t a warm feeling, it was filled with sadness.

That year, the previous host was twelve.

She had liked Jiang Yi Liang even then, fascinated by his appearance and his singing.

But Jiang Yi Liang didn’t care about her at all. Even her most humble birthday wish wasn’t granted to her.

She vaguely remembered that it was snowing that year. The elders had asked her what she wanted and she had said with an excited voice, "I want to hear Yi Liang sing, can he sign "Writing Poems For You"? I like it a lot. Just one song, please....."

The elders praised how sensible she was, but Jiang Yi Liang left her birthday party without looking back.

But today he sang this song on stage.

"Wa.....That person must be very happy."

Pei Dan Dan heard the host's words and she was stunned.

Was Jiang Yi Liang talking about her?

She remembered the past when he affectionately sang this song to her.

"Un, she used to be my fiancée." Jiang Yi Liang looked at Luo Qing Chen, completely ignoring Mo Ze Chen beside her as he said to everyone, "I will get her back in the future."

Pei Dan Dan felt something break in her heart.

It was very light, but hurt very much.

An ugly world with ugly humans. Since her life had fallen into this dark realm.

She would let everyone be buried with her.

The host then said, "It seems like our school hunk Jiang is very confident!"

"Of course, I know that she still loves me!" He confidently said.

Luo Qing Chen heard a gentle voice with a trace of jealousy in it beside her, "Do you still love him?"

Luo Qing Chen was surprised before raising her right hand, "I don't! I only like you, I swear to the heavens!"

He raised his hand to gently take that hand as he said, "I've received your confession!"

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

## Chapter 1708: Stunned! I am the evil female lead (Part 46)

Hearing the notification from the system, she was both happy and worried.

She was happy because she was finally being pampered, but she was worried about the collapse of this plane and that everything was going too smoothly.

Pei Dan Dan who was backstage in her red dress tightly clenched her fists.

Her heart was filled with hatred that would burst at any time.

"Next, let's enjoy the ancient play "Deep Palace Endowment"."

“Pa, pa.” There was strong applause, that was until Pei Dan Dan walked out.

Everyone was unwilling to give her applause and wasn’t willing to watch her perform.

Luo Qing Chen should have become the one that everyone hated, but now it was Pei Dan Dan.

This entire “Deep Palace Endowment” seemed a bit awkward. They wanted to use the public’s opinion to create some stir for the play, but they never thought.....that the ending would be different from what they imagined.

“How about.....How about we not do it anymore!” A girl who was wearing an orange dress on the side said in a depressed voice.

This was the first time that people had looked at her with disdain, she was a bit afraid.

“We can’t stop just because you say stop, I am the protagonist of this play!” Pei Dan Dan glared at her with a sharp look in her eyes.

As soon as her voice fell, she fell into her state and started performing the “Deep Palace Endowment”.

The role she was playing was an aloof princess who had grown up with everything taken care of for her.

“Today is my wedding day, the Void Kingdom’s prince, please protect me and I’ll be the most beautiful princess.” Pei Dan Dan stood on stage acting by herself. She completely changed her lines so that the person beside her couldn’t answer.

Everyone felt a bit awkward, but that didn’t affect her at all as she fell deep into acting.

“You, how can you do this to me.....You said that it would be forever, you said that we would be together, how could you lie to me.....”

She read this by herself as crystal like tears came from her eyes, as her eyes filled with despair.

Jiang Yi Liang in the first row saw her like this and he couldn’t help feeling a bit uncomfortable.

After all, they had loved each other in the past, but now.....it had been wrong the entire time.

The sad style of the play suddenly changed as she gritted her teeth, “But why, I did my best to have everything taken away, why, why, why!”

She fell to the ground and roared into the sky, “Since the heavens are this unfair, since the one I love has been taken by others, then let me ruin everything. All those that have laughed at me, bullied me, wronged me, cursed me, today I will go to hell with you all.”

After Pei Dan Dan said this, she pressed the switch for the timed bomb in her sleeve.

“Peng!” There was a giant explosion as the entire venue suddenly went dark.

There wasn’t any light around and glass shards fell from above. There were screams as the air was filled with the strong scent of gasoline.

Luo Qing Chen knitted her brows as she looked at Pei Dan Dan on stage.

She stood in the fire wildly laughing, looking in her direction with dark eyes.

Like she was provoking her, like she was looking down on her.

After all, whether they were rich or poor, everyone was equal at the moment of death.

Heaven or hell, she didn't care anymore because her life had been too hard.

Everyone flew in a panic. The exit was already blocked by the strong flames and the chandelier above crumbled away.

Then it fell down in her direction.

Chapter 1709: Stunned! I am the evil female lead (Part 47)

"Careful!" Mo Ze Chen quickly took her in his embrace as the chandelier fell down on his back.

But he didn't even give a grunt. Luo Qing Chen could feel his strong heartbeat and the increase in his breathing.

This was the first time sensing that he was nervous, it had never happened before.

As expected, what should happen would happen. It was a good thing that she chose to be in the final row.

"Come with me." Mo Ze Chen softly said. He took her hand as he didn't forget to say, "You hold onto Ling Luo."

Suddenly, there was a strange warm feeling in her heart.

He was different from the other male leads, having his own unique personality. He was at times black bellied, he was at times proud, and he was at times exploding with intelligence. When in danger, his mind wasn't just thinking about the safety of the two of them, he was also thinking of her friends.

Ling Luo was clearly stunned, but Mo Ze Chen instantly woke up her.

Although she experienced quite a bit, this was her first time seeing this. She was after all a girl, she did panic.

She was afraid of being left behind by herself in the sea of fire with no one to save her.

"Un." Luo Qing Chen tightly gripped Ling Luo's hand, "I got you, don't be afraid."

Mo Ze Chen's sense of direction was very good. Although there were a few students who were wandering around like 'zombies', he had easily avoided them.

"The two biggest doors should be blocked by people. Bend over and try not to breathe in too much. Let's head to the fire exit on the side, trust me."

"Alright.....Ke, ke.....I believe you." Luo Qing Chen nodded as she closely followed Mo Ze Chen. Even in this darkness, she didn't panic.

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Mo Ze Chen's brows relaxed. He focused himself before saying to her behind him, "I won't let you die. Before the wedding is here, how can you die?"

Then Pei Dan Dan who was already swallowed by the flame raised the mic and roared out, "Listen up, you are all encountering this because of the woman named Luo Qing Chen. She has everything, but she took my most important things and didn't leave a single hope for me. She should die.....and you all.....will be buried with her!"

When Luo Qing Chen heard this, there was a buzzing in her mind. She never thought that Pei Dan Dan hated her this much.

She didn't care about her own life to die with her. This was the first time she had met this kind of obsessed supporting female lead.

It was no wonder the system said that the plane had collapsed.....

Someone who was kind had suddenly changed like this, becoming someone who was this cruel.

It really.....was chilling.

She didn't seem to have done anything, she had done something. This story had reached such a sad conclusion.

"Don't listen to her. Some people are kind on the surface, but they are evil deep down." Mo Ze Chen tightly held her hand, "I have an eye that can see devils."

As soon as his voice fell, she followed him as she said with a faint smile, "What about me? Do I have a little devil in my heart!"

It wasn't until they saw the fire exit that he slowly turned around to look into her clear as water eyes, "Luo Qing Chen will always be an angel in my eyes, since the first meeting....that's what she has been!"

"Can you stop showing affection in this dangerous place? Could it be that you can't see this eight hundred watt light bulb here....."

"Peng!"

Before Ling Luo could finish, there was a large explosion from behind her.....

Chapter 1710: Stunned! I am the evil female lead (Part 48)

When the explosion rang out, she could feel Mo Ze Chen tightly holding her as he whispered in her ear, "Don't be afraid.....don't be afraid.....it's fine, it's fine."

His voice was gentle and affectionate as his whispers were filled with pampering.

When she felt that she was surrounded by happiness in this danger, the system notification dropped her to the eighteenth level of hell.

[System notification: The planar cracks have caused an outside reincarnator to enter. The host and the supporting female lead have begun changing identities at this second.]

After this mechanical notification, it didn't forget to add.

[Host, you can do this. No matter who you are, the system will always be by your side.]

Luo Qing Chen felt her eyelids getting heavier, but she didn't get any response to the exhausted cries in her heart.

There were two words that kept ringing in her mind: Change identities! Change identities! Change identities!

?

She worked hard to fight back and walk out of despair!

Leaving the scum man and meeting her male god! She finally escaped everything bad and embarked on the road of life!

Now the plane collapsed with just a few words? Changing identities?

[Ding, affection has decreased by one hundred. Mission completion rate is now 0%.]

Hearing this sad notification, Luo Qing Chen knew that she and Pei Dan Dan had already swapped identities.

To be precise, it should be.....a soul swap.

As for whether the other side was Pei Dan Dan, a reincarnator, or the reincarnated Pei Dan Dan, none of that was important.

Because the gears of fate seemed to be.....on the side of the supporting female lead!

—

A week later.

There was the smell of formalin and medicine in the air. When she regained consciousness, there was a strong pain that came from all over her body, so painful that she couldn't breathe.

When she opened her eyes with difficulty, she was brought into a small room, but it was clean.

The warm sun was shining on her face which helped with the pain a bit. Sitting in front of her was a little girl who seemed to be around ten years old.

Seeing that she opened her eyes, the little girl excitedly stood up, "Grandpa, grandpa, the mummy auntie is awake!"

?

Mummy? Auntie?

Luo Qing Chen was depressed and her body hurt so much that she couldn't move. She could only think that: This treasure is a fairy!

[Why is the host this shameless?]

It's already bad enough for me, can't I have some fun? Could it be that I should go crying back to the Luo Family to have Pei Dan Dan give me back my body?

[Ding, the host has received a counterattack. As long as you can get back 100% affection from the male lead, you can get back your body!]

Using this body? Using this face? System baby, are you teasing me?

After she said this in her heart, the system didn't say a thing.

"Gezhi." The wooden door opened and an old man with a white beard came in.

When he looked at Luo Qing Chen, his old eyes suddenly became piercing.

"Ah Yue, go and make some medicine for your big sister. When grandpa isn't here, you're not allowed to come in."

"Got it, grandpa!" Ah Yue gave a polite bow to Luo Qing Chen before saying, "Big sister, rest well. It was Ah Yue's mistake just now."

Luo Qing Chen looked over, but there was no sound that came from her throat.

The door closed again.

The old man Ah Yue called grandpa sat down by Luo Qing Chen's wooden bed. Looking at her, he said, "I know who you are and know what the situation you are facing is."
