Chapter 1721: Stunned! I am the evil female lead (Part 59)

She took a step back in fright. Luo Qing Chen put her hands into her coffee brown coat as she looked at Pei Dan Dan with indifference.

She used to think that the face of the previous host was quite good, but now it felt a bit strange looking at it.

She suddenly felt that the repulsion in Mo Ze Chen's heart was that he felt a dirty soul in this clean body.

This really made people feel.....disgusted.

Pei Dan Dan couldn't stop trembling at this moment. She knew from a first glance that this person was her original body and although the appearance was different, she could see the special scar on her neck, the scar that came from a knife.

Her big brother had cut her when she was younger, almost cutting into her jugular. It was a good thing that God had let her live in the end.

Because she had survived, she could peacefully stand here taking a certain someone's place, becoming a little princess.

She was about to get married and although it wasn't Jiang Yi Liang, it was another outstanding man!

Since she got this identity, she found that Jiang Yi Liang who spoke coldly to her sent her texts from time to time.

Especially during the night, with most of them being to the tone of "I miss you, give me another chance"!

But she only felt anger and no joy when she saw these!

Filled with anger.....

Jiang Yi Liang could treat her so cruelly and empathize with her, how fickle!

"Kacha." The door was opened. Mo Ze Chen seemed to have just woken up as he came out in a set of casual Givenchy clothes. His knit brows showed that he wasn't very happy.

He had a special dream last night and the mix between dream and nightmare had left lingering fears in him.

He remembered the last thing someone said in his dream: Don't believe your eyes, you have to believe your heart."

"Why are you here?" His voice was a bit cold as there was a bit of indescribable helplessness in it.

Pei Dan Dan looked at Luo Qing Chen not far away and turned to look at Mo Ze Chen before her breathing became a bit faster.

She had just reacted and Luo Qing Chen.....was living next to her fiancée?!

No, definitely not! How could this be allowed!

"I.....I was thinking of you, so I came to see you." Pei Dan Dan pursed her lips and looked at Mo Ze Chen with a bit of panic, "It's very cold out, aren't you going to let me in?"

Her voice was a bit aggrieved, but it wasn't normal grievance, it was a kind that seemed a bit awkward.

At the same time, Luo Qing Chen and Mo Ze Chen couldn't help knitting their brows. When Mo Ze Chen's eyes fell onto Luo Qing Chen, there was a strange feeling in his heart that wanted to draw a clear line with the girl in the pink mink fur coat.

This feeling seemed disgusting to him.

"I'll get a coat, you can wait in the garage for me!" Mo Ze Chen narrowed his eyes, "There's nothing to eat at home, let's go out!"

There wasn't any care or pain, other than indifference, there was only indifference.....

Not only could Pei Dan Dan hear this indifferent tone, even Luo Qing Chen on the side could hear it.

She pursed her lips into a faint smile. She felt like she was being pampered with another identity.

She didn't know what this feeling was like, she just felt a warm flow filling her heart.

It was like a warm breeze in winter, very, very warm.....

Chapter 1722: Stunned! I am the evil female lead (Part 60)

Pei Dan Dan was surprised as she felt an uneasiness filled her heart. She wanted to say something, but she gritted her teeth without saying a thing.

Why did God treat her like this? They gave her Luo Qing Chen's identity, so why did they bring her back?

Why didn't she die?

"Big sister....." Ah Yue gently took her hand, "What is it?"

"Nothing." Luo Qing Chen shook her head with a slight curve of her lip, "Let's go buy things!"

As soon as her voice fell, she took Ah Yue's hand and moved forward. But then when they passed, Pei Dan Dan suddenly spoke.

"I know who you are, but I'm about to get married!" Pei Dan Dan gritted her teeth and said confidently, "I urge you not to make any small moves because no one will believe you and even less people will believe that such an incredulous thing has happened."

Pei Dan Dan was a smart person. She didn't have Luo Qing Chen's memories, but she could use the aftereffects of the fire to pretend to be confused most of the time.

But the person in front of her, she didn't know how Luo Qing Chen had completely changed her face, but she knew that she had her past memories!

"Straight forward, don't worry." Luo Qing Chen gave a cold snort as her eyes had a sharp glow, "After all, there is a saying that the closer water towers will reach the moon first."

“You.....”

“Pei Dan Dan, remember your name in your heart.”

Luo Qing Chen could tell that Pei Dan Dan was trembling when she said these words.

She was very afraid! After all, if it wasn't for the mission request, she could tell everyone everything. Even if it was supernatural, she was someone with her memories.

Luo Qing Chen didn't wait for Mo Ze Chen to come back as she led Ah Yue forward by the hand.

For her, there was a loss, pain, aggrievement, and unwillingness.....

But she was Luo Qing Chen, the Luo Qing Chen that can shine no matter what status she had.

In an elegant store, Luo Qing Chen helped Ah Yue buy her school supplies and clothes.

Ah Yue was a bit anxious and didn't dare take it.

“Grandpa is the one who saved big sister's life, so I should give you these.” Luo Qing Chen gently patted her head, “There's no need to be restrained.”

“But grandpa said that when I don't have things I should have, I won't have anything to lose.....” Ah Yue looked up and said, “I don't want to lose it.....”

“But Ah Yue has nothing and grandpa is already gone.” Luo Qing Chen said in a serious tone, “People's lives are always about gaining and losing. Don't forget yourself and you'll always reach the end.”

There was a wedding gown store across the way. Seeing the white wedding dresses in the window, she thought of when Mo Ze Chen asked if she would accept his confession.

The memory of the past floated up and was a bit fuzzy.

But she remembered that he had said that there would be balloons, flowers, a wedding dress, a diamond ring.....

When she thought of that time, she felt a bit lonely.

“Eat quickly, after that we'll go to a wine store!” Luo Qing Chen tapped the table out of habit with her left hand, “I suddenly want a drink.”

“Big sister is an alcoholic!” Ah Yue asked with a sweet smile, “Then can Ah Yue go play with Xiao Tian tonight!”

“How about we buy a strawberry cake?”

“Alright, alright!”

No matter how many times, she felt that they would always go to the same place. It was a mysterious and terrifying.....attraction.

Chapter 1723: Stunned! I am the evil female lead (Part 61)

A bottle of 68 whiskey. She preferred whiskey to brandy, it was bitter and sweet, which was similar to her current situation.

It was already six when she came back. The snow suddenly began falling in the afternoon, so the sky got dark quite fast.

There was a figure standing under the street lamp. He wasn't wearing much and there was a sparkle in his deep eyes. He slightly knitted his brows, looking a bit worried.

Luo Qing Chen slowly approached with a moon white umbrella which she had bought at a convenience store this afternoon.

After all, Ah Yue had been with her and while she could let the snow fall on her, it wouldn't do for Ah Yue.

Looking at this familiar figure not far away, Luo Qing Chen was surprised and quickly moved forward.

When Mo Ze Chen's good looking face came into view, she finally stopped. She wanted to say something, but she didn't know how to call him.

Mister Mo? Classmate Mo? Ze Chen?

No matter what she said, it would be a bit strange.

So she decided to call him——

"Mister neighbour....." Luo Qing Chen held the umbrella in her right hand as her left hand touched her ear out of habit, "It's snowing this hard, are you waiting for someone here?"

Mo Ze Chen's deep eyes deeply looked at her, as it filled with an unclear emotion in all this snow.

The reason was.....When he went out today, whether it was eating or walking around, he kept thinking of the first time he met this unknown girl yesterday.

A smile that kept lingering.

"Un." He nodded. His tone was different from this morning and although it was only a single word, it was very gentle.

Luo Qing Chen suddenly felt a bit uncomfortable, feeling that the person that he was waiting for was Pei Dan Dan.

After all, she knew Mo Ze Chen better than anyone, he wasn't the 'scum' that he called himself.

The bag of alcohol in her hand suddenly felt even more heavy.

"Alright!" After thinking for a long time on what to say, she finally only said this word.

It was simple and concise, but it had an unclear sense of loss.

[Ding, affection has increased by ten. Mission completion rate is now 30%.]

The sound from the system made her completely stunned.

She looked up at his deep as ink eyes and suddenly felt strangely nervous.

"I was waiting for you."

In the snow and wind, he silently looked at her. Each word was like redemption that entered her ears.

At that moment, she really wanted to cry.

There was only one person that could give this kind of feeling to the one he loved, but this feeling was so touching!

"Waiting.....for me?"

"I saw that you didn't have an umbrella when you went out with Ah Yue this morning, so I rushed back when it started snowing this afternoon." Mo Ze Chen had a slightly self-deprecating smile, "So you had an umbrella....."

"I didn't have one when I went out....." Luo Qing Chen pursed her lips with a smile that was hard to hide as she narrowed her eyes to look at him, "But I can buy one....."

"It seems.....you're right." Mo Ze Chen revealed a helpless smile. He was filled with these strange emotions and he suddenly felt that he had lost even the IQ of a normal person!

Luo Qing Chen shook the bag in her hand and said with a smile, "But I should thank you for waiting. Do you want a drink?"

Chapter 1724: Stunned! I am the evil female lead (Part 62)

"You bought wine?!" Mo Ze Chen felt a strange dark feeling coming over his heart.

"Un humph! I have wine, do you have a story?" When Luo Qing Chen's voice fell, Ah Yue beside her shook the cake box in her hand, "I have cake, does big brother have Xiao Tian?"

Mo Ze Chen saw their cute smiles and he couldn't help revealing a smile as well.

"There are stories and cake as well!"

This feeling made him feel like he was the center of attention, but he wasn't willing to break this peace.

—

After half an hour of drinking, Mo Ze Chen adjusted the temperature in the room to twenty four degrees.

Normally he didn't like to turn on the heating, he felt that his mind would be more clear in places that were colder.

"Are you cold?"

"No."

"I only had some fruit at lunch, I'm a bit hungry! Do you want to eat some steak?"

“Are you going to let me taste your skills?”

“You won’t be disappointed.”

“Alright, I want black pepper sauce!”

It was a very normal conversation, but people would think that they had known each other for many years, or they would seem like a couple that had been married for a long time.

There was a bit of familiarity in the unfamiliar, a warm feeling that couldn’t be described.

After filling up on wine and food, she stood in the snow falling from the sky holding the bear doll that Mo Ze Chen gave her, feeling a bit of melancholy.

She suddenly understood why people said: Solving sadness with wine is even sadder.

You would think of many things when drinking, it was like watching a movie. After drinking, you would feel even sadder as the memories froze in the past and wouldn’t disappear for a long time.

“Qing Jiu, do you like anyone?” His voice was very soft, but Luo Qing Chen could hear it.

Actually, Mo Ze Chen was also feeling nervous when he asked this question.

This kind of nervousness didn’t have a source and was strange, but it was based on liking.

He wanted to know the answer, but he was also afraid.

Luo Qing Chen didn’t immediately reply when she heard this and slowly raised her hand to catch a snowflake.

The snowflake floated on the wind and softly fell in her palm.

She blinked before turning to look at him, saying each word seriously, “I do like someone, I like him very, very much.”

It was cold around them, but there was a blush on her face.

She suddenly wanted to do something, using her alcohol numbed mind to do something shocking that someone had done before.

Mo Ze Chen’s eyes that were as deep as the sea dimmed, looking a bit disappointed and a bit frustrated.

He took a sip of wine and asked her, “Are you together with him?”

“We are about to get married.” Luo Qing Chen slowly stood up with her hands in her pocket and sat on the sofa on the balcony with Mo Ze Chen as she said, “But he doesn’t seem to remember me.”

It was like being in a strange world that was related to the relationship between the two of them.

Mo Ze Chen was surprised before he felt a sense of déjà vu in his heart.

“So.....you split up?”

“No.” She shook her head in front of him and revealed a faint smile, moving at a speed that one couldn’t react to——

She leaned in.

And placed a kiss.

He looked at her trembling lashes and red ears and there was a feeling that he couldn't control that filled his heart.

At that moment, his reasoning told him to push away, but his feelings wanted to hug her.

Luo Qing Chen quickly moved away and seeing his slightly knitted brows, her lips curled, "So the person that I like, should I apologize or confess?"

Chapter 1725: Stunned! I am the evil female lead (Part 63)

[Ding, affection has increased by twenty. Mission completion rate is now 50%.]

Mo Ze Chen's mind was like it was hit by lightning as it completely turned blank.

Seeing the girl in front of him saying what he had not so long ago, the strange and familiar feelings mixed with complicated feelings.

"It seems like mister Mo hasn't thought it through yet." She pursed her lips and said, "You still can't forget the one you love?"

She leaned on the railing and the ice cold feeling passed through her sweater to reach her body.

At this moment, only this kind of temperature could calm her heart.

She didn't know how long passed, but they kept looking at each other until a firework appeared in the sky. Under the brilliant light, Mo Ze Chen slowly said, "Sorry."

"Un humph." She instantly replied as she finished all the red wine in the cup in her hand, "Sor....."

"After all, the matter of confessing should be from the man and not the woman." He looked into her eyes, "I liked a person very, very much before."

"I know." She nodded and said with a smile, "I saw you this morning, it was the girl in the pink mink fur coat."

Seeing her affection increase and seeing Mo Ze Chen's gentle look, she was strangely delighted deep down.

It was probably a sweet feeling that came from having another identity.

Mo Ze Chen was a bit surprised as he didn't think that the girl in front of him would care about the people beside him, caring about the one he used to love.

"Un." Mo Ze Chen gave a serious nod to her, "I loved her very much a month ago, but now I feel.....that I don't love her anymore....."

When he said this, he was very conflicted in his heart. He knew that just this simple sentence would make her 'think' that she was that kind of person.

Scum who cared about differences, loving one after another.....

But he didn't care anymore, he wanted to face this person with his most real self.

"Un." Luo Qing Chen pursed her lips into a smile when she heard this, "So you were that kind of person!"

She had a smile in her eyes and a joy that was hard to hide from her face.

Actually, Mo Ze Chen would never know just how happy Luo Qing Chen currently was.

Mo Ze Chen's eyes had a bit of disappointment that was hard to hide as he looked at her and asked, "Is this the most special introduction that you've ever heard?"

After all, when a person wanted to win the other side's heart, there were two things they had to respect. One, they couldn't talk about the past and two, they couldn't take about their flaws.

But Mo Ze Chen had mentioned both of them. If it wasn't that Luo Qing Chen already knew his personality, she would think that this person was a fool!

"This is indeed the most special introduction I've ever heard." She looked up at him with a smile, "So what are your strengths?"

"Good at calculating....." Mo Ze Chen thought for a bit before saying these words.

"....." Luo Qing Chen cleared her throat, "And?"

"High EQ....."

"And?"

Mo Ze Chen revealed a helpless smile as he shook his head, "I thought that I was someone with deep love, but now I think that I'm a scumbag. I really can't tell you my strengths, this is the first time that I've felt frustrated with myself."

"Stop." Luo Qing Chen felt that if she was joking with Mo Ze Chen, she might really need to 'apologize'.

"Confess!" She said, "All the doubts in your heart, I will give you your answer."

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

Chapter 1726: Stunned! I am the evil female lead (Part 64)

In the end, Mo Ze Chen didn't confess.

Luo Qing Chen waited a long time, but Mo Ze Chen didn't say anything. He wasn't as bold as that day in Ling Luo's club.

His eyes had many inexplicable emotions and in the end, he softly patted her head, just as gentle as before.

"Wait for me. Before you give me your answer, I will give you an answer."

This was Mo Ze Chen's promise to her, who had 60% of his affection.

"So, do you want to drink together tomorrow?" Luo Qing Chen pursed her lips, feeling a bit aggrieved.

After all, when he confessed to her, she accepted it.

But Mo Ze Chen didn't accept it now.

But if she escaped this identity, she felt that the person in front of her was that excellent because he wanted to use a Mo Ze Chen that wasn't related to anyone to accept her confession.

"I heard Ah Yue say that you'll bring her to school tomorrow." Mo Ze Chen looked at her and said, "When the two kids are sent off, let's go see a movie!"

When she was with Mo Ze Chen before, he liked seeing movies on weekends in his spare time.

When she asked him about this, he said, "The atmosphere of the movie theater is very good because you are always focused on watching, so you won't notice me secretly holding your hand."

"What do you want to watch?" Luo Qing Chen casually picked up her phone and her eyes fell onto one movie title.

When she wanted to speak, Mo Ze Chen spoke first.

"The Missed Three Years."

"How did you know what I wanted to say?" Luo Qing Chen was surprised before revealing a smile that was hard to hide.

There was a strange feeling that spread from the bottom of her heart.

"It should be because you confessed to me!" Mo Ze Chen revealed a gentle smile, "Rest early tonight. I will remember your confession. No matter how bad of a person I am, I will always be grateful for it."

Grateful that there was someone that appeared in his most confusing time. Although his heart was still filled with complicated emotions, he had a direction now.

Lying in bed without sleeping, Mo Ze Chen looked at his phone from time to time, hoping that daybreak would come sooner. He was suddenly looking forward to meeting tomorrow, looking forward to the meeting.

What he didn't know was that it wasn't the alarm that woke him up early in the morning, but rather a call from the elders of the Luo Family.

The one that he loved the most before had been in a car accident.....

She was going to see him last night and because it was snowing too hard and she was too worried, she hit a truck.

Now she was in the hospital.

At half past five, he wanted to call the person next door, but he put down his phone.

In the end, he couldn't escape this strange darkness and was trapped in it.

—

In the corridor of the hospital.

“Why are you only here now!” Mo Jing looked at with a serious look and deeply knitted brows, “Xiao Qing called you so many times last night, why didn’t you pick up?”

In the Mo Family, Mo Ze Chen could do anything, but he couldn’t wrong his lover.

This was the only request Mo Jing made of him so for a long time, he didn’t love anyone. But if he did, Mo Jing would fully support him.

This was why when Mo Jing knew that Mo Ze Chen was interested in Luo Qing Chen, he went to find Luo Qing Chen’s parents.

He felt that his son would be a dedicated person, he would keep liking the person he liked and definitely wouldn’t change his mind.

But now his attitude towards Luo Qing Chen could even be seen by the two elders of the Luo Family, it had changed too quickly!

He.....really disappointed him

Chapter 1727: Stunned! I am the evil female lead (Part 65)

Mo Ze Chen slightly knitted his brows as his deep eyes seriously looked at Mo Jing, “Dad, I have something I have to say.”

“If there is anything, now is not the time to say it!” Mo Jing looked at him and didn’t intend to let him continue.

After all, it was his own son. He could guess what he wanted to say and he wouldn’t allow this thing to happen.

“But.....”

“Kacha.” When Mo Ze Chen was about to say something, the door to the operating room opened.

The doctor took off their mask, “Who is the patient’s family?”

“I am, I am!” Miss Luo had tears falling down her worried face.

“The patient’s excessive blood loss needs to be monitored, I want to ask you about the patient.”

“Doctor, please.”

“The patient’s wound was not caused by a crash, but rather a cut to the vein on the wrist.” The doctor was in a heavy tone, “Has the patient been in a bad state of mind recently?”

Mo Jing’s expression changed when he heard this and he pushed Mo Ze Chen towards the two elders of the Luo Family, saying in a low voice, “Do you think that you can not take responsibility?”

The two elders of the Luo Family heard what the doctor said and looked over at Mo Ze Chen before shaking their heads, "My daughter is about to get married, she should be in a very good mood!"

"Un, then it should have been accidentally caused by a sharp object in the car."

Mo Ze Chen never said a single word. He just looked out the window at the darkness, like the darkness before the dawn.

—

At ten past nine, Luo Qing Chen called him for the first time and didn't get an answer.

At ten past ten, Luo Qing Chen called him for the second time and still didn't get an answer.

At ten past noon, Luo Qing Chen called him for the third time and it was turned off.

He had missed their appointment without any warning.....

"Big sister, weren't we going to school today?" Ah Yue looked at her fixing herself in the mirror and said in a worried voice, "Big sister really looks good."

After a while, she patted her head, "Of course we're going, but we can only go by ourselves."

Actually, it would be false if it was said that she wasn't disappointed at all.

There was disappointment, but she knew that something serious must have happened if Mo Ze Chen didn't show up.

He must have tried very hard to reach her, it must have been more difficult for him.

"Of course we're going!" Luo Qing Chen gave a sigh and looked at her with a smile, "Big brother might have something to do, but Xiao Tian should be waiting for you at school!"

Cherry Blossom Elementary.

The key elementary school in A City, all the graduates went to private schools, so people without any status couldn't get in.

Ah Yue was able to enter the school with an identity the system prepared, a brand new identity named Si Yue.

"Ah Yue, Ah Yue, you're finally here." Mo Tian came forward to take her hand, "I've been waiting for you since this morning. Yi.....uncle didn't come with you? He even picked out his clothes last night, I've never seen uncle act like that before....."

Mo Tian had a very surprised expression since she had seen Mo Ze Chen acting nervous for the first time last night. No matter what happened before, her uncle had always acted calmly and had never panicked.

"Something happened with your uncle." Luo Qing Chen patted Mo Tian's head, "How about we have him treat us to a big meal next time?"

She had a bitter smile. It was clear that she was more disappointed than anyone, but she pretended to be strong!

Chapter 1728: Stunned! I am the evil female lead (Part 66)

In the afternoon on weekdays, there were few people in the streets of A City. The snow was thick and with the snowflakes falling onto her black sweater, she was like a beautiful scene that attracted the gaze of everyone she passed.

The black sweater and the white snow. She held the movie ticket in her hand and her eyes couldn't help turning red.

She had unknowingly walked to the entrance of the movie theater. Seeing the lovers, and friends, and the married couples, it made it more clear that she was alone.

Actually, at this time, she just wanted to buy a family bucket and sit at home watching Korean dramas.

She didn't want to enter the movie theater alone to watch 'The Missed Three Years'.

But she chose the second option instead of the first!

She took these two tickets and went into the movie theater alone.

The far right on the seventh row, she bought a set for two with one orange juice and one coke.

The movie was very popular and the theater was completely filled. There was a couple on their first date sitting beside her.

The boy looked at the girl, "I don't know if you like movies or not, I'm afraid that you don't."

The girl replied, "No, I like going to all the places you take me."

Luo Qing Chen didn't listen to what came next. She just felt that they were very shy, with a touch of unfamiliarity and familiarity in their voices.

She didn't like drinking coke in the past, but she wanted to feel the stimulation of the carbon dioxide on her taste buds today.

Actually, drinking this in this mood was.....not bad.

The plot of the movie was a bit shallow, it just said that the lovers were separated for three years for some reason.

During this time, they looked for each other, but couldn't find one another.

A sad and beautiful love story, but she didn't think it was that sad.

This kind of bloody love story couldn't compare to her legendary love story that no one would believe!

Then again, the female lead was too weak! She endured anything and didn't have any aura at all, she felt very angry watching this movie!

She ate her popcorn while silently shaking her head.

But then there was a person who sat down in the empty spot to her right. Luo Qing Chen couldn't turn in time when a gentle voice rang out with a bit of pampering.

The voice was very good and warm to the heart.

"Can I drink this orange juice?"

Luo Qing Chen suddenly turned and looked deeply into his deep eyes.

His long arms wrapped around her body and he took a straw from the bag on the other side. Then he gave her a nod and said, "Sorry, something happened so I came late."

Luo Qing Chen was a bit surprised. She always felt that Mo Ze Chen's actions were very gentle, so gentle that it was hard for her to hide her smile.

"I thought that you weren't coming!" She put the popcorn in the center and looked at Mo Ze Chen to ask, "But how did you know I was here? Normally speaking, girls wouldn't come at this time!"

"But you are a special girl." His eyes were a bit tired, but he had a faint smile as he looked at her.

There was a very gentle feel to it. If it wasn't for the soul exchange, they should have already been happily married!

But he was about to get married soon.

Thinking of this, Luo Qing Chen couldn't help softly asking, "Are you really getting married the day after tomorrow?"

Although it was very difficult, this was a question that had to be asked.

Because.....there was no time left!

Chapter 1729: Stunned! I am the evil female lead (Part 67)

Mo Ze Chen's hand reaching out for the popcorn clearly stopped as he seriously looked at her, "I won't get married because I know what I want."

"Mo Ze Chen....."

"I'm just a bit conflicted, not because of the wedding." He raised his right hand and gently patted her head, "But because of my own character which I look down on, it really is a strange feeling."

Mo Ze Chen's expression was hard to tell, but Luo Qing Chen knew why he was feeling conflicted.

"Do you remember what I said?" Luo Qing Chen took his hand, "I will give you an answer." [Ding, affection has increased by ten. Mission completion rate is now 70%.]

Soon, she would succeed soon! Facing Pei Dan Dan with 70% affection in hand, she wasn't afraid of her at all.

"Thank you for your answer." Mo Ze Chen took the popcorn and placed it in her mouth, "The girl who was about to marry me was in a car accident." "What?" Luo Qing Chen's first reaction was, Pei Dan Dan knew how to drive?

With her standard of living before, taking a driver's license exam was a luxury, so how could she drive!?

"Although this is very hard for me to say, I still want to tell you." Mo Ze Chen put two more pieces of popcorn in her mouth as he looked at her and said, "I feel that she isn't the same as before, rather you feel more like her than she does. Actually, I don't know how to explain this, but I like you."

He didn't say her name, he just confessed.

This time.....he didn't even have a ring.

Luo Qing Chen narrowed her eyes as she looked at him, "Flowers, balloons, wedding dress, and ring.....Not one can be missing."

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

Only the heavens knew how shocked Mo Ze Chen was at this moment. It was like going back in time to when they first met.

"How did you....."

"Ah? Me what?"

Luo Qing Chen was pulled into a warm embrace without any warning, that kind of powerful hug that was filled with passion.

The soundtrack of the movie slowly played and when they hugged, the male and female lead finally found each other after three years. Luo Qing Chen looked at the movie and revealed a faint smile as she muttered, "Actually, this plot isn't bad!"

At the same time, in the hospital.

Pei Dan Dan was lying in bed with a pale face. The Luo Family elders and Mo Jing were by her side, only Mo Ze Chen wasn't here.

Mo Jing's expression was very dark. He had asked Mo Ze Chen to buy some porridge, but six hours had passed and he still wasn't back.

Pei Dan Dan's eyes were filled with disappointment since this was a crash that she had planned.

But she didn't get the slightest bit of pity from Mo Ze Chen.....

Why, why, why!

She had calculated everything, so why did her fiance not appear?

"Brother Mo, we can see that something has happened between Ze Chen and Qing Chen." Luo Du Gu gave a sigh. He wasn't willing to see his daughter suffer like this, so he said in a sad voice, "How about we forget the wedding!"

"I don't want this!" Pei Dan Dan heard this and became agitated as her eyes opened wide, "I want to marry him....." God had given her such a good chance to have everything, how could she miss a good man like Mo Ze Chen!

"Brother Luo, please be assured! The wedding will definitely happen, Xiao Qing just needs to take care of her body!"

Chapter 1730: Stunned! I am the evil female lead (Part 68)

After watching the movie, the snow had stopped.

Luo Qing Chen looked at Mo Ze Chen beside her, "If there is something that you have to take care of, you can go! I will wait for you to come back."

She knew that Mo Ze Chen didn't come today because of the pressure from his family.

Pei Dan Dan's thoughts were shallow as ever, she could only use her body to stop him and couldn't do anything else.

Luo Qing Chen could feel the change in Mo Ze Chen, so naturally Pei Dan Dan could also feel it.

This confirmed that love was not based on status or money.

She used Jiang Yi Liang to prove this to the previous host, but now she used Mo Ze Chen to prove this to her.

Everything in this world was truly a cycle and change always came in turns!

"No." He firmly shook his head, "Let's go! We have to pick up Ah Yue and Xiao Tian from school soon."

It was snow white in front of them and he gently took her hand as they walked forward.

Walking in this field of snow, one's hair might turn white without knowing it.

Mo Ze Chen and Luo Qing Chen both thought this. They were very close, but also very far.

But Luo Qing Chen knew that as long as they worked hard to walk towards each other, no matter what kind of appearance or status they had, the fog would clear and they would see the most dazzling sunlight.

"Oh, right! School is about to end." She pursed her lips, "I was planning on taking Ah Yue to get hot pot tonight."

"Hot pot?" Mo Ze Chen's brows relaxed, "Can you bring two more people?"

Luo Qing Chen looked at him with a bit of confusion, "You're not planning on going back to eat tonight?"

"Un." He gave a slight nod, "By the way, can I also stay with the miss neighbour for a night?"

?

"Ah?" Luo Qing Chen hadn't reacted yet as Mo Ze Chen already started walking.

He wanted to live in her house tonight? Although they were getting closer, they had only known each other for a few days!

Wasn't this going a bit too fast!?

"Si." Mo Ze Chen saw her expression and pretended to be frustrated, "It seems like you're not willing!"

Actually, when he made this decision, there was a great struggle in his heart!

As a man, this was the first time he had failed to take responsibility. He had personally ruined the wedding that he had been looking forward to the most and he didn't even know how to explain it.

There were many doubts in his heart that couldn't be explained, but he had to do this because of an unspeakable obsession in his heart.

He followed the path to this obsession.

He once asked himself what he would do if he didn't love the person he fell in love with now.

He didn't dare think and knew that there was no answer.

"Even if I'm not willing, you'll still do it, won't you?" Luo Qing Chen made a face at him before saying, "Just treat it as me being kind and taking you in!"

Actually, this was also quite good. If they could live like this the rest of their lives, she would always let Mo Ze Chen stay!

Standing at the door of the elementary school, Mo Ze Chen attracted a lot of attention. He was always the center of attention no matter where he went.

"Big sister."

"Uncle."

Ah Yue and Mo Tian came out of the school holding hands and without knowing why, this scene made her feel strangely warm.

But in addition to being warm, there was a chill that came from behind.

At this moment, behind a certain corner, there was a person in brand clothing who was looking at them with a sharp and sinister gaze.

Her face was very.....very pale.....
