

## Quick T 1741

Chapter 1741: Stunned! I am the evil female lead (Part 79)

Everyone was surprised as their eyes fell onto Mo Ze Chen. There were dots of snow that filled the sky and this beautiful boy showed such a look of despair.

He didn't hear anyone calling him and he stumbled as he went forward.

Luo Qing Chen raised her right hand and firmly grasped his hand, using all her strength to pull him to her side.

"Don't move." She softly said beside his ear, but Luo Qing Chen felt that these two words took all the strength in her life.

Holding his broad shoulders, her hands couldn't help trembling.

She was afraid that he would have the impulse to jump down onto the rails.

It was unknown if it was because the hug was too warm or if it was the determination in her voice, but at that moment Mo Ze Chen couldn't resist as he was firmly held by her.

The world seemed to stop as the dark chaos in front of him suddenly filled with light.

"You....." His low trembling voice slowly sounded, just like music from a beautiful cello.

But he didn't say any more as he was waiting.....waiting for a completely impossible answer.

He felt that he shouldn't live in a world that was based around science because the terrifying thoughts were just too unbelievable.....

"I am Luo Qing Chen....." Her voice was even more choked up. She took a deep breath before saying through gritted teeth, "I used to be Luo Qing Chen and then I was Qing Jiu. Now....."

She stopped as she looked up at Mo Ze Chen with a deep look with tears in the corner of her eyes, "I am your silly girl."

Luo Qing Chen didn't know if Mo Ze Chen could understand what she said, but she knew that could tell from his gaze that his heart was definitely chaotic right now.

"I really hoped.....that the ending would be the same as I imagined." Mo Ze Chen's eyes relaxed and he revealed a faint smile. His hands tightly wrapped around her waist while trembling slightly.

"The same, the same, the same!"

She repeated this three times as her heart was filled with emotions.

There was a tacit understanding and he understood what she wanted to say. Even if she didn't say the answer, he understood.....

"What kind of alcohol do you want to drink tonight?" Mo Ze Chen silently rubbed her head. He could finally put it all down, he could finally tell himself.....that he wasn't that kind of person!

The person he liked had always been the same, it had never changed.

Even if.....he was confused, doubtful, and panicked.....

“Let’s eat hot pot.” Luo Qing Chen pursed her lips as she looked at him, “I want it a bit spicy tonight.”

“Alright.”

“I also want to eat crab.”

“Alright.”

“Let’s get another bottle of coke?”

“Alright.”

“Mo Ze Chen.....”

“Un, I’m here.”

“I don’t know how to explain it, but I really worked hard to be by your side.....”

“I know.” Mo Ze Chen’s deep as ink eyes deeply looked at her before placing a kiss on her forehead.

It was as soft as the snow, but it was that deep.

—

She mostly heard about what happened after on the news.

Pei Dan Dan wasn’t dead, she had turned at the last second and the train had only run over her legs.

She was placed in the ICU and still wasn’t out of danger yet.

Luo Qing Chen felt that whether she lived or not, it didn’t matter to her.

After all, even if she lived like this, it would be even more painful.

As for what happened between them at the platform, other than the help from the system, the rest was suppressed by the Mo Family.

Chapter 1742: Stunned! I am the evil female lead (Part 80)

There was a splendid hot pot in front of them, but Ah Yue and Mo Tian looked at each other, not moving their chopsticks at all.

Luo Qing Chen looked at Ah Yue for a long time and gave her a cup of iced coke before saying, “Ah Yue, do you still remember the first thing you said when you saw Qing Jiu?”

As soon as her voice fell, Ah Yue’s eyes filled with tears that fell down without stopping one after another.

Luo Qing Chen reached out a hand to pat her head as normal, but she never thought that she would resist and cry, “Are you really big sister Qing Jiu?”

Seeing this girl who was only around ten years old crying like this, Luo Qing Chen's heart couldn't help sinking.

She felt pained for this little girl, while also feeling more pained for Mo Ze Chen.

How strong of a heart did he have to watch everything happen and still accept it?

"Un, I am."

"But I saw her....."

"Ah Yue." Luo Qing Chen's tone was very calm as she looked at her, "You should accept the supernatural more than other people, you've grown up."

Although she had experienced many terrifying things, it wasn't good to say this to a child.

But she couldn't forever be by her side, so she had to grow up faster than normal people.

"I don't have any relatives left." Ah Yue looked at her, "Big sister Qing, I'm very afraid....."

She slowly reached her hand out and tightly held her right hand. She gently wiped away her tears as she accepted everything.

—

Three days later, Pei Dan Dan woke up in the hospital. It was said that she took a scalpel and hurt many innocent people before being put in a mental ward, a mental patient without any legs.

But Luo Qing Chen didn't feel pity for her and other than hatred, she felt indifferent towards this person.

But she hoped that in the future, she would never meet this kind of woman again.

It had to be said, the night of the incident, when Luo Qing Chen returned to the Luo Family with her original identity, it felt a bit strange.

Other than the familiar servants and housekeeper, there were her parents and Mo Ze Chen's parents.

The only difference was that the person standing beside her was Mo Ze Chen.

Mo Jing immediately came forward and looked at her with a pained look, "Xiao Qing, don't be afraid, I will definitely teach this rebellious son a lesson for you! You are the only daughter in law for me, Mo Jing, only you!"

"Brother Mo, brother Mo." Luo Du Gu came forward to help him back and put his right hand on his shoulder as he said with a sigh, "Let the children sit down and talk this out! After all, I just don't understand Ze Chen, it was my fault. I can still say that if the children don't want this, we can't force them to do this kind of thing."

Luo Qing Chen could feel the awkwardness on her father's face. Who didn't know how much business resources he would receive as Mo Jing's in law, but even so, he didn't want to see his daughter suffer.

"That....." Luo Qing Chen slowly said. She wanted to say something, but it all felt a bit wrong.

Mo Ze Chen could understand her feeling and gently patted her head, "You can sit down first."

To be reasonable, being with someone who had an explosive IQ and EQ was a very special feeling.  
It should be that no matter what, if she felt troubled by anything, he could solve it all.  
Very.....Very.....Very warm!

Chapter 1743: Stunned! I am the evil female lead (Part 81)

Mo Jing was surprised as his expression changed, being filled with doubt and confusion.

Why did he suddenly feel that the way his son looked at Luo Qing Chen suddenly became gentle again.  
Could it be because of the matter at the train station, he had changed his thoughts?

How could that be possible! He heard that Luo Qing Chen didn't do a thing and it was a stranger who had saved this little girl.

Then....what was it?

The Luo couple looked at each other with confused looks as well.

A minute later, the five of them sat down. The housekeeper made some tea before tacitly retreating.

After a bit of silence, the first to speak was Mo Jing.

"The wedding must take place, the sooner the better." Mo Jing looked at Mo Ze Chen with a serious look, "You can say what you want to say now. Xiao Qing is the bride that you chose, you can't go against.....go against your conscience!"

After saying this, the two Luo Family elders were silent. They silently agreed with what Mo Jing said and felt that their daughter had been wronged!

"You're right!" Mo Ze Chen raised his right hand and put it on the back of her hand, "I've wronged her."

Luo Qing Chen couldn't help revealing a faint smile, this kind of feeling was really good.

When the two Luo Family elders heard this, they looked at him with looks of disbelief. Luo Du Gu cleared his throat before looking at Mo Ze Chen, "You mean that you are planning to be with our Xiao Qing? To show your sincerity?"

Although Mo Ze Chen was sitting, he gave a deep bow, "Many things happened before. Although I don't know how to explain it, please believe me when I say that I've only ever loved Xiao Qing and no one else, I have always been sincere."

"You....." Luo Du Gu wanted to say something, but he found that he couldn't say it.

He felt that everything had happened a bit too fast and he couldn't react to it!

Of course, Mo Jing also couldn't accept this! He pushed up his gold rimmed glasses and said, "The wedding should be held as soon as possible, you don't have a problem with this, right?"

"Tomorrow, the day after, the day after, the day after.....I have time!"

“Si!” The Luo couple had a look of shock and still couldn’t react to this.

Mo Jing suppressed his shock and asked, “Whatever Xiao Qing needs, you have to work with her. There’s no problem, right.”

“There is no need.” Mo Ze Chen looked into her clear eyes with a pampering gaze, “If she needs anything, I will help her with it.”

She had seen him show love in front of classmates, in front of friends, in front of brothers.....

This was Luo Qing Chen seeing love being shown in front of parents.

Moreover, their parents couldn’t help being stunned by this. Luo Qing Chen who was on the side couldn’t help laughing.....

This atmosphere was a bit strange!

But it was a bit sweet as well.

Their wedding was scheduled for the seventh of next month. Mo Ze Chen customized her wedding dress, the rings, the balloons, and the flowers, as well as ordering a special pair of crystal shoes.

These crystal shoes had rhinestones on them that made them unbelievably beautiful.

On a boring afternoon, Luo Qing Chen leaned back on the sofa to relax in the sun. She casually picked up a newspaper beside her and what caught her eye was the striking headline.

[After stabbing three people at a mental institution, the patient was shot dead by the police.]

There was a blurry picture with it. It was a person without legs in a pool of blood and eyes that were filled with hatred.

In the end, Pei Dan Dan had reached this point. Such an ending couldn’t help making people feel awkward, but.....pitiful people also had hatred.

Good and bad, those were always the same concept.

Chapter 1744: Stunned! I am the evil female lead (Part 82)

“What are you looking at? That you’re this wrapped up in it.” Mo Ze Chen handed her a cup of strawberry flavoured milk and a piece of strawberry shortcake, but he took the newspaper from her hand.

When he saw the headline, he couldn’t help knitting his brows. Three seconds later, he sat by her and took her in his embrace as he looked at her, “It’s all over.”

“Do you know who she is?” Luo Qing Chen pursed her lips as she looked at him and asked, “How do you know that.....I am not me, is it really based on feelings?”

Until now, when she regained her identity and Mo Ze Chen tightly held her in his embrace, she didn’t dare believe that Mo Ze Chen recognized her based on the story settings.

“Our silly girl, that is two questions.” Mo Ze Chen put a piece of chocolate into her mouth, “I don’t know who she is, but I know that she is not you.”

“Then.....Baji, baji.....” Luo Qing Chen bit into the chocolate and said in a thoughtful voice, “Then.....the second question!”

“It really is based on feeling.” Mo Ze Chen helplessly shook his head with a bitter smile, “That kind of basing it on feelings, it makes me think that I’m a man who changes his mind easily.”

Luo Qing Chen heard this and suddenly thought of Mo Ze Chen’s question for her, he must have been conflicted back then.

“Facts proved that not only are you a man who changes his mind easily, you are a very infatuated person.” Luo Qing Chen softly held his arm, “It’s hard on you.”

“Ke, ke.” Mo Ze Chen cleared his throat, “Since you asked me two questions, then I’ll ask you two questions.”

“What is it?”

“The first question, actually when you swapped souls, why didn’t you tell me? Actually, if you told me, I would have believed.” His eyes were very serious. Although this kind of thing seemed ridiculous, if it was Luo Qing Chen who said this, he would have believed.

After all, he was a person who used the method of exclusion to speculate on things. He could probably guess why Luo Qing Chen didn’t say anything.

It should be because she had a long lasting problem that she couldn’t talk about.

Actually this question was mainly to pave the way for the second question!

“This.....” Luo Qing Chen thought about it before giving a shrug, “This is very complicated! Haven’t you read novels before, this kind of thing is science fiction!”

“No.” Mo Ze Chen decisively shook his head.

“Aiyo, it’s a bit difficult to explain!” She muttered before drinking two sips of the strawberry milk, “Didn’t you have two questions? Just change it to the next one! This question isn’t easy to answer!”

Mo Ze Chen acted a bit disappointed as he looked at her, “You really can’t answer?”

“Why don’t you read the novel by Origami Glazed Glass, she’ll give you your answer!”

“I won’t.” Mo Ze Chen firmly shook his head, “I want to ask my second question!”

“Ask, ask, this time I’ll tell you whatever I know!” Luo Qing Chen put down the cup and looked at him seriously with her clear eyes.

Mo Ze Chen’s eyes that were pretending to be disappointed became gentle and his lips revealed a smile that was hard to hide, “Do you love me?”

“Ah?” Luo Qing Chen was surprised as her focused eyes filled with a bit of surprise!

“Could it be that the second question is also hard to answer?”

Luo Qing Chen finally reacted and realized that she had been trapped by classmate Mo!

The path to this was all a big play! It seemed like having high IQ and EQ was basically being black bellied!

### **Chapter 1745: Stunned! I am the evil female lead (End)**

“Eh.....” Luo Qing Chen drew out her voice before giving him a nod, “Un!”

“What does that mean?” Mo Ze Chen gently pinched her face and said, “Are you certain that you don’t want to answer properly?”

“Un means un! It means what it means! Un, un, un.....Wu!”

Before she could finish, Mo Ze Chen couldn’t help kissing her. He tasted the faint taste of the strawberry milk.

This was their first kiss in a sense, but it wasn’t just like before where it was just a soft peck.

This was Luo Qing Chen feeling this gentle man giving such a dominating kiss.

Suddenly she regretted that she didn’t answer properly a bit!

It seems like some things can’t be fooled! Because.....they couldn’t get past this level.

Without knowing how long passed, she just felt like she was running out of air. Only then did Mo Ze Chen slowly let her go and softly patted her back as he said with a helpless smile, “Your body really isn’t good, you should read less novels and go exercise a bit!”

“I won’t!” Luo Qing Chen puffed her lips, “You’ll still look down on me!”

Seeing her cute appearance, Mo Ze Chen couldn’t help softly touching her moist lips and saying with a faint smile, “If you get married like this, you won’t be able to handle what comes after.”

“Ah?” Luo Qing Chen’s eyes opened wide as she looked at Mo Ze Chen.

She never thought that such sultry words would come from his mouth!

“Are you certain you can’t understand?” His lips curled as he looked at her, “If you really can’t understand, I can teach you right now!”

“No!” Luo Qing Chen jumped off the sofa and looked at him with a firm gaze, “I understand! I’ll definitely read less novels and run more!”

“Un.” He revealed a gentle and pampering smile to her, “Good.”

There was a feeling that she had been played, but she didn’t feel angry. Rather, she felt very warm.

—

Ten days later, A City welcomed its biggest wedding in history.

Sitting in the dressing room, she received a long text from Jiang Yi Liang.

It was mainly saying that he couldn't forget. Luo Qing Chen directly deleted his number and blocked him.

She should have blocked Jiang Yi Liang a long time ago, but she didn't even need to think to know that it was Pei Dan Dan who added him again.

She really liked playing people. Perhaps she already had this personality when the previous host was here, but God was on her side, so no one noticed.

Their wedding was grand and magnificent. While standing in front of the priest giving their vows, Mo Ze Chen said—

“Some people say that on the day of the wedding, the bride will be a princess for a day. When you're pregnant, you'll be the empress for ten months. Then all the following days will be normal. But I want to say that you will always be my princess.”

“Pa, pa, pa, pa, pa, pa, pa, pa.” Applause came from the audience.

Luo Qing Chen looked into his eyes and listening to his words, she couldn't stop a faint mist from appearing in her eyes. Her lips curled slightly to reveal a smile that was hard to hide.

Mo Ze Chen slowly took off the white veil and softly placed a kiss on her forehead.

She closed her eyes and revealed a faint smile as her heart filled with emotions. A person who had experienced parting knew how wonderful it was to meet again.

To her, it was probably best to marry for love.

Chapter 1746: Side story: The Luo Mo couple's daily routine before the exam

To meet is providence and to have is a blessing.

With the blessing of the rich circle, Luo Qing Chen and Mo Ze Chen held their wedding.

They wanted to go to Europe for a honeymoon, but the final exams were still coming.

Luo Qing Chen only then realized that she was still a student!

Since she didn't review her homework, other than for math, she was basically praying for every other subject.

At this point in time, naturally she asked her husband for help. Although they had just turned eighteen, they moved into a new house that was theirs on the orders of their parents.

The night before the exam, Luo Qing Chen walked into Mo Ze Chen's study with a chemistry textbook.

He was reading a science fiction novel with a brightly coloured cover, which was completely unlike the normal kind of books he read.

“That, dear.....”

Mo Ze Chen who was reading the book couldn't help revealing a faint smile as he put down his book, "What is it? Come over."

He gently beckoned with his hand and pulled her into his embrace.

"Isn't the exam tomorrow?" Luo Qing Chen said awkwardly, trying hard to 'communicate with the mind'.

Mo Ze Chen pushed the stray strands of hair behind her ear as he said, "Un, so why aren't you sleeping yet?"

.....

"My meaning is that the exam is coming!" Luo Qing Chen pursed her lips and seriously looked at him.

Mo Ze Chen looked like he realized something and gave a long 'oh' sound, "My silly girl has to work hard!"

.....

"Mo Ze Chen!" She jumped out of his embrace with an angry look before staring at him. "I used to think that your IQ and EQ was high, but now I think that you're nothing more than a blockhead!"

He couldn't even understand what she meant!

"I have a feeling if you say this." He put the novel in his hand down beside him, "I should read less of this kind of novel, it will reduce my IQ and EQ!"

"You, you, you....." Luo Qing Chen bit her lip and slapped her hand on the sofa, "Have you reviewed your homework?"

"I never review, it's not like I'll get less than full marks." Mo Ze Chen looked into her wide eyes and couldn't help revealing a pampering smile, "Silly girl, you already know this."

.....

She was so angry that she wanted to explode!

Was high IQ and EQ that great!

But she could only blame herself, she had to ask if he had 'reviewed his homework'.

"Rest early! If it isn't full marks, I'll laugh at you!" Luo Qing Chen stood up with an unhappy look, but she was pulled back into his embrace.

Mo Ze Chen took out a stack of test papers from the bookshelf behind him before turning back to her, "If you memorize the answers here, you should get at least 90%."

Luo Qing Chen's expression changed from angry to shocked.

It had to be said, people with high IQ were able to tell what she needed right away.

She suddenly remembered that he had made a promise in front of her parents, he would prepare everything that she would ever need.

Every day, every minute, every second. Staying by the side of this kind of man would always be filled with a sense of safety.

“Thank you, teacher Mo!” Luo Qing Chen took the test papers from Mo Ze Chen’s hand and placed a kiss on his cheek, “If I get excellent grades, I’ll treat you to a meal!”

Mo Ze Chen revealed an evil smile as he looked at her, “Other than a meal, can you add something else?”

Luo Qing Chen’s face turned red when she heard this and she shook her head, “No!”

Wanting to play tricks on her again, definitely not this time!

“Ze, ze, ze.” Mo Ze Chen revealed a faint smile, “What is classmate Luo thinking about? I was talking about a movie!”

#### Chapter 1747: Side story: The Luo Mo couple in university (Part 1)

Time passed and the years were peaceful.

Without knowing it, they had been married for two years! From the second year of high school to the first year of university. From Star Royal High School to Clear Dream University, they lived a happy and sweet life.

But Luo Qing Chen felt a lot of pressure after enrolling in university.

After all, the universities in A City weren’t private schools, you could get in as long as you had good grades. There weren’t that many people they were familiar with at university and Mo Ze Chen was the male god that had fans chasing him every day!

On one sunny afternoon, she was wearing a white dress shirt with short sleeves and light blue jeans, while drinking grapefruit and passionfruit juice with a depressed look on her face. Sitting by the window in the library, she saw Mo Ze Chen being surrounded by fans.

This was their third day since enrolling. Mo Ze Chen changed out of the high school uniform and wore casual clothes, becoming the male god of everyone’s eyes.

Even if Ling Luo always told those girls that he already had a master!

There was nothing that stopped Mo Ze Chen’s radiance and he became the only school hunk!

“Ke, ke.” Ling Luo sitting in front of her cleared her throat and looked at her as she said, “Do you want me to explain things to them for you?”

Luo Qing Chen played with her ice cubes before angrily saying, “No! I’m going myself!”

“Ai, the master is going out!” Ling Luo looked at her with a smile, like she was preparing to watch a good play.

Luo Qing Chen put her hands in the pocket of her jeans and walked over in Mo Ze Chen’s direction.

He tactfully refused getting his picture taken, but that didn't stop the passion of these 'classmates'. There were even 'school flowers' that led their group of sisters to bravely give him their love letters to confess!

"That. school hunk Mo....." A girl in a water blue dress shyly lowered her head and hesitantly said, "I don't know if you have a girlfriend, so you don't have to be in a rush to respond! If you don't have a girlfriend, can I be the first in line....."

As soon as her voice fell, she looked up at Mo Ze Chen with big sparkling eyes.

"I'm sorry, I....."

"Ke, ke." Luo Qing Chen who was standing not far away cleared her throat before looking at her and saying, "Of course school hunk Mo doesn't have a girlfriend."

That girl's expression changed when she saw Luo Qing Chen. Of course she knew this person, she had seen them heading to the supermarket together after school and they came to school together this morning.

They should have gone to the same high school before, it was unknown if they were dating.

Since there wasn't a girlfriend, for this kind of handsome man, as the school flower, she definitely had to give it her all.

"Oh." When the school flower heard what Luo Qing Chen said, her lips curled into a smile, "Good, I can say that school hunk Mo is someone with discerning tastes!"

?

System, does she mean that I don't look good?

[Isn't this obvious?]

.....

Mo Ze Chen was looking at her with a pampering look as he gently took her hand, "Why did you come out? It's hot outside."

The school flower was a bit surprised and had an awkward look. This was her first time seeing Mo Ze Chen speaking this gently, it was a pity that it wasn't directed at her.

"If I didn't come out, my heart would burn!" Luo Qing Chen gave a soft snort before turning to look at the school flower and saying in a voice with a bit of pride, "Although school hunk Mo doesn't have a girlfriend, he has a wife!"

She clearly declared her right, seriously telling these girls who were enamoured that the school hunk that you all admire only likes this treasure!

Chapter 1748: Side story: The Luo Mo couple in university (Part 2)

Luo Qing Chen's voice wasn't soft or loud, but everyone could clearly hear it.

Mo Ze Chen looked at her with a gentle look as his right hand came to her waist with an absolute aura.

The girl who was the school flower had a very unnatural look right now, but she couldn't say anything. She could only wink at the little chubby girl beside her.

After being with the school flower for all these years, the little fat girl understood what she meant.

"Ai, are all girls this open now? A girlfriend is fine, but you're still talking about a wife!" The little fat girl rolled her eyes as she revealed a look of disdain.

The school flower saw this and immediately said, "Fatty, you can't say this. People are like this now, they are more open. After all, society is more relaxed now, so you can't just say this about others."

It sounded very delicate when she said this, but Luo Qing Chen couldn't help shouting in her heart: Damn! Little white flower!

These years had gone very smoothly, there wasn't a person in Star Royal who didn't know the relationship between her and Mo Ze Chen.

They were all successors in the circle of the rich, so no one dared to say a thing!

But Clear Dream was different. The university was a small society and there were all kinds of people gathered, many of them not from A City, so it was normal that they didn't know about the most prestigious wedding!

After all, the circles of the commoners and the nobles were different!

But she wasn't happy when she heard these words 'condemning' her! After all, after experiencing all these worlds, she was quite used to stuff like this!

"Open?" Luo Qing Chen gave a shrug as she narrowed her cold eyes to look at the school flower, "Does your dad call your mom his girlfriend?"

As soon as her voice fell, everyone was taken aback. Only Mo Ze Chen understood the meaning in Luo Qing Chen's words.

The little fat girl looked at the school flower and after receiving the 'approving' gaze, she immediately replied, "Is this the same? They are married, what are you?"

"Don't you know if we are or not?" Luo Qing Chen seamlessly followed up, "Oh! It's easy to tell that you're not someone from around here and you don't seem to be rich based on your clothes."

"You.....What do you mean!" The little fat girl was clearly not strong in arguing and her face turned red from being counterattacked. She couldn't articulate properly and could only stutter out, "Now people really are this open, calling people wife and husband even while dating, it really is disgusting."

"I mean it literally, because you aren't a local, you didn't know about the wedding of the Luo and Mo Family in A City two years ago." Luo Qing Chen gave a shrug before saying with a chuckle, "The seventh of next month is our two year wedding anniversary....."

"Wh.....What?" The school flower and the little fat girl looked at each other, both of them with shocked expressions.

“Of course, I won’t invite you.”

As soon as her voice fell, Luo Qing Chen took Mo Ze Chen’s hand and walked back to the library without turning around. From beginning to end, Mo Ze Chen never said a word as he silently watched his wife’s performance with a pampering look in his eyes.

In his eyes, all he needed to do was silently stand by his wife’s side as a guardian, watching her domineering appearance, watching how dazzling she was!

Of course, he enjoyed watching his jealous wife very much.

Un, it was very cute.

Chapter 1749: Side story: Moved with one look, falling with two (Part 1)

For the rest of my life, you are the wind and snow, you are the peace, you are the poor, you are the glory, you are the gentleness in my heart, and all that is in my eyes is also you. ——Mo Ze Chen.

My father was a man who was very dedicated to love, but he never got the person he loved the most.

So he hoped that I would become like that.

I always thought that I would be such a person because before I entered Star Royal Academy, I never liked a person.

I even suspected that I wouldn’t like anyone.

Until I met Luo Qing Chen.

Actually, in the beginning, I didn’t know who she was. I just knew that she was a small streamer who liked playing games and she had been my support at that time.

Her skills weren’t bad, but they weren’t at the peak level. Although she was a friend on the same team, I never noticed her that much.

Until that night when Ling Luo wanted to get to Challenger and she played ADC that entire night.

Skillful maneuvering and explosive damage, first class skills.

It had to be said, even someone like me who had a deep understanding of the ADC role had to bow down to her.

At that moment, I felt my world becoming bright. There was a special feeling in my heart that lingered.

That night, I hacked into her computer and carefully bypassed the firewall she set to take her information.

Luo Du Gu’s daughter from A City’s four great families, Luo Qing Chen.

I planned on returning to China three months later, but I decided to head back early to go to the gathering of the four great families.

Actually, the first time I saw her, I knew that she would be the only person that I would like. Some people had their lives determined with a single look.

Although I seemed to have a rival called Jiang Yi Liang. I heard my father say that the Jiang Family and the Luo Family had an engagement.

I said that this was the person I liked.

I was a bit nervous when I invited her to dance at the mountain villa, after all, I didn't know what position Jiang Yi Liang had in her heart.

But I knew after we finished our dance.

It should be no place at all. Jiang Yi Liang had brought another girl and when I saw that girl, I didn't care about her, but I could feel that she had a desire for status and money in her eyes.

Although she hid it very well, I could still see it because I didn't like those eyes.

But I never would have thought that such a normal person would eventually become the one that came between the love between me and her.....

It went very smoothly when we were together, each date, each meal. I watched her go against Pei Dan Dan with great momentum, she could write the answer without even writing down the process. I was stunned by how she was able to remain calm in front of a thousand people without any arrogance or impulsiveness.

The days by her side, I felt that all my focus had been on her.

Until.....the day of the big fire. Although I was injured, she was completely fine.

I was happy that she wasn't hurt, but when I saw her open her eyes, there was a strange resistance in my heart.

Her eyes had changed. Although she rarely spoke, I could feel that she wasn't the original her and there was a strange feeling that I couldn't understand.

Although I wasn't willing to admit it, there was a voice in my heart that told me that I didn't love her.

A big fire had actually changed my love for her, what a joke that was.

I wasn't willing to go to the hospital and started to avoid the upcoming wedding, starting to leave her.....

Chapter 1750: Side story: Moved with one look, falling with two (Part 2)

During that time, I drowned myself in alcohol. When my father wasn't there, I used alcohol to relieve my sorrows.

The emotions were like wine that came to my mind before going down my throat. Going alone on that winter day, not wanting to stay here any longer.

I began feeling lost, began panicking, began escaping, began not knowing what I wanted.....

Until I saw a girl in black clothing open the door to our villa with the password to the door.

At that moment, I felt my heart wildly beating and it was like waves filled them, never stopping.

She turned around with an unfamiliar face, with skin that was as white as snow and eyes that were as clear as mountain springs.

My first reaction was, my love might have been transferred.....

Although my heart kept resisting it, my body was very honest. I wanted to get close to her, I wanted to keep getting closer to her.

Even if I wanted to approach, it was hard to bear in the eyes of the people of this world.

I could see a bit of panic in her eyes and there was the familiar way her expression changed.

I suddenly wanted to invite her to a glass of wine.

That night, the snow was very heavy and we drank a lot, but no one was drunk.

There was a lot of confusion in my heart, but she said: I will give you an answer.

I knew that some people were destined to be moved with one gaze and would fall with two.

After that day, I couldn't sleep every night. I wanted the next day to come so I could drink with her.

She said that she was called Qing Jiu, but I felt that this name didn't suit her, so I liked calling her silly girl more.

This feeling, there was always a sort of resistance in my heart. But when I came close to her, there was a very special feeling.

That feeling was the same as when I saw Luo Qing Chen at the mountain villa.

I began falling into the terrifying darkness and slowly sank.

Until that night when she was surrounded in snow as she came to me step by step before kissing me.

She asked me: Should she apologize or confess?

I even started to suspect that she was the Luo Qing Chen that I deeply loved. I didn't know what the reason was, but her soul had gone into another body.

This was my first reaction, how unbelievable it was.

But even though I had this thought, I couldn't accept her confession. After all, confessing was what the man should do, how could I let her do it?

I had to deal with the engagement matter before I could officially confess.

But I never thought that something happened first.

She was like a witch who could predict the future, seeing that something would happen to Ah Yue. When we rushed to the platform, Ah Yue had already been taken hostage by 'Luo Qing Chen' and the sounds of the train's whistle rang in our ears.

'Luo Qing Chen' had pushed Ah Yue off the platform and when I wanted to rush over, the surrounding sounds all faded away.

I couldn't move, but I could vaguely hear her voice.

She kissed my face and my lips. She wanted to say goodbye, but she was reluctant.

But I was frozen in place, as if I was thrown into chaos and unable to do a thing.

Until the world became noisy again. She had charged onto the track and pushed Ah Yue before being crushed by the train.

My brain just buzzed at that moment. There was no thought in my mind at all.

There was only darkness in front of me, there was only despair left in this world.....

I rushed to the train, desperately running, desperately running.....

I wanted it to stop, I wanted to use my life for her life.

A great scientist once said: When something can travel at a speed greater than the speed of light, they can pass through space and time.

I wanted to go back, I wanted to save her.....
