Chapter 1851: Killer wife of King Nan Chao (Part 32)

Nan Yi Sheng looked at her for a while before finally revealing a smile.

He raised his right hand and touched her head in a daze, "It makes sense."

The snow was flying outside the window while they looked at each other with smiles. It was as if the rings of time had frozen at this moment, what a beautiful thing it was.

Whether it was him, her, or it, everything in the world had to progress forward and no one could escape fate.

The day of the wedding, she was wearing a phoenix dress with a red satin gown that had hundreds of golden embroidered lines. Her hair had a thousand year old lucky hairpin in it. She was admired by all who came.

Nan Yi Sheng stood by her side, tightly holding her hand the entire time.

When the sounds of gongs and drums rang out, it was as if the entire world was blessing her.

In this way, she became the only rightful consort of Nan Yi Sheng.....

No, it should be his wife.

One bow to the heavens, two bows to the parents, and husband and wife bow to each other!

He held her hand as he thought in his heart: Qing Chen, no matter what happens in the future, please believe in me.

On the night of the wedding, the red candles flickered. Sharing happiness, the purple and red meet, looking into the heavens at the prosperous sky.

Just like this, she became his wife, his rightful wife!

She thought that these days would last some time, but she never thought that it would change so quickly.

The seventh day after the wedding, Nan Yi Sheng quickly came into the Starlight Hall and fixed his clothes.

Luo Qing Chen came out from the inner hall and looked at him with a confused look, "What is it?"

"Pack up the things, we're heading to the Mu Country this afternoon." Nan Yi Sheng looked at her and said, "Royal father is suffering from a strange illness and this should be related to the new consort that just came from the Mu Country a few days ago."

"You're talking about Liang Ji?" Luo Qing Chen knitted her brows. She still had some impression of this person.

When King Nan Chao took her as a concubine, Luo Qing Chen paid attention to her. At that time, she was already Nan Yi Sheng's princess.

Liang Ji had stunned all with her dance and entered King Nan Chao's eyes.

But Luo Qing Chen knew that she was looking in her direction during this time.

"Yes." Nan Yi Sheng had a very serious expression, but he was still patient as he spoke to her. He said in a soft voice, "You should have seen it, it was at the feast."

"I remember." Luo Qing Chen nodded, "Where is she now? Have you interrogated her?"

"She's already locked up." Nan Yi Sheng knitted his brows, "She wouldn't admit it no matter how she was questioned."

Luo Qing Chen revealed a bit of worry in her eyes, "How about I go and ask her?"

"Don't." Nan Yi Sheng immediately replied. He narrowed his deep eyes and said, "The dungeons are not a place you should go."

She looked up at him with a pair of clear eyes and revealed a smile, "Alright."

Although she agreed on the surface, she took advantage of the time he went to the Golden Hall to go to the dungeon.

"Crown princess." The guards at the door were Nan Yi Sheng's guards and they were naturally respectful after they saw her.

"Un." Luo Qing Chen gave a slight nod before saying with a serious look, "His highness wants me to ask Ji Liang a few questions, then we'll go to the Mu Country to find the antidote."

The guards in front of her looked at each other before stepping aside, "Crown princess, please."

Luo Qing Chen walked right in and after two steps, she raised her right hand, "There's no need to follow me. His highness has a few questions that he wants me to ask her alone."

"Yes, crown princess."

Chapter 1852: Killer wife of King Nan Chao (Part 33)

Liang Ji was locked in the deepest dungeon, without metal walls surrounding her, a cell that didn't even have a single window.

Liang Ji was in a white prison uniform with her hair down as she leaned against the wall. Seeing someone enter, she slowly opened her eyes.

Luo Qing Chen could clearly tell that when she saw her, there was a faint sparkle in her eyes.

"Does the crown princess have a reason for coming here?" Liang Ji knew that the woman in front of her was the last straw in keeping her life, but her long years in killing also let her know that she couldn't reveal the deepest emotions in her heart at this moment.

Otherwise she might lose the rest of her life if the other side saw through her.

Luo Qing Chen gave a shrug. With a pair of clear eyes that seemed to see through her mind, her lips curled into a faint smile, "I'm very clear what kind of person you are and what you are thinking."

"You....." Liang Ji was speechless and there was a bit of panic that appeared in her eyes.

"After all, with your current identity, you should call me.....senior." Luo Qing Chen looked at the mark on her shoulder, this was the mark that every one of Mu Han Che's secret guards had.

Except for her.....

The previous host was afraid of pain and her tears kept falling before the needle even approached.

Mu Han Che in the end knitted his brows and waved his hand, "Forget it."

The memories of that time were more clear and she could understand why the previous host.....like Mu Han Che like that.

It should be that man didn't show any love towards her and because he was indifferent.

He could sacrifice everything when he was indifferent, including the secret guard that lived and died for him, including her.....

"Since you know who I am, you should know who you are!" Liang Ji bit her lip as she looked at her, "What did you come here for?"

"Who I am?" Luo Qing Chen's lips curled as she narrowed her eyes, "I am the Nan Chao Country's crown princess, I came here to marry Nan Yi Sheng."

"What did you say? You've actually betrayed his highness Mu." Liang Ji had a look of disbelief. Song Le had told her before she became Mu Han Che's secret guard that the best of Mu Han Che's secret guard was Xiao Chen.

For him, no matter how dangerous it was, no matter how injured she was, Xiao Chen never took a step back.

How could those deep feelings just change so easily?

"I betrayed him?" Luo Qing Chen narrowed her cold eyes and revealed a cold smile, "From the day Chi Mo died, I was no longer his secret guard."

There was a silence that lasted a long time.

Liang Ji didn't reply, she just closed her eyes and gave a sigh.

Luo Qing Chen looked right at her, "I'll ask you two questions. If you honestly answer them, perhaps I can help you leave this place."

"Really?"

"Of course." Luo Qing Chen had a faint sparkle in her eyes as she said, "The first is, did you poison King Nan Chao? If you did, where is the antidote?"

"It wasn't me." She knitted her brows and said, "I came here to find you, not to hurt King Nan Chao."

“Find me?” Luo Qing Chen looked at her with a bit of confusion, “But I’ve never received any request to meet you.”

After all, Liang Ji hadn’t been in the palace for a day or two, it wasn’t hard for her to see her.

“Ha, ha, ha.” Liang Ji gave a helpless laugh, “His highness has protected you too well.”

Chapter 1853: Killer wife of King Nan Chao (Part 34)

There was a look of doubt that flashed in Luo Qing Chen’s eyes when she heard this.

“You mean that you came to find me, but his highness stopped you?”

“Yes.” Liang Ji gave a chuckle as she crossed her arms at her chest, “I envy you very much since you don’t have to bitterly love someone to get that person to love you.”

Liang Ji’s eyes were filled with sadness. There was a story that no one knew in those eyes.

At this moment, Luo Qing Chen didn’t doubt her words since she didn’t gain anything from lying to her.

“The second question.....” She looked down with a bit of worry in her eyes as she asked, “Is Song Le still alright?”

“You still care about her!” Liang Ji gave a soft snort before saying with a faint smile, “I thought that you already forgot her?”

“It seems like you don’t want to leave.”

“Don’t, don’t, don’t.” Liang Ji narrowed her eyes, “Song Le is very good. His highness didn’t let her participate in any tasks after you left and feeds her well, but Song Le told me to tell you something, I just don’t know if the current you wants to hear it.”

“What is it?”

“She said that since you left, don’t come back.” Liang Ji paused before saying, “Never come back.”

Although she heard these words from Liang Ji, Luo Qing Chen felt her heart tremble.

Song Le, Song Le, Song Le.....

She was the supporting female actor that she cared about the most after all this time.

No, she couldn’t be considered a supporting female actor.

She had always been a protector to her. Protecting Chi Mo, protecting her.....

But even with how hard she tried, Chi Mo still died in the end.

“I’ve asked everything I wanted to ask.” Luo Qing Chen said, “I will have someone take you away in the evening, you just follow her. As for whether you want to go back to the Mu Country or go to another place, that is your decision.”

She was sincere when she said this to Liang Ji.

Because she knew how painful it was to be a secret guard and what kind of sad ending it would bring.

“Wait, I have a question to ask you.....”

When Luo Qing Chen turned to leave, Liang Ji called out to her.

“Un humph?” She narrowed her eyes and said, “Speak.”

“King Nan Chao, is King Nan Chao alright?” Her eyes trembled, clearly trying to hide her emotions.

But Luo Qing Chen could easily tell what kind of emotion was on her face.

She.....was actually worried about King Nan Chao?”

“It’s not good.” Luo Qing Chen honestly told her as she narrowed her eyes, “His highness and I are going to the Mu Country to find an antidote. If his highness isn’t wrong, King Nan Chao should have been poisoned with the Soul Scattering Poison.”

“What?” Liang Ji’s eyes opened wide as her face turned pale.

The Soul Scattering Poison was a secret poison of the Mu Country. The person inflicted would fall asleep and their soul and body would separate.

If the person who was poisoned didn’t receive the antidote in fifteen days, they would never return.

“It seems like you really care about King Nan Chao.” Luo Qing Chen took a deep breath, “Relax, his highness and I will definitely think of a way to get the antidote. You just take care of yourself, you don’t need to worry about anything else.....”

“But.....”

“Liang Ji.” Luo Qing Chen cut her off as her eyes filled with a bit of a chill, “Don’t forget your position, unless you want to see your friend die in front of your eyes.”

As soon as her voice fell, she turned with a flick of her sleeve and left.

Standing outside the door, she watched the blue sky and the snowflakes slowly falling down.

The Mu Country.....she was finally going back!

Chapter 1854: Killer wife of King Nan Chao (Part 35)

Even if they were in a hurry, Nan Yi Sheng brought everything that she needed.

After all, the Mu Country was colder than the Nan Chao Country, so it was safer to bring more clothes.

“A round trip takes an entire seven days.....” Luo Qing Chen slightly knitted her brows, “Actually, we don’t need to bring that much.”

She thought of how it took the previous host half a month to come from the Mu Country to the Nan Chao Country while stopping along the way. Now that they were trying to save someone, naturally they would be travelling through the night.

But Nan Yi Sheng wasn't moving as fast as she had thought and he brought many gifts, so it was even slower.

"Don't be in a rush." He looked out the window and narrowed his eyes, "Aunt Luo Xin has temporarily suppressed the poison in royal father's body with a secret technique of the witch race, so there's no need to be too worried."

Luo Qing Chen looked into his eyes that were as deep as ink and couldn't help feeling distressed.

When this kind of life and death event really happened in front of you, it would be hard for any person to accept.

Luo Qing Chen didn't know what to say, she just felt that she should be with him.

"You don't need to comfort me." Luo Qing Chen pursed her lips. She raised her right hand and did the same thing as he had done before, gently patting his head as she said, "It's fine."

His right hand suddenly came up to take her wrist and then he held her hand with his warm hand, "It's good that you're here."

Nan Yi Sheng wasn't in a rush this time, everything he did gave priority to her condition.

But because of Luo Qing Chen's stubbornness, they only used five days to reach the Mu Country.

Standing on the long street and seeing the white ground in front of her, her eyes couldn't help turning red.

This was a feeling that came from the heart, mixed with the thoughts and memories of the previous host, spreading through her heart bit by bit.

"It's a good thing that I brought many warming things so it won't be too cold in the inn." Nan Yi Sheng opened an umbrella. When he saw her red eyes, he was surprised as he asked in a worried voice, "What is it?"

Luo Qing Chen shook her head when she heard this, "The snow probably fell into my eyes."

As soon as her voice fell, she looked up with a smile that was like a warm breeze, "We'll try to find the antidote now, do you have any leads?"

"I think the solution is already looking for us." Nan Yi Sheng's deep eyes looked not far away as several people in the uniform of the royal guards came over.

They respectfully cupped their hands to Nan Yi Sheng and said, "King Mu is aware that your highness has come to the Mu Country, so he has ordered us to come and welcome you."

As soon as his voice fell, he couldn't help looking at Luo Qing Chen. Luo Qing Chen didn't look away and met his gaze.

"King Mu?" Luo Qing Chen slightly knitted her brows, looking a bit confused.

“The old King Mu suddenly died the day before yesterday and the Mu Country is now being led by his highness Mu. The coronation ceremony was just performed yesterday.” The guard looked up with a bit of profound emotions in his eyes.

Luo Qing Chen narrowed her eyes. Even if her expression was calm, her heart was shocked.

This meant that Mu Han Che was already the Mu Country’s king.

No wonder.....It was no wonder their identities were revealed as soon as they arrived in Mu City.

The old King Mu would never do this, but Mu Han Che was different. He was a man with a meticulous mind.

He wanted the throne for so many years and had hidden all those forces, finally getting everything he wanted.

Suddenly, she felt a bit sorry for the previous host.

Doing all those foolish things for him and not having the right to stand by his side.

No, it should be that she didn’t even have the right to fly away.....

Chapter 1855: Killer wife of King Nan Chao (Part 36)

Nan Yi Sheng moved very quickly to put her behind him as a dark glow appeared in his bottomless eyes.

He narrowed his eyes and calmly said, “Please lead the way.”

“Your highness Nan, this way please.” The guard was very respectful to him, treating them like guests.

Luo Qing Chen was a bit worried. If Mu Han Che had just sent someone to kill them, she wouldn’t be this worried.

But now that they were being treated like guests, she didn’t know what he wanted to do.

The road to the royal palace was covered in white snow, but Nan Yi Sheng tightly held her hand the entire time.

Luo Qing Chen felt a peace of mind seeing this back. As long as Nan Yi Sheng was here, she wasn’t afraid of anything.

Even.....if she only had 50% affection and it had stagnated.

On the way, Nan Yi Sheng didn’t say anything as he silently walked along. Only when they were at the side hall, the guard cupped his hand and said, “I ask your highness to wait here, King Mu will come right over as soon as court ends.”

“Un.” Nan Yi Sheng nodded. With a sparkle in his eyes, he turned to look at Luo Qing Chen and saw that her expression didn’t change.

“Are you still used to it?”

“What?”

Just those short words, she didn't understand what Nan Yi Sheng meant, but she could tell that there was an endless and deep emotion that was in those bottomless eyes.

“Nothing, it's just that the Mu Country is very cold and I'm afraid you aren't used to it.” He touched her ice cold smiling face, “Come over.”

Luo Qing Chen blinked in a daze before walking to his side.

There were snacks and tea on the table. The snacks were the previous host's favourite osmanthus cake and cherry blossom cakes and the tea was the previous host's favourite tea.

There was a faint fragrance in the air as the entire room began warming up.

Nan Yi Sheng sat down and took a cup from the table, preparing to make some tea for her.

“Wait, don't move.” Luo Qing Chen bit her lip and said, “This is a foreign country, it's better not to touch those things.”

As soon as her voice fell, she didn't forget to pull Nan Yi Sheng closer to her, “We are trapped right now and Dong'er and the others are placed in an inn outside the palace. As for how to get the antidote, do you have a plan?”

Nan Yi Sheng heard this and his deep eyes looked at her, not looking away at all.

After a while, he said, “I have an idea of how to get the antidote, you don't need to worry.”

“But....”

“You're this afraid that King Mu will poison me and you?” Nan Yi Sheng narrowed his eyes as a faint sparkle appeared in them. It was like he was waiting for an answer, an answer that he wanted to know.

Luo Qing Chen tapped the table with her right hand out of habit, “Mu Han Che is much greater than we think.”

“You understand him?” Nan Yi Sheng softly said as a bit of expectation appeared in his eyes.

Perhaps he was still reluctant after all.....reluctant of the person sitting beside him, but he still brought her back.

“Can't be considered understanding, but this person is very indifferent, he will use all methods to get what he wants. Now that he has invited you and me here, it definitely must be for something that can't be said.” Luo Qing Chen knitted her brows as she turned to look at him, “How about we just run away! It's best if we think of a way to get the antidote.”

Nan Yi Sheng narrowed his eyes without saying a thing as a conflicted look appeared in his eyes.

There were two voices clashing in his heart, one to make her leave and one to make her stay.

After all, he knew that she belonged here, she was Mu Han Che's secret guard, she was.....

Chapter 1856: Killer wife of King Nan Chao (Part 37)

“King Mu has arrived!”

Before Nan Yi Sheng could reply, there was a voice that came from outside.

Mu Han Che walked in right after. He was wearing a black robe with a cold glow in his eyes, releasing a chill that kept people a thousand miles away.

The moment he entered, his eyes had been on Luo Qing Chen the entire time, never leaving.

“The crown prince of the Nan Chao Country has come far, this one really has been rude.” Mu Han Che revealed a faint smile and said, “Please sit, please sit.”

This was Luo Qing Chen and even the previous host’s first time seeing Mu Han Che smiling. It was like a snow lotus that bloomed on an ice mountain, which really made one’s heart tremble.

The only person he had shown this to should be the current Mu Country’s queen!

Nan Yi Sheng gave a slight nod, “It should be us who is troubling King Mu.”

He looked at Luo Qing Chen and seeing her clear as water eyes focused on Mu Han Che, he couldn’t help feeling a bit of discomfort in his heart.

In the end, she still loved him.

From the past to now, from now to the future.

“How could that be? The crown prince and the crown princess coming to the Mu Country is our Mu Country’s honour, I’ve prepared these desserts in advance.” He looked at the table with a chill in his eyes, “Why haven’t you had a taste, does it not suit your highness’ tastes?”

Before Nan Yi Sheng spoke, Mu Han Che’s expression changed as he said to the eunuch behind him, “Someone, have the imperial chef who prepared the desserts torn limb from limb by horses and then throw it into the mass graves.”

“Yes, King Mu.” The eunuch was surprised, but he still immediately responded with beads of sweat falling from his forehead.

“King Mu, there’s no need to be this angry.” Luo Qing Chen slightly knitted her brows, but she had a smile on her face as she poured a cup of tea and drank it all, “I think that it’s quite good.”

He looked at her like it was his first time seeing her, as his eyes became deep and blurry at the same time.

But now they had their masters. He was the king of the Mu Country and she was the princess of the Nan Chao Country’s crown prince.

“It’s good if the crown princess thinks it’s good.” Mu Han che narrowed his cold eyes as his face recovered from the chill from before, with the same curved lips that he had from the beginning.

But Luo Qing Chen knew that this smile represented his endless indifference.....

“Then many thanks, King Mu.” She could see that his eyes weren’t as expectant as before, but rather it was now indifferent.

Mu Han Che just quietly looked at Luo Qing Chen for a few seconds, like bottomless pools of ice.

He could feel his own heart skipping a beat which really hurt him.

It was as if something that was marked by him, something that belonged to him forever suddenly no longer belonged to him.

There was another man by her side, a man who could never fall in love with her.

But this man had actually brought her to the Mu Country, not letting her stay forever in the Nan Chao Country.

He didn’t know what he was thinking, he just knew that he could see a bit of greed in Nan Yi Sheng’s eyes.

Once a person had greed, they would be caught up in the secular world and would fall into a bottomless abyss.

Therefore, he didn’t let himself have this greed. No friends, no family, and.....no lovers.

“Xiao Li Zi, take care of our guests over the next few days. If there is anything wrong, come see me with your head raised.” He looked at the eunuch behind him with a smile, “Your highness can stay here for a few days, there will be nothing restricted to you. Or if you want to leave, just come and tell me.”

“Many thanks for King Mu’s care.”

Chapter 1857: Killer wife of King Nan Chao (Part 38)

This was Nan Yi Sheng and Mu Han Che’s first meeting. They were respectful on the surface, but they all had their own thoughts deep down.

Walking out of the side hall, Mu Han Che stood in the heavy snow with his heart beating fast.

After not seeing for so long, she had grown up. When he looked at her, she didn’t panic, but faced him right on.

There was another man by her side holding her hand, taking control of her.

Without knowing why, this was the first time he felt like he had fallen in an abyss.

There was a strong pain in his heart which made him know for the first time what kind of position this girl had in his heart.

Or perhaps it could be said that his entire life and his entire soul trembled.

“King Mu, you have been in the snow for a long time, you shouldn’t let your body freeze.” The eunuch behind him muttered in a low voice which brought Mu Han Che back to his senses.

He took a deep breath and gave a sigh, “There’s no need to follow me.”

“This umbrella.....”

“There’s also no need.”

He crossed his hands as soon as his voice fell and he walked into the snow.

With a cold breeze, countless snowflakes hit his face and he felt a bit suffocated, so painful that he couldn’t breathe.

He didn’t know how long he walked in the snow, only when the numbness of his feet surpassed the pain in his heart did he finally slowly stop.

Mu Han Che knew at that moment that he didn’t want Luo Qing Chen to go back.

Whether it was the Nan Chao Country or Nan Yi Sheng’s side!

Even if he couldn’t achieve his goal.

—

At that same time in the Snow Admiring Hall.

This was the side hall Mu Han Che had arranged for them, it was the closest to the hall he lived in.

Luo Qing Chen tried the dishes one by one at dinner before letting Nan Yi Sheng eat.

“There shouldn’t be any poison!” Luo Qing Chen put the silver needle back in her bag before turning to Nan Yi Sheng, “Let’s eat.....”

Before her voice fell, his right hand took her waist and without giving her any time to react, he placed a kiss on her lips.

With a burning passion and absolute dominance, it ate away at her thoughts and sent her mind into chaos.

Closing her eyes, her long lashes trembled and she took in this extreme gentleness, as well as.....a bit of sadness.

Luo Qing Chen didn’t know why he felt this way, but this feeling did exist.

Only Nan Yi Sheng knew that he had scruples. What would happen if he let go of everything to love her?

He didn’t know.....

He only knew that she couldn’t go back, she definitely couldn’t return to the Nan Chao Country.

There was a part of the story from four hundred years ago that wasn’t spread, it was that the Heavenly Spiritual Flower Array was an evil array.

It was an evil array that needed the sacrifice of a saint every four hundred years, or the world would change. The sky would turn dark, the sand would cover the Nan Chao Country, and everyone would die.....

The saint’s existence was to prevent this disaster and it was too late to see the ending for some stories.

He knew her identity the day she came into his Starlight Hall as an assassin. Mu Han Che's secret guard and the saint of the witch race.....

He knew everything, he even knew that her purpose in coming to the Nan Chao Country was to kill him.

But he still hoped that she wouldn't have any other identities, just standing by his side as his only bride.

He could even spoil her with everything, he would feel that it was worth it as long as she was happy.

Even if there was always a thorn in his heart. He didn't dare love her because he couldn't let her stay in the dangerous Nan Chao Country.

So he had to have a legitimate reason to bring her back.

King Nan Chao's poison.....was personally administered by him.

Chapter 1858: Killer wife of King Nan Chao (Part 39)

After a long time, he finally slowly let her go with a bit of red in his deep eyes. Luo Qing Chen narrowed her eyes and even if he didn't say anything, she could see his sadness.

Luo Qing Chen bit her lip as she looked at him, "What is it....."

Since she met him, she had never seen Nan Yi Sheng act and look like this before.

He was always gentle in everything he did for her, it wasn't like that irresistible overbearingness that he had now.

After a while, he said, "If there is a day that you discovered I had many secrets, would you be angry?"

"Every person has secrets." Luo Qing Chen look into his eyes, "If you don't say it, you should have your reason."

Nan Yi Sheng must have something that couldn't be said in his heart, she knew this. What she was confused by wasn't this, it was that even though she could feel his love, she seemed to be stuck at 50% affection and it never increased.

He looked into her eyes with a sparkle in his deep as ink eyes, as if he wanted to say something, but he didn't have the chance.

Because outside the door, there was the voice of Mu Han Che's eunuch.

"This servant is Xiao Li Zi, greetings to your highness."

Nan Yi Sheng slightly knitted his brows before slowly saying in a cold voice, "Come in then."

"Greetings to your highness, crown princess." Eunuch Li respectfully bowed to them before looking up to saying, "King Mu was reading a story with the queen regarding the Nan Chao Country in the study, it is related to the story between the witch race's saint and King Nan Chao. But since he can't understand the words and there are some parts that the queen can't read, he had this old servant invite the crown princess over. Does the crown princess have time to come with this old servant?"

With such a righteous reason, there was no reason to refuse even if they wanted to.

Luo Qing Chen narrowed her eyes and looked at Nan Yi Sheng. When he was about to reject, she spoke first.....

Their current situation was deep and Mu Han Che was someone who was overly careful.

Even if the previous host was with him for many years, she couldn't guess what he was thinking.

"I have some time now." She said with a calm smile, "Lead the way."

When she wanted to move forward, Nan Yi Sheng's right hand pulled back and the strength with which he held her hand became stronger.

He knitted his brows and pursed his lips, like there were a thousand words, but it was hard for him to speak.

At that moment, he had a vague feeling that this girl in front of him would never come back if she left.

"I'll be right back, just light a lamp and wait for me, alright?" Luo Qing Chen revealed a faint smile as she seriously nodded to him.

After a while, those deep as ink eyes seemed to have melted as he revealed a gentle smile, "Alright."

He let go and his heart sank as he watched her leave.

The pain was this clear, it turned out that he was this reluctant in his heart.....

When he saw her for the first time, he should have known that there were some things he couldn't escape from. When he saw her look up in that crowd, looking up with those clear eyes.

Perhaps it was at that time that he had already changed all his ideas.

But.....he still couldn't say the things that couldn't be said.

Even if he knew in the end that she would hate him in the end, he could only wait.

Endless waiting.....waiting for the ending he already knew.

Chapter 1859: Killer wife of King Nan Chao (Part 40)

Golden Hall.

There were flames all around and the entire palace was warm. One could smell the scent of ambergris as soon as they came in.

"Crown princess, please come this way."

Luo Qing Chen gave a slight nod and walked into the hall.

Mu Han Che was leaning on a couch in a white robe, narrowing those eyes that were filled with indifference and coldness.

There was a girl in his arms. She was wearing a translucent water blue dress with her feet showing and her hair flowing down, looking quite enchanting.

The previous host had a deep impression of this person.

So when Luo Qing Chen saw her for the first time, her heart couldn't help trembling.

"Crown princess, we haven't seen each other in a long time." Mu Han Che chugged the cup of wine in his hand, "Have you been well these days?"

His lips were curled into a faint smile, but it gave people that cold feeling.

Each word was as cold as thousand year old ice.

Luo Qing Chen thought about it and this should be the tone he used to speak to the previous host, his normal tone.

After considering it for three seconds, Luo Qing Chen decided to use her usual tone!

After all, the main character in this world was her and not the previous host!

She could take revenge for her and fulfill her wishes, but she couldn't express her love for her.

"Un." She gave a slight nod with eyes that were as calm as water, not having a single ripple in them.

Mu Han Che narrowed his eyes and his right hand gripped hard, as a cracking sound came from them.

He was using another method to express his anger. He thought that she understood, but she also didn't.....understand.

She should understand him, she should know when he was angry.....

But now she was this indifferent, without any attachment in those clear as water eyes.

Could it be.....she really fell in love with that crown prince from the Nan Chao Country?

What a joke, this truly was a joke!

She had never gone against his orders since she came to the Mu Country at the age of nine. No matter who she had to kill, she had never hesitated.

But this time, not only did she not kill Nan Yi Sheng, she really married him and became his crown princess.

It was like there was a stone on his heart, making him suffocate.

"I wonder if the crown princess has heard the Nan Chao Country's story from four hundred years ago? Me and my queen can't understand it, so we hope that you can interpret it for us." As soon as his voice fell, his right hand raised Yu Jin Er's chin, softly pressing his lips on her lips. Only then did he raise his black eyes and look at Luo Qing Chen.

Yu Jin Er in his arms turned away with a shy look, digging into his embrace with flushed cheeks.

Luo Qing Chen couldn't help thinking of when the previous host had seen Yu Jin Er, it really was a persistent and deep love.

But she wasn't the previous host.....

Her lips curled into a faint smile and there was no fluctuation on her face that was as white as snow. She said with clear eyes and a smile, "I would be happy to. I wonder which part King Mu doesn't understand, I can explain it for you."

There was a cold breeze that came in and there was a deathly silence in the air.

Mu Han Che's dark eyes coldly looked at her and said without any warmth, "Do you know that the saint was sacrificed to the Heavenly Spiritual Flower Array to placate the disaster of sand and wind?"

Her heart skipped a beat.

Chapter 1860: Killer wife of King Nan Chao (Part 41)

She indeed didn't know that the saint had this ending four hundred years ago.....

She died?

If she didn't die, how could she leave King Nan Chao alone in this world?

"This is only a legend, King Mu shouldn't take it this seriously." Luo Qing Chen's expression changed to make it seem more calm.

But then Mu Han Che suddenly stood up. Yu Jin Er, who was in his embrace, couldn't react in time and fell to the ground.

She looked up with an angry look and glared at Luo Qing Chen with a sharp gaze. She pursed her lips before turning to Mu Han Che with watery eyes, "It hurts for Jin'er!"

Who was this girl? She could actually make her fell out of Mu Han Che's embrace. It seemed like she was a vixen, it really was hateful.

"Get out." Mu Han Che's voice was very cold, so cold that Yu Jin Er couldn't react as she looked at him with a shocked look.

But Mu Han Che wasn't looking at her at all, rather he was focused on looking at this crown princess from the Nan Chao Country.

"King Mu.....I....."

"I don't want to repeat it a second time." His eyes narrowed and they became a bit bloodshot as they filled with killing intent.

Yu Jin Er's face turned pale in fear and she immediately kneeled down, trembling as she bowed, "Jin'er will leave....."

As soon as her voice fell, her legs trembled as she left the Golden Hall.

She rarely seen Mu Han Che be this angry. She knew that if she didn't leave, Mu Han Che might have really killed her with his temper.

Who was that person and why did she seem a bit familiar?

After Yu Jin Er left, she and Mu Han Che were the only ones left in the Golden Hall. His deep gaze was on her with a bit of exploration, a bit of confusion, and a bit.....of nostalgia.

"Did you finish your mission?" Not knowing how long passed, he finally spoke slowly, asking a question that 'he clearly knew the answer to'.

Luo Qing Chen replied with a calm look, "I don't understand what King Mu is saying."

Mu Han Che narrowed his eyes and directly threw the sword beside him, sending it flying in her direction.

Luo Qing Chen gave a cold snort. She narrowed her eyes and jumped back at the same second, avoiding his attack.

She then gave a cold laugh, "What is King Mu doing? You want to kill someone to silence them?"

"Don't talk to me in this calm tone!" His ears were red and his cold personality suddenly became a bit heated.

She could be mad, she could be angry, she could even curse him, but what he couldn't take was.....her not caring at all, not even recognizing him.

"Oh?" She looked up with a faint smile, "What tone does King Mu think I should use? Is it because I'm not respectful enough?"

"You know what I'm saying!" Mu Han Che gritted his teeth before saying with a taunting smile, "Could it be that you're telling me that you really fell in love with him?"

"Yes." Luo Qing Chen nodded before looking at him with a calm look, "I am his crown princess, naturally I love him."

"I don't believe it." His eyes were dark as his lips revealed a cold smile, "If you know what kind of person he is, you might not say something this laughable."

Nan Yi Sheng, the person with the greatest martial arts in this world. He was the only disciple of the sword immortal, he was far beyond the reach of normal people.

He was his only opponent in unifying the continent, so he had sent Luo Qing Chen to kill him. But it wasn't completely because of this reason.....
