

## Quick T 1891

Chapter 1891: Killer wife of King Nan Chao (Part 72)

She nodded as her lips curled.

This child really was likable. It wasn't because of her status, but rather because her eyes.....were quite good!

Nian Qing was surprised. She looked at the Starlight Hall before saying, "Alright! It's good to leave this place."

The royal gardens that she hadn't seen in ten years, it was still as beautiful as before.

Even in the cold winter, the plum flowers were blooming under the sun.....

"Yo, I was wondering why the mute was gone, so you secretly ran off to the royal gardens!" Mu Jiao slowly came forward with her peony fan, with a proud look that made people feel painful when looking at her.

"What does it matter if she came to the royal garden?" Nian Qing gave a soft snort as her eyes filled with hostility.

"He, he." Mu Jiao gave a disdainful shrug, "I've never argued with a little girl before."

Luo Qing Chen shook her head with a mocking look and took Nian Qing's hand, preparing to leave.

Mu Jiao saw that Luo Qing Chen didn't care about her at all and her face turned red with rage. She shouted from behind her, "Your mother and father died because of you and your big sister was defiled, isn't it all because of you, the mute who is an unlucky star?"

Luo Qing Chen was surprised and stopped moving. She felt like a bystander as she listened to her talk about what happened to this body.

But she felt a bit uncomfortable.

She knitted her brows and was thinking of a way to take care of her, but Nian Qing beside her squatted down to make a snowball which she threw in her face. She didn't forget to say with a soft snort, "It really is what an ugly person would do!"

Luo Qing Chen's eyes lit up and she gave a thumbs up to Nian Qing.

"Peng!" The snowball hit her in the face and her face became even more fierce.

"You....." She knelt down to grab some snow and wanted to throw it in Nian Qing's face, but then she turned and threw it at Luo Qing Chen.

After all, she was still thinking clearly in her anger. The little princess in front of her named Nian Qing was someone she couldn't offend.

But the mute was different!

Luo Qing Chen was about to raise her hand to block Mu Jiao's snowball, but there was a familiar figure that appeared in front of her.

That man stood in front of her and blocked the cold snowball, with the aura of a ruler in his actions.

"King Nan Chao....." Mu Jiao was surprised before happiness filled her eyes. She bowed down and said in a coquettish voice, "Mu Jiao greets King Nan Chao."

The other three women standing with Mu Jiao were stunned and it took them three seconds to come back to their senses before they bowed too.

Nan Yi Sheng slightly knitted his brows as a sharp look appeared in his eyes.

This group of people dared to bully her this blatantly in his royal palace, did they even want to stay?

"Who are you?" He coldly said, "I'll give you three seconds to state your identity."

Nan Yi Sheng's voice was bone chilling, without a single trace of warmth.

As long as he stood there, there would be a chill that kept coming from him.

"I....." Mu Jiao couldn't hear it and she said with a face that was red with shyness, "Jiao Jiao is a princess from the Mu Country, sent here to please King Nan Chao."

Her voice was very high, it was completely different from when she talked to Luo Qing Chen.

Nian Qing rolled her eyes and pretended to vomit as she said, "Truly disgusting."

#### Chapter 1892: Killer wife of King Nan Chao (Part 73)

Nan Yi Sheng knitted his brows and a sharp look appeared in his eyes, "Mu Country?"

"Yes."

"Could it be that you don't know I hate the Mu Country the most?" He didn't give her any face and his voice was ice cold and decisive as he said, "You actually dare to mention the Mu Country to me?"

Mu Jiao's body trembled and beads of sweat appeared on her head. She was a bit nervous when she heard what Nan Yi Sheng said.

Shouldn't this be their meeting?

Shouldn't King Nan Chao fall in love with her beauty at first sight?

Shouldn't she become the head of the harem?

Why.....Suddenly and directly, what she felt wasn't a warm encounter, but rather the cold of killing intent.

"I....." She knitted her brows and saw Luo Qing Chen's skirt before suddenly looking up, "But King Nan Chao, she is also a princess from our Mu Country and she's a mute!"

Although her heart was filled with anger, due to Nan Yi Sheng being present, she didn't dare be too arrogant. She deliberately held back when she spoke.

Nan Yi Sheng narrowed his cold eyes and the cold from it almost froze her as he softly said, "It seems like you really don't want to live."

"Cao De Wang!"

"This servant is here!"

After all, he had been with Nan Yi Sheng all these years and as the manager of the inner hall, he knew very well that Nan Yi Sheng was truly angered at this moment.

In addition to the chill in the air, there was even more coldness that came from him.....

"These women from the Mu Country will all be sent to the border and can never return without my orders." Nan Yi Sheng narrowed his eyes and gave a cold snort, "You should be glad that I'm in a good mood after finding her, otherwise you might not even be able to keep your heads."

As soon as his voice fell, he took Luo Qing Chen's hand without a word and walked forward.

Mu Jiao's face was pale and she could hear the buzzing in her ears.

Border?

What kind of place was that? She had been a pampered princess since she was young, how could she go to a place like that!

"King Nan Chao!" She pointed at Luo Qing Chen and said in a trembling voice, "She is also a woman offered to you like us, since we're going to the border, why isn't she going?"

It had to be said, when Mu Jiao said these words, Luo Qing Chen couldn't help wanting to ridicule her.

She really was stupid enough, it was no wonder her name didn't appear on the bronze mirror.

Both her IQ and EQ were lacking and if she wasn't born to a royal family, she would have died a long time ago.

"Her?" Nan Yi Sheng stopped and there was a sparkle in his beautiful eyes as he looked at her, "Because she was offered to me and I accepted it. If you aren't convinced, what can you do?"

As soon as his voice fell, his lips curled into a beautiful arc. His right hand took her waist and his deep gaze fell onto her lips.

In front of everyone, he kissed her.

Everyone was shocked and Nian Qing gave a 'wa' sound before Cao De Wang covered her mouth.

Luo Qing Chen could feel the blush coming over her face that spread all the way to her ears.

Her breath was short and her heart was running like a little deer.

At this moment, Luo Qing Chen was still thinking about what Nan Yi Sheng had said to Mu Jiao.

That voice and that tone, wasn't it the way she would normally speak?

These words came from the male lead, which made her feel incredible.

Un, it was a very, very warm feeling.....

Chapter 1893: Killer wife of King Nan Chao (End)

No one in the Nan Chao Country knew why a mute from the Mu Country would be this important to King Nan Chao. She didn't say a single word and she became the person that was at the top of King Nan Chao's heart.

Everyone thought that since King Nan Chao got one wife, he would quickly find another.

After all, the subjects of the Nan Chao Country knew the only girl that King Nan Chao loved was the witch race's saint, Luo Qing Chen.

Now there was a woman from the Mu Country that was offered to him. Although she was pretty, she was still a mute in the end.

But the bare facts slapped them in the face. Even three years later, there was only this mute by Nan Yi Sheng's side.

This girl named Mu Xue took Luo Qing Chen's place in his heart, ruling the harem.

But perhaps King Nan Chao's love was too much. When that girl named Mu Xue suddenly became sick and it was very serious.

King Nan Chao looked for all the doctors in the world to save her, but they couldn't cure her in the end. He could only watch as her life left her bit by bit.

On her sick bed, she pursed her lips and weakly opened her eyes.

Although her face was pale, her eyes were still clear.

"Don't talk....." Nan Yi Sheng sat by her bed, tightly holding her hand as he said in a choked up voice, "I know what you want to say."

Luo Qing Chen looked at his face. That peerless face had wrinkles to it now and there were also a few strands of white hair.

She suddenly felt a bit pained.....

He had aged in a single night and he aged quite fast.

She gave him a slow nod and used all her strength to hold his thumb with her right hand, as a crystalline tear came out of her eye.

Her life had drastically changed during these three years.

She couldn't speak, not a single word. No matter what she wanted to do or eat, it only took a single glance for Nan Yi Sheng to know.

He was like her voice, guessing everything that she couldn't say.

So in the past three years, she didn't feel that not being able to speak was torture. Rather she had a special tacit understanding with Nan Yi Sheng.

But at this moment, when she closed her eyes, she couldn't say what was at the bottom of her heart.

But he still said.....that he knew.....

"I will be good, don't worry about me....." He gently wiped the tear from her eye and placed a soft kiss on her forehead before whispering in her ear, "I will wait for you.....Whether it is this life or the next life, I know that you will come to find me....."

These were the last words she heard before losing consciousness.

Nan Yi Sheng really could understand her. What she wanted to say.....was this.

Please wait for her.....Whether it was this life or the next.....please wait for her.....

—

End.

The next winter, when the first snow fell, there was a blinding golden glow that came from the Heavenly Spiritual Flower Array.

The golden light was covered in moonlight and everyone thought that it was a god that was descending.

A girl in a moon white robe came out of the array, with a peerless appearance and clear eyes.

She took the lantern in front of the Spiritual Flower House and walked in.

There was a man in cotton clothing who was watering the flower on the windowsill, with a faint orchid fragrance in the air.

"Nan Yi Sheng." She softly called out to him as her lips curled into a faint smile.

She could feel his back stiffen and the water can in his hand fell to the ground.

Perhaps this was his and her best ending.

Chapter 1894: Side story: Daring to be arrogant, only daring with you (Part 1)

The most beautiful thing in this world is to meet you when we're young and being together ten years later. —Nan Yi Sheng.

I've always wanted someone who could hold me without giving up through the years. Not letting me fall, not letting me sink, not letting me follow the waves, not letting me fall asleep.

When I was eighteen, I finally met that person.

When she looked up, my bleak life.....

I knew that my life was different from others since I was young. The royal family, every step I took was like walking on thin ice.

There would be times when people poisoned me, but they just told me that I had to find a way to live by myself.

I wasn't even ten that year.

My first time meeting her was at the Heavenly Snow Peak. I knew that I was dead when the avalanche happened.

But I never thought that god would give me a chance. Not only would I escape, I would meet her.

At that time, she was only five.....

Eyes as clear as water without any impurities, she looked that good standing in the snow like a beautiful picture.

That beauty that couldn't be beat.....

But when she helped me defeat the python, I never saw her again.

I worked hard to become strong, doing everything I could to become the Sword Immortal's disciple.

My brothers didn't know about this, but I let my father know.

Because I know that if he didn't know, I wouldn't be able to get the throne. If I couldn't get the throne, I couldn't protect her.

No one in the palace knew about the matter between the witch race's saint and King Nan Chao five hundred years ago, but I naturally knew that the saint would be sacrificed to the Heavenly Spiritual Flower Array.

But I wasn't willing to let her go.

Only becoming strong would let me do what I wanted, becoming incapable of nothing for one person.

That's what I thought at the time when I made the deal with royal father. I must have the throne, but my queen had to be the witch race's saint.

Royal father was very worried that the curse of the Heavenly Spiritual Flower Array would destroy the Nan Chao Country, so he didn't object to my proposal.

I knew at that time that as long as I could meet her again, she would become my crown princess.

But even so, there was gratitude in my heart.

I was grateful for her helping me when I needed it the most, I was grateful that she gave me a new life.

I always thought that I would repay this kindness, but when I saw her, my thoughts were all overturned.

It was a kind of looking back feeling that was like looking at a reincarnation.

It couldn't be described.....

I didn't know that she was the saint of the witch race, I just felt the strange palpitations in my heart when I met her.

I was planning on having the minister send her to the Starlight Hall that night, but I never thought that she would come to my palace in black clothes alone.

The moment she kidnapped me, I knew that she was the witch race's saint because the mark on her forehead was the same as when she was injured.

But I didn't say it. There was only joy that filled my heart, even more joy than when I met her all those years ago.

She wanted to save someone, so she stuffed something sweet in my mouth and acted tough while telling me it was poison. In fact, how could I not know that it wasn't poison?

But I went along with her and helped her save that person, feeling very warm.

That long lost warmth had filled my heart again.....

Chapter 1895: Side story: Daring to be arrogant, only daring with you (Part 2)

When I called her miss assassin, I could see the glint in her eyes that looked so good.

Perhaps she thought that we only had a one sided fate, but I already made a decision.

My crown princess.....was her.

Probably no one would have thought that I wouldn't want all the girls prepared, that I would choose a made.

When I went to the Golden Palace, when royal father asked me for a reason, I just said a few words: She is the witch race's saint.

I saw my royal father go from knitted brows to curling his lips, but my heart sunk when I saw it.

In my royal father's eyes, the witch race's saint was the sacrifice item to save the Nan Chao Country, this was what the entire witch race had already accepted.

After all, a person dying to save millions of citizens. The witch race's patriarch cared about saving the world, so he would feel that this sacrifice was worth it.

But.....I wasn't willing to let her die.

But.....I also wanted to marry her.

After considering it for a night, I decided not to consider the results and just seize the day.

At least I would be able to spend some happy times with her and bury it in my heart, accepting the trial of the Nan Chao Country's citizens.

At that time, she might have been sent back to the Mu Country by me.

Because I had investigated it and knew that she was Mu Han Che's secret guard. She lived and died for him and had been seriously injured for him.

When I learned this, there was a strange discomfort in my heart.

It wasn't because of jealousy, but because she suffered during all that time and I couldn't protect her.

I felt that her life should be very happy, there should be someone to be with her and give her everything.

I wanted to be that person, becoming the person she could rely on, becoming her hero.

The day of the wedding, she bowed and received the blessing of everyone. At that moment, I was more excited and happy than her.

Without knowing why, when she was that dazzling, I felt proud.

If someone asked me when I was happiest in life, it should be when she became my crown princess and stood by my side.

I felt that during those days, whether it was the Nan Chao Country or the witch race, they weren't important in my heart.

How I wished that the Heavenly Spiritual Flower Array's curse would never come and I could forever stay by her side, watching the scenery of the Nan Chao Country.

But I knew that those days would come.

I never thought that one day I would be the one to poison my royal father, but I did do it.

I did it so decisively because he told me.....the sacrifice ceremony of the saint to the Heavenly Spiritual Flower Array would come soon.

I was stunned. Why was my happy time so short? Why couldn't I leave behind a few more memories?

Leaving the Nan Chao Country in a hurry, I brought everything she would need. It was because I knew that she could no longer come back and I wouldn't let her come back.

Although I was very reluctant to send her to the Mu Country, I knew that she would be safest in the Mu Country.

Because Mu Han Che had sent her to kill me, so it should be because he wanted to protect her.

And she hadn't done anything.....

It was because of this that I felt guilty towards her because I knew that she really loved me.....

And I.....couldn't openly love her.

I must be prepared for when she leaves me and I had to be prepared to confess everything to her at that time.

Chapter 1896: Side story: Daring to be arrogant, only daring with you (Part 3)

In the end, she knew everything.

That night, when Mu Han Che invited her to go alone, I knew that she already knew everything that I was hiding from her.

I was alone in the Snow Admiring Hall and lit all the candles in the room. I promised her that I would keep a light lit and wait for her.

I was very nervous at that time and my mind was blank. I didn't know what to think and how I should face her.

Until she appeared in front of me. She looked at me with indifferent eyes and my heart was filled with deathly silence.

Even though I knew that this moment would come, when it came, my heart was filled with despair.

She asked me all the questions that she should, all of them filling my heart with pain. But I had no choice, I had to answer it.

Because it was all the truth and because I wanted to keep her here.....

I could endure all the bad things myself, she couldn't die.....

But I never thought that Mu Han Che didn't plan on letting me go.

He was a very smart person and naturally knew my identity, so he was fully prepared when he came to deal with me.

Facing a thousand soldiers, I knew that I would die.

My heart was very open and I wasn't afraid of death, I was just afraid that she would see my corpse.

I was afraid.....that she would feel sad.....

But I was her hero! I would fight with all my power until the last second.....

As drops of blood fell onto the white snow, I could feel my life flowing away bit by bit.

When I reached that final moment, her figure appeared in my mind.

The clear eyes that I saw when I first saw her, they were still that clear the moment I was about to die.

I thought that I would die.....

I thought that I wouldn't see her again.....

I really wanted to tell her that I loved her very much, but I couldn't do it.

I never thought that she would appear in front of me in such a dazzling manner, pointing her sword at Mu Han Che with eyes filled with determination.

My heart trembled and I wanted to say something, but I couldn't say a thing.

She just stood there in front of me.

Perhaps she was my hero, a beautiful scene that made people's hearts tremble.

She captured Mu Han Che in an unbelievable manner and had me and Song Le leave first.

Actually, I didn't feel assured, but I believed in her.

I knew that she would escape because she was my pride.

At that moment, I could finally openly love her, using all my strength.

She insisted on returning to the Nan Chao Country with me. She said that there had to be another way to solve the curse of the Heavenly Spiritual Flower Array.

There was indeed another way, but I never expected that it would be another round.

In the Heavenly Spiritual Flower Array, the one I loved wasn't her. Xi was too strong and I completely lost my memories when I entered the Heavenly Spiritual Flower Array.

But she didn't. It was her who separated my memories from the script, it was her who made Xu appear.

But that didn't change the fact that we had to be separated, as one of us had to stay here.

This was a cruel thing for me and her, but Xi didn't give us a choice.

When I left the Heavenly Spiritual Flower Array, my heart was in a panic. When I turned around, the blue door was gone.

I stood there for an entire day with my heart in chaos.

I didn't know if we could meet again in this life, but I would wait, I would always wait.

Endless waiting, never giving up hope.....

Chapter 1897: Side story: Daring to be arrogant, only daring with you (Part 4)

Ten years of separation, always missing, hard to forget.

It was ten years later when I saw her again. I felt that time passed very slowly and each day without her flowed like years.

The Spiritual Flower House was my only solace. I built it by the Heavenly Spiritual Flower Array, as if she was living by my heart.

When I came to this building, I would feel a special peace of mind.

I felt that she was here by my side, by my side, by my side.....

There were many girls that went through my life, but everyone knew there was only one room in my heart.

That room was very small, it could only fit Luo Qing Chen alone.

There would be many girls brought into the harem each year and every year the other countries would offer nation collapsing beauties.

But I didn't meet a single one of them!

Nian Qing kept asking me, "Uncle, why don't you like them? I think that there are many good ones among them!"

I accidentally said this to her once, "Do you know why I take special care of you?"

She blinked in a daze and shook her head.

I said, "It's because of your name."

After that, Nian An never asked this kind of question again.

Since then, she would always be against the girls that were offered to me.

I didn't care about her actions because this was what I wanted.

Until.....that pitch black night, under the faint moonlight, I saw her again.

It was a completely unfamiliar back, but I could feel my heart tremble even though I've never seen this girl in front of me before.

She was holding a lantern with a calm look in her eyes, neither bowing or saying a thing when she saw me.

I was strangely nervous, so nervous that I stabbed at her with my sword.

Actually, whether she dodged or not, I didn't use my full strength and planned to stop.

But without knowing why, when I stabbed my sword at her, my heart kept beating fast.

She slowly opened her eyes and blinked before grabbing my sword, letting her red blood flow.

My mind went blank and before I could react, she kissed me.....

At that moment, I knew who she was.....

Ten years, she was finally back.....

Really great!

Later we spent three happy years together. She couldn't speak, but as long as she looked at me, I could tell what she wanted to say and what she wanted to do.

Even when she was taking her last breath on her sick bed, I could still understand her.....

She wanted me to wait for me.....

I found that she was a bit silly, how could I ever not wait for her!

Even if she didn't say it, this life and the next life, I would wait for her.

Always waiting, never stopping unless I was dead.

Later I gave up the throne and stayed in the Spiritual Flower House all day, endlessly waiting.

When we met again, spring was starting to bloom. She didn't change from the day she entered the Heavenly Spiritual Flower Array.

And I.....had become old.

When the flower petals fell, I turned around and wildly charged forward to tightly hold her.

I was thankful to the heavens for bringing her back to my side, lighting the candle of my life again.

Ten years flowing, youth was hard to take back.

Ten years of brilliance, it was hard to take.

Looking back from the cliff, this side was so bleak.

He and her had finally met again.

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 31/100]

Chapter 1898: Hello, my mister confidant (Part 1)

When she opened her eyes, she was in a familiar place again.

Although the light around her was dimmed, she felt strangely assured.

Because in Luo Qing Chen's world, this was her home.

If it wasn't for her high skill level, it might not just be as simple as deducting experience points.

Mission content: [Return to three years before the female lead died and obtain the love of the male lead.]

[Currently importing memories, please accept them, host!]

Regarding the previous host's story, Luo Qing Chen only had two words: Well deserved!

The previous host and He Jin Nian had known each other since middle school. The previous host was very proud and loved to feel like she was above everyone.

But every time she shined, there was a He Jin Nian in front of her.

She was the school flower and he was the school hunk.

She was the vice class representative, he was the class representative.

She was the student president, he was the student chairman.

She was the tenant and he.....was mister landlord?

In the heart of the previous host, He Jin Nian was a stumbling block on her path to glory.

In the ten years she knew He Jin Nian, what she hated the most was when she handed a love letter to the other school hunk Xu Ze Yan, He Jin Nian didn't react at all.

He never would have known that the previous host did this just to see his reaction.

Only, there wasn't a single ripple on that face that was so beautiful that it glowed.

It also meant that He Jin Nian disappeared from the previous host's life, he could only play the role of a 'friend'.

When the previous host was in her most difficult time, he would help her.

When the previous host failed an exam, he would hand a tissue to her.

When the previous host's love failed, he would drink with her.

He just stood on the line of black and white and never crossed over, being above a friend and never a lover.

In the springtime of youth, it was very easy to fall in love with someone and very easy to give up on someone.

The previous host's proud personality made it impossible for her to be hung out to dry, so it kept going until Xu Ze Yan accepted her confession.

But for Xu Ze Yan who was a playboy, the previous host was only a single flower among a field of flowers.

After cheating, the previous host was angered to death. She went to Xu Ze Yan to discuss this and abused the supporting female lead Fang Xiao Jing in front of everyone.

This hatred followed her for a long time, so when she heard that Xu Ze Yan was about to get married, she wanted to make a big mess at the wedding.

But on the way, she died in a car accident.

Chapter 1899: Hello, my mister confidant (Part 2)

Going back three years, in the second year of university

Actually, thinking about it carefully, there was a strange simple and warm feeling to this world.

Although in another space and time, the ending wasn't perfect, it wasn't as complicated as one thought!

Speaking of the male lead.....

He Jin Nian and Luo Qing Chen both specialized in computer science and were considered influential people in the school.

The order of these influential people was always——

“Ze, ze! It's He Jin Nian and Luo Qing Chen in first and second place again on this exam!”

“We can't understand the world of smart people!”

Luo Qing Chen stood in front of the bulletin board and shook her head.

One point difference.....

“Qing Chen, what did you do wrong this time?” You Tang on the side took her hand and said with a look of pity, “Last time it was two points, this time it was one point, will you tie next time!”

There was no meaning in tying, only the winner was king!

This was one part of Luo Qing Chen’s personality that was similar to the previous host’s, she didn’t want to lose.

With the attitude that taking a step back was losing, Luo Qing Chen would definitely win next time.

“Why aren’t you saying anything! Wouldn’t you be furious normally?” You Tang tilted her head and blinked in her daze.

You Tang was the previous host’s best friend, an outgoing and cheerful girl. Normally her favourite thing to do was sit on the stone bench in the school yard and look for handsome guys.

The handsome guys naturally included He Jin Nian and Xu Zhe Yan.

“What is there to be furious about? Success and failure are normal things.” Luo Qing Chen put her hands in the pockets of her uniform and headed in the direction of the classroom.

“Wa! It can’t be something is wrong with you, right! I feel a bit worried that you’re suddenly like this.” You Tang looked at her in disbelief as she seriously said this.

“Of course not.” Luo Qing Chen looked at her and asked, “What’s the next class?”

“Physical education.....” You Tang seemed to have thought of something as she said, “Right, Ze Yan asked me yesterday what the relationship between you and He Jin Nian was.”

“Ze Yan?” Luo Qing Chen knitted her brows as the memories filled her mind!

Damn, it’s this time! The previous host and the supporting male lead were dating!?

“Un? It can’t be that you’ve forgotten your man, right!” You Tang gave a shrug before saying with a faint smile, “You have to know that there are a bunch of fans waiting behind you, can you give me priority if you don’t want him?”

Luo Qing Chen narrowed her eyes as she looked at You Tang. Although she was smiling, looking like she was joking.

There was a bit of panic in her eyes.....

Could it be that You Tang liked Xu Ze Yan?

“As you want, as you want.” Luo Qing Chen looked at her with a smile, “As for the relationship between me and He Jin Nian, you can just tell him that it isn’t normal.”

“Ah?” You Tang was surprised, clearly not reacting to what Luo Qing Chen had just said to her.

Hadn’t she been chasing Xu Ze Yan the entire time? From handing the love letter to getting together, the entire school knew that it was her who chased him!

If such words were used to describe a girl, the effect on her wasn't good.

"Didn't you hear me?"

"Yes.....I did, but I don't understand what you mean....."

"It means what it means." Luo Qing Chen gave a chuckle, "Right, is there a student called Fang Xiao Jing in our school's music department?"

The supporting female lead should have appeared during the second and third year of high school according to her memories. She looked quite good, just like a charming fox.

Just based on the previous host's memories, Luo Qing Chen didn't really like her.....

Chapter 1900: Hello, my mister confidant (Part 3)

"Fang Xiao Jing?" You Tang replied without even thinking, "You know her? She's the department flower of the music department. I heard that among the love letters to He Jin Nian, there was one from her."

"Oh." Luo Qing Chen nodded as she realized something.

Speaking of He Jin Nian, he was indeed very different from Xu Ze Yan, probably because he was incredibly low key. From middle school to high school to university, he had never had a girlfriend.

No matter what happened, He Jin Nian gave people a feeling that he didn't care.

Thinking of this, Luo Qing Chen couldn't help shaking her head. She gave a sigh and muttered, "As expected, A grade missions have their own reasoning."

In gym class.

She didn't know why she was a bit nervous when sitting down on the bench. She always felt that the relationship between the previous host and He Jin Nian wasn't just friends.

But it really.....was just friends.

[The male lead and the previous host have been neighbours since they were very young. When the male lead was scolded by his mother, the previous host gave him some chocolate and he has always been grateful.]

So the affection?

[20%.]

She suddenly felt that this mission wasn't as hard. Although this affection was based on gratitude, it was still helpful for her.

"What are you so fascinated by?" There was a cool voice that came from beside her, startling her into dropping the soda in her hand onto the ground.

She suddenly turned to see a handsome youth in front of her. With beautiful eyes and thin lips.....

He really was worthy of being a school hunk, the eyes of the masses really were sharp!

Because He Jin Nian was sitting too close, she felt her heart beating very fast and a blush came over her face.

“I.....”

“Thinking of your boyfriend?” He looked away with a calm expression, not showing any ripples of emotion.

Luo Qing Chen suddenly felt strangely disappointed. The previous host had probably felt this disappointment several hundred times before finally ending up with Xu Ze Yan.

“Qing Chen.” When Luo Qing Chen felt that the atmosphere between her and He Jin Nian was a bit awkward, there was a nice voice that rang out.

It came from Xu Ze Yan who wasn’t far away with a basketball in his hand. His eyes were very unfriendly as he looked at He Jin Nian with hostility.

“You can talk.” He revealed a smile and walked over to another friend with his hands in the pocket of his uniform.

Luo Qing Chen was surprised. She felt a bit of a panic in her heart which made her feel very uncomfortable.

Then Xu Ze Yan sat down beside her, speaking in a tone that was ‘asking for her crimes’ as he asked, “I heard many people in the school talk about the relationship between you and He Jin Nian, are you really.....”

When Luo Qing Chen gave him the love letter, it was strange because He Jin Nian was also there!

“Ke, ke.....” Luo Qing Chen cleared her throat before looking at him, “Our relationship really is good.”

Actually, the previous host wouldn’t have said this to Xu Ze Yan, but now this identity belonged to her, she should do what she wanted.

“You!” Xu Ze Yan was surprised before asking, “What do you mean?”

Luo Qing Chen looked into his eyes and could feel the joy that was hidden under the anger in his eyes. She had always been good at reading people and the slight curl of his lips was something that she wouldn’t miss.

According to the memories of the previous host, Fang Xiao Jing should have appeared at this time.

It was most likely that she already made contact with Xu Ze Yan a long time ago!
