Chapter 1911: Hello, my mister confidant (Part 14)

An hour later, Luo Qing Chen watched as Chen Ying Ying held the bottle of beer and after hiccuping for a bit, she couldn't drink the alcohol even after ten seconds.

After all, she just couldn't drink anymore. The large amount of alcohol had numbed her brain and her eyelids kept drooping no matter how hard she tried holding it back.

Until there was a 'dong' sound and she fell onto the table. The bottle in her hand fell down to the floor and the battle between the three of them was over.

It had to be said, Luo Qing Chen could feel the tenacity from Chen Ying Ying. She had some thoughts as to this tenacity, so even if she hit the wall, she wouldn't turn back even if she was bleeding.

Luo Qing Chen saw that Chen Ying Ying fell, so she planned on facing He Jin Nian.

There was a heavier body that fell onto her, one that had his scent and the scent of alcohol mixed together.

?!

Luo Qing Chen's mind turned blank!

What was this situation? Once Chen Ying Ying was drunk, He Jin Nian fell?

Was he teasing her? As expected of the only rumoured couple, they even fell together.

Without knowing why, Luo Qing Chen was a bit angry when she thought this. But even if she was angry, she wasn't willing to push him away.

He Jin Nian was like this after he was drunk. He found a place that he could depend on the most before falling, peacefully going to sleep.

She looked down at He Jin Nian in her embrace and her face turned a bit red.

At this angle, she could clearly see the black mark behind his ear. Also.....seeing that mark felt more reassuring.

At half past two, the others left one by one. Other than the unconscious people, she was the only one who was still conscious in the KTV room.

There were only two options now. She would either leave He Jin Nian here for the night or bring him home.

She didn't even think about it as she chose the second option!

After all, she was someone who had to finish the mission. It was not necessary for the other side to be conscious for her to do this.

Before leaving, she took a look on the drunk Chen Ying Ying on the sofa. She slightly knitted her brows and felt a bit of pity, but she couldn't do anything.

There are some things where you lose if you lose. Whether it was drinking with dice or the position in He Jin Nian's heart, she, Chen Ying Ying would never surpass Luo Qing Chen.

—

In the taxi, there was no one on the street at three at night. Under the dark night, the city had fallen into a deep sleep.

The taxi driver didn't say a thing, it was probably because this kind of silent night was too lonely.

"This must be your boyfriend!" The taxi driver who was around forty looked into the rearview mirror and said, "He's quite handsome."

Luo Qing Chen was prideful and wanted to say, "Could it be that this treasure doesn't look good?"

But she didn't say it as the taxi driver uncle continued, "A beautiful couple is a good match, but don't walk over fire in the night."

Luo Qing Chen's face turned red when she heard this and she felt her breath stop.

She was twenty years old, although she was much older than that in reality. However, a life was a life, a world was a world, at least in this world, she was still a little girl waiting for love.

Actually, there were many times where the feeling of spring sprouts.....weren't bad.....

"Mister driver, it was just a classmate gathering." She looked at the youth who was asleep and said with a smile, "He shouldn't.....He shouldn't like me."

### **Chapter 1912: Hello, my mister confidant (Part 15)**

After all, it was only 30% affection, so she had some understanding.

Perhaps it was just goodwill between friends or his special identity as a confidant.

In short, He Jin Nian still wasn't at liking her yet, not to mention love.

It was a black and white zone between friendship and love, perhaps it was because of this.....that there would never be loss.

In the apartment complex outside the school, Luo Qing Chen had rented a rather luxurious room.

It was said that the landlord was a billionaire who always worked abroad. The house was divided into two floors and each floor was one hundred and fifty meters.

Such a luxurious house, it should be said that it should be several thousand dollars in rent if not ten thousand, but Luo Qing Chen only paid five hundred a month.

Moreover.....co-tenant hadn't arrived yet.

Why was it so cheap?

The rental agent had told her that the landlord was eccentric. He believed that this room was equal to a home and he only rented to the people it was destined to.

The previous host had felt like she had won a lottery ticket when she rented this place.

Today she was a bit worried that she might be kicked out.

In her memories, the previous host got closer to Xu Ze Yan and moved in with him. Then after they broke up, she and He Jin Nian rented this place together.

This was what happened in another world, she felt that these things wouldn't happen here anymore.

When she opened the door, she dragged He Jin Nian inside. She threw him onto the sofa with all her strength before turning on the air conditioner while sweating.

He Jin Nian slept very well. He didn't go crazy or vomit on the way, he just silently followed without making a sound.

She poured a cup of water and took a small stool to sit in front of him. Seeing his almost perfect face, her lips couldn't help curling.

Why did he look so good? Whether it was the outline of his face or those lips, people couldn't look away.

Could it be.....Could it be that in another world, whether it was the time or place, as long as there was He Jin Nian, the previous host's own light would dim?

He Jin Nian might have robbed her of her brilliance, but she would never admit that this youth who was as clean as a piece of white paper was that dazzling.

Luo Qing Chen drank a few mouthfuls of water and after feeling her stomach settle, she went to take a bath.

She had actually drunk two cases of beer tonight and if it wasn't for the fact that she practiced drinking in all those other words, she might have fallen into Chen Ying Ying's hands tonight.

But it was a good thing.....she won.

She lived on the second floor and she normally wouldn't go on the first floor unless she went out. After all, the first floor was to be rented to someone else and it didn't belong to her whether legally or in terms of her rental contract.

But she had to borrow a sofa today since she had to bring He Jin Nian home.

After all, she didn't have the strength to carry him from the first floor to the second floor!

After taking a shower, she felt much more clear headed. The smell of the shower gel cleansed her mind, dispelling the exhaustion and alcohol from her body.

She wanted to take out a blanket for He Jin Nian after showering, but when she came downstairs, she stood there with a stunned look.

Why was there no one on the sofa?

What was going on!? Did He Jin Nian wake up? Did he go home?

All these questions filled her mind as she quickly ran to the sofa on the first floor. However, when she reached the first floor, she entered a warm embrace.

### **Chapter 1913: Hello, my mister confidant (Part 16)**

It belonged to that youth, with his unique scent and warmth.

“He Jin Nian?” Actually she knew in her heart that there was no one else here except her and him.

But to her, He Jin Nian was someone who would bury all his feelings in his heart.

No matter how passionate the feelings in his heart, he wouldn’t show them.

But at this moment, he actually.....hugged her!

“I miss you.....” His tone was very soft and wasn’t as indifferent, as if there was a bit of gentleness and pampering in that proud voice.

Luo Qing Chen felt herself give a tremble and wanted to turn around, but she found that he was tightly holding her.

His arm came closer and closer as he softly said by her ear, “Did you see your heart?”

As soon as his voice fell, Luo Qing Chen felt this youth fall onto her again.....

In an instant, she turned around and wanted to hug him, but her right hand was suddenly pulled in by He Jin Nian and pressed against him, they fell down.

“It hurts a bit.....” He softly said. He slightly knitted his beautiful eyes as his hands around her waist became more forceful.

“Are you.....are you alright!” Luo Qing Chen felt that the position she had with He Jin Nian was a bit ambiguous, just like eternal classic part in the dramas.

The male and female lead bumped into each other in the street and then it was the female on top while the male was on the bottom.

Every time that she saw this in a drama, she always muttered to herself, “This treasure has lived for several hundred years and I’ve never seen people bump into each other like this!”

But right now she had slapped her own face.

But even if she did, He Jin Nian still pulled her into his embrace.

“My family’s Qing!” He had his hands around her waist and had a dazzling smile as he said, “When are you going to break up with Xu Ze Yan?”

“I.....” She was a bit speechless, thinking if this question wasn’t a bit too direct!

Then she touched her ears out of habit and said with an awkward look, “He and I are.....”

Before she could finish, He Jin Nian first said, "If you and him break up, how about we get together?" His voice was very gentle, he had a big smile on his lips, and his eyes were sparkling, looking very good.

When He Jin Nian said this, Luo Qing Chen felt her heart running like a little deer.

Could this be the legendary drunk confession? Weren't they progressing a bit too fast!

[Ding, affection has increased by ten. Mission completion rate is now 40%.]

This sudden prompt from the system made her even more stunned.

She didn't know whether to agree or not. Was He Jin Nian's question drunken rambling or drunken truth!

Aiya, she was a bit nervous and a bit conflicted.

After a while, when she was still thinking about how to answer He Jin Nian, He Jin Nian said something that made her 'shy' appearance turn stiff.

"Our family's Ying! Why do you think that some people have no intersection after going around in circles? Are we too close or too far?"

Luo Qing Chen didn't listen to anything He Jin Nian said after this!

The only thing she heard was the first three words——

Our! Family's! Ying!

It should be Chen Ying Ying! If there was a table in front of her, she would have flipped it without another word!

Angry, angry, angry! So angry!

#### **Chapter 1914: Hello, my mister confidant (Part 17)**

Luo Qing Chen stiffened for a few seconds before slowly getting off him. He Jin Nian didn't say anything as he had fallen asleep.

Although it was summer, it wasn't good to leave him asleep on the floor overnight.

But her anger hadn't faded.....

After thinking about it for five minutes, Luo Qing Chen still moved him from the floor to the sofa and covered him with a blanket before heading back upstairs.

He Jin Nian's lashes trembled on the sofa as his lips curled into a faint smile.

That night she couldn't sleep well.

She was nervous, expectant, and a bit angry.....

So when she got up the next day, Luo Qing Chen looked at her own face that had black circles and looked hungover.

When she came out of her room, she smelled something fragrant. There was the fresh baked smell of bread mixed with cheese and chocolate.

She felt her own stomach growling in an instant.

Going down the stairs at five meters per second, she saw He Jin Nian seriously sitting there eating breakfast.

He heard this sound and looked up with his beautiful eyes. There were scattered beams of sunlight that fell on his beautiful face, making her suddenly feel stunned.

“Wash your hands and have some breakfast.” He had a calm look as if nothing had happened last night.

The only difference was that his nose was a bit stuffed. Could it be that he caught a cold?

“Ke, ke.” Luo Qing Chen cleared her throat, “This kitchen isn’t mine.....”

“Un.” He softly replied, “So you’re not eating?”

“Of course not!” Her eyes flickered, “I’ll go brush my teeth and wash my face. Remember to add.....”

“Honey to the milk.” Before she finished, He Jin Nian said what she wanted to say.

After being friend for so many years, the things that she liked, the things that she hated, all her good habits, and all her bad habits, he knew them all!

He couldn’t help thinking that was it because they were too familiar with each other that some things were forever impossible?

“Smart!”

Sunday mornings made people feel relaxed. Sitting at the table, she didn’t forget to tease He Jin Nian, “He Jin Nian, I feel that I should charge you a fee to be quiet.”

There were some things that would feel uncomfortable if they were held in, so it was better to say them. After all, he had lost his memories after drinking, but she hadn’t.

The anger hadn’t disappeared, so she wouldn’t feel comfortable if she didn’t tease him!

“What?” He helped her spread cheese on his bread with a calm look in his eyes that didn’t have a single ripple.

“There was someone who was drunk last night that said.....a bit of truth!” Luo Qing Chen took the bread and took a strong bite as she looked at He Jin Nian.

She wanted to see if his expression would change because of her words, but there wasn’t a single change with his expression. When he looked at her, he revealed a smile, “I want to know, what did I say after getting drunk?”

She remembered his gentle voice from last night, speaking to her.....

“My family’s Qing, when will you break up with Xu Ze Yan?”

It was very ambiguous between the lines that made people blush when they thought about it.

“You mentioned your scandal from high school!”

“Oh! You!” His star like eyes looked up with a bit of a sparkle in them as he looked at her, “Isn’t my longest scandal with you?”

### **Chapter 1915: Hello, my mister confidant (Part 18)**

Luo Qing Chen was stunned hearing this. She felt like she had dug a hole with her own hands and jumped in.

After all, to a certain extent, what He Jin Nian said wasn’t wrong!

From middle school to high school, from high school to university, the people who said that they were a couple could even go around the park.

“The truth that you said after you were drunk was about Chen Ying Ying, alright!” Luo Qing Chen rolled her eyes. She took several gulps of her milk and tried to control her emotions as best as she could not to show any clues.

“Chen Ying Ying?” He Jin Nian gave her a tissue out of habit and said, “You’re certain that I mentioned her?”

“I.....” Luo Qing Chen was a bit speechless before saying, “How do I know!”

As soon as her voice fell, she stuffed the bread in her mouth, “I’m going back to sleep, remember to clean up! This floor doesn’t belong to me, I might have to pay compensation if the landlord finds out.”

After saying this, she went upstairs without a word and didn’t even look back.....

Because she.....was too nervous!

Facts proved that people couldn’t like because the first to react was your heart when you lied!

He Jin Nian watched her disappear up the stairs and there was a ripple in his eyes.

Why did he suddenly feel like he wanted to get close? He never felt this way before, he had always thought that she was just an irreplaceable friend in his life.

But now that he had this kind of Luo Qing Chen, he wasn’t willing to let her go far.....

—

The next morning, Luo Qing Chen didn’t see He Jin Nian when she came to school. He didn’t come to class this morning.

Such a good student in the eyes of the teacher and the school top male god in the eyes of the students wouldn’t skip class like this!

The only reason was that he was sick!

Could it be that he caught a cold from the night before?

During class in the morning, Luo Qing Chen was clearly unsettled. She wanted to go to He Jin Nian's dorm after class, but she never thought that it would be 'when it rains, it pours'.

It was one wave after another.

When it was time for the third class in the morning, there was a post on the campus forum named "I am infatuated, but I'm not playful like you!"

The post wasn't that long, it was all about how a department flower in the computer science department was wandering between the two school hunks. The post was filled with ridicule.

"Qing Chen, this can't be....." You Tang tapped her arm with a solemn look.

Luo Qing Chen narrowed her eyes and gave a cold laugh, "This kind of clumsy wording and a language that doesn't match the title, who else could it be if not Xu Ze Yan?"

He really knew how to strike fast. Even if he was with Fang Xiao Jing in the future, he would be the male god in everyone's eyes.

The comments were mixed, but it was clear that Luo Qing Chen was being pushed to the spotlight.

Listen to the Wind and Rain: The male lead is Xu Ze Yan, the female lead is Luo Qing Chen, may I ask if the supporting male lead is He Jin Nian?

Dandelion Online Dating: He, he! Those that drag down their ex after breaking up are scumbag's!

School Hunk He's Little Sweetheart: You're not allowed to say anything about school hunk He! It's someone else's fault!

Friend, Don't Cry: By the way, I saw the male lead laughing with another girl at the library yesterday, why is it that today.....

Replying to Friend, Don't Cry: Who is it?

Replying to Friend, Don't Cry: Give us a name?

Replying to Friend, Don't Cry: You have the details?

.....

Seeing the comments, Luo Qing Chen narrowed her cold eyes and muttered, "Since you won't be righteous, don't blame me for not being fair."

## **Chapter 1916: Hello, my mister confidant (Part 19)**

At the same time, at the cafe by the school gate.

Feng Xiao Jing was a bit nervous as she watched how it developed. After all, there were many people who had come forward to say that Xu Ze Yan was with another girl.

She didn't want to take the blame for no reason and become the target of the public.

"Don't be worried! My article is so moving that everyone will definitely support us!" Xu Ze Yan went back to his post again with a satisfied smile on his face.

"What do you mean by support us?" Fang Xiao Jing pursed her lips, "I haven't agreed yet!"

After entering A University, she had been enamoured by He Jin Nian as soon as she saw him.

Even if the other side was very cold when she tried to talk to him, that didn't stop her from admiring and liking him.

That was how people were, the more they couldn't get something, the more they wanted it.

She even sometimes wondered if He Jin Nian was waiting for her to speak up first. After all, when she accidentally met his gaze, she would have a feeling that he was staring intently at her.

In her eyes, Xu Ze Yan being nice to her might make He Jin Nian notice her more.

"Aiyo, just agree already! The two of us are such a good pair, a perfect couple!" Xu Ze Yan flipped his hair, "Not to mention that I have many fans in school, so you should be proud of that."

Fang Xiao Jin looked at him. His words were flat, but he didn't look bad.

If she couldn't get He Jin Nian, it was good to have a spare tire.

"Got it!" She proudly looked up and said, "But you have to remember my story! You have been hurt in love and I unintentionally comforted you, which made you fall in love with me!"

"No problem, no problem!"

—

On the other side, Luo Qing Chen hurried home at noon. She didn't even eat as she quickly opened her laptop and hacked into Xu Ze Yan's computer.

It had to be said, learning computers really was a good thing, there was no need to hesitate when hacking people!

Since the previous host was a 'real' couple with Xu Ze Yan before, it was even easier to hack his computer.

She didn't know without hacking, but she knew once she did. When the previous host was with Xu Ze Yan, he already had his foot in many other boats.

Moreover, he had a very 'perverted' habit. He liked to make a folder for each girl he hooked up with and he didn't name them with their names, but rather their appearance.

For example: Luo Qing Chen 95 points.

"Shameless." Luo Qing Chen muttered as she completely deleted the folder with her name on it!

The other people's folders had mosaics placed on them and only Fang Xiao Jing's folder didn't get a mosaic!

Although she and Fang Xiao Jing hadn't clashed in this world, in the previous host's world, this girl wasn't a good thing.

In her eyes, cutting down her love rival was a natural thing to do!

Moreover, she still liked to act like a queen. It's others who love me, I'm just the one receiving love!

She hated this kind of girl the most!

After taking care of the chat transcripts and photos that came from hacking Xu Ze Yan's computer, Luo Qing Chen opened the school board again.

But she found that the original post about her had already disappeared and it was replaced with another post that quickly became popular that read "Learn the truth: Please click!".

### **Chapter 1917: Hello, my mister confidant (Part 20)**

Luo Qing Chen opened this post and found that there wasn't any text, there were only pictures.

These pictures were taken from the angle of a third part, like it was from the angle of a 'detective', as it exposed all of Xu Ze Yan's past deeds!

Luo Qing Chen and even the previous host had never seen these pictures before! She thought that she would be able to use the chat records and the pictures from Xu Ze Yan's computer to ruin his reputation.

But she never thought that the person behind this was even more ruthless than her!

With the chronological order of the pictures, he would never be able to stand up again.

Luo Qing Chen scrolled down the post and found that the gossipers of A University had exploded!

Nine out of ten replies were: Scumbag!

She couldn't help shaking her head as she muttered to herself, "This is what's called a great god! So ruthless, I'm willing to bow down!"

She closed the forum and didn't plan to post the stuff she got from hacking.

After all, in front of this 'god's post', she felt like she was playing the clown if she made her post!

When she went back to school in the afternoon, she received all kinds of sympathetic gazes as she walked through the tree lined path!

There were even people who came forward to hold her hand and say, "Beat the scumbag, we will support you!"

Luo Qing Chen could only reveal an awkward smile before quickly heading to her classroom.

She was thinking about it the entire way. Such an organized photo shoot, who had arranged it! It was just too.....too amazing, right!

How much did the god who sent this post hate Xu Ze Yan? Could it be his ex or one of the girls he threw away?

Thinking for a long time, no matter how she combed the previous host's memories, Luo Qing Chen didn't have a single clue.

Until You Tang's words had given her a reminder.

"Qing Chen, didn't you notice?" She put the tablet in front of her and opened the forum post, "There's several dozen people from our school here, but....."

"It doesn't include you!"

Luo Qing Chen heard this and quickly looked it over.

Indeed.....there wasn't her.....

Why? Could it be because the previous host rarely went out with Xu Ze Yan?

"It's a bit strange!"

"It's not just strange! It's weird, alright?" You Tang said in a low voice beside her, "Everyone thought that you would post a long winded explanation, but not only did you not do that, the post you sent was just too cool!"

"It wasn't me!"

"I know! If it wasn't for you saying that it wasn't you, I would have thought it was you!" You Tang patted her shoulder, "After all, our Qing Chen is so prideful!"

Luo Qing Chen gave a soft snort before revealing a smile, "It doesn't matter, no matter who it is, the other person shouldn't be an enemy!"

When she had been pushed to the edge, there was someone who silently stood out and cleaned her image in an unbelievable manner.

It was.....a bit handsome!

After class, Luo Qing Chen planned on looking for He Jin Nian to check up on him. After all, if he really caught a cold, it was a bit related to her.

But when she arrived at his room in the school dorm, his bed was empty!

"That, where's He Jin Nian?"

"Oh, it's Qing Chen." Xiao Xiao with glasses who was sitting outside greeted her and said, "Jin Nian moved out, didn't he tell you?"

"What? He moved out?!"

It turned out that He Jin Nian didn't not go to class because he was sick, but because he was moving!

He.....Where was he moving? Why didn't he tell her at all.....

### **Chapter 1918: Hello, my mister confidant (Part 21)**

On the way home that night, she called He Jin Nian two more times, but no one picked up.

When she was standing at the door of her house, she could hear the sound of the phone ringing inside.

The key that was in her hand fell to the ground.

What was this? Was there a thief in her house?

Luo Qing Chen was about to bend down to pick up the key when the door opened.

The light from inside fell onto her face and she was stunned. Before she could even look up, there was a voice that was as cool as water that came from inside.

"You're back? Come in and eat." He Jin Nian saw her surprised expression and his lips couldn't help curling into a faint smile.

He turned around and cleared his throat before acting indifferent by making that smile disappear.

"You....." Three seconds later, Luo Qing Chen ran into the kitchen and looked at him with a shocked gaze, "You took a key to my house?"

He Jin Nian looked at the brand new keys on the stand by the door, "Accurately speaking, your house keys are also my house keys."

Without knowing why, when he said this, there was a strange sense of happiness in his heart. He felt like he had found a loophole in the game of words.

"You moved in?" Luo Qing Chen wasn't a fool. Although He Jin Nian didn't directly answer her question, she could pretty much guess the answer.

He rented the first floor and became a tenant like her.

When it came to He Jin Nian's family, both she and the previous host only had childhood memories.

He Jin Nian's parents had been working hard in the past few years. Whether it was the start of the school year or parent teacher conferences, his parents didn't come.

She suddenly felt that He Jin Nian was a bit lonely. No matter how good he was, there was no one to share the joys and sorrows of his life.

"Un." He softly replied, "I will be living under the same roof as you in the future. You know that I like cleanliness, so....."

"I also like cleanliness, I like it more than you!" Luo Qing Chen narrowed her eyes and said, "The agent never told me that a tenant was moving in on the first floor. How did you do it, could it be that you're the landlord's destined person?"

When You Tang wanted to rent this place, even after she offered to double the rent, the other side didn't agree.

The reason was the same, she wasn't the destined person.

Now that He Jin Nian had become this destined person, it was simply unbelievable.....

"I am that destined person." He revealed a faint smile, "I made the braised prawns that you love, come and eat after you wash your hands."

Luo Qing Chen had a look of doubt in her eyes, but there was no reason to refute him.

On the other hand, she was happy deep down because didn't that mean that her position in He Jin Nian's heart was different from before?

She was no longer in the black and white zone of being his best friend, the relationship between them was a step further than friends.

After eating her fill of dinner, dessert was mango sago which had a strong taste of mango that filled her mouth.

It had to be said, He Jin Nian really understood her. She liked to eat sweet things and whether it was the prawns or the sago, he had made it sweet to adjust it to her preferences.

After eating dinner, Luo Qing Chen sat on the sofa in the living room to watch TV. There was a large TV in the living room on the first floor, but since she didn't rent the first floor, she had never used it before.

But now she would enjoy He Jin Nian's benefits

### **Chapter 1919: Hello, my mister confidant (Part 22)**

"The final exam is about to come, are you sure you don't want to review your homework?" He Jin Nian sat down beside her after clearing the table with his calm eyes and that unique indifferent aura of his.

Luo Qing Chen would have thought that if it wasn't because the relationship between her and He Jin Nian couldn't be any closer, she would have thought that this person who sat beside her didn't like her at all.

"The boat will naturally head to the wharf. As long as my score passes yours, it's a success." Luo Qing Chen leaned back on the sofa, "He Jin Nian, you just wait! I will be first this time!"

"I've already heard this for many years now." He gave a shrug as emotion from long ago appeared in his eyes.

Luo Qing Chen blinked and cleared her throat, "The past is the now, the present is the present."

The previous host wasn't her. The previous host wasn't good with big numbers and through her effort, she was able to get a stable mark on the exam with basically no mistakes, but that didn't mean that there were no mistakes at all.

Every time the previous host didn't match He Jin Nian was mainly because of these big numbers.

“There’s been no progress even though I’ve heard this all these years.” He Jin Nian raised his finger and tapped between his eyes, “Study a bit after watching TV, we can review together.”

Luo Qing Chen wanted to reject this since she had a brain that could instantly answer any math questions.

But it’s a request from the lord male lead, so how could she not go?

At half past nine.

It had to be said, He Jin Nian really was fast. He had pretty much cleaned out the first floor that had been covered in a white cloth in just a single day.

The European styled study really suited his style.

“Speaking of which, did you take the day off just to move?” Luo Qing Chen took a sip of the sweetened coffee, “There’s no rush to move in, but you’re skipping classes because of it!”

Objectively speaking, in Luo Qing Chen’s eyes, He Jin Nian wasn’t someone who would skip class for this!

“It was very important to move.” He took the pen and put three question marks on her paper, “What about the process?”

“Ah, I don’t like writing it.” Luo Qing Chen blinked before changing the topic, “Mister tenant, can you tell me how much the landlord is charging you for rent!”

After all, they were both tenants, so she wanted a comparison.

He Jin Nian tapped the pen on her head and said, “Do you think that if you write the answers without the process, the teacher will give you full marks?”

“They won’t?”

“You can try it, perhaps we won’t be on the same list then.” He Jin Nian narrowed his eyes and revealed a smile, “It seems like you don’t want to beat me.”

Luo Qing Chen rubbed her head as she refuted with a proud look, “It can’t be that you really think that I can’t beat you, right!”

“Could it be that you’re hiding it?” He Jin Nian looked at her with a bit of sparkle in his eyes, “How about we make a bet!”

“Another bet?” Luo Qing Chen knitted her brows, “I was clearly the winner last time at KTV, but I didn’t feel like I got anything!”

“The loser last time was Xiao Pang, you can go look for her.” He Jin Nian shook the phone in his hand, “I can give you her number.”

“.....” She rolled her eyes, “I don’t want it.”

“So are you betting or not!”

“Let’s bet! It’s fun to bet on things.” She revealed a smile, “Whatever bet you want, I’ll go along with you!”

### **Chapter 1920: Hello, my mister confidant (Part 23)**

“How about the final exam?” He Jin Nian seriously looked at her with a different emotion in his eyes.

“Alright! What are the stakes?” Luo Qing Chen wasn’t worried at all since she was quite smart.

When a man wants to bet with you, he must expect something and your position in his heart is different from other people.

“I will do one thing you want if I lose, otherwise.....”

“It can’t be that you want me to kill someone, right!” Before he finished, Luo Qing Chen cut him off and asked this.

He Jin Nian narrowed his eyes as he looked at her and softly said, “Of course not!”

“Deal!” Luo Qing Chen slapped the table without another word, “I like excitement!”

—

That night was the best sleep that she had since coming here.

Perhaps it was because there was another person in her house or perhaps it was that person who made her life happy.

So much so that when she walked on campus the next day, she had a wide smile.

You Tang beside her shook her head and gave a sigh, “It’s said that a woman in love is the most terrifying thing in the world, I understand this now!”

“What?”

“Xu Ze Yan!” You Tang blinked as she looked at her, “Didn’t you see the follow up on the post?”

“Follow up?” Luo Qing Chen gave a shrug before saying with a cold smile, “That doesn’t have anything to do with me, I have always been aloof.”

She wasn’t wrong! It wasn’t related to her at all how the post went, why would she care about the follow up of that scum!

“Ze, ze, ze!” You Tang raised her thumb, “Fang Xiao Jing posted an explanation to clarify her relationship with Xu Ze Yan. Everyone seems to believe Fang Xiao Jing since there weren’t any pictures of them crossing any lines in that post.”

Luo Qing Chen heard this and gave a nod, “This is enough. Compared to following up with those idiots, I would rather find out who the god that made the post was!”

It can’t be that there were more men who were in love with her, right!

It was the same physical education class and it was the same bench, but Xu Ze Yan was gone. It was said that he was sick these days and it wasn't a light illness.

But even if Xu Ze Yan didn't appear, that didn't mean that Fang Xiao Jing didn't appear. Luo Qing Chen sat far away, but she still saw Fang Xiao Jing trying to 'hook' He Jin Nian.

Since they were far away, Luo Qing Chen didn't know what she was looking for him for, but she could guess what it was about.

He Jin Nian gave a nod and then followed her off in another direction.

Luo Qing Chen knitted her brows in a displeased manner. Could it be that they were going to talk in private?

She suddenly felt unhappy. He Jin Nian was usually quite smart, so why could he have the ability to recognize cheap girls!

Could it be that he couldn't see that Fang Xiao Jing was another fake girl?

At the same time, on the other side of the field, Fang Xiao Jing summoned all her courage to explain to He Jin Nian.....and confess again!

"Jin Nian, I don't know if you know about what happened on the forums....." Fang Xiao Jing looked at her with teary eyes, "But you have to believe me that those photos were faked. It must be from someone that Luo Qing Chen found to whitewash herself, otherwise who would even care about Xu Ze Yan!"
