

Quick T 1921

Chapter 1921: Hello, my mister confidant (Part 24)

After being so agitated, Fang Xiao Qing's tears began coming down. Novels said that men would have a strange desire to protect women. When a beautiful woman was crying in front of a man, no man would be able to resist.

Actually, it wasn't just Fang Xiao Jing who heard this before, He Jin Nian heard the same.

His heart wasn't moved at all, rather he found this a bit funny.

After all, the person closest to the truth was no one other than.....him!

"I don't think you need to explain to me." He Jin Nian coldly looked at her, "After all, we don't know each other."

Every one of He Jin Nian's words seemed cold, as if there was a chill that kept people thousands of miles away.

"No, I have to explain!" Fang Xiao Jing desperately shook her head and there were still tears on her face as she bit her lip to say, "I like you, I've liked you since we first met! Can you accept me?"

When Fang Xiao Jing first saw the post online, the first thing she thought was to take the lead!

She had to distance herself from Xu Ze Yan and the best way to do so was to start dating!

In her eyes, He Jin Nian was the only one qualified to fall in love with her! She really didn't care about the other men.

She took a bet, using her beauty to create this chance. Even if she lost, at least she would leave a good impression on He Jin Nian.

After all, she didn't want him to misunderstand the relationship between her and Xu Ze Yan!

"Sorry, I don't like you." He Jin Nian said in a calm voice that didn't give off any emotions.

As soon as his voice fell, he turned to leave, but Fang Xiao Jing grabbed his arm.

"Do you.....not believe me....." She lowered her head in aggrievement and said with red eyes, "I really have nothing to do with Xu Ze Yan, those photos are all fake!"

Why? When she put down her pride like this to confess, she received such a cold treatment?

In the past, it wasn't like she didn't see people confess to He Jin Nian. Although he rejected them, it had never been this cold.

Why did He Jin Nian feel so cold to her, like she was his enemy.....

"I don't dare to say what is between you and Xu Ze Yan." He forcefully shook off her arm and turned to look at her with cold narrowed eyes, "But the photos are definitely real."

Fang Xiao Jing was surprised. Seeing the firm look in his cold eyes, she said with a bit of agitation, "I know why you are saying this! Luo Qing Chen is your good friend, but you shouldn't lose your mind over a bunch of composite photos for a friend. If she's wrong, she's wrong."

"Oh?" His dark eyes had an endless chill as he said, "I really want to know why you say that she's wrong, what is wrong?"

He wasn't willing to say anything bad about her, so how could this girl named Fang Xiao Jing do so?!

"I....." Fang Xiao Jing's eyes flickered before she took a deep breath and said, "As the saying goes, nothing can come out of nowhere. Xu Ze Yan made that post because of her.....She clearly has a boyfriend and she tried to hook up with you!"

Without knowing why, when she said those final words, she didn't have any confidence.....

After all, the other person that Xu Ze Yan was complaining about in his post.....was He Jin Nian.

"I'll say three things, listen well." He Jin Nian's eyes were extremely cold at this time as his deep eyes started right at Fang Xiao Jing, "First, she has no boyfriend right now. Second, no matter who's at fault, it isn't her. Third, the photos aren't fake because I took them."

"What.....You.....You....."

"Oh! Right! There's no reason for my protection."

Chapter 1922: Hello, my mister confidant (Part 25)

Fang Xiao Jing never thought that He Jin Nian would say such rage inducing words.

There's no reason for my protection.....

So in He Jin Nian's eyes, Luo Qing Chen always belonged to him?

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

When Luo Qing Chen heard this notice from the system, she was frozen in place.

What was this? Why was he strangely giving her affection?

Could it be that he saw the wind blowing the hems of her clothes, which made her look so enamouring, so cute?

Of course, Luo Qing Chen would never know that He Jin Nian couldn't see her at all.

This kind of affection was because he had a bit of possessiveness at this moment.

He didn't want to hear others say bad things about her, he didn't want to hear others accusing her, and he didn't want her getting mixed up with this kind of stuff.

He strangely wanted to protect her, using everything that he could.

Fang Xiao Jing stood there for a long time with a completely red face. The shame at this moment made her want to dig herself into a hole to hide.....

When she looked up to explain, He Jin Nian was already gone.

It seemed like.....those rumours were true.

It seemed like.....the reason why He Jin Nian didn't get a girlfriend over the years was because there was already someone in her heart.

She suddenly felt that she was very ridiculous, pathetic and ridiculous.....

Based on what? She was the department flower of the music department, she was the princess that everyone loved, how could she suffer like this?

"Ding ling." Her phone rang and it was from her cousin Fang He who just came back from abroad.

"Big sister, I called you several times, why didn't you answer?" An evil charming voice came from the other side of the phone.

"I was angered by someone!" Fang Xiao Jing's aggrieved tears came down.

Fang He on the other side tried to comfort her while saying, "Big sister, don't worry. I will definitely catch her and then dump her to get revenge for you!"

"You have to keep your word! Ying, ying, ying!" Fang Xiao Jing tried to act cute when she hung up on her cousin since she knew that her cousin knew about women very much.

In other words, there was no girl that he couldn't get in this world.

—

Luo Qing Chen leaning on the stone bench saw He Jin Nian come out alone from the corner. There was a sparkle in his eyes as he came towards her.

With his back to the light and the summer breeze blowing the hem of his dress shirt, it was a beautiful scene.

She was in a bit of a daze looking at him. Such a beautiful person was pleasing to the eye.

Until he gently tapped on her head before his cool voice slowly said, "What are you looking at that you're in such a daze?"

His eyes were tender and there was a faint smile on his lips.

Actually, he knew that she was looking at him while he had been walking. Those eyes filled with a bit of admiration made him feel very happy.

"Ke, ke....." Luo Qing Chen heard this and cleared her throat when she came back to her senses, "I'm watching them play basketball!"

As soon as her voice fell, there was a ball that rolled to He Jin Nian's feet. His eyes glowed as he slowly picked it up. He revealed a smile when he turned around and the ball went in a perfect arc in the air.

It landed right in the basket.

“Wa!” There was a cry of shock that came from around them.

Luo Qing Chen looked up at his back. At that moment, she felt that she knew what was called accidental radiance.

Chapter 1923: Hello, my mister confidant (Part 26)

He Jin Nian didn't seem to care at all as he sat down beside her after throwing it and asking, “What do you want to eat tonight?”

His voice wasn't loud or soft and people that didn't care wouldn't hear it, but there were plenty of people that cared right now....

Luo Qing Chen felt that she was in a position that everyone envied.....

“Un, western food?” She put her hands in her pocket and acted casual as she said, “How about a bottle of wine?”

She was certain that her alcohol tolerance was better than He Jin Nian since he had gotten drunk last time and she hadn't.

She really wanted to know whose name he would cry out if he got drunk again.

Was it Chen Ying Ying.....or hers.....

Without knowing why, she was very concerned about what he said that day.

His family's Ying Ying? What a joke.....

“Alright.” He Jin Nian looked at the sky and said, “It seems like it's going to rain. You go home first, I'll go to the supermarket.”

Luo Qing Chen turned to look at He Jin Nian listing what to get and she felt a strange warmth in her heart.

The previous depressed feeling was completely swept away.

Actually, sometimes these normal days make people feel even more warm.

Because they knew each other so well that there's no conflict even when living together.

It really was good.....

—

She went home and took a shower.

Luo Qing Chen stood in front of the full length window in the living room and watched as thunder roared outside.

She had called He Jin Nian three times and it hadn't connected, so she was strangely worried. Then there was a piece of news from the TV that kept making her feel even more unsettled.....

"Double typhoons have arrived in our city at seven tonight, we hope that everyone will travel safely."

"Ding dong." The doorbell then rang.

Luo Qing Chen went to the door right away and when she saw He Jin Nian, she calmed down.

"Why are you so late....." She took the things in his hands and changed the topic.

"Un, I was buying the wine you liked, so I went to the wine shop in the western suburb! Ke, ke....." When his voice fell, he couldn't help giving two coughs.

Luo Qing Chen heard this and felt that his face didn't look that good.

"You can just buy some beer if it's raining this much....." Luo Qing Chen knitted her brows, "Go and wash up, don't catch a cold."

"That....." His eyes were calm as he said with a chuckle, "I'm afraid that it's too late....."

Luo Qing Chen was a bit confused by He Jin Nian's words at first, but then she understood.

The scorer of the school deserved his place, he knew exactly when he was sick!

But his steaks really were delicious.....

"You're this stubborn even when you're sick, you're still insisting on cooking!" Luo Qing Chen took the cold medicine from the medical box and said, "It isn't like what I made isn't edible!"

"Ke, ke.....What you make....." He Jin Nian looked at her with a gaze of doubt, "Really isn't edible."

Luo Qing Chen saw his firm look and couldn't help being a bit speechless. The previous host's cooking skills were indeed that bad, but her cooking skills weren't that bad, alright?

"It's a waste of a good bottle of wine, you won't be able to taste it." Luo Qing Chen shook the bottle of Lafite with a smile on her face.

"That isn't certain." He Jin Nian took out two glasses and said, "There's a process in getting sick. Before the virus completely infects the body, let's have a few drinks."

"What?" Luo Qing Chen was stunned as she heard his 'twisted reason'. She wanted to stop him, but she didn't know what status to use.

Roommate, classmate, or.....good friend.

Chapter 1924: Hello, my mister confidant (Part 27)

"What are you in a daze for?" He skillfully opened the bottle and raised his glass, "Let's touch glasses."

Actually, only he knew that he did this on purpose. He strangely wanted to drink wine, he strangely wanted to see her care about him.

It turned out that liking someone would create this kind of feeling.

He had never felt this feeling before.

Luo Qing Chen was hesitating very much, but she still raised her cup as she looked at him and said, "Is there something in your heart?"

She felt that with He Jin Nian's personality, he wasn't someone who wanted to drink wine, someone who acted this strongly.

Normally, highly intelligent people wouldn't act like this.....

So what was going on today?

"Un, I have something on my mind." He didn't deny it. His eyes were a bit blurred as he drank all the alcohol.

No one knew what he wanted to do the most at this moment, only he knew.

But he couldn't do it because he was afraid, more afraid than anyone.

If the other side could see through him, would what he received be lost.....

"No wonder....." Luo Qing Chen slightly knitted her brows. She thought about when he spoke to Fang Xiao Jing alone today.

Could it be that Fang Xiao Jing had said something?

Could it be related to the post?

"What are you thinking?" There was a faint blush on his beautiful face. It was probably because he had a fever that he didn't look that energetic.

But his deep eyes had never moved away from her the entire time.

"I'm thinking about what you talked to Fang Xiao Jing about today." Her eyes trembled as she took a sip of wine, "It should be related to the post on the school board!"

He should absolutely trust her, so even if she didn't say anything, he should still absolutely trust her.

She had never doubted this before.

"Un." He gave a slight nod before drinking another full glass, "Then she confessed."

"You accepted?"

"Whether I would or not, don't you know better than anyone?" He Jin Nian laid back on the sofa as a sparkle appeared in his beautiful eyes, "I thought you would be more concerned about the post on the forum."

After all, on that afternoon, he immediately stopped with the move and made his post after seeing that post.

He didn't like Xu Ze Yan, he didn't like him from the bottom of his heart.

Since he met Luo Qing Chen, there were quite a few people who confessed to her. But she didn't accept a single one of them, she had to confess to Xu Ze Yan.

In his eyes, Xu Ze Yan was a true scumbag.

He vaguely remembered that there was a bit of rain in the sky when she confessed to him. He stood by her side, watching her give someone else that love letter.

There was a crack in his heart, but he didn't feel sad.

At that moment, he had confirmed something that he had been questioning for a long time.

Did he have 'other feelings' for his 'best friend'.

Facts proved that he didn't. Moreover, after she had Xu Ze Yan, their relationship faded.

It was like those lyrics said: No need to choose, I will become a friend.

He could accept that she had a boyfriend, but he couldn't accept that boyfriend was a scumbag, so he got those pictures.

After all, with his family's status in A City, it was very easy to follow someone and get a few pictures.

"I don't care!" Luo Qing Chen heard this and put a large piece of steak in her mouth, "I know that you wouldn't believe."

For her former best friend, she still had this bit of confidence.

Chapter 1925: Hello, my mister confidant (Part 28)

"Of course I wouldn't believe it." He Jin Nian looked up at her feeling a bit drunk, "So do you still like him?"

Perhaps without the alcohol, he would have never asked this kind of question.

But today, he wanted to ask this question very much. With his high fever and with the alcohol.

"What if I said that I never liked him since the beginning?" Luo Qing Chen slowly stood up and gently placed her right hand on his burning forehead, "You're drunk."

Without knowing why, when she looked into He Jin Nian's eyes at this moment, she felt a bit distressed.

She felt that he had trapped his heart, not daring to go forward and not willing to go back.

He heard this and put his head on the sofa. He closed his eyes and his lashes trembled as he softly said, "Then why did you confess to him?"

There was a long silence that filled the air.

Luo Qing Chen also seemed nervous because of this relationship. She was afraid that if she accidentally said something wrong, she might lose something important.

At this moment, she felt that she had completely integrated into the character set in this world.

There was a person who was your best friend, but you and him were opposite genders.

You would tell him immediately if there was a good movie, you would go to a good restaurant with him, you would buy something you see on the street that suited him right away.

You would tolerate him very much and he would tolerate you very much. You wouldn't be made if he ditched you for a movie, you wouldn't even be mad if he suddenly disappeared for a few days.

You would only make a single call to make sure that he was busy.

There was no need to consider a future between you and him and there was no parting because of finances, you would only live in the present.

But there was a skipping of the heart from time to time.

For example, when you see him being close to someone else of the opposite gender, you would feel strangely uncomfortable.

You and him would have a direct relationship between friendship and love, a gray zone that no one could go through or surpass.

"I....." She took a deep breath to say something, but she found that He Jin Nian fell back on the sofa.

She felt a bit of regret, but also she let out a big sigh of relief.

Although her mind was in chaos, Luo Qing Chen felt that she should be alone for a while.

She covered him with a blanket that was on the sofa and watching him sleep, she narrowed her eyes to say, "I confessed to him because I wanted to see your reaction."

This was perhaps the previous host's true intentions, or perhaps this was the answer Luo Qing Chen wanted to give him.

She was not afraid of confessing, she was afraid of the loss that came after it.

Because they were best friends, because the setting of the story was too confusing.....

When she planned to pour him a cup of hot water to take with his medicine, something grabbed her left wrist.

"You're.....awake?" Luo Qing Chen felt her heart beating fast.

Could it be that what she just said.....he, he, he.....had heard it?

In an instant, without waiting for her to come back to her senses, the other side pulled hard and she fell onto the sofa, entering into a warm embrace.

There was the faint scent of alcohol and He Jin Nian's scent around her. He didn't open his eyes, but his right hand held her face.

Without any hesitation.....

Directly.....

Kissed her.....

[Ding, affection has increased by twenty. Mission completion rate is now 70%.]

Chapter 1926: Hello, my mister confidant (Part 29)

It was night and it was so quiet, but she kept tossing and turning because of that one kiss.

He Jin Nian was sleeping well downstairs, but Luo Qing Chen kept thinking of how he had kissed her.

With those drunk and blurred eyes, he had been half drunk and half awake as he kissed her.

Was he awake or had he been drunk?

The next morning, it was a Monday full of classes.

The breakfast was on the table like normal, a cup of honey milk and toast.

Nothing seemed to have changed, the only change was that the person who ate breakfast with her had disappeared.

It was still raining heavily, but her mood was completely different from yesterday.

When she entered the classroom, she immediately saw He Jin Nian. His face didn't look good, but he was happily talking to the girls in front of him.

She suddenly felt a strange sense of heartbreak. It was like because of that kiss, they were no longer as comfortable with each other anymore.

Perhaps he didn't even remember that kiss.

"What is it! Why do you look so absent minded?" You Tang looked at the random line of words she wrote in her English notebook before looking at her, "I rarely see you having this kind of artistic talent."

Luo Qing Chen was surprised before looking at the line that she had written.

"If you like someone else, you are no longer my hero....."

She didn't know why she wrote this, perhaps it was just what she was feeling.

"Nothing, just in a bad mood."

"Come.....is it that time of the month?"

You Tang's voice was a bit loud and the surrounding students all looked at her. Luo Qing Chen could feel a special gaze among these other gazes.

It was from her friend of ten years, He Jin Nian.

Luo Qing Chen covered You Tang's mouth, "Don't speak nonsense, it's not that."

He Jin Nian didn't talk to her at all during the morning. Although they normally didn't talk all day before, she couldn't hold back today.

When she was thinking about how to talk naturally, a girl from outside the window pulled on her sleeve and said, "Classmate, can you help me give my love letter to classmate He Jin Nian....."

Luo Qing Chen narrowed her eyes as she turned to look at this girl. A neat uniform, big eyes, a ponytail.....

It seemed like He Jin Nian attracted this kind of girl!

Seeing that Luo Qing Chen didn't say anything, the other side said, "That.....This is my friend's love letter, I'm just helping her pass it on because she's shy."

"Oh....." Luo Qing Chen understood as she looked in the direction the innocent looking girl was pointing in. There was a girl with dyed curly hair and waist high leather pants, making her look like a bad girl.

Luo Qing Chen changed her mind. There were many girls that were fascinated by He Jin Nian, it wasn't good to categorize them.

"Got it, I'll help you hand it to him." Luo Qing Chen waved the love letter in her hand, "But school hunk He Jin Nian hasn't had anyone he liked in all these years, it isn't good to persist on loving something."

She admitted that she was being a bit selfish when she said this.

After all, she could see a different kind of expectation in the eyes of the girl in front of her. A boy who was too excellent would be loved by many people and it wasn't wrong to like the same person as your friend.

Deliberately hiding it, it was because friendship was more important.

The other side was surprised before quickly saying, "Thank you, I will remind her."

"I was saying it for you."

Chapter 1927: Hello, my mister confidant (Part 30)

As soon as her voice fell, Luo Qing Chen turned to head in He Jin Nian's direction without any hesitation.

This love letter was her chance to 'get close'.

"Ke, ke, classmate school hunk, your love letter." Luo Qing Chen put the pink envelope on the table and then looked at him to say, "Are you better?"

He Jin Nian slowly picked up the love letter with his right hand as a calm look appeared in his eyes when he looked at her, "Much better."

Luo Qing Chen never would have known that He Jin Nian was even more nervous than her at this moment.

He had probably crossed a line last night. Before he was sure about what the other side thought, he couldn't hold back and kissed her.

He had been tossing all night.

He was afraid that the friendship that he had built over the years had been ruined because of his impulsiveness. He didn't know when it started, when he started to understand his heart.

He wanted to become the most special person in her life, whether it was as a friend or a lover.

As long as he was the most special one, he accepted it.....

But last night, did he make a mistake.....

He wanted to make their relationship closer, but he was afraid that a mistake would be irreversible.

"You were drunk last night." Luo Qing Chen bit her lip as she looked at him and said, "Do you know?"

She seriously looked into his eyes as she tested him with each word. She wanted to see some kind of ripple in those eyes, but she found that those beautiful eyes were as calm as still water.

"Un, it seems so." He Jin Nian revealed a smile, "But my tolerance is quite good, so you can be assured.

"You're certain?" Luo Qing Chen sat in front of him and lightly tapped the table with her right hand, "You've said a lot and took some.....ke, ke.....action!"

When she said the latter part, Luo Qing Chen's face couldn't help turning red and she looked at the window.

"Oh? What did I say?" He Jin Nian suddenly looked at her with those eyes that were as deep as ink.

At this moment, he decided that if she mentioned it, if she didn't hate the idea of taking their relationship to the next level, he would confess.

He was waiting, waiting for a sign. Even if it was a small sign, he would do his best to head forward.

But Luo Qing Chen didn't understand. This kind of relationship made her unclear of what he was thinking, if it wasn't for the system telling her step by step.

She wouldn't even be able to see a different emotion in He Jin Nian's eyes.....

"You said that the wine tasted good....." Luo Qing Chen bit her lip. After taking a deep breath, she said, "Also.....that I looked very good!"

If she was to tell him about how he had kissed her after getting drunk like this, she really couldn't do it.

"You always look good." He Jin Nian looked up and said, "After the next exam, we can go drink at a bar!"

Luo Qing Chen saw a bit of excitement in his calm eyes, which was also a look of expectation.

"Alright!" She raised her right hand to touch his forehead, "Then it'll have to wait until you get better!"

"Good." He nodded and revealed a smile.

The rain outside didn't stop, but for some reason, Luo Qing Chen felt that her depressed mood was gone.

Perhaps it was because of this eighteen year old youth that she would be happy or sad with a single sentence.

Un, it turned out that He Jin Nian was this charming!

Chapter 1928: Hello, my mister confidant (Part 31)

The next exam would be on Friday. He Jin Nian never would have thought that some things wouldn't go as planned.

For example, the next day, there was a student who transferred to A University. No one knew where he came from, but the moment he transferred in, his eyes had never left Luo Qing Chen.

"This is the last transfer student of our department 20 class 1 for this semester, Fang He. He came from Singapore." The counselor said with a smile, "Classmate Fang can just find a random spot to sit in."

Fang He gave a gentlemanly nod and then walked in Luo Qing Chen's direction without any hesitation.

He was very handsome, with his white dress shirt, his chestnut brown hair, and those peach eyes that could dazzle thousands of girls. It was almost like he had a halo around him.

"This classmate, can I sit next to you?" He leaned over and whispered in Luo Qing Chen's ear.

You Tang sitting beside her pouted her lips and said, "Can't you see that there's already someone here!"

Although he was very handsome, he couldn't just ignore her like this! Boys who were arrogant made people hate them.

"I'm sorry, I'm talking about the empty seat over there." Fang He went to a seat in the second row.

Everyone looked at Luo Qing Chen with looks of interest. After all, Fang He didn't ask the person in the second row, but rather he asked Luo Qing Chen in the third row.

"You can, you can, there's an empty sport here!" However, the girl in the second row didn't care that she was a 'spare tire'.

On the contrary, she happily waved at Fang He with an enamoured look on her face.

Luo Qing Chen slightly knitted her brows and looked up with a bit of nervousness to meet He Jin Nian's cold eyes.

Seeing her look up, he looked aside and felt strangely dissatisfied.

In the past, many people had confessed to her. Even when he saw her give Xu Ze Yan that love letter, he didn't feel that bad.

But now it was like a boulder pressing down on his chest, making him unable to breathe.

What was going on with him? Could it be that he cared this much?

He was completely absent minded that class. There was a voice in his mind that kept bugging him. The voice kept saying: That transfer student was just casually asking.

Perhaps he didn't mean anything else, perhaps.....he didn't have any thoughts towards her.

But this kind of trouble only bugged him until after school.

Because Fang He had confessed to her without any hesitation in front of everyone.

“Classmate Qing Chen, I am Fang He. It might be abrupt to say this, but I want to tell you.....” He raised his hand and made a flirting gesture without warning, “I fell in love with you at first sight. If you’re single, can you give me a chance? If you’re not, I will steal you away!”

His voice wasn’t loud or soft, but all the students had heard him.

Countless gazes fell onto Luo Qing Chen and they were all looks of shock.

Even Luo Qing Chen who had been in love stories for a long time was scared by Fang He.

This.....This was too direct!

Luo Qing Chen’s first reaction was to look at He Jin Nian. His hands were in his pocket and he leaned against the wall as he looked at her with a dark look.

At this moment, he suddenly hated himself very much when he saw someone else confess to her.

Very.....very.....very much!

Chapter 1929: Hello, my mister confidant (Part 32)

Luo Qing Chen wanted to say something, but she found that her words were stuck in her throat.

If the person who had confessed to her wasn’t the transfer student and He Jin Nian, would they have crossed the gray zone and have become the only ones for each other who couldn’t be replaced?

“Sorry, I like someone else.” After a while, Luo Qing Chen turned back to look at Fang Hu, “Not to mention that I don’t believe in love at first sight. Love at first sight is just a plot that has been planned for a long time.”

Luo Qing Chen was casual when she said this, but she never thought that Fang He’s expression would change. Or rather, it was that his expression became more serious.

“But I believe.” Fang He gave a shrug, “The future is long.”

As soon as his voice fell, he blew her a kiss and left the classroom while everyone watched.

The gossipers exploded and all kinds of whispers could be heard.

“Wa, the department flower really is charming! How did the transfer student fall in love at first sight?”

“Perhaps he saw on our school forums that the department flower threw away the scumbag, so he came to heal her heart!”

“Yi.....would it be that exaggerated?”

“To be honest, there are quite a few people who like Luo Qing Chen, this is the first one who was this bold!”

“Perhaps it’s because he’s this bold that there’s a possibility between the two of them!”

“Ai, ai, ai, didn’t you forget that the department flower has the school hunk.....Would she like him?”

“Aiyo, silly girl, they haven’t gotten together after ten years, it means that they will never be together!”

.....

Luo Qing Chen didn’t know who said the last sentence, but she knew that He Jin Nian left the classroom after he heard this.

No one noticed him and he had fallen from his dazzling position.

Luo Qing Chen and Fang He were at the center of attention right now!

—

At the same time, at the Fang Family’s house.

“How is it? How was your first day at school?” Fang Xiao Jing asked her cousin this while painting her fingernails.

Although she was assured in his flirting methods, she still couldn’t wait for the results.

“I feel that this girl.....” He paused for a bit before taking a sip of the champagne on the table, “Isn’t bad!”

Without knowing why, there was a strange feeling the first time he saw her, but this feeling was hidden in his heart.....After all, he was a man who had seen thousands of flowers and they never touched his body.

There was no woman in the world he couldn’t take care of and no woman in this world whose hearts he couldn’t break.

The meaning of his existence was to let girls experience the span between happiness and misery. Giving them perfect love and care and then smashing their hearts into the ground.

In his eyes, he considered himself a great person because he could let these girls taste the emotions of life!

“Don’t let yourself be moved! You promised me that you would play with her!” Fang Xiao Jing warned him with a serious look as she revealed a sharp look.

“Relax, don’t you know who I am?” Fang He drank the champagne as he said, “I’ve never loved a person and won’t love anyone in this life.”

“That’s good! Big sister will watch your performance!”

“I’ve received your orders!”

Chapter 1930: Hello, my mister confidant (Part 33)

The next morning, when Luo Qing Chen woke up, there was breakfast on the table, but He Jin Nian wasn't there.

Since it was raining, the physical education class changed to self study. He Jin Nian seemed no different from usual, but his calculus textbook had been on the same page the entire time.

Of course, Luo Qing Chen didn't know this.

It was unknown where Fang He got it, but he had bought her all kinds of breakfasts this morning that everyone was envious of.

She politely returned them all and kept looking over at He Jin Nian from time to time.

He didn't pay attention to her and focused on the textbook in front of him. From time to time, there would be girls that came up to him to ask questions with their textbooks and he patiently helped them all.

Luo Qing Chen suddenly felt a bit confused. After all, she had 70% affection, so why did their relationship stagnate?

Did he care or not?

This question had been in her mind for a long time. She could guess that he did care, but he didn't show it.

He was so cowardly? Was he only messing around when he got drunk?

Luo Qing Chen felt angry and wanted to head in his direction, but Fang He was soaked as he appeared in front of her with a light pink umbrella in his hand.

"Here." He looked up with a bit of domineering in his eyes as he said with a smile, "I saw that you didn't bring an umbrella when you came. It'll rain for several more days because of this typhoon."

Fang He's voice wasn't loud or soft but it attracted the attention of many classmates.

After all, this was considered 'gossip' in their eyes.

"Un, I suddenly feel that Fang He is so gentle!"

"Come on! There's no such thing as love at first sight in this world, it's all about vanity!"

"So what? Being pampered by someone like a princess for a few days is also a kind of enjoyment!"

"Then let's just see if our department flower will become drunk on his gentle words!"

"You are all so noisy! What if they really did fall in love at first sight! Qing Chen must be very hurt because of the Xu Ze Ya matter, the sudden appearance of this prince charming might be a destined thing!"

.....

“Guang dang.” A white ballpoint pen fell to the ground. Luo Qing Chen looked in the direction and saw He Jin Nian picking it up before he kept explaining to the girl with the mesmerized look on her face in front of him.

He was the same as before, like he didn't care at all.....

Luo Qing Chen narrowed her eyes before taking a deep breath to look at the pink umbrella.

Fang He was indeed very smart, but he would never know that she didn't bring her umbrella on purpose.

Because she planned on using He Jin Nian's umbrella tonight. She even prepared hot pot for two and was prepared to invite him to eat.

Actually, she felt that their relationship had become a bit strange. She only had two paths to talk, to play silly or to confess.

She chose the latter. On the Qixi Festival on Friday, she would directly wall press He Jin Nian after the exam, she wouldn't wait any longer!

If it wasn't for the friendship of ten years, perhaps she wouldn't have found it so hard.

Beyond friends and not lovers, it will make people suffer.

“There's no need for the umbrella, I've already made an appointment to go home with someone else.” Luo Qing Chen pushed the umbrella away as a trace of coldness appeared in her eyes.

She never would have known that this casual sentence from her made the heart of a certain youth fall down.
