

Quick T 1951

Chapter 1951: Hello, my mister confidant (Part 54)

"You....." Lin Miao clearly never thought that Luo Qing Chen would reply like this since she was the one who was called to the director's office yesterday.

Although the official documents hadn't gone through yet, most of Sakura already knew about it.

This three legged race that had lasted a year was about to end.

She would be the best candidate for editor in chief and the other two would have to listen to her in the future.

"Me?" Luo Qing Chen pointed at the clock on the wall, "Lin Miao, if you have nothing to do, get out. My office doesn't welcome you."

Since the other side had called her with her surname, naturally she would do the same.

If she suffered a loss in 'insulting people', she would feel uncomfortable.

"Ha, ha!" Lin Miao gave two awkward laughs before saying, "You've got skills, but I'm afraid that no matter how dumb you act, you will have to face reality!"

Lin Miao already thought about forcing Luo Qing Chen to run all over already.

The respect that she never received, she would take it all back in the following days.

"Face reality?" Luo Qing Chen narrowed her cold eyes and gave a shrug, "Actually, there are nine magazines that have offered me three times the salary to change jobs. The resources that I have are far more than yours."

Come! Let's face off! She just wanted to suppress Lin Miao, so what if she became an enemy of Sakura completely?

Lin Miao was stunned by Luo Qing Chen's words, she never thought that she would change jobs.

It was right, she had the ability to recognize talent, she would shine wherever she went.

Damn! Then she wouldn't have the chance to suppress her?

"You want to resign?" Lin Miao took a deep breath before looking at her to say, "You have to think this through, you've been at Sakura all these years, you don't have....."

"Of course not." Luo Qing Chen said with an uncaring smile, "I'm not like you, treating ten years as a single day. If you stay in just one industry, you won't make any progress at all."

When it came to insulting people, you had to hit where it hurts and this was the place for Lin Miao.

Don't call her ruthless, she wouldn't insult them if they didn't insult her, but she would return it ten folds if they did.

Even if Lin Miao took the back door, she could just walk her own path, but she had to come here to insult her.

Then she.....wouldn't hold back!

"Luo Qing Chen!" Lin Miao's voice trembled as she screamed. Her eyes were red as she pointed at her nose, "You, you.....You.....Don't you be proud! A woman with a fierce mouth like yours, you deserve having no men chase you!"

Lin Miao's retort was considered quite good.

She couldn't beat her in professional talk, so she attacked her as a person?

Interesting, interesting!

But before attacking other people's personal lives, shouldn't she look at her own?

"Then may I ask miss Lin Miao, where is your man?" Luo Qing Chen touched her ear and said with a smile, "If I remember correctly, you're about to turn thirty, right! The flowers I receive each week means I turn heads and have some success, but what about you?"

"Si!" The entire group of gossipers outside took a cold breath.

It had to be said, editor Luo's words didn't have a single swear, but it pierced people's hearts.

Chapter 1952: Hello, my mister confidant (Part 55)

In an instant, Lin Miao couldn't control herself and raised her right hand to slap Luo Qing Chen.

But the other side reacted faster and firmly grabbed her wrist.

Her lips curled as she said, "I'm sorry, I'm a tenth dan black belt. If you want to beat me, you won't even make it in time in your next life."

Xiao Man sitting beside her covered her mouth with both hands and looked at Luo Qing Chen like a little fan!

Master really was master, no matter how she looked at her, she was that dazzling.

"What are you all doing here?" There was a low voice that came from outside and everyone looked at Chen Li standing by the door.

Lin Miao's grim expression immediately changed as she revealed a bright smile. She turned to Chen Li and said, "Good morning director! I was talking to editor Luo about next month's issue."

She definitely couldn't panic. A chance that was hard enough to get had come, she definitely couldn't lose it because of Luo Qing Chen.

"Un." Chen Li's expression slightly changed and he cleared his throat, "In the regular meeting in a bit, our chairman will be coming, so everyone prepare yourselves. No matter what personal problems you have, put it aside for now."

Chen Li had naturally heard Lin Miao's loud voice just now.

He suddenly had some doubt on whether the promise of giving the editor in chief position was made too quickly.

After all, during what just happened, it was clearly that girl named Luo Qing Chen who was more suited for being the editor in chief.

When encountering any major matters, no matter how confident you were, you had to show your 100%.

Often choices were made with a single thought, having courage and plans allowed you to go even further.

After Chen Li left the office, Lin Miao didn't forget to glare at Luo Qing Chen and say in a low voice, "You just wait!"

"I'm waiting!" Luo Qing Chen looked at her with a calm smile, "I'm only afraid that you only know how to talk and there will be nothing even after waiting."

Lin Miao's face was completely red and her hands couldn't help trembling. Her heart was filled with rage and she couldn't vent it, so she could only endure it.

She had already taken the position of editor in chief, but she couldn't act arrogantly in front of Luo Qing Chen.

No, she could, she could act arrogantly.

After her appointment as the editor in chief was announced at the meeting, she could assign Luo Qing Chen any job and could take away all the pages in the A version of the magazine at will!

Sakura had a rule about resignation, a senior executive had to wait at least a month before they could resign.

She still had a month to suppress her!

After Lin Miao left, Luo Qing Chen gave a cold snort. She came to her desk to print out the information that she had prepared on Lin Miao over the past few days and backed it up onto a USB drive.

"Master, what are you doing?"

"Of course it's something to harm others and benefit myself!" Luo Qing Chen shook the USB drive in her hand, "She's this mediocre and has no use for this magazine other than being 'old'. For such a useless person, her aptitude can be seen much clearer with an analysis."

"Wa, you're waiting for the regular meeting to.....expose her?" Xiao Man looked at her with an excited look, "Master, you're so handsome!"

"Of course! After all, after being a colleague for so many years, it wouldn't be right to not give her a pleasant surprise before leaving!" Perhaps she didn't want to do this much in the beginning, but now.....

It was necessary to be this 'absolute'.

Chapter 1953: Hello, my mister confidant (Part 56)

“But I heard that QC’s chairman is a very terrifying person!” Xiao Man blinked as she looked at her, “It’s said that he’s a powerful person whether it’s in America or here.”

“A person’s ability will be the same no matter where they go.” Luo Qing Chen patted Xiao Man’s shoulder and said, “You just have to listen to the words of the seniors and let gold shine wherever it goes.”

Only the chairman’s eyes might not be good since he chose Lin Miao as the editor in chief?

Maybe his brain was run over or there was a generation gap, so he only cared about ‘years of service’ and not ‘ability’.

An hour later, there was a company announcement for everyone to gather for the meeting.

Luo Qing Chen went rather earlier because she already decided to resign, so she didn’t need to follow up on any work.

She met a serious looking Wang De on the way to the conference room. He looked at Luo Qing Chen and then lowered his head again.

“Editor Wang.....” Luo Qing Chen could guess what he wanted to say, but he felt awkward mentioning it, so she called out to him.

“Do you.....have something to say to me?”

Wang De gave a deep sigh and said, “Editor Luo, I’ve thought about it for a long time last night and I’ve decided to stay.”

Hearing Wang De say this, she was a bit surprised.

After all, she wouldn’t feel anything if there was a new editor in chief, but if that editor in chief was Lin Miao, she definitely couldn’t accept it.

“This company might be just a normal company for you, but for me.....” Wang De knitted his brows to say, “The meaning is the same as Lin Miao. The only difference is that although I am good, I hope that it will become better and better.”

Luo Qing Chen knitted her brows. Feeling the feelings of a corporate worker from Wang De, she didn’t know what to say.

Wang De continued after seeing that she didn’t say anything, “If you really resign, Sakura will definitely go downhill with Lin Miao’s abilities. If I also go, it would be hard for it to stand up again.”

Actually, what Wang De said was reasonable since he and her had much more resources than Lin Miao. Once they left, they would take a lot of these resources from the company.

“It’s your life, don’t regret the choices that you make.” Luo Qing Chen gave a chuckle before heading into the conference room.

She was indeed a person with an eye for talent, she felt that Wang De was much better than Lin Miao when she met them.

Ten minutes later, the meeting started.

Chen Li came on stage and announced some personnel changes.

“Sakura’s editor in chief position has always been empty. After analyzing the comprehensive data, the board thinks that colleague Lin Miao is the best choice.”

Luo Qing Chen stood up and said to all the directors in the room, “I have a simple powerpoint here, I hope that director Chen Li can see it before saying the words ‘comprehensive data’.”

Lin Miao’s expression changed and her hand couldn’t help trembling.

“Editor Luo, this.....”

The screen that had been dark suddenly lit up and revealed the powerpoint logo before it opened up a powerpoint on Lin Miao’s career.

“This.....Why did it suddenly open?” Chen Li was a bit surprised. Chen Dong who was sitting on his right, rushed forward to turn off the computer, but he couldn’t even control the mouse.

“Eh.” Luo Qing Chen gave a shrug with a smile, “I’m sorry, I forgot to tell everyone that my major in university was computer science, so I’ve already hacked this computer.”

“What?”

“Oh, right, if you forcefully unplug this computer to turn it off, all the computers in the company will display the same powerpoint.”

Chapter 1954: Hello, my mister confidant (Part 57)

She curled her lips into a confident smile like a dazzling queen, releasing a shining aura around her.

“Luo Qing Chen, you should be aware of this place, don’t embarrass yourself!” Lin Miao gritted her teeth as her voice trembled.

Luo Qing Chen gave a chuckle when she saw this, “Please look at the big screen.”

For the next five minutes, what she said couldn’t be described with the word “shocking”.

“Lin Miao joined the company ten years ago and you can say that she is an old employee with no credit or hard work, I won’t deny that. When you say that her comprehensive ability is above mine or editor Wang De, I can only laugh.”

“It’s editor Luo, right! Your words sound bitter, it can’t be that you’re jealous, right?” Chen Dong knitted his brows as he looked at Luo Qing Chen with anger in his eyes.

His relationship with Lin Shan had been going well, that girl looked good and she had some great skills in other aspects.

When it was their passionate period of love, how could he let someone interfere?

"It's not jealousy, after you hear my detailed analysis, would you deny that it was an inside matter?" Luo Qing Chen picked up her limited edition LV bag and walked up to the stage.

Chen Dong narrowed his eyes as he looked at Luo Qing Chen with a dark look in his eyes.

Chen Dong wanted to go forward to grab Luo Qing Chen's hand, but Chen Li stopped him.

"Uncle....."

"It's definitely not someone you can deal with." Chen Li knitted his brows and said, "We'll wait and see."

"Ke, ke." Luo Qing Chen cleared her throat while on stage, "I've made the following analysis on editor Lin's 'comprehensive ability' at Sakura. Editor Lin had never found a 'popular author' after coming to Sakura and none of the newcomers found by her subordinates have made it to the annual newcomers list....."

For a full ten minutes, Luo Qing Chen carefully analyzed every part of Lin Miao's ability and the entire conference room was stunned.

Hearing this professional analysis, it seemed like Lin Miao wasn't even as good as an intern.

This person had become the editor in chief? If she didn't take a back door, no one would believe it.

"Luo Qing Chen, your analysis is only from you. If I were to talk about you, I can give you the same useless analysis." Lin Miao who was sitting on the side had a face red with anger as she pointed at her and roared out.

:You're welcome to analyze me." Luo Qing Chen's lips curled as she took out a piece of A4 paper to put on the table. She tapped it with a finger from her right hand, "But I'm afraid.....that you won't have the chance."

The words letter of resignation were written on that piece of A4 paper, showing her determination.

Chen Dong looked at Lin Miao. Seeing that Chen Li beside him never spoke, he couldn't help saying, "Since editor Luo has decided to resign, then you don't need to participate in our Sakura's meeting!"

Everyone took a deep breath when they heard this. It was like two sides fighting and the advantage kept being exchanged between them.

The voice of the gossipers entered her ears. Although she wanted to punch Chen Dong twice, hearing that most of the voices were on her side, she was very proud.

"Actually, editor Luo is right. Editor Lin can't compare to her and editor Wang."

"Shh! Keep your voice down. Now that editor Luo has resigned, editor Lin will be the boss of Sakura, so you need to be careful."

"Ze, ze, ze, clearly having no abilities and being afraid of others talking....."

"....."

Chapter 1955: Hello, my mister confidant (Part 58)

"You're right." Luo Qing Chen narrowed her cold eyes as she revealed a cold smile, "Then wish Lin Shan well for me! Oh, right, you should know more about her silky laces better than me."

When 'Lin Shan' was mentioned, Chen Dong's expression changed. His face that tried to act gentlemanly suddenly became fierce.

"Then this miss Luo Qing Chen who isn't a part of our company, please leave our conference room immediately or don't blame me for accusing you of stealing our company secrets!" Chen Dong's words were very ugly and Chen Li standing beside him had an ugly look on his face, but he didn't stop him.

Luo Qing Chen was about to say something when she heard this, but the door to the conference room suddenly opened.

There was a bit of snow from the window and with a cold wind, the edge of her clothes were blown up.

"You're wrong about stealing company secrets." A cold as water voice slowly rang out with a determined tone, "After all, editor Luo is a major shareholder who owns 70% of the shares of the company."

Everyone suddenly turned to He Jin Nian.

He was like a bright light that took away her center of attention.

"He.....He.....Director He....." Chen Dong's voice trembled a bit. He wanted to say something, but Chen Li stopped him.

"President He, my nephew is ignorant, this matter hasn't been decided yet....." Chen Li who had been calm the whole time suddenly started to feel a bit of panic.

After all, he had heard what He Jin Nian had just said. Luo Qing Chen had 70% of the shares, just what was going on?

"Whether it's decided or not, miss Luo Qing Chen is not someone you can offend." As soon as his voice fell, his eyes fell onto Chen Li with a bit of a chill.

Chen Li was stunned before quickly lowering his head, "President He, I've mishandled this matter."

He had been with He Jin Nian all those years, so naturally he could feel the coldness in the voice of this talented young man.

At that moment, Luo Qing Chen felt her head buzz and she had forgotten to turn around.

He Jin Nian! He Jin Nian! He Jin Nian!

The boy who had overshadowed her no matter where it was.

The boy who had grown up with her, always being in the black and white space.

The boy who had used morse code to send what could be considered a confession.

He had disappeared for three years, without a single message, without looking for her.....

Now he had appeared in front of her again, what would she do?

Her brain couldn't think and she could only listen to his indifferent voice.

Desperately telling herself: This isn't a dream.

"That, president He, I.....Let me introduce myself, I am Sakura's editor in chief, Lin Miao." When she didn't know what was happening, it wasn't wrong to give out flattery first.

But He Jin Nian coldly looked at her and said, "I don't care at all who you are."

"Si!" Everyone took a cold breath and looked at each other before not daring to say anything else.

Lin Miao clearly felt very awkward and wanted to say something, but she had been completely suppressed by He Jin Nian's aura.

He came forward and stopped by Luo Qing Chen. Looking at her red eyes, he said with a grin, "I'm back."

She had imagined countless ways of meeting again, but she had never thought of what to say when she did meet him again.

She just felt like she suffocating as her heart kept jumping up and down.

Chapter 1956: Hello, my mister confidant (Part 59)

For a long time, the room was silent.

He Jin Nian deeply looked at her, not daring to go forward and not willing to step back.

He had been like this before, standing not too far and not too close. One side was light and one side was darkness.

The method that he used before, he couldn't use it now.

Above friends, lovers.....

He could be her best friend or he could be the one she entrusted her life to.

"You're back!" After the long silence, Luo Qing Chen's clear voice rang out as she turned slightly, "It's good that you're back."

She had thought of countless things, but they were all thrown out by her.

After all, what she wanted to say the most was this: It's good that you're back, it's good that you're back, it's good that you're back.

Waiting was a difficult journey. The reason why she could wait in this darkness was because there was a ray of light in her heart.

Because she had hope.

Luo Qing Chen saw the flash of surprise in He Jin Nian's eyes before they became gentle and doting.

He never would have thought that she would say this to her.

“That.....President He.....” Chen Dong felt that something was wrong and quickly said, “We’ve already made our decision.....”

“You shut up for me!” Chen Li standing on the side roared in a deep voice. This was his first time being this fierce to his nephew.

Chen Dong never thought that this would happen.....

He took a step back and almost fell down as his eyes kept wandering around, “Uncle.....Uncle.....Did I say something wrong?”

“Naturally you didn’t say anything wrong.” He Jin Nian revealed a smile and sat down in the center position in the room before saying, “You can say whatever you want to say, I’m just here to listen.”

Luo Qing Chen turned with knitted brows to look at He Jin Nian when she heard this.

He had a faint smile in his eyes, like he was watching a play.

Luo Qing Chen wanted to say something, but Lin Miao spoke first.

Although she wasn’t clear what He Jin Nian meant by ‘miss Luo Qing Chen isn’t someone you can offend no matter what the decision is’.

But she knew that if she didn’t speak now, it was very likely she wouldn’t have a chance to speak.

Therefore, she could only go all out.

“Actually we were discussing personnel changes and I’m really ashamed to bother you with this.” Lin Miao respectfully said, “For the editor in chief position, the three of us have been competing for a few years and it’s hard to tell who is better than the others.”

When Lin Miao said this, Luo Qing Chen couldn’t help giving a shrug as she thought: Her face is a bit thick. Don’t you already know the difference in your heart?

Lin Miao continued, “But this time director Chen has appointed me because of my comprehensive ability. In truth, I am a bit apprehensive to take it.”

Luo Qing Chen crossed her hands and rolled her eyes with an expression of disdain before muttering, “You’re clearly exploding with joy and you’re saying that you’re apprehensive.”

The room was very silent so although Luo Qing Chen’s voice wasn’t loud, it wasn’t soft either.

After all, in her dictionary, other than going head on, there was also going head on!

“Editor Luo, if you say it like this, it should be calling the grapes sour without tasting them first.”

Chapter 1957: Hello, my mister confidant (Part 60)

“Your comprehensive ability, I think that everyone should be clear based on the powerpoint.” Luo Qing Chen gave a shrug, “Not to mention that.....you only have a few minutes to be proud.”

Although she was very surprised that the chairman of QC was He Jin Nian, she wasn't surprised that long.

After all, with his high IQ, it was impossible that he couldn't see through what was happening.

"I'm talking properly to you. I say, what is a little girl like you getting all aggressive for?" Lin Miao deliberately tried to speak in a gentle tone, showing off her generosity in front of He Jin Nian.

After all, it was important to have a good mentality as a leader.

"Un, I can understand in general what you mean." He Jin Nian saw that she was using another method to bully Luo Qing Chen and spoke without any hesitation.

He wanted to let her satisfy herself with her insults before continuing, but he couldn't let her be bullied by anyone.

He wasn't even willing to hear a single word.....

"President He, your subordinate is naturally happy that you can understand....." Lin Miao seemed like she could see the light of hope and quickly gave a bow.

Then He Jin Nian said, "I trust Chen Li's eyes when it comes to the editor in chief position."

When he said this, everyone revealed looks of shock. They had thought that since Luo Qing Chen had known him for a long time, she would be at an advantage.

But they never thought that He Jin Nian's words made it seem like he was standing with Lin Miao.

—

"What is this situation, is it a reversal?"

"It's more than a reversal! Look at Lin Miao.....She wants to laugh, but doesn't dare, it really is disgusting."

"But why does Luo Qing Chen seem so calm?"

.....

The fragmented whispers entered her ears. Although she didn't know what He Jin Nian meant by this, he definitely wouldn't be on Lin Miao's side.

This was something that she was certain of.

Chen Li's expression was as good as one would think, although his nephew Chen Dong was already pulling on his hand, "Uncle, it seems like president He isn't here to stand with editor Luo."

"President He, I....."

"There's no need." He Jin Nian narrowed his eyes to coldly look at him, "As for the position of editor, it isn't decided by you or me. You should ask the person with the greatest authority in Sakura."

Everyone was stunned as they revealed confused looks.

By all rights, QC had just bought out Sakura, so the one with the greatest authority should be He Jin Nian, but why did it sound like he wanted to ask someone else?

What did he mean by this?

“So who has the most authority in Sakura right now?”

“It should be the person with the most shares!”

“Then.....Isn’t that president He?”

“It seems like it’s not.”

...

“Then I want to ask, who has the most authority at Sakura?” Lin Miao was a bit nervous as a slight tremble appeared in her voice.

Without knowing why, she was strangely unsettled.

He Jin Nian took out a USB from the pocket of his suit to throw to Chen Li, “You can tell her! After all, she is the one that you chose.”

Chen Li was a bit nervous as he caught the USB and put it into his computer. Then when the transfer document appeared in front of him, even someone as experienced as him couldn’t help revealing a look of disbelief.

This.....How was this possible.....

It was, it was actually her.....

Chapter 1958: Hello, my mister confidant (Part 61)

“Who.....Who is it?” Lin Miao’s lips were dry as she asked in a nervous voice, “Actually, I have a wide network in Sakura and I’ve been a close friend to everyone.....”

“Luo Qing Chen.” Chen Li slightly knitted his brows as he had a helpless look, but he had to admit this.

The person with the highest stake in Sakura was Luo Qing Chen. He Jin Nian had transferred all his shares in Sakura to her an hour ago.

Now that she was the person with the highest authority, did it matter if Lin Miao became the editor in chief?

In He Jin Nian’s heart, this so-called editor in chief position was not worthy of Luo Qing Chen.

“What.....” Lin Miao’s eyes opened wide. She turned to look at Luo Qing Chen with a pale face as she muttered, “No.....Impossible.....How could this be possible.....”

Luo Qing Chen was the person with the highest equity at Sakura, this was like a fantasy.

Chen Dong’s expression was one of obvious panic. He turned to look at his uncle Chen Li.

Who would have thought that although Chen Li had knitted his brows, he didn't panic.

No wonder, no wonder when he first heard the name 'Luo Qing Chen', he had felt it was so familiar.

A long time ago, when he had been in hiding with He Jin Nian, he had heard him call this name in his sleep.

Luo Qing Chen.....

Luo Qing Chen.....

Luo Qing Chen.....

"Uncle.....Uncle.....Quickly say something!" The atmosphere was so tense that Chen Dong was a bit lost.

Suddenly he felt a bit of regret. Because of a beauty, it was very likely that he had ruined his own future.

"President He." After a while, Chen Li finally spoke. He gave a serious bow to He Jin Nian and said, "I have mismanaged this matter. I'm willing to resign from QC and never enter the business world."

Luo Qing Chen slightly knitted her brows when she heard this and thought: That meant keeping a low profile!

To be fair, she could guess that Chen Li had acted this 'bias' this one time because he thought that for QC, Sakura wasn't even considered a subsidiary.

This magazine couldn't even reach sales that met their standards, he thought that it didn't matter who the editor in chief would be.

But he never thought that.....He Jin Nian would care so much about this company.

"Alright, we'll decide it like this." He Jin Nian coldly looked up and released a chill that made people unable to stop shivering.

Everyone looked at Chen Li in disbelief, only Chen Li had a very calm look.

People who didn't understand would think that this was a small matter. Chen Li had a high position in QC and even if he mishandled a large matter for the company, it wouldn't warrant him resigning.

Not to mention.....that this was a small matter.

When He Jin Nian said this, Chen Dong was stunned. He stood there for ten seconds before immediately saying, "President He, you can't do this to my uncle. He's given everything he has to QC without holding anything back. You.....You.....You can't throw away everything he's given just because of a single woman."

"Un! Just a woman?!" He Jin Nian revealed a smile as his eyes sparkled. He looked at Chen Dong and said, "The people I want to protect don't need a reason."

After three years, he had said these words again and it was for the same person.

Chapter 1959: Hello, my mister confidant (Part 62)

Lin Miao took a step back and her legs couldn't help go soft, forcing her to sit down.

She could no longer stay rational as she suddenly raised her hand to point at Luo Qing Chen and said in a sharp voice, "You shameless vixen, who knows what you used to exchange for these things. Pei.....truly shameless."

Lin Miao's every word was ugly and sharp.

Luo Qing Chen gave a cold snort. She wanted to say something, but He Jin Nian's cold words cut her off.

"I'm afraid that you don't know what QC really stands for!" His voice was very cold, it was cold to the core.

Queen Crown.....

Luo Qing Chen silently said this in her heart as her heart strangely became faster.

Perhaps, everything was different from what she imagined. He Jin Nian always used his own method to profess his love for her, it was like this and it is like this now.

Lin Miao looked at him in a daze, being stunned by his aura. The words she wanted to say were stuck in her throat.

"There's no such thing as the queen's crown." He narrowed his cold eyes and said with a grin, "If I could have, I would have named this international company 'Qing Chen'."

QC = Qing Chen!

He Jin Nian's sudden revelation had caught everyone in the conference room off guard.

It wasn't because Luo Qing Chen got equity from Sakura for approaching He Jin Nian, but because QC, this dark horse international company was made for Luo Qing Chen.

It was because of her that he was able to keep working hard for three years in a foreign country.

Perhaps there was a thought that had always been in his heart that this was a company with her name and no matter what, he couldn't let it fall.

Just like a giant, it would never fall.....

Lin Miao's hands trembled and she looked like she had completely frozen, being unable to cry at all. Her eyes rolled back in her head and she couldn't help faint.

It quickly caused this place to fill with panic, but He Jin Nian quickly came to her side to take her hand and firmly stood beside her.

There were some people that were destined to be bystanders and they had to watch the protagonists for their entire lives.

He Jin Nian was the protagonist of Luo Qing Chen's life, from the past to the present, from the present to the future.

When she went home, Luo Qing Chen had just opened the door when there was a 'di, di, di, di' sound that came from her phone.

She knitted her brows as she took out her phone and saw that it was a bunch of messages from He Jin Nian.

'I'm in a very far away place, it is very cold here.'

'I had a ham rice bowl for lunch. As expected without me, first place belongs to you.'

'I told you not to eat cold things, it'll feel bad.....Pats.'

.....

He Jin Nian's messages were very strange, but Luo Qing Chen understood what they meant immediately.

He was replying to each of the messages that she had sent, starting from the first one.

Her eyes turned red and she wanted to cry.....

She quickly changed her name to 'Don't Forget Chen' and then sent him a message.

Don't Forget Chen: Mister confidant, are you certain that you want to reply to my over a thousand messages?

The other side's name 'He Jin Nian' instantly changed, becoming a very smooth name.

Jin Nian Won't Lose: I don't just want to be your friend anymore.

After all these years, he had finally said these words. A confession that came after the passing years seemed to have more charm to it.

Chapter 1960: Hello, my mister confidant (End)

Don't Forget Chen: ?

Luo Qing Chen holding the phone revealed a faint smile as a warm feeling filled her heart.

Jin Nian Won't Lose: Let's get married!

When he typed this, he was nervously pacing around in his hotel room.

He felt that although this was three years late, he was still as nervous as before.

In the world of love, his maturity had disappeared.

Don't Forget Chen: Don't you think that you're missing a step in this process?

Process! Process! Process!

For example, from strangers to friends, from friends to lovers, from lovers to a married couple!

They hadn't even become lovers yet, how could just jump to marriage?

Was the word 'girlfriend' eaten by He Jin Nian?

With Luo Qing Chen's understanding, He Jin Nian should have immediately understood what she meant.

Jin Nian Won't Lose: I feel that our relationship before is beyond lovers!

.....

Luo Qing Chen went to take a shower, so it took a while before she replied to He Jin Nian.

When she went to reply, her WeChat was in a mess.

He Jin Nian had gone back to replying to all the messages from before. Each sentence seemed funny, but it was also touching.

But this constant vibration really was.....

Don't Forget Chen: I feel that your proposal isn't bad, I accept!

Jin Nian Won't Lose: ?

Jin Nian Won't Lose: ??

Jin Nian Won't Lose: ???

Don't Forget Chen: You regret it?

Jin Nian Won't Lose: I would never regret it, I.....

Don't Forget Chen: Un?

Jin Nian Won't Lose: Forget it, I'll tell you on the day of the wedding!

—

Three months later, it was a wedding that came on a warm spring day.

The gardenias were blooming and there was the fragrance of flowers in the air.

She was wearing a pure white wedding dress and standing in front of her was a pastor who was waiting for their answer.

After some applause, she asked him, "What did you want to tell me that day?"

"Un....." There was a sparkle in his beautiful eyes as he leaned over to say in her ear, "I love you."

Thoughts grew over time.

If he had said this ten years ago, it would have sounded frivolous.

But now, it had a weight to it.

He had hid his deep love just to forever stay by her side.

Whether it was as a lover or as a friend, at least he was certain that he would never lose her.....

But he finally understood that taking this step didn't mean separation, but rather entering her life with a new identity.

Taking care of her, protecting her, cherishing her.....

"He Jin Nian....." Without knowing why, when she heard He Jin Nian suddenly say the word 'love', she couldn't stop her face from being covered in a blush.

"Wife, I'm sorry....." His eyes trembled as he nervously looked at her, "Was I too anxious?"

The three words 'I love you', should he have waited and not said them now?

"He, he....." Luo Qing Chen revealed an awkward smile, "Wasn't that a bit too stiff?"

After saying this, she stood on her tiptoes and lifted the white veil. Looking at his lips, she kissed him without any hesitation.

Then he suddenly took her waist with his right hand and replied in a gentle, but domineering manner.

Without knowing how long passed, he finally let her go. He gently placed a kiss in between her brows, "Anyone who praises your beauty can't compare to when I first saw you."

These were the most beautiful words of love she had heard in this life.
