Chapter 2001: Master, please step up (Part 38)

[DM] Summer: Apprentice! There are many liars in this game, their appearance in real life is very different from the game! Master is saying this for your good!

[DM] White Clothes like the Beginning: Then why did master form a contract? Is it because god Admiring the Moon is handsome!?

Handsome?

He didn't look bad, but it wasn't her who found the great god, but the great god who found her!

[DM] Summer: You changed! You said that I could kill in all direction, so do you prefer having great god Admiring the Moon as your master instead of me!?

Luo Qing Chen was a bit surprised when she sent this, it felt like she was digging a hole for herself.

When she was about to change the topic, the other side replied to her question.

[DM] White Clothes like the Beginning: I like you.

Being confessed this directly by her apprentice felt even more embarrassing in the game!

Luo Qing Chen thought about it before seriously changing the topic.

[DM] Summer: Don't think about getting on top, master has the great god!

[DM] White Clothes like the Beginning: So master likes great god Admiring the Moon until you grow old together?

.....

Seeing what her apprentice wrote, Luo Qing Chen felt a bit awkward. It was like he was a priest that was asking for their vows.

But in order to stop her apprentice's thoughts, Luo Qing Chen said in a certain voice——

[DM] Summer: Yes!

[DM] White Clothes like the Beginning: So whether in rich or in poor, in sickness or in health, master will like great god Admiring the Moon?

[DM] Summer: Apprentice! Aren't your questions a bit.....too direct?

[DM] White Clothes like the Beginning: Master! If you are very persistent, I will give up! If you don't like great god Admiring the Moon that much, I can still work hard!

It had to be said, her apprentice's confession was very direct and his remarks after the confession were also very direct!

She could only say 'yes' at this time to let this stupid and cute disciple give up!

[DM] Summer: Yes! Your master only likes great god Admiring the Moon! So you shouldn't think about getting on top. When winter break comes, master will find you a cute little contracted that won't just cry all the time!

Ten kills!

An excited voice came from the arena and she had been able to kill in all directions with her damage.

Of course, she didn't forget to have some 'serious conversation' with her apprentice while killing in all directions!

[DM] White Clothes like the Beginning: Actually.....I have a contracted, you don't need to help me.

?

Why did she feel that her apprentice wasn't being cute at all!

Moreover, what was this that he already had a contracted? He wanted his master even having a contracted?

Damn! Was he a scumbag?

Could it be that there wasn't only Sun God who was a scumbag, but also her apprentice?

[DM] Summer: But I never seen the title of your contracted?

Luo Qing Chen replied while killing people, as the twenty consecutive kills appeared on her screen.

[DM] White Clothes like the Beginning: Because I have a contracted on another account and they're very good!

Damn! Another account?

It was no wonder! She was saying that this apprentice's equipment was too lacking, how could he be that much and buy the expensive mount from the previous host all that time ago?

So he was a smurf!

[DM] Summer: Then what is your other account? How high is your battle power? If it's good enough, you can come to our guild and master will carry you!

[DM] White Clothes like the Beginning: You and I are in the same guild.

Chapter 2002: Master, please step up (Part 39)

Same guild?!

Luo Qing Chen was surprised and opened the guild list to find the words 'White Clothes like the Beginning'.

Looking around, she didn't find it.

[DM] Summer: What are you called?

Since she could ask, why would she bother asking/ But her apprentice hid himself quite well, he even had a main account in Drunken Dream.

After waiting a long time, White Clothes like the Beginning didn't reply. With her curiosity, she decided to ask in the guild chat.

[Guild] Summer: Is there anyone who knows who has the smurf White Clothes like the Beginning?

Luo Qing Chen only wanted to give it a try, but she never thought that someone would reply.

[Guild] Hundred Dream Scholar: Why is this a bit familiar! Like I've seen it somewhere before.

[Guild] Summer: Really?! Is it your smurf?

Could this vice guild leader have hidden it deeply and was still acting the fool now?

[Guild] Hundred Dream Scholar: How could that be! If it's a smurf.....Let me think.....

[Notification] Admiring the Moon has invited White Clothes like the Beginning to the guild, everyone please present your flowers!

?

Luo Qing Chen was frozen in front of the screen as her scalp tingled.

Gong Mu Bai, Admiring the Moon, White Clothes like the Beginning!

This was a dead end, she had been trapped by herself since the beginning. The previous host's apprentice turned out to be Gong Mu Bai, but she never knew and never had any interactions with him.

[Guild] Hundred Dream Scholar: Why is it when you call Cao Cao, Cao Cao will come! It can't be that White Clothes like the Beginning is your.....(Evil smile).

Hundred Dream Scholar wanted to tease this high level duo, but god Admiring the Moon's words made him unable to speak.

[Guild] Admiring the Moon: It's my smurf.

[Guild] Hundred Dream Scholar:

[Guild] Blossoming:

[Guild] One Two Three Four Five:

There were rows of ellipses that signified the crowd was speechless. It seemed like people didn't know that White Clothes like the Beginning was Admiring the Moon's smurf, it can't be that the great god had a split personality, right!

This split personality was a bit serious!

[DM] Summer: You, you, you! (` Δ´) !

Luo Qing Chen sent the private message to Gong Mu Bai's 'Admiring the Moon' account, but she never thought that he would reply on both accounts.

[DM] Admiring the Moon: Here.

[DM] White Clothes like the Beginning: Master!

.....

Wa! Was it fun doing this? Was the great god laughing in front of the computer, thinking that this was funny?

Since it was like this, don't blame her!

[DM] Summer: Math teacher, there was a question that I didn't understand from today's homework, can you explain it online or me?

When Luo Qing Chen sent this, Gong Mu Bai didn't immediately reply. It took a while before he finally replied.

[DM] Admiring the Moon: Miss contracted, I was wrong.

Luo Qing Chen saw how serious Gong Mu Bai was and laughed in front of the computer, but this didn't make her lose her anger!

[DM] Summer: Why did you approach me with this smurf and not tell me?

[DM] Admiring the Moon: This wasn't approaching! It was business!

[DM] Summer: But you didn't say anything after! All day you're calling me master, master, you're just playing with me! (` Δ') !

[DM] Admiring the Moon: I just felt that I couldn't let other people take advantage of someone who forgot to take money for a mount that they were selling, but I never found a good time to tell you.....

Gong Mu Bai was speaking from the heart, there definitely wasn't a lie!

Chapter 2003: Master, please step up (Part 40)

[DM] Summer: Alright! I'll forgive you! Who told you to be my contracted!

When Gong Mu Bai revealed a smile and thought that this matter was resolved, Luo Qing Chen didn't forget to add a sentence.

[DM] Summer: Part time math teacher!

[DM] Admiring the Moon:

[DM] Summer: Teacher, I'm going to sleep! I have two math classes in the morning!

Luo Qing Chen revealed a smile when she typed this and she felt very happy deep down.

Be naughty, be naughty! Secretly using a smurf to call her master, so now she would call him math teacher.

[DM] Admiring the Moon: Qing Chen, you.....are you happy being naughty like this?!

[DM] Summer: I am! Good night, teacher!

Before Gong Mu Bai could answer, Luo Qing Chen quickly closed the game and felt very happy about it!

She was happy that other than making Gong Mu Bai helpless, the more important thing was that—

In this game, the one who was by her side the entire time was the same when everyone had looked down on her.

This person had been with her, protected her, supported her, and gave her the greatest warmth in the game with another method.

She never thought that her math teacher was this kind of person. After washing up and climbing into her warm bed, it didn't take her long before she entered the land of dreams.

As a third year high school student, as long as your head touched the pillow, you would fall asleep.

At the same time, in Fighting the World Together.

After losing in both the league and the territory battle, there were many high level members who left. The guild leader tried their best to keep them there, but he couldn't do it.

The three plastic sisters were still as arrogant as always, but their doubts between each other were being revealed more and more.

Cute Darling said in YY with a shy voice, "Sisters, you don't know how good Sun's voice is. I always fall asleep to his voice every night."

There were only three of them in the room and Cute Darling had said this many times.

Sweetheart Darling and Fairy Darling were a bit annoyed. Sweetheart Darling curled her lips as she said, "The voices on the internet aren't real. If you heard the voice of my boyfriend, you would know what a real good voice sounds like."

Cute Darling sitting in front of the computer rolled her eyes and said in a displeased voice, "We are friends in game, let's not talk about reality. A boyfriend is something that I don't want to look for, otherwise who knows how many people would line up for that position!"

"Cute!" Sweetheart Darling gave a cold snort, "Your contracted doesn't even have any face recently, your face isn't red saying this?"

"What is there to be embarrassed about! Anyway, Sun and I like each other, there is no third person unlike you Sweetheart. You have a boyfriend in real life and you still like god Admiring the Moon in the game!"

"You....." Xia Tian Xin gritted her teeth and angrily said in YY, "What do you mean?"

"Aiyo, stop arguing? Aren't we the cute girl trio?" Fairy Darling saw that something was off and quickly tried to defuse the situation, "Why are you fighting with each other because of men?"

Xia Tian Xin gave a shrug, "Aren't I trying to persuade Cute? The game is a game and reality is reality. If you have time to talk to man in the game all day, you might as well find a boyfriend in real life! Not understanding anything and showing off all day in the game!"

Chapter 2004: Master, please step up (Part 41)

Actually, Xia Tian Xin wasn't convinced. Since Cute Darling and Sun God had become contracted, they were showing off their love each day which was getting annoying.

Other than this, when she saw great god Admiring the Moon the other day, she saw that he had the title Summer-Together Forever over his head.

Envy, jealousy, and unwillingness gathered in her heart, turning into a flame that wouldn't disappear.

Why did people in the game all have someone and only she was alone?

No! She couldn't accept it. When she transferred to Forgotten River High School tomorrow, she would definitely recommend this game to her boyfriend Guan Zi Yang and use his manly voice to shut 'Cute Darling's' mouth.

—

The next day, at half past seven after the flag raising ceremony, head teacher Xu brought Xia Tian Xin into the classroom.

"We've had quite a few transfer students recently. In addition to working hard, everyone has to take care of the new students!"

"Teacher, is the transfer student a boy or a girl this time?"

"Teacher, give us a girl, alright? Studying is so boring!"

.....

"Stop talking! It's a girl transferring into our class this time." Teacher Xu waved her hand at the door, "Let's welcome classmate Xia Tian Xin with a warm round of applause."

"Pa, pa, pa, pa, pa."

"Wa, this name sounds so good, she must be very cute, very....."

Before the clapping and the voice stopped, Xia Tian Xin appeared in front of everyone and the classroom fell silent.

This scene seemed familiar. When Guan Zi Yang came into the class two days ago, there seemed to be the same 'awkward' scene.

Luo Qing Chen put her cheek on her left hand while tapping the table with her right hand. She narrowed her eyes as she looked at the small eyed and round faced Xia Tian Xin with her head up, looking quite arrogant.

Books said that before anything else, appearance was the foundation of one's pride. Then it was knowledge or what was inside.

Luo Qing Chen was a bit confused how Xia Tian Xin's face could be this proud with a face that couldn't be linked with 'beauty' at all.

"Ke, ke." Xia Tian Xin up in the front cleared her throat and said, "I am Xia Tian Xin, eighteen years old, a dazzling young girl. I know that I look good, but I already have a boyfriend!"

"Che!" The fragments of applause had turned into boos when they heard what she said.

To be honest, this kind of supporting female lead wasn't an opponent to Luo Qing Chen. There was only one word to describe her and that was, dumb!

As the saying goes, people should be clear on what they can do and how well they can do it.

It's fine if she doesn't look good, but if you're this confident even when you're this ugly, people will find you funny.

Taking ten thousand steps back, even if Xia Tian Xin could be considered a beauty in this world, her words really made people feel uncomfortable.

Not to mention that she was.....an ugly girl with a face that looked like it was 'swelling from being beaten'!

"Well said, well said!" Among the jeering, Xiao Xiao who had always been active stood up and said with a clap, "I've only seen this kind of strong girl in master Jin Yong's novels before! Seeing it for the first time in my life, I have to admire it! If any of you have anything bad to say, then you can scram for me....."

Then after a pause, he said, "I'll scram first!"

Chapter 2005: Master, please step up (Part 42)

"Ha, ha, ha, ha!" With this loud laughter, Xia Tian Xin stood there with a red face feeling very embarrassed.

Guan Zi Yang who was sitting there didn't say a thing for her because the appearance of Xia Tian Xin wasn't a pleasant surprise for him, but rather a shock.....

It had to be said, the girls of Forgotten River High School were countless times more beautiful than his old school, not to mention the class flower Luo Qing Chen.

Even her deskmate Cheng Xing Xing was half a beauty and most of the other girls looked good. Not only did they look good, their grades were good and they had a good temperament.

He wanted to find a girlfriend in this class before graduating and then on the terms of 'long distance relationship', he would say goodbye to Xia Tian Xin.

But in just two days without giving him time to do anything, Xia Tian Xin had followed him here.

It actually.....caught him off guard.

"He, he." Xia Tian Xin coldly curled her lips and walked down with a red face.

Teacher Xu had been a bit surprised to hear Xia Tian Xin's introduction. When Xia Tian Xin walked off, she finally came back to her senses and said, "The new classmate can find an empty spot to sit down in....."

"I want to sit beside my boyfriend." Xia Tian Xin's voice was a bit sharp and had a bit of jealousy along with an unconvinced tone.

She always felt that she was a sweet and cute girl, so she had always felt confident.

Because she had a boyfriend since she was in junior high. Although that boyfriend didn't look that good, it proved that there were many people chasing her, so how could she not have a boyfriend!

When Xia Tian Xin said this, the classroom exploded and Guan Zi Yang silently lowered his head.

He was feeling very annoyed, but he couldn't tear all face with Xia Tian Xin, so he forced himself to look up at her.

"Zi Yang, tell them, who am I!" Xia Tian Xin boldly stood by Guan Zi Yang with her head held high.

"What?" Luo Qing Chen muttered. She knitted her brows with a bit of doubt in her eyes.

Xia Tian Xin was Guan Zi Yang's real girlfriend? But Guan Zi Yang's contracted in game was Cute Darling?

Damn! It seemed like even with the relationship between the three plastic sisters in the game, they didn't know too much about each other.

Interesting, truly interesting!

"Qing, what did you say?" Cheng Xing Xing curled her lips and said, "Shameless girl."

"You're very right!" Luo Qing Chen said with a smile, "Do you know that this girl also plays Heavenly Mandate?"

"Ah? It can't be! How do you know?" Cheng Xing Xing looked at her in disbelief, "Based on your expression, it can't be that she's on the same server as us, right!"

"You're.....very correct!" Luo Qing Chen said with a chuckle, "Her in game ID is Sweetheart Darling!"

"What?!" It had to be said, Cheng Xing Xing's 'what' really was much louder than Luo Qing Chen's voice.

Everyone turned to look at her, which included Xia Tian Xin's eyes.

"Ai! This classmate!" When Xia Tian Xin looked over, she had the aura of a queen as she said, "It can't be that you're the fly by the side of my boyfriend, right!"

Seeing the surprised expression of this girl, she guessed that she couldn't accept that she was Guan Zi Yang's girlfriend.

Perhaps this girl might have even fallen in love with Guan Zi Yang at first sight!

Chapter 2006: Master, please step up (Part 43)

"Humph, he, he, he!" Cheng Xing Xing replied with a cold laugh, "This classmate, do you look in the mirror when you go out? Do you not know what you look like?"

Luo Qing Chen sitting beside her silently gave her a thumbs up and thought: Truly worthy of being her deskmate, she definitely was arrogant when facing this kind of person.

"What are you arguing about!" The teacher angrily roared, "Are you here to study or fall in love!"

"Teacher, I can study and fall in love!" Xia Tian Xin sat down beside Guan Zi Yang and squeezed out his deskmate before saying with a smile, "Teacher, we won't affect the studies!"

"You're already at the bottom, of course you won't affect anyone." Luo Qing Chen looked up with eyes filled with disdain.

Bullying her deskmate, did she ask her?

"You....." Xia Tian Xin glared in Luo Qing Chen's direction.

It was a pity that she had small eyes and no matter how much she glared, they weren't threatening.

"What are you arguing for!" The teacher was furious. When her voice fell, her voice cracked at the last word.

She wanted to scold them, but there was a cold voice that interrupted.

"Teacher Xu, class is almost over." Actually, Gong Mu Bai had been leaning against the wall by the door, looking at Luo Qing Chen the entire time.

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

That clean school uniform, that shoulder length hair, those curly bangs, and that soft makeup.....

Without knowing why, he felt that this world was very beautiful when he looked at her.

He couldn't help feeling that he was lucky to appear when she was eighteen.

He inexplicably didn't like anyone being fierce with her, he wasn't even willing to let the teacher be angry.

She was surprised by this sudden affection, looking around before meeting his deep eyes.

"Ah, I'm really sorry." The head teacher's voice quickly turned soft and she said, "These students are too difficult to teach, I've wasted teacher Gong's time."

"It's fine." Gong Mu Bai narrowed his eyes to look at Guan Zi Yang and Xia Tian Xin, "There's no need to teach them if you can't teach them."

Xia Tian Xin turned in the direction of this voice and her heart kept beating fast the moment she saw Gong Mu Bai.

"So handsome!" She muttered in a low voice, but Guan Zi Yang beside her heard this.

“Eh, eh, eh, your boyfriend is here, what are you looking at?” Guan zi Yang who was already upset with Gong Mu Bai felt very displeased when he heard Xia Tian Xin’s mesmerized voice, so his tone became bad.

“You.....Why are you so fierce.....” Xia Tian Xin pursed her lips and looked at him with an aggrieved look, “I came all this way to surprise you, but not only did you not welcome me, you’re this fierce!”

Guan Zi Yang clenched his fists, but he couldn’t say the bitter words in his heart. He just weakly said, “I didn’t make you come.”

“You two, what are you muttering about!” The head teacher glared at them, “Come to my office, I want to see if I can’t fix you!”

Without Guan Zi Yang in class, Luo Qing Chen felt that the air became much more fresh.

Then seeing the great god during class, it was simply.....a kind of enjoyment!

She heard that Guan Zi Yang and Xia Tian Xin had been lectured for two hours at the office and only when Guan Zi Yang promised that they wouldn’t affect the others in class, the head teacher allowed them to not transfer classes.

Chapter 2007: Master, please step up (Part 44)

But being in the same room would let him take advantage of some chances.

For example, he wanted to take the chance of Xia Tian Xin going to the washroom to follow Luo Qing Chen and create a chance for himself.

He never thought that after she went home to change, she got into.....the math teacher Gong Mu Bai’s car.

This was his first time seeing her wear casual clothes. That big red sweater with that short plaid skirt, along with her slightly curled hair, made her look very cute.

But she was with Gong Mu Bai?

It was no wonder Gong Mu Bai insisted on sending her to the infirmary that day. He was pretending to be a teacher who cared about his students, but he was nothing more than a wolf!

It turned out that Gong Mu Bai was the old cow that wanted to eat fresh grass!

He and this math teacher came to Forgotten River on the same day, but the treatment they received were completely different.

He had finally found an opportunity! Student and teacher love, it was a forbidden love!

He took his phone and quickly took a few pictures before calling a taxi to follow them.

Luo Qing Chen who was sitting in Gong Mu Bai’s Maserati was feeling strangely nervous.

"It's just a dinner party, what are you nervous about?" Gong Mu Bai revealed a faint smile as his eyes were filled with pampering love.

"For me to appear at your friend's party like this, it would be strange if I wasn't nervous." Luo Qing Chen put her chin on her right hand as she looked out the window, "Am I being too formal wearing this?"

"No." He said with a smile, "I think that they will definitely like it."

"You're just saying nice things." Luo Qing Chen looked at the large red sweater she was wearing and helplessly said, "I should have worn black to look more mature....."

Without knowing why, although there were only a difference of three years between her and Gong Mu Bai, she felt that she was a little girl and that he was an adult.

This kind of 'student teacher relationship' made her really want to grow up.

"It's all the same." Gong Mu Bai gave a chuckle before parking the Maserati in front of the Royal Hotel.

This was the best ranked hotel in A City, the people who could eat here were all rich and famous.

There was a taxi following Gong Mu Bai's Maserati. When Guan Zi Yang got out, he used his phone to take a few pictures. The lighting outside the hotel was very bright, so the pictures were very clear and well lit.

Seeing that they were going into the hotel, Guan Zi Yang wanted to follow them, but he never thought that the security guards at the door would stop him.

"Hello, this.....mister, do you have an invitation?" The security guard at the door looked him over. Seeing his round face, his worn out sneakers, and his school uniform, he looked down on him.

But as a security guard for a five star restaurant, he still used the word 'you'.

[TL Note: It's the polite version of you 您, instead of the informal version 你]

"I just want to go in and take a few pictures." Guan Zi Yang was a bit nervous as he gritted his teeth to say, "It's just a hotel, do you need an invitation to enter?"

"Humph!" The security guard gave a cold snort, "It seems like you're here to cause a scene! Don't you know where you are, you dare act audacious at the Royal Hotel!"

As soon as his voice fell, the four large men standing behind him carried Guan Zi Yang up and brought him to the side before throwing him away.

There was a scream and a moan that came from outside the hotel.

Chapter 2008: Master, please step up (Part 45)

"Di, di." As soon as she entered the hotel, Luo Qing Chen's phone received a text from her mother.

——Baby, do you want to eat geoduck or lobster today?

Luo Qing Chen slightly knitted her brows, feeling very confused by her mother's text.

Wasn't her mom and dad in America for half a month because they were investing in real estate?

Could it be that they suddenly came home and she wanted to cook?

——Mom, I'm eating out today. We'll talk after I get home.

After she sent this, Luo Qing Chen quickly followed Gong Mu Bai and entered the hall of the restaurant.

They took the elevator to the seventh floor, the Water Pavilion.

The entire seventh floor was very quiet, without a single sound. This kind of silence made her even more nervous.

"Why isn't anyone here today?" Luo Qing Chen turned to Gong Mu Bai beside her and made half a guess, "It can't be that you....."

"Only this floor." He raised his right hand to pat her head, "Come, mom and dad are waiting."

?!

What?

Luo Qing Chen was surprised as she felt like she was chained to a boulder, being unable to move at all. She looked at Gong Mu Bai in disbelief, "You.....what are you saying? Whose.....whose mom and dad?"

Is there a mistake? He didn't bring her to see his friends, but rather to see his parents?!

Wasn't this.....a bit too fast!

"Un humph?" Gong Mu Bai revealed a faint smile, "My parents and also....."

"Who?" Luo Qing Chen's eyes opened wide. She looked at Gong Mu Bai with an aggrieved look and pursed her lips, "It can't be that all your uncles and aunts as well, right!"

"Of course not." Gong Mu Bai gave a chuckle as he naturally took her hand and led her forward.

Luo Qing Chen was surprised as she felt a bit awkward. His hand was very big and very warm. He used a bit of strength when holding her which gave her a comforted feeling.

"Then that's right." Luo Qing Chen patted her chest and gave a sigh of relief, "I'm already very nervous meeting your parents, it would be even more strange if I had to meet your uncles and aunts."

After all, she hadn't.....No, it was the previous host's eighteenth birthday today, so she was already legally an adult.

Could it be that Gong Mu Bai brought her to see his parents because it was her birthday today?

It felt like a very special day, but what she was wearing.....was too childish!

Actually, she wasn't like the young miss of a large family at all, she didn't know if Gong Mu Bai's parents would like her.

"Should I say that I'm in high school or that I'm already in university!" Luo Qing Chen bit her lip and said, "Or should I say.....I'm already working?"

“Qing!”

“Here!” Luo Qing Chen was surprised as she looked at him, “If you call me like this, I’m a bit nervous.”

“I saw Xing Xing calling you this.” Gong Mu Bai gave a chuckle, “I felt that it was quite good.”

He didn’t like to smile most of the time, but it was like a spring breeze blowing through her heart when he did. It looked very good.

“Right, you haven’t answered my question yet!” Luo Qing Chen said while blinking, “How old should I say I am!”

“I feel that it’s better not to lie.” Gong Mu Bai led her by the hand to the door of the private room, “Because it’ll be exposed soon!”

“Why?” Luo Qing Chen knitted her brows in a confused manner. Why would it be exposed? Was what she was wearing too immature?

Chapter 2009: Master, please step up (Part 46)

Gong Mu Bai opened the door as he said, “Because your parents are also here.”

What?!

She screamed this from the bottom of her heart because she felt that there was a light in front of her that stopped her from saying a single thing.

“They’re here, they’re here.”

“You’re finally here. It’s almost past dinner time, you made uncle Luo wait so long.”

“Sorry uncle, there was a bit of traffic, so it took a while.” Gong Mu Bai pulled on Luo Qing Chen’s sleeve, “Stop standing there in a daze, come over and sit.”

Luo Qing Chen’s heart skipped a beat before a stone fell down onto it.

Her heart was like the turbulent waves, but on the surface, she revealed a very calm faint smile, “Un, alright.”

“My daughter really is something. I asked her if she wanted to eat geoduck or lobster and her reply showed that she didn’t understand anything.” Mother Luo said with a gentle smile, “Mom ordered both for you, eat a bit more later.”

“Yes, yes, yes, eat more, eat more. Although this is uncle’s first time meeting Qing Chen, your father and I are frequent business acquaintances.” Father Gong had bright and fair skin, with a bit of a noble temper to his gestures. When he looked at Luo Qing Chen, there was a faint sparkle in his eyes.

“Un, thank you uncle.” Luo Qing Chen said with a nod, “This was too sudden that I didn’t get any gifts……”

Although she was confused by this scene, she still had to act calm so that she didn't lose face for the Luo Family.

But how this plot developed really made her helpless. This was.....too unbelievable!

"No, no, no, what gifts does uncle need at this age?" Father Luo gave a clap and the waiter pushed a birthday cake in while the music started playing.

"Qing Qing, you're still not thanking uncle Luo? After he heard about you and young master Gong, he specially prepared this coming of age ceremony for you." Father Luo was very satisfied as he looked at Gong Mu Bai.

Those eyes were like a father in law looking at his son in law, there was an indescribable.....different kind of feeling.

"Thank you, uncle!" Luo Qing Chen touched her hot ear and said, "There's no need to be this serious, it feels a bit embarrassing."

"Ai, what kind of words are these? We're one family." Father Gong deliberately acted serious as he said to her, "Let's not talk like we're two families."

One family? They became one family this quickly?

Gong Mu Bai leaned in to whisper by her ear, "Qing Qing, is this considered a pleasant surprise?"

"Be less surprising!" Luo Qing Chen pursed her lips and whispered, "It's a good thing that I'm powerful, otherwise.....I would be too shocked to talk! What is going on here!"

"I was bringing you to see my family and then.....get engaged and then.....get a marriage certificate?" Gong Mu Bai said with a smile, "After all, with so many people chasing master, I'm a bit worried!"

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

"You....." Luo Qing Chen said, "I've just become an adult, I can't get a marriage certificate."

"That might be troublesome for normal people, but for us....." Gong Mu Bai's beautiful eyes narrowed and a sparkle appeared as he said, "It's very simple!"

Luo Qing Chen was about to refute this, but the parents sitting across were already discussing which hotel to pick for the engagement party and which guests to entertain.

It was like they would even prepare their new home in the future!

It had to be said, although this was.....very wonderful for her, it was like experiencing a forbidden tale where each part was heartwarming.

Chapter 2010: Master, please step up (Part 47)

During the meal, people kept putting food in her bowl. It would be Gong Mu Bai's parents and then it would be her parents.

In short, she really ate until the end.

When the meal was over, the parents were talking about business in A City's golden triangle while also not forgetting to add a few words on her and Gong Mu Bai's wedding.

Luo Qing Chen sat on the sofa drinking her juice as she read her magazine without thinking about it.

Gong Mu Bai came over with a piece of cake and she shook her head, "I really can't eat anything else."

He put the cake on the side and looked at her seriously, "Do you think that I'm rushing too much?"

"Ke, ke." Luo Qing Chen cleared her throat, "I was just startled!"

"Actually, perhaps my personality is different from what you see on the surface." Gong Mu Bai narrowed his deep eyes, "I am a very possessive person."

Luo Qing Chen was surprised. Seeing his deep eyes, she remembered what happened when she ate the mung bean cake.

In a normal situation, no matter how much Gong Mu Bai wanted to go with her, he shouldn't have gone.

But he did this even knowing this, not caring about anything.....

But hearing Gong Mu Bai say this, there was a strange warm feeling in her heart. She should have taken the initiative, but Gong Mu Bai had taken it instead.

However, she had been surprised by this initiative.

Actually, it wasn't that surprising. With 80% affection in hand, it was normal for Gong Mu Bai to give her this kind of pleasant surprise.

But when she thought of their relationship, she felt that it was a bit fast.

But now their families were friends and their parents were matching them, so there was no need to care about a student and teacher relationship.

"Hee, hee, hee." She pursed her lips into a smile and said, "I just want to know, when are we getting engaged?"

This is what she should say. Shyness, nervousness, and surprise didn't match her, domineering was the king's path.

"Ah?" Gong Mu Bai heard this and didn't immediately react. His beautiful eyes looked at her in surprise as he said, "What.....are you saying?"

"Oh, is it inappropriate to get engaged?" Luo Qing Chen put the cake in her mouth as she said with a smile, "Why don't we go all out and get a marriage license?"

"Qing Chen, you....." Gong Mu Bai's fair and beautiful face had a blush when he heard these words.

"Teacher, it can't be that you're afraid, right!" Luo Qing Chen gave a wink to him, "If teacher still needs time to prepare your heart, we can wait a few years."

Ha, ha! Luo Qing Chen was secretly filled with joy. It felt good having the initiative in her hand.

“No need.” He looked up with her with a faint smile and said, “Tomorrow! If the weather is good, we can go down to the office.”

“Tomo.....rrow?” Luo Qing Chen had a shocked look as she looked at Gong Mu Bai.

He gave a chuckle and said, “if the class representative isn’t ready, we can wait a few days.”

Damn! Seeing Gong Mu Bai’s smile, why did she feel that the person beside her wasn’t Admiring the Moon, but rather White Clothes like the Beginning?

Moreover, he was even playing with her words!

It wasn’t just that, he changed a few years to a few days, wasn’t this just playing her?
