Chapter 2101: Palace wine drunk peach blossom (75)

He didn't want to start killing on her death anniversary, but it seemed like he had no choice.

Ye Yan under the high seat tightly knitted his brows as he strangely felt uneasy.

The moment that the eunuch announced that court was over, he immediately headed to the pavilion to the north.

But seeing that no one was there, his heart jumped to his throat as he clenched his fists, "Oh no!"

—

At the entrance to the cemetery.

The shards of the stone tablet were scattered in the white snow.

Refracting the sun, it released a beautiful and colourful glow.

Wang Yan and Chen Xi standing on the side had proud looks on their faces as they revealed sly smiles.

"God! This.....Who is bold enough to shatter the stone tablet of the emperor." Eunuch Gao clearly had never experienced this before and he couldn't stop the fast beating of his heart. He didn't even dare look at Feng Qian Che's expression as his heart filled with fear.

Since Feng Qian Che had become the emperor, everyone in the court knew that he built a cemetery in the royal palace.

He had spent countless materials and used much manpower to finish it after three months.

After it was finished, other than going to court or handling other important matters with the nation, Feng Qian Che spent almost all of his time in this cemetery.

Drinking from day to night.

It was because everyone knew the position the previous empress had in Feng Qian Che's heart that no one dared to enter this land.

There were some palace maids or some eunuchs that accidentally went in. The eyes of the women were gouged out and the men were directly killed.

This was where emperor Feng's brutal title came from.

There was now someone who didn't fear death who had cut this stone tablet and entered the cemetery.

"No matter who it is, they will not see the sun tomorrow." Feng Qian Che narrowed his cold eyes. The chill in his eyes could freeze everyone and it was a chill that spread a thousand miles.

"Reporting to the emperor, Yan Yan tried to persuade the two girls not to go in, but they cut the stone tablet and still went in!" Chen Xi saw Feng Qian Che's furious expression and added oil to the fire.

Wang Yan immediately understood and rolled up the sleeve of her right hand before saying in a tearful voice, "Reporting to the emperor, Yan Yan knew that this was the forbidden place of the palace and tried to stop them, but they pushed Yan Yan to the ground....."

Feng Qian Che heard this and slightly knitted his brows.

He didn't even look at Wang Yan or Chen Xi, nor did he respond to them. He just felt it was a bit strange. If the other side hadn't entered this place by mistake and someone stopped them, how could they cut the stone tablet and still go in?

His mind quickly turned and came up with two possibilities.

One, the words of these two were impossible. Two, the person who went in was an enemy with a deep grudge against him.

Only people with deep grudges would trample on his weakness without caring, even if they knew that this was a place they couldn't violate.

"Everyone listen to my orders." He narrowed cold eyes and said, "Enter the cemetery and no matter who you see, kill them all."

"Yes!"

"I only want corpses, no living people." His voice was ice cold and it was like a chill that came from hell.

Everyone looked at each other before Mo Hu who was in the lead said, "Yes."

As soon as his voice fell, everyone headed into the cemetery together.

There was no one in this world who could enter this place without his permission and if they trespassed on this land, they wouldn't be able to come out alive!

When Ye Yan arrived, the imperial guards had already entered the cemetery.

His heart skipped a beat and his face turned pale. Without a single word, he kneeled down and said, "Emperor, please allow this minister to go in and take a look."

Feng Qian Che narrowed his eyes and pulled the saber from his waist to place at his neck, "What is it, is it someone you know who's in there?"

"This minister isn't certain, but....." Ye Yan gritted his teeth and said, "The two this minister brought are gone."

He also hoped that it wasn't them, but the chaotic thoughts made him very anxious.

"The two people brought in by the principal graduate, was one of them wearing a green dress and dressed like a man and the other an arrogant person in white clothes?" Wang Yan immediately asked after seeing this.

After all, the principal graduate and her father were against each other in court, so killing two birds with one stone was a good thing.

Ye Yan felt like the sky was collapsing at this time. He tightly clenched his fists and lowered his head, "Yes."

"Reporting to the emperor, it's them!" Wang Yan revealed a cold and dark smile, "The principal graduate's friends really are. It's fine if you go in, but why do you have to cut the stone tablet? Don't you know about respecting the deceased?"

Wang Yan's righteous words had made this matter burning hot.

But smart people knew that she was trying to provoke the relationship between Ye Yan and Feng Qian Che.

But Feng Qian Che's thoughts were in a very restless state at this moment.

He put his long sword back and a trail of blood was left.

Ye Yan didn't dodge it and just closed his eyes to say, "If it really is the two of them who entered the previous empress' cemetery, I'm willing to use my life to exchange for their lives."

Until now, he had always been very afraid that the bold Xiao Yue would cause trouble sooner or later.

So he had always worked hard, even spending several generations of effort just to climb to the highest position so he could protect her.

He had never expected the day to come this soon. He hadn't even revealed his feelings for her yet.....

"In this one's world, one life can only be exchanged for one life." Feng Qian Che's eyes were very cold. In those dark eyes, every bit of light that could be seen had been replaced by darkness.

—

At the same time, five hundred meters away from the entrance to the cemetery.

Luo Qing Chen and Xiao Yue met the imperial guards led by Mo Hu.

"How bold, daring to trespass on the previous empress' cemetery!" Mo Hu stood in front of sword in hand as he looked at Luo Qing Chen and Xiao Yue, "All imperial guards listen to the orders. The emperor has given the order to not leave a single one alive, only corpses are allowed."

"Big sister." Xiao Yue called out in shock beside her as her face turned pale.

Luo Qing Chen's face was still calm as she narrowed her eyes to look at Mo Hu in front of her, "After seven years, sir Mo really hasn't changed at all."

Other than deeper eye sockets and slightly more pale temples, he hadn't changed at all.

“It seems like you know me.” Mo Hu knitted his brows as he couldn’t stop his heart from being moved.

After all, the girl in front of him was just too beautiful. He had lived all these years and he had never seen such a beautiful person.

This woman may not necessarily be a blessing, but rather a disaster.

Luo Qing Chen didn’t say much. She just looked at Xiao Yue standing beside her and said, “Just stand there without moving for a while, I will definitely keep you safe.”

“But it’s no use if you know me, the emperor’s orders can’t be disobeyed.” Mo Hu slowly raised his sword, “You will die.”

“Then that will depend on if you have the skills.” Luo Qing Chen brandished the Phoenix Dance Sword in her hand as soon as her voice fell and charged at Mo Hu without another word.

The several dozen imperial guards all rushed forward. Some headed in Xiao Yue’s direction and some headed in her direction.

But with Luo Qing Chen having her own body, not to mention around thirty imperial guards, she wouldn’t be injured at all facing three hundred of them.

It was just that while fighting, she had to protect Xiao Yue, so it wasn’t as fun.

But victory was exciting enough!

In less than a quarter of an hour, the thirty imperial guards had all fallen to the ground. Mo Hu used his sword to support himself as he spat out a large mouthful of blood.

Too terrifying! This person’s martial arts was too strong! The sword in her hand was like a divine sword and any weapon in front of her was like paper, easily cut apart.

It was no wonder that she could slice the stone tablet at the door with one slash.

Then again, with this many people attacking, even if she had guarded against every wave, people would become weaker as the fight went on, especially in this life and death situation.

But the girl in front of him had a calm look and was never out of breath. Her expression was calm, as if they didn’t pose any threat to her at all.

Actually, that was true. He could clearly see that while they didn’t hold back at all, the other side had held back.

In the end, he was very embarrassed.....

“Sir Mo, what do we do?”

“Go back and report to the emperor, tell him about the situation here. Ask if he wants reinforcements or use another method to attack.”

“Yes.”

Although their voices were small, in this quiet cemetery, Luo Qing Chen could clearly hear them.

After that person left, Luo Qing Chen slowly raised the Phoenix Dance Sword in her hand that was covered in blood, “There’s no meaning to that, I don’t like beating around the bush the most. Come, let’s face them directly.”

As soon as her voice fell, she charged in Mo Hu’s direction.

He resisted for a few rounds, but the sword still fell onto his neck. She revealed a smile and said, “Let’s go out! There’s enough blood here already, it’s the same if we go out and fight.”

—

On the other side, at the entrance.

The imperial guard with an injured arm came out and kneeled in front of Feng Qian Che, “Reporting to the emperor.....we were defeated.”

Ye Yan who had been kneeling on the ground suddenly opened his eyes filled with disbelief.

The aloof Feng Qian Che narrowed his ice cold eyes that had a faint sharp glow in them, “This one will go personally.”

“There’s no need for the emperor to move.” There was a cool voice that suddenly cut through the silent air.

A girl in white clothes came out with the Phoenix Dance Sword in hand while holding Mo Hu hostage.

When she saw Feng Qian Che, she took the sword off Mo Hu’s neck.

She had taken him hostage for no other reason than to keep Xiao Yue safe.

The peach blossom filled the sky and there was a strong smell of peach blossoms and blood mixing together that filled the air.

The young girl slowly looked up as she met those deep eyes once again.

Feng Qian Che heard this and looked in the direction of that voice.

In the white snowy fields, the young girl wearing the white dress had a pair of starry eyes that were looking right at him.

“Reporting to the emperor, it was her who caused Yan Yan’s hand to bleed.”

“Right, it’s her! She is so arrogant, she thinks that the royal palace is her home!”

“Emperor, you must punish her severely!”

“Right!”

.....

There were voices that came by his ear. Feng Qian Che heard them at first, but then the voices started to blur.

His world had fallen into silence and his eyes were looking at the girl in snow white clothes in front of him.

The thousands of peach blossoms swayed in the wind, blowing across the bell at her waist. That crisp and sweet sound was so familiar.

He never thought that he would feel this way after all these years.

There was a slight throbbing in the heart that had been dead for a long time, but it wasn’t clear.

This feeling of expectation, but being afraid that this expectation would just be a fantasy.

After waking from the dream, it would be empty.....

“Ye Yan!” Xiao Yue called out after seeing Ye Yan’s neck covered in blood. She grabbed Feng Qian Che’s sword and knelt on the ground, “Emperor, kill me if you want to kill someone! I was the one who trespassed, it’s not related to Ye Yan or big sister Qing.....”

Feng Qian Che’s heart skipped a beat. He didn’t hear anything else, he just heard the three words ‘big sister Qing’.

There were voices that came in waves. Ye Yan gave a strong kowtow and said, “If the emperor insists on exchanging a life for a life, I’m willing to give my life in exchange for Xiao Yue’s.”

At this moment of life and death, he didn’t know if this was considered being selfish.

He had made a decision in his mind, he would definitely exchange his life for Xiao Yue’s life.

“No!” Xiao Yue roared, “Big sister Qing went in to find me, I’m willing to give my life for hers.....”

“Xiao Yue!” Ye Yan gritted his teeth as his mind was filled with worry.,

At this time, he wouldn’t let her be willful.

Standing in front of them was the honoured emperor of the entire Feng Dynasty. He was ice cold and indifferent. He could see through everything, but only he knew that he had endless obsessions in his heart.

Because there was no other way, he chose the peach blossom forest as a home and wine as a companion.

“We can’t hurt others……” Xiao Yue’s face was a bit pale as she looked at him with tears in her eyes, “I’m willing to go to the Yellow Springs with you. It isn’t because I feel guilty, but because……”

She sobbed for a bit before continuing, “Because I like you!”

The peach blossoms fell onto her hair. He looked at her with a gentle look and helped her take off the peach blossoms, “Alright……I wronged you in this life, I’ll make it up to you in the next……”

“Ke, ke.” Luo Qing Chen standing not far away cleared her throat and everyone’s eyes turned to her.

Mo Hu immediately became alert and said, “Protect the emperor!”

Mo Hu was more nervous than anyone at this moment. After all, the thirty imperial guards who fought were all well trained imperial guards.

This meant that the girl in front of him had martial arts skills that were above everyone else here.

If she was an assassin, that would be trouble……

“If I wanted to kill him, do you think you would be my match?” She revealed a smile as a mist appeared in her eyes. She pursed her lips and said, “Don’t you think so? Feng Qian Che!”

Chapter 2105: Palace wine drunk peach blossom (79)

Everyone took a cold breath at that moment. Even Wang Yan and Chen Xi who kept chattering were shocked.

She actually……dared to call the emperor by his name.

Could it be that she felt she could do whatever she wanted with a bit of martial arts? This was the royal palace, even if she was a peerless expert, she couldn’t escape.

“Qing……Big sister Qing……” Xiao Yue’s face turned even more pale and her lips didn’t have a single trace of blood in them.

She knew that she was proud and confident, she also knew that she had abilities and the courage that others didn’t.

But……she couldn’t call……emperor Feng by his full name!

Feng Qian Che narrowed his eyes. After a while, he walked towards her step by step.

“Emperor, don’t go over……”

Feng Qian Che narrowed his cold eyes and released a powerful aura that made no one dare to look at him.

Except Luo Qing Chen……

She just seriously looked at him like this.

“Miss Qing.....Don’t say anything!” Ye Yan deeply knitted his brows. It was probably impossible to exchange a life for a life now.

He didn’t know why she wanted to die, saying things like this.....

“Someone once used a floating lantern to make a wish, saying something quite sensational.” Luo Qing Chen tilted her head as a small tear appeared in her eyes, “The flowers bloom in the dream, waiting for you to come. Holding the hands of the child, guarding them together.”

.....

Silence, silence, a deathly silence.

In that white snow, her faint smile looked so familiar in his eyes.

Feng Qian Che trembled as he froze on the spot. In the depths of his rotten heart, there was a small sprout that appeared that bloomed into a light pink peach blossom in a few seconds. This was the most realistic portrayal of his heart.

Seeing that he didn’t say anything, Luo Qing Chen slowly raised her Phoenix Dance Sword and said with a smile, “We didn’t decide a winner when we first met by the river, how about we have a match now?”

The snow fell and the flower petals scattered in the Ten Mile Peach Blossom.

He quickly moved forward, heading in Luo Qing Chen’s direction.

In front of everyone’s shocked gaze, he raised his right hand and grabbed her snow white ribbon, pulling her into his arms.

Actually, he had been waiting, waiting for a miracle.

Because she had told him that she wasn’t the real Luo Family young miss, she was just a soul that was given a body.

The flames had burned her body, but they couldn’t burn her soul.

He had been waiting, doing all he could to wait. Every minute, every second.....

“Feng Qian Che.....” She could feel the strength in his arms, using all of his strength to hold her, that kind of passion.

“Un.....” He softly muttered in a voice that couldn’t stop trembling.

“I’m back.....”

He didn’t reply, he just tightly held her without asking a thing.

There was only her in his heart, he didn’t ask her when she would come back.....

It was unknown how long it took before he let her go.

Whether it was Chen Xi and Wang Yan who kept chattering, Xiao Yue and Ye Yan kneeling on the ground accompanying each other in life and death, or the imperial guard leader Mo Hu, no one had said a word.

Other than Mo Hu, no one had ever seen Feng Qian Che like this.

He was no longer an ice cold emperor, but rather a normal person, one with flesh and blood.

“Emperor.” Mo Hu kneeled down and said, “This servant will find someone to repair the stone tablet.....”

He had been trying to find an excuse to break through this terrifying atmosphere, but he didn’t know how.”

“No need.” Feng Qian Che’s beautiful eyes had a sparkle in them as he said, “Since miss Qing had broken it, there’s no need for this stone tablet anymore.”

“Si!” Everyone took another cold breath.

Everyone looked at each other with eyes that were filled with horror.

Wang Yan and Chen Xi who had made the report had pale looks and they couldn’t even stand up anymore.

“Doctor Xuan, help these two with their wounds.” Feng Qian Che looked at Ye Yan on the ground and said, “With such deep love, not even fearing life and death, this one will personally write a decree for your marriage.”

“Emperor.....” Ye Yan was stunned. He felt that the situation was developing too quickly and even someone as intelligent as him couldn’t react fast enough.

“Ke, ke.” Luo Qing Chen heard this and said with a smile, “I remember that the emperor said a life for a life, why did he suddenly change his mind?”

She wanted to be naughty and then she was very happy.

“It hasn’t been changed.” Feng Qian Che’s eyes filled with a doting love and tenderness that hadn’t appeared in seven years as he looked at her, “Aren’t there two lives over there?”

As soon as Feng Qian Che said this, everyone couldn’t help looking at where his eyes were looking.

It was no one else, it was the two ‘informants’.

Chen Xi and Wang Yan.

Their minds were blank at this moment. They didn’t know how it had become like this and even if they could feel the aura of death, they didn’t know what they did wrong.

“Emperor.....Emperor, please spare us!” Wang Yan immediately kneeled down, “Chen Xi and I were just passing by, it was the two of them who entered the previous empress’ cemetery! We don’t know anything!”

Her heart was filled with fear and unwillingness. It was clear that those two girls who had trespassed in the forbidden area, why did the emperor not punish them, but rather.....hug one of the girls?

There were many girls who wanted to enter the harem. Although this girl in white clothes was beautiful, she was this arrogant.

How had she.....What charm did she use to make the emperor hug her.....

“So what if she goes in?” Feng Qian Che narrowed his cold eyes that were a bit bloodshot.

He really wanted to thank these narrow minded people who wanted to play with right and wrong. If it wasn’t for them, he wouldn’t have met her this quickly.

“Emperor, you have to be fair! We.....We really are wronged.....”

“This one does not know if you are wronged or not, this one only knows so what if she entered the forbidden area?” He tightly held her and said, “As long as she goes somewhere, it can’t be considered forbidden ground.”

He could remove all forbidden areas in the palace for her.

“Emperor, then let us go.....We really don’t know who this woman is.....”

“Mo Hu.”

“This servant is here.”

Feng Qian Che was too lazy to listen to them and narrowed his cold eyes as he said, “These people who talk too much, remember to cut off their tongues.”

“Yes!”

“Based on what, based on what we should die and those who entered the forbidden area should live! Does the emperor feel that this is fair?” Wang Yan heard that her tongue would be cut off and she went mad.

She had sung well since she was young and she had a very bright voice, so her tongue was her life!

“Fairness?” Feng Qian Che said with a faint smile, “You aren’t qualified because this one is the law. As for why she isn’t being punished, this one can tell you.”

After his voice fell, he continued, “Because of this one’s love.”

Everyone knew that in the seventh year of the dynasty, there was a new master in the harem.

She had a nation collapsing beauty and an arrogance that people couldn't match in her eyes. She became the emperor Feng's favourite and was conferred as the empress seven days later.

The original previous empress' cemetery was rebuilt and was no longer a forbidden area.

It was said that the daughters of two ministers wanted to frame the new empress, so their tongues were cut off and their heads fell to the ground.

Killing chickens to warn monkeys. This move from emperor Feng was to tell everyone in the world the new empress' position in the palace and in his heart.

Splendid Palace.

The light was bright and there was a faint scent of sandalwood in the air.

Feng Qian Che had moved the hall from the Eastern Palace over and changed it to a new name.

When Luo Qing Chen walked in, her eyes turned red.

Every flower, every plant, every table, every chair, every single place was the same as the Splendid Hall from the Eastern Palace.

She was stunned before she bit her lips to stop the tears from falling.

"I rarely come here, but I can't help it." Feng Qian Che tried his best to control his emotions as he took a deep breath and said, "When I stand here, I feel that nothing has changed. There was no fire, there was no falling building, and you are still here."

That fire had taken all the hope in his life, no one could understand how much willpower it took for him to live.

The rise and fall of the country, or the rich fragrance of the peace blossom wine.....

No, it wasn't either of that.....

What allowed him to hold on was nothing more than the story that she had told him about her soul.

He had been waiting with this little hope, waiting for the miracle that could make the entire world break out in laughter.

He blew out the flame. Luo Qing Chen was stunned, but the dark room slowly lit up.

It was the Night Pearl that she gave him. In this endless darkness, it gave him the hope to keep living.

"You kept it....." Luo Qing Chen closed her eyes as her hands trembled, "I suddenly remembered what I said to you on that day, it actually became a prophecy."

This is called the Night Pearl, it will light up at night! Even if I'm not here and no one gives you a lantern, it will light up the Splendid Hall!

"When I remembered these words, I couldn't help laughing at myself. Did you know it would end like this?"

"I didn't know!" Luo Qing Chen looked up at him with a sparkle in her eyes, "If I knew, I definitely wouldn't have spared Lan Ling Qian!"

"Don't mention that person to this one." His face was nervous as he pulled her into a princess carry, "If this one knew, this one would have killed her when this one killed their family."

It was Feng Qian Che who killed Lan Ling Qian's family back then.

Lan Ling Qian's father belonged to the ninth prince and had some reputation in Jianghu.

In order to stop the forces of Jianghu from working with the ninth prince's forces in the court, he decided to send spies into the Lan Manor to find a chance to poison them and then kill their entire family.

On the soft couch, she leaned against him as she listened to him telling her about what happened before. As he played with her hair, his heart was at peace.

It seemed like there were consequences for every action in this world. It was Feng Qian Che's sin in killing Lan Ling Qian's family that made Lan Ling Qian wildly fall in love with him, not even sparing the people he loved.

God was fair and you would be punished for your sins.

Luo Qing Chen didn't comment on whether it was right or wrong for Feng Qian Che to destroy Lan Ling Qian's family. Perhaps in this world, if you don't move first, the one to die will be you.

But when he spared Lan Ling Qian, he left trouble for himself.

Chapter 2108: Palace wine drunk peach blossom (End)

She closed her eyes and fell asleep in his embrace. Feng Qian Che didn't dare sleep as he looked at her from time to time, afraid that this was a dream. That if he accidentally woke up, everything would be gone.

Luo Qing Chen seriously turned around and hugged him, causing Feng Qian Che's calm heart to start burning.

He turned over and pushed her down. She opened her eyes in a daze and wanted to say something, but he sealed her lips with a kiss.

She didn't know if the night was too long or if Feng Qian Che's long time passion had finally been released.

When Luo Qing Chen woke up the next day, she couldn't get out of bed.....

But today was Ye Yan and Xiao Yue's wedding, so she had to get up.

She sat cross legged on the bed with her arms at her hips, angrily looked at the initiator who was seriously helping her wash her face.

“Don’t be angry……” Feng Qian Che pursed her lips as he looked at her with glowing eyes, “This one will show restraint next time!”

“What if you can’t?” She looked up and asked back.

“This one will apologize then!”

“……” Luo Qing Chen gave a proud snort, “Shameless!”

She wanted to say a few more things, but she saw Feng Qian Che looking aggrieved and the maids and eunuchs on the side covering their smiles.

She waved her hand and said, “Don’t take advantage of other people’s danger, just……just do that!”

“Yes, empress!”

—

Because of Feng Qian Che’s decree, Ye Yan and Xiao Yue’s wedding was very grand. The owner was very happy and felt very proud.

Luo Qing Chen wore a jade coloured pleated skirt with a long hairpin inserted in her hair as she walked out.

Of course she went out in low profile with Feng Qian Che beside her since this was someone else’s wedding and they couldn’t steal the spotlight.

But when they went out in low profile, they still stole the spotlight of the bride and groom since their face value was too high.

Then there were the ministers that came to congratulate them who kneeled as soon as they saw Feng Qian Che.

“I didn’t know what to give you, so I just picked something from the emperor’s Splendid Palace.” Luo Qing Chen took the Night Bead out of her sleeve and gave it to them, “It’s a valuable treasure, there’s only one in the world!”

“Ai, ai……” Feng Qian Che standing beside her acted like a child as he looked at Luo Qing Chen with a surprised look, “How can you give this one’s……How can you give my bead to others?”

“Because the one holding the lantern for you won’t be the Night Bead.” Luo Qing Chen said with a chuckle, “It’ll be me.”

“Thank you emperor, thank you empress.” Ye Yan thanked them in a low voice as his heart filled with gratitude.

Xiao Yue in her red veil tightly held her hand and said in a tearful voice, “Thank you, big sister Qing.”

“The time is here, bow to the heaven and earth.”

The sounds of gongs and drums rang out. Luo Qing Chen covered her ears and said, "We'll be going! I don't think anyone will feel comfortable with you here!"

Feng Qian Che revealed an aggrieved look and said, "Alright, alright!"

—

There was a little snow in the air as he walked along holding her hand. Walking through the streets, they stopped in front of a house by chance.

Rong Manor.

The housekeeper slowly took down the white lantern outside and Rong Mu Ling had come out by coincidence.

He also saw Feng Qian Che and Luo Qing Chen looking over.

Three pairs of eyes with deep looks.

After a while, he slowly came over and was about to bow when Feng Qian Che said, "It's outside the palace, there's no need."

"This one must be the empress."

"Un." She gave a slight nod before turning to Feng Qian Che, "So hungry! I want to drink peach blossom soup and have another two cups of Peach Blossom Drunk!"

"You can have the peach blossom soup, but the Peach Blossom Drunk isn't something a little girl like you can drink." Feng Qing Che didn't give Rong Mu Ling another look as he walked away holding Luo Qing Chen's hand.

"Sending off the emperor." Rong Mu Ling cupped his hands and gave a bow. Once they were gone, he slowly looked back and his gaze fell onto the white lantern the housekeeper was holding.

He took a deep breath and muttered, "He has a new love and now I'm the only one who still misses you."

Chapter 2109: Side story: For a lifetime, may you shine brightly (1)

The emperor broke the treasure chest and countless Night Pearls fell to the ground. The sky full of stars that I saw was still in your eyes. —Feng Qian Che.

The first time we met, she was in a story state, but there was an arrogance in her eyes that no one else had.

Although she looked very scared, I knew that she was calmer than anyone.

Even when she stepped on the bell my mother gave me, she didn't show the slightest bit of fear.

At that time, there was a bit of doubt in my heart. What kind of abilities did this girl in front of me have to act this calm?

Facts proved that she did have the abilities.

I wielded my sword and although I didn't use my full power, I didn't want to let her win that much. I could clearly feel that her moves were very new, but her physical strength couldn't keep up with her martial arts.

Not long after, I gained the advantage with my physical strength.

She knew that the situation wasn't good for her, so she acted weak and begged for mercy with a cute look on her face.

Un! My heart softened at that moment. Even if she had broken my mother's bell, I wasn't angry at all.

But I knew that I may have been a bit curious about her at that time, but I definitely hadn't reached the level of liking yet.

Although I don't know exactly when I fell in love with her.

The journey to Snow Peak Mountain was very smooth and I talked to her from time to time, seeing the understanding in her eyes.

When Dong Liang mentioned the most beautiful man in the world, she said three words without even thinking about it.

"Rong Mu Ling."

Actually, although I wasn't certain of her identity, I could make a general guess just by looking at her.

Then adding in the fact that she answered Rong Mu Ling without hesitation, I was more certain of her identity.

She was the daughter of the great scholar, Rong Mu Ling's wife, Luo Qing Chen.

Hearing her say this, I strangely felt uncomfortable.

But what she said next filled my heart with joy.

She said, "I feel that you look better than him."

Since I was young, there were many people who flattered me, but I had never felt this way before.

How I hoped that what she said was true, that really would make me happy.

When we approached Snow Peak Mountain, the temperature started to drop. Seeing her shiver in the horse carriage, my heart strangely panicked.

When we were at the place closest to Snow Peak Mountain, I gave her some money to buy some supplies.

I thought that she would buy some heating supplies, but I never thought that she would only buy food.....

It was a good thing that I had brought a jacket that she didn't freeze. I also asked Dong Liang to buy a pair of shoes so that her feet wouldn't freeze.....

Actually, I didn't even know why I had done this at that time.

Was it to protect the weak?

But she wasn't weak in front of me, rather strangely strong. Especially when she held that red sword, with those clear eyes, she had an aura that normal people didn't have.

It was probably those eyes that made my heart strangely start to throb.

I was thinking that perhaps I was thinking too much!

When Dong Liang betrayed me and I was in danger, I kept telling myself that I shouldn't care about anything else in this dangerous situation.

Anyone could die, only I couldn't.....

But at that moment, I couldn't let her go first. I even said, "If someone follows you, deal with it yourself."

Chapter 2110: Side story: For a lifetime, may you shine brightly (2)

Then whenever it was mentioned, she said that I wasn't gentle enough. Actually, it wasn't that, but rather I.....didn't dare face my own heart.

Since I could understand things, I didn't have a mother. The nanny who took care of me told me that there were no longer any people that could make me give up my life to protect in this world anymore.

You only needed to love yourself, that was enough.

If you were in danger one day, you only needed to protect your own life. Also.....women were disasters.

It was probably because of this nanny's words that I felt that all girls were things that would confuse the mind.

It was a good thing that I was naturally indifferent and never liked anyone.

Until.....that snowy day when I met her, overturning everything from the past.

At the moment of life and death, she firmly looked at me and made me charge the enemies.

When I jumped off the cliff, I couldn't help wanting to protect her. Even if I died, I wouldn't go against it.

It was from that moment that I found that there could be people that would be more important than myself in my heart.

It turned out that I could use my life to protect someone. Just like my mother in the past, ignoring everything.....

In that building that was filled with my mother's aura, I told her the story between my mother Ling Long and Bu Yi.

She was very moved and her eyes turned soft as she looked at me.

Actually, I didn't care about this. Everyone had the right to choose the one they loved, including the right to choose life and death.

But I never thought that there would be a day when I bid farewell to her.

After coming back from Snow Peak Mountain, I brought her into the Eastern Palace. This was my first time bringing a woman into the Eastern Palace, so naturally all the servants in the palace knew her position in my heart and respected her more.

I liked this feeling very much. Even if she hadn't been conferred yet, everyone had treated her as the mistress.

Although I was very busy during that time, when I saw her after coming back, I felt very satisfied.

Actually, other than reporting my ninth brother's matter to emperor Feng, I also secretly ordered someone to investigate her matters with Rong Mu Ling.

When I heard that she was left alone for three years, my heart wasn't filled with jealousy, but pain.

She was clearly that excellent, but she was treated like this. That Rong Mu Ling simply didn't have eyes.

After I learned this matter, I decided to plan my birthday party.

I transplanted all the peach blossoms in ten miles of the city to my palace. Rong Mu Ling was unwilling to give her a single peach blossom, I was willing to create ten miles of peach blossoms in the Eastern Palace.

That day, I invited Rong Sen and Rong Mu Ling.

They came filled with joy, thinking that I wanted to pull them over from my ninth brother.

But they didn't know that I just wanted to show them the one I loved.

But there was an interlude. A person that I wouldn't even look at, Lan Ling Qian.

But I never thought that this trivial person would finally fill me with pain.

That day, the peach blossoms filled the air. She stood at the entrance and I walked towards her step by step with my heart filled with excitement.

This was a ritual, telling everyone in the palace that the person in my hand was the only person that I loved.

Right, I had really kissed her in front of everyone, including Rong Mu Ling.

She had a look of panic as her face turned red. In the seven years where I wished I could die, it kept appearing in my mind.

Forever lingering.....
