

Quick T 2161

Chapter 2161: Sir demon lord: Fairy please stay (50)

Luo Qing Chen never would have thought that she would talk with Ye Xuan Ji all night in the heavenly palace. When she opened the door, she had already seen that figure.

Even if it was a back, she knew who it was.

“So, when the matters over here are finished, will you marry me?” Luo Qing Chen gave a chuckle, but a complicated look appeared in her eyes.

She couldn't say it clearly.....

She didn't know long passed before Ye Xuan Ji looked at her with a grin, “When all the dust settles, I will.....”

“Don't answer yet, I will go to a place tomorrow.” Luo Qing Chen raised her right hand to seal his lips with a finger, “When I come back, will you give me your answer?”

Ye Xuan Ji couldn't help trembling. Looking into her clear eyes, his heart filled with a strange pain.

The surrounding air was silent as the snow fell outside the window, falling onto her long hair.

He slowly raised his hand and gently took the snowflake out of her hair. He closed his eyes and placed a kiss on her forehead before saying, “Alright.”

“Then I'll go to sleep now.” She revealed a smile. She put down the jar of wine and waved at him, “I have to hear your answer tomorrow.”

When she took two steps, her nose stuffed up as she almost let out a tear.

Ye Xuan Ji looked at her like this and didn't say a word.

She took two steps before turning back and then she took two more steps before turning back.

There were some people that knew that it could end here, pretend that they see nothing and let nothing happen.

But she just wanted to know.....the truth.

——Unbounded Land.

Mirror of Samsara.

Ye Xuan Ji had shown her what happened in the heavenly court with this mirror.

This was a scene that only appeared when a god opened the mirror.

She took a deep breath and silently prayed in her heart.

Not him, not him, not him.....

“Si!” There was a familiar immortal power that appeared around her, but when she opened her eyes, that immortal power disappeared.

“Moon Admiring God, is that you?” Her voice trembled a bit before she bit her lip to say, “You want me to see the truth?”

She could clearly feel the Moon Admiring God’s divine power. Although it was weak, it was without a doubt his.

She waved her right hand and a golden light appeared in front of the Mirror of Samsara.

Not long after, the Sea of Stars and Flowers where the Moon Admiring God lived appeared.

The young man in black clothes with a young girl with red hair and purple lips beside him. They worked with each other to kill the defenseless Moon Admiring God.

The scene changed to the small cabin in Peak City.

Ning’er and Xiao Lang were having dinner when a cold wind appeared. A powerful divine power ripped their bodies apart and the entire cabin was stained red with blood.

The young slowly turned with a cold and arrogant look on his face, with eyes that were so deep that they had no bottom.

He was no one else but Ye Xuan Ji who drank wine with her last night in the thirty three heavens.

“I don’t believe it.....” She took a deep breath as tears like crystals fell down.

But even if she didn’t believe it, she had seen Yue Bing Xin in the Supreme Hall.

Even if she had become half man half ghost, she could still see through her with a glance.

It turned out that from beginning to end, this was all a game. Ye Xuan Ji had done everything to let her accompany him in killing their way into the heavenly palace.

In the end, the most important thing was.....unifying the three realms and becoming the king of the three realms.

Chapter 2162: Sir demon lord: Fairy please stay (51)

When she returned to the thirty three heavens, Ye Xuan Ji had already left and Yue Bing Xin took over the heavenly court.

Luo Qing Chen would never forget Yue Bing Xin’s eyes, the look of a winner.

Even though her primordial spirit had fallen to the demon path, she would be filled with excitement as long as she could win over her.

What god, what demon? As long as she could beat Luo Qing Chen, she didn’t care if she became the ugliest monster.

“Flame God?” Yue Bing Xin walked over while strutting her hips, with a smug smile on her face covered in heavy makeup as she said, “Isn’t this game fun?”

“Guan dang.” Luo Qing Chen raised her Phoenix Dance Sword without another word. The clear eyes had turned dark and were filled with killing intent.

“You.....What do you want to do?” Yue Bing Xin was stunned as her smug face turned pale.

She had been so excited that she had fallen into danger without knowing it.

But then again, she was Ye Xuan Ji’s collaborator. Even if Luo Qing Chen hated her, there was nothing she could do.

The three realms belonged to Ye Xuan Ji, they were the three realms he ruled.

“If you send yourself up, why wouldn’t I accept it?” The Phoenix Dance Sword cut through her neck and drops of red blood fell down.

She wanted to resist, but she found that she was covered in layers of golden light and was unable to move at all.

“Don’t mess around, I.....I’ve made a deal with the Demon God. I opened the east, west, and north gates to let the armies of the demon army in. I am the hero of the Myriad Demon Mirror.”

“Hero?” Luo Qing Chen gave a shrug, “Do you see anyone coming to save you?”

“Luo Qing Chen, you can’t.....”

“Xiu, xiu.”

She coldly narrowed her eyes before raising her right hand and two beams of golden light flashed in front of Yue Bing Xin’s eyes.

Her eyeballs were dug out and blood flew in all directions.

“Ah!” There was a pitiful scream as Yue Bing Xin fell to the ground.

“Is it fun?” Luo Qing Chen revealed a very cold smile as the cold look in her eyes seemed like it could freeze everyone around her.

“You.....You can’t kill me! You definitely can’t kill me!” There was a clear tremble in Yue Bing Xin’s voice. She who had lost her eyes and fallen into darkness felt endless fear at this time.

What was going on? Not long ago, Ye Xuan Ji handed the entire heavenly court to her and she had felt her worth at that time.

But in the blink of an eye, it became like this.

“Of course I can’t kill you that fast.....” Luo Qing Chen bit her lip and said, “The pain that you gave me a thousand years ago, today.....I will give it all back to you!”

As soon as her voice fell, she threw the Phoenix Dance Sword into the air and a sword formation appeared, like they were about to slay a god.

“Luo Qing Chen, I am a her.....Pu.....Ah!”

Sword glows cut her again and again, piercing her primordial spirit. There were bits of golden light that came from her body bit by bit.

It wasn’t her cultivation, but the cultivation that came from eating pills.

“Luo.....Luo.....I won't.....let you off.....You.....”

“Peng!” There was a large sound as Yue Bing Xin's body exploded under the mighty sword array, scattering her primordial spirit into nothing.

Immortals were different from gods, no matter how long an upper immortal took, it was impossible for them to regather their primordial spirit.

Luo Qing Chen wanted her to die, forever disappearing from this world, never having a chance to stand up again.

Of course, there was also one other person.....

Chapter 2163: Sir demon lord: Fairy please stay (52)

Sea of Star and Flower

The place that the Moon Admiring God had lived for thousands of years, the place where he had been buried.

Standing in front of the grave, she knitted her brows. Waving her right hand, the door to the grave opened.

She felt the aura of the Moon Admiring God here. It wasn't a living being, but it came from the Moon Admiring God.

Since the Moon Admiring God's primordial spirit had scattered to heaven and earth, he wouldn't leave a corpse like the mortals for others to mourn.

As a god, it was more lonely. Death meant forever disappearing from this world.

She was lucky. With the help of the Moon Admiring God and half of Ye Xuan Ji's divine power, she had repaired her primordial spirit in a thousand years.

But the Moon Admiring God.....

She knew that it was impossible for him to come back.

“Si!” When she was deep in thought, a golden light flashed in front of her.

The aura of the Moon Admiring God became stronger. Then there was a water mirror that appeared in front of her with the Moon Admiring God's appearance.

“Don't be afraid! The decision you made is correct, don't let the three realms perish.....”

“Xiu!” With a flash of black mist in front of her, the water mirror disappeared along with the Moon Admiring God.....

Without turning around, she knew who was standing behind her.

It came quite quickly.....

“Qing Chen, there are some things that you can ignore.....” His voice was very, very deep with countless complicated emotions that were hard to understand.

Luo Qing Chen took a deep breath and slowly turned around, looking at him with a pair of beautiful and serious eyes, "If you said that it wasn't you, I would believe you."

"It was me." He didn't deny it as he said this with a calm look in his eyes.

There was no repentance, no apology, or even any regret.

It was because everything he did was necessary, or rather he had planned on uniting the three realms for a long time now.

He just followed the plan and executed it step by step.

"Why?" Luo Qing Chen took a deep breath as she tightly clenched her right fist. Then she slowly said, "Even if.....Even if you unite the three realms, why did you have to kill the Moon Admiring God?"

"Because I needed your help." Ye Xuan Ji calmly looked at her as he gave this answer.

"I'll help you even if you didn't kill the Moon Admiring God!" Luo Qing Chen pulled out the Phoenix Dance Sword to point at him, "But you didn't even let Ning'er and Xiao Lang go."

"Only endless hatred can give a person strength." Ye Xuan Ji looked up at her, "Without you, I couldn't have conquered the southern gate."

"Don't speak." She roared out as the tomb violently shook.

The snowflakes drifted in from the entrance and fell on her hair, her shoulder, her sword.....

But this time, Ye Xuan Ji didn't come forward with a gentle look to help her brush off the snowflakes.

He just stared at her in a daze, as if he was using all his power to remember her appearance.

"Alright." He softly replied before narrowing his eyes to say, "If you're willing to lead the three realms with me, the position beside me will always....."

"You know that's not possible." Luo Qing Chen bit her lip before revealing an incomparably sad smile, "Actually, I really want to agree with you and I want to hear that answer."

That day, when they toasted with their wine, he didn't give an answer.

Being a person meant not going against your conscience.....

He killed Ning'er and Xiao Lang, he killed the Moon Admiring God, could someone tell her how she could act as if nothing had happened!

Chapter 2164: Sir demon lord: Fairy please stay (53)

"Then what do you want to do?" Ye Xuan Ji looked at her with a faint smile, "You can't kill me."

His voice was very cold, so cold that it chilled to the bones. But without knowing why, she could see a bit of sadness and unwillingness in his bottomless eyes.

Time seemed to have frozen as Luo Qing Chen looked at him without saying anything for a long time.

It wasn't that she didn't know what to say, but she was making a decision.

A decision that went against logic and this decision was destined to fill her life with worry.

"You will properly lead the three realms, right?" Luo Qing Chen bit her lip as she looked at him, speaking these words that she didn't have confidence in.

"Of course." Ye Xuan Ji was surprised, but he still seriously answered.

"You're right, anyway, I can't beat you." Luo Qing Chen gave a shrug before looking at him with red eyes, "I already killed Yue Bing Xin which is comforting myself since I've already taken revenge....."

Then she suddenly became very weak.

When the truth was placed in front of her eyes, she was still making excuses for Ye Xuan Ji.

How she had hoped that it wasn't him. Even with all the evidence in front of her, as long as he said that it wasn't him, she would have believed.

But he didn't hesitate to admit it, but even if he did, she couldn't kill him.

Even on the way, she kept telling herself that she had to be a righteous person and take revenge for the Moon Admiring God and Ning'er.

But when she saw Ye Xuan Ji, she knew that there were things that she couldn't do.

Like killing him.

No matter who won or lost, whether she had the ability to kill him or not, she couldn't do it.

Ye Xuan Ji looked at her tightly closed eyes and worried look. He couldn't help raising his hand, but then he slowly put it down.

He tightly knitted his brows to make his eyes look as indifferent as possible.

"So you're willing to forgive me?" He looked at her with a grin and an ice cold look as he said word for word, "Forgiving me for my own benefits, for killing Ning'er, for killing Xiao Lang, for killing the Moon Admiring God, right?"

"Don't speak." Luo Qing Chen covered her ears and shook her head, "I won't forgive you, but I won't kill you. I don't want your answer, I also won't rule the three realms with you. Since you're this desperate to get the three realms, I think that you wouldn't be willing to share it."

As soon as her voice fell, she turned around to look at the Moon Admiring God's coffin. There were his most favourite clothes inside and flower petals covering it.

The Moon Admiring God had told her before that if he were to return to the chaos, she should use this way to bid farewell to him.

She never thought that she would actually see this farewell.

Ye Xuan Ji didn't say anything. He just watched as she walked past him, watched as she desperately controlled her emotions to not let her tears fall.

Actually, he cared about her more than anyone in this world, but there were many things that he couldn't do anymore.

Three seconds after she passed him, Ye Xuan Ji raised his right hand and a dark blue barrier blocked her path.

The snowflakes scattered all around as a killing intent filled the air.

He pulled out his exclusive black sword and pulled it out of the scabbard, pointing it at her back, "You're right. The things that I've worked this hard to get, how could I leave people in this world that can threaten it?"

Luo Qing Chen heard this and felt a buzz ring in her ears. Her back stiffened and she couldn't say a thing.

Chapter 2165: Sir demon lord: Fairy please stay (54)

Without knowing how long passed, only when the white snowflakes fell on her long lashes did she come back to her senses. She slowly turned around to look at him and said, "You want to kill me?"

She looked at him with eyes filled with disbelief as her heart started beating at an uncontrollable rate.

Impossible, impossible, impossible.....

She began to doubt her affection at this time. Why did Ye Xuan Ji want to kill her even when she had 90% affection?

"Sorry, Qing Chen....." There was a sharp glow that appeared in his eyes as he said, "I've planned all this just for one thing, please work with me!"

As soon as his voice fell, he raised his black sword to stab at her. Before she could even react, he was already in front of her.

Luo Qing Chen was surprised before jumping back, pulling out the Phoenix Dance Sword to block his attack.

Her mind went blank at that moment.

Why, why, why?

She asked three times in her heart as her eyes filled with indescribable despair.

Ye Xuan Ji didn't hold back as each attack was fatal.

If it wasn't for the tempering in the Soul Devouring Tower or if she wasn't a god, it would have been impossible for her to avoid Ye Xuan Ji's attacks.

"Ye Xuan Ji." During the battle, she almost screamed out, "I don't care about the three realms, let me go!"

She suddenly missed the Chaos Space a bit. Other than the grievances in her heart, there were only grievances.

At this moment, she didn't hope to finish the mission, she wouldn't be affected even if the affection fell to zero.

She just wanted to escape, to escape this fight.

It was a pity that Ye Xuan Ji didn't give her that chance.

"Guang, guang!" The Phoenix Dance Sword and the black sword clashed in the air. Luo Qing Chen fought with extreme seriousness, blocking each one of Ye Xuan Ji's attacks.

Until she made a small mistake and Ye Xuan Ji's sword pierced her shoulder.

There was the scent of blood that filled the air. Drops came down one by one as they stained her snow white robe, falling onto the white snow.

Ye Xuan Ji tightly knitted his brows as he pulled back with his right hand, pulling the sword out.

Luo Qing Chen took two steps back as her face turned pale. She jumped to the side and quickly raised the Phoenix Dance Sword to guard.

Because if she didn't change her strategy, it wouldn't take long before she died at Ye Xuan Ji's hands.

When they started fighting again, Luo Qing Chen didn't use any fatal moves and attacked to the side.

Or it could be said that it wasn't her sword that deviated, but rather Ye Xuan Ji suddenly appeared in front of her sword.

In a duel between experts, speed was key.

She wanted to pull back the Phoenix Dance Sword, but Ye Xuan Ji firmly caught the blade and stabbed it towards his heart.

"Si, si, si, si." The Phoenix Dance Sword stabbed into his heart. His right hand came back as he took her in his embrace, not hesitating to kiss her even after seeing her stunned look.

Luo Qing Chen heard a buzzing sound in her head as her body couldn't stop trembling.

He slowly moved away from her lips and his left hand came to her shoulder, healing up the wound that was there.

His right hand let go of her waist and covered her eyes, as a cool voice with endless gentleness said, "Don't be afraid, it'll be over soon."

She didn't hear what else Ye Xuan Ji said. She just knew that a powerful force entered her body and combined with the half of Ye Xuan Ji's divine power that was in her body previously.

Chapter 2166: Sir demon lord: Fairy please stay (55)

Actually, from the first time he talked to her, he guessed that he would fall in love with her.

But he never thought that this would be their ending.

The dark sky suddenly turned bright, a transparent kind of white.

Ye Xuan Ji standing in front of her released a black glow. Luo Qing Chen knew that this was his primordial spirit.

"What are you doing!" She shouted out as she didn't even have the strength to hold the Phoenix Dance Sword anymore.

But Ye Xuan Ji's eyes were calm at this moment. The dark eyes were no longer bottomless, it was as if the stone in his heart had finally fallen.

"Sorry, Qing Chen." He raised his right hand to wipe away her tears as he looked at her with a loving gaze, "This is the only ending....."

For Ye Xuan Ji, he didn't have any other choice.

He couldn't let her die, so those choices that even made the Moon Admiring God's head ache weren't necessary for him.

The pure white snowflakes fell one by one, landing on her long lashes.

"I don't understand....." Luo Qing Chen held Ye Xuan Ji's hand out of fear. She was afraid that if she let go, he might disappear from this world.

Her brain had stopped working and there was only emptiness and indescribable fear.

She knew the ending, but she wasn't willing to accept it or believe in it.

"Be good....." Ye Xuan Ji raised his hand with a bit of difficulty and gently patted her head. His eyes looked at her forehead, thinking that the faint flower looked so good.

How he hoped, how he hoped that he could always stay by her side, even if it was just as a mortal.

But there were some things that couldn't be allowed.

He closed his eyes and placed a soft kiss on her forehead. All the unfinished happiness and stories, all of them.....were sealed with a kiss.

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

“Ye Xuan Ji.” Luo Qing Chen called his name with all her strength, again and again, but it wasn’t any use at all.

There was just a ‘peng’ sound as with a strong flash of white light, she felt the hands that she was tightly holding disappeared.

The fragments of the primordial spirits around her mixed with the white snow and the Phoenix Dance Sword and the black sword fell to the ground at the same time.

The entire land seemed to have fallen into silence when he departed.

She stood there in a daze, unable to say a single word. She just let her tears fall one drop at a time.

Falling onto the white snow, falling onto her heart.....

Those unsolved mysteries weren’t important, the justice that she had believed in had all collapsed.

What demons, what gods, what life and death.....

She didn’t even know what he was working so hard for.

It was as if she was a spectator that knew nothing, watching the ups and downs, watching the passage of time, waiting for someone else to write the ending.

Among them were unsolved mysteries, everyone’s lies.

The snow was so heavy that it almost blurred her gaze.

Three people slowly walked over from afar. The people who had filled her with guilt walked over step by step, appearing in front of her.

It turned out that this really was a game.

The people trapped were not the gods, the demons, or the three realms.

But her.....

Only her.....

“Qing Chen.” The moment the Moon Admiring God’s voice rang out, she couldn’t take the pain in her heart anymore. She fell down and held her shoulders as she started to loudly cry.

Chapter 2167: Sir demon lord: Fairy please stay (56)

The Moon Admiring God wasn’t dead, Ning’er wasn’t dead, Xiao Lang wasn’t dead.....

All the people she cherished, he had used his life to cherish, except for himself.

The story was short and could be summed up with just a few words.

Of course, when this short story was told by the Moon Admiring God, she used an entire year before coming back to her senses.

When she stood in the Sea of Stars and Flowers again, the Moon Admiring God had constructed another tomb that had his black sword and his favourite black robe in it.

“It’s been a year, are you trying to desperately fix your primordial spirit or have you returned to the chaos?” Luo Qing Chen looked up as she revealed a helpless bitter smile, “Will you come back?”

The snowflakes fell and she spread her hands, letting them fall onto her palm, giving her that cool sensation.

She closed her eyes. On the day a year after he left, her mind was filled with the.....matters of that year.

Actually, on the day she came out of the Soul Devouring Tower, when Ye Xuan Ji’s hand reached out to touch hers, he knew that only one of them would survive.

Divine power was something that had to be possessed. When the owner of the divine power was asleep, it belonged to the one who had it.

But if the owner were to awaken, the divine power would be concentrated on the owner.

When Ye Xuan Ji handed half his divine power to Luo Qing Chen, he had fallen into a slumber.

Since the owner of the divine power was asleep, the half divine power belonged to Luo Qing Chen.

But.....when Ye Xuan Ji awoke with the God Soul, the half of the divine power in Luo Qing Chen started moving towards its owner.

That day, when the sand filled the sky, his heart ached from seeing her covered in blood.

But when he approached her to hug her, he found that his hand unconsciously released a red glow that absorbed her divine power bit by bit without any restriction.

He panicked at that moment. He took his hands back and stopped his action of hugging her halfway.

She said with a smile, “I thought that you would hug me.”

He thought, “I really want to hug you.”

What happened after was even shorter and there was a determination in this short story.

He brought her back to the Myriad Demon Mirror and made an excuse of going to the mortal realm, but actually he went to the Sea of Stars and Flowers to see the Moon Admiring God.

The Moon Admiring God had just finished settling Ning’er and Xiao Lang and came back to the Sea of Stars and Flowers.

Although Di Fan Yu was furious, the Moon Admiring God was an upper god and he couldn’t do anything to him.

The Moon Admiring God saw that he was in a rush and said with a faint smile, “I rarely see you like this, what’s wrong? Did you encounter a problem?”

Ye Xuan Ji told the Moon Admiring God about the divine power issue and the Moon Admiring God knitted his brows before opening the heavenly court's sacred book.

There were records about a god's divine power in there and one line wrote that if the primordial spirit was reassembled with the divine power of someone else, the divine power would belong to that other person.

It wouldn't happen all at once, it would be bit by bit. The one who lost it would feel some heart palpitations, but they would feel nothing else.

The feelings would become more frequent until the divine power was completely recovered by the original owner.....

She would die.....

Whether they were god or human, they would die.....

Her primordial spirit had been fixed by half his divine power, so if it was lost, the primordial spirit would scatter again.....

In the records about divine power, there wasn't a single person who escaped this fate.

Chapter 2168: Sir demon lord: Fairy please stay (57)

The Moon Admiring God looked at him and said with a helpless sigh, "I never thought that you both worked so hard to wake the other side, one using half of their divine power and one risking it all to steal the God Soul, but only one can survive in the end."

"Un." Ye Xuan Ji's voice was very calm as if he wasn't struggling with this choice at all, but there was unwillingness in his eyes.

A deep unwillingness.....

"It seems like you already have your answer." The Moon Admiring God looked at his calm eyes and suddenly felt that this young man who never seemed to care about life and death, the one that was unparalleled in his realm.....had changed.

"There's no need to make a choice at all." He gave a shrug. With a sparkle in his eyes, he said with a grin, "I was just thinking about how to finish this matter without her knowing about it."

She was that smart and sometimes with just a single glance, she could see through everything.....

"The sacred book says that if you want the divine power to not return to the owner, the person who owns the divine power must kill the original owner with their own hands....." The Moon Admiring God read up to this part and waved his right hand, slowly closing the sacred book.

He patted Ye Xuan Ji's shoulder and said, "You should have seen it already."

“Un.” He softly replied as a sparkle appeared in his beautiful eyes, “The heavenly court’s sacred book has clearly recorded it.”

“What are you planning to do?” The Moon Admiring God slowly said, cutting through his thoughts.

But he had already thought of a way!

“Let’s act out a play! I’ll write the story between me and her.”

“Xuan Ji.....”

“Moon Admiring, you are my best friend and you are her best friend.” Ye Xuan Ji paused before saying, “But she is the one I love the most.”

The Moon Admiring God was frozen by this. He never thought that he would hear Ye Xuan Ji say this in this life.

A Demon God, one that could easily take away countless lives with a wave of his hand.

There wasn’t the slightest bit of hesitation in choosing between the life of the one he loved and his own life.

“She is smart, it won’t be easy to trick her.” The Moon Admiring God shook his head as he said this.

“Un, so I need your help.” Ye Xuan Ji narrowed his eyes, “As well as Ning’er and Xiao Lang.”

This was the script that Ye Xuan Ji wrote. Since he came back from the Moon Watching God’s Sea of Stars and Flowers, he started writing it bit by bit.

Until he brought her to the mortal world.

The Moon Admiring God had asked why he brought her to the mortal world.

He said: I want to leave her with a good memory. The human world is the most real place.

They had spent the Qixi Festival of the human world together. The story of the cowherd and the weaver girl wasn’t as beautiful as the human world saw it. The people of the heavenly court knew that in the long years that followed, they were tired of waiting and had forgotten about each other in the depths of their hearts.

Even then, the river of stars still blocked them.

But the mortals thought that they would love each other forever.....

The Moon Admiring God said that Ye Xuan Ji told him that the time in the mortal world was the most unforgettable time for him.

As they passed through those ordinary streets, when they saw that moving story.

Actually, he had deliberately taken her to see that play. Last time he was in the human world, he had seen this play and felt that the story between the little fox and the war god was like their story.

He hoped that she would be like the carefree little fox, living a good life even when he was no longer in this world.

Chapter 2169: Sir demon lord: Fairy please stay (58)

“Without knowing it, it’s already been a year.”

The Moon Admiring God’s voice came from behind her. She quickly raised her hand to wipe the tears on her face and closed her eyes as she said in a soft voice, “Un.”

“You finally came out.” The Moon Admiring God gently patted Luo Qing Chen’s shoulder, just like how he would pat Ye Xuan Ji’s shoulder in the past. He said to her like an elder, “He wouldn’t want to see you like this.”

“Then what kind of me would he want to see?” Luo Qing Chen looked up with a clear self mockery in her clear eyes, “Doesn’t he know how selfish he is?”

Selfishly leaving her alone in this world, selfishly directing and acting in a play, making it seem like everything ended perfectly.

He gave her an end, but it was a heart wrenching ending.

“He was more troubled than anyone.....” The Moon Admiring God’s words cut her off. He gave a helpless shake of the head as he said, “Perhaps he wasn’t troubled at all because he had his answer from the beginning. He just followed the answer in his heart to finish the story between you and him.”

“You want to have a drink?” Luo Qing Chen gave a shrug as she placed red flowers from the other side on the snow tomb. She turned to the Moon Admiring God and said, “I suddenly want to hear the story he wrote back then.”

The Moon Admiring God was surprised. Seeing the faint tears in her eyes, he gave a nod, “Alright.”

The moon and stars, they really were beautiful in the night sky above the Sea of Stars and Flowers.

Luo Qing Chen poured the wine in her cup and took a sip before looking at him, “You weren’t afraid of me seeing through your script?”

“We were.” The Moon Admiring God drank two cups and his expressions became a bit excited. It was like he was recalling the script as he said in a casual voice, “Do you remember? You went to the Mirror of Samsara in the Unbounded Land just to make sure, so I immediately headed to the Unbounded Land.”

Luo Qing Chen was surprised when she heard this as her eyes turned red.

She felt like the past was appearing in front of her eyes, scene by scene, like the images were changing which filled her with pain.

“So it was true that I sensed your existence in front of the Mirror of Samsara?” She suddenly felt that she had a chance to approach the truth, but she was still one step short.

"It's true....." The Moon Admiring God gave a sigh, "The Mirror of Samsara was actually a barrier that I set up, so what you saw was the image that I wanted you to see."

"Moon Admiring God, aren't you afraid that I would hate you?" Luo Qing Chen looked over with her clear eyes filled with tears.

When one day that you realized that the love and hatred you felt was a play written by someone else, you would find out how helpless you were.

But you couldn't hate because he did it all so she could live, so how could she hate him.....

"No matter which one of you died, I would feel sad." The Moon Admiring God said with a bitter smile, "But Xuan Ji already made a choice, so what could I do?"

"You're not afraid that I'll hate him?" She seemed to have drunk too much as the tears started to fall.

Actually, she didn't drink that much. She wanted to get drunk, she wanted to get drunk in this lonely world and never wake up.

"So you hate him?" The Moon Admiring God asked back.

Silence, silence, silence, deathly silence.

Without knowing how long passed, she pursed her lips and looked up at the large bright moon, "I don't even have time to love him, how could I hate him."

Chapter 2170: Sir demon lord: Fairy please stay (59)

Snowflakes suddenly fell from the sky, falling onto her hair bit by bit.

She suddenly remembered the past when he slowly brushed the snow from her hair with a gentle gaze before taking her in his embrace.

In the distant past, she seemed to have forgotten many things.

She didn't know what she was waiting for. She might be waiting for a miracle or perhaps.....an explanation.

The heavenly court and the Myriad Demon Mirror returned to peace. The Moon Admiring God saw her loveless appearance and said with a sigh, "How about you go and walk around the mortal world?"

She thought about it before slowly saying, "Alright."

She felt a very sad feeling when she went to Peak City again. She always wondered what kind of emotion Ye Xuan Ji felt when he brought her here last time.

Thinking about it, it should have been a goodbye.

The mortal world was never changing, it was the same as it was last year.

“Selling candied hawthorns!”

“High grade makeup! Miss, do you want to take a look?”

“This is the new tribute cloth from the west, take a look, take a look!”

.....

Luo Qing Chen stood in the center of the busy street and closed her eyes, remembering when Ye Xuan Ji was beside her as a bit of pain filled her heart.

Suddenly, there was a little boy who pulled on her sleeve. Luo Qing Chen was surprised before slowly looking down.

He spread his palm and said, “Big sister, someone wanted me to give you this.”

There was a blood red jade in his hand and there was only one word written: Yue.

Luo Qing Chen tightly knitted her brows. She felt a strong power the moment she reached out to touch the jade which completely devoured her.

She was surprised as she suddenly pulled her hand back. The blood red jade fell to the ground and shattered into blood.

“How is this possible?” She muttered in a low voice. She then left the mortal world and returned to the Sea of Stars and Flowers.

—

The Moon Admiring God made a pot of tea before slowly closing the sacred book. He knitted his brows as he said, “This is indeed a demon from the crack.”

“I can tell that they were very powerful.” Luo Qing Chen revealed a hint of worry in her eyes.

“The Cracked Land is an extreme border like the wilderness, it’s the same as the Soul Devouring Tower, they belong to a different space.” The Moon Admiring God took a sip of the tea before saying with a serious look, “If I’m not wrong.....”

“Yue Bing Xin, right?” Luo Qing Chen looked up with a serious look.

“Right.” The Moon Admiring God knitted his brows and said, “Normally the Cracked Land wouldn’t appear, but there is a power that is similar to it.

“What?”

“The Divine Power Pill.”

Hearing what the Moon Admiring God said, Luo Qing Chen understood. Yue Bing Xin had come back with a different identity.

“Then the Cracked Land.....”

“Peng!”

Before Luo Qing Chen could finish, there was a large mushroom cloud that appeared in the sky.

It was blood red and filled with killing intent.

“This is bad, something happened in the mortal world.”

Luo Qing Chen closed her eyes and quickly followed the Moon Admiring God to Peak City.

If she wasn't certain that this was where Peak City had been, she wouldn't have believed that the lively city from this morning would be turned to dust in the afternoon.

Not to mention the people, even the houses had been turned to dust.

“There's still a very strong power here. I must return to the heavenly court.” The Moon Admiring God looked at her and said, “You go to the Myriad Demon Mirror, this might be a battle where the demons and gods will have to join forces to face the enemy.”

Luo Qing Chen didn't say anything as her clear eyes blurred a bit.

“Qing Chen.....”

“Yue Bing Xin is back, so why isn't he.....”
