

## Quick T 2171

### Chapter 2171: Sir demon lord: Fairy please stay (60)

Her voice was a bit choked and her eyes couldn't help turning red as she spoke.

Actually, she didn't want to do this, but she couldn't control it.

"Qing Chen....." The Moon Admiring God tightly held her shoulders as he looked at her to say, "The Cracked Land isn't as simple as you think. The demons in there are different from the demons of the Myriad Demon Mirror, they rely on absorbing energy to survive....."

Luo Qing Chen didn't reply.

The Moon Admiring God continued, "Their rate of growth is a hundred times faster than normal gods and demons. The sacred book wrote that tens of thousands of years ago, when Cracked Land opened before, the entire heaven and earth along with the gods and demons perished."

Luo Qing Chen still didn't respond.

"Qing Chen."

"I know." She replied in a soft voice. She covered her eyes with her hands and took a deep breath, "Actually, this is also good....."

"What?"

"I finally have a reason to die."

Actually, she should have left long ago. A world without Ye Xuan Ji, by becoming a god, she would live a very long life. How.....much torment that was.

The Moon Admiring God heard her words and didn't know how to respond.

He felt that in her soul stirring eyes, there was only despair, endless despair.

She never thought that she would become the saviour of the world. When she returned to the Myriad Demon Mirror, all the demons were very friendly to her.

Xuan Ming even came to greet her, "Long time no see."

"It's only been a year." She gave a slight nod before saying with a faint smile, "But it feels like a long time."

When she saw Xuan Ming, she suddenly felt like being separated from the world.

It felt that since Ye Xuan Ji left, she had become more mature.

Or rather it was more appropriate to say.....she was lonely.

"I thought that you would come back to the Myriad Demon Mirror afterwards since the past demon lord....." He stopped when he said. Seeing the mist in Luo Qing Chen's eyes, he didn't say anything else.

"I didn't dare come back, I was afraid I couldn't stop crying." Luo Qing Chen looked at the exquisite fortress and said with red eyes, "After all, he always liked his fortress very much."

"I wonder, why has the Flower God come back this time?" Xuan Ming saw her sad appearance and immediately changed the topic.

Luo Qing Chen slowly came back to her senses, "The demons of the Cracked Land have appeared, you should know about this."

Xuan Ming gave a nod when he heard this, "Yes! We can sense it and I heard that they went to the mortal world first."

"Un." Luo Qing Chen replied, "They bathed Peak City in blood."

Although she didn't know why they did this, it was a good thing that Ning'er and Xiao Lang had started traveling a year ago or they would have.....

"It really is terrifying." Xuan Ming knitted his brows with a trace of worry in his eyes.

"Based on your expression, you should know about the demons of the Cracked Land?"

"The Myriad Demon Mirror knows more about the Cracked Land than the heavenly court." Xuan Ming thought about it before saying, "Flower God, please come with me. I can let you read the books stored in the Myriad Demon Mirror."

"Alright." Luo Qing Chen said with a nod, "The Moon Admiring God doesn't know much about the demons of that place either. But with the current strength of the heavenly court, they shouldn't be able to stop them."

Xuan Ming heard this and suddenly stopped to turn around to look at her, "If the Flower God needs the Myriad Demon Mirror, we will all listen to your orders."

He paused before continuing, "This was the order left by the demon lord."

## **Chapter 2172: Sir demon lord: Fairy please stay (61)**

Actually, if Xuan Ming didn't say this, she wouldn't have thought of Ye Xuan Ji.

But when he did, she felt sad.

The kind of sadness that came from the depths of her heart.....

Xuan Ming did know more about the demons of the Cracked Land than the Moon Admiring God. To put it simply, the Cracked Land was the spatial barrier that was created by a giant crack.

In other words, it was a more terrifying place than the Soul Devouring Tower.

The demons of the Cracked Land were fundamentally different from the demons of the Myriad Demon Mirror. They fed on the living to constantly become stronger.

All kinds of energy, power, and cultivation, they could absorb them with their own demonic power, turning it into their own power.

“People become ghosts after dying, but after a god or a demon dies, if they don’t return to the chaos, they will linger in the void.” Xuan Ming simply summed it up, “It was by swallowing the evil energy that they could become new life.”

Luo Qing Chen heard this and fell into thought. After a while, she knitted her brows to say, “I heard the Moon Admiring God say that the sacred book recorded that the Cracked Land opened tens of thousands of years ago. How was it sealed in the end?”

Xuan Ming was surprised before revealing a complicated expression. He wanted to say something, but then he swallowed back his words.

“The heavenly way dictates that when the Cracked Land appears, there will be a Demon God in this world.” Xuan Ming turned the pages in a book before giving it to her, “Last time the demons of the Cracked Land were sealed by the Myriad Demon Mirror’s Demon God. Because the heavenly court had already been destroyed, they didn’t know about this.”

“It’s no wonder.....” Luo Qing Chen narrowed her eyes and muttered, “The heavenly court’s records were a bit too simple about this.....”

“Yes!” Xuan Ming put the book back before looking at her to say, “The Flower God can just tell us what you want us to do.”

Luo Qing Chen thought about it before saying, “They started with the mortal world, so they must be afraid of the Myriad Demon Mirror since the Myriad Demon Mirror is the furthest away from the mortal world.”

“Of course, the Demon God is stronger than anything in this world.” When Xuan Ming said this, there was a sparkle in his eyes.

A pride that came from the Myriad Demon Mirror.

“Gather all the demon armies, we’re going to the heavenly court.” Luo Qing Chen narrowed her eyes and tapped the wooden table with her right hand, “After killing the mortal world, they will definitely go to the heavenly court.”

They probably couldn’t save the people in the mortal world, but at least they could protect the heavenly good.

“Understood, I will prepare everything.” Xuan Ming gave her a respectful bow before quickly leaving to prepare.

Luo Qing Chen looked at where he had once lived and muttered, “I will definitely guard the Myriad Demon Mirror for you. I will end this battle in the heavenly court.”

The things that he couldn’t do, she who had his divine power would do for him.

But Luo Qing Chen never thought that the demons of the Cracked Land would be faster than she imagined.

In just three days, they slaughtered the entire mortal world.

The lively cities, the hawkers shouting in the streets, the mortals had all disappeared.

The large mortal world was only covered in sand, looking so desolate.

The large group of unscathed demons reached the heavenly court on the fourth day.

The one leading them was someone she couldn't be more familiar with.....

Yue! Bing! Xin!

### **Chapter 2173: Sir demon lord: Fairy please stay (62)**

She was dressed in black armour with her hair on her shoulders, covered in a black demonic power.

Her face looked empty and her eyes were filled with black blood, not having a single bit of sclera, looking very strange.

She had purple and red lips, blood coloured skin, and red fangs.....

She wasn't a single person, but rather seemed like a combination. It was like a monster formed from countless demonic energy and her primordial spirit that had fallen into the Cracked Land.

But her voice didn't change, it was still sharp and grating.

"I never thought that I would be back." Her lips curled to reveal a strange smile. She looked at Luo Qing Chen with that smile and said, "Ha, ha, ha, ha, ha, do you know? When I knew I would come back, how excited I was?"

Everyone focused their minds and vigilantly looked at this fellow who wasn't even human anymore.

They didn't know who this person was until an immortal who was a maid shouted out, "Ah, Yue.....Yue.....Heavenly concubine Yue?"

Everyone took a cold breath as they looked at Yue Bing Xin in front of them with wide eyes filled with disbelief.

There was a golden light that slowly fell from the sky as another familiar figure appeared in front of her.

When she saw Di Fan Yu again, there were no ripples in her eyes.

There was no anger, no hatred.

Perhaps for her, Di Fan Yu was just the heavenly emperor and nothing else.

But the moment that Di Fan Yu appeared, his eyes fell onto Luo Qing Chen without any hesitation.

His face looked a bit old. It was most likely because staying in the western realm for a year had calmed him down and allowed him to think about many things.

At the same time, Yue Bing Xin spoke again.

“Why won’t you look at me.....” Her voice was a bit sad with a bit of ethereal feeling in it. She raised her blood red hand to cover her heart as she said, “I was a substitute a thousand years ago, right? You never.....loved me?”

Di Fan Yu knitted his brows and focused his mind to recognize the girl in front of him. His eyes revealed a bit of surprise before revealing disgust.

“Yes.” Just one simple word was more painful than a thousand words for Yue Bing Xin.

There was a time when she worked so hard to be by his side, she had done all those things just to not be a substitute.

But in the end? Why was her ending so tragic? What had she done wrong?

“Ha, ha, ha, ha, ha!” She gave a wild laugh into the sky before looking at Di Fan Yu, “Your answer really chills the heart, but it doesn’t matter. Very soon, very soon this will all end.....”

“Just with you?” Luo Qing Chen narrowed her cold eyes as the Phoenix Dance Sword appeared in her right hand and killing intent filled her eyes.

“You, shut up!” Yue Bing Xin roared before glaring at her, “It’s all because of you, it’s all because of you! I will tear you apart today!”

As soon as Yue Bing Xin’s voice fell, all the demons standing behind her charged out at Luo Qing Chen.

The blue and white sky dimmed and there was a killing intent that filled the air. Luo Qing Chen gave a cold snort before waving her right hand and throwing the Exquisite Ring into the air, causing a golden light to fall down.

This golden light came in layers, causing the heavenly court to turn bright once again.

### **Chapter 2174: Sir demon lord: Fairy please stay (63)**

Yue Bing Xin wasn’t used to this light and used her hand to block it.

The Phoenix Dance Sword in Luo Qing Chen’s hand slashed out, cutting off her right hand.

Purplish red blood came from the stump of her arm and there was a foul scent that filled the air.

“Ah!” Yue Bing Xin yelled in a pained voice as her ugly face became distorted.

“What? You’re afraid of the light?” Luo Qing Chen gave a cold snort before revealing a mocking smile, “It seems about right. After all, ugly people with dark hearts are afraid of the light.”

“You, shut up!” Yue Bing Xin angrily roared out as black mist surrounded her. She then gathered all the dark mist around her severed arm.

The black mist surrounded it and in just a few seconds, she had grown a new arm.

But this arm wasn’t like her original arm, it was an arm made of black energy.

After all, the arm that was severed by an ancient divine artifact couldn’t be healed.

In an instant, she flew out. The rotten right hand grabbed her arm and the black energy surrounded her.

The Moon Admiring God shouted, “Qing Chen, be careful! She wants to absorb your divine power!”

“Just with her?” She raised her left hand as her eyes filled with killing intent while the flower appeared on her forehead.

With a ‘peng’ sound, Yue Bing Xin who had been absorbing Luo Qing Chen’s divine power was sent flying, crashing into the ground.

Around Luo Qing Chen was a dazzling red light that protected her.

Luo Qing Chen knew that this wasn’t her divine power, it was Ye Xuan Ji’s divine power.

“Ha, ha, ha, ha, ha, I can’t kill you, but I can absorb everyone else.” As soon as Yue Bing Xin’s voice fell, she jumped out at the Moon Admiring God.

The Moon Admiring God moved sideways and perfectly dodged her, but she still absorbed a portion of his divine power.

Luo Qing Chen knitted her brows and came to the Moon Admiring God’s side as she asked, “Are you alright!”

“We have to find a way to seal her.....” There were beads of sweat on the Moon Admiring God’s forehead as his face was a bit pale.

It wasn’t because these demons were strong, but they could absorb their divine power to turn into their own strength to deal with them.

“There’s no other way!” Luo Qing Chen bit her lip and said, “Although she can’t absorb my divine power, I can’t do anything against her. The Cracked Land’s demons really are strong.”

If it wasn’t for the fact that she had Ye Xuan Ji’s divine power and her own power, she might not be Yue Bing Xin’s match.

The more immortals she killed and the more power she absorbed, the stronger she would become.

“Ha, ha, Roaring Flame God, ah, Roaring Flame God! I really am happy!” Yue Bing Xin absorbed Taishang Jun’s immortal power as she said with a wide smile, “I really am happy seeing you helpless like this!”

“Ah!” Before she could react, Xuan Ming had collapsed by her side. He held his chest and spat out a large mouthful of blood.

Luo Qing Chen narrowed her eyes before clenching her fists to look at the Moon Admiring God and Xuan Ming in front of her, “I’ll leave the heavenly court and the Myriad Demon Mirror to you. I’m not a saviour, but there’s no other choice now.”

She didn’t want to be a hero, she just wanted to go to him.

After all, after waiting for a year, he still wasn’t back and she couldn’t feel the presence of his primordial spirit.....

She thought that he shouldn’t be back.

#### **Chapter 2175: Sir demon lord: Fairy please stay (64)**

She pulled back the Exquisite Ring from the sky. Countless layers of golden light appeared around her, resonating with the red glow.

“Qing Chen, don’t be a fool!” The Moon Admiring God as a good naturally knew what she was doing. He knew that the ring on her hand which released this golden light around her was the ancient divine artifact, the Exquisite Ring.

This ring had disappeared for many years and she didn’t have it when she was the Roaring Flame God.

But when she came back as the flower immortal, she had this ring.

Artifacts recognized masters. The Moon Admiring God was very surprised that this divine artifact recognized a master this quickly.

After all, artifacts were even more stubborn than upper gods.

She wanted to do a blood sacrifice and die with Yue Bing Xin.

But this dying together might not be successful. Yue Bing Xin was a god from the Cracked Lands, so he wasn’t certain if this blood sacrifice would work against her.

“Luo Qing Chen, what do you want to do?” Yue Bing Xin couldn’t help being surprised when she saw her hands together and the layer of golden light around her.

“Yue Bing Xin, don’t you know that your doom is about to come?” Luo Qing Chen narrowed her cold eyes. The golden light around her became even more powerful. This powerful golden light had actually covered the divine power that Ye Xuan Ji had left her.

She wasn’t confident, but this was the only way, so she could only give it a try.

Otherwise with Yue Bing Xin and several hundred demon generals behind her, no one would be able to stop them once they absorbed everyone in the heavenly court and the Myriad Demon Mirror.

“Don’t be a fool! I’m not a demon from the Myriad Demon Mirror, I’m from the Cracked Lands. Do you think that this blood sacrifice would work against me?” Her voice was strange as if each word had a trembling laughter beneath it.

But Luo Qing Chen could sense a trace of panic from this laughter.

“Don’t you know in your heart if it will work or not?” Luo Qing Chen gave a cold laugh as the golden light around her started to flow faster.

She then said, “Don’t you know how the demon that came out of the Cracked Lands last time disappeared?”

“No, impossible.”

She angrily roared out before madly charging at Luo Qing Chen.

“God Destroying.....”

“Peng, peng!”

When Luo Qing Chen was about to recite the last words of the blood sacrifice spell, there was a dazzling white light that appeared in front of her.

After a ‘hua’ sound, she couldn’t hear anything no matter what she said.

The air around them suddenly fell silent. The demons not far away exploded one by one, turning into black powder and disappearing.

There was a powerful force around them. This force suppressed Yue Bing Xin and made her cry out in pain.

Luo Qing Chen felt her heart in her throat as her hands couldn’t stop shaking. Even her breath became a bit faster.

“Ah, who is it? Come out!” Yue Bing Xin gritted her teeth and stood up with difficulty to angrily roar out, “I want to absorb all your power, come out for me!”

Luo Qing Chen felt a black figure appear behind her.

When she turned back, that figure had disappeared.

When she turned her head again, a pair of cool lips kissed her.

Snow was falling and they landed on her long black hair, on her long lashes.....

This time, she didn’t know if someone would brush them off for her.....

## **Chapter 2176: Sir demon lord: Fairy please stay (65)**

"How, how is this possible?"

The darkness in the sky instantly cleared and there was a bright blue light that fell from the sky.

Yue Bing Xin looked on in disbelief as the demon army behind her disappeared, showing just how strong this person was.

She couldn't see the appearance of this person, the person instantly headed in Luo Qing Chen's direction.

There was a familiar back with the huge power surrounding him.

"It seems like you want to die with her!" Yue Bing Xin gritted her teeth as a dark energy appeared in her hand and she flew out at the black clothed youth.

There was only a 'peng' sound as a light blue barrier appeared behind that young. All the black energy was instantly rebounded and disappeared in the air.

"I'm back." He slowly said as a sparkle appeared in his deep eyes. These seemingly simple words used all the power in his life.

Luo Qing Chen stood there in a daze, not knowing whether to cry or smile. She just knew that her heart was filled with excitement and kept beating fast.

Seeing that she didn't say anything, Ye Xuan Ji raised his right hand to tap her forehead, "Wait here for me, I'll be back soon."

As soon as his voice fell, he turned around to leave, but Luo Qing Chen grabbed his sleeve with her right hand to ask, "Will you come back?"

Her voice was very soft, seeming like it would be buried in the wind and snow, but Ye Xuan Ji heard it.

"I won't leave you." He raised his right hand and touched her face with a gentle loving look in his eyes.

Luo Qing Chen saw these determined eyes and slowly let go.

No one could understand what mood she was feeling right now. Excitement, fear, anxiety, joy.....

All these emotions came together to make her feel like she was in a dream.

She thought that she would use the blood sacrifice to leave this world.

It was hard to let go, but if she stayed in this world without him for a long time, it was better to organize her emotions and move on with a new journey.

But she never thought that at the most dangerous moment, he would come back in this unbelievable manner.

There was no warning at all.....

The snow filled the sky that day and the sky that was dark brightened bit by bit.

None of the demons from the Cracked Land could resist the power released by Ye Xuan Ji.

He was the Demon God, the once in a million year Demon God.

This battle started quickly and ended quickly. When Ye Xuan Ji appeared, Luo Qing Chen had changed from a brave warrior to a woman who was protected.

She stood in the barrier he left and there was his aura lingering around her.

With a touch of warmth, making her smile from time to time.

She didn't remember how this battle ended, she just knew that Yue Bing Xin looked at Ye Xuan Ji with a look of terror as she kept muttering, "How is this possible, how can you possibly come back! It would take at least a thousand years even if you reform your primordial spirit, how is this possible!"

"A thousand years?" He narrowed his cold eyes before a sparkle appeared in those beautiful eyes, "I can't leave her side for long, I just can't do it."

He couldn't do it, he wasn't willing to wait a single second longer.

During this year, he had worked hard, using everything he could to come back.

He should thank Yue Bing Xin for opening the barrier to the Cracked Land. If it wasn't for the power of the Cracked Land, he wouldn't have been able to come back this quickly.

## **Chapter 2177: Sir demon lord: Fairy please stay (66)**

When the dust settled and everything was over, the sky was no longer dark and was as bright as before.

Luo Qing Chen stood in the Sea of Stars and Flowers, watching the flowers in the mountains and fields, feeling very happy.

"You've been here for a long time." Ye Xuan Ji took out a wool coat and placed it over her, "Although gods don't need to fear the cold, I can't get used to seeing you wearing so little."

Luo Qing Chen heard this and lowered her head to give a chuckle as a blush appeared on her white cheeks.

She had never thought that the Moon Admiring God's Sea of Stars and Flowers was that beautiful, but she felt it was very beautiful today.

It turned out that when you're with the person you like, it would be beautiful no matter where you went.

For example, Peak City in the past, or the current sea of flowers.

“Ke, ke.....” There was a cough from not far away. The Moon Admiring God came over with two jugs of wine and looked at them to say, “I’ve been used to being alone for these long years and never felt it was strange. But why do I feel that something is off today?”

“Moon Admiring God, it can’t be that you’re jealous of us, right!” Ye Xuan Ji came forward to take her hand with a loving look in his eyes.

The Moon Admiring God gave two laughs before covering his eyes, “See no evil, see no evil!”

“Un humph?” Luo Qing Chen looked at him with a smile, “Did you bring this wine to drink with us?”

“Oh!” The Moon Admiring God suddenly said, “There are guests!”

Luo Qing Chen never thought that the guests the Moon Admiring God mentioned was Ning’er and Xiao Lang.

As well as a little fat bun.

“I’m very happy seeing you be this happy.” Luo Qing Chen touched the little bun’s head, “It seems so small.....”

“Un, it’s only been a month.” Ning’er fell to her knees holding the little bun, “Our family of three could survive to this day because of you, big sister Qing.....”

Luo Qing Chen was surprised before quickly helping her up, “Get up. Speaking of this, it was the Moon Admiring God who thought of this first and had people get you from the mortal world.”

Ning’er turned and was about to kneel to the Moon Admiring God, but the Moon Admiring God used his powers to stop her first, “There’s no need for this. Qing Chen’s friend is my friend. But the current mortal world has already been destroyed.”

“There are still many children left.” Xiao Lang looked at Ning’er before cupping his hands to say, “Moon Admiring Upper God, other than Qin’er’s first month anniversary, we’re here with a request.”

The Moon Admiring God looked up to say, “Just say what you want, there’s no need for this.”

“Ning’er and I heard that the demons from the Cracked Land can’t absorb the power of childrens, so that was why there were so many children that survived.” He seriously said, “Ning’er and I thought about it and we plan on opening a private school to tidy up the places that can be lived in.....”

“It’s a good idea, you guys have a good heart.” The Moon Admiring God said with a nod, “If you need help from the heavenly court, just speak.”

“There’s no need to trouble the heavenly court. I hope that the Moon Admiring Upper God can help us take care of Qin’er.” Xiao Lang explained, “After all, us couple will be busy and might not have time to take care of this child.....”

There was a strange scene that appeared in Luo Qing Chen’s mind.

In the Sea of Stars and Flowers, there was a girl in white elegantly dancing as the Moon Admiring God sat not far away, playing the zither for her.

The eyes he looked at her with were gentle with a touch of love.

“God!” Luo Qing Chen called out. She couldn’t help covering her laugh before she said, “Good idea, I agree!”

### **Chapter 2178: Sir demon lord: Fairy please stay (End)**

It wasn’t that the Moon Admiring God didn’t have a love tribulation, it was just that it hadn’t come yet.

Although she suddenly felt that this future plot wasn’t certain, she still felt excited taking a few looks.

“Fool, what are you excited for?” Ye Xuan Ji patted her head with a loving look, not hiding his affection at all.

Luo Qing Chen turned to him and whispered in his ear, “I’ve seen the Moon Admiring God and Qin’er’s future.”

Ye Xuan Ji saw her smile and immediately understood what she meant. He turned to the Moon Admiring God and said, “I feel that Ning’er is right, not helping the mortal world even as an upper god isn’t right!”

“Why are you singing in harmony all of sudden?” The Moon Admiring God narrowed his eyes to look at them, “When did I say that I wouldn’t agree?”

“Then us couple will thank the Moon Admiring Upper God!”

“This is what I should do, it’s only a small effort.”

That night, Qin’er was left in the Sea of Stars and Flowers. Luo Qing Chen didn’t know if this was good or bad for the Moon Admiring God.

She just knew that things like love tribulations, if you didn’t experience once in your life, it was a waste.

Whether it was good or bad, it had to be experienced once.

Three days later, there was another ‘guest’ in the Sea of Stars and Flowers. Perhaps he had a high position in the eyes of many immortals, but to Luo Qing Chen and Ye Xuan Ji, he was just a pitiful and hateful person.

The reason for hatred was clear, but as for his pitifulness.....

As the heavenly emperor, he couldn’t guard the human world when the demons invade and he couldn’t even guard the heavenly palace that should have been his.

This kind of heavenly emperor was just too sad.

He asked the Moon Admiring God for help to see Luo Qing Chen again. She didn’t want to, but she realized that it wouldn’t hurt to listen to him after thinking about it.

In the hall, they sat facing each other.

"I never thought that in the end, you would still help the heavenly court." Di Fan Yu looked at her with indescribable affection.

Actually he knew that he loved her from the beginning. If it wasn't love, how could he still marry concubines that looked like her after being the heavenly emperor for a thousand years.

But between power and love, he chose the former.

"If the heavenly emperor has something to say, say it. I'm not a patient person, I might draw my sword the next moment." Luo Qing Chen took a sip of her tea with a calm look, not moving at all.

"Did you ever love me?"

"No."

"Then do you love him?"

"Why should I tell you?"

"I just....." Di Fan Yu pursed his lips and closed his eyes, "I'm not willing....."

"What does that matter to me?" Luo Qing Chen gave a cold shrug, "It turns out the heavenly emperor's family lives by the sea! Such a wide area."

"I....."

"Wife! Today's the Qixi Festival, let's go to the mortal world to play!"

"Peng!" She slammed down the cup and stood up, "I'm sorry, my husband is looking for me! Goodbye."

After saying this, she walked out the door to where Ye Xuan Ji was standing without any hesitation.

The sky was clear and flowers were blooming in the Sea of Stars and Flowers.

After taking two steps, she couldn't help turning back to look at Di Fan Yu, "I love him, more than anyone in the three realms."

After saying this, she turned to take Ye Xuan Ji's hand with a smile, "Let's go, let's go, I haven't seen Ning'er and Xiao Lang in a while. Let's stop by and see them, alright?"

"Alright! I'll listen to you....."

"I want to eat two sticks of candied hawthorns!"

"Alright....."

Their voices were getting further away, with faint laughs, with gentleness, and with endless love.

Di Fan Yu was left alone in the hall, with a sad look on his face.

If he had chosen Luo Qing Chen back then and not his throne, would the ending have been different?

### **Chapter 2179: Side story: Never letting you wait alone (1)**

When the experiences become the past, even if the years go by, you will still be the other cliff flower that I want the most. ——Ye Xuan Ji.

Some people were born humble and some people were born noble.

I seemed to belong to the latter.

From the moment I was born, the difference between me and the other people of the world was set, born as an expert, never having a match.

My father told me that I would be alone in my domain in the future.

I didn't understand at first, but I finally understood when I defeated my father with a single move when I turned one hundred.

A Demon God was called a Demon God, it was justified.

Until.....the day that I met her at the heavenly palace.

Dressed in red and covered in high level spells.

The Roaring Flame God, a god that came from the Soul Devouring Tower of the wilderness, a powerful god.

I didn't care at first since I've beaten countless people and never met my match.

But when I fought with her, I knew that there was always someone better and I lost.

I lost to a girl.....

I didn't feel disappointed by this loss, but rather felt strangely excited.

I finally met a strong match and her power created flames in my heart, burning with the desire to fight.

Suddenly, I knew the meaning of my life.

It should be.....to defeat her.

After the demons' defeat in the war, I fell asleep for a long time. When I woke up again, I excitedly asked the heavenly palace for peace.

I just needed one thing, to marry her.

It wasn't for anything else, it was just to fight her again.

The heavenly palace used some shady method to send her to the Myriad Demon Mirror. I didn't force her to do anything and made an appointment to fight with her again.

She agreed and I was happy because there were some thing that not everyone understood.

Especially the thoughts of masters, they sympathized with each other.

It was a pity that she didn't come to the appointment. I heard that she got married.

There was no feeling at that moment, just a bit of loss.

Since I was young, I knew that if I wanted to be an expert, I couldn't touch things like love. Once I had love, I would worry.

Then I wouldn't be invincible. I was certain at that time that if the demons and gods were to fight again, she definitely wouldn't be my match.

Facts proved that I was half right.

But the other half was something I never imagined.

When I saw the 'light of a god falling' from the Myriad Demon Mirror, although the light only fell halfway, I never would have thought that it was her.

Until the Moon Admiring God told me that she abolished her divine power after getting married.

Divine power was not something that the heavenly court could abolish, she could only do it herself.

To be honest, I didn't understand why she did this at that time.

A god that worked hard to pass through the floors of the Soul Devouring Tower to become a god, why would she give up all her divine power to marry someone?

When the next 'light of a god falling' came again, I heard that she scattered her primordial spirit.

It should have been a long time. A hundred years or a thousand years? I couldn't remember.....

The Moon Admiring God told me the truth as well. He had me go to the Mirror of Samsara in the Unbounded Land where I learned everything.

I went to see.....her entire life.....

Actually I never thought that she had such a tragic life because of my marriage proposal.....

Even if it was a fuse, if I hadn't done it, even if the heavenly court didn't like her, they wouldn't have placed an unjust charge on her.

I told the Moon Admiring God that I wanted to save her.

## **Chapter 2180: Side story: Never letting you wait alone (2)**

In this world, when a primordial spirit scattered, it was very hard to regather that primordial spirit.

Not only did it require immense power, which could provoke a heavenly disaster. The consequences would be hard to imagine whether one was a god, demon, or human.

But I didn't care that much at that time. I handed over half my divine power to the Moon Admiring God and condensed her primordial spirit fragments in the world.

For a thousand years, I fell into a deep sleep and she.....

I didn't know if she would wake up, but I could gradually sense her thoughts, as well as the emotions that almost didn't seem to be there.

This feeling was inexplicably strange, although there was a bit of a depressed feeling as well.

For example, before her primordial spirit fragments had finished gathering, she kept thinking of one person.

That person was the heavenly emperor of the thirty three heavens, Di Fan Yu.

To be honest, he wasn't my match in my eyes at all. If the demon race wanted to destroy the gods, Di Fan Yu wouldn't be able to do a thing.

After all, I was the Demon God and he.....was only an upper god who had cultivated the dao.

But this thought weakened as time passed. When the moment her primordial spirit finally awakened came, I suddenly found that Di Fan Yu was no longer in her thoughts.

I couldn't say if I was happy or unhappy, but it was a very comfortable feeling.

Because she had half my divine power, so it brought us closer.

But I never thought that after she recovered her primordial spirit, she would steal the God Soul for me.

That was the supreme artifact of the heavenly court, the thing that Di Fan Yu cherished the most.

I really never would have thought.....

There was an inexplicable feeling in my heart at that time. When she jumped onto the God Executing Altar, I told myself that I would protect her even if I died, I couldn't let her be injured at all.

The half of my divine power in her was very strong and protected her.

Although she didn't come with the Moon Admiring God to the Myriad Demon Mirror to see me, I could still talk to her.

On the way to the Soul Devouring Tower, we talked and admired the moon together. I seriously listened to what she had to say and seriously protected her.

Although we hadn't met for a thousand years, I felt that she had changed.

Her heart was no longer filled with people and her tone was very light, I didn't feel her sadness at all.

On the wilderness path filled with sand, I never saw her, but that was the most reassuring moment in my life.

But that reassuring feeling disappeared when I picked her up from the Soul Devouring Tower.

I would never forget that day. The yellow sand filled the air and I couldn't see what was around me.

There was a girl slowly walking towards me covered in blood, with a bit of tears in those clear eyes.

She saw my figure and rushed over. I thought that she would hug me, but I never thought that she would stop.

I looked into her eyes and my heart skipped a beat.

That beautiful moment, I would never forget it.

But unfortunately, it only lasted a moment. When I raised my hand to touch her, there was a red light that lingered on my fingertips.

I felt my heart skip a beat as I was filled with panic.

That red light wasn't dazzling and wasn't just a random guess. When I touched her, I could feel the divine power that used to belong to me in her trying desperately to come back to me.
