

## Quick T 2181

### Chapter 2181: Side story: Never letting you wait alone (3)

In the end, I still hugged her.

Because her eyes told me that she was my love calamity that I could never escape from.

After safely sending her back to the Myriad Demon Mirror, I went to the Sea of Stars and Flowers to find the Moon Admiring God.

Everything in the world had its own rules, artifacts could recognize their masters, so it was the same with divine power.

The divine power that I placed in her kept moving towards me because I had awakened, this was an inevitable thing.

I remember that day, the wind was strong in the Sea of Stars and Flowers as petals landed in my hand.

I closed my eyes and I could see that gentle smile of hers, it was that warm.

“Is there a solution?”

“No.”

“Un, I got it.”

“You.....what are you planning on doing?”

“Let’s act out a play! I’ll write the story between me and her.”

.....

I made my decision at that time, but it was so hard to act it out.

But this was a story that I personally wrote, so I decided I would do everything I could to complete it.

Actually, sometimes being a bad person didn’t feel that good and it was a bad person with other intentions.

I desperately told myself that it was worth it, it was all worth it.

As long as she could live, everything was fine.

The Moon Admiring God knew my personality and once I made a decision, no one could change it.

So he chose to help me. I should be grateful to the Moon Admiring God because I would have been seen through if it wasn’t for him.

But it was a good thing he was there. Although I knew that she would hate me after I left.

But so what? It’s ok to hate me.

After all, I love her that much.....

Everything went very smoothly, including the foreshadowing brought along by Yue Bing Xin.

I let her find the story I wrote herself. I let her know that my ultimate goal was to unite the three realms.

I thought that she would definitely kill me after learning all the things that I did.

But what I never expected was that in this life and death situation, she was still unwilling to let me die.

Truly a fool.....

I kept attacking her, even using the black sword to hurt her.....

Actually, I was in more pain than anyone by her being hurt, but there was no other way.

But even so, she wasn't willing to kill me. I had no other choice, I could only take her hand and pierce the Phoenix Dance Sword into my heart.

Because only this could my divine power belong to her and she could live well.....

I knew that I was selfish, but compared to her dying, I was always willing to be selfish.

After my primordial spirit scattered, my consciousness started to blur. But the thoughts at the bottom of my heart became stronger and stronger.

The opening of the Cracked Land gave me the opportunity to absorb the power to reform my primordial spirit.

Facts proved that I was right.

When I recovered my primordial spirit, the first thing I did was charge to her location.

The sky was filled with golden light and she had her hands together with her eyes closed, as if she was about to use the blood sacrifice.

My heart skipped a beat as I was filled with panic.

I knew that being left alone was the most pitiful.

I was afraid of being left behind and I didn't want her to leave me.

In the future, I wanted to trap all the beautiful moments in the world and make the world timeless.

You are my first and my last, you are my life.

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 35/100]

### **Chapter 2182: Magic potion: You will fall wildly in love with me (1)**

The story that came after——

After the Cracked Land closed, the normal order between heaven and earth was restored.

Luo Qing Chen didn't stay in the heavenly palace and returned to the Myriad Demon Mirror with Ye Xuan Ji.

He personally built a palace for her and they lived a carefree life.

The gods and demons signed an agreement. As long as the Other Cliff Flower God and the Demon God existed, the two sides weren't allowed to send troops at each other.

So whether it was the gods or the demons, there were people wishing for their deaths.

After all, some people loved peace and some people loved war.

They didn't always stay in the Myriad Demon Mirror, they would sometimes go to the mortal world to see Ning'er and Xiao Lang or sometimes go to the Sea of Stars and Flowers to see the Moon Admiring God and.....Qin'er.

To be fair, Qin'er's temperament was a bit different from what she imagined after she grew up.

She wasn't as gentle or virtuous as Ning'er or scholarly like Xiao Lang, rather she was a bit like her.....

Sometimes prideful, sometimes domineering, sometimes cute, and sometimes smart.

The Moon Admiring God was very good to her. Mortals couldn't learn immortal skills other than cultivating, but the Moon Admiring God used his divine power to change her mortal bones into immortal bones.

Overnight, this teenage girl had jumped into the rank of immortals.

Some people were envious and some people were jealous.

But.....so what? If they had the skills, these people could also find an upper god master!

But Qin'er no longer called the Moon Admiring God master after turning nine.

When Luo Qing Chen went to the Sea of Stars and Flowers, she seemed to have heard.....big brother Moon Admiring?

Because Qin'er called him big brother, she was almost stunned. It seemed like Qin'er didn't like the title master.

The Moon Admiring God reprimanded her at first, telling her not to do this.

Qin'er didn't listen and even shouted at him. One day, the Moon Admiring God got angry and said something about respecting the teacher and the dao in a heavy tone.

Qin'er broke out in tears and ran out of the Sea of Stars and Flowers.

This was Qin'er's first time crying and it was the first time she left the Sea of Stars and Flowers.

The Moon Admiring God naturally panicked. He used a divine artifact to find her and brought her back in less than a quarter of an hour.

He never rejected her afterwards when Qin'er called him big brother.

For what reason did he become like this?

He didn't understand at first, but he slowly understood later on.

It was because the emotions had been slowly building over the years, but he was someone who followed the rules, so he couldn't understand them.

—

When she opened her eyes, she was in the Chaos Space.

[Currently importing memories, please accept them, host!]

### **Chapter 2183: Magic potion: You will fall wildly in love with me (2)**

After receiving the previous host's memories, Luo Qing Chen only had one thing to say: How did a previous host without any resentment come to the Chaos Space!

No matter who loved or hated who, it wasn't related to her because she died before she even reached the main event of the incident.

It was a plane that crashed in the Pacific Ocean, there were no survivors.

The previous host's obsession wasn't the male lead, but rather another boy. It was a gentle and elegant boy who seemed to be like a piece of white paper according to her memories.

Handsome, tall, and had two dimples when he smiled.

The stats in the bronze mirror had said that the previous host had admired this male god who was particularly good at math and physics.

In the New York Times, the previous host had fallen in love at first sight with this boy when she read about him in an article.

So she decided to go back to the country and not study abroad.

But she never thought that she would encounter a plane crash when heading home.

So she had no idea what was happening at the Alice Academy in the country at all.

As for the male lead, the previous host knew about him since A City was only that big. Both the previous host and the male lead were born to wealthy families, so they could be considered family friends.

The previous host and the male lead weren't familiar with one another, but she knew that he had a perfect face and a domineering personality. There was one girl after another who was by his side, there wasn't a single girl who had lasted more than a week.

In the eyes of the previous host, he was a scumbag.

Although the previous host was a young miss, her personality wasn't bad. She wasn't ruthless or domineering, she liked wearing light skirts that made her look like a fairy.

This kind of girl yearned for someone who was more gentle and elegant like Lu Qiu Fan, so she didn't like boys with personalities like Yu Qian Jin's.

Even if she had met him at the gathering of the big families before heading abroad, other than his face being good, there was nothing else that attracted her.

Although she had to admit that Yu Qian Jun's face value really was high.

As for the supporting female leads, the previous host didn't know a thing. Luo Qing Chen didn't know what kind of personalities the supporting female leads had, but it shouldn't be good.

[Because the previous host left the world that belonged to her very early, the host can go into god mode and watch everything that happened at Alice Academy as a bystander.]

Ok!

It was another burst of dizziness. This was her first time seeing something like this.

To be honest, it wasn't that comfortable.

But the few simple clips let her know the love and hate between men and women.

Alice Academy was the most prestigious school in the country. The people studying there were all rich and noble, but of course there were a few people who had gotten in with their own efforts.

But they were only a small portion of the population.

Even if they were small, they were outsiders in the eyes of most people.

The second supporting female lead Mu Nan Xi was an intelligent person from a normal family who was attacked by the group led by the first supporting female lead Ye Si Tian.

Dirty water, ripping her textbooks, ruining her school uniforms, and all other kinds of bullying was normal for Mu Nan Xi.

Other than that, the supporting male lead Lu Qiu Fan was also a student from a normal family, but he was admired by many rich girls!

Why?

Because he was handsome!

After watching the stories as a bystander, Luo Qing Chen summed it up!

In this world, appearance was a kind of power. Even if Lu Qiu Fan wasn't an student that excelled in math and physic, he was still an excellent student, so there were many girls that wanted him to join their family!

### **Chapter 2184: Magic potion: You will fall wildly in love with me (3)**

At flight AK3385, Luo Qing Chen stood at the terminal with her limited edition LV bag and looked down at her boarding pass. She walked over to the counter and said, "I want to change my flight."

"Hello miss, your flight AK3385 is about to take off, do you really want to change flights?" The receptionist said in fluent English with a smile on her face, looking very polite.

"I'm certain!" Luo Qing Chen replied in English before tapping the counter with her right hand out of habit, "I feel that you should stop flight AK3385."

Her voice was a bit loud since she wanted to attract people's attention.

Using this very awkward method, she could only express her helplessness.

“If something is wrong, I can ask for help for you.”

“My meaning is.....”

Luo Qing Chen wanted to say something, but the person behind her cut her off.

The feeling of words being stuffed back down really didn't feel good.....

“Aiya, what is wrong with you? Taking all this time! There are still many people behind you waiting to check in!”

“Right! What stop the flight, what nonsense! I have a very important meeting tonight at eight.”

“You can't stop the flight, I have to get back in time for my lover's birthday.”

.....

Luo Qing Chen knitted her brows. There were endless voices from behind her and most of them were accusing her.

After all, the world was fast paced. People were in a hurry and had many things to do, so naturally they didn't have time to stop and listen to her.

“I was just joking.” She narrowed her eyes and revealed a calm look, not showing a trace of emotion.

The receptionist's face changed a bit as she said, “Miss, we will immediately change your booking. I hope that you will not affect the other passengers.”

Luo Qing Chen knitted her brows. She still wanted to say something, but the system's voice cut her off.

[Host, you can't interfere with the crash because this is their destiny.]

Actually, she knew about this fate and it was not something that she could change.

Because even if the plane didn't have an accident today, it would have one tomorrow.

This result was inevitable and wasn't an accident.....

“Un, change it!”

After filling out the forms to change her flight, Luo Qing Chen went to the dessert shop on the second floor and ordered a latte, looking at the large clock that was in the center.

“There's still thirty five minutes left.....” She knitted her brows, feeling a bit uncomfortable.

It was a helpless feeling. Knowing that something was going to happen, but not being able to do anything.

“Big sister.....” At this time, there was a boy in a suit that came up beside her, looking at her with clear eyes.

He looked to be around eight or nine years old and had particularly beautiful eyes.

“What's wrong?” Luo Qing Chen looked at him, seeing a beautiful woman beside him.

“This child, why did you run over here? We’re about to get on, we won’t make it if we don’t go now!” The beautiful woman came over. She nodded at Luo Qing Chen before reaching out to grab the boy beside her.

The boy took his hand back and looked at the woman to say, “Mom, this big sister said that flight AK3385 needed to be stopped.”

Luo Qing Chen was surprised as she looked at the boy in front of her with a look of shock.

Amidst all her doubts, she thought that her vague words and her final statement of the plane needing to be grounded was ignored by everyone.

“I’m sorry!” The beautiful woman first apologized before bending down to look at the little boy, “Liang Mo, you have to be good. Don’t you know that this big sister is joking? Quickly come with mom or the plane will really leave.”

#### **Chapter 2185: Magic potion: You will fall wildly in love with me (4)**

“Wait.” Luo Qing Chen looked at the beautiful woman and said, “Sometimes listening to someone else isn’t a bad thing.”

She didn’t want to destroy the balance of this world, but since this little boy believed her, there was a kind of fate.

The beautiful woman was surprised and after a few seconds of contemplation, she awkwardly looked at her and said, “This miss, we have to rush back to A City to participate in.....”

“Perhaps your entire life will run out on this plane.” Luo Qing Chen took a sip of her coffee and slowly stood up as she patted the little boy’s head before saying, “Of course, it’s your decision.”

As soon as her voice fell, Luo Qing Chen didn’t hesitate to leave the dessert shop and head downstairs.

Standing at the large glass door of the airport, she looked up at the blue sky.

“Ten, nine, eight, seven.....Three, two, one.”

“Ding ling.”

Suddenly the entire airport was bombarded with ringing sounds as countless phones rang frantically.

Luo Qing Chen naturally knew what happened, something happened to the plane.

The receptionist who had been at the counter called out in shock as her face turned pale.

She remembered what Luo Qing Chen had said and was filled with fear.

But no matter how much fear she felt, it was all too late.

Three hours later, Luo Qing Chen was on another plane headed to A City.

In the first class cabin, she wanted to take a nap, but she was woken up by the person next to her.

She narrowed her eyes and saw that it was the beautiful woman and the young boy.

The beautiful woman was clearly agitated as she took her hand and said, "I.....really.....have to thank you!"

Everyone around was surprised by her actions, but Luo Qing Chen understood the cold meaning of her words.

"You have to thank your son." She stuck out her head to wave at the little boy, "Hi, Liang Mo."

"Hello big sister." The little boy was very good as he seriously looked at her and said, "Big sister's life saving grave, mom and I won't forget it."

"It's just a casual thing, it's not a life saving grace." Luo Qing Chen revealed a smile before turning her eyes back to the beautiful woman, "Your son is very sensible."

"Yes! It's a pity that fate isn't fair....." She gave a sigh, but she didn't say anything else and sat down in the seat next to her, hugging her son.

Luo Qing Chen didn't ask since every family had their troubles.

But a family that could sit in first class wasn't poor, so it seems like it was something that couldn't be solved with money.

—

Because the plane was a bit late, it was already early morning when they arrived in A City.

But even if it was early morning, there was a luxury car waiting for her with a driver and two bodyguards.

Seeing this lineup, Luo Qing Chen couldn't help revealing a helpless smile and muttering, "Most things can still be solved in this world with money....."

When she got home, she took a shower first. She wasn't sleepy lying in bed. There were many parts of the plot that she didn't understand since she had received it from bystanders.

For example, there was a legend.

It was said that Alice Academy didn't have this name originally. One reason was because this school was without equal when it came to chemistry.

Second, it was because of a legend in the school.

It was said that a girl with average looks and normal family, but was a genius in chemistry had fallen in love with the school hunk.

The school hunk was a playboy and only liked pretty girls. The chemistry genius confessed many times, but was coldly rejected each time.

Later.....she made a medical concoction in the chemistry lab.

Later this medical concoction was called a magic potion by the students.

**Chapter 2186: Magic potion: You will fall wildly in love with me (5)**

Why it was called a magic potion, because since the chemistry genius gave it to the school hunk who drank it without knowing what it was.

The school hunk who was a playboy became so devoted to her, almost loving her in a mad fashion.

So after a few years, the two graduated and married. The school changed its name to Alice Academy as a gimmick for right people.

This legend was already thirty years old, but there were still many people who applied to the chemistry department each year.

This time, the main characters of the story were all in the chemistry department and in the same class.

The next morning, Luo Qing Chen received the school uniform, ID badge, and admission forms that were all sent to her home.

When she saw the admission forms, she was stunned.

Name: Luo Qing Chen

Family status: Normal

Best subject: Math

There was also other information like birthday and blood type, but Luo Qing Chen could accept most of it since it was personal information.

What was with this family status though? Could it be that she wasn't going to the Alice Academy as the Luo Family's daughter?

"Uncle Chen, what does this normal family mean?"

"The madam said that because of the next election, since the Luo Family is an influential family, in order to ensure the safety of the young miss, you shouldn't reveal your identity after coming back."

Hearing the butler's explanation, Luo Qing Chen felt goosebumps. Could it be that as the Luo Family's young miss, she was in danger of being assassinated?

The butler saw that Luo Qing Chen was a bit surprised, so he explained, "The madam was against the young miss coming back, but since the young miss insisted, the madam could only use this method to protect the young miss."

"Perhaps.....it's also dangerous."

Luo Qing Chen turned her head as she remembered what happened to Mu Nan Xi.

A high achieving normal student wouldn't have a good life at the Alice Academy.

—

Standing at the door to the school, the golden sun fell onto her white cheeks.

The wind was strong in October and it was the season that pear blossoms bloomed. There was a faint fragrance of pear blossoms in the air and taking a deep breath, one would feel relaxed and happy.

The boys and girls around, other than wearing their school uniforms, they added their own accessories.

For example, cute bows or they changed their pants.

When she walked into the school, she didn't notice any strange gazes, but many different gazes fell onto her the moment she walked into the classroom.

The previous host was quite beautiful and belonged to kind of beauty that was quiet and beautiful.

The boys had no resistance against this kind of girl at all. Although Luo Qing Chen also wasn't familiar with this kind of girl.

Since this was a mission, it was also considered a test.

When she stood at the front of the room, there were many whispers that rang out around her.

"Wa, so beautiful!"

"I don't know which family she's from, but I like this kind of girl!"

"I often mess around, but I've never seen her before!"

"Could it be that she's someone from another school? Ze, ze, truly beautiful!"

"What's the use in being beautiful, you're still dirty if you're a commoner like Mu Nan Xi." Ye Si Tian rolled her eyes with a displeased look.

But before the identity of the other side was revealed, she didn't dare speak too much.

If the other side was a young miss she wasn't familiar with, she would be finished.

### **Chapter 2187: Magic potion: You will fall wildly in love with me (6)**

Mu Nan Xi heard this and knitted her brows, but she didn't refute it.

Luo Qing Chen looked at her. That clean face, long and straight black hair, and that quiet appearance.

The surrounding boys looked Luo Qing Chen up and down before shaking their heads, "How could that be? Such good white skin, she looks like a young miss, how could she be a commoner?"

"Eh....." The beautiful teacher had an awkward look before her lips twitched and she said, "The classmate that joined our class today is very good at math....."

"Che!" Before the teacher could finish, there were clicks of the tongue that mainly came from girls.

But that wasn't strange since girls made up three fourths of this class. Now that they heard the beautiful girl was a commoner, they were naturally pleased.

Of course, the one most pleased was Ye Si Tian.

"Ha, ha, ha." She covered her mouth to laugh before saying, "I already said that she's a commoner!"

Luo Qing Chen narrowed her eyes with a cold look. Ye Si Tian wasn't considered a beauty, but she wasn't bad with fine makeup.

The school uniform had been changed quite a bit by her, especially the golden brooch on her chest. Then there was her dyed blonde hair which was a bit dazzling.

She didn't reply, rather she looked over at Yu Qian Jin.

Beautiful, beautiful, beautiful, truly beautiful.

He was sitting by the window and the sunlight on his chestnut brown hair made it look so good. His white school uniform was clean and the black bow tie was worn loosely, giving a casual style.

He didn't look at her, he just casually looked out the window.

Sitting beside him was a girl with heavy makeup and big curls. It was the typical face that was popular on the internet and her chest.....was quite big.

She shyly leaned against Ye Qian Jin, looking at him with a silly look from time to time.

Luo Qing Chen knitted her brows before walking towards him. She stopped at the row in front of him and said to Lu Qiu Fan who didn't have a partner, "Can I sit here?"

Lu Qiu Fan was surprised before knitting his brows, clearly looking like he was in an awkward situation.

Luo Qing Chen knew why he felt awkward since she had the memories of a bystander.

Actually, the seatmate that he had before was Mu Nan Xi.

But with Ye Si Tian's bullying, Mu Nan Xi was forced away, sitting beside a boy with black rimmed glasses who was also at the top of the school.

Ye Si Tian wanted to sit with Lu Qiu Fan, but first there was the gossip of her 'sisters' and second.....the person she liked wasn't Lu Qiu Fan, but rather the male god of countless people, Yu Qian Jin.

Because there were always girls beside Yu Qian Jin, it was never her turn.

In her heart, she was certain that she was the most special.

Perhaps this most prestigious and richest young master in A City cared about her.

But this commoner girl who just transferred in actually dared to sit with Lu Qiu Fan, in front of Yu Qian Jin. She naturally couldn't take this.

"You dare?" Ye Si Tian immediately stood up and crossed her arms to look at Luo Qing Chen, "Dirty thing, sit if you dare, I will definitely....."

"Dong!" Before Ye Si Tian could finish, Luo Qing Chen put her bag down without hesitation and sat down beside Lu Qiu Fan.

"Si!" Everyone took a cold breath.

This seemingly gentle and weak girl, why did she feel like she was.....tough!

### **Chapter 2188: Magic potion: You will fall wildly in love with me (7)**

Ye Si Tian saw this decisive move from Luo Qing Chen and was frozen in place.

This was her first time seeing a girl be this arrogant. Even someone as proud as Mu Nan Xi hadn't dared to do this.

She had treated her like she was invisible, not placing her in her eyes.

"Alright, you just wait." Ye Si Tian slapped the table with eyes filled with rage.

The girl sitting beside her also looked at Luo Qing Chen with a sharp gaze, as if there was a feeling that a war could break out at any moment.

"Ke, ke, let's set it as this for now! We will now start class." The beautiful teacher cleared her throat, clearly feeling a bit awkward.

But she couldn't do anything. Almost everyone in this class was someone rich or noble, so she couldn't offend anything.

Luo Qing Chen slowly took out her textbook and tapped the table with her right hand out of habit, as she fell into thought.

Lu Qiu Fan sitting beside her suddenly said, "New student, you should still change seats in a bit!"

His voice was very clear, like a mountain spring with a touch of coolness. It really sounded good.

"I don't want to." Luo Qing Chen decisively rejected this, stunning Lu Qiu Fan.

After all, if it was any other normal girl, they would say one word.

Why?

But Luo Qing Chen didn't ask the reason and just said she didn't want to, which meant that she already knew the answer.

"This school is different from what you imagined, if you want to study in peace, I advise you to change seats." Lu Qiu Fan's voice was very calm, but Luo Qing Chen could hear a bit of unhappiness from it.

"I don't want to." She looked at him with a resolute look as she said word for word, "I don't want to repeat it a second time."

She was actually a bit angry, so the words between the lines were a bit tougher. Although this school was different from normal schools, people were equal in life. She didn't understand why Lu Qiu Fan felt that he was superior even though they were both normal students.

"But if I'm not willing to sit with you?" He knitted his brows as his tone became a bit bad.

Luo Qing Chen felt that this was a bit more real and she looked at him with a faint smile, "Then you can change seats! Why do you think that it's because of you that I want to sit here?"

Luo Qing Chen felt herself receiving three different gazes from different directions.

One was from Lu Qiu Fan and the others came from behind her.

Lu Qiu Fan was stunned. He knitted his brows and looked at Luo Qing Chen with a complicated look. Only after a while did he say, "Got it, do what you want."

Luo Qing Chen didn't reply and just looked at Lu Qiu Fan out of the corner of her eyes. She felt that he seemed a bit unhappy, but there was also a bit of disappointment in his final words.

Could it be that he was hurt by her saying that it 'wasn't because of him' that she was sitting here?

It should be.....It can't be, right!

After all, although there were many people in class who liked Yu Qian Jin, there wasn't a lack of people who like Lu Qiu Fan!

Moreover, since Luo Qing Chen sat down, she felt her heart beating uncontrollably.

This feeling was from the previous host.

So choosing to sit beside Lu Qiu Fan was partly because of the previous host. After all, he was the male god that she had wanted to approach.

### **Chapter 2189: Magic potion: You will fall wildly in love with me (8)**

But before she could figure out how to respond to Lu Qiu Fan, the girl beside her muttered in a sharp voice.

"Humph, what kind of thing are you."

Luo Qing Chen naturally heard her voice, but it was only her voice and not Yu Qian Jin's voice.

He didn't seem to care and he didn't recognize her.

But thinking about it, the previous host had been abroad for ten years, so this was normal. After all, Yu Qian Jin was surrounded by girls all day, so he was most likely tired of them already.

The next class was gym class.

Due to Ye Si Tian, no one in the class dared to talk to Luo Qing Chen. Even the boys who had praised her beauty when she came in also ignored her.

To be honest, did they need to be that snobby!?

The path leading to the courtyard was the most beautiful in Alice Academy. There were pear blossoms on both sides that fell with the wind, creating a thick scent of flowers.

When she took two steps, Mu Nan Xi walked past her and said, "Be careful."

Luo Qing Chen knitted her brows and turned to look at Mu Nan Xi beside her. When she was about to say something, there was a sharp female voice that cut her off.

"Young master Jin, don't leave me. If I said anything wrong just now, I apologize....."

Not far away was the girl who had sat beside Yu Qian Jin pulling at his sleeve. She never thought that the plot would change this much in a single class.

Yu Qian Jin didn't say anything, he just looked at that girl with a slight chill in his eyes.

The girl was afraid of these eyes, so she slowly pulled her hand back.

The girls standing on the side were laughing and all kinds of mocking words could be heard.

“You really think that young master Jin likes you! Do you see your face, are you worthy?”

Luo Qing Chen slightly knitted her brows as she looked at the girl who had just spoken.

She could see a deep jealousy from her eyes.

“That person used to be young master Jin’s girlfriend.” A cold voice slowly rang out, coming from Mu Nan Xi standing beside her.

Luo Qing Chen narrowed her eyes and gave a soft snort before muttering, “It turns out Yu Qian Jin is this much of a playboy!”

“.....” Mu Nan Xi was surprised before suddenly saying, “You shouldn’t call young master Jin by his full name in the future. No one dares to call him by his full name in the Alice Academy.”

“This much of a playboy and this domineering.” Luo Qing Chen couldn’t help clicking her tongue as she didn’t like this.

“Young master Jin can’t be considered a playboy.....” Mu Nan Xi muttered, “For someone in his position, there are times that he gets lonely!”

Mu Nan Xi was a normal student, but she spoke for Yu Qian Jin which was a bit surprising.

“A playboy is a playboy, why do you need an excuse?” Luo Qing Chen gave a shrug before saying with a smile, “It’s not like this is a drama, could it be that the young master is still waiting for true love?”

As soon as her voice fell, she stopped watching the fun and headed towards the courtyard without turning back.

After going through all those worlds, this was the first time she didn’t know what to do. Because of their few meetings, Yu Qian Jin never even looked at her.

It was as if her heroine aura had disappeared in this world. What love at first sight, there wasn’t even a single sight.

What family friends, what childhood acquaintances, what absolute heroine!

Was the system teasing her? She looked this good and had an amazing background, so why was it like this.....

### **Chapter 2190: Magic potion: You will fall wildly in love with me (9)**

[Why is the host so confident in herself!]

Did I say something wrong?

[The host has to work hard, the difficulty of the missions are increasing and the host has to adapt!]

Un! I’ll adapt, goodbye!

.....

She wasn't that angry, but after having a silent conversation with her system, she felt even more angry.

It was at this time that Ye Si Tian had to jump out!

"Hey, that filthy commoner, don't you even have a gym uniform?" Ye Si Tian's voice was filled with ridicule as she revealed a proud look on her face.

Luo Qing Chen knitted her brows and acted like she didn't hear anything as she walked forward without a single word.

"Damn!" Ye Si Tian angrily cursed before rushing over towards Luo Qing Chen, wanting to push her down.

It had to be said, Ye Si Tian's move really was direct. It was really explosive, a direct confrontation!

But this depended on the person!

Luo Qing Chen's ears piqued and she moved to the side, easily dodging Ye Si Tian. She lost her balance and almost fell to the ground.

"You....."

"Humph!" Luo Qing Chen gave a snort before looking at her twisted face and saying with a shrug, "What a joke."

"Don't you be arrogant! Don't you know that Mu Nan Xi was also arrogant? And then?" Ye Si Tian raised her hand and pointed at Luo Qing Chen's nose, "You ask her, has the grass in front of her little brother's grave grown taller?"

Ye Si Tian's expression was very scary, even having killing intent in her eyes, making Luo Qing Chen knit her brows.

She naturally wasn't afraid, but she was a bit surprised. A second year student in high school could actually say words like this.

There were many differences between commoners and rich people, but they were all the same in the face of life and death.

"Come all you want, it'll be my loss if I even take a few steps back." A few seconds later, she gave a shrug with a calm look on her face. When she passed by her, she didn't forget to add, "Right, I don't have a little brother."

When Luo Qing Chen said this, her lips curled into a faint smile.

It was as if she was the winner, with absolute pride.

She wasn't afraid of Ye Si Tian finding out who she was since she was someone with status, she couldn't find out at all.

"Luo Qing Chen, you just wait for me." After taking a few steps, she heard Ye Si Tian roaring out behind her.

But she was more concerned about the matter with Mu Nan Xi's little brother. Based on Ye Si Tian's words, it can't be that.....she killed Mu Nan Xi's little brother, right!

Gym class went on as usual and there was another girl that appeared by Yu Qian Jin's side. She was very cute with short hair and a sweet smile.

Ye Si Tian rolled her eyes at her and didn't say anything else.

Luo Qing Chen didn't have any impression of this girl, but Ye Si Tian didn't shout at her which meant that this girl wasn't a commoner and her status was quite good.

After two laps around the courtyard, the teacher announced that it was free time. Luo Qing Chen's eyes never left Yu Qian Jin since he was her target. Even if he didn't fall in love with her at first sight, she should still take a few more looks to see if she could understand him.

Yu Qian Jin was quite good at basketball, shooting only three pointers and causing the crowd to be filled with cheers.

This short haired girl seemed quite obedient. She sat on a stone bench not far away, bringing him a towel and water from time to time, looking quite 'virtuous'.

Occasionally she heard teasing from the other boys on the basketball court.

"Young master Jin, out of all your girlfriends, I like this one the most."

"Me too! She seems so good, it can't be that you're planning on settling down, right!"

"You don't know that! Prodigal sons will always be conquered by well behaved girls."
