### Chapter 2191: Magic potion: You will fall wildly in love with me (10) | Novel Pub

A little harsh and a little heartbreaking!

That was Luo Qing Chen's first reaction. Sitting on the stone bench not far away, she put her hands in her pocket and felt depressed.

It was unknown when Mu Nan Xi came over, but she sat down beside her and slowly said, "Don't think about it, he is not someone you're qualified to like."

Her words were direct, very direct, like hitting the nail on the head!

Luo Qing Chen touched her ear out of habit and refuted, "I don't understand what you mean."

"Isn't it young master Jin?" She looked over and said with a smile, "I can see that you're always looking at him."

It had to be said, Mu Nan Xi's observational skills were good, but she didn't want to admit it.

"I was just thinking, how could all these girls like this kind of scumbag who clearly goes after girls one after another?" She cleared her throat and said, "You saw it too, how long it took for him to break up with his last one and how he immediately replaced her with a substitute."

Although it was inappropriate to call her a 'substitute', Luo Qing Chen's first reaction was this.

"Who told you that young master Jin likes them?" Mu Nan Xi shook her head before saying with a faint smile, "They are just people that young master Jin allows to approach him."

"Approach him?" Luo Qing Chen slightly knitted her brows as she was a bit confused by this.

Mu Nan Xi explained, "Being allowed to approach is sometimes the hardest thing."

"Dong!" There was another perfect three pointer.

"Wa! Handsome, handsome, handsome!" The cheers rang out again.

"If I remember correctly, young master Jin's current girlfriend is called He Qing Qing, the daughter of one of the four big families in A City." Mu Nan Xi narrowed her eyes, "In terms of family backing, she is the most hopeful."

Luo Qing Chen seriously listened and felt that Mu Nan Xi's personality was different from what she imagined.

She felt that she was cold, but she never thought that she would talk this much.

"I have a question that I don't know if I can ask." Luo Qing Chen pursed her lips and said, "It's about....."

"I heard what Ye Si Tian said to you." Mu Nan Xi's eyes were very calm, not showing a single ripple.

"I'm sorry." Luo Qing Chen apologized first since she felt that whoever it was, they weren't willing to talk about this.

But if it really was related to Ye Si Tian, with her identity, she would definitely help Mu Nan Xi after the election.

“He killed himself.” Mu Nan Xi looked up with a bit of redness in his eyes, “I hurt him.”

After a while, Luo Qing Chen cleared her throat and changed the topic.

During gym class, they just casually chatted with each other.

Mu Nan Xi told her that the reason she was giving her this much advice was because she felt that she was similar to her in the past.

She had always been alone when she had been humiliated.

She understood that feeling, so that was why she said all this to her.

Luo Qing Chen didn't care. No matter what, she was someone who had experienced a lot and a Ye Si Tian who wanted to die didn't pose any threat to her.

Although there was no threat, there were small moves that came one after another.

For example, throwing away her bag and textbook when she went to the bathroom or having the math teacher ask Luo Qing Chen why she didn't have a textbook when he started class.

The math teacher naturally complied since he was a working class teacher. After all these years in Alice Academy, he had long learned about 'appeasing the rich'.

#### **Chapter 2192: Magic potion: You will fall wildly in love with me (11)**

“Let's ask classmate Luo Qing Chen to answer this question.” The math teacher pushed up his glasses and raised a brow to look at Luo Qing Chen.

Lu Qiu Fan sitting beside her unconsciously moved the textbook over towards her, but she pushed it back.

All the classmates thought that she would go up to the board to do some calculations, but they never thought.....

“ $a=\ln 2$ .”

“Si!” There was a cold breath that entered her ears.

After all, there was no textbook or workbook, for her to answer this quickly meant that she had calculated it all in her head.

“Humph! Didn't she just memorize the answer! Can you really call yourself a math genius?” Ye Si Tian curled her lips as her disdainful voice filled the classroom.

“Then how about you memorize it for me as well?”

“What a joke, you’re saying that like you can actually answer the question.” Ye Si Tian gave a taunting laugh, not forgetting to give a wink to the math teacher.

The math teacher immediately understood and wrote another question on the blackboard.

It was a question that was impossible for a first year student to answer, it was from the hard question bank. It was impossible for this student named Luo Qing Chen to solve this.

“Then, I have to ask classmate Luo Qing Chen.....”

“Assuming that  $M(x,y,z)$  is on the curve, the distance from  $M$  to  $xOy$  is  $z$ .” She cut the math teacher off and ignored all calculations as she directly said, “So when  $M$  is  $(1,1,1)$ , the minimum distance is  $z=1$ . When  $M$  is  $(-5,-5,5)$ , the greatest distance is  $z=5$ .”

“Si!”

“What is going on?”

“Is this true?”

The classmates were all filled with disbelief. They’ve naturally seen classmates with good grades before, for example, the proud Mu Na Xi and the nerdy Xiao Pang sitting beside her.

They were commoner students that had relied on grades to enter Alice Academy.

Their grades were very good, but they had never.....answered this quickly.

This was simply.....incredible.....

The math teacher nervously looked at the answer as beads of cold sweat dripped down.

Luo Qing Chen had given the correct answer and it was word for word.

“Teacher, have you finished looking? This person must be randomly guessing!” Ye Si Tian knitted her brows. Her tone was clearly not good and she had an unwilling look on her face.

“The answer is correct.....” The math teacher wiped the sweat from his forehead before giving a cough, “But classmate Luo Qing Chen should have done this question before!”

“Would you believe it if I said I hadn’t?” As soon as her voice fell, she didn’t wait for the math teacher to respond as she sat down.

Ye Si Tian gritted her teeth. She wanted to say something, but she didn’t have a reason, so her face turned red in anger.

Less than three seconds after sitting down, the person behind her gently tapped her shoulder with his pen, “Ai, have we met before?”

She was surprised as she suddenly turned to meet Yu Qian Jin’s deep as ink eyes. The delicate sunlight fell onto his near perfect face as he narrowed his eyes to match her gaze.

Luo Qing Chen could feel her breath stop as her heart started beating fast.

It was because the 'cannon fodder aura' had been on her for too long that when Yu Qian Jin suddenly spoke to her, she was so nervous that she almost broke out in a cold sweat.

"I....." Luo Qing Chen had wanted to say something, but there was a girl that came in the back door that cut them off.

"Young master Jin, I bought you some mineral water! It's not iced!" He Qing Qing sat down in the seat beside him, "Your stomach isn't good, it's not suitable to drink cold water in this kind of weather."

At this time, Luo Qing Chen had a feeling that ice cold water was poured on her head.

It really was a sudden burst of.....coldness!

#### **Chapter 2193: Magic potion: You will fall wildly in love with me (12)**

He Qing Qing didn't have the same personality as Ye Si Tian, she was a quiet and well behaved girl.

But even so, Luo Qing Chen could see that she was a bit unwilling.

This hard fought opportunity was about to be taken by others, she wasn't willing!

She had worked so hard and waited so long for the chance to be by Yu Qian Jin's side, she definitely couldn't let someone else take it away.

"Un." Yu Qian Jin took the mineral water from her hand and opened the cap to take two sips.

Luo Qing Chen suddenly had an awkward feeling. The more accurate description was.....the cannon fodder halo had fallen on her head again.

He Qing Qing looked at her and raised a brow as she gave a proud snort.

Luo Qing Chen narrowed her cold eyes. She had planned on coldly turning around, but she was a bit unwilling.

So before she turned, she didn't forget to add, "I'm sorry, we haven't met before. If you want to strike up a conversation next time, please use a better excuse or people will feel very low."

The classmates around her all looked in her direction when she said this.

The whispers filled her ears and most of them were in surprised tones.

"What is this? Isn't this normal student a bit too arrogant!"

"This is the first time I've seen someone dare to diss young master Jin, does she not want to live anymore?"

"Humph, what a joke! Don't you want to attract young master Jin? How many girls have used this method before?"

“Right! Are any of them still in Alice now?”

.....

The whispers filled her ears, including one that came from her mind.

[The host is shattering the jar!]

What can I do, I'm angry! They can do what they want, I'm planning on following my path!

[If the host fails this mission.....]

Don't speak!

I.....I will work hard!

Luo Qing Chen didn't look at Yu Qian Jin again. She strangely felt a bit nervous and looked in Mu Nan Xi's direction.

She just knitted her brows as she shook her head at her.

Lu Qiu Fan sitting beside her touched her elbow and wrote a few words in his notebook, “Quickly transfer schools!”

Luo Qing Chen was already angry and this atmosphere made her even more unhappy.

If there wasn't a counterattack, she would be more angry and it would hard to calm down.

Luo Qing Chen picked up her pen and wrote a few words in his notebook, “Coward!”

Lu Qiu Fan knitted those beautiful brows and met her gaze when he looked up.

He suddenly strangely felt that this girl sitting beside him was very special. She was arrogant and had no fear.

This feeling was like the past Mu Nan Xi.

But her eyes were more indifferent.

Yu Qian Jin sitting behind her had a trace of coldness in his eyes and he tapped her shoulder again to say, “It's good to have a personality, but that depends on the time.”

Hearing Yu Qian Jin's words, Luo Qing Chen knitted her brows. Everyone had thought that she was panicking at this moment.

After all, she had challenged the most powerful person in A City, so it was normal to be afraid.

But in reality.....

Luo Qing Chen didn't feel any fear in her heart, but rather.....

The 'cannon fodder halo' on her head became bigger! No matter what, she felt her position wasn't right!

Wasn't it agreed that she should have the bright protagonist halo?

### Quick Transmigration Female Lead: Male God, Never Stopping

#### **Chapter 2194: Magic potion: You will fall wildly in love with me (13)**

But for someone with the 'cannon fodder halo', it was no different from having the 'female lead halo' sometimes.

For example, in the cafeteria or in the library.

Why was there no difference?

Because no one dared to sit in the two tables around you.

Everyone looked at you with a different gaze. They couldn't understand how a normal student with no status like her could enter the eyes of the perfect male god in their minds, Yu Qian Jin.

To be fair, even if she was immersed in her own world, not caring about people's gazes, there was still something uncomfortable about people staring at her while she ate.

After buying a bottle of juice, she headed off to the library.

Un! Still the center of attention. Even when she found a random table to sit at, all the people around her quickly dispersed.

"Big sister Mi Li, the commoner is in the library!" In a certain corner, there was a girl with a teasing look on her face that whispered something.

In less than ten minutes, there was a girl with dyed red hair that entered the library and sat in front of her.

Luo Qing Chen looked up at her. With that smoky makeup and the gum in her both, she looked like a gangster big sister.

"Luo Qing Chen, right! I won't waste words with you, at the flag raising ceremony tomorrow, bow to young master Jin and admit your wrongdoings. We'll treat today's matter as you being a new student and our young master Jin's support club will forget about it!"

?!

Luo Qing Chen was surprised. What was this situation? That Yu Qian Jin has a support club?

[The host doesn't need the male lead anymore, even adding his surname.....]

This treasure just finds him unpleasant, alright?

"He, he, he." She gave a shrug and said with a smile, "Alright!"

Chen Mi Li was a bit surprised to hear Luo Qing Chen agreeing this readily since the members thought that she was a very arrogant person, so they never thought that she would agree so directly.

This made it a bit awkward. Chen Mi Li cleared her throat and said, “A commoner shouldn’t be this arrogant when entering Alice. This old lady will give you a chance, don’t be shameless.”

After choking out a few words, she left the library.

Luo Qing Chen put her cheek in her hand and looked out the window, feeling strangely nervous.

After all, she never thought that she would be on the other side of the male lead. This feeling actually wasn’t that good.

But since it was like this, she might as well make the storm stronger!

The next morning, the sky was overcast and covered in clouds, bringing a cold air to A City all of a sudden.

The news that she was going to apologize to Yu Qian Jin at the flag raising ceremony had already spread across the entire school.

Everyone came ready to see her make a fool of herself. They felt that they had become the female lead of a drama and they were bravely fighting for the male lead.

To be fair, she had never encountered this situation before and she didn’t like it!

From the beginning of the flag raising ceremony to the end, Luo Qing Chen never made a single move.

Lu Qiu Fan and Mu Nan Xi had been watching her the entire time. The cold breeze blew across her uniform, as everyone waited to watch a good show.

It was a pity that after it ended, she left the courtyard without even looking back.

She could imagine the angry look of the one named Chen Mi Li and the sly smile of that Ye Si Tian.

When she came to the stairs to the class, she had thought for a long time and finally decided how to act in this world.

Even if she lost Yu Qian Jin’s love, she couldn’t throw away her aura.

### **[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

#### **Chapter 2195: Magic potion: You will fall wildly in love with me (14)**

When they came back to the class, Yu Qian Jin who never looked forward cast his gaze firmly on her.

Actually, Luo Qing Chen didn’t know that his eyes had been on her the entire time while on the courtyard.

But Luo Qing Chen who never sensed his gaze never looked in his direction.

Yu Qian Jin was lazily leaning by the window with his cheek on his right hand and a sparkle in his beautiful eyes.

The class was very quiet, so quiet that you could even hear a pin drop.

“Move aside.” There was a cold voice that came from behind him which came from Yu Qian Jin’s new lover, He Qing Qing.

She was holding porridge with mushroom and meat in her hands and she didn’t seem that friendly when she passed by Luo Qing Chen.

She only had hostility towards this girl that wanted to get closer to Yu Qian Jin.

Although Ye Si Tian couldn’t stand He Qing Qing, she had her status. Even if she wasn’t satisfied, there wasn’t anything she could say.

“Young master Jin, I don’t know if you’ve had breakfast yet.....”

“No need.” Yu Qian Jin’s voice was very cold. He narrowed his deep eyes and slowly looked back from Luo Qing Chen, turning them to look at He Qing Qing to say, “There’s no need to appear in front of me any longer.”

“Woah!” There was an uproar around them as several girls even broke out in laughter.

The one laughing the loudest was Ye Si Tian since she was a part of young master Jin’s support club.

In her eyes, no one could defile her male god, no one!

“Young master Jin has spoken, stop wasting time!”

“That’s right, you weren’t a student in our class, so you should go back to where you belong!”

“Ze, ze, young master Jin is even more handsome now that he’s single.....”

?!

Luo Qing Chen narrowed her cold eyes. Hearing this, she felt strangely displeased.

If he didn’t have the status he had today and only had this face, would these people still grovel in front of him?

Lu Qiu Fan wasn’t inferior to Yu Qian Jin in certain aspects, but in the two days that she had been in class, she hadn’t heard the girls say anything.

At most they found her displeasing and clicked their tongues when they passed by her!

He Qing Qing heard this and her face turned pale as her tears came out. She wanted to say something, but she knew that it was no use saying anything.

Yu Qian Jin already had several dozen if not over a hundred girls by his side. Everyone knew that they weren’t Yu Qian Jin’s girlfriends, he only allowed them to approach him.

No one had ever seen Yu Qian Jin treat these girls special, he didn’t even care about them at all.

‘Fair treatment’, these words suited Yu Qian Jin.

He Qing Qing didn't know what to do as she just stood there. She wanted to move forward, but she knew that she wouldn't be able to stand by Yu Qian Jin ever again.

No, she couldn't give up, she definitely couldn't give up.

It rained all morning and there were the occasional claps of thunder which were deafening.

During the break, Mu Nan Xi passed her a note. It was to tell her to take the main roads after school and to get home as soon as possible.

Luo Qing Chen naturally knew what she meant since she had no intention of apologizing during the flag raising ceremony.

That Chen Mi Li definitely wouldn't let her, so she was already planning on dealing with them in the morning.

But after thinking about it, she couldn't help thinking of a famous saying. Would she be able to deter them if she made a move?

#### **Chapter 2196: Magic potion: You will fall wildly in love with me (15)**

When the bell for the fourth class rang, everyone was waiting. They waited for time to pass, waiting to see a good show.

She didn't want to bring an umbrella this morning, but the driver insisted on giving her one.

Un! It was a rather old styled black umbrella.

It wasn't a folding umbrella, but rather a straight umbrella. The advantage was that this umbrella was quite big!

Standing at the door of the class, Mu Nan Xi pulled her arm and said in a low voice, "Let's go home together tonight!"

"No need, you should go quickly!" Luo Qing Chen waved her hand and caught Lu Qiu Fan standing not far away out of the corner of her eyes.

He had heard their conversation as his face was a bit serious.

Whether it was sympathy or empathy because they had the same status, Lu Qiu Fan couldn't help wanting to meddle in this matter.

But the experience of 'disappearing people' in the past told him to hold back and not interfere.

"Hong long!" There was a loud boom of thunder outside. Mu Nan Xi looked at her with a complicated expression and wanted to say something, but her words were stuck in her mouth and wouldn't come out.

“Relax, we’ll see each other again.”

As soon as her voice fell, Luo Qing Chen opened that old styled umbrella and walked out into the rain.

In a certain alley by the campus, there were a group of people waiting for her.

When standing in the alley, her mood was quite low. The men and women in front of her held iron rods and knives in their hands.

There was about a dozen people here.

The whole school knew that the person called Luo Qing Chen would be surrounded, even Yu Qian Jin knew.

With a few quick glances, she couldn’t see anything in his eyes.

Other than indifference, there was indifference. There was an irresistible domineering in those ice cold eyes.

What love, what care, what consideration, what.....human life.

Those things didn’t mean anything to him. He was like an aloof king that looked down from above.

He didn’t feel emotions, his expressions didn’t discriminate.

“Not bad! You actually dare to take this road, you are quite strong!” The so-called leader of the support club was Chen Mi Li.

She took off her school uniform and was wearing a tight fighting red sweater, with heavy makeup that made her seem like she was in her thirties.

Luo Qing Chen shook the umbrella a bit with a cold look in her eyes. Without knowing why, most of the people standing in front of her were nineteen or twenty years old, but with the rods and knives in their hands, she strangely felt the killing intent.

If it wasn’t Luo Qing Chen who was left standing, it meant that this person would disappear from this world.

There were some shady things in the rich people’s circle and if it was a ‘commoner’s life’, they wouldn’t care about it.

If this was the ancient world or a cultivation world, she could understand it.

But in this society governed by laws, all lives were equal.

“Do you see this camera?” Chen Mi Li saw that she didn’t speak and pointed at the camera they had set up. She said with a cold snort and a smile, “If you kowtow a hundred times to this camera and apologize to young master Jin a hundred times, I will let you go. Otherwise——”

Before her voice fell, the men and women behind her raised their rods and knives, looking quite fierce.

Luo Qing Chen narrowed her eyes as she coldly looked at the camera. Then she said with a smile, “Put that thing to the side or else the picture won’t be filmed properly.”

The anger in her heart these days couldn't be controlled anymore and since it was like this, she didn't need to hold it back anymore.

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 2197: Magic potion: You will fall wildly in love with me (16)**

"You.....What do you mean?" Chen Mi Li knitted her brows, a bit confused on what Luo Qing Chen meant.

"You can't even understand the literal meaning, it seems like you have the same level of IQ as the person you like." Luo Qing Chen looked up with her clear eyes and said word for word in a cold voice, "Come together!"

As soon as her voice fell, there was a deafening clap of thunder before heavy rain fell down.

When everyone heard Luo Qing Chen's final words, they were stunned.

They even thought that Luo Qing Chen would run, kneel, or beg, but they never thought that she would say these unbelievable words.

"Alright, since you're not afraid of death, then leave your life here tonight!" Chen Mi Li angrily roared out, but the hand holding the knife was a bit shaky.

This was not her first time cutting someone, but this was her first time bringing so many people to cut one person.

But she wasn't worried. Even if this commoner with no status disappeared, it was easy to hide it with the statuses of the people here.

Going back ten thousand steps, even if they went to court, you could be acquitted with a few good lawyers.

"Beat her to death for me!" Chen Mi Li's voice rang out in the rain.

The people standing behind her looked at each other before gritting their teeth and moved towards Luo Qing Chen with their weapons in hand.

A single black umbrella in the pouring rain.

She narrowed her cold eyes and gave a cold snort before heading to battle.

This 'battle' lasted no more than three minutes. Although the other side had more people, they were people that never learned any tricks.

In her eyes, they simply couldn't take a single hit.

There was the strong scent of blood mixed with dirt in the air as pitiful screams rang out.

Her expression never changed from beginning to end.

Other than being cold, it was cold.

Not a single movement was wasted and even in the heavy rain, she didn't get wet.

"Aiyo, aiyo!" Chen Mi Li held her stomach as she cried out lying on the ground.

The others had all lost the ability to resist and even several of them had run away.

"I have a bad personality and even if people are good to me, I might not respond kindly." Luo Qing Chen coldly looked at Chen Mi Li on the ground. She kicked up with her right foot and the knife on the ground flew up into her right hand before she continued, "But if others are bad to me, I will definitely repay it ten times over."

"You.....You....." Chen Mi Li was gasping for breath as her face was incomparably pale. She was already scared to death and her legs couldn't stop trembling.

"You can say it now if you have any last words." Luo Qing Chen raised her hand to point at the camera that was still rolling, "I can help you record it."

"Luo.....That....." The girl behind her was trembling as she was gasping for breath while saying, "No! Great.....Great hero, let me go! I had eyes and couldn't see Mount Tai....."

After saying this, she fell to the ground and desperately kowtowed.

"Scram." Her cold voice rang out in the rain, scaring that person into running away.

Chen Mi Li kept gasping for breath. The rain had already soaked her clothes and large drops fell into her eyes.

She was afraid, deathly afraid. She wanted to roar out to alleviate her fear, but she didn't dare to do so.

Because she was afraid that if she said a single word, she would be in more danger.

"How about it, how do you want to die?" Luo Qing Chen shook the knife in her hand as the strong light reflected shined onto Chen Mi Li's face. She let out a pitiful scream before fainting.

#### **Chapter 2198: Magic potion: You will fall wildly in love with me (17)**

At the same time, in the Alice Academy's advanced chemistry lab.

Since He Qing Qing came out of the library this afternoon, she had been in this lab alone for five hours.

A dark lab, colourful chemicals, and bottles and jars all lined up.

There was a strong scent of chemicals in the air that made He Qing Qing even more crazy.

Her eyes kept flickering with excitement and her hands holding the medicine couldn't help shaking.

Ah! The ancient legend, the magic potion that was written in the textbook.

Please let the obsessed feelings in her heart bloom!

With a 'peng', the flask in He Qing Qing's hands suddenly became warm before the colourful liquid turned transparent.

No matter how one looked at it, it was no different from mineral water.

"Hong long!" There was a clap of thunder outside and white light shined down on He Qing Qing's face.

She narrowed her eyes as she revealed a smile. The curves of her lips grew wider and wider, just like a black rose that was blooming in the dark night filled with lightning and thunder.

Finally, she had finally succeeded.

This was the potion that the normal girl had caught the school hunk with thirty years ago.

After all these years, it had finally been developed by her who had a high attainment in chemistry.

Although she still had to thank the book that she had accidentally found in a corner of the library three months ago.

This book was custom bound by leather and it wasn't Chinese written inside, but rather a European language.

Moreover, it was an ancient text.

Because she came from the He Family, He Qing Qing could understand the words a bit.

Then adding in the fact that she always cared about the magic potion, when she saw the text and pictures inside the book, she decided to borrow it and read it carefully.

She never thought that in less than three days, she would discover the universe inside.

If she wasn't wrong, what was recorded was the magic potion that that normal girl had made thirty years ago.

A potion that would make a person madly fall in love.

From that day forth, she kept experimenting and failing those experiments, but she never gave up.

Every person had another person in their heart, a person that was impossible.

Of the four great families of A City, she was the only young miss that was in the same school as Yu Qian Jin and she admired him since she was a child.

During this year, she had silently watched as the girls by his side changed one by one, but it was never her chance.

She didn't like this feeling, she didn't like it at all.

So she worked hard to have the chance to approach him.

A few days ago, the seat beside Yu Qian Jin emptied and she mustered up the courage to confess. She was filled with joy that she wasn't rejected by Yu Qian Jin.

Everyone in the Alice Academy knew that there were two options when you confessed to Yu Qian Jin. One, the school hunk would be silent or two, the school hunk would make you leave.

If Yu Qian Jin didn't make you leave, it meant that he would allow the person who confessed to stay by his side.

He Qing Qing thought that she had finally succeeded. She would work hard, learning from the mistakes of the people who lost that position and would do everything flawlessly.

But.....she still couldn't resist Yu Qian Jin's coldness.

He wasn't like a person, he was like a king from a cold world. He didn't have any expectations from the world, he didn't put in any effort, he didn't have a goal, and he didn't have any love.

But she, He Qing Qing wanted to be the girl that Yu Qian Jin desperately loved.

### **Quick Transmigration Female Lead: Male God, Never Stopping**

#### **Chapter 2199: Magic potion: You will fall wildly in love with me (18)**

The next morning, the sky was clear and there was the fragrance of earth and grass in the air.

The entire second year chemistry department wanted to know what happened to Luo Qing Chen yesterday, so there were bustling discussions that filled the classroom early in the morning.

"I heard.....that although it rained heavily last night, there was a convenience store owner that heard the sounds of fighting yesterday."

"Ze, ze, ze, that girl named Luo Qing Chen should have met some bad luck!"

"Weren't there girls like this before, it isn't just one or two of them who suddenly disappeared."

"It's a pity.....she was that beautiful!"

.....

Mu Nan Xi clutched her hands and knitted her brows as her heart jumped to her throat.

She didn't sleep well last night as the things that people did to her in the past kept appearing in her mind.

The dirty alley, the muddy ground, the disgusting trash cans.

She squatted in the corner with her hands on her head, enduring the kicks and punches of those 'fan girls' and the 'support group',

Now she was seeing what happened to her in the past happening to Luo Qing Chen.

But the only difference was that other than arrogance, there was also indifference in Luo Qing Chen's eyes.

It was as if she was looking at the world with indifference.

She was worried that with her personality, she might clash with those people.

But since she was only a single girl, facing all those people was too dangerous.....

"Don't worry, I.....I.....I saw her at the breakfast shop this morning." Xiao Pang who sat at the same table pushed up his black framed glasses and spoke in a stuttering voice.

"Really?" Mu Nan Xi excitedly took his arm with a flash of excitement in her beautiful eyes.

Xiao Pang trembled as his face turned red. He slowly lowered his head as he said, "It's.....true."

He was a bit nervous and his tongue was getting knotted. It's not because Mu Nan Xi was a beauty or a genius.

It was because she was the one that had always been in his heart. She wasn't his goddess, but rather his true love.

But he knew that a man like him who didn't have any money and looks, someone that only had grades couldn't match her.

So even after sharing a desk with her for so long, he rarely spoke to her.

Because he was afraid that he would become more expectant if he spoke too much.

It was better like this. Sharing a desk with Mu Nan Xi was already the greatest happiness in his life.

He didn't ask for anything else, this was fine.

Mu Nan Xi let out a sigh of relief as the stone in her heart fell down.

Yu Qian Jin was leaning against the wall in a lazy manner. With his clean white dress shirt and his chestnut hair reflecting the warm light, he looked very good.

His eyes were calm as he narrowed them to look at the door to the classroom.

As if he was waiting for something, or rather expecting something, but he didn't know what it was.

But he felt very nervous, strangely nervous.

"You all! What is pitiful about it? Did your eyes get hit by a truck? She's called beautiful?" Ye Si Tian raised her head with a superior expression, "But it doesn't matter! Anyway, we won't see her again in this life! This really is great!"

"There are some things that you shouldn't say too much of." Mu Nan Xi knitted her brows as she couldn't help saying something.

Perhaps it was because she felt guilty towards Luo Qing Chen. She regretted not following her home last night.

That kind of rainy day, she must have been very alone facing those unknown dangers by herself!

#### **Chapter 2200: Magic potion: You will fall wildly in love with me (19)**

“You!” Ye Si Tian heard this and rushed forward to grab Mu Nan Xi’s collar, but she was stopped by Xiao Pang.

He begged with a pleading look, “Goddess Si Tian, don’t be like this.....Don’t be like this.....”

Mu Nan Xi was surprised. She wasn’t surprised that Ye Si Tian would do something to her, but she never thought that Xiao Pang would protect her at this moment.

In this school, it was her first time.....It was her first time feeling protected.....

Lu Qiu Fan not far away looked at Mu Nan Xi and narrowed his eyes, but he didn’t say anything in the end.

“Are you seeking death!” Ye Si Tian pointed her finger in Mu Nan Xi’s nose and said, “Do you want to follow the footsteps of that commoner surnamed Luo? Just say it if you do! Did you forget that your little brother died?”

Ye Si Tian’s voice was very sharp and each word was filled with rage and ridicule.

Mu Nan Xi bit her lip as Luo Qing Chen’s figure appeared in her mind. She was envious of her pride and indifference, she was even more envious that she didn’t change no matter what she faced.

She suddenly looked up and took a deep breath before looking at Ye Si Tian to say, “Stop bringing your face over, my little brother’s death isn’t related to you at all.”

Her little brother committed suicide, it had nothing to do with Ye Si Tian’s taunting and whether she was looking for trouble.

“You’re asking to be beaten!” Ye Si Tian raised her hand. When she was planning to slap down, there was a gust of wind as a powerful hand suddenly grabbed her wrist.

That person pushed her back and she fell backwards. If it wasn’t for the desk, she would have fallen to the ground!

“Damn!”

“She.....She.....Where did she come from!”

“So fast! Just like a gust of wind!”

“No, she.....why isn’t there anything wrong with her! Didn’t I hear yesterday that big sister Mi Li would.....”

.....

There were voices filled with disbelief all around her. Luo Qing Chen narrowed her eyes to look at Mu Nan Xi before raising a brow and saying with a faint smile, “Well done.”

No one was born weak. Even if this scene seemed like a typical counterattack, she still felt it was satisfying.

She didn't even care about Yu Qian Jin or Lu Qiu Fan's gazes at all.

She felt that Mu Nan Xi who was giving off a strange aura was the true protagonist.

"Luo.....Luo Qing Chen!" Ye Si Tian's expression changed. She looked at Luo Qing Chen with an astonished gaze and muttered, "How.....How is this possible?"

"This one has a bad temper, you shouldn't mess with me." Luo Qing Chen narrowed her cold eyes and released an absolute pressure as she looked at her, "Unless you want to spend a month in the hospital like those people from yesterday."

"....."

The entire class fell into a deathly silence.

No one dared to say a thing, they didn't even dare to breathe too loudly or they would become the center of attention.

After a few seconds, Ye Si Tian came back to her senses and said, "Che, what a joke! Full of nonsense, go ahead! You think that we would believe you? Tell me, do you all believe her?"

She asked the whole class in the end, but the funny thing was that not a single person responded.

It was at this time that someone came in the back door. She was wearing a neat uniform with a princess headband. It was He Qing Qing with a bottle of mineral water in her hand.

Actually, she was a bit uneasy on the way to this class because she didn't understand the final picture in the book. It seemed like the most important ingredient was still missing from making this magic potion succeed.

But she already had no time!

She could only give it a try.....
