Chapter 2221: Magic potion: You will fall wildly in love with me (40)

It was this 'even earlier' from Yu Qian Jin that gave her confidence. Luo Qing Chen wasn't as worried over the next few days.

But that didn't mean that Ye Si Tian and He Qing Qing wouldn't do anything. They had even achieved results.

In a dimly lit chemistry lab, He Qing Qing carefully held the flask as she added the final chemical.

Ye Si Tian was watching from the side with a very excited look.

This was the first time she was watching the refinement of the 'magic potion', so it was hard not to be excited. Then there was also the antidote that was being made, so naturally she was excited.

"Are you certain that this is the antidote?" Although she was very excited, she was still skeptical.

After all, the 'magic potion' was already a very mysterious thing and it wasn't easy to make, not to mention making an antidote.

"Should you question a person who was able to make the 'magic potion' again after thirty years?" He Qing Qing raised a brow as confidence filled her eyes.

She had finally succeeded. She spent all this time and effort to finally make an antidote.

As long as she had this antidote, Yu Qian Jin wouldn't be madly in love with Luo Qing Chen anymore!

Such an excellent man, how could he like a lowly commoner!

No, impossible, absolutely impossible!

His love was divine and only she was worthy of it.

"Of course I believe you since young master Jin only fell in love with Luo Qing Chen because of your potion!"

"No! He doesn't love Luo Qing Chen!" He Qing Qing's eyes opened wide. The eyes that were like that of a young girl had already turned dark.

The dark night covered the tense atmosphere and all the chaos was about to end.

Those that used 'magic potions' to get true love! You will soon be cleansed by this antidote.

Those that are lowly will forever be lowly, they will never stand up.

"Achoo!" During English class, Luo Qing Chen gave a loud sneeze.

Yu Qian Jin sitting beside her slightly knitted his brows as he asked in a concerned voice, "Are you getting a cold?"

Luo Qing Chen gave a snuffle as she said, "Someone should be cursing me!"

There were many times that a girl's sixth sense was very accurate. Not to mention a girl like her who could predict the past and present.

"Who dares to curse you?" Yu Qian Jin's eyes filled with gentleness as he looked at her, "I will definitely beat them up for you."

"Di, di." Before she could finish, there was a notification from WeChat.

It was a message from Mu Nan Xi which had a link to a forum post.

The title was very prominent and eye catching.

"Magic potion: I have an antidote!"

The person who made this post was anonymous and there wasn't much to the post, but it was clear and well prepared.

—Those that think that they have earned the true love of the male god, there isn't much time left for you. You better enjoy these last few hours, ugly commoner.

PS: Being in hell forever isn't scary, what's most scary is falling from heaven to hell.

Actually she didn't even need to click it to know that the person who sent it was He Qing Qing and the one that was mentioned in this post was definitely her!

Mu Nan Xi probably thought the same, so she sent this post to her.

But she was right about one thing. He Qing Qing was the one who made the 'magic potion' and she had also prepared the antidote.

To be fair, if it was said that she wasn't worried at all, it would definitely be a lie.

But when Yu Qian Jin was by her side, she felt strangely assured.

Chapter 2222: Magic potion: You will fall wildly in love with me (41)

Through the class, Luo Qing Chen kept reading the replies on the forum.

Most people had guessed that the female lead was her, so there were many people who sent replies.

There were a few people who had mocking tones like they were waiting to watch a play.

Her Highness: The antidote makes one most excited!

Give Me a Rainbow Candy: So the poster's meaning is that our school's school hunk is under the influence of the 'magic potion', that's why he's in love with those low quality goods?

Blue: Damn! This is crazy, someone in our Alice Academy actually developed the 'magic potion'?

Lonely Self Respect: The above should correct themselves. The poster not only developed the 'magic potion', they also developed the antidote!

Sunflower: Damn, damn, damn! ☹️?☹️! Is it that crazy? This is bad for my heart! But it's strangely exciting because the male god will belong to everyone again!

Not Graduated From the Automated Department: Magic potion? If there is such a thing, can I drink a hundred bottles? The ones involved aren't worried, the ones that are worried are you gossipers.

-Sunflower: Who is this brother?

-Excessive Gentleness: You're saying it like you're involved?

-Give Me a Rainbow Candy: Ignore him! He might be a water army invited by a certain commoner! Disgusting! (?~?)

Then the following replies all had a few simple words that were very concise!

Autumn Is Growing: Is the original poster involved?

Gubaba: Is the original poster involved?

Meow Meow Meow Meow: Is the original poster involved?

.....

Luo Qing Chen really felt that this person called 'Not Graduated From the Automated Department' was really pitiful.

Why did it feel like they were being attacked by Yu Qian Jin's fangirls?

When the bell rang, Luo Qing Chen was pulled into a corner by Mu Nan Xi to discuss the forum post!

"Did you see it? Did you see it? That post really is something, it makes my scalp numb just reading it." Mu Nan Xi didn't believe this at first, but when everyone around her believed it, she couldn't help being shaken.

"I didn't believe it at first." Luo Qing Chen pursed her lips and said with a sparkle in her eyes, "But there was a period of confusion in the middle."

"You believe it?"

"Un.....I half believe it." Luo Qing Chen opened the forum, "There are some things that He Qing Qing isn't lying about. For example, young master Jin did drink the magic potion that she made."

"Really?" Mu Nan Xi was clearly shocked as she looked at her with a look of disbelief.

"It was the day we saved Xiao Pang, do you remember?"

"So young master Jin likes you....." Mu Nan Xi knitted her brows to think, "It can't be."

"I believe in him." Luo Qing Chen took a deep breath and shook her head, "I hope that He Qing Qing can quickly confirm the legend."

She wasn't afraid and she didn't panic.

But since He Qing Qing's group wanted an answer that badly, she would give them an answer.

To take what Yu Qian Jin said, whether he liked her or not now, he would definitely like her in the future.

It's just a matter of time.....

The next morning.

On the path to the school, the pear blossoms slowly fell as they mixed with the first snow of spring.

There were already many people gathered. He Qing Qing was wearing a light blue sweater with a bottle of mineral water in her hand, waiting for Yu Qian Jin to arrive.

She had already stated the time in the forum post. She wanted to use this time to tell everyone that the perfect male god in their minds wouldn't truly love that commoner, it was all because he drank the magic potion developed by the commoner!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 2223: Magic potion: You will fall wildly in love with me (42)

Of course, she had thrown the fault of making the potion onto Luo Qing Chen.

After all, this wasn't something that looked good.

At 8:10, two thirds of the people in Alice Academy had already gathered here.

The bustle around them was getting louder and more people were getting convinced by the magic potion matter.

After all, Yu Qian Jin who was surrounded by thousands of flowers suddenly fell in love with someone, naturally that was hard to accept.

There was a small portion that still believed that if there was this kind of medicine, it would have already been discovered.

But they weren't that confident, so they couldn't miss the moment to verify this magic potion.

"It definitely is a magic potion! That shameless commoner, in order to win young master Jin's heart, they actually used something this dirty!"

"I think so too! Ah, ah, ah! Thinking of young master Jin being that gentle to her, my heart just fills with discomfort! Quickly reveal the truth!"

"Seeing these people being disgusted, it's exciting just thinking about it."

"You fangirls are just crazy with love, perhaps she and young master Jin are true lovers!"

The girls around this area suddenly said in unison, "Shut up!"

The first snow of the winter was always beautiful. As the delicate snowflakes fell, they were beautiful as they flickered.

Yu Qian Jin came to school holding Luo Qing Chen's hand in this beautiful scenery.

There was a dense crowd of students standing in front and if you went a bit forward, you would see He Qing Qing standing in the middle.

"Qing Chen." He softly said her name as a smile appeared in his eyes. He said with a grin, "No matter what I do, you can't blame me."

"Ah?" Luo Qing Chen was surprised. She knew that Yu Qian Jin must have heard the rumours over the past few days.

But what he said to her was different from what she imagined.

Could it be that he was saying, no matter what happened, you don't need to worry?

This was his reassurance!

More like Yu Qian Jin had given her a time bomb!

"Will you be doing....." She cleared her throat and said, "Something shocking?"

"Yes!" Yu Qian Jin replied without any hesitation. He held her hand and moved forward without another word.

Until they were three meters in front of He Qing Qing.

"Young master Jin....." She was afraid that Yu Qian Jin would walk past, so she called out to him first.

The noise that was around them instantly disappeared.

Everyone held their breath, not daring to make a sound.

He Qing Qing bit her lip and took a deep breath before suddenly looking up to say to Yu Qian Jin, "The mineral water that you drank that day wasn't normal water....."

He Qing Qing's words were a bit hesitant because she was worried that she might accidentally let slip that the magic potion was made by her.

But Yu Qian Jin casually said something.

"Mineral water? The bottle you gave me?"

His lips curled as a faint sparkle appeared in his eyes.

If you wanted to blame the person he cared about, did you ask him first?

"Si!"

Everyone took a cold breath. They naturally believed He Qing Qing's words, thinking that it was Luo Qing Chen who made the love potion.

After all, it was Luo Qing Chen that Yu Qian Jin fell in love with and not He Qing Qing.

But young master Jin's meaning now was that the love potion was made by He Qing Qing and given to him in the form of a bottle of water.

Chapter 2224: Magic potion: You will fall wildly in love with me (43)

The whispers of the gossipers entered He Qing Qing's ears.

"Damn! So the magic potion was made by He Qing Qing?"

"I already said it! How could an antidote be developed this quickly? It turned out that she had experience!"

"I suddenly feel embarrassed! It's like getting served myself."

Her face turned white and she gritted her teeth as she clenched her fists.

No, she couldn't fall like this.

She was standing in front of Yu Qian Jin now just to make that commoner look ugly.

It was just the darkness before dawn.

She could get through this, she definitely could!

"Young master Jin.....you have to believe me!" He Qing Qing placed the bottle of mineral water she was tightly holding in front of him, "No matter how confused you are, as long as you drink this, you will understand everything."

With an uneasy heart, she waited for the result.

This unease didn't even last a second as Yu Qian Jin took the mineral water from her hand and drank it without a single word.

"Si, si!" There were cold breaths that entered Luo Qing Chen's ears and even she felt a bit nervous.

The scene of the sudden 100% affection increase was still in her mind.

With a breeze, the pear blossoms fell onto her pleated skirt. The man standing in front of her tightly held her hand.

Never letting go for an instant.....

When he finished the mineral water, He Qing Qing looked at Yu Qian Jin with an excited look.

She could see his transformation in her mind. He would become the same as before, coldly looking at every girl.

That naturally included Luo Qing Chen.

"Young master Jin." She called his name, but she couldn't see any clues from his bottomless eyes.

He let go of Luo Qing Chen's hand and narrowed his eyes, revealing a faint smile.

The girls standing around were excited when they saw this and even a few of them started screaming.

Yu Qian Jin had let go of that commoner's hand, didn't that mean that the 'magic' was dispelled?

He was still that Yu Qian Jin that no one approached, the forbidden school hunk of Alice Academy!

Luo Qing Chen narrowed her eyes as a sparkle appeared in them. She didn't feel nervous at all at that moment.

Perhaps it was because of Yu Qian Jin saying 'no matter what I do, you can't blame me' or it was because his dark eyes didn't change at all after drinking the bottle of water.

But Luo Qing Chen knew that the reason why she didn't have to panic at all was.....

The system didn't give her a notification, which meant that the 100% affection was real.

It wasn't because of a 'love potion' that Yu Qian Jin madly fell in love with her.

Actually, it was a bit terrifying thinking about it, but it also conformed with Yu Qian Jin's personality. Once he loved someone, he would desperately give them his life, without holding back at all.

"You're back, right?" He Qing Qing brought her hands together and looked at him like she was praying. All the blood in her body was boiling at this moment.

Yu Qian Jin suddenly turned around and focused on Luo Qing Chen who was standing there.

There was a faint pear blossom scent in the air. The snow mixed with the flower petals looked so beautiful.

His right hand suddenly came to her waist and brought her into his embrace. Without another word, he lowered his head to place a kiss on her lips.

Chapter 2225: Magic potion: You will fall wildly in love with me (44)

The white snow fell as pear blossoms filled the sky.

He used his own actions to tell everyone if the so-called 'magic potion' existed or not.

In front of everyone, he didn't give any explanations as he used the most direct method to tell everyone if the 'magic potion' had any 'magic' ingredients.

Luo Qing Chen was stunned. Her white as snow skin turned crimson and her heart kept beating fast.

She didn't know how to react and it seemed like she was only getting dizzy and finding it hard to breathe.

Only after a long time did he finally slowly let her go.

The most eye catching thing was He Qing Qing's white as paper face and everyone's shocked expressions.

What magic potion, what madly falling in love, this was all a lie!

Yu Qian Jin still liked Luo Qing Chen and didn't fall out of love because he drank that antidote.

This really was a big joke that you couldn't help but find funny.

“Impossible, absolutely impossible.” He Qing Qing’s hand trembled as she bit her lip and shook her head.

Even like this, He Qing Qing still believed that there was a problem with an antidote and that the magic potion was real.

The scenes of herself making the antidote flashed in her mind as she wondered, where did it go wrong?

“Ah!” There was a tragic scream.

She held her head as she laid there on the ground. At that moment, she felt like her head was about to explode.

After all, this was something she looked forward to so much. She looked forward to Yu Qian Jin coldly turning around and she expected Luo Qing Chen to break out in tears after being abandoned.

But when her expectations went against her, she felt like there was a large mountain that was pressing down on her, making her unable to breathe.

The snow in the early winter was very cold, but Yu Qian Jin’s embrace was very warm.

Through this matter, Luo Qing Chen suddenly felt that even if there were magic potions in this world, so what?

Love was love, it wouldn’t change because of these things.

After that day, other than going to class, He Qing Qing spent every day in the lab with her research.

She desperately ran experiments to make the antidote, but no matter what she tried, nothing worked.

Until Ye Si Tian said something to her that shattered all her fantasies.

“Young miss He, although I’m too lazy to tell you this, since you look like you’ve gone crazy, I feel that I should say something.” Ye Si Tian slowly raised her right hand and waved her bandaged index finger, “Didn’t I ask you to make a magic potion for me two days ago? I cut my finger and put in my blood.”

“And then? Who did you give it to? Did he.....did he fall in love with you?” He Qing Qing nervously looked up like a mad scientist, wanting to hear the results of her experiment.

But the result was a bucket of cold water.

“I spent a lot of effort to get Lu Qiu Fan to drink it, but in the end.....” Ye Si Tian gave a shrug and rolled her eyes at He Qing Qing, “Nothing happened at all!”

“Impossible!” He Qing Qing instantly replied as she stared at her with clear eyes, “Absolutely impossible. You were there that day, young master Jin only fell in love with her after drinking her blood!”

“But I also used the same method!” Ye Si Tian’s lips twitched, “Why didn’t Lu Qiu Fan fall in love with me?”

Chapter 2226: Magic potion: You will fall wildly in love with me (Part 45)

Although Ye Si Tian hated Luo Qing Chen very much, she wasn't a fool. With the facts in front of her eyes, she couldn't just pretend that she didn't see anything.

The post about the 'magic potion' had already become a joke on the forum.

There was even a person called 'Not Graduated From the Automated Department' who mocked them at length.

With how many people followed the thread, it was embarrassing!

"You must have used the wrong method!" He Qing Qing kept arguing as she bit her lip to say, "Did you follow the method that I gave you....."

"Young miss He, I won't work with you if you act like a lunatic." Ye Si Tian's face turned dark as she said, "After all, the commoner is being protected by young master Jin. No matter what, our family can't compete with the Yu Family. Last time my dad personally went to apologize and I had to write a thousand word apology letter to Luo Qing Chen before young master Jin let me off. I can't touch this bomb."

"Are you willing?" He Qing Qing said in an agitated voice, "To let this lowly person be young master Jin's girlfriend, are you willing?"

He Qing Qing grew up as the princess of the He Family, so what she hated most in her life was the story of Cinderella.

In her world, Cinderella wasn't worthy of meeting the prince. If it wasn't for the 'magic', if it wasn't for the glass slippers, if it wasn't for the pumpkin carriage, she wouldn't have had a chance to go to the ball.

All of this was thanks to magic!

Even now, even if everyone treated her like a joke, she didn't believe that such a lowly person could gain young master Jin's favour without magic.

"So what if I'm unwilling?" Ye Si Tian clenched her fists and a sharp glow flashed in her eyes. She said with a cold snort, "To be honest, I hate Luo Qing Chen more than you and she has humiliated me more than you! But what can I do! I can only wait!"

When she thought of Luo Qing Chen's arrogant appearance in class before, she was filled with rage!

"Wait for what?" He Qing Qing knitted her brows as she was a bit confused by Ye Si Tian's implications.

Ye Si Tian revealed a smile, "As a young miss from one of A City's four great families, how can you be this misinformed? Don't you know that Daisy is coming back?"

"Daisy?" He Qing Qing knitted her brows to think before saying in a voice of understanding, "You mean the Luo Family that had a right to participate in the royal election?"

The Luo Family of A City's four great families, even the rich families knew very little about them.

If it was said the Yu Family was powerful, then the Luo Family was mysterious.

Everyone only knew that the Luo Family had one successor and it was a young miss.

Because she had been sent abroad to study since she was young, everyone always used her English name, Daisy.

“Right!” Ye Si Tian said with a strong smile on her lips, “It’s said that the Luo Family and the Yu Family are friends and they are close. This time Daisy will definitely be going to Alice Academy!”

“Ha, ha!” After a while, He Qing Qing gave two laughs, “I suddenly feel that the world isn’t that dark anymore.”

She slowly put down the test tube and muttered with an excited look, “Luo Qing Chen, ah Luo Qing Chen, I never imagined it! Your real enemy isn’t us, but rather young master Jin’s real princess!”

Dirty commoner, you want to ascend to become a phoenix? In your dreams!

A sparrow will always be a sparrow, ugly will always be ugly.

Even if Luo Qing Chen was Yu Qian Jin’s girlfriend, she was still filthy in He Qing Qing’s eyes!

Because of her lowly status, she was only worthy of living a lowly life.....

Chapter 2227: Magic potion: You will fall wildly in love with me (Part 46)

“Achoo!” In the library, Luo Qing Chen gave another sneeze.

Mu Nan Xi sitting across from her said with a smile, “It can’t be that young master Jin is missing you, right?”

Luo Qing Chen rubbed her nose and said with a soft snort, “You’re thinking too much! It must be someone cursing me!”

Since she became Yu Qian Jin’s legitimate girlfriend, she would always start sneezing. It seemed like quite a few people hated her in this school!

“You should be right!” Mu Nan Xi gave a very serious nod, “I always hear people cursing you that I’m numb to it!”

.....

“Classmate Mu Nan Xi, there are some facts that shouldn’t be said, alright? It’s very annoying!” Luo Qing Chen rolled her eyes at her and acted angry.

Actually, she didn’t care about this at all. Not to mention that the previous host was from a rich family. Even if there wasn’t a difference between commoners and rich people in this world, in another world, this difference became a joke.

She was too lazy to care about the people of this school because in their eyes, the difference between commoners and rich people had already been ingrained in their minds.

They didn’t understand and wouldn’t understand!

Unless they experienced some large change in their family, they would never understand!

“Ha, ha.....” Mu Nan Xi gave a happy laugh, “I’ve noticed more and more that you are just as self aware as I am!”

As soon as her voice fell, she looked down at her book before looking up to ask, “Your family’s young master Jin wasn’t in class again today!”

“Him?” Luo Qing Chen looked up, “He didn’t come yesterday, so something should have happened at home!”

“Ke, ke.” There was a sharp cough that rang out before Ye Si Tian came into the library with a lollipop in her mouth. She rolled her eyes at them and said, “Some people don’t know anything, right! It’s the meeting between the A City’s four great families! Young master Jin should be going to pick up young miss Daisy in two days.”

“Young miss Daisy?” Mu Nan Xi knitted her brows and muttered, “A foreigner.”

Luo Qing Chen didn’t say anything. She just felt that the English name Daisy seemed familiar, like she had heard it before.

It wasn’t that she had heard it, but it existed in her memories.

“This is your level.....you don’t understand!” Ye Si Tian wanted to curse, but thinking of Yu Qian Jin’s influence, she swallowed her words and crossed her arms, “She is the young miss of the Luo Family, one of the four great families. She grew up abroad and not only does she suit young master Jin, they even have an engagement.”

Luo Qing Chen who had been searching her memories finally had an answer after hearing what Ye Si Tian said!

Daisy was the previous host’s English name, she had used this name when she had been abroad.

“To be honest, I haven’t heard of young master Jin having an engagement.” Mu Nan Xi narrowed her eyes to look at her, “I don’t know the consequences of spreading false rumours about young master Jin!”

“You.....” Ye Si Tian gave a cold snort before biting her lip to say, “When did I say that there’s an engagement? But it’s a well known fact that the two families are a match for each other!”

Denying it was the best method. Anyway, they can’t do anything if she refuses to admit it.

“You really do know how to deny it.” Mu Nan Xi replied in a simple manner before ignoring her.

She took Luo Qing Chen’s hand and said, “Don’t listen to her nonsense. You know how young master Jin treats you.”

“Pu.” Luo Qing Chen saw her serious expression and couldn’t help smiling, “Life is only fun when there are reverses.”

At the same time, the meeting of the four great families was also about the election in the Muou Country.

“Although prince Liang Mo is the youngest son, his bloodline is the most authentic.”

“But the woman who gave birth to him has no status!”

“But you can’t deny that he is now the king’s only son.”

.....

Other than the four great families, there were other people who had rights to vote in the election of the Muou Kingdom.

There was only the Yu Family and the Luo Family who supported the prince Liang Mo.

The other families supported the king’s younger brother to take the throne.

Although the Muou Country was only a small country, it had a great position and was rich in energy resources.

To a certain extent, it held the lifeline of A City’s golden triangle and the interests involved were very complicated.

To put it simply, the king was currently in a coma and two forces supported two different people. One was the king’s younger brother Mu Ba and the other supported the king’s illegitimate son, Mu Liang Mo.

Yu Qian Jin had flown to the Muou Country with his father to participate in the final vote.

The election had been finalized and Mu Liang Mo’s votes were far less than Mu Ba’s, but at the critical moment, the king came back to reverse it.

He personally passed the throne to Mu Liang Mo before heading to the afterlife.

When the new king took over, some were happy and some were sad.

The happiest ones at the banquet were the Luo and Yu Families. Luo Long was filled with praise for Yu Qian Jin, thinking that it was necessary to arrange a marriage between the two families.

“Old Luo, old Luo, we’ve known each other for so many years, how about we set this matter?” Yu Feng picked up a glass of wine as he looked at Yu Qian Jin.

Yu Qian Jin knitted his brows and there was a complicated emotion in his deep eyes, but he still raised his cup and said with a respectful look, “Uncle Luo.”

“Daisy has been abroad all these years, right! Old Luo, when will you bring her back and let the children meet?” Yu Feng was clearly very excited. After all, if the two families could get married, it would be the biggest news in A City’s business circle.

Moreover, many large scale projects could be started and would create a storm.

“Right! The child depends more and more on my wife, so it’s all decided by my wife! We should bring her back to the country!” Luo Long waved his hand, “I really don’t like being abroad! I still like our family’s philosophy, humble and kind!”

“Yes, yes, yes! I have no regrets in my life having someone like you in my life!”

After the normal dinner, Luo Long and Yu Feng had already basically decided on the engagement. Yu Qian Jin deeply knitted his brows sitting on the side.

He could only take out his phone to send a few messages to Luo Qing Chen to calm his own restless heart.

(So boring. Little girl, what are you doing? ——Yu Qian Jin)

“Di, di.” With the sound of a text, Luo Qing Chen took a look before quickly typing something on her phone.

(I’m looking at something! Is the Muou Country fun? ——Luo Qing Chen)

Yu Qian Jin immediately replied without a single bit of delay.

(Not fun at all, I miss you. ——Yu Qian Jin)

(Then come back quickly! ——Luo Qing Chen)

After sending this reply, Luo Qing Chen looked at the new ‘school admission form’ in front of her.

Name: Luo Qing Chen. English name: Daisy.

Father: Luo Long. Mother: Dai Wei.

.....

Seeing this admission form, Luo Qing Chen’s lips couldn’t help curling into a faint smile.

It seemed like the ‘female lead halo’ had finally fallen on her head.

Although it was a bit late, in her opinion, this timing seemed.....just right!

Chapter 2229: Magic potion: You will fall wildly in love with me (Part 48)

After a long time, the phone rang again and it was a long text from Yu Qian Jin.

(If there is a day where you find that I’m not as strong as you thought, don’t reject me. This is my first time being with a girl and you have to tell me if I’ve done anything wrong. Then no matter what rumours you hear, please don’t believe them. ——Yu Qian Jin)

Actually, Luo Qing Chen was very curious what situation would cause such a domineering person to say such words.

It should be the people from the Muou Country pressuring him and it should be emotional pressure.

(I will always be by your side. ——Luo Qing Chen)

These short words gave him the assurance he needed.

It was like when he kissed her in front of everyone on that snowy day.

He clearly knew when the other side was unsettled and flustered.

Then he used the warmest words and most decisive action to calm her down.

He didn't know when it started, but they slowly started to understand each other. Started bit by bit before they completely understood what the other person was thinking.

This period of time seemed very long, but also very short. But for them, they kept getting closer to each other.

The next morning, in gym class.

It had been snowing very heavily for the past two days, so many girls liked gym class.

Snowball fights and building snowmen happened all over.

Since Luo Qing Chen became Yu Qian Jin's girlfriend, the people in class gradually started talking to her.

According to Mu Nan Xi's remarks, if a person could become a phoenix, they would follow her!

Of course, there were still some girls who followed Ye Si Tian and didn't like her.

But with Yu Qian Jin's deterrent, they couldn't do anything!

"Qing Chen, Nan Xi." A girl in a goose feather yellow sweater called their names.

Everyone seemed kind and if people didn't know better, they wouldn't have known the difference between commoners and rich people.

Twenty minutes later, a snowman was finished.

While everyone was proudly admiring their work, Ye Si Tian came out of nowhere to pick up a rock that she threw at the snowman.

The snowman fell just like that.

Twenty minutes of hard work was all in vain. Everyone looked at Ye Si Tian, but they dared to be angry and didn't dare say anything.

Luo Qing Chen narrowed her eyes and turned to see that other than Ye Si Tian, there was also the so-called maker of magic potions, He Qing Qing.

Actually, He Qing Qing was from another class and they didn't have gym class right now!

But no matter what, at Alice Academy, the teachers were just decorations.

But what Luo Qing Chen was surprised by was that Ye Si Tian hadn't dared to jump in front of her recently, so why did she suddenly.....act so arrogantly?

"Ai, the snowman broke!" Ye Si Tian narrowed her eyes and said with a smile, "Is this some kind of omen! Ha, ha, ha!"

After she said this, she laughed loudly. It was clear that she was deliberately causing trouble!

“Ai, ai, ai.” Mu Nan Xi gave a cold snort, “Just be direct, alright? Laughing like an idiot, are you a fool?”

“Mu Nan Xi, don’t you be arrogant!” Ye Si Tian was angered by her words, “Your backing will be gone soon, I want to see if you can stay in Alice Academy!”

Chapter 2230: Magic potion: You will fall wildly in love with me (Part 49)

This really was enough! Could it be that any commoner could point at her and talk now?

“He, he, he!” But what she didn’t expect was that Mu Nan Xi, who had been redeemed, didn’t feel any fear at all.

She just crossed her hands and looked at Ye Si Tian in disdain, “I don’t care if I can stay in Alice Academy or not. Ye Si Tian, you should know my family better than anyone. This is good, someone without anyone doesn’t fear dying together.”

It had to be said, when Mu Nan Xi said this, even Luo Qing Chen was stunned.

Whether it was her expression, her eyes, or her tone, Mu Nan Xi was perfect.

This aura really had the tone of a wild female lead!

“You.....” Ye Si Tian was dumbfounded. Her face turned red, but she couldn’t say a thing. She just glared at her with fierce eyes that showed the anger in her heart.

He Qing Qing beside her was much more calm. When she spoke, she didn’t just charge in and carefully considered her words.

“There are some people who fantasize about being Cinderella because——” She paused before suddenly looking up, “It isn’t just Cinderella that can match the prince, there is also the rightful princess.”

The young miss of the Luo Family, one of the four great families, Daisy who hadn’t come back yet.

Luo Qing Chen knitted her brows. She thought of what Yu Qian Jin said to her last night and the appearance of Ye Si Tian and He Qing Qing. She knew that something must have happened.

Or it could be said that it had already happened.

“Ze, ze, ze, Qing Qing is right.” Ye Si Tian had suddenly found a way out as she rolled her eyes and said in a strange tone, “I’m telling you now, Daisy is about to come back.”

“You already said this in the library yesterday.” Luo Qing Chen narrowed her cold eyes and said with a calm look, “What? How is them coming back related to you?”

“Of course it’s related to me that young miss Daisy is coming back!” Ye Si Tian said with a proud look, “We are all rich, rich, rich people, don’t you understand?”

Hearing Ye Si Tian emphasize rich three times with her voice getting louder each time, it really grated one's ears.

"Un humph." Luo Qing Chen gave a snort like she didn't care at all. She revealed a faint smile and said, "I'm afraid that you will be disappointed by the ending."

"Just be stubborn! If my information is correct, young miss Daisy will be enrolling next Monday." Ye Si Tian angrily looked at Luo Qing Chen and said, "Just you wait!"

As soon as her voice fell, she looked at He Qing Qing. She wanted to pull her away, but she never thought that she would just stand there staring at Luo Qing Chen.

After a while, she slowly said, "You used the magic potion to make young master Jin fall in love with you, it must be that!"

Her final words were like a scream because she would never accept this kind of fact.

She firmly believed in the magic potion. If there wasn't this power, how could Yu Qian Jin fall in love with.....a commoner like Luo Qing Chen!

But after the remarks had already been denied, everyone gradually couldn't take it anymore.

Repeating it again and again already started wearing out people's patience.

Therefore when He Qing Qing mentioned the magic potion again.

The entire yard, whether they were in the same class or not, exploded!

They all seemed to be.....on Luo Qing Chen's side.

No matter what the reason, this was the first time that she felt supported since coming to this world, rather than being attacked by a group!
