Chapter 2231: Magic potion: You will fall wildly in love with me (Part 50)

“Aiyo, please, can you not mention the magic potion anymore? I really am annoyed.”

“Right, saying the few same words. Young master Jin has already said everything and she still won’t give up.

“She really is annoying.....”

.....

The words hit He Qing Qing’s ears and her face turned pale as she couldn’t stop her tears from coming out.

For He Qing Qing who was always aloof towards others, this was her first time being treated like this.

She suddenly felt aggrieved. Why couldn’t they understand that if it wasn’t for her magic potion, Luo Qing Chen never could have entered Yu Qian Jin’s eyes?

If the potion had her blood, the one Yu Qian Jin would be madly in love with would be her.

The right match, the proper princess.

But now everything had changed.

Ye Si Tian was right, it was useless even if she couldn’t accept it. Everything couldn’t be changed, but.....

She wouldn’t let a lowly commoner get what she couldn’t get.

There was no shortage of princesses around Yu Qian Jin. Although she had never met Daisy, her status in A City was higher than her and she was a true young miss of the four great families.

“You just wait, the good days will come to an end.”

He Qing Qing turned to leave after saying this, not staying for another second.

Mu Nan Xi looked at Luo Qing Chen with a bit of worry and said in a low voice, “Don’t worry about it, you have to believe in young master Jin.....”

“Do you think that I care?” Luo Qing Chen gave a soft snort, “You’ll know next week.”

—

During the free hours of the weekend, the first thing Yu Qian Jin did after he came back was call her.

There was a deep fear that she would be worried because of the rumours and might even want to run away.

Since Luo Qing Chen didn’t tell him her home address, they could only meet in front of the school.

As winter came, snowflakes filled the air. Luo Qing Chen was wearing a pure white down jacket as she waited in front of the school for him.

There was a limited edition black Rolls Royce that pulled up in front of her. Luo Qing Chen turned to see Yu Qian Jin slowly coming out.

He was holding a black umbrella. There was a faint sparkle in his eyes and from the moment he got out, his eyes had been on her the entire time.

There was a bit of attachment and an indescribable gentleness.

“You’re not cold?” He reached out to take her by the waist as his cool voice slowly entered her ears.

After not seeing her for three days, why did Luo Qing Chen feel that Yu Qian Jin cared about her even more?

“No cold.” She asked with a chuckle, “Is the matter finished?”

“Un, let’s talk in the car.”

When the warm wind blew in her face, her stiff cheeks gradually warmed up.

Yu Qian Jin on the side took out a large box to place in her hands, “A souvenir.”

“Wa! There’s even a souvenir!” Luo Qing Chen took the box with a happy look and carefully opened it.

While opening it, Yu Qian Jin explained what it was from the side.

“Because I didn’t know what you liked, I bought a bit extra.....”

Luo Qing Chen saw the dazzling famous brands and muttered: Is this only a bit?

All kinds of limited edition items, a LV purse, a Cartier watch, Dior lipstick, Chanel perfume.....

When all these things were put together, they looked just as cheap as the things at a night market.

But Luo Qing Chen knew that every single thing here was very expensive!

Chapter 2232: Magic potion: You will fall wildly in love with me (Part 51)

She was naturally happy to get a gift. After all, for someone like Yu Qian Jin, it really was a rare thing for him to want to give her a gift.

“I’ve never given someone a gift, this is the first time.....” Yu Qian Jin gave a chuckle as a warm glow appeared in his eyes, “I don’t have any experience, so I ask our family’s girlfriend to bear with me.”

“Un.” Luo Qing Chen understood and pretended to joke with him, “That’s right, young master Jin should have only received gifts before.”

“No, I never accepted them.” Yu Qian Jin said with a serious look, “I don’t even remember what they looked like.”

It had to be said, this serious explanation really hurt the hearts of Yu Qian Jin’s countless fangirls.

“Really?”

“Really! I’m not like you, always having a Lu Qiu Fan beside me.”

Ha, ha! Hearing Yu Qian Jin's strange words, Luo Qing Chen revealed a smile that was hard to hide.

It turned out that when young master Jin was jealous, he was very cute!

"I'm not familiar with him at all, alright?" Luo Qing Chen pursed her lips and replied in a firm manner, "I haven't said anything in a long time....."

"Ding ling."

Before she could finish, her phone rang.

The caller ID was from no one else other than Lu Qiu Fan who was still trying to get close to her.

"Oh." Yu Qian Jin looked at her phone and replied without any response. Then without another word, he stepped on the gas pedal and charged forward.

Luo Qing Chen trembled as she felt the chill that came from him. Even if the heat in the car was aimed right at her, she didn't feel warm.

It was like standing in the snow just now, it was very cold.

"Ke, ke, ke, ke, ke." She cleared her throat before pretending to be calm as she said, "It should be about the homework. After all, there aren't that many commoner students in our class and classmate Lu doesn't have any friends. I won't pick up and he should call Mu Nan Xi soon."

"Is that so?"

"Definitely!"

The phone rang for a long time, just like the call of a demon that kept dragging her into the abyss!

The car was silent for a while and Luo Qing Chen naturally knew what Yu Qian Fan was waiting for.

She could only silently pray that this Lu Qiu Fan would stop calling!

A minute later, Luo Qing Chen's lips twitched as she put her phone on the dashboard. She said with a smile, "Ha, ha, ha, do you see, it's gone....."

"Ding ling!"

Before her voice fell, her phone rang again. There were three words on the screen, Lu Qiu Fan!

When Luo Qing Chen was about to reach for her phone, Yu Qian Jin sitting beside her pressed the answer button and put it on speaker phone.

He just gave a shrug as his bottomless eyes looked at her, as if he was saying: Don't struggle, have a good talk.

Luo Qing Chen closed her eyes and cursed in her heart before saying into the phone, "Classmate Lu! Do you need something? Are you asking about tonight's homework? I'm outside right now so you can just ask....."

"Qing Chen."

Ah, ah, ah, ah! She was cut off again! And it wasn't the same person!

Do these men like to interrupt her that much? Could they not let her finish?

Moreover, she had already used the words 'classmate Lu', couldn't he call her 'classmate Luo' to properly distance himself?

Yu Qian Jin sitting beside her shook his head and narrowed his eyes while pretending to understand something. The strong chill that came from him became even stronger.

Chapter 2233: Magic potion: You will fall wildly in love with me (Part 52)

Luo Qing Chen looked at Yu Qian Jin's expression from time to time. She felt that his cold expression was good looking, but it was a bit scary since he should be jealous!

Oh! It wasn't should, it was definitely!

The scenery outside the car was getting blurry. Yu Qian Jin was already driving at one hundred and forty kilometers, so Luo Qing Chen could feel the sensation of drifting.

"Hey, what is it? I'm outside right now." She spoke in a very clear manner to Lu Qiu Fan.

Since the other side was intelligent, he should understand that her tone meant it was inconvenient for her.

But after a single second of silence, Lu Qiu Fan's low and beautiful voice rang out.

"I heard from Nan Xi that there has been a lot of gossip at school in the past two days, so you shouldn't be feeling that well....." Lu Qiu Fan's voice was very soft, but every word could be heard clearly.

Luo Qing Chen was surprised as her body turned stiff. This feeling started from her toes and quickly spread to her head. The chill was strong like she had met a ghost in July.

"Un, it's just a small matter, I don't care about them." Luo Qing Chen casually replied before deliberately changing the topic, "It's already dinner time, have you eaten yet?"

If the other side said that they hadn't eaten yet, she could go tell them to eat first! If they said that they did eat, she could say that she was going to eat!

Luo Qing Chen thought that this was a perfect excuse to hang up, but Lu Qiu Fan didn't want to follow her words.

It was clear that he had something to say to her today.

Normally, Luo Qing Chen wouldn't care about what he said, but right now.....She was worried if the youth with the gloomy look on his face beside her would be angry or not.

"But I care." Lu Qiu Fan slightly knitted his brows as a dark glow appeared in his eyes, "I said it last time, you don't need to answer him. I'm serious."

“Si!” Yu Qiao Jin suddenly stepped on the breaks and there was a harsh screech that came from the flat highway.

“Oh god!”

“What is it?” Lu Qiu Fan knitted his brows as he asked with a bit of worry, “Did something happen?”

“No, nothing.” Luo Qing Chen closed her eyes and took a deep breath, “Actually, I don’t understand why you would suddenly tell me this. No matter what my identity is, I’ve never gone forward with something like love unless I wanted to.”

To be honest, she wasn’t a person who was good at flirting, but she felt that if she didn’t say anything now, there would be a time bomb beside her that exploded.

“You like Yu Qian Jin?” Lu Qiu Fan’s voice was filled with disbelief. In his opinion, Luo Qing Chen was different from other girls.

No matter what happened, she would always have a calm look and never showed any emotions.

But in the end, she was the leader and the winner.

Perhaps this ‘goodwill’ towards her started like this and after the Xiao Pang matter, it turned into care and even love.

He was like Mu Nan Xi, he had redeemed himself because of Luo Qing Chen.

But his emotions were deeper than Mu Nan Xi’s.

“I do.” Luo Qing Chen replied without any hesitation as she revealed a smile.

There was no longer a chill that came from the driver’s seat and even his expression became much more gentle.

Silence, silence, silence, there was only a deathly silence from the call.

Without knowing how long passed, his voice finally slowly came through.

“Why?”

Chapter 2234: Magic potion: You will fall wildly in love with me (Part 53)

For Lu Qiu Fan, being liked was something normal.

Even if he wasn’t a rich person, he had never been looked down upon at Alice Academy. Since he was young, no matter where he was, he would always be the center of attention.

Until Yu Qian Jin appeared, that made him feel like he was competing in the dark.

He was very gentlemanly to every girl, but he never had a girlfriend. It wasn’t until Mu Nan Xi asked him for his help that he had a girlfriend in name.

Later because of Mu Yao’s death, they ended this relationship that shouldn’t have existed.

He kept waiting like a dead tree in winter for a ray of sunshine. If it was said at the beginning that he felt that he was competing with Yu Qian Jin, the feeling of competing with him became weaker and weaker later on.

Because the girls by Yu Qian Jin's side kept changing, never stopping.

They were people of two different worlds, there was no competition.

Therefore when Luo Qing Chen appeared, he thought several times that if this girl made a choice, she would choose him and not Yu Qian Jin.

Although he never thought that Yu Qian Jin would confess to her first.

One was a commoner that many people looked down on at Alice Academy and the other was the rich male god with countless fangirls.

Their lives would never intersect and he had never seen Yu Qian Jin allowing a commoner stand by his side.

But it happened. For Lu Qiu Fan, he could only wait. He would wait a few days until Yu Qian Jin lost interest and replaced Luo Qing Chen with another girl.

But one day, two days, three days, four days.....Time passed day by day and Yu Qian Jin didn't let her go.

At this time, Lu Qiu Fan finally became a bit nervous. He never loved anyone in his life and he couldn't have countless beauties by his side like Yu Qian Jin.

For him, just one was enough.

But he never thought that Yu Qian Jin would take care of her like he had found his true love.

—

There was silence in the car. Luo Qing Chen kept thinking of what Lu Qiu Fan had just asked her.

Why? Why? Why?

She knew exactly what he was referring to and she had an answer.

"Because I like him! Because I really, really like him." She felt a bit relaxed at this moment and was no longer as nervous. She said with a smile, "It isn't because he's rich or because of his status, it's because he is Yu Qian Jin."

She said this to Lu Qiu Fan to tell him that she had already settled the swaying balance in her heart.

"Really?"

"Of course."

"It's not because you're forced?"

"No."

“Ok, I got it.” He softly said with a bit of a chill in his voice, “Since this is your sincere choice, I support your decision.”

“Thank you for your support.” Luo Qing Chen pursed her lips and said, “If possible, you can look back along the road. Perhaps there will be a different encounter.”

Lu Qiu Fan was stunned before he suddenly understood what Luo Qing Chen meant.

He said with a helpless laugh, “It seems like she’s told you a lot.”

“Un.”

“I wish for your happiness.”

These short words contained many emotions from him.

Actually, he didn’t have much hope in making this call, he just wanted to give himself an explanation.

Chapter 2235: Magic potion: You will fall wildly in love with me (Part 54)

After hanging up, Luo Qing Chen made a surrender gesture and looked at Yu Qian Jin, “Dear young master Jin, are you satisfied with my answer?”

There was only a ‘kacha’ sound as the sound of a seatbelt being released was heard. Yu Qian Jin leaned over without hesitation and pushed her back against the seat.

Luo Qing Chen was stunned as she held her hands at her chest and asked in a nervous voice, “What.....What are you doing! Speak if you have words, gentleman don’t make moves!”

“Un, that’s reasonable.” He narrowed his eyes and revealed a black bellied smile.

Then he raised his right hand to slowly lift her chin. A pair of eyes that were as black as ink were focused on her cherry pink lips.

Luo Qing Chen seemed to understand Yu Qian Jin’s black bellied ideas just from that short eye contact.

When she was about to say something, Yu Qian Jin kissed her without hesitation. That smell that belonged to him alone dominated her thoughts bit by bit.

Until she was completely under his control. Her body turned soft and fell into his embrace.

With the heat blowing on her face, she closed her eyes and felt tired.

She just knew that his embrace was warm and his voice was soft. It was right by her ears as it said those dominating words.

These words would echo in her mind again and again.

“You are mine in this life, whether you are alive or dead.”

It was already evening when she opened her eyes and Yu Qian Jin’s Maserati was parked on an empty beach.

As the sun set to the west, the sky was dyed purple and red which looked particularly beautiful.

Luo Qing Chen rubbed her eyes and looked at the scene outside the window. She was complaining about how Yu Qian Jin didn't wake her up while also enjoying the beauty of the sunset.

"Let's go! We're getting out."

"Alright, alright!"

With the sea breeze blowing across her face, there was the smell of sea water in the air.

Luo Qing Chen took Yu Qian Jin's hand and said with a faint smile, "I like the sea very much."

Vast, free, unrestrained.....

She felt that by standing by the beach, as long as she closed her eyes, the world would stop.

All of time and the wind would follow you.

When she was lost in this feeling, Yu Qian Jin's phone rang.

He looked down at the screen and knitted his brows.

"Hey, dad."

The air became solemn around him as he spoke. This was Luo Qing Chen's first time seeing Yu Qian Jin being serious like this, he was like a small old man.

Although he didn't say much, it could be seen that he respected the person on the other side.

After around five minutes, he finally hung up.

Luo Qing Chen stood on the side, not speaking first as she waited for him to speak.

"I wanted to spend the night with you here." Yu Qian Jin pointed at the villa in front, "I already booked the room!"

"Pu! What did you want to do?" Luo Qing Chen gave a chuckle before trying to ease the tension, "What kind of random things are you thinking about!"

"Even if I wanted to do something, there's no chance now." He came in front of her and patted her head. He placed a kiss on her forehead before saying, "I'm going to see uncle's daughter tonight, she will officially transfer to Alice Academy tomorrow."

"And then?" Luo Qing Chen knitted her brows. She looked at him with a pretend look of worry, but her clear eyes had a look of wanting to watch a play!

"And then....." Yu Qian Jin revealed a grin, "I will leave the worst impression on her and the rest will be easier to deal with!"

Chapter 2236: Magic potion: You will fall wildly in love with me (Part 55)

Hearing this, Luo Qing Chen couldn't help laughing in her heart.

Young master Yu, are you sure you want to leave the worst impression!?

“Ke, ke.....” She cleared her throat before pretending to be calm as she said, “Alright, I believe in you.”

“Un, good!” He took her hand with a trace of domineering in his gentle manner. When he held it, there was a passionate warmth that came from his hand.

Luo Qing Chen could feel his determination and her own unshakeable position in his heart.

But this role was too real that she was a bit nervous!

After all, what kind of person was Yu Qian Jin? Black bellied, domineering, arrogant, and wild! This kind of person should be very vengeful and if she didn’t tell him about her identity now, when he found out.....

She felt that it would be like.....the sensation of dying.

“That.....” When she sat back in the passenger seat, Luo Qing Chen tentatively said, “That young miss named Daisy, actually.....”

“Don’t worry, leave everything to me.”

“My meaning is.....”

“Qing Chen, I like you more than everything that I have now.”

He looked over with a serious expression. There was a deep love and an indescribable obsession.

Seeing this kind of Yu Qian Jin, she felt a bit surprised.

Her mind was blank and what she wanted to say earlier had been forgotten.

It would be a lie if it was said that she wasn’t moved. She suddenly felt grateful for her identity.

If she was just Luo Qing Chen, a Luo Qing Chen without any identity and status.

To stand by his side, it would definitely bring a lot of pressure and trouble to him. She didn’t care about the gossip, but it would hurt him.

It was a good thing that she was Luo Qing Chen.

It was a good thing that she was Daisy.

It was a good thing that she was someone who could rightfully stand by his side.

She always felt that something like identity didn’t really matter, but she felt that this thing was very important at this moment.

Standing at the entrance of the school, she watched as the Maserati disappeared.

She suddenly remembered what she had forgotten to say.....

“Damn! I wanted to say.....this treasure is the Luo Family young miss that you were going to meet!”

Of course, when she muttered this herself, Yu Qian Jin’s Maserati had already disappeared.

Only leaving the dust that had been swept up.....

—

At ten past eight at night.

She was all ready in the Luo Family villa. She had fine makeup on, her hair was slightly curled and she had a pink dress with candy coloured heels.

Sitting in front of the vanity mirror, she opened the gift box Yu Qian Jin gave her and matched the luxury goods with the things she was already wearing.

When she put the final Dior lipstick on, she looked at the mirror with a satisfied smile. While smiling, she didn't forget to add, "Hello! Luo Family's young miss."

With the help of the maid, she entered her exclusive Porsche 911 and followed behind the Luo couple's car as they headed to the Royal Imperial Hotel.

On the surface it was a gathering of two old friends who haven't met in a long time, but it was actually a blind date between her and Yu Qian Jin.

Actually she wanted to know if Daisy was someone else, what method Yu Qian Jin would use to make her hate him.

It was a pity that she didn't have this chance.

In the Royal Imperial Hotel, Yu Qian Jin was in formal dress with a look of arrogance on his face.

He would look at his phone from time to time, seeing that the five texts that he sent her were unanswered.

Could it be that she was angry at him because of tonight's gathering?

He felt uneasy at this moment. It turned out that a person's mood really could change because of another person.

He decided to solve this problem quickly and then go find her!

Chapter 2237: Magic potion: You will fall wildly in love with me (Part 56)

In the Royal Imperial Hotel that was filled with an aura of luxury, there was a melodious tone playing in the background.

European styled, golden trims, and bright foot long cups that gave off the feel of expensive.

Yu Qian Jin looked at his watch and slightly knitted his brows, revealing a nervous look.

Yu Feng could see his expression. He took a slow puff of his cigar before looking at him to say, "The marriage between the Yu Family and the Luo Family must happen, stop thinking too much about it."

Yu Qian Jin knitted his brows. He took a deep breath before looking at Yu Feng, "Dad, if it's about relations....."

“What about relations?” Yu Feng’s tone was a bit displeased, “Are you worried that your dad won’t pick the best wife for you?”

For Yu Feng, since he had been born in the four great families, things like relations had already been arranged.

Moreover, family benefits came above all. This was the idea that he had instilled in his son since he was young.

So even if Yu Qian Jin had a girlfriend, it was only temporary.

Because he knew that since he was the only son of the Yu Family, in the world of emotions, the three words ‘Yu Qian Jin’ didn’t have any value.

“I just want the right to choose.” Yu Qian Jin narrowed his eyes and deeply knitted his brows, not taking a single step back.

He knew that he couldn’t back down. Since he had already spoken, he should let that aloof and arrogant man at least finish speaking.

“Peng!” There was the sound of a table being slapped as Yu Feng angrily looked at him, “You don’t have a choice! If you don’t marry the Luo Family’s daughter, you’re not my, Yu Feng’s son!”

Life was fair, you would lose something for something that you had.

“Aiya, aiya.....” Madame Yu on the side quickly acted as a mediator, “Old man, why are you acting so fierce! As for you——”

Madame Yu looked at Yu Qian Jin and said, “Your father and I also had an arranged marriage and aren’t we living happily now? You shouldn’t say anything, you can’t talk to your dad like this.”

“Mom.” Yu Qian Jin gave a long sigh, “It’s because of this that you didn’t have a choice.....”

“You can’t say that.” Madame Yu’s expression changed and she cut him off right away.

Yu Feng’s tone relaxed at this time. He went back to being an elder as he looked at him and honestly said, “The matter between your mother and I aren’t what you think they are.”

This was an explanation and a kind of respect.

“But I want the right to choose.” He said word for word with eyes filled with determination. He spoke to Yu Feng in a tone that he had never used before, “Please, dad.”

This was his first request and it was to his father. He didn’t feel embarrassed because his father was a very important person in his eyes.

No matter how excellent he was, his father would be higher.

“You haven’t seen Daisy yet, how are you certain that she’s not the girl of your heart?” Yu Feng looked at him and said, “You have to trust dad’s eyes. Daisy went abroad to study long ago, maybe you won’t feel the same way after getting to know her.”

“I don’t want to get to know her.” Yu Qian Jin calmly replied, “I have someone I like.”

When his voice fell, he took a sip of the red wine in his hand. Other than determination, there was only determination in his eyes.

The parents of the Yu Family heard this and were shocked. After all, they never heard that their son liked someone. This was his first time telling them that he liked someone.

But at this time, he was about to meet the Luo Group's young miss.

Chapter 2238: Magic potion: You will fall wildly in love with me (Part 57)

Luo Long's long Lincoln slowly stopped in front of the Royal Imperial Hotel with Luo Qing Chen's Porsche behind it.

They didn't know how tense the atmosphere inside the hotel was currently.

Luo Qing Chen lifted her pink dress and looked at the crystal heels that she had on. She couldn't help revealing a faint smile.

It really seemed like Cinderella was about to meet her Prince Charming.

There was a faint fragrance in the air. She slowly walked forward and looking at the finely carved golden door, she couldn't help feeling a bit nervous.

Yu Qian Jin, would he be excited, calm, or angry when he saw her.....

Everything would be revealed soon.

At the same time, the father and son in the lobby were still against each other.

They had never argued over anything since he was young and the first time was about love.

"In short, I will leave it here." Yu Feng didn't want to say anything else to Yu Qian Jin as he revealed a sharp look. He turned this undecided topic into a multi choice question.

After pausing for two seconds, he said, "Unless you are no longer my, Yu Feng's son, you will marry Daisy."

"I will always like the person I like, I will do everything I can to be with her." Yu Qian Jin replied without making any concessions, "Unless I die, I will never give up."

Whether he was surnamed Yu or not, whether he was a young master or not, whether he was rich or not.

At least in his current life, love was the most important thing.

The future was unpredictable, he wanted to treasure the present the most.

"You....." Yu Feng held his chest, clearly looking angry.

Madame Yu already gave him several winks to have him stop talking.

Yu Qian Jin was stunned as he swallowed the raging feelings in his heart. His father's heart had never been good and he knew that since he was normally busy, he couldn't say that much to him.

But he couldn't do it this time. After a while, he changed his words and said to Yu Feng, "Dad, you've always taught me to respect and love the country, so I've never studied abroad even though I was born in this family. Why do you want me to marry someone who just came back from abroad?"

Daisy? He remembered that his father hated girls with English names like this the most.

But now.....

"She has a Chinese name, Daisy is just a nickname." When Yu Feng said this, there was a blur that appeared in his eyes.

Daisy, Daisy, Dai Xi, Dai Xi.

Since she was Dai Wei's daughter, her nickname should be Daisy.

When she went abroad, she used this English name.

Who didn't have a vigorous youth before? Even in his era, there were quite a few people who wanted to die for love.

But so what?

Even if they loved each other, you would eventually lose to reality.

Every person could only stay with you for so long and those paths weren't called detours, but rather growth.

"Nickname? Then I want to know what her name is." Yu Qian Jin's beautiful lips revealed a cold smile, "To be able to catch your eyes."

"Qing Chen! A smile like a peach blossom and a thought floating like dust!" Yu Feng almost roared this out as his eyes became a bit red.

Yu Qian Jin was stunned as he felt his mind go empty.

Chapter 2239: Magic potion: You will fall wildly in love with me (Part 58)

Qing Chen, Qing Chen, Qing Chen.

Luo.....Qing Chen.

There were many people surnamed Luo in this world, but there definitely weren't that many named 'Luo Qing Chen'.

He felt his heart jump to his throat and he couldn't breathe.

"Alright." His mother stood up at this time and said with a deep sigh, "Let the child do what he wants! The things that we couldn't have back then, why should we be cruel enough to force them!"

“But facts proved that the choice our parents made for us was right!” Yu Feng said almost immediately.

Madame Yu slowly looked up and said, “But if you could start your life again, what choice would you make?”

Silence, silence, silence.

The hall fell into a deathly silence.

Without knowing how long passed, Yu Feng gave a deep sigh, “Alright, alright, I just feel some guilt in my heart.”

“It’s true that I owe her, but if her daughter doesn’t like our Xiao Jin, then wouldn’t we be doing a bad thing with good intentions?” Madame Yu patted his back and said in a soothing tone, “Let the past go past! No matter what kind of thing he misses, our son is already this old. There’s no need to place our wishful thinking onto our son.”

“But I’ve already finished discussing this with old Luo.” Yu Feng kept giving sighs as he knitted his brows.

Yu Qian Jin seemed to have suddenly come back to his senses as he said with a bit of difficulty, “What did you say that her name was again?”

“Her?”

“Peng!” Before Yu Feng could reply, the doors to the hotel slowly opened.

Luo Qing Chen was holding madame Luo’s hand as they followed behind Luo Long, entering the hall.

She narrowed her eyes as the faint light fell onto her white as snow cheeks. After coming into the heat, there was a faint blush that appeared on her face.

There was a hard to hide smile on her face as her lashes trembled a bit.

She wore these crystal heels to meet that prince. She walked towards the Yu Qian Jin who had gone from zero affection to 100% affection at a certain time.

At this moment, it would be a lie if it was said that she wasn’t nervous.

But she felt that Yu Qian Jin should be even more nervous than her.

After all, he deeply knitted his brows and revealed a shock in those deep eyes that she had never seen before.

“Old Luo, old Luo, you’re finally here. Sit, sit.” Yu Feng’s face had been flushed with anger, but the moment he saw Luo Long, his face became serious.

“There was a bit of traffic on the way, so I was a bit late!” Luo Long said with a smile, “This must be young master Yu, he’s quite good!”

“Hello uncle Luo!” His cool and pleasing voice entered her ears. He no longer looked stunned and had recovered his composure.

Yu Feng standing on the side was surprised since his son had just been arguing with him.

He thought that once Luo Long and his daughter appeared, he would do something to leave a bad impression on them.

He never thought that he would greet them with this kind of enthusiasm.

“Good, good, good.” Luo Long said with a relieved smile, “This is my daughter Daisy, but you can also call her Qing Chen.”

“Un, young miss Daisy.” He revealed a smile as complicated emotions filled his bottomless eyes, not letting her see his real emotions.

But she knew that when he called her young miss Daisy, it had to be deliberate!

Chapter 2240: Magic potion: You will fall wildly in love with me (Part 59)

“Since I’ve come back, you can call me Qing Chen.” Luo Qing Chen pursed her lips and pretended to be calm as she looked at the Yu couple, “Hello uncle, hello auntie.”

“Good, good, good. Sit, sit.”

Mountain delicacies, lobsters, and shark fins. Every dish at the Royal Imperial Hotel was high standard.

Luo Qing Chen sat next to Yu Qian Jin while the parents sat in pairs on their left and right.

Yu Feng was the first to speak. He was afraid that Yu Qian Jin would say something that would stop them from having further discussions, so he spoke first.

“Old Luo! We were discussing the engagement between our families the other day, but I think that we should listen to their opinions first.” Yu Feng said this very politely, but Luo Long understood what he meant.

His expression changed as he said, “Could it be that young master Yu’s heart belongs to someone else?”

Luo Qing Chen pursed her lips and almost burst out in laughter when Luo Long said this.

The previous host had been dotted on since she was young. She would have whatever she wanted and there was nothing that she couldn’t have.

Luo Long understood Yu Feng’s meaning and couldn’t take letting his daughter suffer any grievances.

“No, no, no, old Luo, listen to me. It’s just that the children are old and they have to know each other for a while before knowing whether they like each other or not.” When Yu Feng said this, he looked over at Dai Wei.

But Dai Wei’s eyes had never turned in his direction. She had a calm look with a faint smile while scooping some soup for Luo Qing Chen.

“Old Yu! I can’t understand these words! If it isn’t young master Yu having someone in his heart, isn’t it that he can’t stand our family’s Qing Chen?” Luo Long’s expression wasn’t good. After all, he was the head of one of the four great families, so it was hard for him not to be arrogant.

If the other side wasn't Yu Feng, he would have slapped the table and left. He would have taken that family as an enemy and would never let them exist in A City.

"Puchi!" Luo Qing Chen suddenly revealed a faint smile, "Dad, don't be angry. I'm curious, what does young master Yu want to say?"

Yu Qian Jin looked at her with a faint smile in his deep eyes. He could see that Luo Qing Chen was just playing along and didn't treat this as a big deal.

To be honest, it was a bit annoying and a bit cute.

"I think....."

"Abalone and shrimp rolls." Before Yu Qian Jin could finish, the waiter brought in a new dish.

Dai Wei revealed a faint smile. She elegantly picked up her chopsticks and said, "It's your favourite, mom will get it for you."

"Alright, alri....."

Before she could finish her second word, Luo Qing Chen was cut off by Yu Qian Jin beside her.

He raised his hand and patted her head as he said, "This little girl's stomach hasn't been good over the past two days, it's better to eat something lighter."

.....

.....

.....

Everyone was stunned. Both the Luo couple and the Yu couple had shocked looks on their faces!

What was this situation? What was going on? What did Yu Qian Jin say?

These three questions lingered in the mind of the Yu couple and wouldn't leave for a long time.

Why did Yu Qian Jin who had such a strong attitude just now become so docile? It was as if that argument hadn't happened at all.

"You.....How do you know her stomach hasn't been good?"

It had to be said, the only person who could ask such a straightforward question was Luo Qing Chen's mother, Dai Wei.

"Because I like her!" He slowly picked up a spoon to get a bowl of yam and lotus soup before placing it in front of her. Then he said with a grin, "Very, very much."
