Chapter 231: Weak king's seventh princess consort (End)

That day, she was lying on the bed, slowly opening her tired eyes.

Perhaps it was the original host's body that was very tired. After marrying him for eighteen years, she slept more and more.

Actually she knew the day to return was coming soon.

That day, he slowly entered the room with a look of despair in his eyes.

But when he saw that her eyes were open, they instantly filled with joy.

"Qing Qing——" He quickly ran over and took her in his embrace. He was trembling a bit as he said in a choked voice, "I thought that you wouldn't wake up."

The Evil Monarch's Court collapsed this morning, so he knew that he wouldn't be able to keep her life anymore.....

He used all his power and even his life to exchange for a single year of health for her.

But why couldn't he keep her!

"Master, you really are a fool!" Luo Qing Chen drilled her head into his embrace and said, "I still haven't said goodbye to you yet, how could I not wake up!"

What should she say to make this fool not feel hurt and live on properly!

It really was cruel.....

"Then don't say goodbye to me alright, I don't want to say goodbye....." His gentle voice choked up a bit and it kept trembling.

Luo Qing Chen heard this and her nose became stuffy as her eyes turned a bit red. She bit her lip and said, "Leaving is for a better reunion!"

"I don't want it....." He tightly held her and a crystal like tear fell into her palm, breaking apart.

Luo Qing Chen gently lifted her hand to stroke his face. She narrowed her eyes and said with fond memories, "Actually I'm an immortal from heaven, come down to earth to see you....."

"I don't want it, I don't want it....." There was her gentle voice in his ears. It was that beautiful and so mesmerizing.

But he didn't want to hear a single word in this moment.

"After coming to this world for so long, my parents miss me, so I should go back." Her face became very gentle and a pair of clear eyes filled with affection looked into his eyes.

She was just making up a reason, one that would let him live well in this world without her.

For the first half of his life, it had been too tiring for her. It was a good thing in the years that followed, she was by him, filling his life with light and dreams.

But now, she was going to leave.

Leaving him alone.....

“Really?” After a while, his gentle as water voice came out. It sounded like he believed her excuse, believing her reason for coming down to earth.

“Really!” Luo Qing Chen said with an enchanting smile, “As the Evil Monarch’s Court’s pavilion head, how could you not believe in something like the heavens!”

“I believe, I believe!” He desperately nodded as he used all his strength to tightly hold her.

“Un——” After a while, her soft voice responded.

She felt her eyelids becoming heavier and after that everything went black.

She just knew that in the final moment, she heard Chu Nan Xian call out in a heart rending voice, “When I die, I will come to the heavens to find you. I’ll knock on every cloud and door asking if they are Luo Qing Chen.....You promised me that we would reunite.....You can’t lie to me.....”

After she died, he put her in the royal tombs. On the seventh day of her death, he headed into the royal tombs alone. He activated the forever lock that he had personally designed, one that would never let one out.

Even he wouldn’t be able to come out again.

Being buried together in the end, even though this life was so short.

Until the day they met again, this jade like youth.

Chapter 232: Chu Nan Xian’s side story (Part 1)

I used my faith to exchange for eighteen years of peace for you. Unless these white bones return to the earth, I will guard you until one hundred without worry. ——Chu Nan Xian

I always thought that I would suffer through countless hardships in my life.

But I never thought that when the sun set that day, I would actually meet her again.

I would never forget the seventh day after she married into the King Chu Manor.

She called my name and I turned to look at her. The sky was clear that day and the sun shined bright. With the sun as a backdrop, she revealed a sweet smile to me.

In that moment, it was like a shimmer of light shining into my heart.

Although there was a faint disappointed feeling in the bottom of my heart. I was afraid that this was all a dream and I would wake up from this dream in the blink of an eye.

Especially when a maid came to find her, I always felt lost.

Up until she seriously made a cup of tea for me, putting in my favourite begonia flowers and honey.

There was no poison.

There was no poison.

There was no poison.

She didn't know the sweetness of that tea sweetened my entire world.

No matter what she did after, it was all dazzling. During the Pine Mound Mountain Hunt, she used my imprinted arrows to put Chu Bei Ye to shame. It was like seeing a different her.

She was no longer that person whose heart would skip a beat at seeing Chu Bei Ye. Her eyes were no longer filled with thought, they were just looking at me.....

Actually that night, when I was sleeping, I performed divination at the Evil Monarch's Court.

The divination showed that she was someone from somewhere else.

She was her, but not her.

I was very clear that my seventh princess consort, at least in this life would only have me in her eyes.

This kind of result truly made me flattered.

After that, I carefully took care of everything for her. Bit by bit, no matter what it was, I would cherish her.

But sometimes I still hated myself for not saving her earlier.

At the Bright Moon Mountain Villa, when Chu Bei Ye had her locked in the secret room. Even though I divined that she would be in danger, I was helpless against it.

In that crisis, I left the Evil Monarch's Court with my two souls and six spirits to save her. I truly am proud of that moment.

If my one soul and one spirit had this kind of powerful ability, how good that would be.

But even if I didn't have it, if I could live a peaceful and happy life with her, I would want nothing else.

But the heavens weren't willing and the disasters of my life kept coming.

Jun Yao Chen only knew that Qing Qing was his disaster, but he didn't know that he was my disaster.

I used my identity as the Evil Monarch's Court's pavilion head to divine that my one soul and one spirit would die by his hands.

As for whether I could be reborn or not that was all unknown.

But even like this, I didn't feel any pain.

The only thing that filled my heart with pain was how cold she was to me in the dungeons.

Even though I didn't believe it, not even a single word.

But when she gave me the divorce papers, my heart was still torn apart by pain.

I suddenly felt that death was quite good.....

At least I wouldn't need to experience the pain she gave me.....

I vaguely remember that the sky was filled with snow that day and I stood in the snow as I felt my disaster coming.

She stood on the high walls and when I looked at her, her face was filled with despair.

Without knowing my, I felt incomparably satisfied.

The expression she had when she looked at me let me know just how important I was in her heart.

It really was worth it.....

I closed my eyes. Although I was penetrated by thousands of arrows, I never gave up on her.

Chapter 233: Chu Nan Xian's side story (Part 2)

Seeing her on the Evil Monarch's Court's sacrificial altar, I was asleep then.

I could vaguely hear someone opening the Spirit Chamber and the crisp sound of the Falling Cherry Bell entered my years.

In that moment, if I still had a heart, it would have skipped a beat.

It was a pity I didn't.

I didn't have a soul and a spirit, I didn't have a fleshly body. I was only a ghost of souls and spirits, I couldn't even make a sound.

I clearly told Shu Gu to not let her in, so why did he still bring her here.

Seeing her determined gaze, I suddenly felt my heart fill with pain.

I was this cruel to throw her away.

But even with how bad I was, she still used the blood sacrifice to save me.....

I watched as the energy in the blood pool sucked away the blood in her body bit by bit. She was surrounded by glass balls that were all filled with her memories with me.

Sweet memories, there wasn't a single scene of abuse.

We trusted each other, having no rivals or hate. It was as calm as water, but also warming to the heart.

After a while, she finally couldn't take it in the blood pool any longer. The red spider lilies fell onto her and after that, she disappeared without a trace.

I didn't know where she went, I just knew that I had to live and had to find her.....

Wait for me, you must wait for me.....

When I saw her again, it was at a fiery red banquet.

She was in a phoenix wedding dress, standing in front of me. I used my right hand to bring her to my side.

Only the heavens knew how much I wanted her in my embrace, but I wanted to kill someone even more.

Sword energy, blade falls. I didn't hesitate at all, as I killed that evil charming man in front of me.

If it wasn't for him, we wouldn't have gone through this life and death separation.

Later on, there was only happiness left!

I liked being together with her each day, bringing her wherever I went.

I liked eating lunch together, hugging her as she watched the snow fall outside the window, and then sleeping together.

I liked eating dinner together, watching the starry sky, and then sleeping together.

She liked to sleep very much and I always thought that it was because she was rather lazy, but I never thought that it was a sign of her life being taken away.

If I knew earlier, perhaps the ending would have been different.....

I wasn't willing, the time she had been by my side had been too short.

I found countless doctors and used all kinds of methods, just to keep her bit of life. I even used the secret power of the Evil Monarch's Court, but none of it could save her.

When the Evil Monarch's Court couldn't take my request any longer, it collapsed.

I was very afraid.....

I wasn't afraid of losing that building, I was afraid that I didn't have a way to keep her life any more.....

She was about to leave me.....

In the final moments of her life, I held her and felt her breath and heartbeat slowing, hearing her faint murmurs by my ear.

All the way until she gave her final sound and sunk into a deep sleep in my embrace.

That night, she no longer woke up.

I knew that she wanted me to live, but I really couldn't do it.

I couldn't live in a world without her because I need her, I loved her.

Just let me be willful for once and leave with her!

The royal tombs were too big, I was afraid that she would be lonely and afraid without me by her side.
And I am still the same knight that she saw back then. I would follow behind her, forever protecting her.
Hearing the south wind in the night, the moon waned like a hook. May I meet you in life again, may I have you in my thoughts in death.

Chapter 234: Little theater side story

[Ying, ying, ying, the cute and elegant system is finally in front of everyone! The main reason is that this system lost my use too early since the host reached one hundred affection before everything! QAQ, it caused this system to be unable to me the handsome lord pavilion head!]

“You can meet me now.”

[Ah, ah, ah, truly a warm man! The system was almost made to cry by those cold male leads before.]

“Headpat.....”

[Alright! (* ^ - ^ *) Let’s go into the main topic. The guest we have invited today is the male lead Chu Nan Xian of the «Weak King» world! Ten questions and answers, let’s begin immediately! Please listen to the questions—]

“Un.”

[“First question: Do you like the one soul and one spirit king or the two soul and six spirit lord pavilion head more!”]

“Whichever one she likes, I like.”

The system clutched its chest in pain. As expected, whether it was a cold male lead or a warm male lead, they never forgot one thing!

That was.....

Feeding!

Dog!

Food!

The system gradually calmed down and asked the second question.....

[“Second question: As a weak king, why do you show your affection without any scruples and not fear any single dogs biting back? For example: the system!]

“There is only a single dog and we are two, so we have more people.”

Pu! The system exploded for three seconds.....

One, two, three.....

[“Third question: What was the most exciting moment for you?”]

“The instant of dying in her embrace.”

[☺△☺?Master, don't be like this! We're all here for fun, why do you keep scattering dog food? We know you pamper her, the system knows!]

“Then how about adding a few words?”

[Alright, alright! (* ^ - ^ *)]

[With eternal time, rushing to die in her embrace.”

[☺^☺, alright, don't say anything else. This system won't listen, let's go to the next question.....]

“Alright.”

[“Fourth question: Who do you hate the most in this world?”]

“Chu Bei Ye!”

[Why, it isn't Jun Yao Chen?]

“Because Chu Bei Ye carried her with a princess carry, I am filled with hatred! (*-m-*)”

[Alright.....this system feels your hatred!]

“I also hate Jun Yao Chen! (*-m-*)”

[“Fifth question: Would you get tired living a calm as water life with her?”]

“Can I scatter dog food?”

[No! Answer from the heart!]

“Eh, perhaps I liked this kind of life from birth. A calm as water life, never tiring, never getting bored.”

[“Sixth question: What kind of person do you think she is?”]

“Her! A person that would be forever hard to forget!”

[Pu, pu, pu—— (Throwing up non-existent blood).]

“Seventh question: When did you become the most excited!”]

“When she was wearing that phoenix wedding dress and I was like snow. In that moment, I finally had the ability to protect her, standing with her, being together!”

[Ah, so moving! The system also felt you were very handsome then!]

“The system has good eyes!”

[“Eighth question: Why did you marry six princess consorts before! (Not being loyal, humph!)”] The system wanted to cause trouble.

“That is because I was weak! I didn't have the right to choose or the right to resist! After all, if I didn't have the chance to meet her again, it didn't matter who was my princess consort!”

[Sorry, this system shouldn't have let the little fairies eat dog food! This system was wrong!]

"Un, it's good you know!"

["Ninth question: What did you think when you kissed her the first time?"]

"When can I get a second kiss?"

[.....]

"Tenth question: What is the thing you want to do with her the most?"]

"Sleep with her....."

["There must be thought and it has to be reserved!"]

"Allow me three thousand strokes to paint her absolute beauty."

[The system is satisfied! The system now announces that the interview with the «Weak King» world's male lead Chu Nan Xian is over.]

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 5/100]

Chapter 235: Proud actor emperor's best coupling (Part 1)

"Broken system, come out for me now!" When Luo Qing Chen returned to the Chaos Space, she was filled with rage!

[What does the host need this system for!] The mechanical voice without any warmth sounded, making her even more angry!

"You tell me! As a system, you can't even control the development of a world! Are you not embarrassed?"

[The system has already told the host, the missions would become harder and harder. The host didn't care about it at all!]

(╯^╰) The host is so excessive! Ignoring the system in the end and still blaming it!

"How could I know it would be this bad. Aiyo, my little heart!"

[The host can choose to see what happened in the world after you died! Yes/No.]

"No." She almost blurted this word out.

She understood Chu Nan Xian too well and what kind of person he was. If he didn't have her, how could he keep living?

They experienced too many sadness and happiness, as well as warm and cold love. In the end they could only stay together for eighteen years.

Although it was short, they cherished every minute and second they were together.

In the end, they were a bit unwilling.

[The host can rest for twenty four hours.]

“Really? Can I sleep?”

[Yes.]

“Alright! I need a bed. The Chaos Space is too cramped and there is only a mirror in here, it’s hard to look straight!”

[.....It requires one hundred exchange points.]

“Damn! Exchange, exchange, exchange! In order to exchange myself, I’ll exchange for something each time to build the Chaos Space that belongs to this treasure!”

[Ding, 100 exchange points has been taken. Successfully exchanged for pink princess bed.]

A large bed instantly appeared in front of Ye Yu Xi. It had pink lace, was decorated in a princess style, and had a faint scent to it.

She gave a yawn and fell asleep.

Finally she could have a good rest in this quiet world.

When she opened her eyes, she heard the sound of the system assigning her the next mission.

Really! This broken system doesn’t have a single trace of feeling!

[The following is a summary of the previous mission. Host, please properly look over it.]

[.....Host, goodbye!]

“.....” Before she even finished being excited, she felt the heat of this world!

The sun shined high in the sky without a single cloud to be seen.

Chapter 236: Proud actor emperor’s best coupling (Part 2)

This really was a story of weak men and women.....

The previous host was a little star with little fame. She had a great face and amazing figure, she was considered a school flower back at the Central Film Academy.

In the previous host’s mind, the male lead Mu Hua Nian didn’t occupy many of her brain cells. The only time was when an agent in order to make a first rate star shine even brighter, specially went to find two low rate stars to form a couple to shine bright!

However, both the previous host and male lead had rejected this!

If you thought that their path to stardom after that was smooth, then you were wrong!

Since then, without knowing why, the previous host met all kinds of trouble. It was either a bad script, having her character changed, or even an explosion on the set!

In short, it was bad, bad, bad!

Her favourite supporting male lead Gu Liu Sha was already a candidate to be an emperor and she was still a struggling little star.

The previous host and the supporting female lead Xia Qing Ge were classmates and they were good friends in college, being very close friends. But in the end Xia Qing Ge's face couldn't compare to the previous host's, so her school life was worse than the previous host.

She clearly loved Gu Liu Sha, so why could she only watch him and the previous flirt all day.

Since then, she had been filled with hatred for the previous host.

Xia Qing Ge was the young miss of one of the four large families of S City. After she graduated, she relied on her family to pave a smooth path for her while not forgetting to send people to target the previous host.

After all, society was not like school. Once could freely release their glow since society was reality in the end.

The previous host had been an orphan and had no one to rely on. Her tuition had been earned by herself, so she could be considered a hard worker.

Having a beautiful face and a great character, naturally she received Gu Liu Sha's affection. But after entering the business industry, their paths to stardom was completely different.

In just a single year, Gu Liu Sha had already been named the best male lead. The previous host was still a little star. Such a large gap stretched the love between them as thin as ice.

Finally under the temptation of Xia Xing Ge again and again, Gu Liu Sha ended up in the same bed as her.

Sleeping together!

After that, Xia Xing Ge wanted to play a couple with Gu Liu Sha in all films, dramas, and variety shows.

In the eyes of all the fans, they were named the best couple!

Seeing all of this, the previous host could only grit her teeth and blame herself for being blind.

Not recognizing this so called 'love' and 'friendship'.

But as for affection.

After an accident, the previous host learned her own background. She was the real daughter of one of the four great families of S City. In the past, the previous host and Ye Ying Ge had been accidentally switched by someone.

While the previous host was investigating her background and was prepared to meet her relatives again, Xia Xing Ge found out about this matter. She found some thugs on the streets to make a move against the previous host.

In the end, the previous host died under blade and clubs. While lying in her pool of blood, she cried before her pitiful life ended!

As for Xia Xing Ge, she went from her smooth debut to reaching the peak. Going from best female lead to the Cannes Film Festival. She used the great acting skills of veterans to the scandal with Gu Liu Sha to reach the top.

As for her own acting, the world called her: Face paralysis and can't cry!

After accepting the previous host's memories, Luo Qing Chen only thought of a single thing!

That was——

“Damn! Murder! Murder! A murder world!”

Chapter 237: Proud actor emperor's best coupling (Part 3)

With a high of thirty eight degrees and clear skies all around, even a raw egg would be cooked if it hit the ground.

This was a political court drama. It told the story of a little girl entering the royal harem having an innocent heart as she encountered all kinds of plots!

But every time she was about to die, there would be supporting male lead one, supporting male lead two, supporting male lead three, and supporting male lead four who appeared.

There were quite a few people here for the filming today. The story was that the villainous supporting female lead had finally been revealed by the lotus female lead and then maids under the supporting female lead begged for mercy.

Un! Luo Qing Chen was one of the maids of the villainous supporting female lead!

Oh my god, it really was burning today! It was a good thing she had slept in the Chaos Space beforehand, otherwise she might have fainted from exhaustion.

Under this scorching sun, a group of lowly actors were squatting on the side, waiting for the director's orders.

She slightly looked up around her and her eyes finally landed on a handsome youth.

If the previous host's memory of this face wasn't wrong, he was the legendary male lead Mu Hua Nian.

He was acting as a passing renegade soldier?

Luo Qing Chen didn't know much about this male lead since his face appeared just too little in the previous host's memories.

“You, too white. Put some dirt on your face to make it a bit darker and be quick about it!” Although the director's eyes lit up when they fell onto Mu Hua Nian, he didn't say anything else.

He turned over and his eyes fell onto Luo Qing Chen before saying, “You're the same, too white. Makeup artist, put some more darkener on her, don't let her take the lead's spotlight.”

“Yes, yes, yes, alright director.”

After saying this, the makeup artist came to Mu Hua Nian's side and roughly rubbed his face.

"Don't touch me——" A cold and beautiful voice came out. It wasn't too soft or heavy, it was just right. It attracted everyone's gaze around it.

Luo Qing Chen was stunned. Seeing Mu Hua Nian who was dazzling in the crowd, her lips curled as she muttered, "Un, quite proud!"

[System notification: You can attack poison with poison.]

Ah? What poison with poison? That's right, I haven't asked you yet, but is the male lead's affection for the previous host.....zero?

[It's -10%.]

WTF? Why is it negative? Properly speaking, didn't the previous host not know the male lead?

[The male lead has -10% for everyone, he was born with a natural pride and overbearingness.]

I'm a bit faint, can you support me?

[No.....]

Alright! Fighting poison with poison it is! We'll see who's more proud! Come, come, come, this willful master is here!

"You, you, you, what is going on? Are you causing trouble!" The director was very angry, pointing his finger into Mu Hua Nian's nose as he angry roared out.

He only gave a cold snort and without saying another word, he directly walked off.

All he left was a bunch of stunned watchers.

"Where did this shit come from! Especially avoid finding people like this actors from now on, does he think that he's an emperor? Throwing his face at father, his head must be filled with shit!" The director picked up his blow horn as he roared out. He wanted to use it so Mu Hua Nian who had already left could hear him.

This director, he really saw people as lowly dogs and his words were really ugly.

Before Luo Qing Chen could even react, the makeup artist had already moved to her side and was preparing to run the darkening cream over her face.

She used her hand to block this and said with bright eyes, "Don't touch me——"

She spoke in a very loud voice, one that even a certain someone who had left could clearly hear her.

But at the scene, the onlookers all gasped at this.

What was going on today? There were actually two actors seeking death, they actually dared to act this arrogantly in front of director Wang and his temper!

Chapter 238: Proud actor emperor's best coupling (Part 4)

Of course Luo Qing Chen in the end didn't have the female lead aura to counter attack and was directly expelled by director Wang and his temper!

So angry, what trash!

Clearly the system told her to 'fight poison with poison' and she did it! Why didn't it increase her affection!?

[Because the male lead wasn't there! Dumb host!]

Damn!

"Ding ling—" When Luo Qing Chen was complaining about the system, her phone rang.

"Hey, Luo Qing Chen, what is going on with you today! It was hard enough to get you as a background actor for this large production and not only did you not make a good impression on the director, you.....you even caused trouble?"

A sharp voice sounded out and shook her ears.

After thinking about it for three seconds, she remembered that the person calling her was her agent, You Zi.

Although she was only a little star, but she had still entered this large company called "Starry Night" after graduation with her face.

Since then, her agent had been this young miss You Zi.

What to say! You Zi had some second and third grade stars on her hand, but she specially took care of a little star like her.

You Zi had said before that it wasn't because she looked good, rather it was because she felt that there was some fate between them.

"Big sister You Zi, you can't blame me! That director was jealous of how good I looked and wanted me to be ugly! Tell me, if I agreed and the movie was released, if I ever become famous, people might say that I've had plastic surgery."

What she said was very reasonable, there were no problems at all!

"You, ah you! You really anger me to death! Your big brother Wan Zi's little star was the same as you, we don't know if you're specially causing trouble for us!"

After thinking for three seconds, she remembered that the big brother Wan Zi big sister You Zi was talking about was her fiance who was also an agent!

Then again, big brother Wan Zi has only had second or third rate stars, he had never made a first rate star.

"Big sister You Zi, the little star under big brother Wan Zi....."

“That’s right! He also threw away all face with director Wang today just like you! Director Wang is someone our company’s first rate Xia Xing Ge doesn’t dare offend, do you know that?”

Ai, ai, ai! She seemed to have heard some incredible name! Isn’t this the supporting female lead who sent the female lead to heaven.....

This fake young miss, sooner or later her real face would be revealed and she would be sent to heaven!”

“Humph!” Luo Qing Chen said with a snort, “Big sister You Zi, you know I don’t like hearing her name!”

“Ai—” You Zi also knew about the love and hate relationship she had with Gu Liu Sha. If she hadn’t been too angry, she wouldn’t have mentioned the three words Xia Xing Ge.

“Alright, I won’t mention her in the future. Rest up early today. I wanted to send you to a big production to see if you would have a chance to show your face, but now I’m afraid we can’t use that path.” You Zi said from the other side of the call, “But don’t be too worried, we’ll see if there is any other ways. I have to go and comfort your big brother Wan Zi now!”

“Got it, big sister You Zi.”

After hanging up, Luo Qing Chen didn’t think about how to meet the male lead again, rather she was thinking about how to become the young miss again.

Her eyes fell onto the moon stone bracelet on her right hand.

The next morning, Luo Qing Chen hadn’t woken up yet when she received a call from You Zi who had been chattering in her ears last night.

The gist of it was that there was a couple who was apart of the show «Entering Love», when suddenly the male side had a scandal and the evidence was concrete!

Last night it had shocked half the entertainment industry.

Although this couple was only second rate stars, they had a large impact on the show.

As for the couple, the female was someone under You Zi and the male was someone under Wan Zi.

Chapter 239: Proud actor emperor’s best coupling (Part 5)

Early next morning, in a conference room at the Starry Night Company.

Luo Qing Chen had a pair of large black sunglasses and her hair was wrapped up. It was curly without being messy, making her look even cuter. She was sitting back on the sofa, sitting with the elegance of a queen. Her hair was hanging down on her shoulder, dotting her white skin.

On the other side was Wan Zi and Mu Hua Nian. She had sunglasses on, so she could stare at his face without holding back.

But in that moment, the soft spot of her heart had been deeply touched.

He was wearing a clean white dress shirt, with a rebellious look to his face. His long lashes, his high arc nose, his thin lips, and fine facial features perfectly came together, just like a masterpiece from the heavens.

But in Luo Qing Chen's eyes, the most shocking thing were those deep dark eyes.

His eyes were very bright, just like stars in the deep night. In that sparkling light, there was a depth that people couldn't touch. When he looked at her, it was like he could see through her sunglasses and see right into her eyes.

"This is a very good chance. Although the show says you're only a supporting couple, this show is very hot right now. Even if you're not on camera that much, it can create quite a buzz." Wan Zi was introducing this show as he said, "Whether you can rise up will all depend on you."

"Big brother Wan Zi is helping you, why aren't you thanking him!" You Zi sitting beside her pulled on her hand.

If it wasn't for those two second grade stars breaking up and they had a contract with «Entering Love», even selling the two of them wouldn't be enough to pay for breaking this contract.

But looking at the big picture, all 'Starry Night' had were first class stars or those with packed schedules. The only ones without schedules or big names were the two right here!

Luo Qing Chen was a bit surprised, but she still reacted to say in a cold as water voice, "I'm not doing it!"

"Ai, you....."

"What? You don't dare?" Before Wan Zi could get angry, Luo Qing Chen cut him off first. Her lips curled as she said, "It's said that mister Mu Hua Nian is handsome and suave, having a paved way to the stars. Now he has fallen down to being a couple with a lowly star like me, it really is ridiculous!"

Instantly, there was a thick gunpowder smell in the air. Luo Qing Chen wasn't really angry, rather this coupling was a chance and she definitely couldn't miss it.

Even if it wasn't for affection, it was for her path to stardom.

After a while, Mu Hua Nian narrowed his eyes and his lips curled into a faint smile as he said, "It's said that miss Luo Qing Chen is pure cute girl with a face like a flower, the dream lover of all men. Being this excited about being a couple with me on this kind of seeking death program, this one is also filled with admiration."

WTF! This ability to insult really wasn't a normal level of strong!

As soon as his voice fell, the gunpowder smell in the air became thicker.

Wan Zi and You Zi looked at each other with stunned looks on their faces.

They never thought that the gunpowder would be this strong on their first meeting! If they went on the show, wouldn't it all be over?

"Eh, since you both don't want to....."

“Who says that.” Mu Hua Nian crossed his arms and said this with a faint smile.

“No, my meaning is that, if you don’t like being together.....”

“I like it very much.” Luo Qing Chen fixed her sunglasses and spoke with a grin.

Wan Zi was stunned before he looked at You Zi in blank dismay.

They still couldn’t understand why the two of them could fight for one second and then agree with each other right after.

Could it be the legendary lovers who quarrel?

Chapter 240: Proud actor emperor’s best coupling (Part 6)

In the end, the final couple participating in «Entering Love» was decided!

It was Mu Hua Nian and Luo Qing Chen who only had their appearances and didn’t have any fame!

That night, Luo Qing Chen added Mu Hua Nian on QQ.

As everyone knew.

Please verify: I am Luo Qing Chen, add me as a friend to make it easier to communicate for the show.

System notification: The other side has rejected your friend request.

—

Damn! This proud and arrogant!

Luo Qing Chen on this side of the computer narrowed her eyes. She softly slapped the table before continuing to type.

Please verify: Mister Mu, I am your other half on the show, we can’t communicate if you don’t add me. In the end, our paths to stardom will be even further away.

System notification: The other side has rejected your friend request.

—

WTF! Luo Qing Chen heavily slapped the table before she angrily started typing.

Please verify: Damn! Add if you want, goodbye!

System notification: The other side has accepted your friend request, you can begin to talk!

The moment she saw the system notification, Luo Qing Chen couldn’t stop her lips from twitching. She looked at his online name and couldn’t help sighing. This isn’t some proud man, he was a mix of proud, egomaniac, and narcissistic!

Mister Shadow Emperor Mu: ?

A Small Flower: You name really is.....Forget it, big sister You Zi wants me to match clothes with you on the show tomorrow, what colour are you wearing?

.....The previous host's name was the same! She seemed very desperate, alright!?

But she never thought that she would feel even more despair.

A Big Tree: Could it be you like this more? Also, I'm wearing green.

Green? Wouldn't wearing a green hat be more practical!

Of course, Luo Qing Chen didn't say this. She controlled her emotions and continued typing on the keyboard.

A Small Flower: Green wouldn't be that good.....

It was already very tactful! There is a problem with your IQ if you can't understand, alright?

A Big Tree: What's bad about it? It protects the eyes, is fresh, and very friendly!

Friendly!

Your!

Sister!

God damn it, she really wanted to swear right now.

She took a long breath before telling herself to be elegant, she had to be elegant!

A Small Flower: Fine! You have to remember to wear a hat, it'll be hot tomorrow!

System notification: The other side has logged off.

Ah, ah, ah, if it wasn't for her strong will, she would have spat out a mouthful of blood.

As expected, of all the systems in the world, there wasn't a good one!

[Host is being bullied by a person, it isn't related to the system.]

Go, go, not listening, not listening, chanting bastard.

After she was done, she turned off her computer and jumped into her bed!

As expected, this bed was just too lacking compared to the one in the Chaos Space! It wasn't soft at all, the previous host's life was so bitter!

However, someone on the other side didn't log off and deliberately changed his status to hide himself.

His lips curled into a faint smile. He looked at someone's sunflower picture and silently changed his handsome portrait into a large green tree.

This seemed more suitable.

[Ding, affection has increased by five. Mission completion rate is now -5%.]

Luo Qing Chen was suddenly woken up by the affection notification. She sleepily sat up in bed with a stunned expression!

What was this? What happened? Where am I? What world is this? Did something happen? How did the affection suddenly increase while I was sleeping?

Also! What species was the other side!?
