

Quick T 2361

Chapter 2361: Welcome to the end of the world (Part 28)

It had to be said, there was a full wave of grudges between these brothers.

Xia Ruan successfully made the female lead halo appear above her head and she had become an elder who would give them approval.

The atmosphere became very awkward, but Luo Qing Chen was very relaxed.

She put her hands in her pocket and gave a shrug before saying with a smile, “does this classmate really want me to bear witness?”

Xia Ruan was stunned and she was a bit confused, but then she nodded with a firm look, “Yes!”

“Even if the world ends, you will stay by my little brother’s side and never leave?”

When she said this, her eyes had a smile in them.

Xia Ruan gave a very firm nod, “Yes!”

“Very good!” Luo Qing Chen turned to look at Luo Qing Mian with a smile, “Mian Mian, there’s such a good girl who wants to fall with you, she won’t leave even if the world ends. How can you bear to reject her?”

Actually, there was a tone of sarcasm in her voice, but Xia Ruan couldn’t hear it and didn’t know about it.

“Big sister.....” Luo Qing Mian knitted his brows, “I’m not interested in this relationship, we should go back! Mom is alone in the hotel, I feel worried.”

Luo Qing Chen said: You still dare come out even though you’re worried.

Her little brother really was a rotten person, he wasn’t raised well! Especially in this special situation, because of a call from a ‘brother’, he came out without even thinking.

A good person who couldn’t refuse others would always suffer!

“Qing Mian, Xia Ruan has already said all this to you, what are you still acting for?” Gu Ying, who was on the side, was already very unhappy, so he said with a cold snort, “You really can act!”

“Gu Ying, don’t say that about Qing Mian.” Another one of the ‘Five Swordsmen’, Chen Bing said, “Qing Mian doesn’t mean it like that!”

“How doesn’t he mean it like that? A man who only knows how to act weak! Xia Ruan only pities you since you’re blind, that’s why she said all this!” Gu Ying came forward and pushed Luo Qing Mian without a word. He used a lot of strength, but Luo Qing Mian only took two steps back and didn’t fall.

Luo Qing Chen knitted her brows as she planned on teaching Gu Ying a lesson. She was someone who was unreasonable as a protector and Gu Ying had clearly been a rich second generation for a long time, so his words were very ugly.

Even if she wasn't Luo Qing Mian's big sister, she would destroy him for the red moon!

But when this thought came in her mind, she looked at the building on the opposite side outside the window.

The words that were in her mouth didn't come out.

The other side was the ICU. There was a young man who had a high fever lying in the bed who suddenly opened his eyes and revealed a pained look.

He tilted his head and his body started to give off the sounds of bone cracking.

He rushed at the nurse who was checking his vital signs not far away at a very quick speed and bit her neck.

Blood splattered all over the white curtains, looking very shocking.

This scene was caught by Luo Qing Chen.

It seemed like it wouldn't be that easy for them to get out of this hospital.

"This classmate is saying that my little brother is weak and you are strong?" She walked in front of Luo Qing Mian and looked at Gu Ying with a cold look, "If something were to happen, you should protect Xia Ruan since you are different from my little brother. He is blind, you are not."

Chapter 2362: Welcome to the end of the world (Part 29)

Gu Ying clearly didn't understand what Luo Qing Chen was saying. He said with a cold disdainful snort, "Your Luo Family really is strange. One is blind and the other has a problem with her brain. You're saying that something will happen, it can't be that you're suffering from delusions, right! Also, even if something happened, I will protect Xia Ruan unlike that blind man!"

"You shut up!" Luo Qing Mian came forward and gave Gu Ying a strong push.

Gu Ying clearly never expected Luo Qing Mian to be this strong. He stumbled back and couldn't catch his footing, falling to the ground.

"Luo Qing Mian, you....."

"You can insult me, but you can't insult my big sister." Every word had an intense chill to it as a chill filled those beautiful eyes.

Gu Ying was shocked by this chill. He had wanted to say something to curse him, but it got stuck in his throat.

When Xia Ruan saw Luo Qing Mian like this, there was even more admiration that appeared in her eyes.

Although he was blind, Luo Qing Mian really was too handsome. Adding in the aura that came from him, she couldn't help taking a few more looks.

It was a pity that the handsome words Luo Qing Mian said weren't for her.

Damn! Why does she feel jealous of his big sister! She was so unhappy!

A few seconds later, Gu Ying came back to his senses. He pointed at Luo Qing Mian's nose after standing up, "You are good! Luo Qing Mian, you are good! You just wait! I don't believe that you'll appear in the Royal Conservatory again after this!"

Gu Ying believed that his family was very good. It was very easy for him to make it so that a person didn't appear in the Royal Conservatory anymore.

If it wasn't for Luo Qing Mian having so many girls give him love letters and he was talented at drawing, how could a blind man like him be one of the 'Five Swordsmen'.

It was even better now. This blind man wanted to steal the girl he loved and he dared to speak to him in this disrespectful tone.

He definitely couldn't take it!

"Ah!" As soon as Gu Ying's voice fell, there were screams that came from not far away.

The screams became louder and louder in waves as the hospital became the scene of a horror movie.

Everyone looked at each other and they could see the panic in their eyes.

Only Luo Qing Chen confidently looked up with a cold smile, "I think that whether he can appear in the Royal Conservatory after this is not something that we should discuss after we find out if we can leave this hospital."

As soon as her voice fell, there was an 'angel in white' that appeared at the door. Her nurse uniform was dyed in blood, her hair was a mess and her nails had turned gray.

The most terrifying thing was that her feet were off the ground as her limbs were wrapped around a man, with a bright pair of lips biting down on that man's neck.

There was only a 'kacha kacha' sound as the man wanted to groan, but he fell down without being able to say anything.

"Ah, ah, ah, ah, ah!" After a few seconds of silence, screams rang out.

The one who screamed the loudest was Gu Ying who threatened to expel Luo Qing Mian.

"This.....This.....This.....This is a.....zombie?"

"It can't be! My god!"

Luo Qing Chen wasn't surprised that they could tell that the nurse had become a zombie. After all, this was the year 2151, there were already thousands of movies about zombies.

Although this zombie was slightly different from the ones in the movie, the general appearance was the same.

The blood red eyes, the mechanical limbs, the dark lips, and the sharp teeth.....

Luo Qing Chen gave a shrug before saying with a chuckle, "The classmate who said that they would definitely protect Xia Ruan, you're up!"

Chapter 2363: Welcome to the end of the world (Part 30)

It had to be said, her words were filled with provocation.

At the same time, she didn't forget to bring Luo Qing Mian behind her.

Luo Qing Mian felt his fingers tremble as an indescribable sadness filled him.

Although he couldn't see the scene in front of him, he already knew that it was dangerous.

There was the scent of blood in the air and there were sharp screams that filled his ears.

In such a dangerous place, he wasn't able to protect his sister and she had to protect him.

Since he was young, he knew how useless he was, but it was never as strong as this moment.

His big sister was no longer weak. Whether it was her tone and her way of doing things, they had all become decisive.

She had changed and even if he couldn't see it, he could tell that she had become dazzling.

But he.....was still useless as before.....

"Save me!" Gu Ying saw that the angel in white zombie and ran in the opposite direction with a scream.

Xia Ruan's face had instantly turned pale. When she saw Gu Ying run past him, she grabbed his hand and said in a trembling voice, "What do we do? What do we do?"

But Gu Ying, who had always admired her, revealed a look of disgust at this moment. He grabbed her arm and pushed her towards the zombie as he roared out, "Get out of my way!"

The zombie who had been biting the man's neck heard this and stopped.

"Kacha, kacha." Her neck twisted in a mechanical manner. The nurse cap fell off as she suddenly looked up, revealing her hideous face.

To be honest, even Luo Qing Chen, who had seen many bloody images, was disgusted by this.

The blood dripping from her mouth, the white eyes that turned blood red from time to time, the transparent skin on her face, and the blood vessels that were revealed.

The zombie slowly looked up at Gu Ying with her hollow eyes, but because he had pushed her, Xia Ruan was closer to the zombie.

"Gu Ying, you.....how can you be like this?" In her panic, it was like her feet had been tied with large weights and she couldn't move at all.

She could only cover her mouth as she looked at Gu Ying in disbelief. The man who had given her flowers everyday was using her as a shield now?

"So what? Didn't a girl who follows the water say that you liked Luo Qing Mian?" Gu Ying moved to the window as he said, "Then you can have him protect you, it's not related to me!"

As soon as his voice fell, three of the Five Swordsmen also rushed over to the window.

When your life was at stake, what school flower, what goddess, what person that you loved? None of that mattered!

Haven't you seen a zombie movie before? It was best that you leave the room as quickly as possible, only then could you survive!

"He is a blind man, how could he protect me? Moreover, I don't like blind people. If you save me, I'll be with you." In her panic, Xia Ruan blurted out these words.

She was suddenly filled with regret, why had she said that she liked Luo Qing Mian?

She didn't like him, not one bit!

It was just that in her life, she had always been the princess that everyone admired.

Because she couldn't get Luo Qing Mian, she wanted to show off more in front of him.

People would always be vain, not to mention a school flower like her!

"There's still three seconds left before the zombie decides where to attack." Luo Qing Chen looked at the sky. Although it wasn't that dark, visibility was still very low.

In this situation, the zombie shouldn't react that quickly.

Chapter 2364: Welcome to the end of the world (Part 31)

When Luo Qing Chen spoke, Xia Ruan's eyes fell onto her again.

In this situation, the only way she could stay alive was to distract the zombie. She looked down at the stool in front of her.

The evil thoughts suddenly took over her heart. The bad nature of humans was revealed and even her eyes changed from panic to cunning.

The area around them was silent and since the ward wasn't on the first floor, it was a risk to jump out the window.

Those four boys could only stand by the window and see if there was a rescue team downstairs.

Xia Ruan was in the same line as them, so if she wanted to distract the zombie, she could only make a sound in a different direction.

Three seconds later, Xia Ruan bent down as quickly as possible and threw the stool in Luo Qing Chen's direction.

Actually, everything that she had done including looking down at the stool had been seen by Luo Qing Chen.

She was clear on what she wanted to do. When one's life was at stake, everyone wanted to live.

In the end of the world, there was no need to be bound by laws, so naturally they didn't care about the life and death of others.

As long as you could survive, did it matter if others died?

There was a 'dong' sound as Luo Qing Chen grabbed the stool.

Although the stool didn't fall on the ground, it still made a sound that caused the zombie to look in Luo Qing Chen's direction.

It had locked onto this direction and charged forward.

"Humph." With a soft snort, she took out an army knife from her secondary personal storage space and jumped forward, stabbing at the zombie's neck.

She moved very quickly, moving at a speed that was several times faster than the zombie.

The black blood burst out from her brain and a purple energy core was revealed.

The zombie fell to the ground and a rotten smell filled the air.

It looked like there was a large battle in the war, but this zombie hadn't even been able to touch the hem of Luo Qing Chen's clothes.

Xia Ruan standing not far away had eyes wide open filled with disbelief as she looked at Luo Qing Chen.

How could this be possible? She.....How could she kill that zombie!

The so-called 'Five Swordsmen' at the window were also frozen there.

One of them named Chen Bing who had run away spoke first, "That.....Qing Mian, I never thought that your big sister would be this powerful! Let's go down together! We'll take care of each other!"

"Right, right! The zombie virus always spreads quickly in the movies, so there shouldn't just be a single zombie in the hospital."

"Right, right, right, let's go together, let's go together."

As they said this, they started moving towards Luo Qing Chen.

Although Gu Ying wasn't happy, in this life and death situation, he had to get close to Luo Qing Chen.

After all, she really was amazing just now.

"Did I say that I want to go with you?" Luo Qing Chen looked at them with a trace of coldness in her eyes, "How about this, you can ask my little brother if he's willing. If he's willing, I'll take one of you with me. As for who, you can decide for yourselves."

Her lips curled as she looked at them with a very cold smile.

In this life and death situation, would they protect their goddess? Would they sacrifice themselves for each other? Or.....

Would they kill each other?

To be honest, she wanted to see them kill each other!

Chapter 2365: Welcome to the end of the world (Part 32)

The expressions of the brothers who had been talking about leaving together suddenly changed and they all moved away from each other.

Gu Ying looked out of the corner of his eyes, all the roads to the hospital had been blocked.

There were screams of terror all over the streets and blood stained everything.

The number of zombies were multiplying in a small place like this and they were moving several times faster than normal people.

Once a target was found, they would jump at them, biting with their sharp teeth and sucking their blood.

He had to get that spot to leave the hospital with them and reach a safe zone.

Thinking this, he suddenly opened the window on the side after a moment of silence and then pushed out with his right hand, pushing the two beside him out the window.

“Ah!” Xia Ruan screamed out as she looked at Gu Ying with a pale face.

She never would have thought that Gu Ying would do something that destroyed all human morality like this.

But in Gu Ying’s eyes, her act of throwing the stool at Luo Qing Chen had already lost all human morals.

What goddess, what school flower? After the world ended, she wasn’t even a beast.

The two boys who had been pushed by him looked at him with despair and hatred, but they couldn’t do a thing as they fell into the waiting arms of the zombies.

In the room filled with the rotten smell, there were only five people left.

Other than Luo Qing Chen and her little brother, there was Xia Ruan, Gu Ying, and the male god Chen Bing who had tried to smooth things out.

He had been the furthest away from Gu Ying, so he had been able to avoid Gu Ying when he pushed those two out the window.

In the ‘Five Swordsmen’, he was someone with a neutral personality.

He liked making peace, so he wasn’t a good person and he wasn’t a bad person.

But to be honest, this kind of person died the quickest in the end of the world.....

Luo Qing Chen wasn’t in a rush as she put her hands in her pocket. She leaned against the hospital wall and said, “Not bad, you already took care of two of them. Then which one out of the three of you will come with me?”

Although she was surprised that Gu Ying would push two of his classmates out the third story window, she didn’t feel that it was that cruel.

Nothing could be considered cruel in the end of the world. Whether you survived or not depended on your abilities.

In another world, the previous host had been too weak and always took care of others, so she suffered a tragic ending.

She was no longer the Luo Qing Chen that cared about others and didn't care if she died.

Of course, the most important thing was that among the 'Five Swordsmen', none of them were good people to begin with other than her kind little brother.

Xia Ruan gritted her teeth as cold sweat dripped down her forehead. Her face was pale and she stared at Luo Qing Chen with eyes of panic, "You have to keep your word as a person. Although I offended you just now, since you said that you would take one of us, you have to do it!"

She didn't know if Luo Qing Chen would hold grudges. She could still remember the scene of her throwing the stool at her, so could it be that she wouldn't take her with them?

"I will naturally do what I say." Luo Qing Chen looked at the door to see several zombies wandering around.

Since the room was dark, they couldn't see the people in the ward. Then adding in the fact that the hearing of these first grade zombies wasn't good, they hadn't heard the screams just now.

Chapter 2366: Welcome to the end of the world (Part 33)

"Good!" Xia Ruan took a deep breath and turned away from the door.

She started running in Gu Ying's direction as she screamed, "Ah, ah, ah, ah!"

Before Gu Ying could react, Xia Ruan had already run over to Luo Qing Mian and tightly held his arms, "Qing Mian, save me, alright? I know that I was wrong, but I really was scared. Save me....."

Luo Qing Chen narrowed her eyes as she suddenly had a new understanding of this vain little white flower that was Xia Ruan.

Her move just now was quite smart. First, she could send the zombies in Gu Ying's direction and second, she would grasp Luo Qing Mian, her last straw.

She knew that he was kind, or it could be said.....he was weak.

The zombies at the door heard this sound and more than a dozen zombies came in at the same time. The entire ward was filled with a strong pressure.

No one dared to say a thing as Xia Ruan leaned against Luo Qing Mian even more.

After all, Luo Qing Chen's smooth actions had proven that in this room, only she could kill the zombies.

Then she would definitely protect her little brother.

As long as she grabbed Luo Qing Mian, she would have a chance to survive.

The more than a dozen zombies were less than a meter away from Gu Ying. Chen Bing on the other side covered his mouth, not daring to even breathe.

The zombies moved forward, coming closer and closer to Gu Ying.

He was in a state of collapse as he instantly used all his strength to run at Xia Ruan, pushing her hard.

Xia Ruan had been holding Luo Qing Mian and Gu Ying's push made her lose balance.

The zombies immediately charged at her. When she was on the border of life and death, she didn't hesitate at all to push Luo Qing Mian who she had been holding.

For Luo Qing Mian, the words 'but I really was afraid, save me' were still in his ears.

He suddenly felt a bit disheartened. What was human nature, what was morals, what was kindness.....

These zombies that were covered in blood and making cracking sounds charged at their target without another word when they found one.

Those white eyes that were about to fall out looked so shocking.

Luo Qing Chen gave a cold snort before closing her eyes and muttering, "Space and time freeze."

This room was too small and while she could kill the zombies, that didn't mean that her little brother wouldn't be harmed.

To be safe, she used her own powers.

The surrounding space froze. She pulled Luo Qing Mian who was only a few centimeters away from the zombies towards Chen Bing.

It had to be said, Cheng Bing really was smart. Where he was standing was a hidden place that wasn't too far from the window or the door.

Luo Qing Chen didn't have any sympathy, but if she had to bring someone from this room.

She would at least bring Chen Bing who hadn't had any bad thoughts so far. The end of the world was terrifying, but if human nature was gone, what was the difference between them and the zombies?

After she pulled Luo Qing Mian behind cover, she turned to Xia Ruan again.

Without Luo Qing Mian as a shield, the zombies would be attacking Xia Ruan.

Of course, that was a dead end. Other than Xia Ruan, Gu Ying didn't have a way to escape either.

Luo Qing Chen narrowed her cold eyes and slowly took her right hand out of her pocket before giving a snap, "Freeze release."

Chapter 2367: Welcome to the end of the world (Part 34)

The surrounding space returned to normal. Xia Ruan was still pushing with both hands, but Luo Qing Mian was no longer there.

Not far away from her were the zombies running towards her, wanting to suck her blood.

“Ah!” She screamed out in panic as she desperately looked for Luo Qing Mian.

When she saw him in the corner, her beautiful eyes were filled with despair.

“No, save me.....save me.....” She shouted out, looking for one last hope of survival.

But it was no use, no use at all.

The black figures of the zombie charged over and she was pressed to the ground. Xia Ruan’s cries for help could still be heard for the first few seconds, but then there were only the sounds of zombies eating.

“Ao.....Kacha.....Kacha.....”

Ten seconds later, Xia Ruan who had been wearing the pink dress with hair to her shoulder stood up from the pile of zombies.

Because she struggled for a long time, her body was covered in zombie bite marks.

The blood fell drop by drop and there were several parts where bone could be seen. Half of her intestines fell out of her stomach.

Chen Bing found it a bit hard to accept as he covered his mouth and almost vomited.

Luo Qing Chen knitted his brows as she gave him a hard to describe look.

It should have meant: Please don’t make a sound or you’ll be the next Xia Ruan.

Chen Bing immediately understood Luo Qing Chen’s meaning. He took a deep breath before breathing very carefully.

Xia Ruan, who wasn’t far away, twisted her neck with a crack and opened her mouth as she looked at Gu Ying in the corner.

Her eyes were empty, but those empty eyes had a trace of hatred.

The rich second generation that had called her his goddess, the one who had sent her flowers everyday, the one that said that he liked no one but her, when it came to life and death, he had been so decisive towards her.

Actually, she already didn’t have a heartbeat or thoughts, there was only hatred that surpassed life and space.....

“Don’t come over here, don’t come over here.....” Gu Ying shook his head in a panic as he retreated into a dead end while trembling.

The moment his back hit the wall behind him, his eyes turned wide open.

He held his head in both hands as tears came out, not forgetting to shout, “There’s people over there, there’s people over there! Go bite them alright, let me go alright!”

While saying this, he pointed in Luo Qing Chen’s direction.

But how could the zombies understand? In this dark place, they just followed the sound.

Gu Ying's shouting made sure that these zombies led by Xie Ruan moved in his direction.

"No, no, no!"

After calling out 'no' three times, Gu Ying no longer made a sound. There was only the sound of gnawing and sucking in this silent ward.

"Kacha, baji, kacha, baji....."

A few seconds later, Gu Ying, who no longer had any skin on his body, stood up from the pile of zombies.

Luo Qing Chen narrowed her eyes and looked at Luo Qing Mian and Chen Bing behind her with a cold smile, "Stand here and don't move."

"You....." Chen Bing wanted to say something, but Luo Qing Chen cut him off.

"Actually, these words are for you." She narrowed her clear eyes as they filled with a chill, "If something happens to my little brother, I will save him. No one will save you."

Chapter 2368: Welcome to the end of the world (Part 35)

In the end of the world, saving people depended on feelings and it wasn't a duty.

Because you saved someone didn't mean that they would be grateful, they might even harm you for their own benefits.

The previous host's memories warned her not to do silly things like saving people!

"Un....." Chen Bing could only respond with this and said nothing else.

Luo Qing Chen narrowed her eyes before taking out the army knife from her secondary personal storage space.

The room wasn't big, so you had to be fast if you wanted to deal with over a dozen zombies.

Actually, if it was outside, she could use her Phoenix Dance Sword to take care of them, but it was a bit tricky in this room.

But even if it was tricky, that didn't mean that she couldn't do it.

"Big sister....." Luo Qing Mian held her hand with a bit of anxiety as his heart jumped to his throat.

Although he couldn't see, his hearing was very good. He could hear that there were many people around them.....or rather many zombies.

He also knew that the zombie earlier had been killed by his big sister, but he really couldn't be assured in letting her fight alone against all these zombies.

After all, he was afraid that she would get hurt or.....die!

But what if he was worried or afraid? He couldn't do anything, at most he could just die with her.

"Relax." Luo Qing Chen touched his head in a very comforting and gentle manner, "I'm no longer the weak Luo Qing Chen."

Because she could tell Luo Qing Mian was worried, she felt that in this end of the world, even if he was blind and a normal person that would never awaken a power, she would protect him!

As soon as her voice fell, she narrowed her cold eyes and charged out towards the zombies.

The over a dozen zombies couldn't react fast enough to this quick attack and a few zombies in the surrounding area were taken care of by her.

Taking out the purple energy core from their heads, the army knife in Luo Qing Chen's right hand slashed out at another zombie, taking another purple energy core from his head.

Facing over a dozen zombies, she moved very quickly and smoothly. Her eyes were clear, as if she could see the entire world.

Five minutes later, the room fell into silence.

Luo Qing Chen took the last energy core from Gu Ying's head. It was just as small as the one from Xia Ruan, but there was even less energy contained in it.

Because they hadn't spent long as zombies, the energy core in their heads hadn't formed for long and hadn't gathered much energy.

She put the energy cores into her storage space in preparation for the awakening of her ability.

If she wasn't wrong, she should awaken her ability when she went to the supermarket.

Gracefully turning around, she put her hands in her pocket. She had a bit of blood on her, but it didn't affect her cold aura.

Chen Bing was still at a loss about everything that happened since the last time he saw a Power User was in a movie.

But now that he was seeing it, it really was unbelievable.

But he.....was still doubtful! A question that he wanted to ask earlier.

"Qing Mian's big sister.....that....." He scratched his head with his right hand as he looked at her with a difficult look, "I have a question I want to ask you....."

"I know what you want to ask." Luo Qing Chen narrowed her eyes and said, "In the end of the world, no one will protect you for nothing."

"You.....How did you know what I wanted to ask?"

She curled her lips into a cold smile, "I can easily take care of the zombies, but that doesn't mean that I will save them. Not to mention that I didn't like them to begin with."

Chapter 2369: Welcome to the end of the world (Part 36)

Since the zombies on the third floor had basically been taken care of, Luo Qing Chen's group of three didn't encounter that many zombies when they went out.

She easily took care of them and headed towards the hotel.

Chen Bing followed them, clearly looking a bit timid and a bit confused.

There were groups of zombies on the way back to the hotel. Although there weren't many of them, Luo Qing Chen could feel that these zombies were stronger than the ones at the hospital.

It seemed like some of them had turned to second grade zombies already.

It was a good thing that they weren't too strong and there weren't that many of them.

Standing at the entrance of the hotel, Luo Qing Chen showed their room card before being let into the iron gate.

The security guards checked them after they were let in before they were allowed into the hotel.

This was just like she had remembered, it seemed like this hotel would be safe for now.

"Ding, ding, ding." Her phone rang and Luo Qing Chen looked at the caller ID.

Qian Si Nai.

She knitted his brows, she actually forgot about him?

Luo Qing Mian heard her phone and nervously knitted his brows, "Big sister.....it's too dangerous outside, don't go out."

He had a hunch that the person who called his big sister was a very important person to her.

This feeling was strong, just like the scene of the end of the world that he used to see every day.

"This place is only safe temporarily, that doesn't mean that it'll always be safe." Luo Qing Chen narrowed her eyes to say, "I didn't see any Power Users along the way, it seems like they hadn't awakened yet."

This was a bit troublesome! If the zombies reached a certain amount, the Power Users would be easily outnumbered and killed.

Before this, she had to meet with Qian Si Nai to discuss where to go next.

"But....."

"No buts." Luo Qing Chen patted his head with her right hand, "Take care of mom, I will come back to pick you up."

Right now, they still didn't know which city was the safest place in the country. It was more dangerous to bring her little brother and mother around. At least the hotel would be safe and A City wouldn't fall that quickly.

Luo Qing Mian wanted to say something, but he felt his big sister's determination.

He gave a sigh as he clenched his hands and then relaxed them.....

Truly useless.....He always let his big sister protect him and he had always been her burden.

It was better to stay here! He couldn't let her worry or get distracted.

Luo Qing Chen saw that Luo Qing Mian wasn't saying anything, so she turned to leave, but Chen Bing called out to her.

"Qing Mian's big sister....." After a nervous pause, he said, "Which way are you going?"

Luo Qing Chen was surprised, never expecting Chen Bing to ask this question.

This place was a relatively safe place, so he should have kept his mouth shut and stayed here.

After all, he had seen her ability to kill zombies, so he wouldn't die if he followed her for now.

"Century Square." Luo Qing Chen looked at him with cold eyes, "Where are you going?"

Chen Bing pursed his lips and said, "My family is in that direction, can big sister take me there?"

Actually, Chen Bing was a very boorish person.

He didn't have a kind heart nor did he want to save people.

But he wanted to find his family at least which was the reason he was following Luo Qing Chen.

Chapter 2370: Welcome to the end of the world (Part 37)

"Alright." Luo Qing Chen gave a shrug, "But I won't bring you back."

She didn't break her promise, she had already taken him away from the hospital.

"I know!" Chen Bing gave a nod, "I've seen quite a few zombie movies, I know that you have no obligation to protect me."

"Un." She softly replied. She took out a black hat from her storage space to put on her head, "Take care of your safety."

The dark sky seemed to have become a bit lighter, but it was still covered in mist.

There were almost no people on the streets and cars were jammed in the road. There was blood all over the street, but there were no corpses.

Anyone who was bitten by a zombie would turn into a zombie and unless the core of the zombie was taken out, they would kill without stopping.

There wasn't a single zombie corpse on the road, which proved that there really hadn't been any Power Users yet.

Luo Qing Chen knitted her brows. She felt flustered as she moved forward, feeling a suppressed feeling in her chest.

This feeling made her breathe quickly as her back was covered in a cold sweat.

“Your face doesn’t look so good.....” Chen Bing following her saw that she didn’t look good, so he knitted his brows and said, “How about we rest up first!”

She suddenly felt that Chen Bing wasn’t that bad. At least he didn’t ignore her body’s condition because of the danger around them.

She said with a smile, “What? You’re afraid that I can’t protect you?”

“No.....” He quickly shook his head and explained, “I just saw that you weren’t looking that good.....”

“Don’t worry.” Luo Qing Chen knitted her brows and shook her head, “I’m fine.”

It should be that she used her personal powers in this world which used up quite a bit of power, which left her feeling a bit weak.

Century Square wasn’t that far from the hotel. Luo Qing Chen killed a few zombies along the way before coming to the center of the square.

She knew that the Bai Family was in the department store in front of her!

The pictures from her memories appeared bit by bit. If the previous host hadn’t met the Bai Family in the supermarket, her fate wouldn’t have been so tragic.

She really couldn’t wait to take revenge.....

Standing in the southeast corner of the square, she could sense all the zombies that were below. It wouldn’t be an easy thing to enter the square.

“My house is at the apartments under the supermarket, what do we do?” Seeing this, Chen Bing was a bit anxious. He wanted to move forward, but Luo Qing Chen stopped him.

“I’m not certain that I can walk through this square in my current condition, so you going forward is just sending yourself to your death.” Luo Qing Chen pursed her lips and could feel her hands getting strangely warm.

She retracted her idea from before, it wasn’t as simple as using too much strength with her power.

Could it be.....

“You.....save us.....save us.....” There was an old voice that came from the side. There was an old woman and a five year old grandchild by his side.

Chen Bing was surprised before carefully looking at them, “Uncle An?”

“It’s me.....You’re Bing Bing from downstairs!” The old man said, “What is going on here? Why are there so many monsters.....We.....can’t even go back home.”

Luo Qing Chen knitted her brows as she looked at this old man. There was a faint glow that appeared in her eyes.

Two old people with a child were able to survive the initial phase of the zombie outbreak and reach this relatively safe place.....

“Big sister, I have an unreasonable request.....”
