Chapter 2381: Welcome to the end of the world (Part 48)

As the glass fell, there were right and white danger dazzling danger lights.

Luo Qing Chen narrowed her eyes as she looked at Bai Lian Xin's pale and trembling face with a sparkle in her eyes.

She strangely felt happy.....

She jumped over and quickly stood by Qian Si Nai's side.

Since there were first and second grade zombies nearby, as a dual awakener, she could change the aura of her body so that the zombies couldn't sense her.

But the higher the rank of the zombies, the lower the success rate of hiding herself.

"Luo Qing Chen!" Bai Lian Xin called out in shock and rage, "Are you crazy?"

"Didn't you say that you could leave without me?" She said with a cold laugh, "Are you certain?"

In the end of the world, she wanted Bai Lian Xin to know that the things that she had done and said had a price.

In this place, one didn't have a single trump card without powers.

In this reshuffled world, there was no chance to take any advantages.

"You.....You....." Bai Lian Xin moved back step by step as the sounds of zombies came from the broken glass door.

All the people hid in the shelves without another word, but since there was no revolving door, there was no meaning in hiding behind the shelves.

"What do you want!" At this critical moment, Bai Da Shan came out and tightly knitted his brows as he looked at Luo Qing Chen, "Speak!"

The zombies were already moving towards the shelves as products fell off one by one.

Several zombies that had been scorched went in Bai Lian Xin's direction. She covered her mouth and couldn't say a single thing.

She was afraid that if she said a single word, the zombies would charge in her direction.

"Me?" Luo Qing Chen crossed her arms with flames flickering from her fingertips. She said with an ice cold smile, "Kneel down and beg me."

All of the Bai Family had wide eyes as they looked at Luo Qing Chen in disbelief.

Especially Bai Lian Xin. She never would have imagined that Luo Qing Chen would actually make her kneel in front of everyone.

"You.....You're dreaming!"

“As you wish then!”

Without saying much, Luo Qing Chen’s four simple words were a death sentence for Bai Lian Xin.

She wanted to struggle, but her vanity and pride wouldn’t let her kneel to such a lowly person.

But if she didn’t kneel, she wouldn’t be able to leave the supermarket today.

After smelling her scent, the zombies quickly rushed in her direction.

With a ‘dong’ sound, the proud Bai Lian Xin in her pink dress and princess hair kneeled down in front of all these people who had ‘flattered’ her and all the zombies.

“Luo Qing Chen, you have to keep your words or I won’t let you off even if I die.”

She wasn’t a fool. She naturally knew how to weigh pros and cons, only she had to be strong with her words.

Luo Qing Chen raised her right hand and a wall of flames appeared in front of Bai Lian Xin, keeping away the zombies temporarily.

The zombies were only a meter away from her.

However, the wall of flames could only ‘temporarily’ block the zombies.

“Ke, ke.” Luo Qing Chen cleared her throat, “Oh! You might have not understood what I meant! I meant for Bai Da Shan to kneel, not you!”

Chapter 2382: Welcome to the end of the world (Part 49)

Bai Da Shan’s eyes popped out as his heart filled with rage, but he didn’t have a place to vent it.

“Audacious!” He roared, “I, Bai Da Shan, am a man with countless achievements, how could I kneel to someone like you!”

In his eyes, he had had a high status since he was young.

In his eyes, all women were just play things!

However, the girl who had awakened her powers in front of her was just a daughter of a woman who wasn’t even qualified to be his play thing.

How could he allow himself to kneel to someone like this?

No! Definitely not!

“Ze, ze, ze, what time is it that mister Bai Da Shan is still speaking like an aloof ‘leader’?” Luo Qing Chen pointed at the wall of flames that was about to dissipate, “Kneel or die, choose quickly.”

When she said this, she could feel the blood in her heart surging.

The reason why she came to Century Square was just to crush the Bai Family when they didn’t have a single awakener.

Even if she hadn’t awakened her flame power yet, it was enough to put them in a humiliating situation.

Right now, the word 'satisfying' wasn't enough to describe the mood in her heart.

"Dad.....save Xin Xin....." Bai Lian Xin saw her father standing there trembling with his hands clenched. Her heart sank as she bit her lip and said, "Save me!"

Actually, in addition to the panic she felt, she felt a chill in her heart.

Since she was young, her father had always been aloof. He wanted a son, he wanted a successor.

But even so, he had protected her.

Whatever she wanted, as long as it didn't violate his 'Bai Da Shan principle', her father would give it to her.

But if she violated the principle, he wouldn't agree no matter what.

Right now, making him kneel to Luo Qing Chen violated that principle in his eyes.

So Bai Lian Xin was very afraid that he wouldn't save her, that he wouldn't kneel.....

When the flame wall dissipated, when the zombies became even more wild, when they almost guaranteed Bai Lian Xin's death as they charged forward with their claws and teeth.....

With a 'dong' sound, Bai Da Shan kneeled down.

Dirty blood appeared on his expensive suit. Luo Qing Chen raised her right hand and a wall of flame appeared again, making crackling sounds.

The zombies charging at Bai Lian Xin quickly turned to ashes and the blue energy cores landed in her hand,

Qian Si Nai, who had been watching the play from the side, didn't forget to say with a smile, "You're different from what I imagined you'd be."

"What did you imagine me to be?" Luo Qing Chen said with a chuckle, "Kind and gentle enough to save the world?"

"Eh." Qian Si Nai saw her slightly arrogant appearance and couldn't help revealing a gentle smile, "At least not this black bellied."

!

He actually called her black bellied!

If it wasn't for the evil ways of the Bai Family, she wouldn't care about 'lowly mortals' like them.

"I'm just this black bellied!" Luo Qing Chen gave a soft snort as she admitted it.

Qian Si Nai seriously looked at her and said, "I like it this much!"

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

To be fair, she really didn't know if she was black bellied, but she was certain that Qian Si Nai must have liked girls like this.

He might even be the black bellied demon king himself!

Chapter 2383: Welcome to the end of the world (Part 50)

“Is this enough?” Bai Da Shan stood up immediately after seeing her deal with the zombies near Bai Lian Xin.

He didn’t want to kneel to someone like Luo Qing Chen for a second longer.

“You got up quite quickly.” Luo Qing Chen pointed at the other zombies still searching for a scent, “Do you want to take care of them yourself?”

“What else do you want?” Bai Da Shan’s face turned red and black. His patience had already reached a limit against Luo Qing Chen.

If he wasn’t trapped now and it was the end of the world, how could someone with his position be bullied like this!

“Do you want me to say it one by one or all at once?” Luo Qing Chen’s voice was filled with provocation as she revealed a playful smile.

Qian Si Nai leaned against the wall of the supermarket with his hands in his pocket, looking at her with a look of admiration.

She was a girl that became more inseparable the longer he was with her. No matter where it was, just a single word from her would make her the center of attention. There wasn’t anyone who could overshadow her.

That person named Bai Lian Xin thought that she was an aloof princess, but she didn’t know that in his eyes, she was no different from a bystander.

It was because of this comparison in his heart that he unconsciously looked at Bai Lian Xin, coincidentally meeting her eyes.

Bai Lian Xin was surprised. Seeing Qian Si Nai’s deep and slightly focused eyes on her, her heart couldn’t help beating a bit faster.

This young man really was handsome with his star like eyes, that high nose ridge, and those thin lips. Coupled with his black trench coat and the ice cold aura that came from him, he gave off an even more noble feeling.

He was like a prince in the end of the world that attracted everyone’s attention.

“Luo Qing Chen, don’t you feel ashamed about being this aggressive and making an elder kneel?” Bai Lian Xin knew that a ‘strong’ stance wouldn’t work, so she changed her method.

She took two breaths before putting her right hand on her chest, “You made me kneel, so I kneeled for everyone’s lives! You made my father kneel, so he kneeled for my life! We are not giving in, we just want to save more people.”

As soon as her voice fell, seeing that Luo Qing Chen didn’t reply, she looked at Qian Si Nai to say, “She is this kind of person, why are you standing on her side?”

Bai Lian Xin thought that she was quite smart with this move. She could show her kindness on one hand and on the other hand, she could win over Qian Si Nai.

With this tearful voice and these righteous words, she was like a good girl who cared about justice.

Luo Qing Chen's role was a wicked person who didn't care about people's lives, who didn't respect her elders, who didn't even have the most basic ethics!

"Yes! Miss, don't be like this....."

"Take us out! There's already too many people who died....."

"No matter what grievances there are, it's already the end of the world, so you should just let it go!"

.....

Everyone's voices rang out, but this time, their voices were much lower.

After all, there were currently zombies in the supermarket. It was because of the interference of the Power Users that they hadn't found anyone yet.

But these weak humans! In front of life and death, they would act weaker and more timid.

They would stand on the moral high ground to ask for kindness and forgiveness!

But why should she be kind, why should she forgive?

Chapter 2384: Welcome to the end of the world (Part 51)

"Pa, pa, pa." Luo Qing Chen gave a clap before revealing a taunting black bellied smile, "I think that you're right this time."

Qian Si Nai seemed to have thought of something and he didn't forget to give a cold laugh to Bai Lian Xin, "I think that it's better if I answer the question that you asked just now....."

He turned his eyes to Luo Qing Chen and said, "I will always stand on her side."

It was because there were too many voices that the zombies had found the 'scent of blood', so they charged over.

It was at this time that one of the shelves fell down and inside was the fat auntie who had said 'cast her out, it's the end of the world'!

A zombie noticed the auntie's position and charged at her with outstretched claws.

The auntie jumped out from the shelf and grabbed a random person, pushing that person at the zombie with her slightly strong strength.

That person was bitten by the zombie in the neck. Their eyes turned white and their body couldn't help trembling.

That auntie frantically ran and her eyes could only see where Bai Lian Xin was.

In an instant, she grabbed at Bai Lian Xin and wanted to push her too.....

Bai Lian Xin took a step back and used the shelf to block the auntie's retreat.

Just like this, that fat auntie was bitten by the zombie and fell down.

Silence, silence, silence. There was a deathly silence that hung in the air.....

No one dared to say a thing! After all, they finally understood that there were two Power Users here.

No matter what, they would save them. After all, the zombies could be easily dealt with by them, but they never thought that when a zombie bit one person in front of them and then bit a second person.....

But they.....were so indifferent.....

They suddenly seemed to have fully understood the situation that they were in.

They were even annoyed that they had 'flattered' Bai Lian Xin since they had flattered the wrong person!

"What, Bai Da Shan, have you thought it through?" Luo Qing Chen gave a shrug, "Do you want to listen to my conditions one by one or all at once?"

Bai Da Shan was so angry that his eyes had turned a bit white. He quickly took out some medicine from his pocket to eat one before moving to a more secure position and saying, "Just say it all at once!"

Perhaps he had been a bit arrogant earlier, but after kneeling and seeing two people being bitten by zombies in such close range, he had to admit that he needed Luo Qing Chen.

Because he didn't want to die. He didn't want to die with these people without any status in a dirty place like this.

"Two requests. First, I want that child." Luo Qing Chen narrowed her cold eyes. She raised her right hand and a flame wall formed, blocking the zombies. She pointed at Ye Qing Huan who was hiding in the most innermost position using the baby to protect herself and said, "Put him in this position."

In the end, this was the child that his mother gave birth to. It was her duty to save him if she could.

Ye Qing Huan was surprised before rolling her eyes with a bit of disdain and saying with a cold smile, "I don't want it!"

Seeing that the zombies were blocked, she went to where Luo Qing Chen was and put the baby on the ground.

It had to be known that she didn't like this child in the first place, it wouldn't be that nanny's chance if it wasn't for the fact that she couldn't give birth again.

She was filled with disgust when she saw this son. Now in the end of the world, she was even more unwilling to carry this burden.

"Second, Bai Da Shan, Bai Lian Xin, Ye Qing Huan." Luo Qing Chen named the three people of the Bai Family and coldly narrowed her eyes to say, "Leave one life here, I will take everyone else away."

Chapter 2385: Welcome to the end of the world (Part 52)

Since such a person liked standing on the peak of morality, taking pride in 'forgiveness' and 'kindness', then why shouldn't she rock the boat and let everyone see the true nature.

She wasn't their parent, so there was no need to save them.

A life in exchange for everyone's life. Between life and death, she wanted to see what these people who had just 'flattered' the Bai Family would choose.

"Luo Qing Chen, you really are crazy!" Bai Da Shan's face gradually turned pale with rage.

He knew that when Luo Qing Chen gave this condition, one of their family's three lives would be left here.

He couldn't die.

Bai Lian Xin blinked in a panic as her eyes fell onto the baby boy not far away.

Her mind quickly turned as she charged towards her half brother.

In this situation, they could only compete if they had chips in their hands.

But when she tried to touch the little boy, there was a golden light that appeared. There was a protective barrier that surrounded the little boy.

With golden light flowing, Luo Qing Chen raised her right hand slowly as the Exquisite Ring sparkled.

"It seems like having you choose one person is too kind?" Luo Qing Chen narrowed her cold eyes to look at them, "How about choosing two people?"

The Bai Family's three people looked at each other. This look was their final communication before the gates of hell.....

"I'll give you ten seconds." Luo Qing Chen continued with a cold laugh, "If you haven't woken up yet, classmate Qian and I will be leaving first."

As soon as these words were said, the bystanders who had been silently suddenly exploded.

When Luo Qing Chen had said that she would take them all away, they had felt reassured.

After all, the one in three choice didn't include them, so naturally they could reveal a state of not caring.

But.....they finally came back to their senses at this moment. If the Bai Family didn't make a choice, they would be stuck here forever.

Now that the revolving door was broken, that was like waiting for death!

"I say, mister Bai, quickly make your decision! Although it's not too good to say this, it's better that one person dies than everyone dying....."

"Right, right! It's not easy to live in the end of the world, it's better to go blissfully....."

“As a father, I think that you wouldn’t want your wife and daughter to leave you. If you can’t make a sacrifice, you can sacrifice one life for everyone elses.....”

.....

The moment that Luo Qing Chen’s voice fell, all these voices entered Bai Da Shan’s ears.

He clenched his fists as he was calculating this final trade in his heart.

Whether to sacrifice his wife Ye Qing Huan or his daughter Bai Lian Xin.

If he didn’t have a wife, he could remarry. He didn’t have that much affection for Ye Qing Huan in the first place, he wasn’t used to loving people. Even having children was just a routine for him.

So if he didn’t have Ye Qing Huan, it didn’t affect him too much.

As for his daughter Bai Lian Xin.....

Actually, it didn’t really matter if he lost her since he still had a son. Moverover, that son’s big sister was a Power User, so it would be a good protective amulet in the end of the world.

It seemed like anyone could be sacrificed.....other than him!

Anyway, he knew that he couldn’t die, he absolutely couldn’t die!

Chapter 2386: Welcome to the end of the world (Part 53)

“Dad.” Bai Lian Xin found that her ankle was hurting badly after she had been knocked into the corner by the power of the Exquisite Ring.

She was afraid that she would be left behind. She didn’t want to die, she was only eighteen years old and she had a great future in front of her.

So many people in this world liked her and so many people treated her as the goddess of their heart, how could she die!

Let alone, more Power Users would appear. If she awakened, she would be an absolute goddess.

So.....she couldn’t die.....she absolutely couldn’t die.....

Bai Da Shan saw his daughter’s eyes eager to live and his eyes tense. After all, this was his flesh and blood and if he didn’t have to choose, he would let thousands or tens of thousands die rather than let his Bai Family suffer a single injury.

But there was no choice, there really was no choice!

“Three, two, one.” In this tense atmosphere, Luo Qing Chen didn’t forget to count down for the Bai Family.

At the border of life and death, she only gave them ten seconds to choose.

To be fair, she felt that she was black bellied.

But no matter what, she couldn't be soft to her enemies. She wouldn't be like the previous host where she couldn't even make a choice.

So it seemed that she was already being quite kind!

Bai Da Shan bit his lip and looked at Bai Lian Xin's foot before a sharp glow appeared in his deep eyes, "I choose my daughter."

"No!" Bai Lian Xin heard this and desperately shook her head, "No, dad! I'm only eighteen years old, you and mom have already lived long enough! Why.....why are you choosing me!"

Everyone never thought that this rich young miss who acted with morals would actually say such rebellious words.

As a child, saying this kind of thing in this situation was quite ironic.

Bai Da Shan knitted his brows without saying anything.

He already had a son as his heir, a tiger couldn't have two mountains. Not to mention that they had different mothers.

Adding in the fact that Bai Lian Xin's foot was injured, even if she was allowed to live, she might not be able to walk away.

If she wasn't injured, perhaps he would have chosen his wife.

"Ke, ke." Luo Qing Chen cleared her throat as the red flames lingered on her fingertips. She looked at Bai Lian Xin with a cold smile and said, "It seems like you've already made your decision, so let's end it like this!"

"No, no, no, no, no!" Bai Lian Xin's face was as pale as paper as she frantically shook her head, "Luo Qing Chen, you only said that one out of the three of us had to stay here, but you never said who could decide!"

She roared this out as her lips kept trembling. She was fighting for her final hope.

Even if Bai Da Shan was her father, he wasn't qualified to decide her 'life and death'.

Since this family wasn't kind, then she wouldn't be righteous!

Live, live, live!

She kept telling herself again and again, she had to live.

"Ze, ze." Luo Qing Chen pretended to understand something as she crossed her hand with a thoughtful look on her face, "What you said isn't unreasonable."

"Qing Qing." Qian Si Nai standing by the side watching the play with a smile 'ambiguously' called her name.

Luo Qing Chen looked over and met his focused eyes.

He elegantly narrowed those eyes and revealed an absolute black bellied smile, “How about you count to three and let them vote. Whoever receives the most votes will remain here. What do you think?”

When Luo Qing Chen heard this, she couldn't help giving a sigh deep down. This was simply more black bellied than a scumbag!

Chapter 2387: Welcome to the end of the world (Part 54)

Bai Lian Xin heard Qian Si Nai's proposal and she felt the hope to keep living.

It was like she was about to drown in the sea and she had grabbed a life saving straw.

“Although you called Qing Qing without my consent! However.....” Luo Qing Chen proudly looked up, “I have to admit that I agree with your suggestion!”

Only this was black bellied enough to let her watch the Bai Family kill each other. This was her original intention, it didn't go against her original intention at all!

“Un.....” Qian Si Nai looked up with a faint smile, “Qing Qing is obedient!”

There was a very warm feeling, like in another world, he had called her this before.

This familiar.....

From beginning to end, Ye Qing Huan had been in the corner not saying a thing. After Luo Qing Chen agreed with Qian Si Nai's suggestion, she was the first one to speak.

“I agree.”

Bai Da Shan and Bai Lian Xin looked at her at the same time, as if they wanted to send her some information, but she was the only one not looking at them.

“If the other two don't mind, I'll start counting.” Luo Qing Chen played with her fingers, releasing a very dark aura.

It was as if other people's lives were just a place for her and she didn't care. That was why she would be this relaxed as she watched the three of them decide their life and death with a smile.

The contrast was so much that it became even more mocking!

“Agree!”

“Agree!”

This father and daughter that had pushed one side to the edge of hell had a tacit understanding.

“Three.....two.....one.” As soon as her voice fell, Luo Qing Chen suddenly looked up to say, “Choose!”

“Si!” The people watching took a cold breath when they saw the dramatic scene in front of them.

Bai Da Shan and Bai Lian Xin pointed at each other and Ye Qing Huan was actually pointing at herself.

“Mom.” Bai Lian Xin said in a trembling voice before biting her lip to say, “What are you doing? He sleeps with other women and lets his own daughter die, why didn’t you choose him!”

A mother would always be a mother, but her father was not just her father.

Bai Da Shan’s words just now had let her understand that in the face of life and death, for Bai Da Shan, his life was the most important thing and he could sacrifice anyone!

Even if it was his own daughter or his wife.....

“Don’t be anxious.” Seeing this scene, Luo Qing Chen felt that it was even more interesting. She gave a shrug and continued, “I can give you another chance to choose! But.....”

She paused before continuing, “If you three still have different choices, perhaps god has decided that you should die as a family. In that case, I should follow god’s will, don’t you think?”

When she said this, Bai Da Shan and Bai Lian Xin became very nervous again.

Rather it was Ye Qing Huan who still had an indifferent look.....

Luo Qing Chen could tell what she was thinking based on the indifferent look on her face.

Perhaps.....it was sadness that was greater than death.....

The wall of flames around the zombies disappeared, but before she could do anything, Qian Si Nai moved his finger and the zombies were surrounded in a thick wall of ice.

This kind of change between hot and cold made everyone present give a shiver.

Although they wanted to leave this place quickly, they were actually also quite interested in the Bai Family’s ‘play’.

Chapter 2388: Welcome to the end of the world (Part 55)

Luo Qing Chen gave a chuckle before she started counting with a faint smile on her lips.

When the word ‘one’ was said, Bai Da Shan and Bai Lian Xin pointed at Ye Qing Huan at the same time and Ye Qing Huan still pointed at herself.

“Si!” Everyone took a cold breath again.

There were some whispers this time and Luo Qing Chen felt that they were right this time.

“It turns out that women’s hearts are this soft.....”

“I can feel the greatness of a mother’s love!”

“I don’t feel the same as you.” One of them said, “The Bai Family’s blood is cold and they have the same blood, so the choice that they make on the brink of life and death is the same.”

Luo Qing Chen thought that Ye Qing Huan would say something, like how Bai Da Shan and Bai Lian Xin were like little clowns.

But she only said a single thing in this life.

“If there is an afterlife, I definitely don’t want to meet you all again.”

As soon as her voice fell, she charged at the zombies behind the ice wall without another word.

She also wanted to live, she didn’t want to die.....She knew that she wasn’t a good person deep in her bones, she could frame others for her self interest and didn’t care if other people lived or died.

But when she heard Luo Qing Chen counting down, when death and approaching her step by step.

She suddenly thought of when she met Bai Da Shan. He was just a right young master and there were many girls around him.

But after she met him, he resolutely decided to marry her, even if she wasn’t a rich young miss, even if they weren’t a good match.

He gave her the best life. She had felt that she had turned from an ugly duckling into a white swan, everything had been beautiful.

Then she became pregnant and gave birth to a little princess.

They loved her with all their might and gave her the best of everything. If she was born in ancient times, she would have been the young miss that everyone envied.

But as time passed, being the rich young miss made her become vain.

Bai Da Shan became more busy with work and his status became higher, so he would leave early and come home late, sometimes not even coming home.

Marriage was like a gamble and she had lost that gamble.

She always thought that if she could give birth to a son, she would make a comeback.

But the appearance of that nanny made her realize that there was no chance.

Although Bai Da Shan only recognized the son and not the nanny, she knew that her role in this marriage was no longer irreplaceable.

Anyone could replace her, it was just a matter of time.

“Mom, don’t.” Bai Lian Xin screamed in a heart rending voice.

She didn’t want to die, but she didn’t want her mother to leave her either. The scenes of her braiding her hair, telling her stories, and putting on a dress for her when she was younger all became clear at this moment.

She who had always been arrogant felt her heart fall to rock bottom at this moment.

She cried out like an abandoned little girl.

Everything couldn’t go back anymore.

As for Bai Da Shan.

Luo Qing Chen looked into his eyes and could see a faint glow in his eyes. Although his expression didn't change at all, Luo Qing Chen knew that he was suppressing his emotions.

Ye Qing Huan's 'sacrifice' made them feel worse. It was not the shame that appeared on the surface, but pain that came from the bottom of the heart.

Luo Qing Chen felt happier when she saw the Bai Family like this.

Only pain from the soul would leave the deepest mark. Life was light, but the soul was heavy.

Chapter 2389: Welcome to the end of the world (Part 56)

The zombies devoured Ye Qing Huan and there was a thick smell of blood in the air.

Her neck was bitten by the zombies and those beautiful eyes turned pale white.

Di, da, di, da, di, da.....

With the sounds of blood dripping, she fell down. After a while, she stood up again.

Her neck had been bitten all over and there was only a bit of bone connecting her head to her body.

When the smell of blood filled the small space, the zombies outside the revolving door wildly charged in.

Luo Qing Chen and Qian Si Nai looked at each other before releasing the ice and fire walls at the same time.

The moment that the ice and fire touched, it let off a "zi, zi" sound as a splendid spark appeared in front of them.

Luo Qing Chen narrowed her eyes and planned on charging into the zombies to slaughter them, but the temperature in the air dropped as there was a chill that filled Qian Si Nai's eyes.

He suddenly moved her behind him and held her shoulders with both hands while looking in her eyes with a sincere look, "Qing Qing had a hard time dealing with these people, so you should leave the physical work of killing zombies to me."

Luo Qing Chen heard this and was a bit surprised. She suddenly felt like she was being pampered by the male lead.

The more dangerous it was, the more moving and the more memorable this feeling was.

She looked up slightly and said, "I'll watch your performance."

Actually, she didn't know how to rank powers yet, but she knew that ice powers weren't weaker than fire powers, but there was something that fire powers didn't have.

That was the ability to create water.

In the apocalypse, basically all the water sources had been polluted. Once the zombie blood mixed with water, there would be all kinds of toxins and mutation factors in the water.

This was why she had bought all that water before the end of the world.

A single bottle of water would be worth as much as a diamond in the future.

As for fire.....everyone knows how to create fire with wood, so 'fire' was not something that couldn't be replaced in the end of the world.

When the zombies swarmed in, they were surrounded by an ice wall one by one as pale blue energy cores filled the sky.....

Qian Si Nai in his black trench coat quickly rushed through the zombies, with a faint blue light shimmering on his fingers.

To be fair, Qian Si Nai really was handsome at this moment. It was like he would be glowing just by casually standing there.

Other than some zombies that fled, the others turned into ice and shattered on the ground.

The floor was covered in crystal ice cubes, but if you looked closely, you would find that there were organs and other body parts frozen in it which looked very shocking.

When Bai Lian Xin finally came back to her senses, she looked right at Qian Si Nai.

She was suddenly filled with regret. Why didn't she notice his excellence when they were still classmates?

If she had noticed him earlier and made him her protector, her life in the apocalypse wouldn't have been this tragic.

Even her mother had died in Luo Qing Chen's hands!

Right! In her eyes, her mother wasn't killed by the zombies, but Luo Qing Chen. She hated her, a hatred that penetrated her to her bones that would never fade away.

She would certainly change, she would definitely get a good man.

There was still time, there was still time for anything! As long as Qian Si Nai liked her, nothing was impossible!

Chapter 2390: Welcome to the end of the world (Part 57)

After Qian Si Nai took care of all the zombies, Luo Qing Chen spent some time collecting the resources of the supermarket.

There wasn't much left. The packaged foods could still be eaten, but the things like blankets were already soaked in blood.....

It wasn't a problem of if it was infected or not, there was no water to wash the blankets in the apocalypse.

Those bystanders saw Luo Qing Chen pick up a large bag and throw the useful things inside the bag.

What surprised them was that no matter what Luo Qing Chen threw in, that bag never seemed like it was full.

Everyone looked at each other in blank dismay and followed Luo Qing Chen as they started picking up bags before wildly putting things in.

But it seemed like after stuffing a few things in, their bags became full.

They were naturally confused, but no one dared to question Luo Qing Chen.

After all, everything that she had done made them feel a strange 'fear'.

No one dared to criticize her on the grounds of morals, no one even dared to say the word 'no' to her.

Luo Qing Chen liked this feeling. She was someone who hated people who said 'normal things didn't happen to oneself, there would always be a saviour'!

These people were not as kind as they made themselves seem.

For example, the woman who wiped her neck and the man who said forget it.

When things happened to other people, they would speak grand words.

But once it happened to you, they would use their actions to tell you.

What does it matter!

After she tidied things up, she found Bai Lian Xin hobbling over to Qian Si Nai.

She lowered her head to say something in a low voice that she didn't hear.

But she was certain that Qian Si Nai's eyes turned to her.

Luo Qing Chen could see him narrowing his eyes and even curling his lips!

She thought: This damn little white flower! It seems like she's preparing to make her move on the male lead!

Did! She! Ask! Her!

It was most likely because Qian Si Nai killing the zombies had dazzled Bai Lian Xin, so she silently followed them on the way out of Century Square, not even making a single complaint.

Men liked weak women, it would give them the desire to protect them. She felt that Qian Si Nai wasn't an exception.

Although she didn't know how he met Luo Qing Chen, thinking of how they never contacted each other back in school, there shouldn't be a deep relationship between them, so she would have a chance.

Qian Si Nai took them away from Century Square and Luo Qing Chen was paying attention to the Bai Family's actions.

Ye Qing Huan's tragic death was only the beginning and not the end.

But if she didn't want them to die in despair, how could she let them live this long?

The sky was already lit up, but it wasn't the normal blue sky, rather it was a red sky.

Although it was bright, it looked very strange.

The most terrifying thing was that the temperature had dropped. There was a feeling that it had dropped by thirty to forty degrees. Luo Qing Chen didn't feel cold, but she could tell that the people around her were trembling.

"Luo.....Miss Luo, can we find a place to rest....." One of the aunties came over and said, "It's just too cold. Perhaps we can find a store to get some jackets?"

Actually, Luo Qing Chen could feel the fear the other side had for her. Perhaps it was because they couldn't take it anymore that they finally said something.
