Chapter 2401: Welcome to the end of the world (Part 68)

He moved so fast that Luo Qing Chen couldn't even react in time.

She was already being protected by Qian Si Nai when a 'guang dang' sound came from the Phoenix Dance Sword.

The dark light flashed before her eyes and there was a dense cloud above them as a strong killing intent filled the air.

She looked into Qian Si Nai's determined eyes. This choice to protect her without hesitation at the moment of death made her eyes turn red.

"You....."

Before she could finish, there was a loud sound that rang out as if there were two powerful forces clashing with each other.

Luo Qing Chen slowly came back to her senses and jumped out to grab the Phoenix Dance Sword. Only after landing did she see the white clothed youth who had blocked that fatal blow for them.

There was a faint white light around him and his back seemed very familiar.

Luo Qing Chen's heart skipped a beat before saying in a voice of disbelief, "Mian Mian."

"Peng!" A powerful force separated Luo Qing Mian and the 'armoured zombie'.

There were many scorched parts on the armoured zombie's body. It looked down and pressed something by its ear as a blue light appeared, as if it was communicating with someone.

"Boss, found it."

Although Luo Qing Chen's group didn't hear this, she felt a vague uneasy feeling in her heart.

There were many doubts in her heart and she felt that this situation wasn't as tense as it seemed.

Before she could shake her thoughts away, she was pulled by an unknown force and fell into a warm embrace.

"It's good that you're alright, it's good that I caught up in time." Luo Qing Mian used all his strength to hug her. At that moment, there was an incomparably powerful force in his heart.

That was his awakened power!

Finally, he could fight with his beloved sister side by side.

Finally, he wasn't her burden that needed her protection.

Three hours ago, he strangely fell into a coma at the hotel. There were many scenes in the dream and there was a white glow that surrounded him.

It was almost like he could see.....

No, it wasn't just seeing, but rather he could see through far away objects and his vision would be maximized.

At the same time, he found that his hearing became deeper and more sensitive.

He could hear sounds from very far away. The sound of blood dripping on the ground, the sound of a baby crying, and the sound of his big sister calling out.

Even if it was several kilometers away, even if there were countless buildings and sounds causing interference, he could hear it clearly and accurately!

But that wasn't important!

The point was that he had seen what was happening from half an hour ago.

Luo Qing Chen was in danger and all the dangerous scenes appeared in front of him.

He could see the future and could think of ways to change it.

Actually, he knew that his abilities were very strong. If he wasn't wrong, he should be a dual awakener.

"I'm fine....." Luo Qing Chen patted his shoulder, feeling a hot gaze from not far away.

Luo Qing Mian let out a long sigh of relief. He let go of her to tightly grab her shoulder and said with a serious look, "I can finally protect you in the future."

"Wait a minute....." Qian Si Nai on the side narrowed his eyes to look at this 'love rival that had suddenly appeared' and said, "I'm enough to protect her."

Chapter 2402: Welcome to the end of the world (Part 69)

Luo Qing Mian was surprised as his eyes fell onto Qian Si Nai. Other than the strong power coming from Qian Si Nai, he could also feel his hostility.

Could it be that he was his big sister's admirer?

It had to be said that his big sister's eyes weren't bad, but his ability still needed to be evaluated.

After all, whether it was in the past world or in the end of the world, only the strong could protect his big sister.

Everyone knew that he liked his big sister, this was a love that went beyond familial love.

When other men approached his big sister, he would feel strangely uncomfortable.

If the person who chased his big sister wasn't strong enough, then it was better if he protected his big sister in the end of the world.

"But you couldn't seem to beat the zombie just now." It was probably because he could see again that his vision was very sensitive. He could see even the smallest things, down to a person's pores.

But it had to be said that this man who said that he could protect his big sister had a beautiful face with fair and flawless skin, a high bridged nose, and nice thin lips.

Especially those deep eyes that seemed like they could see through people.

In terms of appearance, he was a match for his big sister.

But when it comes to strength.....

"I like this kind of opponent." Qian Si Nai narrowed his eyes and his slender fingers were covered in a blue glow as he looked at Luo Qing Mian, "How about we see which one of us can kill this ninth grade zombie first."

"Deal." As soon as his voice fell, Luo Qing Mian charged at the zombie.

"Mian Mian." Luo Qing Chen still didn't understand what these two men were talking about, but seeing Luo Qing Mian charging at the zombie, she quickly raised the Phoenix Dance Sword to follow him.

The 'armoured zombie' seemed like it had been contacting someone the entire time as the blue light kept flashing by its ear.

When Luo Qing Mian came forward, it took a step back in a panic before charging in Qian Si Nai's direction.

It moved very fast and it was still very strong, but with an extra person, its ability to attack and defend was much weaker.

Luo Qing Mian was quite powerful after awakening his power, even many fatal attacks to this zombie came from him.

But although they had injured the zombie, its healing ability was also quite strong. The wounded rotten flesh healed not long after and it healed up before they could attack it again.

"Truly powerful....." Luo Qing Mian knitted his brows to say, "Our physical strength won't be able to keep up like this!"

"He wasted our physical strength just now and then dealt a fatal blow." Qian Si Nai narrowed his cold eyes, "But even if he does it again, I will use my life to protect Luo Qing Chen! What about you?"

This was a kind of provocation and a kind of promise. Qian Si Nai wanted to tell this handsome man who hugged the girl that he liked without letting go that——

He wanted to chase Luo Qing Chen, he wasn't just for show!

"Me?" Luo Qing Mian gave a chuckle and looked at his big sister with deep eyes, "Not only this life, I'll use my next life to protect her as well."

In the first half of his life, it was always his big sister who protected him. Then when the end of the world came, god let him see the light again, so why wouldn't he protect her!

Qian Si Nai was surprised as a faint glow appeared in those deep eyes. Then without even thinking about it, he blurted something out.

“On the path of reincarnation, missing you for a hundred worlds.”

Chapter 2403: Welcome to the end of the world (Part 70)

When his voice fell, even he himself was surprised. He had never heard this sentence before, but he had said it so naturally.

The eyes of Luo Qing Chen standing beside him trembled and her breathing stopped.

There were many scenes that flashed before her eyes. There was happiness, pain, life and separation, and death.....

“Mian Mian, stop causing trouble.” Luo Qing Chen looked up and revealed a faint smile, “You have to believe in your big sister’s eyes.”

“Big sister?” Qian Si Nai was a bit surprised as he felt that there was a bit of awkwardness in this dangerous atmosphere.

What was this situation? This handsome young man in front of him was actually calling her big sister!

“Don’t be so confused!” Luo Qing Chen gave a shrug and said with a smile, “He’s my blood related little brother.”

Although he didn’t call her ‘big sister’ just now to make this fellow misunderstand.

Since his big sister had said it, he could only admit to it.

But it had to be said, he could feel this man’s power when he fought with him.

It was only above his own and was definitely not below him.

They continued fighting this highest grade zombie in the end of the world. Every time that they felt that this monster was about to die, he would always heal his initial wounds as soon as possible and then attack them.

Until——

There was another burst of lightning in the air and the ‘armoured zombie’ dealt a fatal blow to them.

This long battle had made them very exhausted. Qian Si Nai and Luo Qing Mian stood in front of Luo Qing Chen at the same time, protecting her with one on the left and one on the right.

Qian Si Nai looked at Luo Qing Mian to say, “Are you prepared?”

“Of course.”

“Peng!” With a loud sound, there was a strong force that appeared that created a strong gust of wind.

The eyes of the three fell onto the red light at the same time. The one who recognized this person first wasn’t Luo Qing Chen or Qian Si Nai and it was definitely not Luo Qing Mian.

Rather.....it was Bai Lian Xin who had been hiding inside the whole time!

“Young master Jin!”

Huan Cai Jin didn't come along, there were two bodyguards from the Hua Family who also awakened powers.

After sending his relatives to a safe zone, he came out to harvest supplies and energy cores.

He had bumped right into this battle.

“Hua Cai Jin.....” Luo Qing Chen narrowed her eyes to look at the youth in front of her.

He was wearing a school uniform and although there were bloody marks on it, it still looked neat.

The first time they had met, this young man had also helped her. Although she didn't need it, it left a good impression in her heart.

“Qing Chen.” Hua Cai Jin quickly joined the battle and asked her, “What is going on? Why does it feel different from the other zombies I met along the way?”

“Ninth grade zombie.” Luo Qing Chen pursed her lips and said, “There's no time to explain right now. What power did you awaken?”

“Wind powers.” Hua Cai Jin awkwardly scratched his head, “It might be that I'm a bit dumb that I only awakened a single power.”

“Compared to others, you are already very strong.” Qian Si Nai narrowed his eyes and said, “We'll split and attack from four different directions. You have to kill it before it can heal its wounds.”

“It can heal its wounds?”

“Not only can it, it heals very quickly!”

Qian Si Nai looked at the 'armoured zombie' in front of him and said, “Are you prepared! Go!”

The four of them went in four different directions, attacking this strongest ninth grade zombie in the early period of the end of the world.

Chapter 2404: Welcome to the end of the world (Part 71)

A few minutes later, with a 'peng' sound, the zombie finally shattered to pieces from the four different powers attacking it.

There was a golden energy core that appeared in the air.

Everyone knew that not only could getting a golden energy core raise you by a level, it could also make you the strongest power user in the beginning period of the end of the world.

After all, ninth grade zombies shouldn't have appeared yet. Since they appeared, what they left behind was very precious.

“How about we let the lady go first?” Qian Si Nai looked at Hua Cai Jin, “If you have any objections, you can raise them.”

“No, I don’t have any.” He shook his head and said with a smile, “I only helped a bit.”

Luo Qing Chen thought about it and felt that it was a bit bad. When she was about to say something, the golden energy core directly entered Luo Qing Mian’s body.

The white light around him became even more dazzling, as the white light surrounded him from top to bottom.

With a ‘ding’ sound, his powers had advanced.

“What.....What is going on?” Luo Qing Mian couldn’t react to this and said in a bit of panic, “Big sister.....big sister, it isn’t.....I didn’t.....”

“Humph!” There was a soft snort from not far away which came from Bai Lian Xin’s disdainful voice.

She proudly looked up and came to Hua Cai Jin’s side to say, “There are some people that like to make small moves. If you want to take the energy core, can you not be so sneaky? Can’t you just openly do it?”

Since she had confirmed that Hua Cai Jin was a power user, there was no need for her to fear Luo Qing Chen.

After all, not only were she and Hua Cai Jin business partners, they had been good friends at school.

In the end of the world, her good friend had awakened a power, so naturally he would protect her.

Of course, there was still a bit of fear in her heart. So when she came to Hua Cai Jin’s side, she firmly grabbed his arm.

She was afraid that this life saving talisman would suddenly disappear!

“He, he.” Luo Qing Chen narrowed her cold eyes and pointed the Phoenix Dance Sword at Bai Lian Xin, “I’ll just openly give it to my little brother, what does it matter to you! Did you forget how your mother died! Do you want to play the multiple choice game again?”

She naturally knew that Bai Lian Xin was a bit arrogant and fearless after learning that Hua Cai Jin was a Power User.

But people with brains should know who would have a better chance of winning if it was three against one.

“You.....” Bai Lian Xin bit her lip and wanted to say something, but Hua Cai Jin cut her off.

He spoke as a peacemaker, “Now that the world has ended, everyone should help each other. Qing Chen, Lian Xin is used to being a young miss and doesn’t have a good temper, so just let her off.”

Let her off?

When Hua Cai Jin said these words, all her favorability towards him was gone.

“Why should I let her off? I can kill her as easily as killing a first grade zombie.” Luo Qing Chen was too lazy to explain to Hua Cai Jin, but she felt that her tone and her words explained everything.

She narrowed her cold eyes to continue, "I only kept her life because I haven't played enough yet."

She naturally knew that her words would change Hua Cai Jin's opinion of her, but she didn't care at all.

After all, her male lead and cute little brother liked this black bellied side of her. Why would she care about someone who she couldn't get along with!

Chapter 2405: Welcome to the end of the world (Part 72)

As expected, Hua Cai Jin was surprised to hear this. Bai Lian Xin also tightly held his arm and her fearful look made him knit his brows.

In his eyes, although Bai Lian Xin was a bit willful, she was his good friend.

In the end of the world, there were more people without powers than people with powers. Since he had awakened his power, he should protect his friends.

The way Hua Cai Jin looked at her made her understand what he was thinking.

Truly simple, so simple that it was stupid.

"No matter what, it's getting late. It'll be too dangerous at night, so we can't go anywhere....." Hua Cai Jin saw that it was getting a bit awkward, so he changed the topic, "The villa area is in front. There were many empty places when I passed by and the Hua Family bodyguards are currently there, so we can rest up there for a night."

"This young master, may I ask if you have some extra food?" The bystanders who had been hiding inside came out and one of the uncles asked, "I left the supermarket in a hurry and forgot to bring some food with me."

"Relax, the villas are fully stocked." Hua Cai Jin politely responded, "Everyone, there's no need to worry. The Hua Family has already started a rescue center to help everyone get through the troubles of the initial phase."

"Pa, pa, pa, pa, pa." There was a loud applause that rang out which showed everyone's approval of Hua Cai Jin's suggestion.

But Luo Qing Chen just coldly watched from the side without saying a thing!

In the last life, she was in the same position as Hua Cai Jin. Saviours didn't get praise from others, they would just be stepping stones used by selfish people to survive.

Helping everyone get through the difficult initial phase?

What about the middle phase and the late phase?

What a joke! She couldn't help thinking of what would happen to Hua Cai Jin. A hero admired by thousands of people, would he be the same as her.....would he become a research project?

"Nephew, then let's go!" Bai Da Shan said, "It would be bad if another monster like that came again."

The rich people circle was that small. The Bai Family and the Hua Family had business contacts, so naturally they knew each other.

“Uncle, you were also here?” Hua Cai Jin quickly came forward, “Come with me, everyone can come with me.”

Hua Cai Jin was like a weather vane, leading everyone to a certain villa.

This rich villa with crows flying around in the dark sky made everyone feel that it was quite eerie.

But people didn’t think the same. Other than the people that they met along the way who were going home, there were only three strangers that came with Hua Cai Jin other than them and the Bai Family.

An uncle, an aunt, and a young woman.

They were considered smart. At least before they knew where the safe zone was, there was nothing wrong following this ‘saviour of the end of the world’.

There was food and you wouldn’t be bitten by zombie, so why wouldn’t they do this thing that killed two birds with one stone?

“Young master.”

When they came in, two bodyguards in suits respectfully gave a bow.

Other than the main door, every gate in every direction was strictly guarded by bodyguards.

It seemed that this was a temporary safe zone set up by Hua Cai Jin. Aside from Hua Cai Jin being a ‘saviour’, there were parts that she could appreciate.

Chapter 2406: Welcome to the end of the world (Part 73)

“There are rooms on the first and third floor that everyone can choose from.” Hua Cai Jin carefully explained, “When everyone has finished washing up, you can have dinner on the first floor where the chef has already prepared the food. It’s been hard on everyone.”

“Thank you young master.”

“You truly are our great benefactor!”

“It really was the blessing of three lives to meet you in the end of the world!”

.....

The people all praised this young master Hua who seemed to have fallen from the sky like a saviour.

In their eyes, he was like a god that was releasing a dazzling light from all over his body.

“Young master Jin, where’s the master bedroom?” Bai Lian Xin looked at her skirt with a look of disgust, “I want to take a good bath and sleep up. By the way, help me prepare some Costin Shower Gel and Number 9 Chanel Perfume. I also only wear silk bathrobes and nothing else.”

Hua Cai Jin revealed a difficult look when he heard this. He awkwardly scratched his head and said, "I don't know if this house had those things prepared. If there isn't, then I don't know if there is a place to look for them."

He did take care of Bai Lian Xin since she was the daughter of a family friend and she was a good classmate.

He would listen to her requests before, but in the end of the world, the things she wanted wasn't just about money. Rather, it would cost human lives to get what she wanted.

"But.....But I can't wash myself with a cheap shower gel." Bai Lian Xin knitted her brows in a spoiled manner. Hua Cai Jin knew that he had no choice but to comfort her for now, "Go rest up first. The master bedroom is the first bedroom on the third floor. I'll go to the shopping mall to see if the things that you want are there."

"Un! Young master Jin is the best!" Bai Lian Xin spoke in a spoiled voice, not forgetting to hold his arm. She rolled her eyes at Luo Qing Chen before proudly turning to head to the master bedroom.

Luo Qing Chen had never said a thing from beginning to end. She didn't stop Hua Cai Jin from going to that dangerous place to get the Costin Shower Gel and the Number 9 Chanel Perfume.

Some people needed to grow in the end of the world. She deeply felt that Hua Cai Jin needed a deep fall to understand what pain was.

She went to find a room on the second floor. Qian Si Nai and Luo Qing Mian followed behind her and when she opened the door, the two men still didn't plan on leaving.

"Aren't you going to find a room for yourselves?" Luo Qing Chen looked at them with a confused look.

Qian Si Nai and Luo Qing Mian looked at each other before saying at the same time, "No."

The two couldn't help looking at each other when they strangely said the same thing at the same time.

Luo Qing Mian said, "I'll take care of my big sister. After all, men and women shouldn't be too close, so mister Qian can go find another room!"

Qian Si Nai heard this and didn't want to leave at all. He leaned against the wall with his hands in his pockets, "Although you are Qing Qing's little brother, you are also a man! Men and women shouldn't be too close!"

.....

Luo Qing Chen felt like there was a crow flying over her! This fighting really was too much!

"You....." Luo Qing Mian was surprised before turning and shaking his hand in front of his eyes, "I'm different since I'm blind."

"Pu." When her little brother said these self deprecating words, Luo Qing Chen couldn't help laughing.

She put her hands in her pockets as her lips curled, "Stop fighting, stop fighting, you can both stay! There are three beds inside."

Chapter 2407: Welcome to the end of the world (Part 74)

Actually, she didn't care if she shared a room with the two of them because something big was going to happen tonight.

When a person was in fear and death was very close, there wouldn't be that much of a gap in her heart.

But once that person came to a safe place, they would become much more relaxed.

At that time, if she felt fear again, she would fall into a situation of doom.

Luo Qing Chen didn't rest, but took a shower and took out a clean navy blue suit.

"Big sister, where are you going?" Luo Qing Mian saw that she was about to leave, so he tilted his head as he called out to her, "You're dressed so handsomely."

Actually, he was more amazed than anyone by his big sister's appearance.

But it seemed that after he could see, she mainly wore dark coloured clothing.

It wasn't an exception today, but it was still exceptionally beautiful.

"Kids shouldn't ask too much!" Luo Qing Chen pursed her lips into a faint smile, "If you want to ask, you should ask where your big sister found such handsome clothes!"

As soon as her voice fell, she quickly went out and headed downstairs.

Luo Qing Mian still hadn't reacted as he stood there in a bit of a daze.

Qian Si Nai on the side was wiping his wet hair with a towel as he said, "Your big sister has a space creation ability, so my things are kept there."

"My big sister.....Isn't my big sister a Fire Power User?" Luo Qing Mian trembled, "What space creation!"

"Your big sister's fire powers were awakened after the apocalypse."

"What about the space powers?"

"Before the apocalypse!"

"....."

-

As soon as she came out of the doors of the villa, Luo Qing Chen used a high tech GPS from the Qian Family to locate the largest nearby store.

It wasn't that far, it was a duty free shop.

Hua Cai Jin wasn't on the first floor, he should have gone looking for what Bai Lian Xin wanted.

He really.....was a stupid cute!

Then on account of the world before the apocalypse where this young man had spoken up for her, she would let him know what the apocalypse was.

The things that he worked so hard to get were worth more than his life in the eyes of others!

There weren't many zombies at the entrance to the store, but even if there weren't many, their energy cores were taken.

The surrounding buildings showed signs of being swept by the wind. Luo Qing Chen looked in and found a faint light sparkling.

She wasn't worried that Hua Cai Jin couldn't beat the zombies, she just stood there waiting for him.

After all, if a person wanted to see through another person, what was needed definitely wasn't rumours or speculation.

It was to see and hear things with their own eyes.

Hua Cai Jin moved very quickly and in less than ten minutes, he came out of the store with a large bag in his hand.

Other than the Costin Shower Gel and the Number 9 Chanel Perfume, he also got some face masks and other skin care products for girls which were all the brands that Bai Lian Xin used.

Actually, he knew that Bai Lian Xin liked him and perhaps it was because he didn't feel the same love that he felt a bit guilty towards this young miss.

She had done many things for him at school and although he didn't feel love for her, he at least felt that she was like a little sister.

He was a bit surprised seeing Luo Qing Chen standing at the entrance of the store with her hands in her pockets waiting for him.

"You.....Why are you here?"

Luo Qing Chen casually took a hat from her personal storage space and put it on before saying, "I came to show you what the end of the world is."

Before leaving the villa, she had Qian Si Nai do a small favour for her.

Chapter 2408: Welcome to the end of the world (Part 75)

At the villa.

Bai Lian Xin stood in front of a large wardrobe to choose some clothes after taking a shower for the 'dinner party'.

Since she was going to the dinner party with her father, she had to be the most dazzling person.

She felt that she had gone through hardships that she had never experienced today.

As the saying goes, when extremes come, it will eventually end!

It was a good thing that the owner of the villa had good eyes, so the clothes in the wardrobe were considered top quality.

She chose to wear a light blue tailcoat and impatiently waited for Hua Cai Jin to come back.

“Kou, kou, kou.” There was a knock that came from the door. She excitedly went to open it and didn’t forget to add, “So slow! I’ve been waiting……”

Before she could finish, the one that entered her eyes wasn’t Hua Cai Jin, but rather the male god Qian Si Nai that she couldn’t conquer!

Actually, for Bai Lian Xin, she didn’t have a favourite person in this life.

She was in love with Hua Cai Jin at school because first, Hua Cai Jin could give her the most attention and second, there were no other men that had surprised her at school.

It couldn’t be said that there weren’t any others, it was just that those men were too easy. If she showed off one day, they would be under her dress the second day.

Not interesting at all!

It was because Hua Cai Jin never answered her that he became her only male god.

But now she was in the end of the world.

For Qian Si Nai to come to her at this time, she felt that it was a good thing.

Seeing the handsome face of the youth, the look in his eyes, and the faint smile on his lips, Bai Lian Xin strangely felt nervous and her heart started beating fast.

But she didn’t know that there were two people hidden in a dark place, silently watching this play!

“Isn’t this classmate Qian?” She shyly lowered her head and pushed the stray strands of hair behind her ear before saying, “Do you need me for something?”

“Qing Qing wanted me to tell you that Hua Cai Jin was ambushed by an ‘armoured zombie’ at the store and he’s seriously injured. She wants me to take you to him.”

“He met an ‘armoured zombie’?” Bai Lian Xin was stunned as she felt very uncomfortable.

If Hua Cai Jin died, she would be in a very dangerous situation again.

What to do? What to do? What to do?

She asked herself three times in a row, but she couldn’t find an answer.

A few seconds later, she could only reveal an awkward smile, “You can’t even take care of that zombie, what’s the point of me going!”

“He’s seriously injured, it might……” Qian Si Nai stood up straight and a faint sparkle appeared in his deep eyes, “Be the final time you see him.”

After experiencing the scene of the four of them working together to kill the zombie, she knew that this ‘armoured zombie’ was very powerful.

If Hua Cai Jin died, her situation would be very dangerous. But if she went, it wasn't as simple as being in danger.

It would be like.....sending a sheep to the tiger's mouth!

"I think that I shouldn't go and cause trouble for you all." Bai Lian Xin blinked with her wide eyes, "If something really happens to him, will classmate Qian protect us for him?"

"What you care about is very strange." Qian Si Nai gave a shrug before a sharp glow appeared in his deep eyes, "Shouldn't you feel guilty because he went out to get the things that you wanted?"

Chapter 2409: Welcome to the end of the world (Part 76)

Bai Lian Xin was surprised as her expression turned a bit stiff. She naturally wouldn't go to such a dangerous place to see Hua Cai Jin, this was basically telling her to go and die.

Let alone although Hua Cai Jin met the zombie because he was buying stuff for her, it was the zombie that killed him and not her.

Even if it was the past world where laws still mattered, this wouldn't be related to her at all.

She wasn't a fool, she wouldn't sacrifice herself because of others.

But.....when facing Qian Si Nai, it was impossible for her to say this even if she thought it.

"I was just a bit surprised....." Bai Lian Xin's eyes trembled before she said, "Although I'm very worried about young master Jin, I'm just a normal person and not the same as you Power Users. Classmate Qian wouldn't be asking me to go die, right!"

Bai Lian Xin naturally knew that her words were off since for her past arrogant self, she would have just turned around and never would have explained.

But because it was Qian Si Nai in front of her, she had to give an explanation!

The end of the world was long and no one knew what would happen, but if Hua Cai Jin died, she had to find the chance to win over Qian Si Nai.

Even if he said that he had a master.

Even if he said he would only protect Luo Qing Chen.

Even if he had always been cold towards her.

But so what?

As long as the hoe could be swung, there wasn't a hole that couldn't be dug. She had often made boys with girlfriends fall in love with her back in school, it wasn't that hard to do.

On the contrary, it was very easy in her eyes.

"Un humph." Qian Si Nai gave a soft snort as an unpredictable deep look appeared in his eyes.

No wonder Qing Qing was always so black bellied towards this girl, it seemed like his Qing was the kind one.

If it was him, he definitely wouldn't have let her live this long.

Of course, he knew that it was that she didn't want her to die that easily.

Actually, this was also good. Lasting a day longer in the end of the world was another day of torture for a normal person like her.

Thinking of this, he couldn't help feeling that his future wife was very intelligent!

Un, her EQ was also high.

Seeing that Qian Si Nai was silently looking at her without saying a thing, she gave an awkward blink before saying, "I wonder where classmate Qian is going next? If young master Jin.....doesn't come back, this place won't be safe anymore."

"I've already found the safe zone, I'll be leaving tomorrow." Qian Si Nai narrowed his eyes and said, "It seems like you don't want to go with your father!"

"Un, un, un." Bai Lian Xin excitedly nodded, "My mother died a tragic death because of Luo Qing Chen, so my father and I are already estranged. Not to mention that he can't go anywhere without your protection....."

When it came to Bai Da Shan, she already planned on separating from him at the supermarket.

There was no use in having this kind of a father. He could already be considered a half dead person at his age, why did he choose to kill her!

"So you want to come with me?" Qian Si Nai narrowed his eyes and revealed a faint smile, as he led Bai Lian Xin into his trap step by step.

He knew that Luo Qing Chen and Hua Cai Jin were standing not far away. Although he was a bit jealous that his Qing was trying to help Hua Cai Jin see the truth, they were still people who had fought together before.

Compared to this hypocritical Bai Lian Xin in front of him, he appreciated Hua Cai Jin more.

Chapter 2410: Welcome to the end of the world (Part 77)

When Bai Lian Xin heard that there was a possibility that Qian Si Nai would take her, her expression became very excited.

"Can I?" She pursed her lips and said, "Actually, I felt that you were very special back in school because other than young master Jin, all the other boys had confessed to me. You were the only one who didn't."

When Bai Lian Xin said this, she deliberately showed an expression of sprouting love and shyly lowered her head to say, "You might not know, but when I noticed you at that time, I felt that you were very attractive."

Of course, this 'unintentional' confession was completely planned by Bai Lian Xin.

She had been so arrogant back at school, how could she notice a man with mushroom hair and acne!

"Ha, ha, ha!" Qian Si Nai gave a sarcastic laugh, "Don't you feel disgusted saying this?"

To be honest, Qian Si Nai hated this kind of pretentious and fake woman the most.

He hated this kind of woman more than a woman who had a direct evil heart.

"You.....How could you say this to me!" Bai Lian Xin was clearly shocked.

She thought that even if Qian Si Nai wasn't moved by her 'confession', he would at least have some impression of her.

But he had directly called her 'disgusting'!

Why did he say this about her? What was bad about her? Why was she inferior to Luo Qing Chen?

That woman who killed her mother was protected and loved by him, why did she become disgusting!

Qian Si Nai looked at Bai Lian Xin who had her eyes wide open and had a fierce look and felt uncomfortable.

He could only help this much, it was considered a successful retreat.

Because he didn't want to face this hypocritical woman anymore. Even another moment would make his stomach churn.

"The two of you, you can come out now." Qian Si Nai put his hands in his pocket and narrowed his cold eyes, "Hua Cai Jin, it's not that I look down on you, but your eyes really aren't that good."

When the three words 'Hua Cai Jin' came out of Qian Si Nai's mouth, Bai Lian Xin felt her heart suddenly skip a beat.

"You.....What did you say?" Her eyes opened wide and her face turned pale. She pointed at Qian Si Nai with her right hand, "How could you.....lie to me!"

When Bai Lian Xin's voice fell, Hua Cai Jin and Luo Qing Chen came out of their hidden spot.

There was a dark red quarter moon in the sky. When the moonlight fell onto Bai Lian Xin's face, it looked so strange.

Hua Cai Jin tightly clenched his fist and his silver hair looked even more beautiful reflected against the moonlight.

There was a 'dong' sound as a bag fell to the ground. Inside was the Costin Shower Gel, Number 9 Chanel Perfume, and some other skin products that his 'good friend' had used that he had gone through layers of zombies at the store to get.

He realized how dumb he had been at this moment.

He realized just how cheap the love that this woman named Bai Lian Xin used to talk about was!

It was a good thing, it was a good thing that he never liked her!

It was a good thing, it was a good thing that although he felt embarrassed by her confessions, he had decisively rejected her.

He always thought that if he let down a girl's love, he should make it up to them, so he had always treated her like a little sister.

He agreed to her unreasonable demands most of the time and even in the dangerous end of the world, he hadn't refused.

But what did he get?

Laughable, it truly was laughable.....
