Chapter 241: Proud actor emperor's best coupling (Part 7)

At the same time, Mu Hua Nian received a call from ms Lan.

"Aiyo, I say baby, how long will you remain stubborn! Come back and admit your mistake to your father, we can still discuss the engagement matter." Ms Lan honestly said through the phone, hoping that her son could come back.

After all, Mu Hua Nian was the only son of director Mu who led the four great families of S City, he had never experienced any kind of suffering before.

A person called 'S City's Mysterious Young Master' actually went into the entertainment industry and became a little star, it was a fact that no one knew.

It had to be said, the confidentiality of the business world was always higher than the entertainment industry! Some rich second generations rarely showed their faces and no one had seen them before.

"I'm not getting married. What family marriage, I'm not interested and will never be interested." Mu Hua Nian's tone was a bit excitable, but he still obediently calmed down to say, "Mother, you don't need to worry about this matter."

"Ai, you.....Then tell mother if you need anything. All your cards have been frozen by your father, so remember to use the one mother gave you, alright? The password is your birthday."

"Un, thank you mother."

After that, he hung up. Standing up, he looked out the window from the eighteenth floor and looked at all the lights in front of him.

There was a flame that gradually burned in his heart. Without the Mu Family's aura, could he at least once stand up as the true Mu Hua Nian with his own abilities?

And not as Mu Qian Ye's son.

The next morning, Luo Qing Chen woke up early and picked out a light green dress which had seven layers of lace on it, looking quite elegant.

She put on some very refreshing makeup and tied her hair into a high ponytail before putting on a faint layer of pink lip gloss. Looking at the bright mirror in the corner, she thought of one sentence.

Un, as expected, having beauty is having capital.

You Zi had been waiting for a while downstairs. When she got into the car, she was looking over the program for «Entering Love», while looking over the other four couples participating.

As expected, one of the couples was the supporting male and female leads Gu Liu Sha and Xia Xing Ge.

"You, don't look at them." You Zi said with a soft sigh, "One of them is the most popular man this year and the other won the Golden Award for Best Actress last month. I know that it is a bit awkward for you to do a variety show with them, but....."

“Big sister You Zi.” Luo Qing Chen’s expression changed slightly. Her eyes were clear and she didn’t look hurt at all, as she said with a faint smile, “I’m not that interested in their couple, it’s just that this pair is a bit interesting.”

She pointed at a man and woman in the photo and said, “According to what I know, haven’t they already gotten married?”

“Stop talking about this! As long as the public doesn’t know, they are idols of the entertainment business!” You Zi was eating a grapefruit as she said, “You should think about how to act loving with Mu Hua Nian! Although you are just a supporting couple, it is still a chance to shine being on TV! You have to seize this chance to become famous!”

Luo Qing Chen helplessly shrugged as she smiled without saying anything. A bit of melancholy filled her heart. Showing love with a big tree, ai, this really is a bit difficult!

At the same time, in a luxurious Benz.

Xia Xing Ge was in a black leather dress leaning against Gu Liu Sha. The skirt reached only an inch above her knee, showing off her calves. Looking closely, it perfectly demonstrated her slender lines.

“Ai, isn’t this your previous girl?” Her red lips grinned as she looked at the picture in the program. There was a trace of disdain that flashed in her eyes as she said with a cold smile, “Truly only worthy of being a supporting couple.”

Chapter 242: Proud actor emperor’s best coupling (Part 8)

Gu Liu Sha looked at Luo Qing Chen in the photo with clear eyes and a faint smile before slightly knitting his brows.

Without knowing why, an indescribable feeling filled his heart.

After a while, he finally slowly said, “This kind of program is just filler at night, don’t be jealous!”

He had been with Xia Qing Ge for a year and three months, so he was very clear on her personality.

A young miss, arrogant and willful, selfish and jealous.....

And what she gave him was just his current status in the entertainment industry.....

He suddenly felt that it was a bit boring. There was a flash of his time spent with Luo Qing Chen in university and his heart was suddenly moved.

“Humph!” Xia Xing Ge gave a cold snort and slightly pursed her lips to say, “I feel dirty!”

At nine in the morning, the first rays of sunlight was shining down on the sea and the large scale show «Entering Love» had officially begun.

Luo Qing Chen had finally seen the male and female supporting lead in person and in terms of face, Xia Xing Ge couldn’t compare to her.

No wonder back in university, Gu Liu Sha liked her and didn’t like Xia Xing Ge.

As for Gu Liu Sha, he really wasn't that bad. He was wearing a black tuxedo that paired with his white skin. His face had a handsomeness to it, but there was also a gentleness to his handsomeness, as well as two thin lips. He was sexy without losing his handsomeness.

Un, not bad! But it belonged to the kind of face that looked good at first and didn't hold up.

She looked back at Mu Hua Nian and he really did what he said last night. He was wearing a light green dress shirt that was rolled up at his wrist. It was simple and beautiful that contained an indescribable sexiness. It was like a prince who had casually thrown away his formal wear after a banquet, noble without losing any elegance.

Comparing it, Mu Hua Nian won!

And it wasn't just winning by a bit, it was winning by a lot.

Luo Qing Chen stood beside him and even felt a bit inferior.

But they really did match well together. They were both green as grass with a feeling of spring that made people want to take another look at them.

Even Xia Xing Ge couldn't help looking over Mu Hua Nian, since who didn't know that Xia Xing Ge cared about appearances.

"Alright, welcome everyone to set of «Entering Love». You should all be clear on where you stand and where the cameras are. Our main goal will be filming our Liu Sha and Qing Ge, followed by Chen Dong and Xiao Mo. The other two pairs will be supporting actors for the camera, understood?" The director's words were not a normal kind of forward. He just referred to them as the 'other' two couples, he didn't even call them by name.....

Everyone gave slight nods, only Xia Xing Ge gave a cold snort and had a look of disdain.

The director didn't say anything, as he smiled and began filming.

Everyone had come to a four story villa and each couple was given a floor to live on. Because it was morning, so the first thing was looking over the rooms they were living in.

Although on the surface it was decided by a lottery, it was actually the "best male lead" and "actor empress" who chose first.

Xia Xing Ge naturally picked the highest floor because the view was wide and peaceful.

The villa faced the sea and one could enjoy the sky at night.

The secondary couple Chen Dong and Xiao Mo took the third floor and the other couple who was already divorced but still came on the show took the second floor.

That meant that Luo Qing Chen and Mu Hua Nian had the relatively noisy and humid first floor.

"Everyone put away your luggage and then come down to film the breakfast scene." The director's voice came from the dining room in the south and it clearly rang through everyone's rooms.

Surprisingly, Xia Xing Ge who normally made everyone wait for her was actually the first one there.

Chapter 243: Proud actor emperor's best coupling (Part 9)

She carefully took out a white powder from her golden leopard print bag and poured it into the dish where Luo Qing Chen's place had been set before turning her butt, sitting down in her seat looking indifferent.

Not long after, everyone came down stairs in small groups.

Only Luo Qing Chen and Mu Hua Nian were still in their rooms!

They were arguing over who would sleep on the bed by the window!

"Young miss Luo, I have a fear of open spaces, can you give the bed by the window to me?" Mu Hua Nian put all his clothes onto the bed, not looking like he wanted to discuss at all.

Luo Qing Chen thought in her heart: 'A question! You don't even need this!' An affirmation is more like it!

"Is mister Mu certain?" Her lips curled into a smile and she walked over to the window, opening it with a 'shua'. Blinding sunlight suddenly shined in.

She turned around with a faint smile as she looked at Mu Hua Nian and said, "Mister Mu, but I have multiple personality disorder. Perhaps in the middle of the night, I will swing a mace that will break the window. When that time comes, you'll be facing the wide open sea."

!

After three seconds, Mu Hua Nian pursed his lips as a deep meaning flashed in his eyes. He looked at her snow white skin and the faint blush on her face, shining against the light, as well as having the wide ocean behind her.

He put his hands into his pockets and his lips curled into a faint smile as he began moving towards her.

Luo Qing Chen was surprised and quickly took a step back.

He kept moving forward.

She kept moving back.

All the way until her back was pressed against the window did he finally stop.

"You....."

"Dong." His right hand came out of his pocket and he slapped his hand against the glass door as he said, "When facing the sea, remember to be with me....."

"Ah, what?"

"Un, you guess."

After saying this, Mu Hua Nian took his left hand out of his pocket. His slender fingers began unbuttoning his dress shirt and with button by button, his white and slender figure appeared in front of her eyes.

Luo Qing Chen's face turned completely red and she controlled her rapid breathing. She cleared her throat and said, "I'm going to change clothes to eat, mister Mu can slowly bathe in the sun!"

As soon as her voice fell, she quickly turned and dove down under his feet.

Mu Hua Nian didn't stop her and just gave a soft laugh. There was a faint gentleness that appeared on his imposing face.

[Ding, affection has increased by five. Mission completion rate is now 0%.]

WTF? The affection always increases unknowingly! Although it was only five, it was still something to be happy about.

After all, she returned to the beginning.

Luo Qing Chen took the team uniform the director had given them off the sofa. Without knowing if it was a coincidence or if it was intentional, they were actually the green team!

Damn, this green colour was never far from them!

After simply changing her clothes, Luo Qing Chen went downstairs and saw that everyone else was already sitting. The director didn't have a good look on his face. No matter what, they had waited for them for a long time!

"Quickly, quickly." The assistant director said with knit brows.

After sitting down, she looked up to see Xia Xing Ge's face.

What to do, she really wanted to send two slaps her way!

[Host, you have to control yourself!]

.....

"Alright, action!" The director said.

In an instant, the silent hall was filled with laughter and chatter, as every person had a "flower like" smile on their face.

What amazed Luo Qing Chen the most was the divorced couple Chu Qing and Nie Jing.

Nie Jing picked up a sandwich with loving eyes and put it in Chu Qing's mouth as she said, "After getting married, you are like a lazy little cat!"

Chu Qing said with a sweet smile, "With you here, I'm willing."

In an instant, Luo Qing Chen's world view was about to collapse, alright?

Chapter 244: Proud actor emperor's best coupling (Part 10)

The director on the other hand was nodding, seeming like he was very satisfied.

Compared to this, Gu Liu Sha's movements were more natural. When Xia Xing Ge picked up her fork to eat her salad, there were bits of white salad dressing on the side of her mouth.

Gu Liu Sha raised his hand and very naturally wiped the corners of her mouth as he said, "Eat slower."

"Thank you." She deliberately lowered her head in a shy manner, as her voice dripped out like drops of water.

Luo Qing Chen swallowed a mouthful of saliva as she felt her stomach churn.

It really was like Mu Hua Nian said, this «Entering Love» really was a seeking death program of showing love!

Damn! Can there be more sincerity and less routine between people?

Deceiving the fans and audience like this, making them think that you were actually this loving.

But what she felt strange about was why was it that with every bit Xia Xing Ge took, she looked in her direction?

That kind of look, why did it seem like she was plotting something?

[The host's guess isn't wrong, there is a problem with the food. The supporting female lead has added laxatives, you can not eat it.]

Damn! As expected, after experiencing all those worlds, I've become smarter!

[.....]

But system, I'm hungry.

[Ding, the host has been given two hard tack biscuits in your right pocket, please accept them!]

Nani? Sparkly eyes! System, when did you become this considerate! Could it be that there is another change I don't know about in this world!

[The host can refuse to accept them.] The host is strange, she even suspected goodwill!

No!

"Director, it isn't good if this supporting couple doesn't do anything at all!" Xia Xing Ge finally couldn't take it as she said to the director with a smile, "They should at least interact, don't you think!"

After saying this, her eyes fell onto Luo Qing Chen.

The director gave a thoughtful nod as he said, "Feed her something."

After that, he turned to the cameraman and said, "The camera should cut through without stopping. In the end just fall onto where Xia Qing Ge is."

"Yes, director."

Luo Qing Chen naturally knew that once the director spoke, if she didn't eat, she couldn't explain it.

She was still thinking of a plan when a certain person spoke first.

Mu Hua Nian avoided Xia Xing Ge's eyes filled with deep meaning before looking at Luo Qing Chen with narrow eyes and saying, "You don't seem hungry, I'm rather hungry."

As his voice fell, he grabbed Luo Qing Chen's wrist and scooped up a spoonful of cake, putting it in his mouth.

Luo Qing Chen was a bit surprised, as she pulled her wrist back a bit.

But Mu Hua Nian didn't give her the chance and used a bit of force to eat the poisoned cake.

She also felt it was strange, could it be that he saw there was a problem with her food? But why would he help her when he looked like he was set on hating her?

System, system, does Mu Hua Nian know there's a problem with the food?

[This system doesn't know.]

Trash! System, can you give me diarrhea medicine? You already gave me hard tack biscuits, you won't lack some medicine!

[.....]

System, you are the world's most.....

[Ding, diarrhea medicine has been put in the host's left pocket, please accept them!]

Un, very cute system.

She blinked before taking out the medicine with her left hand. She quickly picked up the mineral water on the table and put the medicine in, as she gave it to Mu Hua Nian while saying, "Don't just eat cake like a starved refugee, drink some water——"

Mu Hua Nian knit his brows and looked at this girl in surprise, unwillingly being forced to drink by her.

He thought: This girl really is an idiot! She can't see that there's a problem with the food, but she should be able to see that he was a good person!

Chapter 245: Proud actor emperor's best coupling (Part 11)

Luo Qing Chen looked at his 'wasting his goodwill' expression and ignored it.

The director didn't say anything since they only appeared for a second, so some interaction was enough.

The audience wouldn't see if clearly and they wouldn't see their faces at all.

But Xia Xing Ge's expression didn't look that good. But in order to appear cute and pure in front of the camera, she held it back!

After an incomparably 'sweet' breakfast banquet, all the couples returned to their assigned rooms to organize their stuff before they were assigned a date. The couples were assigned in groups of two, with the main and second couples being separated.

Although the ones with the highest popularity on «Entering Love» were Gu Liu Sha and Xia Xing Ge, Chen Dong and Xiao Mo's popularity weren't bad. They were still second rate star.

In order to give them enough shots, the director naturally had the two groups go to different places.

Enemies met on a narrow path, as Luo Qing Chen was placed in the same group as Xia Xing Ge.

The location was the beach on Bali Island and the goal was.

Surfing!

When she returned to the room, Luo Qing Chen put her things away as quickly as possible. When she was prepared to dig out the two hard tack biscuits to eat, the door was opened.

There was a faint cologne scent that wafted in. Mu Hua Nian's face was a bit pale as he held a plastic bag with bread and yogurt inside.

He softly placed the plastic bag on her bed and then headed to the bathroom.

"You're still hungry?" Luo Qing Chen's lips curled as a smile appeared in her eyes.

Without knowing why, she felt this kind of feeling was quite good.

After that, Mu Hua Nian's head poked out. His eyes were sparkling and there was a trace of pride in his voice as he said to her, "It's for you, no need to thank me. I just think that you being too thin would lose face for me, my onscreen couple."

Luo Qing Chen was frozen as she looked at the plastic bag on the bed. After hearing the sound of water flowing in the bathroom, she smiled in her heart as she thought: Proud youths all seem to say the opposite of what they're thinking?

There were actually people like this in the world, this was simply incredible, alright?

If it wasn't for her system telling her that there was a problem with breakfast, wouldn't she think that this man in front of her was petty and excessive?

After putting away her things, most of the crew had already left. They only left a car for them and a single member of the crew.

Luo Qing Chen and Mu Hua Nian were the most argumentative couple on the way! A comparison really had to be made now.

In Gu Liu Sha and Xia Xing Ge's luxurious Benz.

"I feel that surfing today is a bit interesting, sports on the water! But I'm a bit afraid, the fans all know that I'm afraid of water." Because there was a camera there, Xia Xing Ge's voice was a bit trembly and a bit nasally.

“Don’t worry, I’m here!” Gu Liu Sha narrowed his eyes as he leaned against the window on one hand. A familiar figure in a light green dress appeared in his mind and he couldn’t help revealing a faint smile.

In university, she was just that good looking, that mesmerizing. They were always together and he was filled with happy memories.

But now the person standing by his side was not her.

Without knowing why, when he saw her again, there was a throbbing feeling that appeared in his heart. That kind of youthful girl who was only eighteen standing by his side, as the wind blew through her skirt and carried a faint flower scent over.

If possible, did he have a chance to go back?

Chapter 246: Proud actor emperor’s best coupling (Part 12)

And with the other couple that had already divorced, Chu Qing and Nie Jing.

“Today’s weather isn’t bad, it’s very suited to go hiking.” Chu Qing looked out the window with a faint smile.

“That’s right! I feel that you should exercise more.” Nie Jing looked over at where the camera was as she replied.

“So, dear, how about you take responsibility in being the breadwinner and I’ll be responsible for being as beautiful as a flower?”

“Alright!”

As for Luo Qing Chen and Mu Hua Nian’s location.

“It can’t be that you’re a dry duck, right?”

[TL Note: Can’t swim.]

Who, who’s talking? It was hard enough to have a nice rest, who has such bad awareness!

“You look like a duck!”

“Have you seen such a handsome duck?”

“Handsome? Then the question is, if mister Mu is this confident in your face, if a handsome face were to fall from the sky, would you not pick it up?”

“No.” He blurted out without even considering it.

“Don’t want face!”

This girl, really! Was she born to contradict him!

After that, Mu Hua Nian slightly pursed his lips and his expression changed. He looked over her before his eyes fell onto her chest. His lips curled as he said, “Is a flat valley beautiful?”

As soon as his voice fell, Luo Qing Chen's heart instantly filled with flames! This treasure's body is so good, the system even gave her a 95, but he actually called her flat?

Actually it wasn't that he didn't know her figure was good, he just wanted to see what kind of reaction she had.

A cute red face? Would she go crazy with anger? Would she angrily hit him?

He was very expectant.....

But he never thought.....

Her eyes lit up and her clear as water eyes looked at his face. They slowly moved down until they reached a certain part of him and she said with a sweet smile, "Small and compact?"

"Si——" The driver suddenly stepped on the breaks and the car skidded forward for over two meters.

The two shouted at the same time.

"Focus on driving!"

"Focus on driving!"

"So.....Sorry.....It's all because your words are just too 'elegant'. He, he, he....." The driver was a little fellow in his early twenties with glasses, who was also a member of the crew. When he laughed, his face was a bit red.

"Eh, the two of you can think of a simple couple name while on the way, like XX couple. It will be used in the next game on the show." The filming assistant finally put in a word, smiling as they spoke.

.....

A deathly silence.....

#Most afraid of sudden silence#

"Ke, ke....." The assistant cleared his throat before saying, "How about the Luo Nian Couple? It's elegant and imposing!"

.....

More deathly silence followed.....

"Perhaps you like Qing Hua, that has more 'feeling'. It's sweet and warm!"

After another three seconds of silence, the driver couldn't take it anymore, "That....."

"You be quiet!" They were clearly two little stars without fame, but they were all filled with pride!

So angry! The assistant wanted to angrily curse out at them.....

"How about Luo Mu couple, what do you think?" Luo Qing Chen completely ignored the assistant whose face was completely red and looked at Mu Hua Nian on the side as she said, "It's quite fitting, isn't it?"

[TL Note: Luo Mu means end.]

Luo Mu, Luo Mu, when would this seeking death program finally end?

“It feels not bad.” Mu Hua Nian leaned back in his seat and narrowed his eyes, as he looked at her slightly pursed pink lips. His heart that was as calm as water unknowingly began to beat faster.

This time, he actually panicked a bit.

[Ding, affection has increased by ten. Mission completion rate is now 10%.]

Chapter 247: Proud actor emperor’s best coupling (Part 13)

“Ke, ke——” The assistant saw that they were finished and couldn’t say anything else, so he could only silently swallow the words he had stuck in his throat!

It really was uncomfortable!

After arriving at the Bali Island Beach, Gu Liu Sha and Xia Xing Ge had already changed into their swimsuits. There was an instructor talking to them in english and there was someone on the side specially translating for them.

The instant Luo Qing Chen came out of the car, Xia Xing Ge’s eyes fell onto her. She gave a soft snort as her eyes filled with disdain.

She looked at her without any fear and couldn’t help thinking: This killer is actually this wild!

It had to be said, Xia Xing Ge’s body was considered not bad. Only her skin was a bit dark, her legs were a bit thick, and her face was a bit fat.....

But her figure was still a good point.

She was too lazy to care about her and went to the locker room to change into her special surfing swimsuit!

When she appeared in front of everyone, everyone was stunned. She was wearing a grass green swimsuit that was very tight, showing off her exquisite figure, matching it with a lace skirt with white and green stripes. The elegant design revealed her slender collarbone, revealing a mesmerizing scene.

In that moment, even Mu Hua Nian who had seen countless beauties couldn’t stop his eyes from falling onto her.

His eyes were sparkling as he walked over to her. Only when he was in front of her did he finally stopped.

There was less than a meter between them. She looked at Mu Hua Nian who was like a dragon in the sea and her heart couldn’t help skipping a beat.

His skin that was taken care of daily wasn’t worse than hers and the eight abs looked like they were carved from jade. His appearance made him look sloppy and relaxed, but the glow in his eyes was something people didn’t dare look down on.

Luo Qing Chen unknowingly swallowed a mouthful of saliva. She looked up at him and her breath stopped, as her face turned red.

"Is young miss Luo planning to take back her words from before?" He looked at her with sparkling eyes and a smile on his face.

"I...."

"Anyway, I will take it back." Luo Qing Chen wanted to say something, but he cut her off.

There was a gentle smile on his face as he looked over her and said, "Not bad."

"You too." She looked up at his gaze of admiration.

"Quickly, quickly." The director looked over at the cameraman beside him, wanting him to capture the interaction between Luo Qing Chen and Mu Hua Nian in this moment.

On the shores of Bali Island, the sun shined down and the white sand was like snow. These two who had heaven defying appearances were standing right in front of each other, looking at each other with curious gazes, making other look right at them.

Xia Xing Ge angrily stomped her foot and said to the translator beside her, "Don't you have other things to do? Why aren't you going yet!"

Anyway, she already knew what she had to care about, so the translator's use stopped here!

"This, don't you have another team that needs explaining?" The translator doubtfully said.

"You don't want to be paid?" Xia Xing Ge's eyes turned cold as she said, "Scram—"

"Yes.....Yes young miss Xia."

Humph, Luo Qing Chen was only a small piece of trash and if she thought that she could enter the camera just by hooking another small piece of trash with a decent appearance, she was just dreaming!

Without the translator, what could she do?

Naturally Luo Qing Chen saw everything Xia Xing Ge did.

System, exchange for English skills.

[Ding, 500 exchange points has been taken. Successfully exchanged for English skills.]

She curled her long hair and walked in front of the instructor, as she said in fluent english, "Can you tell me what I need to pay attention to?"

She caught the attention of everyone on this Bali Island ocean.

That included Gu Liu Sha who was standing not far away from her!

Chapter 248: Proud actor emperor's best coupling (Part 14)

Mu Hua Nian's eyes lit up and he stood beside her with a look of praise before saying to the instructor, "How many meters is the surfing record?"

After that, the air froze once again.

What translator! Luo Qing Chen and Mu Hua Nian didn't even need it at all, alright? Being this fluent in English, wasn't this too handsome?

The instructor was a bit stunned, but then returned to his professional manner, "Ten meters."

.....

Xia Xing Ge was ruthlessly glaring at Luo Qing Chen from the side, her eyeballs had almost popped out.

But the camera was right beside her, so no matter how angry she was, she had to keep smiling!

The director on the side who came back to his senses immediately said to the cameraman beside him, "Did you film them speaking English just now?"

"I did, but I didn't get a close up shot."

"It's fine, it's good as long as you filmed it." The director nodded in satisfaction.

After all, this kind of scene could spread a positive image and would help increase ratings.

Back to Gu Liu Sha, his eyes had been on Luo Qing Chen the entire time. Without knowing why, there was a faint sense of lost in his heart.

The four years of university flashed in his eyes, there was only her in his eyes back then.

But after being apart for less than two years, her attention had fallen onto someone else.

After a while, it no longer fell onto him.

"Liu Sha, I'm a bit dizzy, help me to the side!" Xia Xing Ge saw that Gu Liu Sha was focused on Luo Qing Chen and her heart filled with rage, which was about to explode.

Gu Liu Sha was a bit surprised, but seeing her lips pursed to the point of tilting into the sky, he helplessly nodded.

However, Luo Qing Chen completely ignored them. She seriously listening to the instructor while talking to the system.

System, I need surfing skills, can I exchange for them?

[Yes.]

Exchange!

[Ding, 500 exchange points has been taken. Successfully exchanged for surfing skills.]

OK!

Seeing how they communicated with the instructor, the director spoke up.

“We’ll do a rehearsal first. Since surfing is a rather dangerous project, there are no fixed scripts. But the camera should focus mainly on the Qing Liu couple and the instructor should make sure that everything is safe.”

“Alright, prepare the lights, action!”

Luo Qing Chen could clearly feel that when the director wanted to start, Xia Xing Ge’s complaining expression became a smile like a blooming flower.

“Do girls faces all change that fast?” Mu Hua Nian next to her saw this and revealed a smile of disdain.

“Mister Mu, can you not compare her to me?”

“Oh? Because she stole your boyfriend?”

Damn! When did Mu Hua Nian secretly investigate her!

“No——” She firmly shook her head and said, “Could it be that you want to be compared to Gu Liu Sha?”

He revealed a faint smile as he said with a soft snort, “He’s not worthy.”

Pu, manners like a young master, one had to submit!

Due to time and the camera, the first to take the surfing lesson was the Qing Liu couple.

Time passed by, one hour.....two hours.....three hours.

Since Xia Xing Ge couldn’t surf and couldn’t even stand up on the board, it was unknown how many outtakes she had!

Even the director who normally liked her felt a bit impatient!

On the other side, Luo Qing Chen and Mu Hua Nian were sunbathing in beach chairs, sipping coconut juice as they relaxed.

Chapter 249: Proud actor emperor’s best coupling (Part 15)

“Qing Ge, just model a bit, there’s no need to go on the surfboard.” The director suppressed his anger and looked at Xia Xing Ge with a heavy heart as he spoke.

“No, no.” Xia Xing Ge was panting as she said while waving her hand, “I’m already filled with water, I really can’t take it anymore!”

After saying this, she moved over to a beach chair and fell down, as she began panting.

Luo Qing Chen looked at Xia Xing Ge with her pale face and no ripples appeared in her heart, rather she even wanted to laugh.....

You deserve it!

The director on the side knit his brows before asking the cameraman, "Of the footage you got just now, was there anything we could use or edit?"

The cameraman shook his head with an awkward expression as he said, "There isn't any usable film at all. Director, you also know that surfing needs to be filmed in an arc, it has to go from top to bottom, filming the waves with the surfing to make it look good."

"Un, alright!" The director knit his brows before asking, "Is there any usable footage for Liu Sha?"

"Yes." The cameraman said with a nod, "Although the height of the waves was a bit low, to normal people, it was already considered quite good."

"Alright, have the Qing Liu couple rest now and let's film for the Luo Mu couple." The director looked at the relatively skinny Luo Qing Chen and didn't have any hope at all.

He just wanted to see if he could get a few shots with Mu Hua Nian and his great body.

Xia Xing Ge on the side went through two bottles of coconut juice before finally coming back to her senses. Her eyes were glaring at Luo Qing Chen not far away and she gritted her teeth, as her heart filled with rage.

The things that she couldn't do, could Luo Qing Chen do?

At the same time, Luo Qing Chen who stepped on the short board put on sunscreen while preparing herself.

"You're using the short board?"

"Could it be you're using the long board?"

In the surfing world, boards longer than nine feet was suited for beginners and boards shorter than seven feet were technical surfboards and belonged to professional surfers.

"It has to be said, young miss Luo's posture looks quite professional."

"What, you want to surf together?"

"Don't force it." His eyes slightly lit up. Although his voice was calm, one could here a trace of concern.

"I never do things I don't have confidence in." She slightly looked up at the youth in front of her before she said with a slight curve on her lips, "Mister Mu, let's wait and see!"

As her voice fell, she was the first to move as she charged into the sea, heading towards the waves.

The moment she hit the water, she felt her entire body trembling. Going up the wave and reaching the peak. When she felt the wave hit, she firmly used the board to ride the wave and quickly charged at a higher peak.

Mu Hua Nian was stunned. Seeing Luo Qing Chen freely moving along the waves, there was a sparkle in his eyes.

After that, he changed to a short board and charged into the waves.

Mu Hua Nian was even more professional than Luo Qing Chen who had exchanged for surfing skills. Each time he passed through a wave, he would always create a beautiful arc in the air.

He jumped up and raised his hands high up without even using the board to charge forward, looking chic and beautiful.

Luo Qing Chen didn't show any weakness, following his arc, creating a perfect match each time.

Her heart was filled with wild joy in this moment because standing up while surfing, she could feel just how charming this kind of extreme sport was.

"Quick, quick, quick, turn on all recording devices and turn on the lights. Film, film, film!"

Chapter 250: Proud actor emperor's best coupling (Part 16)

The director's excited voice made all the staff slowly come back to their senses.

After all these episodes of «Entering Love», they had never seen such a dazzling couple before.

They were simply blinding them!

In that instant, Xia Xing Ge who had been laying back on her beach chair immediately sat up and stared at Luo Qing Chen among the waves. She muttered in disbelief, "How could this be possible? She knows how to surf?"

Gu Liu Sha sitting beside her knit his brows. As Luo Qing Chen's boyfriend for four years, he actually didn't know that she could surf this well.

At this time, he realized just how little he knew about her.

It's said that a serious woman is the most beautiful and he felt she was a bit dazzling as he watched her surf.....

"You're not allowed to watch!" Xia Xing Ge gritted her teeth. Seeing Gu Liu Sha focused on watching the sea, there were flames that burned in her heart.

Gu Liu Sha slightly knit his brows and looked away, as he helplessly shook his head, "Qing Ge, can you stop your temper?"

"I'll have my temper, could it be that you weren't looking at her?" Xia Xing Ge stubbornly grabbed Gu Liu Sha's swimsuit as she said in a sharp voice, "Could it be that you're still thinking about her! Don't forget your position and who gave it to you!"

If it wasn't for her, Gu Liu Sha wouldn't have had such good resources as soon as he graduated, meeting all kinds of good projects and soaring into the sky!

"Can't you see that everyone is looking at her?" Gu Liu Sha pulled her hands off his swimsuit as he looked at her and said, "This is an instinctive appreciation for her."

Seeing Xia Xing Ge with her fierce look and threatening appearance, without knowing why, he became a bit impatient with her.

After half an hour, the director called out with a smile, "Cut! It's been hard on everyone today!"

"Thank you director." Everyone thanked him in unison except for Xia Xing Ge who looked indignant without making a sound.

Her hands became fists and she muttered while biting her lip, "Luo Qing Chen, just you wait."

During the lunch break, Luo Qing Chen sat down on her bed after washing up before looking at Mu Hua Nian who was sleeping on the bed beside her.

There was a faint grass scent, which was the scent of his body. It was different from the major cologne brands, it gave him a kind of refreshing smell.

It was very comfortable smelling it.

He was sleeping quite soundly, so Luo Qing Chen carefully came to the side of his bed, seriously looking at his face.

His lips were slightly pursed, his dense brows were slightly raised in a rebellious manner, and his long lashes were trembling slightly. He was sleeping on the side with his back to the light, making his skin as white as snow.

Luo Qing Chen's heart skipped a beat as her eyes fell onto the black mark behind his ears, which was like the mark of the death god.

She could clearly feel her heart beating faster and even her breath became a bit rushed.

After that, she was scared by her own panic and took a step back in disbelief to hit a lamp, which made a crisp breaking sound.

She was frozen in place as she stared at Mu Hua Nian lying on the bed.

His brows slightly knit, but he didn't open his eyes.

"Hu——" She let out a long breath and laid down on her bed, quickly hiding in her blankets. It was like a child who had done something bad and was afraid she would be discovered.

But what she didn't know was that sleeping youth, when she dived into the blankets, his lips curled into a faint smile.

Pretending to sleep, it seemed quite good.....

[Ding, affection has increased by ten. Mission completion rate is now 20%.]

What was this situation!? Luo Qing Chen was stunned again and again in her blankets, alright?
