

## Quick T 2411

### Chapter 2411: Welcome to the end of the world (Part 78)

“Young master Jin, listen to me.” Bai Lian Xin anxiously explained, “It’s not what you think, they.....this a trap that they set to sow discord between you and me!”

“Could it be that you don’t think that this explanation is a bit too light?” Luo Qing Chen put her hands in her pockets and gave a shrug before saying with a smile, “It really is laughable.”

“You!” Bai Lian Xin bit her lip and said, “Don’t slander people!”

“You.” Luo Qing Chen imitated her tone and curled her lips into a cold smile, “Don’t provoke me. My temper isn’t good and if I can’t control my abilities, you might be sent to the underworld!”

Without knowing why, seeing Bai Lian Xin panic like this with a face filled with hatred and not knowing what to do, she felt very happy.

It wasn’t bad for a person to fall from the third floor to the first floor, it was terrifying to fall from the hundredth floor to the first floor.

This kind of inner contrast was the most torturous feeling.

Bai Lian Xin saw the coldness in Luo Qing Chen’s eyes. Even if there were countless words she had to say to her in her heart, she didn’t dare say a single word.

Although she didn’t understand Luo Qing Chen, she knew that if she didn’t have Bai Lian Xin’s backing, no one would stop her if she killed her with her powers!

So the most important thing for her was Hua Cai Jin.

“Big brother Jin, do you not believe me?” She held her chest and used all her energy to ask this.

This time, she didn’t call him young master Jin, but rather big brother Jin.

She liked to call him big brother Jin in the past, but since her confession had been rejected, she had been calling him young master Jin.

Because Hua Cai Jin never minded this, she got used to calling him young master Jin.

But now she called him big brother Jin again to evoke the first memories between them.

The air around them suddenly fell silent. After a few seconds, Hua Cai Jin slowly looked up at her with cold eyes and said, “Yes! I don’t believe you.”

“We are classmates, how can you trust them and not me!” Bai Lian Xin’s eyes filled with tears as she pretended to be aggrieved, “I am the one who likes you the most!”

“They are also my classmates.” Hua Cai Jin’s words were ice cold and decisive. It was as if he didn’t give Bai Lian Xin a single chance, or rather he had been completely disappointed by her.

He proudly raised his head to look at her, “Also, I believe my own eyes.”

Actually, his heart was disappointed! After all, being nice to a person and getting this kind of reward would make anyone's heart disappointed.

But he was lucky because he had seen her true face.

If he didn't see it with his own eyes, he might have doubted Luo Qing Chen and Qian Si Nai's words. But after seeing it with his own eyes, he realized how dumb he had been.

So dumb that 'people who weren't related' had to remind him not to be a fool!

"No!" Bai Lian Xin saw that this matter had become irreversible, so she came forward to grab Hua Cai Jin's arm, "You have to believe me, you have to believe me! This definitely isn't what you think it is."

She didn't know how to explain, so she could only use this method to stop Hua Cai Jin.

After all, this was the Power User that she had just attracted and the only person who would protect her in the end of the world!

Hua Cai Jin whipped his arm and a strong gust of wind blew Bai Lian Xin five meters away.

"Don't force me to kill you." As soon as his voice fell, he coldly turned around and walked into the darkness.

#### **Chapter 2412: Welcome to the end of the world (Part 79)**

Luo Qing Chen didn't go down to eat when it was dinner time, but rather she walked around these foreign styled villas.

She had felt that something was off as soon as she came in, this feeling didn't give her a familiar or happy feeling.

Rather.....it felt dangerous.

Because she had her doubts, she went to Hua Cai Jin's room to ask for some details.

As soon as the door opened, she found that he had changed clothes. Although his face was tired, he also seemed to have adjusted his mood.

"Can I come in and talk?"

"Un." Hua Cai Jin came back to his senses and politely made way for Luo Qing Chen, "Of course."

He poured a cup of fruit tea for her and awkwardly said, "I didn't have time to collect supplies, so don't look down on me."

"No." Luo Qing Chen took a sip, "It's very good."

"That's good!" Hua Cai Jin revealed a faint smile and said, "Classmate Luo, did you come see me for something? If it's about Bai Lian Xin, you don't need to say anything. I now know that there's no cure for that."

When it came to Luo Qing Chen, he felt like he was looking up at her. Like she was a star in the sky that he could only look at and could never reach out to touch.

That kind of.....out of reach.

“I think that classmate Hua can take care of that person yourself.” Luo Qing Chen’s expression changed slightly as she said, “I wanted to ask you about this villa. Why did you set up this place as a safe zone?”

Luo Qing Chen’s question was a bit abrupt, so Hua Cai Jin was surprised for a long time before knitting his brows to say, “Isn’t it a safe zone because there aren’t any zombies here?”

Luo Qing Chen’s expression changed slightly when she heard this. She slightly knitted her brows and she tapped the table out of habit with her right hand as she said, “A safe zone isn’t a place without zombies. In other words, a place without zombies isn’t always a safe zone.”

“What does that mean?” Hua Cai Jin saw Luo Qing Chen’s knitted brows and strangely felt a bit nervous. He took a deep breath and said, “Classmate Luo, just say it directly! I don’t understand if you beat around the bush like this!”

“I talked to an expert about how the apocalypse would develop before the end of the world came.” Luo Qing Chen looked up and said, “When we came in, I saw that there was something hanging in the dark corner. I thought that it was a spider or something, but after looking carefully, I realized that it wasn’t.”

“What is it?” Hua Cai Jin said, “I’ve been outside all day and haven’t looked carefully, I only know that there weren’t any zombies when I came to this villa.”

“A heart.....A human heart.” Luo Qing Chen put her cheek on her left hand, “I also found intestines in the ceiling of the third floor’s right side.....”

“What?” Hua Cai Jin’s expression changed as he said in a surprised voice, “You’re saying that there are zombies here?”

“It should be a third grade or higher zombie.....” Luo Qing Chen thought about it and said, “If I’m not wrong, it shouldn’t be here. Rather.....this should be its shelter.”

It seemed like that with the high population of the city and with all the people dying, the zombies were evolving quickly.

Third grade or higher zombies acted in groups and even found shelters for themselves, along with storing what they considered ‘food’.

“God! So it’ll be back?” Hua Cai Jin suddenly stood up and said, “I will immediately tell the others.”

“Wait.” Luo Qing Chen called out to stop Hua Cai Jin who was quickly walking out, “I have something that I need to do first. I will guarantee the safety of everyone in the villa except.....Bai Lian Xin.”

### **Chapter 2413: Welcome to the end of the world (Part 80)**

Hua Cai Jin was a bit surprised. He had thought that Luo Qing Chen was a girl he could get along with, but then he saw the chill in her eyes.

As well as.....killing intent.

For Luo Qing Chen, she had some things that she understood. Because just now, she had noticed that there was a faint green light that appeared above Bai Lian Xin's head.

It was very faint and disappeared quickly, but she was certain that it was a sign that her powers were awakening.

It turned out that Bai Lian Xin in the apocalypse was a Power User. If she didn't make a mistake, she should be a spiritual or healing Power User.

Those two abilities were both very powerful.

In the later stages of the apocalypse, there would be more and more people and Power Users getting injured and there would be less and less water and medical supplies.

For example, antibiotics. Some commonly used antibiotics would be sold at sky high prices, even being exchanged for a vehicle or a crate of food.

In the later stages, medicine was very precious, so precious that it became a treasure.

So whether it was spiritual powers or healing powers, they would become very valuable in the later stages.

Just like in games, there were many damage dealers, but there was usually only a single healer.

She thought that she could keep Bai Lian Xin a bit longer, but now it seemed like King Yama couldn't wait to see her.

At midnight, the red moon was slowly covered up by the clouds.

There were many rooms in the villa, but very few people. Luo Qing Chen carefully checked the 'food storage' places in the dark corners of each floor to see how many zombies there were and where they hid.

There were two that were rather dangerous. The first was a side room on the first floor and Luo Qing Chen had the auntie who lived there change rooms.

As for the second.....it was the master bedroom on the third floor Bai Lian Xin was in.

However, Bai Lian Xin didn't feel any danger at all. After Hua Cai Jin left, although she was in a panic, she still calmed down and picked up the shower gel and perfume that he had brought her.

The things inside were quite complete, but there wasn't her favourite face mask.

While washing up, she said to herself in an aggrieved voice, "I'll wrong myself and use this cheap mask today!"

She applied the Costin Shower Gel and after washing up, there was a faint cherry blossom scent that came from her.

Putting on the light blue tailcoat from earlier, she sprayed on her perfume and put on her makeup.

Bai Lian Xin sat in front of the dressing mirror looking at her beautiful face and she couldn't help smiling as she muttered to herself, "This beautiful face, how could the heavens be willing to take it back! I will live, I will live no matter what."

Her voice was very firm as if she had already thought of a countermeasure.

Hua Cai Jin was angry just now and there were people fanning the flames from the side, so he would naturally be angry with her.

But they had been friends for many years, so he would naturally notice how good she was after calming down.....

Bai Lian Xin thought this as she leaned on the soft couch, eating the chocolates that Hua Cai Jin gave her earlier. There was a faint sparkle that appeared in her eyes.

She actually didn't like chocolate, but she was hungry, so she took a few bites.

Of course, she knitted her brows in disgust. She then picked up the phone by the bed and sent Hua Cai Jin a text message.

#### **Chapter 2414: Welcome to the end of the world (Part 81)**

(I was wrong before, forgive me, alright? ——Bai Lian Xin)

There was nothing wrong with apologizing first. She was an arrogant person, being able to speak from below was already her greatest concession.

She thought that Hua Cai Jin would drop this matter since he was always accommodating to her before.

But even after a few minutes, the phone didn't ring.

Bai Lian Xin was a bit worried and also a bit angry.

She was worried that Hua Cai Jin would really ignore her and she was angry because no one had ever ignored her texts before.

Back at school, everyone had treated her like a little princess.

After the end of the world, she thought that everyone would fight to protect and even fight each other for her.

But not only did this not happen, she was bullied again and again by the lowly Luo Qing Chen.

The reason was because she was a Power User so she was above others?

Ridiculous, ridiculous, absolutely ridiculous!

After another few minutes, Hua Cai Jin still didn't reply.

Bai Lian Xin couldn't hold back her anxiety and sent another text to Hua Cai Jin.

(Don't go too far.....we are good friends and family friends. Doing this is very ugly! ——Bai Lian Xin)

Since she couldn't do soft, then it was better to go hard.

Time kept ticking away and Bai Lian Xin paced back and forth in the room holding her phone.

Actually, she was more adapted to this kind of life. Using her phone where there was a signal, wearing this sexy and beautiful clothing, leaning back on a high end couch.

She was born to live this life and even in the end of the world, she would live this life.

But.....Hua Cai Jin didn't reply to her texts.

Even as danger and death approached bit by bit, he still didn't pay attention to her.

Some people were very cold and once they didn't have any feelings for a person, they didn't care about their life and death.

At half past three in the morning.

A flock of crows flew over the villa and there was a tense atmosphere that filled the air.

Luo Qing Chen didn't sleep, she just played with her storage space while lying in bed. When she saw a snack that she liked, she didn't forget to take a few bites.

The space creation ability really was good in the end of the world. It had a large capacity and could clearly organize things.

[That is all the system's work!]

The sudden mechanical voice in her head had scared her and she even almost dropped the sausage in her hand.

Then in order to reward you, I will bring you to see 'absolute hell on earth'!

After she responded to the system, she looked out the window.

There was a red mist that surrounded the villa and even she felt that this scene was a bit exciting.

In order to follow along with this mood, Luo Qing Chen even took out a dark red cloak and a large hat from the storage space that she used to cover her face.

This atmosphere, this feeling, it really was like being a dark magic world which was strangely exciting.

Going up the eastern stairs, she could see quite a few zombies that were all third grade zombies.

The only fourth grade zombie was in front with a faint green light around its head.

Qian Si Nai's grandfather had talked about the grading of zombies. The first to seven grades of zombies would have the reverse order of the rainbow glowing around them.

As for eighth and ninth grade zombies.....

Black and gold.

It had to be said, the evolution speed of zombies in this apocalypse far surpassed what she had imagined.

If it wasn't because she had seen a ninth grade zombies before, she would have definitely been surprised by this fourth grade zombie.

### **Chapter 2415: Welcome to the end of the world (Part 82)**

Luo Qing Chen first had Hua Cai Jin remind everyone not to make any sound at night or they would have to deal with the consequences themselves.

At the same time, the bodyguards in the four directions could be withdrawn.

In front of a fourth grade zombie, even a strong bodyguard would be sheep sent to the tiger's mouth without powers.

Although she didn't have the heart of 'saving everyone' like Hua Cai Jin.

She had her reasons and sacrifices didn't need to be made when there was no need.

The fourth grade zombie wasn't that fast and as it walked along, it took out its 'stored food' from a corner, biting into the heart in its hands.

"Baji, baji, baji." This strange sound filled the entire third floor's corridor.

She hid in the dark while covering her aura. She couldn't help revealing a smile.

Naturally many people heard the sound of this zombie eating the heart, but everyone held their breath.

Only Bai Lian Xin's stomach gurgled with a happy look on her face.

"Still not replying to my text. So you knew that I didn't have dinner and went to find something for me to eat." Bai Lian Xin curled her lips as she walked towards the door with small steps while secretly feeling happy.

She was still fantasizing in her mind, she would definitely have to act a bit arrogant towards Hua Cai Jin.

After all, it had been humiliating for her to send two texts like that and he didn't reply to a single one!

When she heard the slowly approaching sound and when she opened the door, what appeared in front of her face wasn't a handsome man.

It was only half a face that had centipedes in it. There was a burnt smell that came from its body and black blood kept flowing from its mouth.

Bai Lian Xin felt her mind buzz at that moment as she lost all her strength.

Luo Qing Chen stood there with her hands in her pockets, watching her arrogant smile freeze and listening to her deafening voice——

Suddenly scream!

"Ah!" Bai Lian Xin shouted with all her strength as she desperately moved backwards.

“Kacha, kacha, kacha.” When the zombie smelled fresh blood, their white eyes suddenly filled with blood.

“Don’t come over, don’t come over!” Bai Lian Xin wildly shouted as she covered her head with both hands, “Don’t kill me, don’t kill me, don’t kill me!”

There was a layer of green light that appeared around her, surrounding her in layers. She could feel her body suddenly filling with power.

“Peng!” With a wave of her right hand, the air was filled with bits of green light.

The fourth grade zombie and the two third grade zombies behind it felt their heads becoming heavy and their expression filled with a bit of pain.

This painful feeling made them want to kill the girl in front of them even more. They wanted to drink her blood and eat her heart.....

Luo Qing Chen standing not far away narrowed her eyes, “It seems to be spiritual abilities.”

“Roar!” One of the third grade zombies bit her arm and the pain stimulated all her senses.

Bai Lian Xin’s mouth filled with a sweet taste as she spat out blood.

Luo Qing Chen narrowed her eyes and watched as the zombie tore the blue tailcoat on her to pieces. She kept watching as she kept screaming from the pile of zombies.

She saw her bitten hand.....strangely heal.

“Ze, ze, ze.” Luo Qing Chen touched her ear with her right hand and her lips curled as she muttered, “A healing and spiritual dual awakener. Bai Lian Xin, quite good.”

### **Chapter 2416: Welcome to the end of the world (Part 83)**

Once an awakened Power User was fatally wounded, the ability gene in them would mutate in advance.

Perhaps Bai Lian Xin wouldn’t have awakened her powers that quickly, but now she was about to awaken them.

When she saw the green light around her, when she saw that the zombies were a bit afraid of her, when she saw that there was a zombie that had fallen.

She laughed, she laughed into the sky with that happy laugh!

“Ha, ha, ha, ha, ha!” She loudly said, “I am a Power User, I am also a Power User!”

To the people that wanted to hurt her, she had finally awakened her own power.

It turned out the heavens still loved and cared for her. The things that those lowly people had, she could also have and her power would be stronger than theirs.

“Luo Qing Chen, do you see this?” Bai Lian Xin didn’t forget to shout out, “I am also a Power User, are you that amazing?”

“Ke, ke.” There was a cold voice that rang out as a golden light flashed in front of her. The Exquisite Ring’s light suddenly hit the astrolabe of Bai Lian Xin’s awakening.

“Space and time freeze.” Everything around them froze other than Bai Lian Xin.

She looked at Luo Qing Chen walking over step by step with that cold glow in her beautiful eyes.

She watched the golden light falling from the sky that cut her astrolabe.

“What are you doing?” She forcefully waved her right hand, but the powerful green light started to dim bit by bit.

“I hate people calling me with my surname.” Luo Qing Chen raised her right hand to touch her chin, “Especially people I hate.”

Bai Lian Xin trembled. She moved her face away and started at her with wide eyes, “My ability? Where’s my ability?”

She must have done something to her. Why did the power that she suddenly felt filling her disappear the moment that she appeared?

“You never had an ability.” Luo Qing Chen narrowed her cold eyes and revealed a faint smile, “Because I won’t give it to you.”

“You.....” Bai Lian Xin gritted her teeth, “Luo Qing Chen, you can’t do this, you slut!”

“I can also listen to people swearing at me.” She gently touched her ears and started moving back step by step.

Then she quickly disappeared into the dark night and with a snap, everything around her returned to normal.

The zombies wildly charged at Bai Lian Xin and she kept waving her arms, wanting to use her power.

But unfortunately, her powers had already been wiped out by Luo Qing Chen.

Qian Si Nai’s grandfather had said that when a person awakens their powers, it is when they are at their strongest and their most vulnerable. The power was their powerful abilities and their heightened senses.

The weakness was that if someone destroyed the astrolabe of their awakened power, their power would never awaken again.

When she took back the Exquisite Ring, it was covered in gold and green light.

When she put the Exquisite Ring on her hand, she could feel a strange power filling her. It was like the Exquisite Ring had sucked in a power, which was a wonderful feeling.

“Is it spiritual or healing?” Before she came back to her senses, there was a deep voice that rang in her ears.

It came from her family’s black bellied male lead Qian Si Nai.

“I feel that big sister is suited for spiritual abilities.” There was a sunny and familiar voice that rang out. It was from the gentlest little brother Luo Qing Mian.

Un humph! These two liked to follow people!

### **Chapter 2417: Welcome to the end of the world (Part 84)**

When Qian Si Nai heard this, he said with a smile, “I just want to see how black bellied my future wife will be.”

He liked seeing her indifferent and uncaring appearance the most.

Doing whatever she wanted, not caring about others.

He liked this kind of pure person, not like those who had clear dark hearts, but showed a kind appearance.

He had enough of those gazes when he had been disguised at school, he had seen more than enough of that stuff.

As for when the end of the world came, he felt that there was nothing to regret.

The reshuffled world was better, the fit survived and the strong reigned.

“Ke, ke.” Luo Qing Mian gave two soft coughs, “Classmate Qian, when you say things like this, can you consider the fact that I’m here!”

He didn’t like the feeling of his big sister being stolen and now this person was blatantly saying these things!

Too! Much!

Qian Si Nai seriously looked over at Luo Qing Mian and said with a smile, “Can’t you ‘not see’?”

!

Wa! How could there be someone like this?

“I ‘can’t see’, but I can still hear, ok?” Luo Qing Mian didn’t forget to pull Luo Qing Chen’s hand when he said this and said in a spoiled voice, “Big sister, he’s bullying me!”

“Hey, hey, hey!” Qian Si Nai quickly stopped and said, “Stop tattling!”

Luo Qing Mian gave a very arrogant snort which made Qian Si Nai who had always been calm feel helpless.

It had to be said, Luo Qing Chen quite liked this interaction between them.

She felt that they were competing on the surface, but they actually quite admired each other.

There was one more important thing.

In the end of the world, they worked together to protect one person and that person was very important to them!

It was because of this one person that there was resonance.

And when they were fighting not far away from the master bedroom on the third floor, the woman in the room was devoured by the zombies.

Among the horde of zombies, Luo Qing Chen could see the look of despair on Bai Lian Xin's face. Her eyes were already starting to fill with blood, but they were also filled with hatred.

It wasn't hard to hate a person, but it wasn't easy to hate a person from your core, where you won't let them go even if you go to hell.

The clouds in the dark night slowly dissipated and there was no longer a quarter moon that was in the sky.

It was a round bright red moon.

Qian Si Nai standing beside her narrowed his eyes and knitted his brows.

It seemed like something was about to happen.

He narrowed his cold eyes and said with a cold smile, "It seems like we can rank up."

As soon as his voice fell, he jumped out and charged to the master bedroom.

Before Luo Qing Chen could react, Luo Qing Mian was already following Qian Si Nai. The two of them looked at each other when they entered the room, seeing the eyes filled with emotion on the other side!

What was this situation?!

When did they not need to say anything to convey thoughts without even needing her?

She gave two laughs before pulling out the Phoenix Dance Sword, charging out at the zombies.

When she saw Bai Lian Xin again, she was no longer a 'human'.

The light blue clothes had been soaked in blood and the fair skin was smeared in dark blood.

Without any flesh, the bones could be seen.

The most terrifying thing was where her heart had been. There was a hole left by the fourth grade zombie's digging hands, even the blood vessels there were still bleeding.

It was dark and red.....

## **Chapter 2418: Welcome to the end of the world (Part 85)**

"Xiu, xiu, xiu, xiu, xiu."

There was a strange sound that filled the air and Bai Lian Xin released a yellow glow that lingered around her head.

With a 'ding' sound, the head that had been bowed down like a puppet suddenly looked up. Her eyes were filled with blood and her purple lips filled an arc.

She was smiling with a wild smile.....

This kind of smile made Luo Qing Chen feel that she wasn't dead and still had consciousness.

"It doesn't matter if she's a human or a corpse." Qian Si Nai narrowed his cold eyes as he said, "Just kill her again."

As soon as his voice fell, he quickly charged into the zombies. Black blood splattered on his black clothes and he was a knight in the night, as there was only killing intent in his eyes.

Luo Qing Mian looked at his white clothes and slightly knitted his brows, but he didn't hesitate to charge into the zombies with Qian Si Nai.

Luo Qing Chen gave a cold laugh. The hilt of the Phoenix Dance Sword was filled with a burning heat as if it couldn't wait to enter the fight.

When the zombies fell one by one, blue energy cores appeared in the air.

This battle gradually came to an end.

Until the three of them working together killed the fourth grade zombie. When the green energy core appeared in the air, they thought that the fight was over.

But they had forgotten Bai Lian Xin who was releasing a dark yellow glow.

"Fifth grade zombie....." Qian Si Nai knitted his brows as his eyes turned deep.

It seemed that she had been blocked by some outside force when awakening, so the attack of the zombies she encountered at that time had turned her into a zombie.

But the power energy core in her body didn't disappear and with the zombie virus, it had become zombie powers.

She had become the only fifth grade zombie in this that had relied purely on evolving.

"She should be proud!" Luo Qing Chen looked at Bai Lian Xin who was covered in bloody clothes and had a terrifyingly ugly face and said with a cold laugh, "It's a pity that she can't be proud for long."

As soon as her voice fell, Bai Lian Xin who turned into a zombie gave an angry roar. IT was like she could understand Luo Qing Chen's words and she had roared to show her anger.

"Be careful." Qian Si Nai took a step forward as his beautiful eyes filled with killing intent. He said in a soft voice, "It is a fifth grade zombie after all."

"She was defeated by me when she was a person and now she's a zombie that can only rely on an energy core to keep living....." Luo Qing Chen slowly raised the Phoenix Dance Sword as she gave a cold laugh, "She isn't even qualified to touch the hem of my clothes."

The fiery red coat danced in the wind as the Phoenix Dance Sword's blade swayed.

When she looked at Bai Lian Xin at this moment, she kept thinking of the grudges between them.

From the previous host to her, every event, every person.

It had to be said, she had to die! She definitely.....had to die!

"I will take care of the person that my big sister hates for her." Luo Qing Mian charged forward without hesitation, charging in Bai Lian Xin's direction.

But then.....

Several strong golden glows appeared that all looked very strange.

There were several powerful auras that were all very familiar that appeared around them.

She blocked the golden glow before shouting to Qian Si Nai, "The armoured zombies?"

"Yes!" Qian Si Nai replied without hesitation before his voice sank, "Ninth grade zombies."

#### **Chapter 2419: Welcome to the end of the world (Part 86)**

Three seconds later, the light disappeared and everything around us fell into silence.

When Luo Qing Chen suddenly looked up, other than the energy cores in the air, there was nothing else.

No ninth grade zombies, no Bai Lian Xin, and no.....Luo Qing Mian.

"Mian Mian!" Luo Qing Chen called out before saying, "What is going on? What is this situation!"

Her heart was incomparably flustered at this moment, so flustered that she couldn't calm down and think about what had just happened.

"Qing Qing." Qian Si Nai's beautiful voice made her come back to her senses.

There was a cold sweat on the back of her hands as she bit her lip and said, "I can understand them taking Bai Lian Xin away since a Power User that suddenly awakened to become a zombie would definitely have a special energy. But.....why did they take away my little brother!"

Luo Qing Mian wasn't a very powerful Power User and even if he had prediction abilities, many things would change because of the consciousness of humans.

That was the butterfly effect.

Then adding in how the end of the world changed quickly, this ability was very weak at this stage.

It would only become more powerful in the later stages.

Why would those who were hidden in the darkness take her little brother?

"Let's go pick up your mother first and then go back to the Qian Manor." Qian Si Nai gave his suggestion.

Although the zombies had already been eliminated by them, there was no major government organization in A City setting up a large safe zone. As more and more zombies appear, their levels would become higher.

They didn't know how many Power Users had awakened, but they knew that this place would definitely fall.

Luo Qing Chen was surprised before closing her eyes and letting out a long sigh. She knitted her brows and said, "I don't even know how to face my mother."

Her little brother was no longer a burden, he was someone with incredible eyes and could see the future.

But even so, she hadn't been able to protect her little brother.

She had been negligent this time.

"Don't worry too much." Qian Si Nai narrowed his eyes and said, "The energy core of the ninth grade zombie automatically entered Qing Mian's body, so that means that he has a special power."

"Special power?" Luo Qing Chen's eyes were filled with doubt as she asked, "What does that mean?"

"It's hard to say." Qian Si Nai pointed at the glow of the Exquisite Ring on her right hand, "Perhaps, the Luo Family are all triple awakens. Is it spiritual or healing?"

"Spiritual?" Luo Qing Chen looked at her ring before giving a sigh.

Awakening a third power should be something to be happy about, but she didn't feel any happiness right now.

These people, why did they take her little brother! This question was something that really puzzled her.

But what she was certain about was that it was definitely related to the ninth grade zombie energy core entering his body.

Early next morning, Luo Qing Chen planned on saying goodbye to Hua Cai Jin, but she never expected him to decide to join them on saving Luo Qing Mian.

"I don't have any friends in the end of the world....." Hua Cai Jin said with a bitter smile, "Although you might not regard me as a friend, at least you are honest enough."

It had to be said, people who experienced betrayal grew faster.

Hua Cai Jin was a child that could be taught! At least it wasn't like a drama where he was blinded by everything Bai Lian Xin said, so he was able to do something like this.

## **Chapter 2420: Welcome to the end of the world (Part 87)**

"The other side should be very strong." She narrowed her eyes as a sparkle appeared in those clear eyes, "You are a young master who has awakened a power, you can clearly live well in the apocalypse. Why would you do such a dangerous thing?"

The question she asked was very direct since Hua Cai Jin could only be considered a friend that they met by chance.

“What’s the point?” Hua Cai Jin said with a helpless smile, “In the end of the world, the most exciting thing for me was fighting the ninth grade zombie with all of you that day. The chance meeting can be unforgettable at times.”

“You’re not a saviour?” Luo Qing Chen gave a chuckle as her impression of Hua Cai Jin slowly recovered.

He gave a long sigh and said, “I think that since it’s the end of the world, everyone has their own destination. I can save one person and can’t save the other. Are you willing to let me come with you?”

He looked at Luo Qing Chen and then looked at Qian Si Nai. The look in his eyes was very sincere.

Luo Qing Chen reached her hand out and said, “You’re welcome to join and thank you for helping save my little brother.”

-

After going to the hotel to pick up her mother, Qian Si Nai led Luo Qing Chen, Hua Cai Jin, Mu Jin, and the little baby to the Qian Manor.

This was an absolute safe zone that was established three months before the end of the world.

“Grandfather should have gone to find other safe zones. I’ll take you to find rooms first and then we’ll go to the command center.”

“Qing Qing, why are we here?” Mother Luo was very worried as she looked at Luo Qing Chen, “Shouldn’t we be going to rescue Mian Mian?”

“Mom, first.....”

“Auntie, don’t be anxious.” Qian Si Nai cut Luo Qing Chen off when he saw that she was a bit nervous, “The control center has many special equipment, so it can find Qian Mian’s location as soon as possible.”

“Yes, auntie!” Hua Cai Jin helped by saying, “Besides, there are so many zombies outside and it’s not a good method for us to search without any clues.”

Luo Qing Chen rubbed her temples before nodding to them and saying in a soft voice, “Thank you.”

Luo Qing Mian had been captured and she was very worried. Then adding her mother constantly whispering in her ear the entire time, she couldn’t calm down and analyze the situation.

It was a good thing that someone silently helped her explain so that she was no longer as panicked.

After sending mother Luo, Mu Jin, and the baby to a room, Luo Qing Chen went to the control center to find Qian Si Nai.

The Qian Manor’s control center was very powerful. With a special system, he was able to find the position of all Power Users.”

“Look at this image.” Qian Si Nai switched the screen to a world map, “Until now, eighty one Power Users have awakened in the entirety of the country.”

“It seems like there are few Power Users.” Luo Qing Chen knitted her brows and said, “Some cities don’t even have a single one, so they will fall soon.”

Qian Si Nai heard this and explained, “There might have been awakeners who were bitten to death by zombies before awakening.”

This was very likely to happen since the evolution of zombies was already very quick and Power Users had to be in a certain environment before they could awaken.

“Un! Keep going.”

“It can roughly sense the existence of dual awakeners.” Qian Si Nai said this as he pressed a green button, “The Fragrant Mountain to the north has a dual awakener and it’s a male!”

“We are to the far south, it’s not easy to get to Fragrant Mountain.” Hua Cai Jin thought about it before saying, “Unless.....”

“We take the water path.” Qian Si Nai raised his hand to pat her head, “I’ve already prepared everything. We’ll set off after dinner!”
