

Quick T 2421

Chapter 2421: Welcome to the end of the world (Part 88)

Luo Qing Chen never thought that in the apocalypse world of year 2150, she would be giving up cruising down the highway in a Porsche and then taking a yacht.

But it was Qian Si Nai's private speed boat and it was quite fast.

After an hour and a half, they traveled from the Qian Manor to the south to Fragrant Mountain to the north. On the way, Luo Qing Chen really felt that this end of the world had changed.

The blood contaminated rivers were completely black and there were no fish in the water, just a few mutated fish.

They had sharp fangs, were covered in thorns, and were very aggressive.

If they weren't Power Users, normal people definitely couldn't survive the attacks of these creatures.

Of course, what she felt was the greatest change was the silence around her.

This was a deathly silence, as if there was no one else in this world other than her.

"Don't worry." Qian Si Nai saw her knitted brows and comforted her, "The control center could feel the life energy of Qian Mian, so he shouldn't be in danger for now."

"Un." Luo Qing Chen narrowed her eyes as a firm look appeared, "I will definitely save him."

After thinking for a long time, she gradually calmed down.

Even if there was a ninth grade zombie, you knew that the world was the end of the world.

The 'superior' couldn't be a zombie as well. It was most likely a 'person' or a 'Power User' that awakened ahead of time like her.

She didn't know what method they used to cultivate these ninth grade zombies and how they contacted them.

But when she first saw them, she could hear something beside the armoured zombies.

"Found it!"

This was most likely the 'superior' wanting to find a key person in the end of the world.

Either this person could help them reach the peak of the apocalypse or they needed their help. On the other hand, this person might destroy everything they have, so they would want to get rid of this person as soon as possible.

A person who could control ninth grade zombies was already at the peak of the apocalypse, this superior's current position was like the president of the world.

No one could shake their position.

So it was most likely the latter.

There would always be equals. The theory of world balance was something that every world had, so if there were zombies, there would also be Power Users.

Zombies could evolve, but Power Users could also evolve.

Then the person that could have this kind of power in the beginning of the apocalypse would have someone that wasn't strong now that could defeat them eventually.

This person should be her little brother Luo Qing Mian.

-

After getting off the boat, they arrived at the foot of Fragrant Mountain. This was a famous mountain in A City and people came to climb it on weekends for exercise.

There was a temple at the top called Eternal Peace Temple and other than this temple, there was no other place to hide Luo Qing Mian on this mountain.

"There's only one path up the mountain." Qian Si Nai opened the tablet to confirm the location while saying, "Qian Mian's location is still there. If we go up, even if they want to run, they will still meet us."

Hua Cai Jin on the side heard this and said, "Your family really is powerful. Even in this situation, not only do you have connection, your tablet is even connected to the control center."

"Un," Qian Si Nai said with a nod, "My grandfather knew that the end of the world was coming three months in advance, so naturally he's prepared."

Chapter 2422: Welcome to the end of the world (Part 8)

"Amazing, amazing." Hua Cai Jin gave a helpless smile, "You hid it so well at school that I really didn't notice it at all."

"The less inconspicuous, the more resources could be gathered in the shortest amount of time." Qian Si Nai calmly said, "It's a pity that it still couldn't protect Qing Mian."

Luo Qing Chen heard this and gave a sigh, "It's me who's to blame. A triple awakener is only like this."

Moreover, she wasn't just a triple awakener. The power that she possessed was greater than any power that this world gave her.

It was a pity.....

Thinking of this, Luo Qing Chen suddenly thought of something.

She looked over at Qian Si Nai and said, "Aren't you a dual awakener? What is your other power!"

Qian Si Nai never expected Luo Qing Chen to suddenly ask this. Moreover, he had never told anyone that he was a dual awakener, so how did this girl know!

"How did you know?" Qian Si Nai narrowed his eyes as he looked over her body.

Luo Qing Chen was surprised. Could it be that she shouldn't know?

Wasn't this the information that the system gave her? Moreover, he's the male lead, so isn't it normal that he was a dual awakener?

"I.....I guessed!" Luo Qing Chen gave a solemn nod and said, "The Qian Manor is so powerful that it's normal for you to be a dual awakener."

"An awakener doesn't depend on power or status." Qian Si Nai gave a chuckle and said, "It depends on luck."

Luo Qing Chen was slightly lost in thought. Thinking about it, only people who had superior physiques and destinies could become Power Users.

Bai Lian Xin was a scumbag, it was impossible for her to be a Power User, let alone a dual awakener.

"Alright!" Qian Si Nai looked at her doubtfully and said, "Actually, the second ability that I awakened is useless, it's just a trash ability."

"What is it?"

"When the time comes, I'll use it for you to see."

It took an entire hour for them to climb the mountain, but they didn't encounter any zombies on their way up.

But there was only a main road here, so they found that there was a large rock blocking them halfway and they couldn't pass.

They had to go around in a large circle with the mountain paths before reaching the peak.

On the way, they could see from Qian Si Nai's tablet that Luo Qing Mian's position never changed.

For some reason, Luo Qing Chen felt strangely uneasy.

This uneasy feeling spread to the depths of her heart and slowly affected her mood.

Until they reached the peak and Luo Qing Chen's heart sank.

The tablet showed that it was here, but there was only a single stone and nothing else here.

"How is this possible?" Qian Si Nai knitted his brows and said, "It's impossible that grandfather's control center would make a mistake."

Hua Cai Jin replied, "Think carefully. Did we go any wrong way that put the position off?"

He looked at Luo Qing Chen who had her hands in her pockets and deeply knitted brows, strangely feeling nervous for her.

However, Qian Si Nai decisively shook his head, "Impossible. I know how important Qing Mian is to her, so I checked it many times."

Luo Qing Chen had fallen into deep thought at this time.

The appearance of the ninth grade zombie, the choice of the energy core, Luo Qing Mian's disappearance, and the wrong location.....

All the scattered fragments flew by in her head and when the fragments came together, she came up with a bold and terrifying guess that shocked her.

Chapter 2423: Welcome to the end of the world (Part 90)

“Did you think of something?” Qian Si Nai saw Luo Qing Chen suddenly looking up with a sparkle in her eyes.

“I thought of something, but it’s all nonsense speculation.” Luo Qing Chen looked at him and asked, “Before the world, after your grandfather told you that the world would end in three months, did he tell you anything else?”

Qian Si Nai clearly didn’t expect this question and more importantly, she had a strange tone when she asked this.

It was as if she was testing him and this made him feel uncomfortable.

“Other than some information about the evolution of zombies and the layout of safe zones, he told me nothing else.” Qian Si Nai honestly replied while seriously looking at her and saying, “If you have any guesses, you can tell me. We can solve it together.”

“A wild guess isn’t worth mentioning.” Luo Qing Chen's expression changed as she said, “Let’s first.....”

Big sister, save me, save me!

“Mian Mian!” Before her voice fell, Luo Qing Mian asking for help rang in her ears.

It wasn’t a cry from nearby, rather it was very far away. Luo Qing Mian was using telepathy between siblings to ask for help.

“Qing Qing.” Qian Si Nai reached his hands out to take her trembling shoulders and looked at her to say, “Look at me and calm down. Then.....trust me.”

“Can I trust you?” Luo Qing Chen closed her eyes before looking up into those dark as ink eyes.

It was already said that people couldn’t be trusted in the apocalypse and she had promised to protect her little brother and mother.

But he.....But the man standing in front of her was her only obsession through thirty eight worlds.

With a 90% affection, she should believe him and must believe him.....

“I suspect that the one who captured my little brother.....” Luo Qing Chen took a deep breath before biting her lip to say, “Is your grandfather!”

“What?”

“How could that be possible?”

Qian Si Nai and Hua Cai Jin revealed looks of disbelief. In their eyes, an old man who could predict the end of the world and had such an amazing ability to read the stars was like a god.

At least he was a person who would save the world.....

Luo Qing Chen not only wanted to overturn his saviour image, but also make him a villain.

This would be hard for anyone to accept, let alone Qian Si Nai who always trusted his grandfather.

“So that was why I said that it was just a wild guess, but I still ask you to believe in my guesses.” Luo Qing Chen gave a sigh and said, “Because at least right now, I don’t have any other guesses.”

“Why do you doubt my grandfather? Is it because Qing Mian wasn’t where the tablet said he was?” Qian Si Nai immediately calmed down and analyzed the matter with her.

“Of course not.” Luo Qing Chen shook her head and said, “Don’t you feel like we’re stuck in an endless loop?”

“Since your grandfather knew the end of the world was coming, he must have known that A City would fall.” Luo Qing Chen paused her as she looked at Qian Si Nai with deep eyes.

He knitted his brows as he thought through something, but three seconds later, he revealed a helpless smile.

Luo Qing Chen knew that Qian Si Nai understood what she meant after she revealed the main thoughts.

“Stop acting mysterious, I don’t fully understand.” Hua Cai Jin on the side was a bit anxious.

He had a feeling that the whole world knew the truth, but he was being kept in the dark.

Chapter 2424: Welcome to the end of the world (Part 91)

“Qing Qing’s meaning is that.....since my grandfather knew that A City would fall, why did he build such a large system and keep all this equipment in A City? It would be too dangerous like this.” Qian Si Nai revealed a bitter smile, “Unless.....”

Luo Qing Chen narrowed her eyes that had a faint sparkle, “Unless he spent all that money to establish that large system at the Qian Manor to find a single person.”

“Why would he find a single person?” Before she could explain, Hua Cai Jin asked this second question.

“Because this person would affect his plans.” Luo Qing Chen narrowed her eyes as she gave her guess, “Other than me, Qian Si Nai, and his grandfather, no one knew about the end of the world in advance. But what if.....the end of the world wasn’t inevitable?”

“You think that my grandfather wanted the end of the world to come?” Qian Si Nai’s deep eyes dimmed bit by bit.

Actually, Luo Qing Chen knew that this feeling wasn’t good since this was the grandfather that he admired.

It was like if one day you found that the saviour you always believed in was the one who destroyed the world.

No matter what the reason, he would feel very bad.

“Yes.” Luo Qing Chen said with a nod, “Mian Mian might be the only person who can stop him.”

She wasn't confident without that many clues, but Qian Suan Zi wasn't as simple as she thought.

At least when she first met him, she could feel that there was a deep vengeance in his eyes.

She didn't know why.

“But the end of the world is already here and grandfather should cherish the fact that Qing Mian can absorb ninth grade energy cores.”

“I hope that it's like that, at least my little brother won't be in danger for now.” Luo Qing Chen knitted her brows and said, “But it doesn't seem like it.....”

While making their own analyses on the way back, they quickly reached the boat and went home.

Although everything was just her guess, it wasn't like she didn't have any concrete evidence.

At certain times, there would be strange images that appeared in front of her eyes.

They were very quick, but they all involved Qian Suan Zi.

At first she thought that Qian Suan Zi would be in danger and planned to discuss it with Qian Si Nai, but she found that it was something else.

That old man with his white hair and beard would always be standing up above.

When they came back to the Qian Manor, nothing had changed and it was just like when they had left.

But.....Qian Si Nai had found a small change.

For example, the door to the control center that he had left half open was now completely closed.

Such a small thing made him strangely afraid in this situation.

He was afraid of the truth. At least before the stone hammer fell, he believed that his grandfather was a good person.

“Someone came here.” Qian Si Nai looked at Luo Qing Chen with a sparkle in his deep eyes.

“Who else knows.....”

“No one.” He cut off her question and calmly said, “My grandfather is back.”

Luo Qing Chen waved her right hand and took the Phoenix Dance Sword out of her storage space, “Sorry, Si Nai.....I need to save my little brother. If everything is different from my guesses, I'll apologize. But if it's the same.....you and I will be on opposite sides, do you understand?”

As soon as her voice fell, there was a silence that filled the air.

Qian Si Nai shook his head with a bitter smile before his cool voice rang in her ears, “Why do you think that I won't be on your side?”

Chapter 2425: Welcome to the end of the world (Part 92)

Yes! She didn't know which side Qian Si Nai would stand on.

But she knew that it was cruel to throw all these questions at Qian Si Nai.

They hadn't known each other before long, but after experiencing life and death together many times, there was a tacit understanding.

This tacit understanding kept making him give her affection, as if they were people who lived in the same world.

No matter if the other person saved the world or lost their conscience, they would appreciate each other.

"I don't want you to stand on this side." Luo Qing Chen looked up and said, "I just want to save my little brother. If it really is as I guessed, I can make my little brother not become a hindrance to your grandfather."

She wasn't a saint, there was no need for her to do great things for the people of the world.

Each person had their own destiny and all things reincarnated, that was how it should be.

No matter what Qian Suan Zi wanted to do, as long as he didn't hurt her family, she wouldn't care that much.

"Qing Qing." Qian Si Nai called her name and raised his hand to pat her head, "I really am blessed to be able to meet you."

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Hua Cai Jin who had been standing on the side wisely looked away, as there was a feeling of envy in his heart.

Pure envy.

He kept feeling that in the end of the world, it wasn't easy to find someone he could give his everything to.

"Di, da, di, da, warning, warning."

Before Luo Qing Chen could respond to these words that seemed like a confession, but also not, the white lights of the command center suddenly turned red and there was a piercing alarm ringing out.

"What is going on?" Hua Cai Jin asked in a slightly nervous voice, "Could it be that your grandfather really is....."

"That's the siren for when an enemy is invading the Qian Manor. Let's go out and see."

After walking out of the control center, they came to a large star chart.

This was a very large and empty place in the Qian Manor and Luo Qing Chen had a deep impression of this when she first came here.

It was around a thousand square meters with nothing around it, only the large star chart in the center.

The star chart was coloured like the stars and it reflected the red moon in the sky, creating a strange star trail on the ground.

“God!” Hua Cai Jin couldn’t help calling out when he saw this strange scene for the first time.

“Be quiet.” Luo Qing Chen narrowed her eyes and said, “I feel that there’s a strange danger here.”

The pressure around her fell on her and she couldn’t help being unable to breathe.

She felt this the first time when she landed in the Chaos Space, there was a faint glow to the bronze mirror that made her feel danger.

This was her second time feeling this, as if this large star chart was something that could cross through time and space.

“The most scary thing is that I’ve never seen this before.” Qian Si Nai’s fingers trembled as he knitted his brows and felt more unsettled.

He hoped that everything was just a misunderstanding. He hoped that while his grandfather wasn’t a saint that saved everyone, he also wasn’t a great villain.

But all his beliefs collapsed when Qian Suan Zi appeared.

“Xian Nai, you’re back!” A strong voice rang out. Although it sounded out, it was still filled with power.

Luo Qing Chen looked in the direction of the sound and saw a strong looking old man slowly coming over.

He was in white clothes and had bright eyes, but there was a depth that couldn’t be seen through in those eyes.

“Grandfather.....” Qian Si Nai knitted his brows as he looked at his grandfather.

Chapter 2426: Welcome to the end of the world (Part 93)

Actually, when he saw him, he already knew that he had changed.

A smile could deceive people, an attitude could deceive people, but in the Qian Manor, eyes couldn’t deceive people.

Because once a person did something unspeakable, their eyes would dim.

That was what his grandfather had told him ten years ago.

“Xiao Nai! You’ve become this old in the blink of an eye.” Qian Suan Zi had his hands behind him as he slowly came to the center of the disk before looking up at the red moon in the sky, “I still remember when I brought you to this world, you were still three months old.”

Everyone was stunned by this.

Even Luo Qing Chen, who had always been calm and collected, took a cold breath when she heard Qian Suan Zi's words.

What did he say? Could it be that Qian Si Nai wasn't from this world?

They came from another world?

"Grandfather.....is that really you?" Qian Si Nai's deep voice trembled a bit as Luo Qing Chen could tell that he was a bit nervous.

"If you do something, you do it, your grandfather won't deny it." Qian Suan Zi stroked his beard, "Can you listen to your grandfather's story before this?"

Qian Si Nai didn't reply and looked at Luo Qing Chen.

Luo Qing Chen's eyes trembled before she slowly released her clenched fists, "Speak."

She was almost 100% certain that Luo Qing Mian was in Qian Suan Zi's hands and she was in a dangerous situation.

But right now, she couldn't do anything other than listen to him talk about the past.

"We aren't people from this world, we came from the world two hundred years in the future, which is year 2355." Qian Suan Zi gave a sigh, "It has been a long time without knowing it."

Over the next half an hour, Qian Suan Zi described everything.

The twists of this plot was something that normal people couldn't think through, but Luo Qing Chen's guess was half right.

That wild guess was half right.....

The world two hundred years later experienced an interstellar war, with invaders opening wormholes in the North Pole and using those wormholes to invade Earth.

The people of Earth didn't have any abilities to resist these interstellar invaders and could only keep retreating.

In less than three days, the entire Earth was conquered by these interstellar invaders, other than A City.

The Qian Manor was the last line of defense for the people of Earth because they had their astrolabe, so they had calculated the weakness of the aliens and their moment of weakness.

But.....food was the biggest problem.

They guarded A City and although the aliens couldn't come in, A City had limited resources and food kept being reduced. Even if Qian Si Nai's parents did all they could to get resources, they still couldn't let everyone trapped inside get something to eat.

The bad roots of human nature appeared. Those that lived in A City became either rich or poor, they became even more greedy for life.

Without food, there was only death.

So they decided to make a deal with the aliens who still racked their heads to deal with the Qian couple who knew their weakness.

However, if there were people to help them take care of this couple, naturally they were happy to make a deal.

A few days later, some people in A City awakened and they captured the Qian couple who protected them to hand over to the aliens.

These aliens hated them for killing their brothers, so they made them die in a painful manner.

Then the earth completely fell.

Qian Suan Zi at this critical time took the newly born Qian Si Nai to travel two hundred years into the past with the movement of the stars.

Chapter 2427: Welcome to the end of the world (Part 94)

“Doesn’t this mean that in the original world, there was no apocalypse and no zombies.....” Hua Cai Jin thought for a bit before realizing something that made goosebumps appear over his body.

This really was terrifying.....

“Yes!” Qian Suan Zi stood there with his hand behind his back as he looked at the red moon in the sky, “I created the end of the world with my own hands.”

When he came to the past with the movement of the stars, he also brought the DNA of the aliens and viruses that existed in the future.

After eighteen years of research, he finally got the key to open this door.

Not only that, he created the ninth grade zombies in the beginning of the apocalypse, making this apocalypse develop faster and faster.

That way the Earth would become strong, that way they would be strong enough to deal with the aliens in two hundred years.

“But what did you capture my little brother for?” Luo Qing Chen took a deep breath before asking the question that confused her the most.

She could understand this time travel and she could understand why Qian Suan Zi worked so hard to create the end of the world to fight the aliens that came in two hundred years.

But what she couldn’t understand why he captured her little brother!

“A City has already fallen.....” Qian Suan Zi calmly said, “Other than you all, even the people at the villa are already dead. The safe zone that I created was just a door to hell! But your little brother.....is the one who can close the door.”

The end of the world was the end of the world, before she could kill Bai Da Shan, he had already been killed by zombies.

The brutality and ruthlessness of this place was more terrifying than she imagined.....

She finally had some understanding of why Qian Suan Zi captured Luo Qing Mian.

But.....

“Whether my little brother will close the door or not.....I have the final say.” Luo Qing Chen narrowed her cold eyes and said, “I like Qian Si Nai, I can stand on his side and do what you want to do, so my little brother will not become a stumbling block for you.”

“Qing Qing.”

Qian Su Nai clearly didn’t expect Luo Qing Chen to say that she ‘liked’ him in this situation.

There was a strange warm current that slowly flowed into his heart.

Luo Qing Chen’s clear eyes seriously looked at Qian Suan Zi. If she had experienced this kind of thing, she might do the same thing as Qian Suan Zi.

But the only difference was that she wouldn’t harm innocent people.

She could not save people, but she couldn’t kill people or the kind hearted people in this world would be too lonely.

“No.” Qian Suan Zi shook his head, “What we say doesn’t count.”

As soon as his voice fell, he raised his right hand. Eight ninth grade zombies lined up behind him and other than the ninth grade zombies, there was Bai Lian Xin who became a fifth grade zombie and also.....her little brother.

Her little brother covered in blood.....

There were strange round steel nails that were inserted into his body and blood no longer seemed to flow. Those clear and beautiful eyes were already firmly closed.

“Xiu.” Luo Qing Chen pulled out the Phoenix Dance Sword from the storage space without another word and looked at Qian Suan Zi with burning eyes as she said, “I will take back everything that I just said.”

No one could treat her brother like this, no one could hurt Luo Qing Mian like this.

She said that she would protect her little brother, even if she used all the abilities that weren’t from this world, she would protect him.

No one could hurt him!

No! One! At! All!

Chapter 2428: Welcome to the end of the world (Part 95)

“Because he’s alive, all high level zombie energy cores will enter his body. No matter who kills the zombies, they will always enter his body!” Qian Suan Zi raised his brows and said, “This world will never grow like this! Once the energy cores in his body reach a certain point, the apocalypse will end!”

She didn’t want to say anything after hearing Qian Suan Zi’s words. She raised the Phoenix Dance Sword and charged out at this old man.

There was a killing intent that filled the air as the ninth grade zombies behind him entered an absolute fighting stance.

Luo Qing Chen narrowed her cold eyes. The Exquisite Ring crossed the dark red sky and formed a dazzling glow.

“Kill her.” With these words from Qian Suan Zi, the ninth grade zombies charged at her.

“Space and time freeze.”

The surrounding area froze after this. She raised the Phoenix Dance Sword in her hand to kill three zombies as soon as possible, taking out their energy cores.

Because these zombies were too strong, even when she froze time, she couldn’t kill them all.

There wasn’t enough time.....

When the time freeze was about to stop, Luo Qing Chen hugged her brother and brought him back to her side.

Then everything went back to normal.

This time, it wasn’t Luo Qing Chen who was surprised, but Qian Suan Zi who started everything.

There were three golden energy cores in the air, but she who had killed the zombies wasn’t the owner of these energy cores.

A few seconds later, the energy cores all headed towards Luo Qing Mian and entered his body.

“How is this possible.....How is this possible.....” Qian Suan Zi looked at Luo Qing Chen in disbelief. How had she killed three ninth grade zombies in a single second! How had she done this!

The old man who had been confident revealed a shocked look on his face.

There were such powerful people in this world. Why didn’t they appear two hundred years later! That way his son and daughter in law wouldn’t have been killed!”

“You can freeze space and time, right!” Qian Si Nai’s deep eyes slowly turned to look at her with a faint sparkle in them.

With the reflection of the stars, it looked so beautiful.

“What? Impossible! Absolutely impossible!” Qian Suan Zi desperately shook his head, “This kind of legendary power won’t appear in the end of the world! It’s impossible to awaken this kind of ability!”

“Of course it’s impossible.” Luo Qing Chen handed her little brother to Hua Cai Jin before looking up with her cold eyes, “But when did I say that I was from this world?”

“Who are you! Who are you!” Qian Suan Zi almost went crazy. This was the ninth grade zombie that he was proud of, how could they die like this in a single second!

No one could accept this!

“I am the bug in this game!” Luo Qing Chen looked at Qian Suan Zi, “You can’t kill my little brother.....you’ve already lost.”

“No! I won’t lose!” Qian Suan Zi gave a crazy laugh, “This world must become stronger, it must change! Humans shouldn’t exist, not a single one! So what if there are Power Users! They need physical strength, so once they fight for a long time, they will die! Only zombies can deal with the aliens from two hundred years in the future!”

“He, he.....Two hundred years in the future?” Luo Qing Chen narrowed her cold eyes, “What does that matter to me?”

She might have hurt Qian Si Nai and his parents when she said this, but she had to say it!

Qian Si Nai softly took her hand before holding it tight. He kept looking at Qian Suan Zi as he said, “Grandfather, give up! You’ve already accomplished your goal.....”

Chapter 2429: Welcome to the end of the world (Part 96)

Qian Suan Zi looked at Qian Si Nai with piercing eyes, “No! My goal hasn’t been achieved yet!”

As long as there were humans in this world, then his goal hadn’t been accomplished yet.

The selfishness, cowardness, ignorance, and stupidity of humans would always remind him that they were not worthy of living in this world.

“So?” Hua Cai Jin knitted his brows and said, “Are you going to kill everyone here?”

“No! Not kill!” Qian Suan Zi gave a meaningful shake of his head, “I will only turn you into zombies!”

Only zombies could be controlled by him. Those truly powerful things that didn’t need to eat, drink, and had all the energy in the world were worthy of living in this world.

“You are crazy.” Hua Cai Jin looked at the bloodied Luo Qing Mian who had three ninth grade zombie cores that couldn’t open his eyes. He pointed at Qian Suan Zi and said, “We are Power Users, we are born to fight the zombies and restrain each other. Based on your ideas, we are not enemies!”

“You are wrong.” Qian Suan Zi said with a smirk, “You all are the most terrifying creatures in this world. Humans are evil by nature, but they are also weak. But you are different, you are powerful and you do not have any loyalty.”

That was the reason he couldn’t let any Power Users exist in this world, let alone Luo Qing Mian who could do something like this.

“You’re right! We don’t have any loyalty.” Luo Qing Chen narrowed her cold eyes to look at Qian Suan Zi. There was a flash of killing that appeared in her eyes, “But why should we be loyal to you?”

Perhaps in the beginning, she thought that this old man wouldn’t hurt her little brother.

Then she could turn a blind eye to everything that he had been doing.

But this old fool had been filled with his hatred and wanted to exterminate all humans.

Since it was like this, there was nothing to talk about.

“Why, ha, ha, ha, ha, ha.....Since you are asking me why?” Qian Suan Zi broke out in laughter as he said, “Because I am the one who will dominate this world, only I can fight the aliens in the future.”

“This uncle.....” Luo Qing Chen interrupted Qian Suan Zi’s delusional thoughts and said with a cold laugh, “You have to live another two hundred years first.”

An ordinary person was foolishly thinking that he could live two hundred years and change the fate of the Qian Family’s couple, using the zombies to resist the aliens.

He really was delusional.

After her voice fell, the area fell to silence.

Qian Suan Zi actually gave her an applause.

“So that’s why your little brother must die.” His seemingly kind eyes suddenly turned deep and there was an unknown ruthless determination in those deep eyes.

“So that’s why I have to bring my zombie army to two hundred years in the future, I need the key to open the movement of the stars.” He coldly looked up at Luo Qing Mian who was close to dying, “It’s your little brother’s energy core.”

When Qian Suan Zi said the most crucial point, everyone seemed to understand that everything from before was just foreshadowing.

What absorbing energy cores, what changing the world, what advancing the end of the world.....

These were just trivial reasons.

Qian Suan Zi’s real purpose was to take a round trip back to two hundred years in the future.

The key to starting that trip was Luo Qing Mian’s energy core.

Chapter 2430: Welcome to the end of the world (Part 97)

“The people that I protect, as long as I don’t die, they won’t die.” Luo Qing Chen pulled the Exquisite Ring off her right hand and slammed it down on the ground.

There was a dazzling golden light that surrounded them. She turned her eyes that didn’t have any trace of warmth to look at Qian Suan Zi to say, “You can bring your entire army of zombies! If I take even a single step back, it’s my loss.”

Her heart had become a burning flame at this time. This Qian Suan Zi had become so unbearable in her eyes.

For his goal, he didn't care about the methods.

How was this different from the people giving the Qian couple to the aliens to survive two hundred years in the future?

It had to be said, this was the difference between him and her.

At least she would never hurt innocent people to achieve her goals. Like the group of people she met at the supermarket at the beginning.

Even if they spoke out, even if they liked talking to her from the moral high ground.

She had still brought them away with her.

But Qian Suan Zi was different. For his goal, he didn't hesitate to use his powers to penetrate Luo Qing Mian's bones, making him unable to use his powers.

She couldn't accept this, let alone let it go!

"You can't win....." Qian Suan Zi revealed a faint smile, "There are almost no Power Users in this world. The so-called 'safe zones' that I've set up were to kill Power Users, not to protect humans. After all, all humans deserve to die!"

"Enough." There was a cold and angry roar that had a trace of helplessness.

Qian Si Nai's deep eyes were dull and because the sky was dark, Luo Qing Chen couldn't see what expression he had.

The temperature around her dropped bit by bit as he tightly held her hand.

"I will stop you." He firmly said, "Because I will protect her and the people she protects."

"Xiao Nai!" Qian Suan Zi hit the golden cane in his hand on the ground as he looked at him and said, "What nonsense are you saying! Your grandfather is protecting the Qian Manor and your parents!"

It was when Qian Suan Zi said this that Luo Qing Chen truly understood what Qian Si Nai would be betraying if he stood on her side.

His family.....his grandfather.....his parents.....

Some people's sacrifices would be silently placed in their hearts. When those star like eyes looked up again, he already had an answer in his heart.

"I remember that when I was young, you told me that as someone who observes the stars, you have to remember one thing." His eyes were deep as he looked at Qian Suan Zi and said word for word, "It was that everyone in this world has their own fate and we can't change it even if we know it."

"How does this contradict the things that I'm doing now?" Qian Suan Zi clenched his fists and said, "Your parents shouldn't have died! If it wasn't for those selfish and petty humans, they wouldn't have died!"

“Right! They wouldn’t have died.” Qian Si Nai’s beautiful eyes had a sparkle in them as he said, “But what you are doing now is changing the fate of everyone in the world. In order to defend against the alien invasion, you let them experience the end of the world two hundred years earlier.....”

“Stop!” Qian Suan Zi’s expression became more and more agitated as he couldn’t control his emotions anymore and shouted, “The things that I’ve already decided can’t be changed! Xiao Nai, think clearly, we are saving your parents!”

“I don’t care if the lives of all the people in this world are used to save my parents.” His cold eyes looked forward with an obsessed expression as he softly said, “But not her.”
