Chapter 2451: Welcome to the end of the world (118)

"Hello teacher." Qian Si Nai was still putting his phone in his pocket when he politely gave a nod to the teacher, "I am Qian Si Nai."

He stopped at the door to the class and that incomparably handsome face appeared in front of everyone.

The teacher was still stunned as all the classmates looked at him with looks of disbelief and shock.

With that faint light, it was a nearly perfect face.

He was wearing a white dress shirt with the wrists rolled up, looking simple and beautiful. The neat black tie was a bit loose, which added a bit of indescribable sexiness to him.

It was only a few seconds later that the teacher reacted from her shock.

When she was about to walk over to Qian Si Nai and introduce this new classmate, there was a person that ran past her like the wind.

When she reacted, there was the scene of a young girl hugging this youth with the peerless appearance.

That moment was silent for Luo Qing Chen.....

Everything around them became unimportant, she didn't know if this was real or fake.

At least she could ignore everything to hold him tight without caring if it was real or fake.

Even if it was fake, she would use her time and space freeze ability to freeze this moment.

Qian Si Nai tightly held her as he raised his hand to pat her head. His cool voice that had a slight warmth to it slowly rang in her ears.

"I'm back."

No one could understand what these words meant to her, it was like a belief that could revive her.

"You.....I.....Woah....." She buried herself in his arms as she cried and when she spoke again, her voice was a bit hoarse.

She gave two coughs and said, "Is it really.....really you? You.....You're back? Qian Si Nai.....you really are too much!"

As soon as her voice fell, she jumped out of his embrace as her tears fell while she looked at him to say, "Didn't you say that you wouldn't come back? Didn't you want to sacrifice yourself to become a hero? Now that you're back, do you know....."

She stopped as Qian Si Nai slowly raised his right hand to wipe the tears from her face. His eyes were a bit red as he looked at her with a pampering look.

"Do you know how much I missed you....."

"Is it you, or you all?" His voice was still as beautiful as ever with a slight smoothness to it, but there was also an indescribable gentleness.

"It's me!" Luo Qing Chen's voice choked up as she said word for word, "It's just me!"

The conversation between them was too much that the teacher took a long time to react.

"Pa, pa." She tapped her ruler twice and said, "What is going on between you two? Even if it's a long awaited reunion, at least.....you can't do this in public! This is a school....."

"Be quiet."

Before the teacher's voice fell, Luo Qing Chen cut her off. Her ice cold voice was so powerful.

At the same time, the lights in the class flickered.

There was a strange 'zi, zi, zi' sound.

The teacher was so scared that her legs turned soft and she fell to the ground.

The temperature in the classroom dropped even more and there was a thin layer of clouds that appeared in the clear sky.

No one dared to say a word since whoever didn't believe in ghosts would be taken by the ghosts!

Chapter 2454: Welcome to the end of the world (End)

"Careful!" Luo Qing Chen called out. The girl turned around and a pair of clear eyes that were familiar appeared.

"Mu Jin....." She recognized this girl with a single look.

In the end of the world, she was the girl who protected her half brother. Although she wasn't a Power User, she had done all she could.

She never thought.....that they would meet again.....

This feeling was like meeting an old friend in a foreign country. Although she didn't remember anything, there was a special feeling.

But even if they were familiar with each other, it couldn't change the trajectory of the basketball.

With a loud sound, the ball hit her on the head.

It was because the ball was thrown too hard that Mu Jin couldn't stand up straight and fell to the ground.

Hua Cai Jin and Luo Qing Mian both saw this and they both ran over to Mu Jin to help her up before saying at the same time, "Are you alright?"

Mu Jin still hadn't recovered from being hit in the head, so she took a step back in fear and quickly shook her head, "I'm.....I'm fine."

She was supposed to report in as a freshman, but she was late because of something that happened along the way.

She never thought that as soon as she arrived, there would be a basketball that fell from the sky that would hit her in the head.

Hua Cai Jin was the first one to recognize this girl in front of him. He was a bit excited as he held her hand, "You are Mu Jin?"

At the same time, Luo Qing Mian recognized her and said with a faint smile, "I never thought that we would meet again."

Compared to the present world, the friendships from the end of the world were more cherished.

Mu Jin was clearly surprised by these 'friendly people'. She scratched her head as she said in a confused voice, "How do you know my name!"

"We....."

"Because....." Before they could finish, Luo Qing Chen came from not far away and said to Mu Jin with a smile, "Because they have a crush on you!"

"Si!" Everyone around took a cold breath.

The two factions immediately revealed looks of rage and jealousy.

Hua Cai Jin and Luo Qing Mian looked at Luo Qing Chen with stunned looks, but she gave a gesture that they were very 'familiar' with.

She spread her hands!

Mu Jin was a bit stunned. Only when she came back to her senses did she carefully look over these two youths.

Bright and beautiful.

This was her first impression of these two. Seeing their beautiful faces against the light, her face turned a bit red from embarrassment.

"Ke, ke....." Luo Qing Chen cleared her throat and said, "Class is about to end! I'm going to have lunch with classmate Qian Si Nai, so you two can send Mu Jin to the infirmary for a check up."

"It's.....It's fine! I.....I'm fine....."

"A hit to the head from a basketball can be big or small. If there is a concussion, you might even lose some memories. If you think about things from another world, it won't be good!" Luo Qing Chen had a ghost of a smile before waving her hands at them, "Big sister can only help you with this, the rest is up to you!"

As soon as her voice fell, Qian Si Nai took her hand and looked at her with a doting look before saying by her ear, "I never thought that our family's Qing Qing was a matchmaker!"

"I just can't stand those little girls chattering all day. If there is a girl who can end their single lives, it's a good thing."

"So who do you think will get Mu Jin?"

"Ah?" Luo Qing Chen thought about it before saying, "I don't know!"

In the years of youth, boldly chasing something was necessary. Let alone the fact that she was an excellent girl.

In her eyes, no matter who caught Mu Jin, they would be lucky.

Of course, this wasn't her luck!

After all, she had Qian Si Nai.....

Chapter 2456: Side story: Endless darkness, side by side with you (2)

I brought her back to the Qian Manor to see grandfather.

Grandfather was very excited, this was my first time seeing him this excited in all these years.

I became even more certain that Luo Qing Chen was powerful and that she had to become our ally!

Of course, there was a strange feeling of admiration.

Actually, maybe I already liked her at that time, but I didn't know about it.

I thought that she would be with me before the end of the world. I thought that with the Qian Manor as a center, we would gather power, gathering the Power Users into an alliance while saving mankind.

Of course, I wasn't that passionate about saving mankind, I was just doing it.

But I never thought that she would not only not come with me, she would even cut off communications.

Before awakening my power, I couldn't leave the Qian Manor. Even if my physique was strong, I was a piece of trash with less than five battle power in front of the zombies!

I could only look for Power Users through the Qian Manor's command center!

But because it was too early, there weren't many Power Users in A City.

The few of them based on gender couldn't be her.

From then on, I knew that there was her place in my heart.

That kind of worry was something that I had never felt before, but I was happy that I could have this kind of emotion.

Liking a person was a wonderful thing. It would affect all your emotions and make you unable to be yourself.

I felt this way at that time because I left the Qian Manor before I even awakened my powers.

To be honest, I felt that I was crazy.....

The reason for doing this was because I knew that I was a Power User. Grandfather was someone who was a prophet, so it wasn't surprising that he knew that I was a Power User ahead of time.

That included how to quickly awaken my powers.....

There was only one answer, put yourself in danger that was close to the edge of death.

Although this process was dangerous and difficult, I had awakened my powers. Ice and water powers.

When I awakened my powers, I created a bloody path, looking for her.

It was a good thing that phones still worked and I found her position.

When we met again, there was a feeling of separation.

It was because the last time we met was before the end of the world, everyone had felt so peaceful then.

This time, we were trapped in a small space with the strange square dancing music around us which made people irritable.

But I had already awakened my powers, so it was easy for me to deal with the second grade zombies.

When I quickly took care of the zombies, I suddenly felt the male lead halo around me.

Actually, I had always been worried that when I killed the zombies, I wasn't handsome enough!

But she didn't seem to care that much.

After taking care of the zombies, she didn't choose to go to the Qian Manor with me, but rather she went to Century Square.

I didn't know why she was going there, but that didn't matter. Anyway, now that I had awakened my powers, it wasn't hard to protect her.

Halfway there, a youth called Chen Bing went home and kept thanking her when he left.

I suddenly admired this human. In this dangerous apocalypse, he chose not to follow a Power User like me and chose to be with his family.

Family lived and died together.

Chapter 2457: Side story: Endless darkness, side by side with you (3)

I didn't know why she went to Century Square at first. Only when I saw the members of the 'Bai Family' that I guessed what her goal was.

Un! There was a grudge between them and it wasn't small.

Her expression wasn't good, I knew that she was about to awaken her powers.

But even in this weakened state, every move, every expression from her was filled with power.

It had to be said, I admired her aura. Those eyes that had a black bellied look, it was so mesmerizing.

As I stood by her, if there was this scene in the normal world, I wouldn't have been able to stop myself from confessing to her.

No, my personality would have been to go forward and force her to be mine.

But this was the end of the world and I didn't want to take away her female lead halo.

I liked her dazzling appearance, I liked it very much.

Suddenly, I felt that I was a very abnormal kind of person.

Bai Lian Xin was good to me, but I felt that it was very disgusting.

Even hearing her voice made my stomach roll as I was filled with disgust for her.

Later our family's Qing Qing told me that she felt that I had a 'skill' for hurting supporting female leads.

As a result, when we met in the current world, without the supporting female lead Bai Lian Xin, I started abusing admirers ABCD!

Of course, it wasn't just one side, I could fight both sides. Not only did I have an ability to hurt supporting female leads, I could also hurt supporting male leads.

Only.....

These were all in the future. At that time, I didn't know what would happen in the future and I didn't know that I would leave her.....

I only knew that I liked the black bellied her. Just her words of choosing to leave one out of three had me mesmerized.

She was not soft hearted and even at the last moment, when Ye Qing Huan and Bai Lian Xin had a mother daughter moment, she still took Ye Qing Huan's life.

Without any hesitation!

I thought that we would pick up her mother after leaving Century Square and go to the Qian Manor's safe zone.

But I never thought that we would be ambushed on the way.

At first I thought it was just a blind spot, so there were no zombies here.

Until the surroundings were completely quiet that I realized that something was off.

But I never would have thought that we would meet a ninth grade zombie. This creature that shouldn't have appeared in the beginning of the end of the world.

But the real thing had appeared in front of us.....

But because of its appearance, I found a group of brothers that I could fight side by side with.

For low grade Power Users like us, facing a ninth grade zombie together like this, there had to be a tacit understanding between us for each attack.

I would never forget that battle that day, that kind of blood boiling feeling.....

We defeated the zombie, but the zombie's energy core directly entered Qing Mian's body.

I felt that something was off at that time and I had a vague uneasy feeling.

But I didn't know that feeling would come true.

Someone captured Qing Mian and even did it right in front of us.

I quickly returned to the Qian Manor and used the control center's equipment to find Qing Mian.

But I never thought that everything was a game and it was a game that was created by my grandfather.

When she told me her speculations, I couldn't quite believe it.

After all, it was the grandfather who had raised me. How I wished that everything was a misunderstanding.

But he led the ninth grade zombies to appear in front of us, my heart completely froze.....

Chapter 2458: Side story: Endless darkness, side by side with you (4)

Grandfather wanted to kill Qing Mian. It was useless no matter what we said, he wanted to kill Qing Mian.

I looked at the strong her who compromised because of me.

Not caring about the death of this world, not caring about the death of everyone.

But even so, grandfather didn't plan on letting Qing Mian live.

At the same time, he told us a story, a story about my parents.

He wasn't a person from this world and neither was I.....

I did all I could to make him give up, but he couldn't do it.

But I knew that I had to protect her, protect the people she wanted to protect, protect the brothers who had fought with me.....

One side was family and the other side were my lover and friends.

You might think that the balance of my heart was shaken, but it never was.....

It had never wavered.....

I would stand where she stood. I would die where she died.

But I would never let her die unless I died first, otherwise she would live a happy life.

Standing in the center of the star chart, it was the most difficult time of my life.

I wasn't afraid of death, but I was really unwilling to leave her. This feeling was like being submerged in the deep sea and it took my breath away.

But I had to make this choice. If I died, then she would have a peaceful life.

Why wouldn't I do such an effective thing?

The light of the stars fell on my face and opened the passage between time and space. The faint light also fell on her white as snow face, making it so beautiful that words couldn't describe it.

I didn't know if we would meet again in the next life, but if it was possible in this life, I would do all I could to come back to life.

The space and time fluctuation went back to the day before the end of the world.

In this world, there was no end of the world.

The space and time path was like a path of hot magma and freezing ice. I stood in the center under the impact of the two forces, looking through space and time for a trace of her.

This kind of pain was not something that humans could imagine.

But I wasn't thinking about the physical pain, but rather the passage of time.

It was a good thing that luck was still on my side. When I came to this world, it was only the fifth day.

I saw her getting into a taxi and her destination was.....my house.

On the way, I followed her. I opened the door to my house for her and listened to her grievances.

I wanted to go hug her and tell her that I was back, but she actually said that.....someone had sent her a love letter.

My face had turned dark that instant and there was a stuffed feeling that I couldn't explain in my heart.

In short, it wasn't just unhappiness! In short, it was anger!

I decided that I would appear at our old school as a transfer student tomorrow to see if those blind people would dare give her another love letter.

Moreover, I would solemnly tell everyone that she was my wife!

That day, it was a clear sky, the blue that came after a storm.

When I stood at the door to the classroom, I called her phone and listened to that sad ringtone.

All my anger and unhappiness disappeared and at that moment, I just wanted to hug her and tell her that I was back.

No matter how difficult it was, at least I did all I could to come back to her side.

Actually, when I held her, I secretly whispered something to her. I wanted to keep it in my heart and not tell all those gossipers.

But suddenly I wanted to express it.

I still like you, like a whale submerged in the bottom of the sea, breathing softly and wildly.

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 38/100]

Chapter 2459: God! Mary Sue world (1)

When I opened my eyes, there was that familiar scene.

[Welcome back host!]

“I’m back?” Luo Qing Chen was surprised, “Wasn’t I killing zombies!”

Luo Qing Chen vaguely remembered that one day ten years later, the red rain fell again.

The end of the world seemed like it was destined as it came as scheduled.

When Qian Si Nai opened the space and time path, it just temporarily separated the space and time.

What came still came.

But this time the end of the world didn’t progress that quickly.

Although half of the people had turned into zombies, there was a group of powerful Power Users that protected the world.

Of course, the strongest were the four of them.

No, it should be the five of them.

Mu Jin!

When the end of the world came again, she became a Power User.

She awakened a power that suited her personality.

Healing powers. Bai Lian Xin had the chance to awaken the same powers in the past.

Ten years into the end of the world, they made their own safe zone and had their own Power User army.

What Qian Si Nai did the most was try to wash away the bloody scenes from her mind.

But every time, Luo Qing Chen shook her head with a serious smile, “I want to keep all the memories with you, whether they are good or bad.”

It was because she had a feeling that they would suddenly get separated, so as long as they were memories of them being together, she wanted them all.

Ten years in the end of the world, killing, blood, and emotions. They loved each other and fought together.

Luo Qing Chen vaguely remembered that before coming back to the Chaos Space, they were in a large scale battle.

Then a white light fell from the sky that Qian Si Nai blocked for her.

The white light was so dazzling that it completely engulfed them.

But how did she die?

When she was puzzled, the system answered her!

[The planet exploded and the host died.]

Although the answer left her speechless, she had to accept it.

She had a bit of regret because she couldn't properly say goodbye.

“It’s such a high face and figure value! Could it be that I’m going to be an idol again?”

Damn! She thought that it was going to be a bright world last time because of the high face value.

But she never thought.....that it was the bloody end of the world!

The system had simply slapped her on the face. Even if she asked this time, she didn’t expect much!

[The host can accept the memories from the system seriously, there might be a pleasant surprise!]

“Are you sure it’s a pleasant surprise and not a shock?”

[Currently importing memories, please accept them, host!]

Chapter 2460: God! Mary Sue world (2)

After accepting the memories, Luo Qing Chen stated that this was a super Mary Sue story that relied on counterattacking with her own “absolute advantage”.

It was a pity that the previous host wasn’t a Mary Sue, but rather she was the little princess in the so-called ‘Cinderella’ story.

In other words, she had a good face, a good status, and a good family!

Everything was good, but the male lead didn’t love her, the supporting male lead didn’t love her. The people she liked never loved her.

Even if she released a bright halo, it would be taken away by the powerful Mary Sue halo.

Her simple actions would make the male lead and supporting male lead feel that she was special, strong, and kind.

But actually, this kind of person would always stand on the moral high ground and say self righteous things.

The previous host was ruined by a Mary Sue because her character had been selfish in front of the powerful Mary Sue.

The previous host was the daughter of a jewelry tycoon in A City. Her father was the chairman and her mother was a well known jewelry designer.

Because of her family, the previous host had dressed up as a princess and grew up under the spotlight.

At the age of seventeen, she made a cameo in a movie and became the best newcomer actress.

Because of her outstanding performance and top quality clothes, she was called a “walking hangar” and the “most beautiful newcomer without any makeup”

With such a smooth path to stardom, naturally the previous host became a bit proud and gave people the feeling of a little princess.

Therefore, the previous host's fiancée, the supporting male lead Jin Yi Xuan didn't like the previous host. It was a marriage between their families.

Jin Yi Xuan had always been indifferent to the previous host. He didn't like this engagement and didn't want to be bound by it.

As the successor of the Jin Group, he believed that he had the right to choose true love and true love definitely wasn't with the previous host.

The previous host had always liked Jin Yi Xuan since she first saw him when they were younger. She was an obsessed person and she would always like the person she fell in love with.

Even if the person didn't like her, she would work hard until she was good enough.

When she radiated enough dazzling light, Jin Yi Xuan would look at her.

But she was wrong.....

No matter how hard she tried, Jin Yi Xuan never looked at her.

Rather, he looked at the supporting female lead Gu Fan Fan.

A person who had an incomparably powerful 'Mary Sue aura'.

The Star Group that the previous host signed with was the biggest talent group in the entertainment circle. Those that entered this company, not a single one of them didn't become popular.

Perhaps they might have been cut out of the limelight as time passed, but they had been popular before.

Right now the previous host was popular. The first class director Xiao An decided to make a drama based on the popular writer Seven Seven Sleepless' "To Our Simple Youth"!

The previous host was the only choice for the male lead in his mind.

After several negotiations, the previous host decided to play the female lead Xia Qi Qi.

On the day of the auditions, there were auditions for the supporting female lead and supporting cast.

Since it was a story about youth, the requirement for the supporting cast wasn't low. But this film was filled with big stars and those that wanted to join the entertainment industry naturally wouldn't miss this chance.

The supporting female lead Gu Fan Fan came for an audition.....as part of the supporting cast.

But before she even got to the audition stage, she had sprinkled coffee on the special expensive coat that the previous host had prepared just for this audition in a bout of nervousness.

The previous host roared out, "What are you doing, are you even looking at where you're going?"

This scene and these words had been heard and seen by the supporting male lead Jin Yi Xuan.
