Chapter 2591: Loving the prince, but he doesn't know (37)

After a happy lunch together, Ya Nu's expression became much better. Although his legs hadn't fully healed yet, he did heal much faster than Luo Qing Chen expected.

After lunch, the three of them sat by the fire in the study.

She hugged a little doll and closed her eyes as she enjoyed this pleasant time.

Du Jiu Sheng wrote a letter at the desk and had Ya Nu head out to the south gate at midnight to give this letter to the person who came to pick it up.

"Big brother Jiu Sheng, is this the same person who sends you letters after meals?"

"Un." Du Jiu Sheng nodded, "It's Xu Yue, the deputy general at the border."

Luo Qing Chen gave a slight nod at first, but then she thought of something after a few seconds. She suddenly opened her eyes and asked, "The young deputy general Xu Yue?"

"Yes!" Du Jiu Sheng gave a nod, "My sworn brother."

"God! It's actually him!"

"Qing'er, you know him?"

Luo Qing Chen shook her head, "I don't know him, but I heard my dad mention him before."

Entering the battlefield at fourteen and after their leader was captured, he led several dozen soldiers and took the head of the enemy general.

The enemy fell into chaos and not only suffered a loss, they also handed over a city.

Since that time, the name 'Xu Yue' was known by the world.

The emperor was filled with joy and even gave him the title 'young hero', promoting him to deputy general.

As long as Xu Yue participated in a war, they would never lose.

"Eh, eh, eh." Ya Nu saw Luo Qing Chen's surprise and waved his hand to explain.

Although Luo Qing Chen didn't understand everything, it seemed like he was praising Du Jiu Sheng.

"Ya Nu, I'll say it!"

"Un, un, un!"

Du Jiu Sheng said with a chuckle, "I've known Xu Yue since we were young. He is the little brother of concubine Wan and has entered the palace with concubine Wan in the past to look for things to do."

Luo Qing Chen spent half an hour listening to the story between Du Jiu Sheng and Xu Yue, which really was interesting.

Of course, she felt even more.....admiration for her big brother Jiu Sheng.

When concubine Wan entered the palace, she never received the attention of the emperor. She became depressed and left the palace early.

That was when Xia Rou hadn't fallen out of favour yet and Du Jiu Sheng was a prince that everyone respected.

When he first met Xu Yue, he was being beaten up. Those people were older than him and they were all soldiers, so it didn't take much for them to beat up a kid.

Du Jiu Sheng didn't intend to help at first since this kind of 'bullying' was common in the palace.

He was not an advocate of justice, he couldn't help every person.

But what he didn't expect was that Xu Yu who had been knocked down would suddenly jump up. After randomly punching out a few times, they had all been knocked to the ground.

He wiped the blood from his mouth and said, "Still not done? Come together!"

Du Jiu Sheng and Xu Yue's first meeting seemed destined. From the first time they spoke, they felt that they already knew each other.

Since then, they would meet at the martial arts field.

Du Jiu Sheng's martial arts was superior to Xu Yue, but he could see a special power in Xu Yue.

Although the foundation wasn't good, he had explosive power. It was a kind of power that was very hard for military generals to obtain!

You would meet troubles when marching into battle. At that time, what decided whether you lived or died on the battlefield was this explosive power.

Du Jiu Sheng taught him martial arts and also taught him about the formation of troops at the same time.

Xu Yue called him 'big brother' and said to him, "Other than serving this country, my life is yours."

x

Chapter 2592: Loving the prince, but he doesn't know (38)

Until Xu Yue went to the battlefield for the first time. He came to find Du Jiu Sheng and left all his precious items with him.

Because he didn't know if he could come back alive. He was only a small captain and he only had a few soldiers with him.

The leader wasn't a capable person and he had already lost six battles. The morale of the soldiers was low and this time there was a powerful enemy.

But he wasn't afraid since he didn't have anyone in this life.

Du Jiu Sheng was already living in the Cold North Palace, not caring about the world. When he saw the map where Xu Yue was going, he pointed at a mountain range on the map and said, "Have your soldiers guard this pass, the enemy's supplies will definitely come through here. If you can't defeat the enemy, find a way to break through this pass."

Du Jiu Sheng's analysis before leaving changed Xu Yue's life.

No matter how difficult the battle was or how fierce the fighting was, Xu Yue never forgot to leave half of his personal guards to protect the pass that Du Jiu Sheng had mentioned.

In the end, after their leader was captured, Xu Yue through guarding this pass killed the enemy command.

Since then, Xu Yue had become the hero of the Mo Country.

He wanted to tell the emperor that this was Du Jiu Sheng's merit to get him out of the Cold North Palace and to get him in the emperor's favour.

But Du Jiu Sheng told him that if he told the emperor this, people would definitely want to kill him.

Furthermore, the affairs of the court shouldn't be involved with the harem, this wasn't a good thing.

Xu Yue listened to him. Since that battle, Du Jiu Sheng taught him many things about warfare.

He silently established his power in the military and told everyone that followed him that there was a 'mysterious person' behind him.

This mysterious strategist was the key to everyone's victory.

Although he didn't tell them that this person was Du Jiu Sheng, the image of the 'mysterious strategist' had already been cemented in their hearts and they had become a god in their minds.

-

After hearing Du Jiu Sheng's story, Luo Qing Chen was in a slight daze. It turned out that Du Jiu Sheng's power and information network were related to the young hero Xu Yue.

"So big brother Jiu Sheng is having him help us deal with the crown prince?" Luo Qing Chen asked, "Although he is a deputy general, he doesn't have a proper military post and it's not easy to deal with the crown prince."

"It's not that." Du Jiu Sheng shook his head, "I just want to analyze the information that he gave us to see.....if the crown prince will do anything to us."

Since the bladed confrontation yesterday to Du Qi Chao calling Luo Qing Chen to the Eastern Palace, he became more and more aware that the crown prince wanted to deal with them.

Perhaps it was because he didn't find them pleasing to the eye or perhaps it was because.....

He looked at Luo Qing Chen and his heart sank. Perhaps it was because she was too dazzling in her competition with Yue Leng Qing yesterday that she caught the crown prince's eyes.

After all, no woman had ever stayed in his heart, but Luo Qing Chen was like a beam of light that shined into his life.

If he didn't have this life, he felt that he couldn't live anymore.....

"So Xu Yue is looking for your help this time?" Luo Qing Chen held her cheek and asked, "The battlefield isn't looking good?"

"Un." Du Jiu Sheng said with a nod, "The Chen Country's troops are very strong and their cavalry are very powerful. If we lose this battle, we have to retreat from the border."

x

Chapter 2593: Loving the prince, but he doesn't know (39)

"So did Xu Yue encounter a problem that he needed to write you a letter?" Luo Qing Chen pursed her lips as she asked this.

Du Jiu Sheng gave a slight nod, "Although the Chen Country's cavalry are powerful, the Chen Country doesn't intend to be our enemy."

When he analyzed this, Du Jiu Sheng became very serious and he looked very good when he was serious.

Luo Qing Chen put her cheek in her hand and never tired of looking at Du Jiu Sheng.

"Since they don't want to become our enemy, why is the fighting so intense!"

"There is a never ending hatred between the Chen Country and the Liao People. The former king of the Chen Country was killed by the Liao general Meng Shi." Du Jiu Sheng slightly knitted his brows, "The Chen Country fighting us this time seems like it's for the Dragon Pass, but it's to probe our forces."

"Big brother Jiu Sheng's meaning is.....the Chen Country wants to ally with us."

"Yes." Du Jiu Sheng gave a nod, "I heard Xu Yue say that there is a tall and slender deputy general. If my guesses are correct, she should be the Chen Country's princess, Chen Yao Yao."

"Wa!" Luo Qing Chen said in a surprised voice, "Even women can go to the battlefield, the Chen Country really is quite open minded!"

"It's not uncommon for girls to join the army for their fathers." Du Jiu Sheng replied, "I told Xu Yue to use a luring the tiger away from the mountain method to capture Chen Yao Yao."

"What? You want to capture Chen Yao Yao?" Du Jiu Sheng's words surprised Luo Qing Chen very much. After all, capturing princess Chen wasn't a small matter.

"The Chen Country's king wants to ally themselves with us, so marriage is the best method." Du Jiu Sheng said with a smile, "The emperor already knows about this, so there should be some news over the next few days."

“Marriage?” Luo Qing Chen was surprised, “With.....the crown prince?”

“Other than the crown prince, there is no one else in the Mo Country worthy of Chen Yao Yao.” Du Jiu Sheng gave a nod, “After all, Chen Yao Yao is the eldest princess of the Chen Country.”

“He, he, he.....” Luo Qing Chen laughed a few times hearing this, “I suddenly feel like there’s a good play to watch!”

“You, oh you.” Du Jiu Sheng said with a smile, “You have quite a few bad thoughts!”

“Big brother Jiu Sheng, you don’t understand!” Luo Qing Chen held her chest and said, “This is called retribution for the wicked!”

At the same time, in the Eastern Palace.

Du Qi Chan naturally also received this news and he learned of it earlier than Du Jiu Sheng.

But after he received this unpleasant news, he heard some more news.

The bodyguard that he sent to protect Yue Leng Qing reported in. Yue Leng Qing had changed into simple clothes and gone to the Cold North Palace.

After receiving this news, his eyes were covered in a layer of ice and he released a chill that prevented everyone from approaching.

When Yue Leng Qing came back to the palace, the chill still hadn’t dissipated.

“Senior sister, where did you go?” His voice was very low, but he didn’t dare lose his temper with Yue Leng Qing.

He couldn’t ask for the reason, that wasn’t his style.

“Un?” Yue Leng Qing looked up at him and said without hiding a thing, “I went to the Cold North Palace.”

It was because of Yue Leng Qing’s honesty that Du Qi Chao wasn’t that angry.

He cleared his throat and said, “Senior sister, why did you go to the cold palace?”

“Chao’er, did you forget what your senior sister and uncle masters have taught you at the Three Emotions Mountain?” Yue Leng Qing looked at him with a bit of an accusatory tone in her voice, “People who learn the sword must have the sword soul, they can’t have a petty person’s heart.....”

x

Chapter 2594: Loving the prince, but he doesn’t know (40)

“So senior sister thinks I have a petty person’s heart?” Du Qi Chao’s eyes dimmed as they turned cold.

Yue Leng Qing saw that he was a bit angry and didn't want to acknowledge it, but she was afraid that he would harm others, so she shook her head and said, "You! Sometimes you are a bit willful, don't you know my personality? I'll do something if I think it's right. I was told by my uncle master that I didn't handle things smoothly....."

"Senior sister....." Du Qi Chao gave a sigh, "I understand your personality, it was my misunderstanding."

In front of Yue Leng Qing, Du Qi Chao would always put down his aura and refer to himself as 'I'.

"There's nothing to misunderstand and I won't hide anything from you." Yue Leng Qing rubbed her temple, "I'm a bit tired, I'll go and rest for a bit."

"Alright.....I'll call you for dinner."

"Un."

Watching Yue Leng Qing leave, his emotions became more complicated. He felt like the thing that he worked so hard for, the prince in the cold palace had so easily gotten her attention.

This feeling was quite uncomfortable!

Of course, if he didn't do anything with his personality, it would be a waste of his ruthless reputation!

"Someone!"

"Your highness."

"Call eunuch Shen."

"Yes."

Du Qi Chao and eunuch Shen were in the study for close to an hour before eunuch Shen left the Eastern Palace.

The next day, Luo Qing Chen received an anonymous letter.

There were only a few simple words written: Please follow the ninth prince at all times and remember to disguise yourself.

Luo Qing Chen's heart trembled as she felt more unsettled after reading the letter.

She didn't know which noble person was helping them, but she clearly knew that someone wanted to harm them.

There were countless eyes watching them in this palace, but the one who wanted them to die the most was the crown prince, Du Qi Chao.

Du Jiu Sheng was right. Instead of sitting still, it was better to go all out.

That night that she had this idea, she also had a dream.

There was a splendid palace in this dream with several maids on both sides. There was a person standing beside her, but their face was blurred and she couldn't see it clearly.

But she felt very at ease standing by his side.

But however.....

The scene changed and it was night time. She was lying in bed with the thunder roaring outside and the rain falling down.

She felt her heart skip a beat as she woke up.

“Ah!” When she sat up, her head was covered in sweat, her heart was beating fast, and her fingers couldn’t help trembling.

It was that feeling of all the fear in her heart coming out and she couldn’t stop it.

“Peng!” Her door suddenly opened and Du Jiu Sheng quickly came in. He had a pale face as he asked her in an anxious voice, “What is it? Did something happen?”

When he heard her scream, he woke from his dream. He immediately ran over out of fear that something had happened.

People.....as expected were sensitive towards people they cared about.

After his mother died, he had nothing to worry about, so he could always make the most rational and most correct judgements.

But he knew that he couldn’t do it now.....

If there was a day that he had to choose between her and him, he would definitely choose to let her live.

Because.....he wanted to be her armour and her hero.

A forever hero that would guard his most important person.....

x

Chapter 2595: Loving the prince, but he doesn’t know (41)

“No.....It’s nothing.” Luo Qing Chen shook her head, “It’s just a dream.”

“A nightmare?” Du Jiu Sheng sat down beside her and patted her head, “It’s fine, it’s fine.....”

Luo Qing Chen knitted her brows and put her head on his shoulder, “I don’t know if it’s a nightmare, but my heart is very flustered right now. It’s like the world is about to collapse.”

This was a very terrifying feeling and even when she thought of it now, she felt her hairs stand on end.

“You! You must be too tired lately.” Du Jiu Sheng patted her back with a gentle look, “Don’t think too much, I’m here.”

He already had his own plans, but the time wasn’t right yet.

There were many things that needed a fuse and he knew that while he was planning, the crown prince was also planning.

He hugged Luo Qing Chen and thought: No matter what happens, the Mo Country will change this time!

-

Seven days later, the Chen Country sent envoys to befriend the Mo Country. The Mo Country which had been beaten back agreed to this peace without a single thought after receiving this news. It was decided that the Mo Country's crown prince Du Qi Chao would marry the Chen Country's princess Chen Yao Yao.

Du Qi Chao had immediately rejected the orders of the emperor and had sent the aloof King Mo to his sick bed in rage.

The next day at the Eastern Palace.

Du Qi Chao was drinking in the pavilion by the water feeling a bit irritated.

He had refused a bit too quickly in the main hall as a large part of this was the emotional matter in his heart.

He didn't think too much about it at the time, even ignoring the looks the empress gave him.

In all these years, he had personally eliminated many obstacles, but he was very likely to lose at the hands of a woman.

Laughable, truly laughable.....

"Chao'er, so you were here." Yue Leng Qing slowly walked over and sat down beside him, "The empress is waiting for you in the study, you should go!"

"Is she here to try and convince me?" Du Qi Chao gave a cold laugh, "It seems like senior sister is also trying to convince me?"

Why was it that the things that he cared about all didn't care about him?

He worked so hard, even going against the emperor's orders, but he didn't feel like the other side was moved at all.

Yue Leng Qing never would have known that going against the emperor's orders would ruin everything he had worked so hard for before.

"Chao'er, the empress isn't wrong." Yue Leng Qing looked at him with a calm look, "I am someone from the Jianghu and the one who should be the crown princess is not me. The Chen Country's princess is a great leader and the two countries....."

"I really don't need senior sister to tell me these truths." Du Qi Chao gave a cold laugh, "I just want to know, what is in your heart? Is it the so-called blood feud, or is it someone I don't know about?"

Yue Leng Qing was surprised and her expression changed a bit. Du Qi Chao had seen this change at that moment.

He drank the wine on the table and said, "Senior sister, I know what I should do."

His words contained a deep meaning that Yue Leng Qing couldn't understand what he meant.

But those piercing eyes looked so ruthless.

She knew what kind of personality he had when she met him, but he had helped her take her revenge.

No matter what, he was her benefactor.

"Chao'er....."

"If princess Chen is to marry into the Eastern Palace, senior sister can't call me Chao'er." Du Qi Chao turned his back to her and coldly said, "Call me your highness!"

Chapter 2596: Loving the prince, but he doesn't know (42)

The sky was covered in clouds and it looked like it was about to rain.

Luo Qing Chen put the quilts in the yard away before running to the study to see Du Jiu Sheng reading another letter.

"Xu Yue wrote another letter to big brother Jiu Sheng?" She blinked as she held the quilt, tilting her head in a very cute manner.

Du Jiu Sheng reached out to pull her to his side before wrapping her up in a quilt, "Un! Chen Yao Yao is already in the palace."

"In the Eastern Palace?"

"No." Du Jiu Sheng shook his head, "The Peace Palace."

Luo Qing Chen put her cheeks in her hands that were slightly flushed being wrapped up in the quilt. She said, "It turns out it's the Peace Palace. It seems like the crown prince is quite infatuated with Yue Leng Qing!"

With all the supporting male leads she had seen, this was her first time seeing someone like Du Qi Chao.

"It'll depend on what Du Qi Chao chooses!" Du Jiu Sheng narrowed his cold eyes and revealed a faint smile, "If he chooses to go against the emperor's orders, then the crown prince position....."

"No, I don't think he will." Luo Qing Chen shook her head, "His love for Yue Leng Qing is real, but it's also true that he desires the throne."

Although she didn't understand Du Qi Chao, she did understand his personality.

He could destroy innocent lives and deceive the people he cared about for the people he loved.

It was the same for the throne. Vanity was too important for them and other than the crown prince, the other princes were either in the cold palace or on the border.

He must have done quite a bit!

“Then what does Qing’er think I will choose?” Du Jiu Sheng looked over at her with those starry eyes that had a bit of a gentleness to their focused look.

Seeing his eyes, Luo Qing Chen replied without hesitation, “If it was big brother Jiu Sheng, I hope that he will give priority to his life no matter what the situation is.”

“No.” Du Jiu Sheng refuted her without any hesitation. His right hand came up to touch her face, “I want to prioritize your life.”

“Big brother Jiu Sheng!”

“Qing’er.....” He seriously looked at her as a bit of helplessness appeared in his voice. However, he still said to her in a voice filled with affection, “It’s not that I want to do this, but I’ve already fallen very, very deeply.”

His love was already deep in his bones and nothing in this world could compare to her.

His life was already defined by love.

Luo Qing Chen’s eyes turned red when she saw Du Jiu Sheng like this. She cherished every moment of being together like this.

If they could live in peace for ten years or twenty years, she would be satisfied.

But the road ahead was bumpy. Only by overthrowing the crown prince could they live in peace.

But that was not an easy task for them right now.

“Big brother Jiu Sheng, do you think that we can live for a long time?” Luo Qing Chen looked up as she asked this question that she could never get an answer for.

“I don’t know.” Du Jiu Sheng softly said, “But as long as I’m alive, you will live. If I’m not alive, I will still watch over you forever.”

His gentle confession, every word entered her heart.

There were some people that were destined to be tied together.

“Do you know?” Luo Qing Chen took a deep breath before saying in a trembling voice, “I really waited a long time, so you can’t die. Absolutely not.”

Her aggrieved demand was just to live a peaceful life, to fulfill her dream of being with Du Jiu Sheng.

But this simple dream, why was it so hard when it came to them.....

Chapter 2597: Loving the prince, but he doesn't know (43)

Three days later, the conferring ceremony was officially decided. It would be the thirteenth auspicious day of the next month.

Chen Yao Yao had been living in the Peace Palace after she entered the palace and it was heard that Du Qi Chao would go there from time to time to visit her.

The two got along well and the emperor was in a good mood. He not only awarded the Eastern Palace with many things and even praised the crown prince.

Since there was no war at the border, Xu Yue returned to Peaceful Ink City from the frontline.

Du Jiu Sheng was in a very good mood after receiving his letter.

"Big brother Jiu Sheng and deputy general Xu shouldn't have seen each other in a long time!" Luo Qing Chen folded up the letter. Seeing him in a good mood, she was also in a good mood.

"Un." Du Jiu Sheng gave a nod, "It's almost been a year."

He would always come for a drink before leaving. Xu Yue had told him that he would be his only brother in this life.

"I also want to see the invincible general this time."

"Alright! I'll bring you along." Du Jiu Sheng said with a faint smile, "But you can't drink. A girl drinking isn't good."

"I can still eat even if I can't drink!" Luo Qing Chen pursed her lips, "I'm hungry."

Seeing her cute appearance, he raised his right hand and tapped her forehead, "Alright."

But when they were planning to walk out of the study, Ya Nu quickly came over.

"Eh, eh, eh, eh, eh, eh."

He looked a bit nervous and Luo Qing Chen felt her heart tremble when she saw this.

Before Ya Nu could finish, a man in the imperial guard uniform came over, "The crown prince has given his order. I ask the ninth prince to come with me, his highness has something to discuss with you."

Crown prince, it's the crown prince again!"

"Alright, please wait a bit." Du Jiu Sheng said with a calm look, "I'll change and follow you."

"Ninth prince, there's no rush. This servant is just here to give you a message." That person continued, "There will be someone coming in half an hour to pick up the ninth prince."

"Wait." Luo Qing Chen narrowed her cold eyes, "The ninth prince only has me and Ya Nu to take care of him, I wonder if we can go with the ninth prince?"

Luo Qing Chen suddenly remembered the secret letter that she received before. What was written there, was it better to believe it or not?

“Forget about the maid, but the ninth prince can bring a few eunuchs.” That person said with a smile, “Maids are fussy and like to gossip.”

It was written in the letter that when necessary, she could dress up in male clothes. Did that mean that this person knew that the crown prince would call Du Jiu Sheng?

It really was a noble person.....

After that person left, Luo Qing Chen looked at Du Jiu Sheng and said, “I’ll go with you.”

“Eh, eh, eh, eh.” Ya Nu also felt the danger and didn’t plan on letting Luo Qing Chen go.

“It’s better if Ya Nu goes with me.” Du Jiu Sheng gently patted her head, “Not to mention, didn’t he say.....not to let maids go?”

Actually, Du Jiu Sheng also felt that this was strange, but he couldn’t think of the reason for now.

“No! I have to go!” Luo Qing Chen remembered what the secret letter said and bit her lip, “I can wear Ya Nu’s clothes and go.”

Since that noble person took such a big risk to warn them about the coming danger, if they missed it because of their negligence, they wouldn’t be able to complain about injustice when it was too late.

“Qing’er, you should know that I don’t want you to go.....” Du Jiu Sheng said in a deep voice, “The risk this time is unknown.....”

“Du Jiu Sheng!” Luo Qing Chen didn’t wait for him to finish as she even said his surname, “If you die, I won’t live either!”

x

Chapter 2598: Loving the prince, but he doesn’t know (44)

There were times that threats worked better than reasoning.

Du Jiu Sheng finally agreed, but it was different from her thoughts.

The crown prince had set his sights on him, so it wasn’t safe to keep her in the Cold North Palace.

“Alright, but you have to listen to me no matter what.” Du Jiu Sheng knitted his brows, “That Du Qi Chao is definitely an enemy and not a friend, it will be more dangerous than we can imagine.”

What discussion, he didn’t believe a single word.

But there was no way to know what this ruthless crown prince wanted to do!

This seemed to be a death game and both sides were prepared. The crown prince was certain that he would succeed, but Du Jiu Sheng.....

In this life and death game, if he made a single wrong move, it would be over.

-

Half an hour later, Luo Qing Chen changed into the clothes of the eunuch and dressed simply to avoid being recognized.

There was a sedan chair outside and the people beside the sedan were all very polite to Du Jiu Sheng.

But this politeness made Luo Qing Chen feel this matter wasn't simple.

Luo Qing Chen followed behind the sedan, watching them place the sedan in a very far away pavilion.

This was the Graceful Phoenix Pavilion. Although it wasn't a cold palace, very few people passed by here.

"Ninth prince, please come this way."

"Un." He softly replied. There was an absolutely complicated look in his eyes that no one could see through.

But for Luo Qing Chen, she very much didn't like this feeling.

This was like being a fish on the cutting board. Knowing that the other side had a plot, but not being able to resist.

You could only survive in adversity and look for a miracle.

The guards stopped at the third floor and gave a polite bow, "The crown prince is waiting inside for the ninth prince. Ninth prince, please."

There were no tricks, there were no assassins.

In this situation, even if Du Jiu Sheng or Luo Qing Chen wanted to use martial arts to resist, there was no justifiable reason.

Du Jiu Sheng pulled Luo Qing Chen behind him with his left hand, letting her move a step back while he slowly opened the door with his right hand.

The room was very silent, there were no hidden weapons or assassins.

"The crown prince is inside." The guard cupped his hand and said, "This lowly servant will leave first."

Du Jiu Sheng didn't reply as he entered the room with narrowed cold eyes. There was the melodious sound of the zither coming from behind the screen in the room.

The zither sound was very beautiful, with the sound of the mountains and rivers.

Luo Qing Chen slightly knitted her brows as she could smell the faint scent of perfume from the room.

Before she could react, the door had already been closed.

“Who is behind the screen?” Luo Qing Chen asked first in a deep voice.

No matter who it was, she knew that it definitely wasn’t the crown prince Du Qi Chao. He really wanted to harm them, but she didn’t know what method he wanted to use to harm them.

“Yi.” There was a confused voice that came from behind the screen.

It was.....a woman’s voice.....

She slowly stood up and came out from behind the screen, looking at them with a confused look, “Why is it you? Shouldn’t it be the crown prince?”

Du Jiu Sheng narrowed his eyes as he looked over this girl in front of him.

She was wearing a bamboo coloured phoenix brocaded robe with a long silver phoenix hairpin. She looked very much like a rich young miss.

Although she was wearing a fine dress, she had a heroic spirit which showed that she wasn’t just some young miss.

“You are.....the Chen Country’s princess?” Du Jiu Sheng’s brows knitted slightly, “Miss Chen Yao Yao, right?”

xx

Chapter 2599: Loving the prince, but he doesn’t know (45)

“Chen.....Chen Country’s princess?” Luo Qing Chen felt her heart skip a beat, but there were the sounds of boards being nailed coming from all around them.

Then there was a white smoke that came from all around them.

“Damn!” Du Jiu Sheng roared in a low voice. He tore off the cloth from his body to cover the mouth of Luo Qing Chen and Chen Yao Yao.

Luo Qing Chen was surprised as her heart was about to jump out of her chest.

God! Could it be that Du Qi Chao wanted to poison them?

Although she was nervous, her mind was very clear. Every time it was like this, she would quickly piece together all the clues.

Du Qi Chao didn’t want to marry Chen Yao Yao, but he knew that he couldn’t openly reject the emperor like before.

After all, the emperor had many sons. If he wanted to replace the crown prince, it would be easy.

Then he wanted to use a justified reason to not marry Chen Yao Yao.

At the same time, he didn't want to see Du Jiu Sheng. Although he was the prince of the cold palace, he couldn't directly kill him.

Killing his own brother, if this matter was known, he wouldn't be able to keep his crown prince position.

So what method could he use to get rid of Du Jiu Sheng and not marry Chen Yao Yao.

The letter, the maid, eunuch Shen, a disguise.....

No! It wasn't poison, but rather.....an aphrodisiac!

Luo Qing Chen looked at Du Jiu Sheng with a surprised look. His face was a bit red and his deep eyes were bloodshot.

This was a move that killed two birds with one stone. He brought Du Jiu Sheng and Chen Yao Yao here separately and if they did something.....that couldn't be spread, then it was justifiable and inexplicable.

Jiu Sheng.....Big brother Jiu Sheng....."

"Don't say anything." Du Jiu Sheng gritted his teeth. His breathing was already very fast and his head was covered in sweat.

At that moment, he spoke to Luo Qing Chen in a commanding tone. This was his first time speaking like this and it made his heart very uncomfortable.

Chen Yao Yao gave them a wink and indicated that there was a room behind the screen. Although it was still close to the hall, they could be a bit hidden.

Du Jiu Sheng deeply knitted his brows. He quickly took them to the side room and pushed them in after opening the door.

"Big brother Jiu Sheng."

"You are a woman?" Chen Yao Yao was surprised. Her voice was a bit choked up, but it was clearly a woman's voice.

Luo Qing Chen nodded before hitting the door, "Big brother Jiu Sheng, let me out!"

"Stop.....Stop messing around." He didn't have any strength at all. In this kind of smoke, if the desires of his body couldn't be released.

He would die in a few hours.....

"This smoke is called 'Gu', there are many traitorous merchants of the Chen Country that sell this. It's expensive and prone to sudden death." Chen Yao Yao clenched her fists, "It seems like the crown prince has ulterior motives!"

"Damn." Luo Qing Chen bit her lip, "Why didn't I understand the meaning of that letter sooner!"

"There's only one method now." Chen Yao Yao looked at Luo Qing Chen and asked, "You don't want him to die, right? I can see that he is protecting a person who doesn't know anything, so he should be a good person."

If this man cared about himself and the girl in front of her, she would be the one poisoned.

"Of course big brother Jiu Sheng is a good person!" Luo Qing Chen looked at Chen Yao Yao with a firm look, "I will live and died with him."

Chapter 2600: Loving the prince, but he doesn't know (46)

"Then there's only one way!"

"What way!"

"You have to go into the same room!"

Luo Qing Chen knew that Du Jiu Sheng outside heard this, but he didn't say a thing. He just blocked the crack of the room as much as possible with the cloth, not letting the smoke enter the room they were in.

"Let him come in and then gamble on the crack of the door." Chen Yao Yao's expression changed slightly as she said, "There's a screen and a zither in this room, so I will sit behind the screen and play for you. Although it goes against royal etiquette, it doesn't matter that much on the border of life and death."

Luo Qing Chen was someone who lived over thirty thousand years, so she naturally knew what Chen Yao Yao meant.

Without any hesitation, she decisively hit the door and said, "Du Jiu Sheng, if you don't come in, then you don't like me!"

She couldn't care about that much now. She had experienced too much with him and if being with him could save his life, what was wrong with that?

With a 'da, da' sound, the door opened.

Then it was instantly closed.

Du Jiu Sheng hugged Luo Qing Chen without any hesitation. He was trembling as he used all his strength to control his desires and he said by her ear, "Sorry.....Sorry....."

"Big brother Jiu Sheng, you haven't wronged me." Luo Qing Chen pursed her lips as tears fell drop by drop from her red eyes, "I was the one who harmed you and you've always saved me. I'm really happy that I can save you this time!"

Seeing this, this heroic woman Chen Yao Yao's eyes couldn't help turning red. This kind of love really was touching.

"I'll play the zither for you!" Chen Yao Yao sealed the crack in the door and then sat behind the screen. She raised her hands as she started playing the zither.

The bed was warm and rose petals were sprinkled on it, with the sounds of the zither lingering in their ears.

Du Jiu Sheng released a hot aura and each breath made people even more nervous.

She wasn't afraid, just a bit nervous. Or perhaps.....she was a bit shy.

"I will give you the biggest wedding in the world, worshipped by all the ministers and people of the world." Du Jiu Sheng lovingly kissed her cheeks as he tightly held her.

"What you want.....you will have." Luo Qing Chen gently touched his face, "Big brother Jiu Sheng will always be the most powerful hero in my heart."

"Then that means that I can't even not be gentle." His eyes were as gentle as still water. How he hoped that this moment would last forever.

Frozen here forever in time.

"Big brother Jiu Sheng....." Luo Qing Chen said with trembling eyes, "You've always been gentle!"

In order to see him, she went through space and time, waiting for a reunion of ten thousand years.

This skin relationship was the closest they could be. With the melodious sounds of the zither, the deepest parts of their souls came together.

From that day forth, Luo Qing Chen's face would always blush when she thought of this night.

There was a woman who they had met for the first time behind the screen and the two of them had a private affair between men and women that couldn't be spoken of.

But it was good. If there wasn't this emergency, they and Chen Yao Yao wouldn't have become sword friends.

"Ding." The three songs finished.

He gently helped her put on her clothes. After they finished, Chen Yao Yao waved her hand, "I found two sets of clothes in the box beside me. Although they are not wedding clothes, they are still red. After you put them on, I can help you witness your bows to the heaven and earth."
