

## Quick T 2601

### Chapter 2601: Loving the prince, but he doesn't know (47)

Luo Qing Chen lowered her head as there was still a faint blush on her face.

She really was embarrassed. In this situation, she couldn't help showing her young girl's heart.

It's not that a simple phrase of 'life and death' could disappear from her mind.

"Aiyo, you're this old and you're still embarrassed." Chen Yao Yao took her hand, "I'll help you dress."

No matter what, these two were her saviours.

In this dangerous situation, the two of them who had been caught didn't throw her away during that moment of life and death.

It would be hard to understand without experiencing it.

"Un." Luo Qing Chen nodded as she looked at Du Jiu Sheng beside her.

He gently patted her head and said with a smile, "Go!"

Although it wasn't a proper phoenix dress, there was a sense of excitement when wearing these red clothes.

"Although it's not a beautiful day, it is still beautiful." Chen Yao Yao said with a smile, "I'll be the witness, you can make the oath yourselves."

Luo Qing Chen looked at Du Jiu Sheng in his red clothes who had a determined look in his eyes.

She took a deep breath before slowly, "When meeting for the first time back then, he fell into this world with a single thought. There are no regrets of the past, I've been stubbornly thinking this all these years."

This was what she wanted to express the most. Using a poetic form, she could expression it completely.

Du Jiu Sheng gave a bow before replying, "I knew there was no love for me, but it was hard to hold back after meeting Qing. I raised my head to ask the moon, did the red string of my life finally come."

"Wa....." Chen Yao Yao couldn't help saying on the side, "Aren't you both too.....too reserved!"

Was saying I love you, do you love me that hard?

She was a straightforward person, so she couldn't take this kind of twisted poem.

"That's right!" Luo Qing Chen said with a smile, "Big brother Jiu Sheng, please take care of me for the rest of my life."

"Qing'er should be taking care of me." Du Jiu Sheng looked at her with a bit of pain, "I've wronged you."

Luo Qing Chen shook her head, "No."

For her, if she could pass the catastrophe of this world with this, then there was nothing to be aggrieved about.

“Kou, kou, kou.”

“The people inside should quickly come out and stop doing unruly things.”

The three looked at each other before Du Jiu Sheng narrowed his eyes, “If I don’t know how to fight back at this time, then I don’t deserve to be by Qing’er’s side.”

“Big brother Jiu Sheng, you.....”

“You should know what the crown prince wants.”

“He doesn’t want to marry Yao Yao, but he doesn’t dare start a conflict between the two countries, so he can’t kill Yao Yao.” The blush on Luo Qing Chen’s face faded as a trace of frost appeared in her eyes, “So he tarnished Yao Yao’s innocence to make the Chen Country back off!”

Du Qi Chao’s move really was ruthless. If she wasn’t here, the consequences would be hard to imagine.....

“Humph!” Chen Yao Yao gave a cold snort, “It’s no wonder he came to the Peace Palace to see me during these days, it was to make me let my guard down.”

“This person has deep thoughts and is ruthless, there isn’t anything he can’t do!” Luo Qing Chen narrowed her cold eyes.

“Actually, I can see that. There were many complicated things that were in his eyes.” Chen Yao Yao pursed her lips and said, “It was all my fault, I was negligent.”

“It’s hard to guard against this kind of person.” Du Jiu Sheng’s deep eyes had a faint sparkle as he softly said, “But we can make him fall into a state of no return.”

#### **Chapter 2602: Loving the prince, but he doesn’t know (48)**

At that moment, it wasn’t just the crown prince Du Qi Chao standing outside of the Elegant Phoenix Pavilion, but also the emperor and the envoys of the Chen Country.

The Eastern Palace had received a secret report that the Chen Country’s princess and the Mo Country’s ninth prince were having a private meeting in the Elegant Phoenix Pavilion, going against all morals and ethics.”

“Your majesty, this person from the cold palace isn’t safe.” The empress added oil to the flames from the side, “His mother was also like this and it made people disgusted to watch.”

“Humph.” The emperor gave a cold snort and said nothing else.

His eyes turned to Du Qi Chao and Du Qi Chao said, “Mother is right. Your son has been to the Peace Palace during these days, but I never thought that princess Chen would be such a person.”

He had to force Chen Yao Yao down, so he could only try to convince the emperor.

But he was the ruler of the Mo Country. Although there were times where he turned a blind eye, he wasn’t a fool.

The door opened with a ‘bang’.

It was opened quite easily. When the emperor came, the crown prince already sent someone to open the doors and windows.

“Your son greets royal father and the empress.”

Du Jiu Sheng came out first. He was wearing a large red wedding robe that surprised everyone.

Standing beside him was the peerlessly beautiful Luo Qing Chen with a calm look on her face.

She and Chen Yao Yao bowed at the same time, “Greetings to the emperor and the empress.”

Du Qi Chao immediately became unsettled when he saw this. He had believed that his plan was flawless and there were no accidents.

Why? Why was there a sudden Luo Qing Chen?!

“Ke, ke.” The emperor cleared his throat, “This is what you call moral corruption?”

“Emperor.....” The empress panicked a bit as she said, “This matter definitely isn’t simple.....”

“Of course this matter isn’t simple.” Chen Yao Yao coldly looked at them, “I’ve always wondered why the crown prince had me come to the Elegant Phoenix Pavilion? It turned out that he wanted to harm someone while tarnishing my innocence.”

“Nonsense!” Du Qi Chao had a cold look as he said each word like ice, “Why did this highness invite you to the Elegant Phoenix Pavilion?”

“You know in your heart whether your highness invited me or not.” Chen Yao Yao looked at the emperor, “I am the princess of another country and if no one had invited me here, how could I have come to this place? Other than the empress, I only know the crown prince in this palace.”

Chen Yao Yao naturally could argue with reason because what they saw was not her and Du Jiu Sheng being in the same room.

As long as you didn’t stand in the spotlight, everything became much easier.

“Royal father.” Du Jiu Sheng cupped his hands and said, “You must believe your son, your son definitely wouldn’t do this! The Chen Country’s princess is naturally unwilling to make peace with us, so she deliberately set this trap. She is waiting for our civil strife and then trying to benefit from that!”

“Ha, ha, ha, ha!” Chen Yao Yao laughed into the sky when she heard this, “Crown prince, ah crown prince! My Chen Country has already sent five thousand horses as a betrothal gift and you’re saying that this is a trap. This really is laughable!”

“How can you prove what you’re saying?” Du Qi Chao coldly replied, but his heart was already filled with nervousness.

This sudden change had caught him off guard and he couldn’t make the best decision!

### **Chapter 2603: Loving the prince, but he doesn’t know (49)**

Chen Yao Yao said with a cold smile, “I, Chen Yao Yao put my words down here today. If there is a despicable villain like this crown prince in your Mo Country, then there’s no need for cooperation

between our two countries! But if there isn't, even if I don't marry to the Mo Country, we'll give you the gift of the Chen Country and we will retreat from the Dragon Gate Pass."

It was probably because Chen Yao Yao's words were too sharp that the empress' face turned red. She quickly bowed and said, "Emperor, you shouldn't listen to the nonsense of people from another country! You should know what kind of personality Chao'er has best!"

"Humph!" The emperor gave a cold snort, "This one naturally knows and this one will investigate this matter. As for your son, this one naturally knows whether he wants to marry princess Chen or not!"

As soon as his voice fell, the emperor was about to leave. But then Du Jiu Sheng called out to stop him.

He had been waiting, waiting for a chance.

It was the best chance right now.

"Royal father, please give your son an hour and everything will come to light!"

"No! Royal father, he wants to....."

"Alright!" The emperor cut off Du Qi Chao, "Everyone will come to the Supreme Hall with this one. The Mo Country definitely will not wrong princess Chen."

"Thank you, emperor." Chen Yao Yao gave a bow, "My Chen Country is sincere about allying our two countries and I hope that the Mo Country can give us a response."

-

In the Supreme Hall, all the high ranking officials were present.

All the spies that Du Jiu Sheng had sent were used at this moment, one or two of them were even close confidants of Du Qi Chao.

But what surprised him the most was eunuch Shen.

It turned out that eunuch Shen was someone that Du Jiu Sheng had planted. But because of how special the plan was, he didn't tell Luo Qing Chen everything and only told her a part of the information he knew.

Du Jiu Sheng didn't want Luo Qing Chen to get involved in this matter, but he almost lost everything like this.

That day, the letter that Du Qi Chao had Luo Qing Chen give eunuch Shen was a letter of betraying the country.

He had planned to completely frame Du Jiu Sheng after the Elegant Phoenix Pavilion matter.

But this letter had been stopped by eunuch Shen. Although the Elegant Phoenix Pavilion was involved, he didn't know what Du Qi Chao was planning for Du Jiu Sheng and Chen Yao Yao.

But he did find a lot of aphrodisiac after inspecting the incoming goods of the Eastern Palace.

Due to the uncertainty of this matter, even if he told Du Jiu Sheng, he wouldn't let Luo Qing Chen take this risk.

So he chose to use the secret letter to contact Luo Qing Chen, using another method to avoid danger.

After all, even if Du Jiu Sheng knew what Du Qi Chao was doing, he would still have to go to the Elegant Phoenix Pavilion.

Only by letting the other side let down their guard could they be completely defeated.

An hour later in the Supreme Hall, all the evidence pointed at Du Qi Chao. The emperor's expression became more and more ugly as Du Qi Chao's defense became weaker and weaker.

"Finally, there is the matter of the treason of my wife's Luo Family....." Du Jiu Sheng coldly looked up and said, "If Xu Yue's investigations are correct, it should be plotted by the crown prince."

In the hall, everyone took a cold breath. Du Jiu Sheng had used the words 'wife', 'treason', and 'Xu Yue'.

Everyone knew that Xu Yue was the biggest hero in the Mo Country. It could even be said that he didn't need a military command to move the troops.

Everyone believed in him, obeyed him, and worshipped 'strategist' behind him!

"Do you have proof?"

"Of course there's proof!" Du Jiu Sheng gave a cold snort. He looked at Du Qi Chao with a stern look and said, "You were very careful and your highness plotted this for over half a year, but you couldn't cover up everything."

#### **Chapter 2604: Loving the prince, but he doesn't know (50)**

His voice was very cold and each cold word didn't just enter Du Qi Chao's heart, it also entered Luo Qing Chen's heart.

Sixty six lives just for the selfish desire of Du Qi Chao, just so he could get his love!

Laughable, cruel, and inhumane!

"Du Jiu Sheng!" Du Qi Chao directly called him with his surname, "If you want to climb up, don't blame others for made up crimes!"

Now that there was no evidence, he had to use his aura to suppress the other side.

The situation was like a trap, one misstep and he would be finished.

"Climb up?" He gave two cold laughs, "If you didn't go against Qing Chen, if you didn't frame the sixty six lives of her family, I would have stayed in the cold palace without a complaint for the rest of my life."

Before Du Qi Chao could say anything, he continued, "As for the evidence that you want.....Xu Yue is already at the palace gate. The letters you sent to frame the Luo Family for communicating with the enemy have all been found!"

"What did you say?" He suddenly trembled as his pupils dilated slightly.

As the crown prince, he had always had power and had never admitted his loss.

Who was he? Du Qi Chao, alright? He definitely couldn't lose!

"The spies of the Liao People were worried that you wouldn't keep your promise, so they kept all your letters." Du Jiu Sheng narrowed his cold eyes, "When deputy general Xu Yue fought the Liao People on the border a few days ago, he looted this evidence. Everything is clearly written on them. A loyal minister like prefecture governor Luo was killed by a despicable villain like you."

As soon as his voice fell, Du Jiu Sheng could feel the flames burning in his heart, the flames that burned it layer by layer.

He felt pain for that little girl. So even if it was a bit difficult, he would take revenge for her and clear the Luo Family's name.

"Is general Xu Yue here?" The emperor looked at Du Jiu Sheng, with a bit of praise in his stern gaze.

"Reporting to the emperor, he is already here." A eunuch on the side bowed as he said this.

"Let him come in!"

The empress suddenly collapsed.

Just four short words was a death sentence for the crown prince.

But she knew in her heart that if the emperor stood on the crown prince's side, he wouldn't let Xu Yue come to the Supreme Hall.

This proved that the emperor was already partial to Du Jiu Sheng.

"General Xu Yue is entering!"

A young general dressed in armour walked in in a majestic manner. He kneeled down and said, "Deputy general Xu Yue greets the emperor."

"There's no need for this, general Xu has worked hard." The emperor revealed a faint smile, it was a smile of appreciating talent.

Xu Yue slowly stood up and got right to the topic. He took out several letters and said, "These are the letters that this general has looted from a spy of the Liao People. The prefecture governor has shown grace to this general and after learning of this matter, this general checked several times and confirmed that these letters come from the crown prince."

Instantly, the atmosphere in the hall froze.

Everyone held their breath. Even an idiot knew that whether it was the court or the harem, they would change today.

"Bring them forward." The emperor's majestic and solemn voice rang out, as if he was laying the foundation for today's ending step by step.

Luo Qing Chen could feel her hand trembling uncontrollably as her eyes had long turned red.

Her heart was excited. Whether it was her emotions or the previous host's emotions, she was excited.

There was someone who only had taking revenge for her in his mind at this moment.

This feeling was like a violent wave hitting her heart again and again.

Du Jiu Sheng, ah Du Jiu Sheng, why are you so, so, so good.....

### **Chapter 2605: Loving the prince, but he doesn't know (51)**

The hall was silent for several dozen seconds. If the emperor didn't speak, no one dared to speak.

After all, if the emperor didn't speak, there wasn't anyone who could speak.

Of course, other than Du Qi Chao. Once a person became nervous, their entire mind would collapse.

"Royal father.....they are framing me, your son——"

"Crown prince, oh crown prince! You've really disappointed this one." The emperor threw the letters in Du Qi Chao's face, "Someone, seal up the crown prince's Eastern Palace and have the Law Palace investigate this matter. If the crown prince really framed this one's loyal minister....."

The emperor paused before continuing, "Deal with it according to the Mo Country's laws!"

Luo Qing Chen could hear the trembling in the emperor's voice and see the emperor's bloodshot eyes. However, in front of the evidence, in front of sixty six lives, he couldn't be partial.

Luo Qing Chen never said a word from beginning to end, she had handed everything to Du Jiu Sheng.

She believed that he would be able to get justice for the Luo Family.

Three days later, the Law Palace had investigated everything. Du Qi Chao was imprisoned in the Law Palace. Yue Leng Qing wanted to see him, but she was blocked by the guards at the gate.

Yue Leng Qing bit her lip and said, "Just let me see him for a quarter of an hour, I just want to give him something!"

"Go, go, go, go quickly! I told you that you can't enter, are you deaf?"

"Right! If you don't go, then don't blame these brothers for not being polite!"

Now that the crown prince has lost his position, people in the palace were naturally harsh to the people of the Eastern Palace.

Luo Qing Chen and Yue Leng Qing's positions had swapped. Du Jiu Sheng had been called to the royal study for three day's straight.

That included the generals led by Xu Yue and the people of the court.

Du Jiu Sheng's preparations over the years had suddenly surfaced after this fuse was lit.

Even the empress in her high position never would have imagined this.

But whether it was the court or the harem, it had.....already all changed.

“Greetings to miss Luo.”

Standing at the entrance of the Law Palace, the guards bowed to her. They treated her completely differently to how they treated Yue Leng Qing.

In the palace, only those with power were respected.

Whether it was Du Jiu Sheng or Luo Qing Chen, they were very clear on this. But Yue Leng Qing who had been led along couldn't understand this.

“I'll also be going in, so there's no need to block miss Yue.” Luo Qing Chen looked up and said, “Come find me if there's any trouble.”

“We don't dare, we don't dare.” They looked at each other before saying, “The former crown prince was sent in by the ninth highness, so nothing will happen with miss Luo here.”

As soon as their voices fell, two of them opened the door.

Luo Qing Chen didn't say anything to Yue Leng Qing as she walked right in.

Yue Leng Qing never would have thought that Luo Qing Chen would have something in her sleeve.

The broken jade bell.

The sixty six lives of the Luo Family were taken while Luo Feng had been a loyal minister that served the court.

He never killed Yue Leng Qing's family and never collaborated with the Liao People.

There had to be an ending to these false charges.

Du Qi Chao should indeed die, but that didn't mean that he was qualified to take this secret to the Yellows Springs.

It wasn't because Luo Qing Chen was cruel, but what was right was right and what was wrong was wrong.

She was responsible for the previous host and the sixty six lives of the Luo Family.

Yue Leng Qing followed behind Luo Qing Chen and coldly said, “I won't thank you because.....”

“I don't need you to thank me.” Before she could finish, Luo Qing Chen cut her off, “What you owe me isn't as simple as the two words thank you.”

### **Chapter 2606: Loving the prince, but he doesn't know (52)**

Yue Leng Qing naturally didn't understand what Luo Qing Chen meant since for her, this woman was the junior of the family that destroyed her family.

With this kind of hatred, drawing swords against each other wasn't too much.

In the deepest cell of the Law Palace. Although it was simple, it was very clean.

Du Qi Chao stood in this cell. Although he was wearing a prison uniform, his eyes were still filled with killing intent.

“What are you here for?” Du Qi Chao coldly looked at Luo Qing Chen, “It’s not over yet and you want to show off?”

“Don’t say that.” Yue Leng Qing slowly came forward, “If it wasn’t for her, I couldn’t come in to see you.”

“Humph!” Du Qi Chao naturally understood what Yue Leng Qing meant and angrily said, “Dog servants!”

Those weak people!

“The servants naturally wouldn’t let them be charged with the crime of ‘being negligent’ for someone who has already fallen out of power.” Luo Qing Chen coldly looked up, “Du Qi Chao, I only thought that you were selfish, but I didn’t think the same after you destroyed my family.”

She continued, “Now I don’t think you’re even worthy of being born!”

For his goal, he didn’t hesitate to bury so many innocent lives.

This kind of person, how deep were his thoughts and how dark were they!

“What? Only the Luo Family is allowed to destroy the Yue Family and I can’t take revenge?” Yue Leng Qing looked at Luo Qing Chen with cold eyes, “Although I don’t think that framing them as traitors was the moral thing to do, that doesn’t mean that they don’t deserve to die.”

“He, he.....” Luo Qing Chen narrowed her cold eyes, “Isn’t the one who deserves death the one who killed your family? Are you a real fool or not? Du Qi Chao said my father killed your family and you believed it?”

Luo Qing Chen could tell that when she said these words, Du Qi Chao’s face turned pale and there was a bit of panic in those deep eyes.

To Du Qi Chao, Luo Qing Chen had truly changed. Even when explaining this blood feud that was as deep as the sea, her eyes were this calm without a single ripple.

“What do you mean?” Yue Leng Qing deeply knitted her brows, “Could it be that you want to ruin the relationship between me and Chao’er? I found that Luo Feng killed my family and Chao’er was just taking revenge for me.”

“Ruin your relationship?” Luo Qing Chen coldly replied, “You are already prisoners, why would I need to waste that effort?”

“You.....”

“Also, the evidence that you mentioned.....” Luo Qing Chen took out the broken jade bell from her sleeve and threw it onto the ground before looking at Yue Leng Qing to say, “Is this, right!”

In the previous host’s world, the broken jade bell was a very precious thing.

Since the day Du Qi Chao gave it to her, she carefully kept it at her side like a treasure.....

But she never would have known that it was because of this broken jade bell that the Luo Family was destroyed.

“You.....” Yue Leng Qing looked at Luo Qing Chen in shock.

She only told Du Qi Chao about this broken jade bell, Luo Qing Chen shouldn't have known at all.

But why did she know that it was because of this bell that the Luo Family was killed?

“Is miss Yue Leng Qing surprised?” Luo Qing Chen narrowed her eyes to look at Du Qi Chao, “Because this bell was given to me by your Chao'er!”

### **Chapter 2607: Loving the prince, but he doesn't know (53)**

Her voice wasn't loud or soft, but it was filled with power. She could feel her body trembling when she said this and her eyes turned a bit red.

She hated Du Qi Chao, from the bottom of her heart.

If it wasn't for Du Jiu Sheng, if she didn't want to spend the rest of her life with Du Jiu Sheng, she would use the most cruel method to kill Yue Leng Qing to let Du Qi Chao understand what was 'pain'.

But when she carefully thought about it, this was the most painful thing for him.

Because she exposed his ugliness under that affectionate mask in front of his beloved.

Yue Leng Qing picked up the bell from the ground as she looked at Du Qi Chao, “Is what she's saying.....true?”

Could it be that it wasn't Luo Feng who killed her family, but rather.....Du Qi Chao?

“Senior sister, are you really listening to her?” Du Qi Chao's voice was very low as his eyes looking at Luo Qing Chen were filled with hatred and confusion.

He hated her for bringing him to this point of no return. He was confused since he didn't know why she was so terrifying.

It was as if he never knew her in those more than ten years. That willful and proud young miss had become such a calm and cold person.

“Du Qi Chao, you might not know yourself!” Luo Qing Chen gave a shrug before saying with a cold smile, “When the empress gave you this bell, the bell had your name engraved on it on the side!”

Actually, the previous host long knew about this. She just didn't know that this bell was what caused the death of the Luo Family.

Yue Leng Qing picked up the bell from the ground like a madman.

The word 'Chao' was engraved on the bell. The lines were deep, clearly not something engraved recently.

“Luo Qing Chen, you.....”

“Me?” Luo Qing Chen looked at him with eyes filled with killing intent as she coldly said word for word, “Have I wronged you, Du Qi Chao? Since I was young, my father worked hard for the northern faction for the empress, not asking for anything. As for you? Just for your selfish desires, to not let Yue Leng Qing know that the one who killed the Yue Family was the empress, you blamed my father because of this bell? Doing such an immoral thing, I really don’t know how you can look at me with eyes filled with such hatred!”

Her words expressed all the feelings suppressed in her heart.

Some people were so selfish that even when destroying other families, they felt that others had wronged them.

Who had wronged who was known in their hearts.

After a long time, Yue Leng Qing’s trembling right hand raised the bell and looked at Du Qi Chao, “Chao’er, I want to hear you say.....say it.....”

Why didn’t he say anything, why didn’t he explain?

With the evidence in front of them, if he explained, she could still make an excuse for him. She could still think that not everything was conclusive.

But when Luo Qing Chen said those words, why did he remain silent for so long.....

“Senior sister.....” Du Qi Chao deeply looked at her and said in a deep voice, “I couldn’t tell you the truth because she’s my mother.”

He had witnessed his mother killing the Yue Family and the broken jade bell had hung at his waist.

But he liked Yue Leng Qing too much, so even if he did all this, he couldn’t tell her the truth.

Because he couldn’t kill his mother and he couldn’t let himself lose her.

In this situation, there had to be a victim which was the Luo Family.

#### **Chapter 2608: Loving the prince, but he doesn’t know (54)**

Luo Qing Chen was right, he didn’t have a right to hate her.

“It really.....It really is you.....” Yue Leng Qing suddenly broke out in laughter as tears fell down one by one.

She roared out at him, “Why? Why did you do this!”

“I wanted you, I wanted to have you forever.” Du Qi Chao’s eyes also turned red at this moment.

His original intention was simple, Yue Leng Qing, Yue Leng Qing, Yue Leng Qing, and nothing else.

Even if his eyes were attracted by other things, his original intentions never changed.

“You wanted me? He, he, he.....” Yue Leng Qing cried and laughed as she said, “So you wanted me to become immoral? So you used the Luo Family to cover up my hatred?”

“Senior sister.....I know that you won’t forgive me.....” Du Qi Chao looked up and said, “But if it happened all over again, I would still do the same.”

“Du Qi Chao!” Yue Leng Qing angrily roared, “Don’t bring me down your immoral path. I don’t care about life or death, but I won’t go against my morals.”

Killing was killing, not killing was not killing.

For her goal, not caring about what she did, that was not how Yue Leng Qing did things.

“Senior sister.....”

She threw the lunch box in her hand and looked at Du Qi Chao to say, “I will take my own revenge.”

As soon as her voice fell, she turned and said to Luo Qing Chen in the corner, “Miss Luo, if I take my revenge, this life is yours to kill. If I fail, I’ll owe you a life and I’ll return it in the next life.”

“I don’t want your life.” Luo Qing Chen narrowed her eyes and coldly said, “Right and wrong, I’m not as confused as you.”

“I’m sorry.....”

These were the final words Yue Leng Qing said to her. When she disappeared around the corner, Du Qi Chao in the cell shouted, “Stop her, she’s going to take revenge on my mother!”

Luo Qing Chen just silently stood there, coldly looking at Du Qi Chao.

“This is a grudge between me and you, why involve her?” Du Qi Chao forcefully shook the iron bars, “She is innocent.”

“You dare to say this.....” Luo Qing Chen looked at Du Qi Chao with cold eyes that didn’t have a trace of warmth as she said, “Why should the grudge between you and her involve me? Why should the sixty six lives of my family become the sacrifice to your love? Aren’t I innocent?”

She really couldn’t understand Du Qi Chao’s ‘request’ for her to stop Yue Leng Qing.

Based on what, based on what?

“Stop her, I’m begging you.....”

“I don’t want to.”

As soon as her voice fell, she turned to leave without any hesitation.

She could even feel the despair in Du Qi Chao’s eyes when he watched her leave. If their status had changed, would Du Qi Chao let her and Du Jiu Sheng go?

The answer was a definite no.

She wasn’t a saint, she didn’t have a heart that could embrace all living beings.

If it wasn’t for Yue Leng Qing mentioning the bell, if she didn’t say she would marry Du Qi Chao if he got revenge for her, the Luo Family’s fate wouldn’t have been so miserable.

She vaguely remembered the scenes in prison when her parents hugged her. Even if she didn't experience it, she shared the experience with the previous host.

To let her save Yue Leng Qing, she really couldn't do it.....

Perhaps there were 'generous' people in this world who could repay hatred with kindness, but she couldn't do it.

Even if she knew that Yue Leng Qing wouldn't come back from the Peace Palace.....

### **Chapter 2609: Loving the prince, but he doesn't know (55)**

Yue Leng Qing died.

She died in the splendid Peace Palace at the hands of the empress' secret guards.

The empress already didn't like this woman from Three Emotions Mountain and if it wasn't for her son's love, she would have already driven her out of the Eastern Palace.

The Luo Family was kind to her and she had been brooding about the Luo Family's destruction without being able to do a thing.

That was why she did all she could to save Luo Qing Chen to calm her heart.

She thought that she would live in the cold palace for the rest of her life, but she never thought.....

Retribution still came!

-

In the Cold North Palace.

Luo Qing Chen didn't go to the Peace Palace to see Yue Leng Qing's corpse, she just heard it from a maid.

A sword to the neck and blood splattering all over. The entire Peace Palace was filled with the smell of blood.

Sitting in the courtyard and watching the snow fall, she couldn't help feeling sorry for her death.

She was an admirable woman who dared to love and hate, she had the courage that children of the Jianghu should have.

"Eh, eh, eh."

A voice brought her out of her thoughts.

Luo Qing Chen looked over to see Ya Nu bringing some cakes and a pot of freshly brewed tea.

"Sit." Luo Qing Chen said with a faint smile, "Now that big brother Jiu Sheng isn't here, let us accept the gifts for him!"

Looking at the yard, there were countless small and large gifts around which came from the people of the court.

Luo Qing Chen and Ya Nu knew that these gifts couldn't be accepted.

After all, they might seem like gifts, but they were really time bombs.

These things were not as beautiful as they seemed on the surface.

But as more and more gifts piled up in the yard while Luo Qing Chen didn't care.

The people of the palace didn't care if you opened them or not, you had accepted them in their eyes.

Since it was like this, why should she deprive herself!

She didn't like the pearls and jades, but she liked the cakes and teas.

"Eh, eh, eh." Ya Nu sat down as he gestured about what happened in the palace today.

After Yue Leng Qing died and Du Qi Chao in the Law Palace learned of this, he was very calm.

The empress had sent people to check three times. Although Du Qi Chao wasn't willing to see them, the maids said that he was very calm.

Luo Qing Chen held her cheek as a bit of doubt appeared in her eyes.

It shouldn't be like this, Du Qi Chao should have truly loved Yue Leng Qing.

Even if he knew that Yue Leng Qing would die, that didn't mean he should be this calm.

She took a sip of the tea, "This kind of person who can suppress his hatred is the most terrifying."

Facts proved that she was right.

Du Qi Chao disappeared from the Law Palace that night.

Luo Qing Chen ran to the Supreme Hall as soon as she heard this.

If her guesses were right, he would look for Du Jiu Sheng.

To kill him.

Just to.....cause her pain.

"Eh, eh, eh.....Eh, eh, eh....."

Ya Nu followed behind her as Luo Qing Chen bit her lip and muttered, "Wait for me, wait for me....."

But she never thought that when she reached the Supreme Hall, Du Qi Chao had been caught by the imperial guards.

Du Jiu Sheng held his sword and looked at him with cold starry eyes that didn't have a single bit of warmth.

The emperor was behind Du Jiu Sheng. Although there was a bit of panic, he still had the aura of the emperor.

Standing beside him was the young deputy general Xu Yue who had just arrived.

He looked up slightly and said with a smile, "I never thought that the brother Jiu was so skilled. He took the crown prince down with just three moves."

#### **Chapter 2610: Loving the prince, but he doesn't know (56)**

"Humph." The emperor gave a cold snort, "Crown prince? He's not worthy of being the crown prince! Someone, take this assassin away and put him in the Law Palace for trial again!"

"No need." Du Qi Chao gave a cold laugh before looking at Du Jiu Sheng, "The winner is king and the loser is a bandit, losing is losing. I never thought that you would keep a low profile and endure humiliation for all those years."

"If you didn't kill the Luo Family, I could have endured my entire life." Du Jiu Sheng narrowed his eyes to look at him, "I have the same obsession as you, but it's a pity that I am more upright. You wanted both, I only want her."

It was the same love, it was the same plotting step by step for their lover.

But Du Jiu Sheng was much more pure.....

"Ha, ha, ha, ha, ha!" Du Qi Chao broke out in wild laughter. Using all his strength, he took the sword from the guard and put it to his neck as he said, "Good righteousness! Du Jiu Sheng, I'll be waiting on the path of the Yellow Springs for you!"

As soon as his voice fell, he gave a roar and stabbed his own neck, splattering his blood into the Supreme Hall.

He thought: Senior sister, I'm coming to be with you.....

Perhaps Du Qi Chao didn't know whether it was losing the throne that didn't make him want to live or if it was losing Yue Leng Qing.

In short, when he lost both of these things, he found that he couldn't live anymore.

The emperor watched all of this happen with mist in his eyes. He was feeling very complicated, but he couldn't express it.

After all, this was his son. He was the crown prince who had lived a pampered life.

Even if he escaped the prison and came to the Supreme Hall as an assassin, as a father, he didn't plan on killing him.

He could have allowed him to become a commoner that wouldn't need to worry about anything, but he chose to end his own life.

When the dust settled, Du Jiu Sheng slowly walked over to Luo Qing Chen and gently covered her eyes, "Fool, nothing will happen to me. For you, I will protect myself."

Luo Qing Chen closed her eyes and nodded as her tears fell.

She didn't know why she was crying. Perhaps it was because she was moved, perhaps it was because she was afraid, or perhaps it was because everything had finally come to an end.

There was no one that could threaten their lives together and they were one step closer to being able to grow old together.....

After Du Qi Chao died, the empress rushed into the Supreme Hall like a maniac and picked up his body. She cried in such pain, in such sorrow.

At that moment, she suddenly felt regret. If she hadn't saved Luo Qing Chen because of her heart turning soft, everything would have been different.....

Would her son have taken the throne, would her son have lived a long life!

If Luo Qing Chen knew that the empress had these thoughts, she would definitely tell her: He would!

Because in another world, people like her and Du Jiu Sheng had died long ago.

That night, the empress cried all night in the Supreme Hall. That miserable voice cut through the sky as heavy rain fell.

The emperor gave the order that no one should disturb the empress.

But there was a three foot white silk hanging from the beams of the Supreme Hall the next morning.

The beam was so high that even a strong man might not have been able to hang a white silk there.

But the empress.....had hung herself.

Like this, everything came to an end. The emperor grieved for a long time and couldn't recover because of this matter. With no one to console him, he finally fell ill.
